Important Decisions Face Sutton County Ranchers

by E. B. Keng, SCS Technician
The year of 1967 has been a difficult one for most ranchmen in the Edwards Plateau Soil and Water Conservation District.

Following a wet August and September in 1966, the rain abruptly stopped in October and the eight-month period following was one of the driest on record.

Spring rains were non-existent and summer rains have been adequate for grass production on only a few areas. The extremely dry winter necessitated a heavy feed bill, and with the absence of any green feed, most ranchmen were disappointed with livestock's response to feeding. The poorest

lamb and kid crops in many years accompanied the heavy feed costs.

To complicate the economic situation, goat prices crashed to a new low since the 1933-34 period. Though many goats have been sold, many ranchmen have been reluctant to sacrifice breeding stock at a fraction of their recent value.

Even though the lamb market was relatively good, many lambs had to be sold weighing only 40-60 pounds per head.

The calf market was very favorable and many calves were marketed earlier than usual, but weighed only about 250-400 pounds.

An important question facing ranchmen is, "Where do we go from here?" Though general rains and the best rain of the year fell on most areas the latter part of July, the range grass picture is changed very little. High August temperatures are not favorable for grass growth and several good consecutive rains are necessary to start and sustain substantial grass growth.

Ranchers are facing crucial decisions on livestock adjustments during the next few days. An abnormally wet August and September, followed by a wet winter, would solve many problems.

If the weather follows average or below average patterns for the

next few months, however, forage production for winter use could well be below normal. Cool nights in late September and October do not permit good growth, even with abundant moisture.

Another important factor in making livestock adjustments is the value of some old vegetation on the ground when the drought breaking rains do fall. "It's the rain you keep that counts," and ground cover is invaluable in trapping the rainfall.

Final Rites Held For Linda Franks

Funeral services were held in First Baptist Church for Linda Gayle Franks, 17, Sunday, August 6. She died Friday, August 4, on the Glasscock ranch in southwest Val Verde County. Burial was in Sonora Cemetery.

Miss Franks was a junior at Sonora High School and had lived here all of her life.

Survivors include her mother and stepfather, Mr. and Mrs. James Glasscock; two sisters, Miss Virgie Franks and Mrs. Pat Tyler, both of San Angelo; three brothers, Wesley and Andy Franks and Jamie Glasscock; and her grandmothers, Mrs. Wesley White and Mrs. Fannie Franks.

Pallbearers were Monte Dillard, Al Elliott, Dick Hamilton, Gary Harrell, Ed Lee Renfro, Jimmy Morris, Mitch Trainer and Mark Jacoby.

The Rev. Rodney C. Dowdy, pastor of First Baptist Church, conducted services.

CINDERS

by Jim Barnett

Both O. C. Fisher, representing the 21st District of Texas in the U. S. House of Representatives and Texas Senator, John Tower, have condemned the Newark and Detroit riots of last week. Both agree that the twin incidents were unparalleled domestic crises.

Congressman Fisher said, "Now the apologists are hard-pressed to explain why it all happened. The old stock excuse—poor housing, poverty, police brutality, and unemployment, have developed a hollow sound. Yet, these excuses are being dusted off, embellished, and fed to the public once again."

The truth is that the U. S. Government has pumped \$41-million in poverty money into Detroit and has spent more on slum clearance and public housing in that city, per capita, than in any other American city. Yet Detroit Negroes burned down \$200-million worth of buildings, caused 38 deaths, and looted 1200 stores, Fisher said.

In Newark \$18-million in poverty funds were scattered among the Negroes and a few others there, along with vast outlays for housing. The Negroes there caused 84 to be killed, more than \$100-million in property damage, and they looted hundreds of stores during the riot, he concluded.

Senator Tower said, "Under no circumstances can riots, arson, looting and murder be tolerated. The basic right of every American is the right to be secure in his home and his person under protection of his laws. Those laws must be enforced against outlaws. 'Likewise,' Tower said, 'Every American has the basic responsibility to obey the laws. Nobody has a right to hurt another American or to damage another's property. Rioting in the streets is not an American solution to any problem of whatever magnitude.'

Tower added, "Americans need not rob and assault, for there are open to Americans ever improving opportunities to achieve success through cooperation with their fellow men, through study, and through work. And we will continue to improve those opportunities for all our citizens."

Americans need not riot for rights, for there is open to all Americans the massive weight of the law which prescribes and encourages orderly, effective redress of grievances, he said.

Pat Brown Named Outstanding Airman

Airman Third Class Pat J. Brown, son of Mr. and Mrs. Pat Brown, has been named outstanding airman in his unit at Perrin AFB.

Airman Brown, an electrical power specialist, was selected for his exemplary conduct and duty performance. He is a member of the Air Defense Command which provides aerospace defense against hostile aircraft and missiles.

He is a graduate of Sonora High School.

His wife is the daughter of Mr. and Mrs. Jose A. Lujan of Grand Falls.

Hopkins, Johnson Win Weekend Golf Tourney

Sonora's Jerry Hopkins and George Johnson defeated San Angelo's Sonny Perez and Blackie Howard in a sudden death playoff for the championship flight

title in the Sonora Golf Club's annual lowball partnership tournament Saturday and Sunday, August 5-6.

Over 50 teams, in four flights, competed in the tourney. Prizes were awarded to the first four winners in each flight.

After Perez and Howard won the second place title in the championship flight, Hodgens and Molinar of Alpine were awarded third place. Hank Jordan and Sam Conner of San Angelo won fourth place.

In the first flight Elbert Whitehead and Ken Malone of San Angelo won first place followed by Dyer and Webb of Marfa. Montgomery and Berger of Ozona took third and Williamson and Williamson won fourth place.

Second flight winners were Webster and Williams of Ozona with Cates and Bledsoe of San Angelo in second. Kyle and Williams of Ozona won third and Legg and Keel of Ballinger placed fourth.

In the third flight first place went to Francis Archer and Bud Smith. Second place was won by Fowler and Bradshaw and third place by Cullen Luttrell and Lee Patrick. Vinson and Crane took fourth place.

Water Use Soars

Sonorans used a record 36,946,889 gallons of water between June 15 and July 15, according to R. M. McCarver, manager of utilities. A favorable water rate — \$3.50 for the first 8,000 gallons and 15 cents per thousand gallons additional — is credited with encouraging watering of yards in the summer. Some towns charge as much as 50 cents per thousand.

Winter consumption dips to between 10 and 12 million gallons in February.

A RUNAWAY TRUCK, driven by Orrin Vanhoose Smith, 63, of Artesia, New Mexico, lost its brakes on the hill approaching the eastern city limits Friday, August 4. According to Byron Smith, investigator for the Department of Public Safety, the driver steered the truck into the Concho Street cutoff instead of continuing on U.S. Highway 290. The truck knocked

down several trees in the block North of the highway and collided with a car owned by Journey Welch, as he backed out of a vacant lot. Welch was injured slightly, according to the investigator but Mrs. Welch was not injured. The truck stopped after hitting a utility pole in the back yard of the Fred Adkins home.

FRED ADKINS DISPLAYS the remains of his back yard fence and banana tree which were destroyed by the runaway truck. The truck traveled approximately 200 yards before stopping in the Adkins yard.

City Commissioners Set Taxes, Approve Paving

The City Commission has approved a new tax rate to go into effect October 1.

Action was approved in the Monday, August 7, regular meeting. All members were present.

The rate will be \$1.35 per hundred dollars of assessed value. Of that amount, \$1.25 will be placed in the city's general fund, with 10 cents going to a sinking fund. The tax rate has been the same for several years.

The city budget has not yet been approved pending a study of salaries for city employees. Commissioner W. B. McMillan said he felt the city employees needed a raise but he was not in favor of an "across the board raise." Some employees have already been granted recent raises.

The Commission favored studying the problem. McMillan said a decision will be made before September 1.

A petition was made to the commission expressing the need for paving on West 1st Street near L. W. Elliott School. The project was approved with the stipulation funds from the citizens owning property fronting on the street be placed in the paving trust fund. The city will match the resident's costs.

Mayor A. E. Prugel said the city would try to begin the work as soon as the funds had been paid, but there might be a delay until they could secure a paving firm to contract for the work. He said that the work could possibly be done this fall.

Appreciation Dinner Held Sunday In Honor of Mr. and Mrs. Rex Lowe

A crowd of more than 225 attended a farewell dinner at the 4-H Center Sunday for the Rex Lowe family. The occasion was in appreciation for the more than 20 years the Lowes have served First Baptist Church and Sonora.

Lowe is former Sonora Superintendent of schools, and his wife has taught here for a number of years. Both will be in San Angelo schools this fall. He will be a principal, and she will teach.

Mr. and Mrs. Lowe have worked in the First Baptist Church as teachers, youth leaders, and church musicians, according to Mrs. Rodney Dowdy. Mrs. Lowe is the daughter of a former pastor of the church, J. E. Eldridge.

The stage of the 4-H center was decorated as a fireplace, a feature of the Lowes' new home. A set of fire tools, andirons and accessories were given to the family by the First Baptist Church. The inscription, from Philipians, read, "We thank God upon every remembrance of you." Guests were invited to bring firewood to kindle

memories of Sonora.

Mrs. Rip Ward, the first Sonora Sunday school teacher of Mrs. Lowe, made the presentation.

Joe Lane opened the dinner with the singing of the Doxology, and the Rev. Rodney Dowdy, pastor of the First Baptist Church, gave the prayer. Mrs. A. C. Elliott provided piano music during the meal.

Arrangements were under the direction of the special events committee of the First Baptist Church, said Mrs. Dowdy.

George Wright Plans To Teach In Saudi Arabia

George Wright, a 1955 graduate who played on Sonora's first district championship football team, has accepted a job as curriculum director for Trans-World Airways schools in Jeddah, Saudi Arabia, a city of 400,000. Wright and his wife, Mary Ann, and three children, Robbin, Lacey and Susan will leave August 27.

Sonora's first Class A all-star back, Wright played four years of college football and earned his masters degree from the University of Tennessee. He coached at Abilene Cooper, and Lubbock High School and was head coach at Roswell-Goddard High School in New Mexico before becoming head football coach at Spearman.

The family will spend two years in Saudi Arabia during which time Mrs. Wright will be teaching home economics.

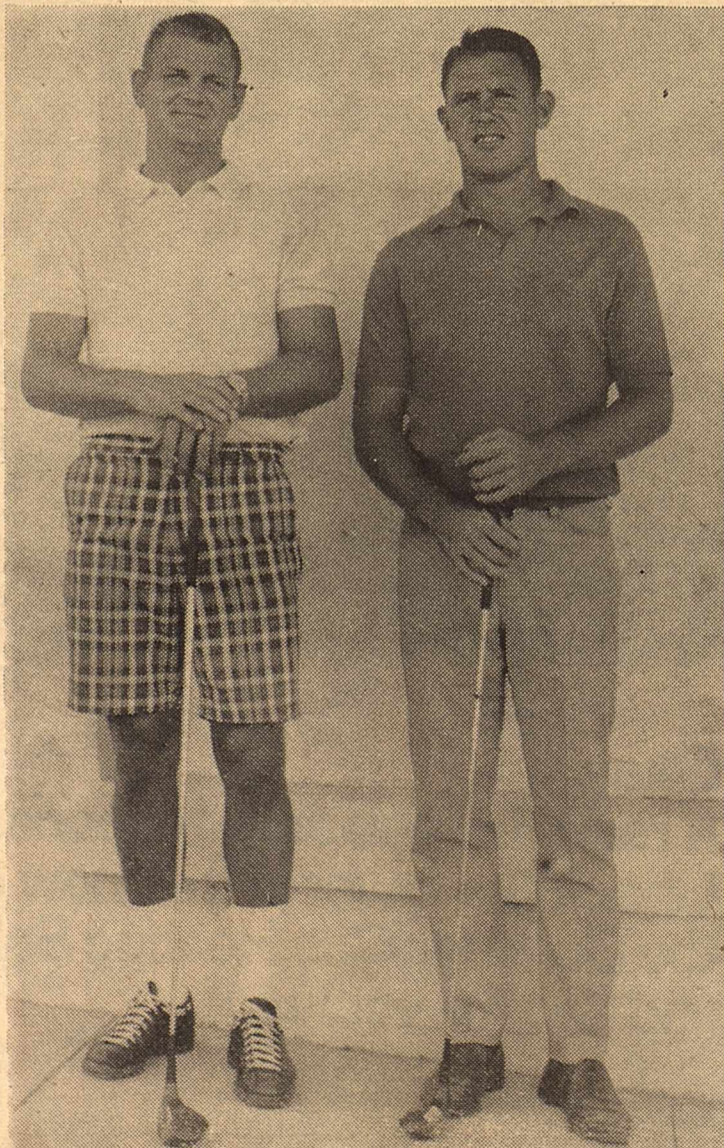

Wright is the son of Mrs. J. B. Wright.

Ex-Sonoran Named Air Force Officer

Eugene A. Brodhead, of Grand Prairie, son of Mrs. Audrey P. Brodhead and the late E. A. Brodhead, has been commissioned as a second lieutenant in the Air Force after graduation from Officers Training School at Lackland AFB.

Brodhead's father was superintendent of schools in Sonora until his death in December of 1958. Brodhead is a 1960 graduate of Sonora High School and received his BS degree from Texas Christian University.

His wife, Elizabeth, is the daughter of Mr. and Mrs. J. R. Dillard of Sterling City.

THE WINNERS! Jerry Hopkins and George Johnson won the Championship Flight in the Sonora Golf Club's annual Partnership Tournament August 5-6. They were awarded the prize after defeating Sonny Perez and Blackie Howard of San Angelo in a sudden death playoff of their tie scores.

The Hazards of Home Fires

With the approach of the Fall season one of the most formidable hazards experienced by the home owner follows close at hand . . . fire.

Three-fourths of the more than 14,000 fires which will strike Texas homes this year are caused by carelessness, statistics show.

The possibility of fire in the home can be reduced by making a check of potential hazards and removing them. Here are some tips on how to go about it:

- 1 - Throw out unneeded combustibles, including old newspapers and magazines, discarded clothing, old paint cans, worn-out brushes and other combustibles. Never keep gasoline in the house. Cans of paint and paint brushes you wish to keep should be kept in tightly closed metal containers.
- 2 - All electrical appliances should be checked to see if they are in good condition. Replace cords that are worn or frayed. Have needed electrical repair work done by a qualified electrician. Be sure that cords and appliances have the label or marker of Underwriters Laboratories. Only 15 ampere fuses should be used in the fuse box for regular household lighting circuits, and never substitute a penny for a fuse.
- 3 - Have your heating system checked yearly by a qualified heating man.
- 4 - Keep matches out of the reach of children and away from heat.
- 5 - If members of the family smoke, keep plenty of ashtrays around the house and empty them frequently. Be sure cigarettes and cigars discarded in the ashtray are really out before dumping in to the wastebasket. And, of course, never smoke in bed.
- 6 - Know the number of the local fire department, keeping a notation of it near the telephone. If your city has fire alarm boxes, know the location of the one nearest to the house.
- 7 - Have a fire escape plan for your home and make sure all members of the family know the details of it. Practice it. A family should be able to evacuate a typical one-family house in less than one minute.
- 8 - When employing a babysitter, tell her how to get the children out of the house in case of a fire. Be sure she realizes that if a fire occurs, she should get the children out of the house first, call the fire department next from a neighbor's telephone and then call the parents.

Although the above steps will prevent many fires, if a family does suffer fire damage, the following should be done, assuming there is fire insurance coverage:

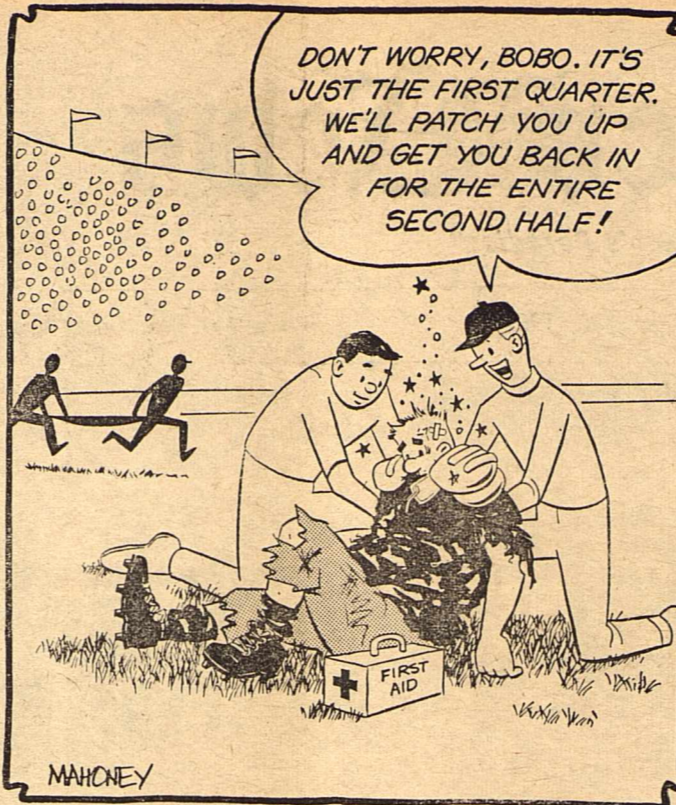

- 1 - Get in touch with your insurance agent at once. He can give you valuable advice on how to minimize further damage and get your claim processed.
- 2 - Call the utility company to be sure the gas has been shut off. It may be desirable to have emergency electric wiring run into the house. The telephone com-

pany can re-route calls to another number.

- 3 - If it is winter, emergency heating of the house should be arranged to prevent freezing of pipes or wet walls. Water used in fighting a fire may have unavoidably collected between walls and this will add to the overall damage if it freezes.
- 4 - Temporary repairs should be made to prevent further damage from wind and rain, such as covering broken windows and holes in the roof.
- 5 - Repair work should be done by a competent contractor. An inexperienced contractor might overlook damage to electrical wiring, furnace or plumbing.

The smart home owner will make an inventory of everything of value in every part of the house, before a fire strikes. Keep this inventory somewhere other than in the house and leave a duplicate copy with your insurance agent.

In order to collect on insurance for the contents of a house, a list of damaged or destroyed property must be provided the adjuster. An inventory made in advance of a loss, together with any documents showing values, will be most helpful.

DATES AND EVENTS FROM YESTERYEARS

August 8, 1957
Approval was expressed by 69 citizens in a public meeting at the courthouse for a city-county financed airport in the Sonora area. A committee of five members was elected to study the proposal.

Heavy shower clouds dropped rains on scattered parts of Sutton County last week. Most of the rainfall was in the northeast part of the county with good rains registered in the west and southwest.

NOTICE: The new ranch road 864, extending to Menard will be completed today and ready for traffic.

August 8, 1947
The Sonora Bronco baseball team snapped back into form after a disastrous two-weeks, beating the Miles Giants 5-3, at the school diamond.

Members of the ex-student association of Sonora school will gather at the courthouse for their 12th annual meeting August 24.

The Sonora Junior Bronco baseball team beat the Eldorado team 15-1, in a five inning game Thursday.

August 13, 1937
Work of installing the new fountain bought by the Sonora Drug Company was completed Wednesday to give Sonora its first modern soda fountain.

R. A. Halbert shipped 1581 cross-bred blackface lambs averaging 62.64 pounds to Dee Finley at eight cents.

Last minute difficulties in the transfer of the water system serving sonora people to the ownership of taxpayers rather than private parties became history at noon Tuesday.

65 Years Ago
E. W. Wall sold one of his ranches to Jess Thurman for \$1,250.

John Bryden came over from the T-Half Circle ranch Thursday, and says they are all right for water.

E. R. Stiff sold seven bulls to Abe Mayer for \$10 each.

A PARSON'S EYE-VIEW OF SONORA

BY THE REV. ROSS T. WELCH

Florence, Italy
Dear Friends on the Dry Devil's River,
My friends told me when I left town it would rain. I hope they were right.

We are now in Florence—where the floods did such damage. We shall spend the weekend in Rome. We have seen so much we are suffering from inspirational indigestion.

See you soon
Two Texans Abroad—

We have had almost perfect weather. We have an excellent driver and a very good tour director and have had an interesting and exciting experience.

We had an uneventful flight across the Atlantic and experienced a very short night. Amsterdam was our destination.

When we finally got our tour group together, we discovered we had a very cosmopolitan group and they have proven very compatible. Several are from Canada—two from South America—several from New York and quite a few from Texas—most from San Antonio.

They range in age from a young Canadian school girl to a World War I veteran. There are a number of teachers in the group—which shows, I guess—that teachers are getting better salaries.

In Amsterdam we visited the diamond factory (they were not giving samples), had an Indonesian dinner and had a boat ride on the canals. We visited a windmill still used to grind corn but I'm sure they get more money from tourists.

At an art museum we saw the works of Flemish and Dutch masters including Rembrandt.

Our first night in Germany was spent at Bonn, the capital.

The next day (Sunday) we rode down the Rhine River on an excursion boat. The most striking features are the vineyards on the steep hillsides and the castles on top of high hills. Height must have been a great advantage in self protection in those early days.

The next night was spent in Heidelberg—famous for its great university. Here we were permitted to visit an ancient castle that has been rebuilt three times.

The next day we passed the Black Forest and came to the Alps. Here the chief crop seemed to be hay—which they stack on poles because it is too wet to dry on the ground.

The next night was spent at Innsbruck, Austria. Here we heard native musicians presenting a mu-

The Devil's River Philosopher sez: Weather Experts Are Like Economists, Foresight is Worse than Hindsight

Editor's note: The Devil's River Philosopher on his bitter-weed ranch on Dry Devil's River reacts to some weather experts, his letter this week reveals.

Dear editor:
Some practical joker in town, apparently having read in The "Devil" last week that I wasn't in the market for tin cans and bottles wrapped in a newspaper and thrown in a ditch by the road near my ranch out here, has now left a batch of tin cans and bottles in the same place, with a rolled-up page of a newspaper stuck in each one. He didn't get the point.

Anyway, I pulled the pages out one by one and put them together and found I had a complete newspaper except for the front page, which didn't matter as one day's riots seem about like another's. There are times when the most predictable thing in a paper is the front page.

Speaking of predicting, I found on page 14 of the can-and-bottle-delivered paper (by the way, if the joker who did this will let me know his name, I have a few items I'll be glad to deposit on his front lawn in town to maintain a balance of trade) an item about the weather.

According to it, the odd weather we've had this summer such as unseasonably cool days and too wet in some places and too dry

I have thought this over and I believe what he's saying is that he doesn't understand the weather either and that it too is never normal. I get very little satisfaction out of knowing that I need a rain and it stays dry, the fault lies with a jet stream. This is like always putting the answer one step out of reach.

So far weather experts are like economics experts, they're a lot better at telling you what happened yesterday than what's going to happen tomorrow. You don't find many economics experts getting rich in the stock market or many weather experts getting rich in farming.

Yours faithfully,
J.A.

YOUR MINISTER SAYS

By Rev. Arno H. Melz

"Whatever ye would that men should do to you, do you even so to them." Matthew 7:12

Almost daily we hear a plea or a plan to end racial riots, wars, or crime. Most of these plans call for the spending of large sums of money, and perhaps a tax increase. There is a much more simple plan given by Jesus which suggests we treat others as we would like to be treated. This verse has been the pattern for the "golden rule."

This plan could settle the problems of the world, but we all realize how difficult it would be to get the communists or even all classes of Americans to practice this plan. This plan can work only among people filled with love for Jesus.

Perhaps we can not expect the plan to work in the entire world, or even in all of America, but it can work in our community. We claim to be a Christian people. Very few of our citizens would say they did not believe in God.

Since so many of our citizens claim to be Christian, this plan can and should be practiced. It must start, of course, with you and me. We in our daily lives must be ready to treat everyone as we wish to be treated. Some of the basic things we desire are:

love, understanding, respect, forgiveness, and to be treated as an equal.

The plan is simple, just treat everyone with love and brotherly concern. This practice will bring joy into your life as well as those you associate with. What would happen if you would treat everyone as you wished to be treated? You would be happier, you would have more and happier friends, and our community would be an even better place in which to live. Try it today. Amen!

Mrs. Cashew W. Taylor and granddaughters, Nanetta, Resa and Rhonda, returned to Sonora after a few days visit in San Antonio with the girls' parents, Mr. and Mrs. Royce Regeon. Regeon, who has been in New York City on a business trip, is now in Washington D. C. He was met by and visited Mr. and Mrs. Jerry Nolan of Ft. Mead, Maryland, and Keith Nolan, stationed at Ft. Myer, Va. The Nolans are nephews of Regeon and grandsons of Mr. and Mrs. Cashew Taylor and Mrs. O. L. Woodward of Eldorado.

LETTERS TO THE EDITOR

Aug. 2, 1967

To the kind people of Sonora, We usually write thank you notes to our hosts, and in this case, since we spent the night in jail, we feel indebted to the whole community. Therefore, we wish to take this opportunity to thank Deputy Sheriff Hough (and "y'all") for finding us a place to stay and making us feel so welcome. We had a wonderful evening in Sonora — playing volleyball, a guests of Hillman Brown at the drive-in movie, and talking with Jim Barnett and the charming John L. Miller.

We're off for the rest of our six-week tour of the west as Ambassadors for Friendship. We all hope to come back some day. This has been one of the highlights of our tour.

Sincerely,
Rotraud Binder (Austria)
Norene Johnson (Wisconsin)
Huong Norton (South Viet Nam)
Jane Reister (Iowa)
Anne Anderson (Norway)

When you leave home on a fishing or hunting trip always file a "flight plan". Leave your destination, address, telephone number and even your automobile tag number. You may be needed sometime in a hurry.

Tennis Tournament Set for Junction **Debby Galbreath, "Little Dandy Bee" To Compete in State 4-H Horse Show**

The Junction invitational tennis tournament will be held August 17, 18 and 19, on the courts of the public schools in Junction beginning at 9 a.m.

Deadline for entries is Thursday, August 10, and fees should be paid at that time. They may be mailed to Miss Georgia Gillis, Mudge Ranch, Junction 76849. Entrants should indicate their name, age, birth date and divisions to be entered. Fees are \$1 for singles; \$3 for doubles.

Competition will be held in boys and girls singles and doubles and adult matches will be scheduled in the same categories at night.

Entrants wishing to stay in local homes may contact Mrs. Allen Bowers, 420 South 16th Street, Junction.

Debby Galbreath, daughter of Mr. and Mrs. Billy Galbreath, will compete in the state 4-H Club horse show in Odessa August 10-12.

The show to be held in the Ector County Coliseum is sponsored by the Odessa Chamber of Commerce and is a project of the Texas 4-H Youth Development Foundation, says B. F. Yeates, Extension animal husbandman (horses) at Texas A&M University.

Registration will begin at noon on August 10. And, adds Yeates, judging of halter classes will get underway Friday morning to be followed by performance elimination classes. Class finals will be judged Saturday evening.

Miss Galbreath will show her horse, Little Dandy Bee, in the

halter class competition Friday, August 11. The top winner in each of the 15 classes will receive a trophy and ribbons will be awarded to the other nine placings in each class. All show participants will receive an engraved 4-H disc from the Ector County 4-H Club, host for the show.

GREEN NEWS

The annual Golf Club lowball partnership tournament was held here Saturday and Sunday August 5 and 6. Fifty-four teams competed in four flights.

Prizes were given to the top four teams in each flight.

Winners in the championship flight were Jerry Hopkins and George Johnson. The winner was decided in sudden death play after a tie game between Hopkins and Johnson against Sonny Perez and Blackie Howard of San Angelo. Placing in the championship flight were Sonny Perez and Blackie Howard, second; Hodgins and Molinar of Alpine, third; and Hank Jordan and Sam Conner of San Angelo, fourth.

In the first flight Elbert Whitehead and Ken Malone of San Angelo won first place. Dyer and Webb of Marfa were second; Montgomery and Berger of Ozona, third; and Williamson and Williamson, of San Angelo fourth.

Second flight winners were Webster and Winters of Ozona, with Cates and Bledsoe of San Angelo, second. Placing third was Kyle and Williams of Ozona followed by Legg and Keel of Ballinger in fourth.

In the third flight Archer and Smith took first followed by Fowler and Bradshaw. Third place went to Luttrell and Patrick and fourth place to Vinson and Crane.

A putting tournament was held Saturday night after the supper. Results were as follows: Dyer and Webb, Marfa, shot 27 aces in 72 holes to win first group pairings. Hayes and Grobe; Webster and Williams tied for second place with 23 aces.

Second group pairings was won by Buddy and Mary Lois Brown with 23 aces in 72 holes. Third group pairings was won by Luttrell and Luttrell with 16 aces.

Raymond and Lu Morgan were down for the tournament. Lu really worked hard. We got some good training on how to sell chances. Now there's one whale of a salesman.

Joe Luttrell was also here for the tournament.

Thanks to Jimmie Harris for the shade 'on the number 9 tee box.

Doing something about the weather

Everybody talks about the weather. Jack Biros does something about it.

Jack is one of 58 dispatchers with El Paso Natural Gas Company. These men control and coordinate operations of the Company's pipelines, plants, and wells throughout El Paso's 11-western-state service area so that the right amount of gas is delivered to all communities at the right time.

When cold weather strikes, the volumes of gas needed to heat homes and other buildings jump many fold in a few hours. By studying weather predictions and business activity, Jack

and the other dispatchers constantly gear operations to meet changing demands.

Production requirements are allocated to the most appropriate fields, whether located in Canada, the Rockies, New Mexico or Texas. Compressor stations, scattered over thousands of miles, and extending from the Canadian border to the Southwest are operated in unison.

Jack's skills and those of the other dispatchers in making the greatest possible use of the flexibility of El Paso Natural's system are among the reasons that the West has assured supplies of natural gas.

EL PASO NATURAL GAS COMPANY

Through its pipelines El Paso Natural serves Texas and ten other western states.

Snips, Quips, and Lifts

By Lottie Lee Baker

—Those rare individuals who look down on their neighbors are usually living on a bluff.

—Nature gives everybody five senses: Touch, taste, sight, smell, and hearing. Everybody also needs two more: Horse and common.

—The only something you get for nothing is failure.

—It doesn't make much difference which side our bread is buttered on, because we eat both sides anyway.

—If it were not for the folks you know, you would be a total stranger; hence, be friendly.

—My vacation is over, the postcarding through; the snapshotting finished—the suntanning, too. That sweet summer romance is a thing of the past, and I'm back at the office, to rest up at last!

—Too many people are inclined to judge right from wrong on the basis of which pays the best.

—During the worst days of last summer's heat wave a church in the midwest placed this item on the bulletin board: "You think it's hot here?"

—The girls in mini-skirts had "rather fight than swish".

—Briefly put, friends, money is the root of the tree of which the limb upon which we are out on is part of.

—Cornell University offers a course in farriery, the ancient art of the blacksmith.

—The Pledge of Allegiance to the flag was composed in Boston in 1892 by staff members of Youth's Companion—a then popular, young people's magazine which helped give the pledge national circulation.

—Anybody who isn't in debt these days is probably underprivileged.

Stewart Family Tours New Mexico

The Rev. and Mrs. George Stewart, Richard, and Kathryn returning recently from a 3-week vacation to the mountains of eastern New Mexico. They visited Cloudcroft and other places in Lincoln National Park and went to Cambridge Research Institute at Sunspot, N.M. where scientists study sun prominences, sun eruptions, and sun spots.

The Stewarts also went to Albuquerque and Santa Fe and saw the Indian cave dweller ruins at Bandelier National Monument.

They also visited the museum of the University of California Atomic Research Institute at Los Alamos and saw displays of various atomic research projects including propulsion research projects for interplanetary travel. After a visit to Carson National Forest the Stewarts returned by way of Carlsbad Caverns.

*Patients released during the same period.

Wedding Tips

Gifts should be assembled before the bride arrives at a shower, and she opens all the gifts at the designated time, usually before the refreshments, which are simple. Verbal thank-yous from the bride when she opens her gifts are usually sufficient, though she should write a brief note to anyone who sent a gift but could not come herself. Shower guests should be invited to the wedding, though not necessarily to the reception.

Your selection of a gift for the bride is made easy when you shop at the Ruth Shurley Jewelry. Among our many patterns and designs in silver, crystal, china, pottery, and stainless is the gift that will effectively convey your best wishes.

CRYSTAL SELECTIONS

- Viking
- Imperial
- Tiffin
- West Virginia
- Bryce

Gifts of Lasting Value

MRS. GEORGE ROBERT PAUL

Miss Jane Rank and George Paul Wed In Del Rio's First Methodist Church

Miss Jane Elizabeth Rank of Forth Worth and George Robert Paul of Del Rio were married Saturday, August 5, in Del Rio's First Methodist Church. The Rev. Milton Bohmfalk officiated.

The bride is the daughter of Mrs. Sawyer Rank of St. Paul, Minnesota, and the bridegroom is the son of Mrs. Georgia Paul of Del Rio.

Serving as maid of honor was the bridegroom's sister, Miss Betty Paul, and matron of honor was Mrs. Larry Stephens of Fort Worth.

Bridesmaids were Sharon McCarrall of St. Paul and Valerie Anne Orcutt of Chicago.

The bride was given in marriage by her brother, Sawyer B. Rank of St. Paul. Best man was W. T. Mayfield of Del Rio.

Serving as ushers were J. J. Foster, T. J. Jarrett, Martin Wardlaw, F. H. Whitehead Jr., Frank Larson, and the bridegroom's brothers, George and Lee Paul. All live in Del Rio.

The bride wore a floor-length gown with high scallops at the neck, with a crystal white English net cape over white satin accented with Alecon lace. The sleeves of the gown were graced with small bows. A silk illusion mantilla with borders and appliques of matching lace was worn.

The newlyweds were feted with a reception at the Holiday Inn in Del Rio following the ceremony.

Mrs. Paul is a graduate of Texas Christian University and was a social worker with the Department of Public Welfare before her marriage. She also attended the University of Minnesota and the University of Hawaii. She was a member of Delta Gamma social sorority.

Schwienings Entertain Guests
Visitors in the home of Mr. and Mrs. Alfred Schwiening last weekend were his nieces, Miss Lillie Martin of Leasburg, Florida, and Mrs. Joe Gentry of San Antonio

The bridegroom attended Angelo State College and Texas Christian University. He is a rancher.

The couple will make their home at San Miquel Ranch, Coahuila, Mexico.

When Jack Sinclair retired, he took his wife on a holiday cruise. They'll be home next week, and I'm certainly going to tell them how much they've been missed here at the church.

Like all ministers, I need a lot of help from my congregation to make our church a happy, inspiring place. Sinclair and his wife are just two of the many older members that keep things running smoothly. I depend on them for good ideas, for experienced administration and, very often, for a wise approach to young people's problems. In return, the Sinclairs have often told me how important their church has been in their lives, and how they both enjoy being needed.

That's one of the great secrets of life, I think... to be needed. And there isn't a church anywhere that doesn't have a real need for "senior citizens" to help with God's work.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The People's Choice . . . Six New Proposed Amendments to the Texas Constitution for Your Vote on November 11

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-Five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also author-

ize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided that a majority of the qualified property taxing voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following: "FOR the constitutional amendment allowing counties to put all county taxes into one general fund." "AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be hereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity

other than the hospital district in the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

any other office or position of profit under this state, or the United States."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which have been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior amendments hereto, except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the member was appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature."

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be prescribed by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present."

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund."

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party."

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund."

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served at least ninety (90) consecutive days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces, above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law."

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any bonds purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds."

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

quirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein."

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to amend and effectuate the design and objects of this Amendment, including the power to change such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary."

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature."

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called 'Texas Park Development Bonds' and shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein."

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law."

"Such fund shall be used by said Parks and Wildlife Department, or its said successor, for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor."

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas."

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words: "FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

ASCS Election Planned September 20

The 1968 Sutton County Agricultural Stabilization and Conservation Committee Election will be held on September 20. The election will be held by mail and all new committeemen will take office on October 1.

The ASCS committee is responsible for the local administration of all government agricultural programs. The committee — one in each agricultural county—have three regular members elected and two alternates.

Each year one regular committeeman is elected and two regular committeemen being holdovers. The regular committeeman is elected for a three-year term. Two alternates are also elected each year. Petitions signed by six or more

eligible voters, nominating persons to be placed on the ballot will be accepted in the county office. Only one name may be placed on a petition, however a person may sign as many petitions as he wishes. Names of persons nominated by petition will be included in the slate of nominees, if found eligible and willing to serve.

Any person nominated by petition, found ineligible to serve, will be notified in writing and given the right to appeal. County committeemen may make such additional nominations as are required or as it determines.

Three committeemen will be elected this year. Ballots and voting information will be mailed out in the near future.

Since Texas is a community property state all spouses of eligible voters are also eligible to vote and will be sent ballots and voting instructions.

Two Local Students Attend Workshop

Sonora High School students, Kari Eustace and Shelley Morris, attended the one-week Student Council Workshop at Trinity University in San Antonio July 30-August 4.

More than 425 students and sponsors were on the campus to gain understanding and skills in the administration of student councils. The workshop holds morning assemblies, in which Mrs. Joyce Brown of Dallas, executive secretary of the Texas Association of Student Councils, lectures on concepts, procedures, and projects in student government.

In the opening of the week's sessions Mrs. Brown told workshop participants that student council organizations must arm themselves with the weapons of effective leadership in order to produce citizens interested in being involved in solving the problems of contemporary times.

Sonora Athletes and Bandsmen Meet For Planning of New School Year

Sonora's first step toward the 1967 football season will begin Sunday, August 13, with an insurance meeting followed by physical examinations.

The meeting, to explain the coverage provided for high school athletes, will be held in the high school auditorium at 1:30 p.m. Coach Jerry Hopkins said, "I urge

all parents to be present with their boys for this meeting".

Physical examinations will be held at the field house following the meeting, Hopkins said.

In preparation for training, shoes and socks will be issued to the athletes Wednesday, August 9, and the first practice session will begin at 8 a.m., August 14.

Dates for physicals and other business pertaining to junior high players will be announced at a later date, Hopkins said.

Band Meeting
The Bronco band will have their first meeting Monday, August 14, at 10:30 a.m.

Band director, Charles Brown said, "All band members in the eighth through 12th grade should be present."

Vaccination Age Lowered by USDA For Brucellosis

The minimum age for calf vaccination against brucellosis has been lowered from four months to three months, according to a United States Department of Agriculture announcement.

Research has indicated that acceptable resistance is induced with the strain 19 vaccine on three month old calves. This early age vaccination also reduces the possibility of calves producing reactors that can confuse the brucellosis test.

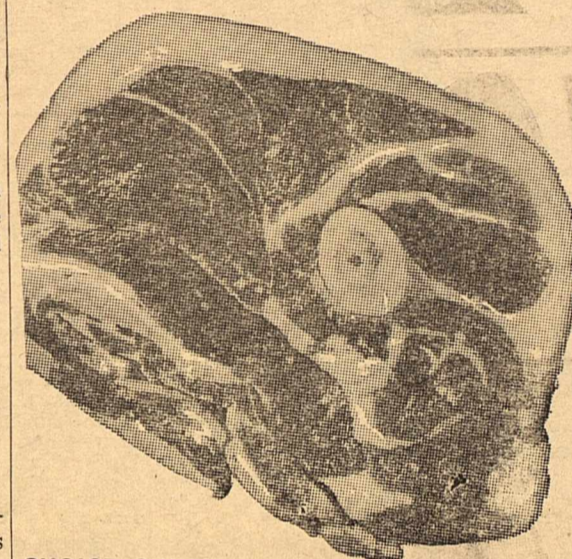

The early age vaccination is also expected to help the cattle producer because it will often fit better with his regular management practices.

The amended regulation defines "an official vaccine as a female bovine animal vaccinated against brucellosis at the age of three through eight months." If the heifer calf is a beef breed on a range or semi-range area, she may be vaccinated from three to eleven months.

The vaccination of heifer calves past the age of eight months is discouraged by the USDA because of the possibility of persistent reactors.

"Producers in Texas counties yet to enter the brucellosis eradication program should continue on this vaccination program," Dr. C. M. Patterson, Texas Agricultural Extension Service veterinarian advises. "Eliminating as much infection as possible will speed up certification when the county enters the eradication program."
