TWENTY-NINTH WEEK

AN EDITORIAL

American Heritage Under Fire

The American wool industry is at last beginning to come from behind in the field of advertising its product. While the synthetic manufacturers have been spending millions of dollars each year to promote their man-made fibers, the wool industry, largely because it is composed of thousands of individuals, has only recently begun an industry-wide program of advertising.

Our most important vehicle in this program is 'Miss Wool of America.' Miss Wool's primary function this year, the two-hundredth anniversary of the domestic wool industry, is to sell American heritage woolsens.

This American heritage is now under the grave threat of increased foreign imports.

In 1947, the year before wool tariff cuts, only four million, six hundred thousand square yards of woolen fabrics were imported. In 1959 imports had risen to forty-six million, four hundred thousand square yards and in the first half of 1960 forty-three million square yards of woolsens came into this country from abroad. This represents a whopping increase of almost THREE THOUSAND PERCENT in twelve

years. Many of us, together with our forebears, represent more than fifty years of producing wool. It is up to us to support the Miss Wool program if we plan to continue as producers. It is our responsibility and our privilege. We must break our habit of "letting George do it." Only we can assume the responsibility which is ours; there is no "George."

If there has ever been a crucial time in the life of our industry, this is it. There is a possibility that America no longer needs the wool industry. Perhaps our product is outdated by technological advances in the field of synthetic fabrics. Perhaps the long history of the production of wool is nearing an end.

However, if we feel that the oldest of fibers still has a place in our economy, then we MUST support the National Miss Wool Program by subscribing to a Sustaining Membership (\$100), a Patron Membership (\$25), or a Sponsor Membership (\$15). Checks should be mailed to the Texas Sheep and Goat Raisers' Association, P.O. Box 1486, San Angelo, Texas.

Pair Apprehended In Burglary Of Cactus Station

Two Sonora youths are free on bond after being charged with breaking and entering and theft over \$50.00 in connection with the burglary early Sunday morning of Artie Joy's Cactus Station. One of the youths is 21 year old Francisco Reyna, the other is a 17 year old juvenile.

The theft occurred around one o'clock Sunday morning, the pair gaining entry to the station by breaking a window. They were seen by nightwatchman Sam Adams who at once notified Deputy Sheriff Louis Rutherford. Rutherford in turn radioed Highway Patrolman Horace Cavitt who was the first law officer on the scene. He apprehended one of the youths at once. Later he and Rutherford apprehended the second. The Sheriff's Department of Schleicher County also assisted in the apprehension.

Amount taken by the pair was \$69.55.

Sonora Firemen Win Awards At Convention

The Sonora Volunteer Fire Department won two of the major contests at the meeting of the Hill Country Firemen's Association in Coleman last weekend. The six man pumper team of C. W. Taylor, Lee Patrick, John A. Martin, Jr., Cullen Luttrell, Leon Neely and Darcy Carroll won first in that event with a time of 2:32 seconds.

The local group also won the award for the number of man-miles travelled to attend the convention. Attending were Mr. and Mrs. C. W. Taylor, Mr. and Mrs. Lee Patrick and Betty Ann, Mr. and Mrs. John A. Martin, Jr., Mr. and Mrs. E. L. Harrell, Cullen Luttrell, Leon Neely and Darcy Carroll.

Flood Control Project Completion Celebrated With Barbecue Thursday

This is the way Site 11 on the W. L. Miers Ranch looked last year when the Lowrey Draw and Dry Devil's River flood control project was still in stages of construction. This same site now holds the largest of the flood prevention dams and was the location of last week's celebration and dedication barbecue.

Approximately 75 landowners, businessmen, and technical personnel met at Site 11 on the W. L. Miers ranch last Thursday to observe completion of flood prevention construction on Dry Devil's River and Lowrey Draw. The Sonora Chamber of Commerce provided the barbecue dinner, and Dr. Charles F. Browne, Chamber President, presided.

Fred T. Earwood, Edwards Plateau SCD supervisor, introduced Congressman O. C. Fisher, who successfully guided the flood prevention project through Congress. "This project stands as a monument to local leadership who solved problems before tragedy struck", said Rep. Fisher.

Paul H. Walser, assistant state conservationist of the Soil Conservation Service from Temple, pointed out that the project was exemplified by complete cooperation between landowners, oil and gas companies, and the Soil Conservation Service. He commended the Sutton County Commissioners Court, and F. L. McKinney, County Clerk, for very efficient handling of bids, contracts, and other records.

Walser also paid tribute to Fred Earwood, Joe B. Ross, J.M. VanderStucken, Horace Pawcett and Clayton Puckett for their pioneer work 20 years ago-work that set the stage for our present soil and water conservation program. He also pointed out that maintenance of the 13 structures, plus good soil and water conservation treatment on the watersheds above structures, would result in maximum flood protection for Sonora.

Construction costs of the 13 structures totaled \$1,300,000. Easements, contract administration, and maintenance provided by local people is estimated to have a value of \$500,000. "To those who might think that the cost of flood protection is too high" Walser said, "I would point to the neighboring city of Ozona, where in a single night in June, 1954, flood damages totaling 3 to 5 million dollars occurred, and 17 lives were lost".

Following the application for flood prevention assistance in February 1956, Congressional approval was received in July 1958. The first construction was started in April 1959, and the final dam was completed March 29, 1961.

"Through vision of local leadership, complete cooperation of landowners, oil and gas companies, and government, Sonora is now protected by a flood prevention system designed to prevent some 38,000 acre feet of floodwater from rushing uncontrolled through our streets and homes", said E. B. Keng, SCS work unit conservationist.

Sonora Wins Three First Places In District 8-A Track At Ozona

Sonora High School ranked an over-all third in Saturday's District 8A track and field meet in Ozona. The Broncos totaled up 98 points. Ozona was first with 106, Eldorado second with 90, and Junction fourth with 82.

The Bronco mile relay team of Buck Bloodworth, Primo Gonzales, Danny Rutherford and Ramon first in that event with a new district record of 3:34.8.

Fernando Gomez was first in the mile run with a time of 4:50, topping his own record set last year. Primo Gonzales was first in the 880-yard run with a time

of 2:07.3. Second places were won by Danny Rutherford in the 440-yard dash, Ram Castillo in the 880-yard run, Joe Garcia in the mile run, and Ram Castillo in the broad jump.

Thirds went to Ram Castillo in the 180 yard low hurdles, and Joe Favila, Bill White and Arthur Bermea in the high jump.

Fifths went to Buck Bloodworth in the 220-yard dash and Ruben Castillo in the mile run. Sixths were won by Johnny Morris in the 220 yard dash, Julio Samaniego in the 440 yard dash, Bob Nevill in the discus and Julio Samaniego in the broad jump.

Little League Needs Managers, Opener May 2

Sonora Little League will open its summer season on Tuesday, May 2 with a double-header. The first game will begin at 5:45 and the second will start not later than seven o'clock in the evening. League director Oliver Wuest asks any men interested in helping manage one of the four teams which make up the league to contact him, Jerry Shurley or Clayton Hamilton.

New boys signed up for this season and their team assignments are as follows: Yankees: Mario Gomez, Samuel Martinez, Ruben Chavez, Ramiro Martinez and Carlos Gomez. Tigers: Seferino Perez, Jackie Bricker, Arnoldo Samaniego, Kerry Joy, Gregory Schmidt and Dick Brown.

Cubs: Domingo Rodriguez, Hilario Leija, Frankie Licata and James Blackman. Giants: Richard Santos Gonzales, Linos Martinez, Samuel Martinez and Bill Thompson.

School Board Meets Monday, Okays Buying New Bus

Two new members of the board of trustees of the Sonora Independent School District were sworn into office at Monday's meeting of the board. Taking office for the first time were L. P. Bloodworth, Jr. and Bill Morris, who succeed Frank P. Bond and Mrs. J. M. VanderStucken.

The board expressed appreciation to the outgoing members for their long, impartial and unselfish service to the schools.

Armer Earwood was elected president to succeed Bond. Mrs. Alice S. Jones was named secretary to succeed Earwood.

Teachers were re-elected for the coming school year. Purchase of a new school bus was authorized. The new bus will replace the Ozona route bus which will be used as an auxiliary activity vehicle.

The board heard a report from Superintendent Rex W. Lowe that about 20 high school students will be sent to regional Interscholastic League contests in Lubbock April 21.

Lopez, Brown Head Officers Of New West-Side Lions

The Sonora-West Side Lions Club was formally organized Monday night when 21 Charter members were certified by Lions State Secretary, Tom Kirkham of Austin.

Elected president of the new club was Santos Lopez, and Pat Brown was named secretary-treasurer. Other officers elected included Arturo Trevino, tailor; Lalo Gonzales, Lion tamer; and Abelino Sanchez, Lion tamer; and Pedro Galindo, vice-president. Directors named for a two year period were Trinidad Ramirez and Jesus Mata. Directors who will serve one year are Alex Gonzales and Claudio Flores.

Lions District Governor Cecil Bridges of Stanton, and Lion Dave Ellis of Midland were present to assist with formation of the new club.

The Sonora-West Side Club will meet each 2nd and 4th Tuesday evening at the Commercial Cafe dining room. Tuesday, May 9 was set as "Charter" night—when the new club will receive its charter from Lions International. The Charter will remain "open" for several days to permit others to become "Charter" members.

State Secretary Tom Kirkham reviewed the history of Lionism. Started in 1917, Lions Clubs now number 15,500—located in all the free countries of the world. Lion

Kirkham congratulated the new members on their interest and enthusiasm. "A real desire to be of service to the community and to your fellowman is the primary requirement for a good Lion", Kirkham said.

The new Club is co-sponsored by the Sonora Lions Club and the San Angelo South Side Lions Club. About 10 Lions from the South Side Club were present Monday night. Sonora Lions attending included Harold Scherz, Lions Zone Chairman; Joe Nance, president, and E. B. Keng, vice-president of the Sonora Club.

Office Supplies At News Office

Miss Wool And 20 Candidates To Visit Here Next Wednesday

Miss Wool of America for 1961 and twenty candidates for the 1962 title will be guests of the Sonora Chamber of Commerce and the Caverns of Sonora, Inc. Wednesday afternoon and evening, April 19. The 21 beauties and their West Texas escorts will make a tour of the Caverns, watch sheep shearing on a Sutton County ranch and attend a barbecue supper.

The visit to Sutton County is one of two major entertainments planned for the representatives of the wool-growing areas of the United States. The other, a dance

at the San Angelo Country Club, is scheduled to follow the Pageant at the San Angelo Coliseum Saturday night, April 22. All holders of patron tickets are invited to attend the dance.

Arriving at the Caverns around three o'clock Wednesday afternoon will be Miss Patty Jo Shaw of Deer Lodge, Montana, the current Miss Wool, and; Karen Hayes of Danville, Indiana; Eleanor M. Connell of Washington, D. C.; Kathy Kersh of Montecello, California; Rilla Mae Krumm of Huron, South Dakota; Joyce Lynn Norton of Boise,

Idaho; Janet Lee Ray of Olathe, Colorado; Sherry Simms of Rayville, Louisiana; Diane Vance of Tucson, Arizona; Jean Williams of Ballinger, Texas; Donna Jane Cockrell of Colcord, Oklahoma; Gayle Hudgens of Hobbs, New Mexico; Diane Boyer of Missoula, Montana; Ann Frandsen of North Ogden, Utah; Donna Rae McHale of Torrington, Wyoming; Billie Glowacki of Lockwood, Ohio; Jacquelyn Plenke of Madison, Wisconsin; Beverly Reading of Cedar Rapids, Iowa; Ina Lemke of Duluth, Minnesota, and Ann Hanna of Valentine, Nebraska.

Girl Scouts To Have Banquet Wed., April 26

The annual Girl Scout and Brownie banquet will be held at the school cafeteria Wednesday night, April 26. A program honoring the founder of Girl Scouting will be presented and badges will be awarded.

All parents of Girl Scouts and Brownies are urged to attend. Tickets are on sale at \$1.25 per person.

Site 13 on the Neill and Hunt ranch was being plowed in March 1960 when this picture was made by E. B. Keng. The embankment has now been seeded and mulched to prevent erosion.

Felipe Bernal, Jr. was charged with drunkenness. Pending.

YEARS PAST

August 17, 1895

The Baptist protracted meeting is to be held in September instead of this month as heretofore reported.

The Methodists will hold a protracted meeting in Sonora beginning on Friday night before the second Sunday in September.

John M. Stokes, editor of the Rocksprings Rustler is expected in Sonora this week. On his arrival the Stokes family will be fully represented in Sonora.

Joe Morris' horse fell back with him Sunday and as a consequence Joe is going around on crutches and nursing a sprained ankle.

August 24, 1895

G. P. Hill while plowing at his ranch this week became overheated and on taking a drink of cold water was seized with cramps. He was brought to town for medical treatment. He is now doing very well at the Traweck house.

Mrs. W. F. Decker and Mrs. R. A. Williamson, assisted by several of the young ladies of the Methodist church gave an ice cream festival at the Decker hotel Friday night for the benefit of Rev. W. G. Cocks and family. The ice cream, cake, refreshments and arrangements were perfect.

Mr. and Mrs. Thos. Bond returned from a fishing trip to Pecan Springs Wednesday. They left the same day for the ranch accompanied by Miss Susie Martin who will be their guest for two weeks.

Weekend guests of Rena Trainer were Fred Trainer, Joe Trainer, Mrs. R. D. Stahlings and Freddy Trainer, all of Pasadena, and Mr. and Mrs. C. L. Trainer, Johnny and Keith of La Porte.

flameless ELECTRIC COOKING —

Free Wiring for ranges purchased from local dealer

COOL as an April shower

Electric cooking is cool cooking because heat goes directly into the food, not out into your kitchen. And this direct contact of surface unit and utensil is possible only on an electric range.

That's why electric cooking is clean too. With no flaring flame, there's no dirt or soot to soil range surface, kitchen utensils, kitchen walls and curtains.

And with automatic electric controls, time and temperatures are exact. No guess work. Heats are measured for you — to assure precise cooking.

Ask your appliance dealer to show you the wide variety of new electric ranges that set the pace for tomorrow's better cooking.

TWICE TUESDAY CLUB MEETS AT ROUSSELOT HOME

Members and guests of the Twice Tuesday Club were entertained with a luncheon at the home of Mrs. Norman W. Rousselet this week. Deviled crab, salad and lemon soufflé were served. Decorations in spring colors carried out a tulip theme.

Prizes were awarded to Mrs. John R. Tedford, Jr. for high guest score, Mrs. Nolan W. Johnson for high club score, Mrs. James Hunt and Mrs. Cleveland Nance for bingo and Mrs. Ralph P. Mayer won the traveling prize.

Those attending were Meses. Clayton Hamilton, Nolan W. Johnson, D. C. Langford, W. A. McCoy, Cleveland Nance, Robert Pfluger, David Shurley, Jerry N. Shurley, Tommy Smith, Bill Tittle, George Wallace, Louis Wardlaw, James Hunt, Ralph P. Mayer, George Brockman and John R. Tedford, Jr.

Aggies To Muster At Substation 14 Friday, April 21

Former students of the A and M College of Texas who live in Sonora and Rocksprings will gather at the Sonora Experiment Station near here at 6:30 Friday evening, April 21, to carry on a tradition that is 58 years old. They will attend the 58th anniversary Muster of Texas A & M men.

Dr. Joe David Ross, chairman of the Muster, urges all A & M men to attend the program. The 1956 Rice-Texas A & M game, featuring Jack Pardee and John Crow, will be presented on film.

Mrs. Jerry Larimore has returned to her home in Odessa after a week's visit here with Mr. and Mrs. D. LaLocklin.

Congratulations To These New Parents

Mr. and Mrs. Armando Avila have announced the birth of a son, Armando, Jr., born at Hudspeth Memorial Hospital Tuesday, March 28, and weighing 8 pounds, 13 ounces.

Welcoming the new brother is a sister, Cynthia Sue, who is a year and a half old. Grandparents are Mr. and Mrs. Prajedes Avila and Mr. and Mrs. Arnulfo Virgen, all of Sonora.

MRS. KERBOW ENTERTAINS WITH PARTY THURSDAY

Mrs. Ida Mae Kerbow entertained members of the Pastime Club with a party at her home Thursday afternoon, March 30. Refreshments of a salad plate and iced tea were served.

Mrs. O. G. Babcock, Mrs. T. W. Sandherr and Mrs. R. B. Kelley tied for high score and Mrs. Jim Cauthorn and Mrs. Rose Thorp tied for low. Mrs. Karen Peterson won the traveling prize.

Others attending were Meses. Robert Rees, R. V. Cook, Joe Berger, C. E. Stites, Ella Wallace and Lee Labenske.

YOUR MINISTER SAYS

By Rev. Allan Guthrie

"I will put my law within them, and I will write it upon their hearts; and I will be their God, and they shall be my people." (Jeremiah 31:31-34).

Inwardness is an indispensable quality of the Christian life. God must be known not simply on the tops of our minds, but in the depths of our hearts. In this passage we have the promise, "I will put my law within them, and I will write it upon their hearts; and I will be their God, and they shall be my people."

Human personality is a mystery; but we do know that it is open so that one person can penetrate, as it were, another person. We sometimes say, "There goes so and so all over again." Paul says that Christ lived in him, Jeremiah promises that God can write His laws not only upon tables of stone, but in our deepest being.

Has this happened to me? If it has not, then I must ask if I really want it to happen. I must ask if I am willing to submit my life to the influence of the Spirit of God.

MRS. TRAINER HOSTESS TO THURSDAY BRIDGE CLUB

Mrs. Laura Trainer was hostess to the Thursday Bridge Club at her home last week.

Mrs. Maysie Brown held high score, Mrs. Lee Labenske held low and Mrs. R. V. Cook won at bingo.

Sherbet float was served to those mentioned and Meses. Karen Peterson, C. E. Stites, O. G. Babcock, T. W. Sandherr, Rose Thorp, A. W. Awalt, Joe Berger and R. B. Kelley.

SAN ANGELO HOSTESS

Mrs. J. F. Howell was in San Angelo Tuesday where she was co-hostess to a coffee and meeting for the Tom Green Eight County Medical Auxiliary at the home of Dr. and Mrs. Robert Franken.

HONORED WITH DINNER

Dr. and Mrs. J. F. Howell were hosts to a dinner party Sunday evening honoring Mr. and Mrs. James Hunt.

Places were laid for the honorees and Lt. and Mrs. Charles L. Cusenbary, Mr. and Mrs. W. R. Cusenbary, Charlie Howell, Karen Cusenbary and the hosts.

LOCAL NEWS BRIEFS

Guests of Dr. and Mrs. J. F. Howell and Charlie last Wednesday were their daughter in law and grandsons, Mrs. J. F. Howell, Jr., Jack and Clem, and H. W. Smith of Big Spring. Mrs. Howell and her sons left Monday for their home in Detroit, Michigan, after a visit of several weeks with relatives in Texas.

Lt. and Mrs. Charles L. Cusenbary and daughter Karen of Dover, Delaware, have been visiting here with their parents, Mr. and Mrs. W. R. Cusenbary.

David Archer, who underwent knee surgery two weeks ago, is reported recovering rapidly.

J. C. Stephen is reported doing very well after suffering a stroke recently.

SHOWN HERE IS A UNIQUE DRAW-BRIDGE built by engineers across the Tennessee River in October 1863. The frame superstructure allowed the span between to raise, permitting river barges to pass.

THIS PONTOON BRIDGE spanning the James River illustrates the similarity between bridging of that period and that used extensively during World Wars I and II.

TO AVOID CONFEDERATE batteries at a bend in the James River, the engineers dug Dutch Gap Canal near Richmond, Va. This constituted a major task in view of the lack of mechanical earth-moving equipment during the Civil War.

The Civil War Engineers— A Century Has Passed

One hundred years ago when the War Between the States started, the Corps of Engineers consisted of ninety-three officers and only one organized company. Of the ninety-three officers, fifteen resigned to join the Confederate Army and one other took no part in the war. During the war years that followed, fifty-five of the ninety-three rose to the rank of general and fifteen died or were killed.

The one active unit, "A" Company of Engineers, stationed at West Point, was augmented to form the "Battalion of Engineer Troops." This battalion was supplemented by numerous volunteer engineer units and, together, they wrote military engineering history by their deeds.

It is fortunate that Matthew Brady, the renowned Civil War photographer, recognized the efforts of these engineer organizations as being worthy of recording with his camera. The following pictures are reproduced from the Brady collection.

The Devil's River News-Sonora, Texas, Thursday, April 13, 1961

Devil's River Philosopher Takes His Mind Off Of Big Problems, Rests It On The Little Ones

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River must have been using a neighbor's telephone, his letter this week implies.

Dear editor:

I know everybody is supposed to be concentrating hard on the solution to the problem in Laos, but a man can stand just so much of these high-level problems and has to rest his mind occasionally by working on small ones.

What threw me off the major problem was an article I read in a Sunday newspaper which I didn't get hold of until Wednesday, which is soon enough, about progress being made with the telephone.

As I understand it, the telephone company is working hard all the time to improve service, and everybody has to admit the phone today is better than it was a generation ago, but the thing can be carried too far.

For example, they're working on a dialing system now whereby you can dial more than one number at a time. It's a fact, you may be able to dial three or four numbers and carry on conversations will all of them at the same time, in a sort of general conference.

Now this may be handy for busy executive in business or for housewives trying to decide in a hurry what kind of sandwiches to serve at the reading club, but

has the telephone company ever stopped to think what teenagers will do with this system? They'll break down the communication network. Instead of tying up two telephones for two hours, they can tie up four.

This is the way with a lot of progress. It finally becomes so unwieldy it defeats its purpose, like cars in a traffic jam, and the only answer is to work harder and put in a second phone for your own use, and for the amount of work it takes to pay for both, you could walk over about as cheap and see in person the man you wanted to talk to on the phone in the first place.

Also, telephones are becoming too thorough. The purpose of a telephone, as far as I'm concerned, is to reach somebody without having to go see him, but they're working on new phones that'll reverse this, and make it possible for people to reach me on the same terms. If you're not at one number, the phone will automatically trace you to the next one; if your phone is busy, it'll wait till you hang up and then ring

immediately. Why, even if you're off in a pickup, it's possible to reach you by phone. This is going too far.

As far as I'm concerned, a phone is to reach somebody else with, not for somebody else to reach me with. I'd better get back to working on Laos.

Yours faithfully,
J. A.

**Arizona Quail
Now Released
On Black Gap**

A shipment of 419 Gambel's quail from Arizona has been released on the Black Gap Wildlife Management Area in West Texas.

These quail were obtained from the Arizona Commission on a trade. Texas provided 40 turkeys from the King Ranch in exchange. The Gambel's quail is found in West Texas along the Rio Grande, and for short distances up its tributaries, and mostly in the El Paso Valley area. This is an attempt to get a better distribution of the birds further south, and in an area where they can be protected.

Previously, chukars from Nevada have been released on the area. They were obtained in a trade with Nevada, in which Texas had supplied trapped javelinas.

Another release on the Black Gap Area is the desert bighorns trapped in the Kofa Range of

The Devil's River News-Sonora, Texas, Thursday, April 13, 1961

**Devil's River Philosopher Claims
Government Not Making It Easy
To Shirk Your Responsibilities**

Editor's Note: The Devil's River Philosopher on his bitterweed ranch on Devil's River lets the world problems slide this week and discusses responsibility, about which he wouldn't be classified as an expert.

Dear editor:
A successful business man stopped by this bitterweed ranch out here the other day and looked the place over and shook his

Arizona. Through a joint program with U. S. Fish and Wildlife Service, the Arizona Game and Fish Commission, and the Boone and Crockett Club, these bighorn sheep are behind a sheep proof fence, giving them protection against predators.

The bighorns and chukars have been on the area for two or more years, and both are showing increases.

head and propped his foot on an old trailer wheel grown up in weeds in the corner of a fence and without being asked by me said, "Now I'll tell you, what you need out here is some serious planning. You got to plan your work to get a place like this organized and straightened out."

I thanked him and said I'd see what I could do about it, without adding that I was way ahead of him and what I already saw was that I wasn't going to do anything about it.

I wouldn't say this place suits me exactly like it is, but on the other hand the amount of work it'd take to change it wouldn't suit me either. I figure if I'm going to be dissatisfied a little, I'd rather be dissatisfied comfortable than worn-out.

As a matter of fact, I have done some serious planning about this ranch, in fact, I'm years ahead in my planning, but I never would have time to do the things I don't plan, and frequently they're more fun.

In this connection, I was reading a criticism of the government the other night and this man was saying the government is trying to do too much for people. "The government," he said, "is making the shirking of responsibility easy."

I'd just like to say this is one more case of unwarranted criticism of our government. I've got more faith in the individual, any

body who has to rely on the government to help him shirk his responsibilities, just doesn't know the first thing about shirking. He's not half trying.

Why the ability to shirk your responsibility hasn't got anything to do with the government. People were shirking their re-

sponsibilities back in the days when the government did practically nothing, when it didn't even build highways and it was every rancher's job to keep the road up in front of his house and people were always getting stuck in front of mine.

This idea that the government can make it easy for you to shirk your responsibilities is just another half-baked dream. Nobody can make it easy for you, it's hard, but if you have the strength of character, you can do it.

Yours faithfully,
J. A.

TV TODAY AND TOMORROW
BY RALF HARDESTER
Feature Editor TV GUIDE MAGAZINE

JEANNE CRAIN AND JOHN VIVYAN are combining their talents for a new series tentatively titled Love and Kisses. Two sponsors have already been lined up and the

series goes into full production this spring for next season... NBC's documentary about our new President, "JFK: Report No. 1," has been rescheduled for late February... The Chevy Show will salute St. Patrick's Day in March with "O'Haloran's Luck," an adaptation of selected Stephen Vincent Benet works. The executive producer wants Robert Preston to star... Armstrong Circle Theater will repeat its Adolph Eichmann story in March, shortly before the Nazi criminal goes on trial in Israel...

HERB SHRINER, LONG ABSENT FROM TV, has a special coming up titled "Herb Shriener's Wonderful People". Dina Merrill will guest star in a Hong Kong episode, "Lady Godiva". The Tab Hunter Show is now firm for the duration of the season... Jack Webb's first new series attempt in over a year goes into test-film production soon. It's a comedy starring Barbara Nichols... My Three Wishes, co-starring Diane Jergens and Gustavo Rojo, will go before the cameras in late spring for a fall start on the air... MGM's "Asphalt Jungle," starring Jack Warden, is now scheduled for an April debut on ABC, replacing The Islanders.

ABBE LANE WILL CO-STAR WITH Keenan Wynn on Naked City early in February in an episode titled "The Day It Rained Mink." Miss Lane, in case anybody's interested, will wear a bikini on the show... George Gobel and his Gomalco Productions are very busy these days. Gobel has optioned Ogden Nash's works and assigned writers to develop a show. They think there's the kernel of a good comedy series in Nash's whimsical poetry. And Gobel will star as Rip van Winkle in a special... back again... he's planning, may also return next fall as star of another comedy series... There's a situation-comedy series on the planning boards at Four Star—for Jimmy Durante.

Pioneering For Sheep Producers

A truck loaded with 500 cases of Dr. Rogers' famous Pink Drench is pictured here leaving the Fort Worth laboratories on March 17, 1944 headed for Sonora. This was the first big load of ready-mixed phenothiazine drench to be shipped anywhere in Texas. The load was divided between the Sonora Wool and Mohair Company and C. W. Taylor. The late Dr. Rogers, founder of the Texas Phenothiazine Company is standing at far right. Second from left is an unidentified Sonora truck driver. Others are company employees.

Blazing The Trail For Still Greater Profits

Texas Phenothiazine Company takes great pride in announcing the development of RON-DOC, a new Stainless Docking Fluid.

RON-DOC will not stain valuable wool. It's antiseptic qualities aid faster healing and have remarkable control over secondary infection. It affords protection against screw worm infestation when applied freely to all wounds as directed. RON-DOC minimizes bleeding and exudation when promptly applied to wounds. It leaves a residual deposit which offers a repelling action against flies.

RON-DOC is highly recommended for tail docking, ear marking, castration and shearing cuts and wounds. Try it.

Dr. Rogers' Ron-Doc

See your local Dr. Rogers' dealers in Sonora.

"Signs Of Life" Campaign Designed To Save Lives

Wilful disregard for traffic signs and signals by motorists and pedestrians can spell disaster.

Several studies of motorists' behavior at traffic signs show an alarming laxity in consistently obeying traffic signs—particularly stop signs. The major purpose of the current Signs of Life program is to cut down on the number of traffic accidents by convincing motorists and pedestrians of the need for observing traffic signs and signals.

Some of the more common violations that cause traffic accidents: Exceeding the posted speed limit, improper passing, failure to keep to the right of the center line, failure to yield right of way, and disregarding stop and warning signs.

Traffic signs are designed to protect the motorist against accidents. But unless he heeds them faithfully, they are of little value.

CHAMBER OF COMMERCE COMMENTS

BANQUET: The first annual Chamber of Commerce membership banquet was a success especially in two respects, food and program. When it became known that we wanted fish on the menu four public-spirited citizens volunteered, flew off down to the Coast and returned with 270 beautiful trout and fresh oysters, too. Lonie Throgmorton, the speaker, remarked, "What, no ham?" Thanks should go to these fishermen: Gay Copeland, Bob McCarter, Jack Neill and W. B. McMillan.

Hard working committees functioned well throughout and the decorating committee did an outstanding job with the help of Maxine Browne, Betty Stewart and Tina Whitehead. And the speaker was superb and had the support of four high school girls who sang harmoniously.

HARNESSED: Property in Sonora is now secure, secure from the ravages of flood. Very few places can say this, for Sonora is the only place in the nation that got its flood control system before it had its flood.

Someone remarked that there was not much interest in our flood control project, dry as it is. Another remarked, "That's the way they felt about the subject in Ozona in the spring of 1954 and in Lampasas in the spring of 1957."

Your CC sponsored a barbecue dinner, on the ground, celebrating and dedicating. This was staged on the largest dam site, site 11, W. L. Miers ranch. Congressman Fisher came for the occasion and spoke on the subject. Paul Walker, from the State office at Temple, presented the history of the projects, its problems and development. He thanked many, especially the Commissioners' Court of Schleicher County.

MISS WOOL: Sutton County is sheep country and as such we are being greatly honored next week in having Miss Wool of America and twenty candidates for Miss Wool for 1962, and their escorts with us. These twenty girls have been selected from the 20 wool growing states and have been selected from several hundred contestants.

They are coming to see the Caverns of Sonora, to see sheep on the range and sheep shearing, too. Your Chamber of Commerce is entertaining these beautiful young ladies, their escorts, and a

great number from the publicity field, Stanton Bundy is chairman of the Miss Wool of America program this year.

WOOL: And speaking of wool, our 24th annual wool and mohair show is coming up in June, the 13th, 14th and 15th, 1961. Ranchmen of Sutton County are urged to be diligent in selecting a bag of wool for the show and some finer fleeces. After all, this year we inaugurate a national wool show in connection with our state wide show. The exhibits of our local growers will contribute much to the show this year.

WANTED: A good camp box, camp cooking equipment and some haws for a covered wagon. The plan is to equip a chuck wagon for community purposes in the future. While you are looking around what do you find that might fit into a future museum?

THEY'RE OFF: The third running of the Texas Quarter Horse Futurity is near. Only thing, this year it is not a Texas Futurity but one for the whole world. We have issued stalls to horses from Wyoming, Colorado, Arizona, New Mexico, Arkansas, Oklahoma, Louisiana and a great number from Texas. With 54 eligibles for the Futurity, the stall situation and racing program are complicated.

One of the busiest men in town of late is Wes Young who is chairman of the track improvement committee. Joe B. Ross is equally busy sending back stall application money, after having assigned all available stalls. As the Sonora Park and Horse Show Assn. is a non-profit organization, it behooves the people of Sutton County, particularly the businessmen of Sonora, to support this project as a community affair, one that brings much business to Sonora.

WONDERFUL: At this time last year the 4-H Club Center was under construction. Today it is finished. A beautiful ceiling has been installed which revolutionized the acoustical and heating and cooling problems. As of this weekend the building will be cooled by five 5500 btu cooling units. Also, 100 new folding chairs have been donated to the building by the Sonora Park and Horse Show Assn. Now they need some 10 nice folding tables to go with the music box the Teen Canteen parents are providing. Wonderful!

TO RENTAL OWNERS: Now is a good time to brush up, clean up, paint up your property, for we hope and think some business is coming your way soon.

JANIE LETSINGER WINS HONORS IN BAND CONTEST

Janie Letsinger was one of the Sonora band students who took top honors at the regional solo contest in Abilene. She received a first division rating on a third class clarinet solo, "Song of India".

Janie is a seventh grade student and has been in band work three years.

CAMERON OPEN HOUSE TO CONTINUE DAILY

The open house at the Wm. Cameron and Co. model I.E.H. home on the corner of Crockett and Plumb Streets will continue next week, according to H. M. Smith, company manager.

The house will be open weekdays from nine o'clock in the morning to nine o'clock in the evening, Saturdays nine o'clock in the morning to six o'clock in the evening, Sundays, one o'clock in the afternoon to six o'clock in the evening.

Troop 19 Wins Blue Ribbon At Exposition

Scouts from Sonora's Troop 19 won a blue ribbon for proficiency on their cooking demonstration booth at the Scout Exposition in San Angelo last week.

Boys working in the booth included Dick Hardgrave, Robert Kelley, Charles Hopf, Owen Sellers, Bude Lee Whiddon, Louis Wardlaw, Brent Johnson, Laney Cook and Frankie So Relle.

The Scouts were accompanied by Scoutmaster Herbert Fields, Robert V. Kelley and R. L. Hardgrave.

LIONS ROAR

A film on Miss Wool was shown to members of the Sonora Lions Club at their regular Tuesday luncheon meeting at the First Methodist Church this week.

Facts on wool imports and an editorial on the value of the Miss Wool Program were presented. Mrs. Marie K. Ellis announced the beginning of a new survival course to begin Monday night at the parish hall of St. John's Episcopal Church.

President Joe Nance announced that Harold Scherz, chairman of the nominating committee, will bring his committee's report at next week's meeting. Nancy also reported on the new West-Side Lions Club organized here Monday night.

CAVERN NEWS: Attendance at the Cavern is picking up with warm weather. Last Sunday guests registered from California, Wyoming, New Mexico, Arizona, Vermont, North Dakota (only state not represented last year) and others.

One interesting guest last Sunday was Wm. R. Royal. Mr. Royal, according to a big story in the Abilene Reporter-News, is accept at harnessing and riding man-eating sharks. Mr. Royal, with 8,000 hours as a pilot, is currently stationed at Baird Atlas Missile Base. He is a home builder in Florida and recently he and Dr. Eugenie Clark discovered a skull under water with part of the brain preserved. A first, according to the magazine "American Antiquity".

TO RENTAL OWNERS: Now is a good time to brush up, clean up, paint up your property, for we hope and think some business is coming your way soon.

Sutton Ranchmen Eligible Under New Grain Program

Sutton County corn and grain sorghum producers are eligible to participate in the 1961 feed grain program recently authorized by Congress. The program provides for payments to producers who divert corn and/or sorghum acreage to conservation uses. Participating producers will be eligible for support prices for 1961 on their normal production

NATIONAL LIBRARY WEEK BEING OBSERVED AT SCHOOL

During National Library Week, April 16 to April 22—we will stress over-due books and lost books from our library. The Library Club wants this NLW to be the biggest week yet.

We are launching a drive to procure all books belonging to the Sonora High School Library. Will each of you check your home libraries for school library books and bring them to school? For the entire week no fines will be collected on these books and no questions asked. Return these books at the little room off the principals office please.

SURVIVAL COURSE TO START MONDAY

The third in a series of courses in disaster survival will begin at 6:30 Monday night, April 17, at the Parish Hall of St. John's Episcopal Church. There is no charge for the course which will meet once each week for four weeks.

For enrollment in this course, sponsored by a state agency, contact Mrs. Marie K. Ellis.

of these two crops and for support on other feed grains, oats, barley and rye.

Payments will be in the form of negotiable certificates for which producers may receive grain or its cash equivalent. Cash equivalent of grain at support price may be obtained by asking the Commodity Credit Corporation to act as agent in marketing the grain. As agent, CCC will advance payment to producers in cash through county ASC offices and then market the grain. Half of the estimated total payment will be offered the producer as soon as he signs up for the program.

Participants will reduce their acreages by 20 percent below average acreages for 1959-60 or by 20 acres, whichever is larger, thus becoming eligible for payment equal to one-half of normal production on diverted acres times the county support price. There is also a provision for further reductions of up to 20 percent more at a payment rate of 60 percent of normal production.

Acreage diverted from the production of these grains must be put to conservation uses, including grasses, legumes, and the like. Diverted acres cannot be harvested or grazed in 1961.

Interested producers may contact the local ASC office or County Agent D. C. Langford for program details.

CARD OF THANKS

I would like to thank everyone who helped in recovering the money taken in the robbery at my station last Saturday night. Special thanks to the city night-watchman, county and state law enforcement officials.

Artie Joy. 1 to 20.

PROOF

BEYOND QUESTION

A cancelled check is your PROOF BEYOND QUESTION that you have paid a bill... it's your best legal receipt. Every home today is "small business" that needs managing on a business-like basis. A checking account gives you a permanent running record of your family's financial transactions. Often needed!... always valuable!... an adjunct to a household budget! As receipts, your cancelled checks are PROOF BEYOND QUESTION as vouchers for income tax deductions.

Not only practical, but economical!... So don't pay in cash! Don't pay bills twice! For many benefits, open a checking account today!
