Broncos Meet Schulenburg For Class A Championship

Football predictors and the Forney Jackrabbits fell to the Broncos to give Sonora the chance to compete against Schulenburg for the state Class A football championship. Schulenburg, of District 27-A, was

unranked beginning the season, both in state and district, and returned this season from a 6-4 record last year.

Notables in the Schulenburg line-up are quarterback Dennis Demel, defensive back Larry Carroll, end Larry Marak and All-District junior fullback Bob Rainosek (180). Rainosek was voted All-District dur-

ing his sophomore year, averaged 11 tackles per game and is highly regarded as a punt blocker and pass defender.

Their team will be returning this year with six offensive and eight defensive regulars.

Game time is 8 p.m. in San Marcos.

CINDERS

by Jim Barnett

Certain forms of witchcraft are being practiced by some segments of the Sonora population. Unbelievable, you say? No, the football fans and apparently some of the players are catering to some pretty solid superstitions.

It's been reported that one young man in town has a pair of lucky underwear. According to good sources he has not removed them since the Broncos moved into post-season play.

Another fan is carrying a rabbit's foot—but not an ordinary one. This particular one has been painted red.

Dr. Charles Browne informs me that he has a superstition regarding the Broncos and their ability to win. He says he hasn't changed one mark of punctuation on the sign at his office, just the names of our opponents.

I feel sure that the ability to win is dependent only on the team's ability and attitude; it's only a coincidence that I always carry the same ball point pen to the game with me.

Funeral Services Held For Shelly Lowe

Sonora resident, Arthur Elvis "Shelly" Lowe, 52, died unexpectedly December 9. He was born October 3, 1914 in Doss and had lived in Sonora for the past 19 years. He was an electrical contractor.

His survivors include his widow, Libbye, two daughters, Mrs. Kenny Teutsch and Evelyn Jane Lowe; one sister, Mrs. Burl C. Miller of Houston and one brother, Ray W. Lowe of Corpus Christi.

Officiating at the funeral service was the Rev. Ross T. Welch, pastor of First Methodist Church. Graveside services were held in Sonora cemetery at 2 p.m., Sunday, December 11.

Masonic pallbearers were Glen Richardson, Carl Cahill, Dennis Hays, Jimmy Harris, John R. Honeycutt of Ozona and Orval Edmiston of Eldorado.

Active pallbearers were J. W. Neff, Bill Galbreath, Lynn Hicks, Glen Richardson, Ed Grobe and Dennis Hays.

Lowe had been a member of Dee Ora Lodge since 1938 and was a member of the Downtown Lions Club.

Music Program Set

A Christmas music program featuring three choirs, various musical instruments and organist and director, John Tedford, will be presented December 18 at 7:30 p.m., in First Methodist Church.

The background scriptures of the Christmas story will be read by the Rev. Ross Welch, pastor of the church.

Musical portions of the program include duets, sextettes, quartets and complete choirs.

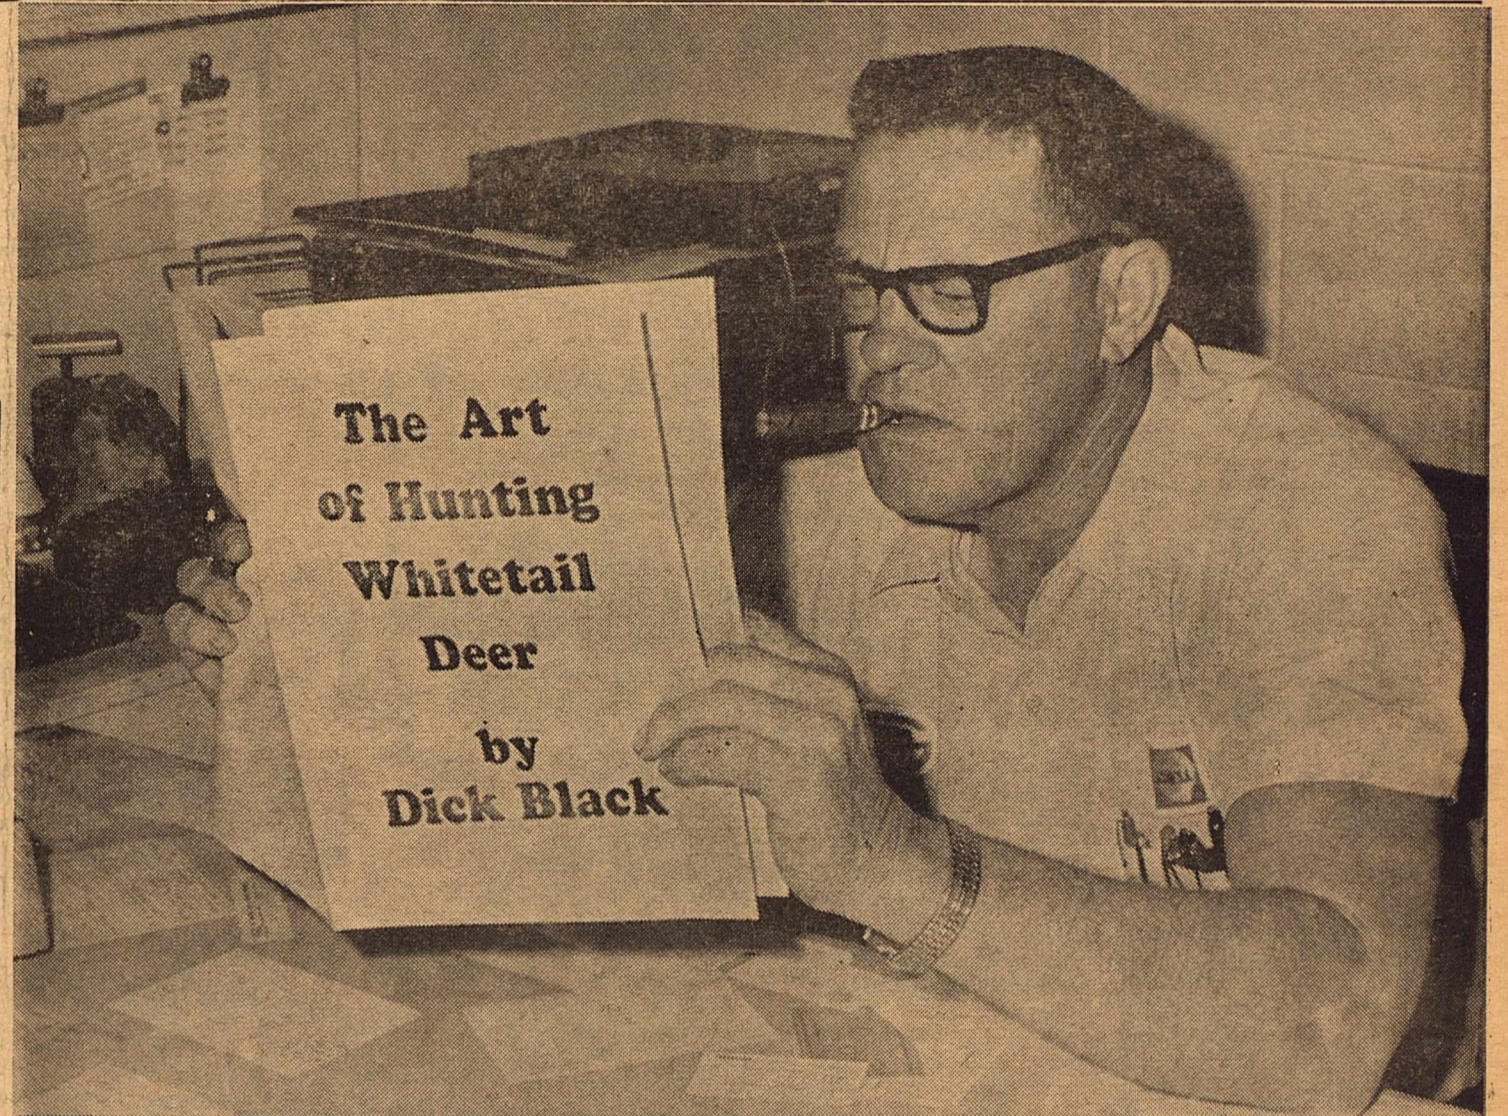

Christmas Nativity Pageant Scheduled

A live Christmas nativity pageant will be featured at the Church of the Good Shepherd, Presbyterian, U.S., starting at 7 p.m., December 19 and 20.

The pageant will be directed by the Rev. George Stewart, pastor, assisted by Mrs. Tommy Smith and Mrs. E. C. Hopf. Preparation of the sets are under the direction of Sears Sentell and Bob Kelley. Participating in the pageant are

Margaret Bundy, Linda McCutchen, Billy Wayne Smith, Thurston McCutchen, Dick Bundy, Taylor Jones, Mark Wilkinson, Trouba Teaff, Lucy Bundy, Richard Stewart and John David Cook.

Others are Teddy Coker, Robin Snodgrass, Selma Nell Stubblefield, Sarah Allison, Kelley Sue Sentell, Nancy Jo Smith, Jess Ann McCutchen and Susan Stewart.

MEANWHILE, BACK AT THE OFFICE, affairs of commerce must continue. Big Bob (Teaff) mustn't let a small diversion like weekend hunting jaunts distract from business. Last week's fiasco, still, shouldn't be repeated . . . and for this reason

alone, thoughts occasionally drift, like cigar smoke, to the chase and to Ole Buck. . . . now it says here the difference between goat tracks and deer tracks is . . . "

Sonora Beats Forney In Semi-Final

Jubilant reigns in Sonora while the weather forecast for Forney is as bleak as that of Mudville after the mighty Casey struck out. The Bronco eleven soundly defeated the Jackrabbits 39-28 for the right to play Schulenburg for the state Class A championship Saturday.

Sonora got on the scoreboard first after recovering a fumble on Forney's first play from scrimmage. Laney Cook pounced on the loose ball at the Forney 23-yard line. Fullback Mike Gosney moved to the 20-yard line on a crossback.

On third down with eight yards needed for a first down, Cook completed a pass to end Noe Chavez at the 10-yard line. Gosney then knocked on the door with a driving run to the seven-yard line. The Broncos went to the air again on a Cook to Chavez aerial which moved Sonora to the one-yard line and a badly needed first down. On a quarterback sneak, Cook pushed over for the touchdown. His kick was good for an early 7-0 lead.

The highly-touted Jackrabbits ran the following kickoff back to their 45-yard line. From the 45, Forney moved for the touchdown on eight plays, culminated with a pass from

quarterback Thomas Cheny to end, Robert Mosenbocker. Their extra point kick was good to tie up the ball game in the first quarter of play.

The Forney kickoff was run back to the Bronco 35 by halfback Ed Lee Renfro to set the stage for one of the most exciting exchanges of the ball this season. Quarterback Cook, passed to Ed Lee Renfro, but the ball was snagged by Forney defensive back, Dan Pinson, and then fumbled. Renfro then recovered the ball to give the Broncos a gain.

From good field position the Broncos began a drive of short gainers up to the Forney four-yard line. Ed Lee Renfro took the hand-off from Cook at the four and rammed it over for the score.

Again Cook's kick was good to bring the Broncos out in front 14-7 early in the second quarter.

Forney got back on the scoreboard after intercepting a Laney Cook aerial and moving it to the Sonora 22-yard line. A series of short gainers brought them to the four-yard line where their 191 pound fullback, Larry Bush, pushed over for the score. Tackle Don Morrison's kick was good to tie the score going into halftime.

The Jackrabbits came out of the dressing room ready to play football and proved it by quickly getting on the scoreboard.

Their drive started after running back the Sonora kickoff to their own 35-yard line. Runs by Larry Bush and Sammy Beeler moved the Jackrabbits to the Sonora 30-yard line. Bush broke loose through the Sonora line at the 30 and went all the way for the score. Their extra point was good to give them a 21-14 lead early in the second half.

The following kickoff was taken by halfback Ernest Barrera and run back to the Sonora 30. Sonora went into the shotgun formation and began their passing game in earnest. Cook moved the Broncos down to the Forney 20-yard line and Renfro broke away from the defenders to score. In an attempt to regain the lead, the Broncos attempted a two-point conversion which failed, giving the Jackrabbits a slim, one point lead.

Again the Forney eleven got a good runback on the kickoff to their 30-yard line. They went to

the air and moved to the Sonora nine-yard line on a series of passes and short gainers. At the four, Bush rammed over for the score. Again Morrison's kick was good. To give the Jackrabbits a 28-20 lead.

On the next Sonora drive Ed Lee Renfro proved his break-away ability to Forney. Renfro broke away and galloped 68 yards for the touchdown. A two-point conversion attempt again failed making the score 28-26 with 30 seconds to play in the third quarter.

While the third quarter was the high point in the Forney offensive game, the fourth quarter belonged to the Broncos.

The first Bronco score of the fourth quarter was set up by Tom Trainer when he blocked Dan Morrison's punt at the Sonora 46 and recovered it at the midfield

stripe. From the 50, Cook passed to fullback Mike Gosney at the Forney 27-yard line. On the next play Cook passed to Noe Chavez in the end zone for the score. Chavez made an outstanding over-the-shoulder catch to make the score 33-28 after the successful extra point.

A fumble by Forney on the first play after the kickoff set up the last Sonora score. Renfro then broke loose again and was on his way to paydirt when Forney end, Pat Adams, shoe-strung him on the five-yard line. Fullback Mike Gosney powered over for the score from the five to end the scoring and give the Broncos a 39-28 win and a chance to play Schulenburg for the state championship.

Construction Begins

Construction began on Interstate Highway 10, December 5, according to J. A. Snell, District Engineer for the Texas Highway Department in San Angelo.

Contracting is being done by the R. N. Adams Construction Company of Kaufman. Completion of the highway is estimated to be in August of 1968.

Joe W. Lane, Senior Resident Engineer in charge of the project said that traffic will continue to use U. S. 290 which will remain open at all times. He stated that traffic would have to follow route markers very closely during construction of the interchange near the Sonora Caverns road.

He also advises motorists to watch for flagmen at the construction site at all times as traffic will be stopped briefly on U.S. 290 while blasting operations are being carried on in areas adjacent to the highway.

Lane also called attention to signs that will be erected advising against the use of two-way radio transmitting equipment in the immediate vicinity of the blasting operations to avoid possible accidental detonation of dynamite charges.

Two Homes Robbed Sat.

Two separate robberies were reported to the sheriff's office during the last weekend.

According to Deputy Sheriff James Hough, the two homes broken into belonged to Gene Shurley and Alfred Schwiening, Jr.

Hough added that both break-ins were very similar to one that occurred at the D. L. Locklin home in November. In both instances the homes were broken into with a screwdriver-type tool used to force the door open. However, entry was gained to the Shurley home by a window rather than a door as was done in the other cases.

Both homes were entered on a night when a football game was being played.

Taken from the Shurley home were several small items, none of which Deputy Hough described as being valuable. Some wrapped Christmas gifts were torn open but none of the contents were taken. The Sheriff's Department again believes the thieves were looking for cash, primarily.

Alfred Schwiening, Jr. lost some cash, several deeds and abstracts and other small items. Schwiening said, "I can understand them tak-

ing some of the more valuable items, but I can't understand why they took the deeds and abstracts."

At both homes there was indication of some malicious destruction to the interiors of the houses.

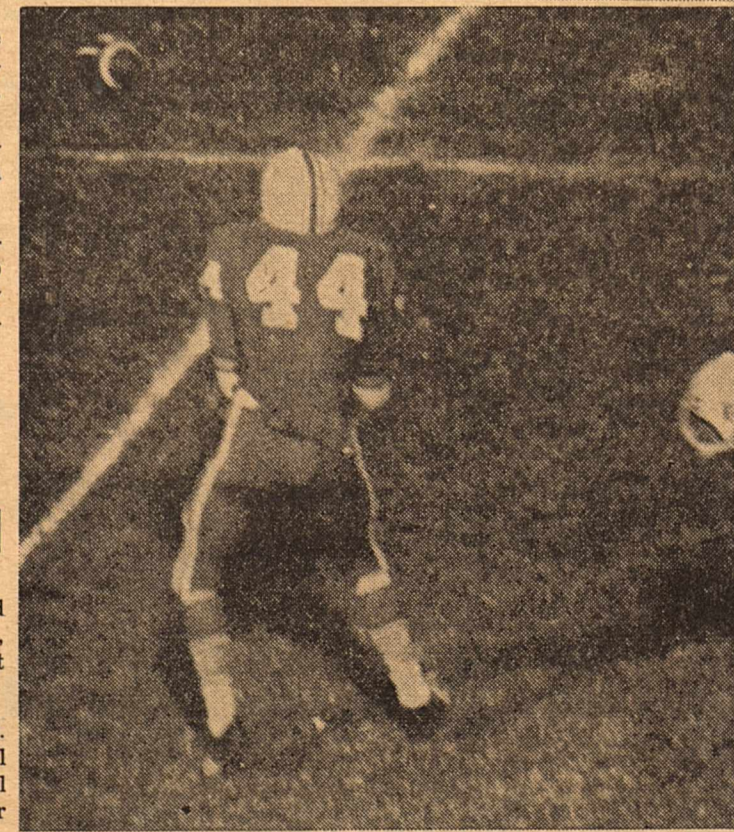

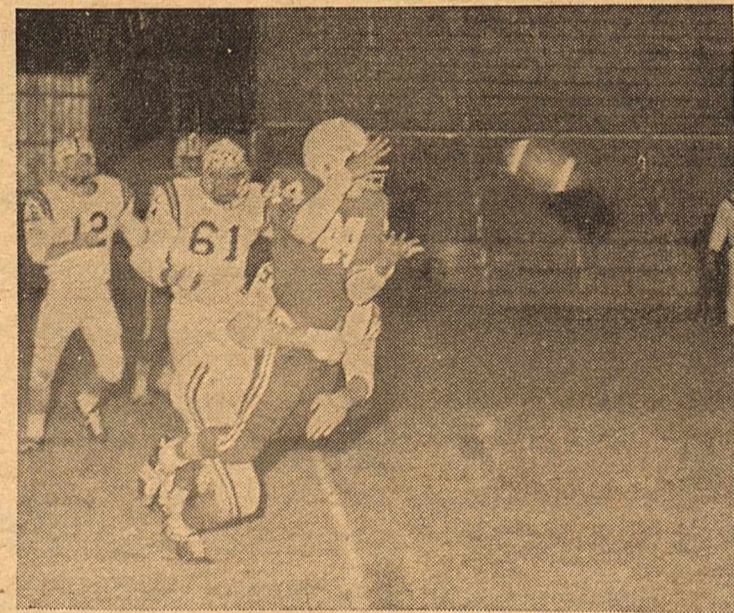

The Sheriff's Department has issued a warning to home owners to inform their neighbors when they leave town and to report any incidents with prowlers.

Services Held Here For Sonoran's Child

The five-year-old son of Mr. and Mrs. Cleofas Quiroz, Cleofas Jr., died December 8 at McKnight Hospital in Carlsbad.

Funeral services were held at St. Ann's Catholic Church with Cecil Kleber O.F.M. officiating. Burial was in Sonora cemetery, December 11.

He is survived by his parents, two sisters and his grandfathers.

BRONCO END, Noe Chavez, is tackled moments before he attempts to catch a Laney Cook aerial. Later, he was in the clear to

make a crucial reception against the Forney Jackrabbits, one of 17 completed by the Bronco receivers.

PETE MARTINEZ

Bandsman Chosen For Senior's Band

Sonora High School band member Pete Martinez, has been selected for East Texas State University's senior band.

According to band director, Charles Brown, East Texas State each year selects the top 200 high school band members from Texas, New Mexico, Louisiana, Oklahoma and Arkansas to perform at the college to honor their outstanding achievements in their school bands. The event will be held January 14 in Commerce.

Martinez is the son of Mr. and Mrs. Pedro Martinez.

Spirits Ride High On Bronco Victories, Sales Plumme

Strong Christmas sales and a winning football team don't go hand in hand, Sonora merchants are discovering.

Shelves are stocked heavily with Christmas gifts, but the merchandise is just not moving, explained one merchant. He estimated his business would be off 20 to 25 percent this year.

Enthusiastic Bronco fans have followed their winning team to Andrews, Snyder, Austin, and Saturday will follow them to the state playoffs in San Marcos. Some of the trips are Christmas gifts, but even when not designated as a gift, the trip, the meals, the lodging, all take money out of the budget that would otherwise be marked for Christmas spending.

"The merchants are 100 percent behind the Broncos. It's a once in a lifetime occasion for all of us," said one store owner. "I only hope that there's a lot of last-minute shopping to bring up sales."

1967 Tax Increase A Sure Thing

Editor's note, The Devil's River Philosopher on his bitterweed ranch on Dry Devil's River views the 1967 tax prospects this week.

Dear editor:
According to an article I read in a newspaper last night which somebody threw out of a car near this bitterweed ranch earlier in

Saving Bond Sales Grow By \$1,601

George H. Neill, Chairman of the County Savings Bonds Committee, has announced that bond sales in Sutton county totaled \$1,601 during the month of October. Sales for the first ten months totaled \$16,027 which is 53 per cent of the 1966 sales goal.

During the month of October, Texans purchased \$13,520,322 in Series E and H Savings Bonds. This is an increase of 13 per cent over the same period of 1965. Total sales to date amounted to \$128,194,374 which is 87 per cent of the state's goal of \$147.5 million.

"A \$25 Bond purchased for \$18.75 for example, is a gift that keeps on giving. Attractive gift envelopes are available at all banks. Savings Bonds aid in control of inflation and support our men in Vietnam," Chairman Neill stated.

Production Figures On County Released

Texas oil production reached the one billion barrel total in 1965 for the first time since 1957, figures compiled by Texas Mid-Continent Oil and Gas Association show.

Sutton County had a 1965 crude oil production of 4100 barrels to bring its total to 127,000 barrels since its first discovery in 1943. Its 1965 production rate averaged 11 barrels a day.

the day in violation of the Keep America Beautiful program, although personally I have never considered a copy of the "Devil" any unsightlier than a lot of other items I could mention, including me and some other men I could name and you wouldn't print, in fact, if you kept the Keep America Beautiful slogan one hundred per cent it'd keep a lot of Congressmen off of television and a lot of lesser men off the streets; at any rate, according to this article some expert has predicted there's a "fifty-fifty" chance taxes will be raised in 1967.

This man obviously is in the dark. I'd say the chances are 100 per cent.

Not only for next year, but any other year you want to pick out. Understand, I'm not saying there is anything wrong with it, but as far as I can tell taxes have gone up every year since the nation was founded, despite the fact two-thirds of the office holders have been elected on a platform to reduce them.

And actually most of them believed they could, until they got in and found out how many people want their taxes reduced and the other fellow's raised. Most Americans demand a good road to the court house to travel in comfort when they go there to demand less spending. I know a big city that tried to economize by sending one man to Washington to ask one committee to lower taxes and another to appropriate half a billion dollars for a waterway in its area. Some spendthrifts would have sent two men.

I'll admit that occasionally some taxes are reduced, but it's only temporary. The practical man remembers that taxes, like truth crushed to earth, will rise again.

Yours faithfully,
J.A.

Increase In Amount Of FHA Loans Set

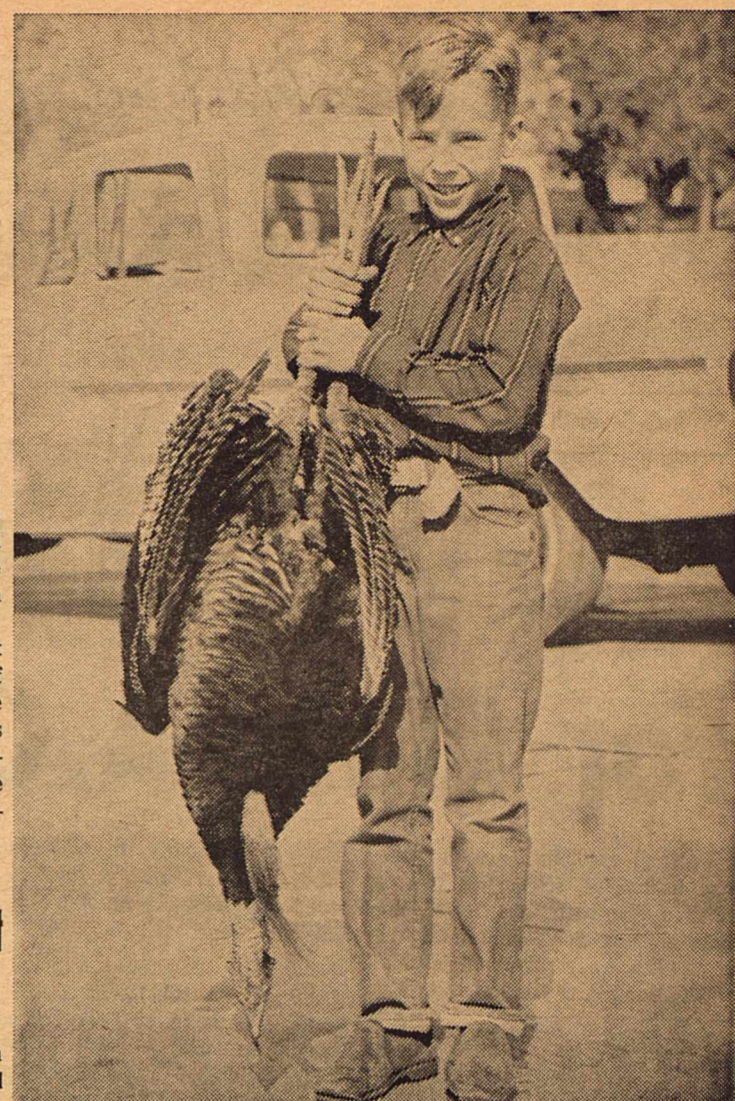

Farmers Home Administration offices have recently been notified that the loan limit for Economic Opportunity Loans has been increased from \$2500 to \$3500, according to Patrick F. Sullivan, County Supervisor of the San Angelo Farmers Home Administration office which serves Tom Green, Crockett, Irion, Reagan, Schleicher, Sterling and Sutton Counties. The FHA is a branch of the U. S. Department of Agriculture.

Sullivan said the loans bear 4 1/2 percent interest and are repayable over periods up to 15 years. It is not necessary to be a farmer to be eligible. Low income residents of a town under 5500 population or families living in the open country and low income farmers may be eligible.

The objective of the Economic Opportunity Loan is to enable low income rural families to produce and maintain a higher income and thereby generate at least a modest increase in their level of living and make some improvement in their financial situation. This is accomplished by assisting eligible applicants to become established in some needed business, trade or service in their community.

Examples of some of the businesses and services for which loans have been made are beauty shops, barber shops, restaurants, grocery stores, garages, welding equipment TV and radio repair, tools and equipment for painters and carpenters, recreation halls, portable sheep and goat shearing equipment, fence building equipment, shoe repair, tools and equipment for lawn maintenance, and laundry equipment. Most any needed business or service is eligible if it has reasonable prospects for success.

The San Angelo FHA office is located in the West Twohig Building.

The Wesleyan Service Guild met in the fellowship hall of First Methodist Church Monday night. Mrs. E. D. Shurley, president, called the meeting to order. Mrs. Dennie Hays was in charge of the program. Mrs. Lois Nolan and three of her students put on the program. They were Margaret Bundy, Cecile Johnson and Cindy Lambert.

Twenty three people were present. Hostesses were Mrs. John King, Mrs. Autrey Bridges and Mrs. Gus Redman.

Gas Danger Rises In Winter Weather

With the heating season just around the corner, the Texas Safety Association once again warns home owners of the dangers of carbon monoxide poisoning. "Odorless and colorless, carbon monoxide can render a person groggy or unconscious before he is aware anything is wrong," warns J. O. Musick, General Manager of TSA.

Absorbed into the body faster than oxygen, carbon monoxide causes the brain to become oxygen-starved, with death following on the heels of unconsciousness," Musick explains.

"The symptoms are sleepiness, nausea and headache. But these come on rapidly and by the time the victim begins to realize he has a problem, his mind is too foggy to function effectively," he warns.

The safety director lists several precautions which can help to prevent carbon monoxide poisoning: Check chimneys and other devices where fumes are vented to make sure they have not become blocked with debris, such as bird nests.

Make sure gas furnaces and space heaters are properly vented and periodically maintained.

Always sleep with the bedroom window open at least a crack to circulate fresh air.

Never start your car in a closed garage for any reason.

"If you have any indication that you may be breathing carbon monoxide gas, get to fresh air immediately," Musick concluded.

A Parson's Eye View of Sonora

by the Rev. Ross T. Welch
This is one of those weeks when the Parson wonders why he ever committed himself to a Monday deadline. But someone with editorial privileges needs to comment on Saturday night's football game, which should have decided the State championship, according to the boys in the press box Saturday night. Plain news reporting is not enough.

That game had every element to make for a dramatic evening and an exciting game. The first half was pretty much a stalemate. Brute strength on the ground scored as many points as the left-handed artistry of Laney and his boys could put together through the air. When we scored the first TD someone from Forney said, "That is the second time this season that Forney has been behind on the scoreboard." But they will get more accustomed to the feel of being in arrears before another football season begins and they start their career in AA. With a team made up of many seniors—it may be a good thing they are learning that pounds on the scales do not always put scores on the scoreboard.

But in the last half, the effects of what we have chosen to call the Broncos' "secret weapon" became evident. Once the Jackrabbits were ahead—we assume they thought the game and the championship were theirs. But they did not take the Sonora spirit into account.

Our Broncos played the second half, as Clint Langford said, "like professionals." They did not show the weariness of the bruising they had to take the first half. They were literally Bush-ed. (For those who did not notice—Forney had a battering ram by the name of Bush.)

This is the first time we had seen the Jackrabbits play, but they had apparently bulldozed their way to the semi-finals on the brute force of a team that would have weighed in pretty well with a college team.

The score-keeper who sat beside me in the press box commented on the Forney attack, "They certainly play without imagination." Strategy paid off well for the Broncos again. We believe—not only that they will win against Schulenburg—but that they would have a fair chance to win if matched against the winners in AA, AAA or even the Angry Orange.

This is not to say we think they should take Schulenburg for granted. We have pointed for Forney so long that it is a tremendous relief to have them behind us, but we have to remember that Schulenburg will come into this game, the under-dogs, but hungry for a state championship. Schulenburg is south of LaGrange in Fayette County.

We play at San Marcos—again at the late hour of 8 o'clock. Having lived in New Braunfels let me suggest that if you leave fairly early you might go past Boerne on the San Antonio Highway then turn left on Highway 46 and eat in one of the famous eating places in New Braunfels just a few minutes from the gamesite. If the editor will permit some free advertising we might mention a few names: Schwamkrug's, on the highway as you go into town; we hear they have re-opened the Hotel Faust Dining Room downtown (if you like style), or Krause's Cafe—if you just like plain German food; if you are not in a hurry and want to dine in front of a roaring log fire ask the way to Town and Country Inn, a mile or more out toward the new Canyon Lake; the Smokehouse is just off the highway north of town (toward San Marcos) and some of the new motels have good dining rooms.

Most people of German descent like to eat and eat well so you can find some good eating places around most settlements like New Braunfels.

Win we must, but win or lose—

we know a good many who will breathe a sigh of relief once they are safely home from this week's game. These play-offs have made a tremendous financial drain on the community. We know the younger members of the squad are going to start thinking in terms of another state championship in 1967. Some business men have shook their heads and said, "We don't know if a small community like Sonora can afford to sponsor two state championship teams hand running." But of course the one who said this would be the first to back the next team 'all the way.'

certainly beat walking out to KCKG this morning at 6:30 a.m. By the way—speaking of KCKG—we wonder how many months we are going to have to be here before Albert gets it straightened out which church we try to serve as pastor. If Albert were anything but a Methodist, we could understand? ***

Felt sorry for the young lady who was taking Sonora and giving 12 points. The margin was only 11. Our guess for Saturday's game (no money involved) is 7 to 40, Sonora over Schulenburg.

How about that game with Foreney Saturday night? Wasn't that something! Now our BRONCOS have won semifinals. That means they must be pretty(?) good. Let's hope they make it to state.

Saturday night's game drew quite a few SHS graduates to Austin (along with quite a crowd from Sonora). Some Sonora ex's who were seen there were Bill Elliott, Ray Glasscock, Gary McGilvary, Dick Hardgrave, Buck Bloodworth, Charlie Howell, Mike Wuest, Eddie Howell, Betty Jack Cooper, Carla Whitworth and Tommy Doc Raye. Former Sonora residents who were seen there included Dorr Scherz, Brenda Parks, J. T. Evans and Grady Roe. Brenda and Dorr both live in Austin. Brenda is going to school at Texas University. J. T. now lives in San Antonio, but I can't remember where Grady calls "home".

Brenda McCutchen, Jackie Cargill, Tommie Lyne Smith, Yvonne Young, Nedra Raye and "Hoot" Hearne were all in San Angelo Saturday to take their ACT tests. They saw Chris Frizzell there taking the tests too.

Tommye Lyne Smith, Charlie Joe Taliaferro, Jackie Cargill and Junior Seydler spent Saturday in San Angelo.

Friday the football boys received their jackets and sweaters. The senior boys received knit jackets instead of the regular jackets if they wanted them. The cheerleaders also came in Friday but without the "S's". The girls are waiting impatiently for them to arrive. The band jackets also got in. Sonora plays in the state finals Saturday night at 8 p.m. The game will be in San Marcos at the university stadium. Support the BRONCOS—be there!

Rabid Animal Bites Child in Ozona

A rabid ringtail cat raided hunting camp grounds south of Ozona and attacked a small child, reports District Chief Bill Sprott of the Texas Parks and Wildlife Department.

The family rescued the 3½ year-old boy, whose home is at Mesquite, and destroyed the varmint.

The ringtail's head was sent to the State Health Department where definite proof of rabies was established. The child, otherwise unharmed, immediately began taking rabies shots. The incident followed an early warning by the Department cautioning outdoor visitors to suspect fraternizing wild creatures.

Sprott reported in this instance the ringtail, normally a shy, secretive animal slightly larger than a squirrel, leaped from the underbrush and inflicted deep wounds with its teeth on the boy's knee.

The disease of rabies is medically described as an acute, often fatal, infectious affliction of the central nervous system occurring chiefly among carnivorous animals particularly dog and wolf species.

The disease is rarely fatal among humans since curative injections commonly available are effective if taken in time, according to the Department.

Texas has just enough of the tragic incidents such as that near Ozona to prompt public service

authorities to maintain a fairly constant alert on behalf of the mounting outdoor conscious throngs.

"Therefore the Lord Himself shall give you a sign; behold a virgin shall conceive, and bear a son, and shall call his name Immanuel." Isaiah 7:14.

These words were spoken to King Ahaz by Isaiah in one of the King's darkest moments. The king was surrounded by enemies that greatly outnumbered his small army. There seemed to be no hope

for his country, but Isaiah told him not to worry God was with him and would take care of him. To further assure him Isaiah gave him this prophecy of the coming of the Savior.

The Savior would be born of a virgin. This would be a miracle, but with God all things are possible. We need to be reminded of this fact also. Even today God heals, provides, and protects His believers in a miraculous way. It is impossible for any living human being to question God's miraculous power, because their very life is a miracle.

Isaiah prophesied this son would be Immanuel, which means "God with us." Jesus later confirmed this saying, "I will be with you always even unto the end of the world." God is with us each day of our life this we know, but we are especially aware of this fact during the Christmas season as we hear about the birth of Jesus. God sending His son into the world to be our Savior assures us of His great love.

This should be a season of worship and praise. The events of that first Christmas affects the life of every person in our community. Christmas tells of the Savior which everyone needs, because all are sinners. To those that ignore the true meaning of Christmas there will be only a shallow joy, they will miss the real lasting peace which it brings. Those that worship the Savior will find Christmas joy that lasts all year.

May your Christmas activities center around the manger in Bethlehem this Christmas as you worship Jesus the promised Savior. He alone can bring peace to men's troubled hearts. Amen!

Christmas Music, Film, Presented At P-TA Meeting

Education and Christianity was the theme of the December 6 Parent-Teacher Association meeting. The high school chorus under the direction of Mrs. A. E. Prugel and Mrs. James Wilson presented special Christmas music during the first part of the program.

The Rev. Rollin Polk under the sponsorship of the Sonora Ministerial Alliance showed the group a film on how our present bible had developed through the years from the Old Testament days to the present.

Guidance

"The Lord shall guide thee continually."
Isaiah 58:11

The pathway to goodness is not marked with neon and no messages are written against the sky. Yet, the way is clear and open.

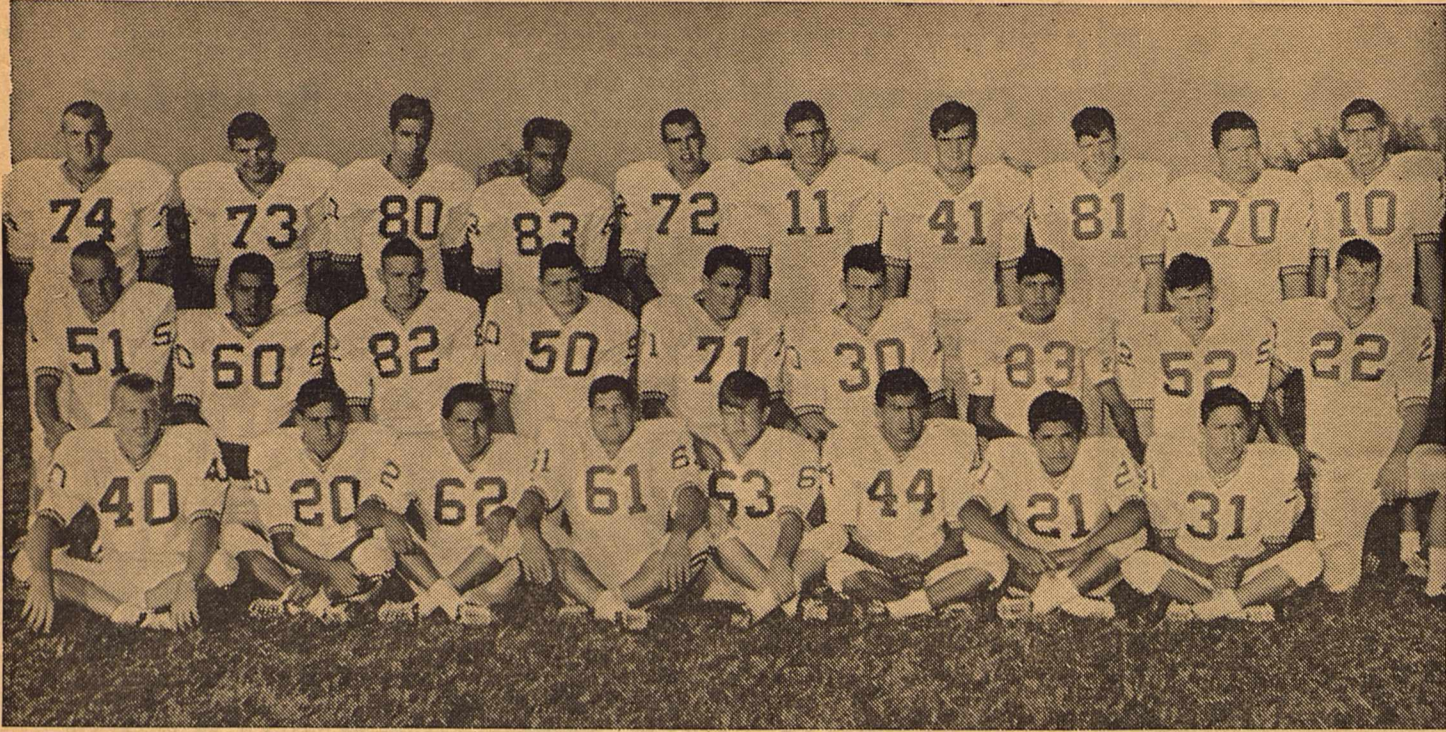

We must look first to the example of the life of Christ upon earth. The life of Christ upon earth set for man the perfect example of a life of dedication and service.

We have, in the teachings of Christ, all the guide lines that we need. If you would strengthen your faith, if you seek guidance, read the word of God, turn your thoughts more often to the teachings of Christ, your footsteps more often to the open door of the church.

Boys Ranch Party Scheduled Dec. 18

On Sunday, December 18, West Texas Boys Ranch will observe its 20th Christmas. It was organized in 1947, with one boy. Since that time over 700 boys have been cared for by the Ranch with 70 boys now living there. The annual Christmas program will be held in the Gibson Memorial All-Faiths Chapel and will be dedicated to Dan Gibson of Snyder, Texas, long time Ranch director, who was responsible for building the Chapel, and who died last February.

Following the 7:30 Christmas program in the Chapel, the West Texas Boys Ranch Drama Club will put on the Interlude from Shakespeare's Midsummer's Night's Dream in the

Ranch dining hall. The interlude has been specially rewritten into a Western setting by Angelo State College Student, Roger Richards, who is directing the play. Refreshments will be served by the Downtown San Angelo Opt-Mrs. Club who have baked over 50 dozen cookies and prepared 15 gallons of punch for the occasion.

The public is invited to attend the Christmas Program at the Ranch 17 miles west of San Angelo on US 67. Over 200 persons attended the program last year.

The boys will have their Christmas trees in their dorms Friday, December 23, before departing on short Christmas leaves.

The ranch is supported solely by free-will donations and contributions of the public.

Morris H. Craig, Executive Director of West Texas Boys Ranch has extended a special invitation in behalf of all 70 boys for the public to attend the special Christmas Program, December 18, at 7:30 p.m.

Local Girls Attend Ozona Style Show

Several local young women displayed their projects in the "Make It Yourself With Wool" contest held in Ozona last weekend.

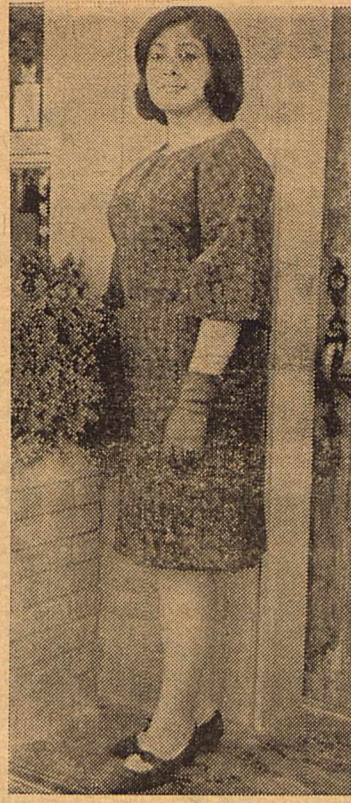

Those participating in the fashion show and contest were Misses June Alexander, Janice Sutton, Adelita Lozano, Gloria Gonzales, Mrs. John Mittel and Mrs. Irene Gomez.

Each girl entered a fashion design made of wool either of her own design or from patterns.

The event was held in the Civic Center Auditorium and featured a luncheon for the contestants in addition to the fashion show.

IRENE GOMEZ models her original design consisting of a serape-like cloak with a dress designed for dance wear.

MODELING in Ozona Saturday at the Make-It-With-Wool Contest was Adelita Lozano, 18, a Sonora High School senior. The American wool dress she made for the contest was brown with magenta and shades of green and featured hidden seams and bell sleeves for the 1966 look. Brown shoes and gloves were accessories.

Sims In Vietnam

Mrs. Brown Sims has received word from her son, Michael, that he is now stationed off shore from Vietnam aboard a rocket-launcher.

He was first stationed in Japan but was there only a short time before leaving for duty in Vietnam.

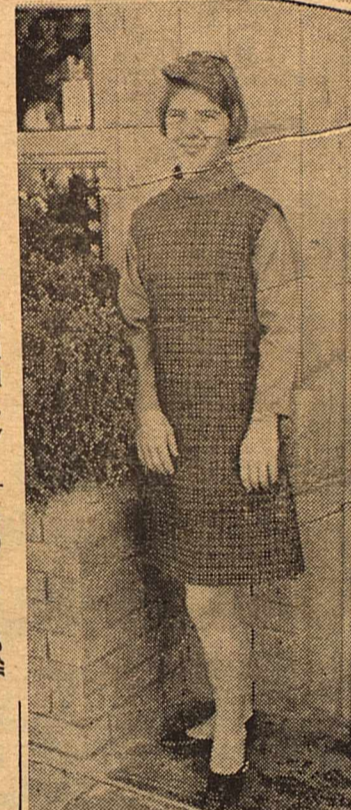

4-H Club Meeting Scheduled Dec. 22

The Sutton County 4-H Club will hold its regular meeting at the 4-H center Thursday, December 22, at 9 a.m.

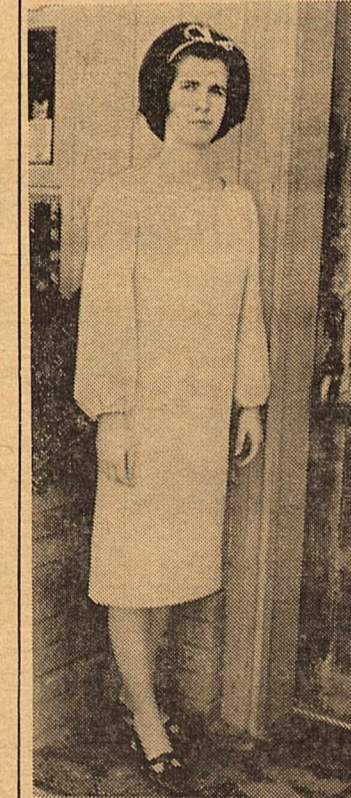

Allen Turner, Menard County Agent, will put on a lamb trimming demonstration beginning at 9 a.m. and Jim Gray, Extension Sheep and Goat Specialist, will elect the finewool fat lambs that will be entered in the Odessa Fat Stock Show at 11 a.m.

Club members will also draw for sale position for the annual Sutton County 4-H Livestock Show which will be held January 14.

This meeting will count as the regular December 4-H meeting and all members and parents interested in fat lambs are urged to attend, according to Clint Langford, county agent.

JUNE ALEXANDER modeled this wool jumper of light blue, navy blue and olive green plaid at the Make It Yourself with Wool Contest in Ozona Saturday. Her blouse was olive green and shoes were black.

JANICE SUTTON'S entry in the Make It yourself with Wool Contest in Ozona Saturday was this wool, long-sleeved dress with neckline and cuffs piped with satin.

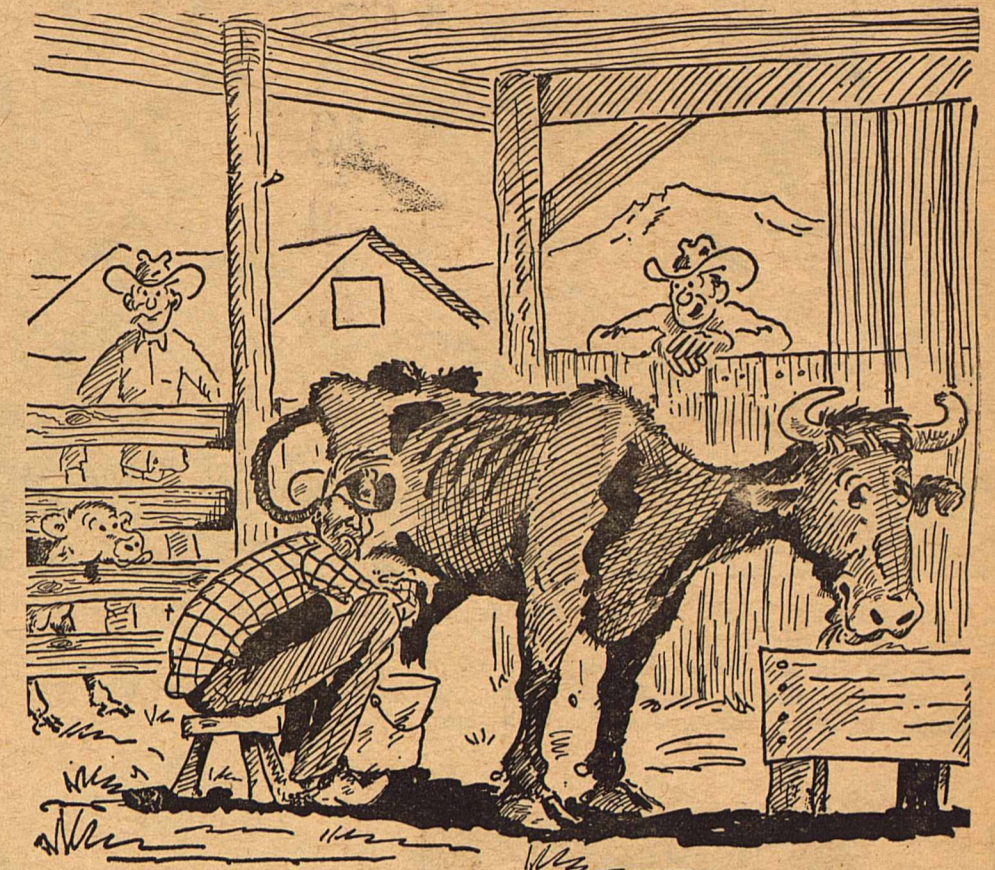

Sonoran Presented Award By Lodge

Sonora rancher, Alvis Johnson, was presented with a pin and certificate in recognition of his 50 years of membership in Grand Lodge.

The presentation was made at a meeting of Grand Lodge in Waco last week. With him at the meeting was E. B. Keng, H. B. Smith and Jim Menzies.
