ED LEE RENFRO, Sonora's All-State halfback picks up some ground in the scrimmage against Big Lake. Mike Gosney, fullback, and Renfro were the leading rushers in the Tuesday

competition against the Class AA school. Bronco coach, Jerry Hopkins, in the foreground, acted as an official for the scrimmage.

Sutton County Shoots for Revenue Goal of \$1,250,000 from Hunting

"We're shooting for a \$1,250,000 goal in revenue from hunting in Sutton County this year," said chamber of commerce manager Bob Johnson.

Hunting season has become a big-money proposition to the people of the county, Johnson said. "Not only do the landowners benefit from leases but everyone that works for a service providing firm," Johnson added.

He said that last year's estimated income for the people of the county amounted to \$1,200,000.

Johnson said he felt the tourist trade had suffered this summer from riots in the larger cities and from the effects of the Vietnam war. He added that many people did not take vacations this year for those reasons, but they would probably not effect the coming hunting season.

"Sutton County's tourist season may have been hurt, but many of those people who stayed home during the summer will possibly go hunting this fall."

The first hunting season in Texas for 1967 will begin September 1, with open season on Mourning Doves. Sutton County's big game season will begin November 16. Bag limit on doves is 12 with 24 in possession.

According to officials of the Texas Parks and Wildlife Commission the success of dove hunters will depend strongly on the weather of Texas and the central states. Dry weather in the midwest could force the migratory doves southward ahead of any cold weather. Cold weather is another of the factors influencing the movement of

the game birds. Dry weather in Texas could possibly cause early maturation of native grass and weed seeds and could be used up before the season is over. Doves will leave a dry, foodless area quickly, the experts say.

The officials say, however, that good general rains could prolong the maturation of feed and prolong the stay of the doves in the state. At this time game wardens in North Texas are reporting no large movements of doves from the midwest states. A few concentrations have been reported in the San Angelo area.

The dry weather has had little effect on the survival of deer in most parts of the state according

to the officials. Most fatalities have been from the crop of fawns that were unable to compete successfully for forage with larger deer.

Other game animals, particularly quail, are in abundance in the area. Many ranchers are reporting seeing more quail this year than in previous years.

Mr. and Mrs. Tom Parnell of Wichita Falls and Mrs. A. O. Britt of Abilene, former Sonora teachers, visited with the S. M. Loefflers recently.

Sonoran's Sister Dies in Waco

Funeral services were held Tuesday, August 15, 1967 in Waco for Mrs. F. H. Boehme, sister of Mrs. S. M. Loeffler.

Mrs. Boehme is survived by two sons, three daughters, two brothers and four sisters.

Nelson Guajardo, Juan Gonzales and Gustavo Hernandez
Sonora's G. I. Forum Chapter Honors Three Local Members of Armed Forces

Three local members of the armed forces were honored by the Sonora chapter of the American G. I. Forum Sunday, July 23.

The three are Pvt. Nelson Guajardo, Sp-4 Juan C. Gonzales and Sp-4 Gustavo Hernandez.

Hernandez is just beginning his 12 month tour of duty in Vietnam. Guajardo is a former G. I. Forum member and is presently stationed in North Carolina.

Gonzalez has just volunteered for an additional six month tour of duty in Vietnam. He has already completed 13 months of service with the First Cavalry Division there.

Richardson was elected secretary of the Twin Mountain chapter of the Wahinkto Lodge. This lodge won an area service award for the most service and best participation.

The boys received patches to show they attended the conference.

Broncos Taste Competition In First Season Scrimmage

Sonora's new Broncos got their first taste of competition of the 1967 football season in a scrimmage with Big Lake here Tuesday, August 22.

Big Lake, class AA school, has

been picked fifth in their district, and has good depth to their team. Outstanding in the scrimmage was end Al Barnes, who proved to be dangerous as a short receiver.

The Broncos defense appeared to be strong at the both tackle and guard positions with Tom and Mitch Trainer, Alex Castro and Monte Dillard. In the defensive backfield, David Wuest proved to be strong as a pass defender.

Offensively, fullback Mike Gosney and halfback Ed Lee Renfro picked up considerable yardage. Renfro scored once in scrimmage. David Wuest and J. V. Cook will share the quarterback position.

According to the head coach, Jerry Hopkins, the offensive starting backfield will be composed of Gosney, Renfro, Ernest Barerra and Wuest or Cook.

The offensive starting line will be Nino Perez, right end; Tom Trainer, right tackle; Monte Dillard, right guard; Bill Green; center; Alex Castro, left guard; Mitch Trainer, left tackle; and Richard

Perez, split left end. Defensively, Royce Mears will replace Bill Green at the middle of the line.

Hopkins said, "Our workouts have so far been satisfactory, but our scrimmages will give us a better idea of what we have to work on."

Another scrimmage with Del Rio

Sutton Accidents Decline for Year

Traffic accidents in Sutton County have decreased to 29 during the first seven months of 1967 in comparison with 40 for the same period in 1966.

No county fatalities have been recorded thus far. One death occurred on county roads in 1966. Only 11 injuries have been recorded, compared with 14 for last year.

Property damages in 1967 due to auto accidents has amounted to \$17,180. Last year's figure for the period was \$22,400.

is planned for next week. Hopkins said a time has not yet been set.

ISAIAS ESQUIVEL

Isaias Esquivel Promoted To Sp-4

Isaias P. Esquivel, son of Mr. and Mrs. Jesus L. Esquivel, has been promoted to the rank of Sp-4 in the U. S. Army.

Esquivel enlisted in September of 1966 and is presently stationed in Qui Nhon, South Vietnam. He is a 1963 graduate of Sonora High School.

CINDERS

by Jim Barnett

This week's issue marks my first anniversary with the "Devil". Like most anniversaries it is a confusing time. First, it's hard to believe a whole year has passed, and second, the things that have been neglected in the past year are monumental in number.

We all like to think that things have been planned well and accomplished on schedule but it often takes a mile-stone to make us realize the seriousness of our procrastinations.

But, that's anniversaries.

Texans seem to take a particularly devious pleasure in introducing strangers to hot Mexican food.

An incident recently at Commercial Cafe seems to prove the point. Some local people were sitting at a table with some out-of-state guests and I was, as usual, eavesdropping. The local man was telling the stranger that the Jalapeno peppers were "Mexican olives", and were "just a little hot." After that statement I couldn't bear to watch.

Bill McClelland To Receive Degree

William E. McClelland Jr., is among 642 seniors who have applied for bachelor's degrees at North Texas State University.

Summer commencement exercises are scheduled for 8 p.m., August 24, at Fouts Field.

McClelland, son of Mr. and Mrs. W. E. McClelland Sr., is seeking the bachelor of business administration degree in insurance.

Sutton County Receives Wide-Spread Showers

by E. K. Keng, SCS Technician
Showers expected in April are being delivered in August, but the ranchmen fortunate enough to receive them are jubilant. Much of the Edwards Plateau soil conservation district remains dry, however.

Showers have fallen somewhere in the Sonora area practically every day during the past week. Most showers have been under one-half inch, but some have produced heavy rains. Dick Morrison, for example, received over 2.5 inches last Friday on the Clark-son ranch. On Sunday he measured another inch, and during football scrimmage Tuesday clouds east of Sonora appeared to be dropping another soaker on Dick.

Dan Cauthorn, who ranches some 20 miles south of Sonora, remarked that never before "saw it rain without a cloud". His gauge showed 90 points one morning—and Dan

had missed the cloud! Most of the eastern half of the District, and parts of the west half, have missed all or most of the showers. With most of August gone, heavy and continued rainfall—and warm weather—is needed to bring up the spring and summer deficit of moisture and range forage. Many ranchmen are continuing to move livestock to market, to reduce anticipated heavy feeding this winter and next spring.

Mrs. Baggett Named UT Honor Student

Mrs. Candace Cauthorn Baggett has been named an Ampla Cum Laude student of the College of Arts and Sciences at the University of Texas.

The announcement was made by college dean, J. Alton Burdine.

Last Rites Held For Sam Ensley

Sam R. Ensley, 82, died Wednesday, August 16, at Hudspeth Memorial Hospital after a brief illness.

Services were held Thursday, August 17, at the First Baptist Church with the Rev. Rodney C. Dowdy officiating. Pall bearers were Louie Trainer, Melvin Hearn, Francis Archer, Lester Archer, Bob Skurlock and A. A. Clark of Eldorado.

Mr. Ensley had been a resident of Sonora since 1910. He was born January 14, 1885, in Winfield, Kansas. He married Mead McKee in 1912. She preceded him in death.

Survivors include two daughters, Mrs. Arch Ory of Eldorado and Mrs. John Moore of Girvin; four sons, Bob Ensley of San Angelo, Paul Ensley of Corpus Christi, Brooks Ensley of Ozona and Barney Ensley of Iraan; a brother, Burt Beckett of Marathon, and a sister, Mrs. Carrie Crabtree of Perry, Oklahoma.

Tommy D. Raye Completes Research

Tommy D. Raye, studying at the University of Texas, is among 50 outstanding students who are completing research projects this summer with a grant from the Olin Mathieson Chemical Corporation Charitable Trust.

Working with Dr. Eugene H. Wissler of the University of Texas' Department of Chemical Engineering, Raye's 10-week project is on measuring the interaction between low energy electrons and very small aerosol particles.

Under the Summer Project Grant Program selected universities throughout the country are provided with \$1,000 each to enable a student who has completed his junior year to work at the institution with an outstanding professor on a creative engineering project.

The participating students are chosen by the faculties of the schools they are attending on the basis of which undergraduates are expected to benefit most from the experience.

S. G. (Tex) Ward Funeral Rites Held

Services for S. G. (Tex) Ward, 71, Tom Green County ranchman, were held August 19, in San Angelo, at Johnson's Funeral Chapel.

Survivors include his wife and two brothers of Sonora, Rip Ward and John Ward; also his brothers, Rufus Ward of Ozona and Roy Ward of Austin. Mrs. Blanche Gaines of Oklahoma City and Mrs. Lloyds Gregory of Boerne are sisters who survive Mr. Ward.

MEMBERS OF THE BOY SCOUT'S Order of the Arrow are Taylor Jones, Bill Thompson, Mike Richardson and Jim Elliott. Jones and Thompson are newly initiated members and

Richardson and Elliott are previous members. The new members were inducted into the order August 2-4.

Editorials-Features-Columns

A Severe Penalty

Rioting in the major cities of the United States has brought about concern for severe laws to combat insurrection and rebellion. A proposed amendment to the U. S. Constitution for this purpose has been outlined by Joe Pool of Dallas, representative-at-large. His proposal states that "Con-

gress shall have the power to establish uniform laws for the loss of nationality and citizenship." While the activities of some of the leaders on the rioting-factions of the civil rights movement have no doubt committed serious offenses and should be dealt with for their actions, the proposed amendment should be looked at closely. In scope, the proposal seems too broad for the intent of the proposed law. Conviction could result in expatriation or exile according to Pool's proposal.

Loss of citizenship and nationality is a serious penalty to be assessed. A 1967 Supreme Court ruling in the Afroyim V. Rusk case said that Congress could not cause a U. S. citizen to lose his citizenship without the citizen's consent. Simply, citizenship can only be lost voluntarily.

Pool's proposal, while providing for a powerful deterrent against riot leaders and rioters themselves, could be a powerful tool against the ordinary citizen's Constitutional right to free speech as a member of an opposition political party.

The problem here is not with the crime, but with the punishment. Insurrectionists should be deterred from their activities by

Taylor's Attend Family Reunion

Descendants of the late Mr. and Mrs. R. E. Taylor Sr., held their annual family reunion at Garner State Park, August 12 and 13, with eighty-five relatives and friends attending.

All nine children of the late Mr. and Mrs. Taylor attended the reunion along with their children. They included Mr. and Mrs. R. O. Reynolds of Springfield, Oregon, Mr. and Mrs. Tom Taylor of Del Rio, Mrs. Sarah McKee of San Angelo, Mr. and Mrs. R. E. Taylor Jr., of San Antonio, William (Pete) Taylor of Malvern, Arkansas, Mr. and Mrs. H. F. Sofgee of Merton, Lt. Col. and Mrs. Jimmie Taylor, Gunter, Mr. and Mrs. Basil Taylor of San Antonio and Mr. and Mrs. C. W. Taylor.

Other family members and friends came from Houston, Sabinal, Reagan Well, Eldorado, Snyder, Fredericksburg, Uvalde, Clatskine and Rainier, Oregon, and Las Cruces, New Mexico.

DATES AND EVENTS FROM YESTERYEARS

August 22, 1957

The Sonora City Commissioners approved a 25 percent phone rate increase in their meeting Friday. The County Commissioners have approved a pay raise for road crews amounting to \$20-\$25 a month on the average.

Mr. and Mrs. Louis Davis were hosts to the Thursday night dinner bridge club in their home last week.

August 22, 1947

Over 420,000 pounds of wool, including some 1947 French and staple, was sold to two Boston firms by the Sonora Wool and Mohair Company.

Mr. and Mrs. J. A. Sykes observed their golden anniversary Friday with a quiet celebration in their home.

August 27, 1937

School days in Sutton County will find a number of citizens moving to town from the ranch because of the advantages to be derived by their children in attending Sonora School.

Four hundred nannies were bought this week by J. A. Martin Jr., at \$5.50 a head in the hair and trucked to the Martin ranch.

Four tables of bridge were entertained at the home of Mr. and Mrs. George Neill, Thursday, when they hosted the Sonora Night Club.

Uncle Billie Forbes, the well-known stockman, was in Sonora for jury duty.

Bob Dameron sold to J. M. Ford 1200 muttons at \$2.75. They were tops and Martin Murphy made the cut.

Louis Morris left this week for the East with a bunch of horses.

General Telephone Sets Income Record

Telephone revenues, manufacturing sales, and consolidated net income of General Telephone & Electronics Corporation for the second quarter and first half of 1967 again established new records for any comparable periods, Leslie H. Warner, president of the company, reported recently. General Telephone Company of the Southwest and Southwestern

States Telephone Company, with headquarters in San Angelo are subsidiaries of GT&E.

Combined revenues and sales of \$627,618,000 for the second quarter represented an increase of more than four per cent over the previous high of \$601,654,000 established in the corresponding 1966 period. Consolidated net income of \$52,652,000 was five per cent greater than the year-earlier total of \$50,074,000, the previous second quarter record.

STATE Capital NEWS

By VERN SANFORD

State and hospital officials are confident the far-reaching new medicare program will begin functioning as scheduled on September 1.

Program will bring medical and hospital benefits to 350,000 needy Texans. It is authorized by the same federal law which provides medicare to old folks.

Texas Department of Public Welfare, which will administer medicare, estimates benefits during the first year of operation will total \$125,000,000. Federal funds will match a \$26,700,000 state outlay on a four-to-one basis.

Points to remember: Eligible for benefits are Texans on public welfare assistance rolls—old age assistance, aid to blind, families with dependent children and the totally and permanently disabled, or those eligible for such assistance who are patients at state mental and tuberculosis hospitals. (Coverage is automatic for the latter, with no application as such required.)

Services include in-patient and out-patient hospital care, diagnostic work such as laboratory fees and x-ray costs, doctor bills and nursing home charges.

Bills will be paid through a "fiscal intermediary". Welfare Department will contract with Blue Cross-Blue Shield to handle doctors' bills (on strict basis of prevailing charges). Hospitals will

be paid actual costs as shown by audit. Blue Cross-Blue Shield will be reimbursed by the state and will receive an additional service fee.

Eligible welfare enrollees will receive identification cards from the Department of Public Welfare. Cards can be presented to insure care as limited by details of the federal act (Title 19).

APPOINTMENTS—Major legislative committee and state agency appointments have been announced.

Lt. Gov. Preston Smith named the Senate General Investigating Committee with Sen. Dorsey Hardeman of San Angelo as chairman.

Other members are Sens. David Ratliff of Stamford, V. E. (Red) Berry of San Antonio, Bruce A. Reagan of Corpus Christi and J. P. Word of Meridian. Smith also placed Sens. Charles Herring of Austin and Henry C. Grover of Houston on Committee on Preservation of the Governor's Mansion.

House Speaker Ben Barnes named to Natural Fiber Study Committee Charlie Scruggs of Dallas, Charlie Schreiner of Kerrville, Roy Forkner of Lubbock, and Reps. Hilary Doran of Del Rio and Delwin Jones of Lubbock.

DRAFT QUOTA SET—Texas' 155 draft boards have received a quota of 1,180 men for September, reports Col. Morris S. Schwartz, state selective service director.

Quota compares with 1,421 for August, 974 for July, 975 for June, 885 for May and 675 for April. Draft boards will forward approximately 4,000 men in September, all for the Army.

Legal Notice

STATE OF TEXAS COUNTY OF SUTTON NOTICE OF EXECUTION SALE

By virtue of an execution issued out of the District Court, 116th Judicial District of Dallas County, Texas, on a judgment rendered in said Court on the 24th day of April, 1967, in favor of the M & V Tank Company, a Texas corporation, against Chapman & Poland, a partnership, C. H. Chapman and R. G. Poland, jointly and severally, in the case of M & V Tank Company v. Chapman & Poland, et al, No. 67-1430-F in such Court, I did on the 15th day of August, 1967, at 5 o'clock p.m. levy upon the following described property situated in the County of Sutton, State of Texas, as the property of said Chapman & Poland, C. H. Chapman and R. G. Poland, to-wit:

Section 69, containing 640 acres, Abstract No. 632, Block No. 7, T. W.N.G. Ry. Co. Survey, Sutton County, Texas, commonly known as the Wallace No. 3 Lease and upon the improvements, buildings and appurtenances thereto and upon the materials, machinery and supplies furnished by M & V Tank Company to Chapman & Poland, C. H. Chapman and R. G. Poland, being those same materials and supplies described in that certain lien affidavit filed on March 17, 1966, with the County Clerk of Sutton County, Texas, and recorded in Volume 7, page 437 of the Mechanics' Lien Records, Sutton County, Texas,

and pursuant to an Order of Sale issued the 6th day of July, 1967, I will on the 5th day of September, 1967, being the first Tuesday of said month, between the hours of 10:00 A.M. and 4:00 P.M. on said day at the courthouse door of said county, offer for sale and sell at public auction for cash all the right, title and interest of said Chapman & Poland, C. H. Chapman and R. G. Poland in and to said property.

DATED this 15 day of August, 1967.

Herman E. Moore, Sheriff Sutton County, Texas

A PARSON'S EYE-VIEW OF SONORA

BY THE REV. ROSS T. WELCH

One of the questions most frequently asked of us since my wife and I returned from our trip to Europe, "Which place did you like best?" This is a natural question to ask but not an easy one to answer. After all, a one-night stand is not sufficient time to judge a community, much less a nation and that is what most of our stops were.

Also conditions for which the citizens are not particularly responsible help determine reactions. For instance, the only other time I had been in Europe, I came away with a very favorable impression of Holland after spending a short time at Rotterdam.

This time we did not get such a favorable impression of Amsterdam, for two or three reasons. Our tour was not properly organized at the outset resulting in some confusion and frustration. The city was crowded with tourists and we drew a rather poor hotel whose management gave no indication of wanting us. Also, we were a group of strangers just trying to get acquainted with each other and our tour director. Before the tour ended, I think our group could have had fun most anywhere.

Several things interested us in Holland. We were surprised to find how much the Dutch have been influenced, especially in their eating habits, by people and customs they have brought in from their colonial empire. We knew that Amsterdam had canals, but you just have to see it to realize how much the canals are used. For instance, the city bus system is operated on the canals. And it is amazing how many people live on houseboats on the water. Many of them have only primitive lighting—the kerosene lamp—the kind I studied by until I finished high school.

There are not many windmills, a few are maintained as tourist attractions. And the only wooden shoes we saw were those made to sell to gullible visitors. We think our traffic is confusing in our cities at the hour the shops and offices close. You ought to see it in Amsterdam.

When the whistle blows, the larger plants begin to disgorge bicycles by the hundreds. All ages ride bicycles—some of the riders are quite elderly. Some of the bicycles are motorized and travel faster, this complicates the traffic pattern. And there are just enough small cars to create a bed-

lam of confusion. I suppose, however, if you are 'born and bred in the briarpatch,' you know your way around. We did not see a single accident. It was not at all unusual to see families riding together, two or three on a bike, with the parents doing the peddling and the little ones holding on for dear life.

We visited a diamond factory—the only place I think my wife was tempted to spend a sizeable chunk of money. It was fascinating to hear the guide tell how the facets have to be ground to an exact angle in order that they will catch and reflect the light properly. It is amazing how many uses diamonds have in addition to providing the decoration for wedding rings.

Since I returned, I have met for the first time the son of one of my cousins who works for a firm which produces diamonds for commercial uses. We were surprised at the variety of colors in diamonds, but discovered that the rarer colored stones did not have the commercial value of the stones we usually see.

We discovered that deep rooted prejudices still exist against Germany—and this is understandable. The physical scars of war have all but been erased, but feelings of resentment linger on.

However, we got a more sympathetic impression of Germany than we would have otherwise, because our tour guide was a young man from Germany. We spent only two nights in Western Germany, one at Bonn, one at Heidelberg, seat of the great university.

Traveling between the two cities, we were aboard an excursion boat on the Rhine River from Boppard to Bucharach. We saw rather primitive farming practices. The vineyards are kept about as they were when civilized man first started farming these steep hillsides.

Fertilizer is carried up the mountains in baskets, the grape harvest is brought down in similar fashion. The use of machinery is unthinkable. Much of the grain in this area is grown in such small patches that modern machinery is out of the question. We saw grain being harvested by hand with a cradle scythe.

One impression that lingered in my mind was that the early German tribes must have been hos-

tile with each other. Otherwise, why would they have built their castles—literally dozens of them—on the highest steepest hills they could find? Even with modern means of transportation, those fortresses, even though extremely vulnerable, remain almost inaccessible.

Any traffic between two castles would indicate very deep friendship or very bitter enmity. If anyone managed to scale the heights and gain admittance through the heavy doors, he would think twice before leaving. Apparently the families who lived in those fortified castles were more or less self sufficient and lived unto themselves. I picked up a small book called "Castles on the Rhine" if anyone should be interested.

Germany has an excellent highway system. We were amazed at how much of the land is still in primeval forest. But nowhere in Europe do the people live in the countryside on their farms as they do in England and the U.S.A. In the rural districts people seem to live mostly in small villages and go out to their farms.

In the cities everybody lives in an apartment. One family residences are practically unknown. There just isn't enough room for people to have individual homes. As the poor Christians of ancient Rome went underground and lived in the catacombs, so the modern European city dweller goes into catacombs above ground—apartment houses.

You asked which country we liked best; we shall save the answer to that question until we have had opportunity to consider some of the others.

The Rev. A. Lin Loeffler and family of Aransas Pass recently visited his parents, Mr. and Mrs. S. M. Loeffler and picked up their son, David, who had been visiting his grandparents for the past three weeks. The Rev. Loeffler is the pastor of the First Methodist Church in Aransas Pass.

Just Arrived

Mr. and Mrs. Albert Sykes are parents of a son, John Wes, born July 27. They also have a daughter, Sherri, age three.

Parental grandparents are Mr. and Mrs. J. W. Sykes.

In and Around Sonora

by Hazel McClelland

Mrs. Jack Wardlaw and Mrs. Lewis Stockton were visiting in San Angelo last week.

Mrs. Richard Cooper, Elizabeth Jane and Carolyn of San Antonio are visiting her parents, Mr. and Mrs. Jack Neill.

Bill Karnes and Bill McClelland were in Ft. Worth and Dallas this weekend. They attended the wedding of George Roberson. They visited with Cleve T. Jones III, Mr. and Mrs. Bob Nevill and Mr. and Mrs. Buck Bloodworth in Ft. Worth. They also visited in Dallas with Mrs. Zilpha Wheelis and Teddy.

Mrs. Cleve Jones Jr., was in Ft. Worth for the Roberson wedding, Saturday.

Mrs. Emerald Smith has returned to Corpus Christi, where she will work in the school library. Pascal Allison from Paint Rock visited his family, Mr. and Mrs. Lea Allison last week.

Mr. and Mrs. Sam Crites are moving to Sonora. They will live with his mother, Mrs. Pearl Crites, who is now home from the hospital.

Mr. and Mrs. Nelson Subblefield and Selma Nell have returned from a week fishing trip to Matamoros. Tuesday, the Stubblefields and Mrs. Mack Cauthorn will go to Mrs. Cauthorn's fishing lodge on Devil's River for a week.

Mrs. Wilburn Glasscock and girls of McAllen are visiting her mother-in-law, Mrs. Sim Glasscock and her brother-in-law and wife, Mr. and Mrs. V. J. Glasscock for two weeks.

Mr. and Mrs. Bill Savell honored Mr. and Mrs. Charlie Shannon of Grand Junction, Colorado with a dinner at their ranch Sunday night. Those attending were Mrs. Miers Savell, Mr. and Mrs. Bryan Hunt, Mr. and Mrs. James Hunt, Hillary and Bryan Link and Mr. and Mrs. James Powell, Lorie and Victoria. The Shannons left Monday, returning home via Big Bend Park, where they will visit with Mr. Shannon's parents.

A BRIDGE PARTY

Mrs. Herbert Fields entertained with a bridge party Monday, August 23, at her ranch home. Pie a la mode and coffee were served. Members present were Mmes. Sim Glasscock, R. A. Halbert, Bob Vickers, Rip Ward, Eulah Newell, George Wynn, Paul Turney and J. F. Howell. Guests were Mmes. E. B. Keng, Belle Steen, Wilburn Glasscock of McAllen and Ernest McClelland.

Mrs. Sim Glasscock won high club and Mrs. McClelland won high guest prize. Mrs. Bob Vickers won slam prize and Mrs. Paul Turney won club bingo.

7-at-7 Club Meets Saturday, Aug. 19

Mr. and Mrs. Jerry Hopkins hosted the 7 at 7 Bridge Club on Saturday, August 19.

Peach cobbler and homemade ice cream were served.

Mr. and Mrs. Bill Savell won high club prize. Mr. and Mrs. Joe Lane won the traveling prize and Mr. and Mrs. James Alexander won the bingo prize.

Mr. and Mrs. Jim Hugh Harris, Mr. and Mrs. Joe Neil Smith and Mr. and Mrs. Jamie Parker were also guests at the party.

MRS. ERWIN SEYDLER

Jackie Cargill, Erwin Seydler Exchange Wedding Vows in Presbyterian Service

Miss Jackie Ann Cargill and Erwin J. Seydler Jr. were united in marriage at the Church of the Good Shepherd, Presbyterian U.S., by the Rev. George Stewart on August 19 at 7:30 p.m.

Mr. and Mrs. Jack Cargill are parents of the bride and the bridegroom's mother is Mrs. Agnes Jobs of Kerrville.

Mrs. Leo James Wilson was the organist for the ceremony. Bridesmaids were Miss Laura Autrey of Bryan, Miss Tommie Smith of Hurst, Miss Brenda McCutchen, Miss Margaret Bundy and Mrs. Dick Hearn. Dotti Cargill was her sister's Maid of Honor. Susie Siebert of Bryan was flowergirl.

Groomsmen were Ervin Autrey of Bryan, Corky Fields, Jack Hearn Jr., Dick Hearn and Allen Hearn. Phillip Graham of Kerrville served as best man. The ring bearer was Pat Street.

Ervin Autrey Sr., of Bryan, Herbert Fields and Johnny Fields served as ushers.

The reception was held on the church lawn following the ceremony. Doris Hearn and Susie Siebert handed out rice bags.

Serving at the bride's table were

Mrs. Herbert Fields, Mrs. Melvin Hearn, Mrs. George Barrow, Mrs. Robert Siegert and Mrs. Ervin Autrey of Bryan.

Also in the house party were Misses Joyce Hearn, Carol Hopf, Yvonne Young and Mrs. Johnny Fields.

Luncheon Honors Miss Kay Shurley

Mrs. Bryan Hunt, Mrs. James Powell and Mrs. James Hunt were hostesses to a luncheon honoring Miss Kay Shurley, bride-elect of John V. Bosch Jr., Saturday, August 19.

Bouquets of roses and chrysanthemums were used in the party rooms throughout the house. Roses in bud vases decorated the individual tables.

Guests for the luncheon were served chicken currie, congealed ssalad and grasshopper pie.

After the luncheon guests made rice bags in the bride-elect's chosen colors of yellow, white and green.

Gillespie County Fair Set for Aug. 25-27

The 79th-annual Gillespie County Fair will be held at Fredericksburg August 25, 26 and 27. Many exhibits, day and night entertainment and a gay midway are assured for Texas' oldest county fair.

Horse racing will spotlight the afternoon entertainment with thoroughbred and quarter horse races daily. The tract is fast for the daily features on the famous half-mile oval tract.

Night entertainment will feature internationally known acts booked through General Artist Corporation of Chicago. All are widely known circus, state and television stars. These acts are presented free nightly in front of the two large grandstands at the fair grounds.

Individual agricultural exhibits, including field, garden and orchard crops will be shown. Displays are set by 4-H and FFA groups and community displays will be arranged by Doss and Stonewall. Livestock exhibits featuring entries in beef cattle, sheep, goats

swine and poultry divisions. Congressman O. C. Fisher will be parade marshal for the parade opening the fair, Friday, August 25, at 10 a.m. Five bands and over 100 entries are slated for the parade.

"Every one," president E. W. Stroehrer says, "is cordially invited to attend one or all three days of 'Texas Oldest and Greatest County Fair.'"

Card of Thanks

WE WISH TO EXPRESS our deep gratitude and thank you for your kind expressions of sympathy and comfort during our recent loss. The kindness and thoughtfulness shown us was indeed helpful.

GREEN NEWS

This week the Ladies Auxiliary met at the Commercial Cafe. Bobbie Fawcett and Peggy Elliott were hostesses. Reba Gilmore and Ann Herrmann were attending the meeting for the first time. After the luncheon a business meeting was held.

-GN-

Sorry to hear about Peggy Elliott's accident, and that she won't be able to play for a month or so.

-GN-

Another member of the auxiliary that is under the weather is our president, Libbye Lowe. She is in the Shannon Hospital. We hope

TAYLOR FAMILY RETURNS Lt. Col. Jimmie Taylor and his family have returned from a four-year stay in Germany. The Taylors have eight children and one son, Greg, is enrolled in the Air Force Academy at Colorado Springs. A daughter, Colette, graduated from Gunter High School this year and plans to enroll at North Texas State College at Denton, this fall.

for a speedy recovery. -GN-

Labor Day weekend the men have their club tournament play on Sunday and Monday afternoons. Women's play will be Sunday and Monday morning. There are three men to a team. They will be team play, point system with handicap.

Mrs. Hopkins Hosts Monday Night Club

Mrs. Jerry Hopkins entertained the Monday night bridge club August 21, at her home.

Mrs. Buddy Joe Brown won high club. Mrs. W. T. Black won the traveling prize and Mrs. Wayne Herrmann was awarded the consolation prize. Mrs. Clay Cade binged for the club.

Other members attending were Mmes. Jim Hugh Harris, John T. King, Horace Hill, Joe Neil Smith, Clayton Hamilton, David Hutson, Ivan Greenhaw and Warren Hemp-hill.

Mrs. Hopkins served homemade ice cream and cookies.

Menard News Wins Service Award

Bob Weddle, publisher of the Menard News, was awarded the West Texas Chamber of Commerce Community Service Award for 1967 at the annual West Texas Press Association convention in Big Spring August 12.

Presentation of the bronze plaque was made by Don Wooten, Abilene, president of the WTCC, and it marked the 20th year that this coveted trophy has been won by a weekly newspaper of West Texas.

Whereas industry awards are made by the newspaper association as to editorial matter, general appearance, ad layout, etc., this award is made for significant contributions to the general welfare of the community as a whole.

Weddle and the News were cited for outstanding work in tourist development, which has resulted in a program for the restoration of San Saba Mission and Fort McKavett, near Menard. Too, the publisher was cited for his page one column and news features concerning the hospital situation in his home town. These stories have resulted in the calling of a bond election in the county for a \$274,000 bond issue to help solve the hospital problems in Menard County.

Kimble Plans History Appreciation Week

August 20-26 has been proclaimed History Appreciation Week in Kimble County by County Judge W. W. Leamons, and an official Texas Historical Marker for the Bear Creek Settlement will be dedicated Sunday afternoon, August 20, at 2 p.m., in the Court-house.

Mrs. Walker Ragsdale, chairman for the week of activities, will speak on history appreciation, and Congressman O. C. Fisher will give the dedicatory address. He will be introduced by Mrs. Jack Turner.

Mrs. Joe Felps, chairman of Kimble Historical Survey Committee, will introduce special guests, and Mrs. Chevis Wyatt will

give the welcome address. Invocation will be by Judge Leamons. Marker inscription reads, "Bear Creek Settlement (Begun about a half-mile west of this site) started in 1850's by Raleigh Gentry, who built a two-room log house; cleared a small farm; but in 1862 sold out to cattleman Rance Moore. 1860's settlers included W. M. and Lane Gibson, Charlie Jones, John New, A. J. Nixon, Billie Waites. Others came in 1870's, after raids by Indians and outlaws were ended."

A motorcade will be made to the marker site near the Bear Creek Cemetery on ranch road 2291.

Other activities of the week will include a radio panel discussion by subcommittee chairmen of KCHSC.

Pioneer Day will be observed with a program in Legion Hall on Saturday, August 26, at 4 p.m. Everyone is invited to attend.

The People's Choice . . . Six New Proposed Amendments to the Texas Constitution for Your Vote on November 11

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows: "Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, that rate shall remain in force and effect during that taxable year; and the Legislature may also author-

ize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxpayers voters of such county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following: "FOR the constitutional amendment allowing counties to put all county taxes into one general fund."

Special Election Set November 11 Cast Your Vote

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows: "Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services; and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity

other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities or services within or without the boundaries of any hospital district, any municipality or other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows: "Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that while said Sheriff, Deputy Sheriff, Constable, Deputy Constable or other county or precinct law enforcement official is hospitalized or incapacitated that the county shall continue to pay his maximum salary; providing, however, that said payment of salary shall cease on the expiration of the term of office to which such official was elected or appointed. Provided, however, that no provision contained herein shall be construed to amend, modify, repeal or nullify Article 16, Section 31, of the Constitution of the State of Texas." Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November

We Urge You to Read and Vote On These Proposed Amendments

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows: "Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the Air Force Reserve, and the Officers Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict of interest with the original office or position; prohibiting State officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted." "AGAINST the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting State officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations under the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows: "Section 49-b. By virtue of prior Amendments to this Constitution, there have been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the term to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the resigning or deceased member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature. "The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present. "The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformity with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes. "All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portions thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. "All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund. "When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division, which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party. "The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces, or named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law. "Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased or resold by said Board, and shall be attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds. "All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds heretofore issued and sold to pay interest thereon, with any expenses provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds heretofore issued and sold, at which time any such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein. "This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Fund, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary. "Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature. "This Amendment shall become effective upon its adoption." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following: "FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law." "AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law." Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows: "Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds" shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4 1/2%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein. "All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law. "Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purpose of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for developing said sites as State Parks. "While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law. "The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature. "From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor. "All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas. "Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature." Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words: "FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks." "AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

For Younger Persons with Disability

About one of every five applicants for social security disability benefits delays so long before making his application that he risks possible loss of some payments, Ted F. Moellering, district manager of social security in San Angelo, said today.

In an effort to remedy this situation, the Social Security Administration is asking anyone who might possibly qualify for disability benefits to get in touch with a social security office as soon as possible.

"Some people fail to apply because they don't realize that they can benefit from the program," Moellering said. "Younger people often think that social security payments are only for people in their sixties, whereas the disability program was specifically set up to protect the wage earner who is forced to stop working before he is old enough to collect retirement benefits."

A person under 65 can receive monthly payments if he has a physical or mental impairment that has kept, or will keep, him

from working for a year or more. Individual benefits range from \$44 to \$152 a month. If the worker has dependents, total family benefits can amount to as much as \$339 monthly.

"Others don't file because they are under the impression that they have to be permanently disabled. This was generally true before a 1965 change in the law, but now payments can go to a person whose disability has lasted, or is expected to last, for 12 months or longer," Moellering pointed out.

Benefits begin after a person has been disabled for six full months. No benefits can be paid for months during this "waiting period." Also, the law limits the back benefits a person can collect to the 12 months before the month in which he applies.

Moellering cautioned, however, that benefits can be paid only if a person's disability is severe enough to prevent him from doing not only his usual job, but also at least five of the 10 years before he became disabled.

"If you know of anyone who might qualify," Moellering urged, "tell him to phone, write, or visit the nearest social security office. Your tip may lead to his not losing out in whole or part in this benefit that is meant to help replace earnings lost because of disability incurred before retirement age."

Uvalde Youth Rodeo Begins August 25

The Uvalde Youth Rodeo, for high school age and under, will begin at 8 p.m., Friday, August 25.

The two-day event will feature one go-around in seven events. Entry fees are \$3 for each event except for the seven and under competition which is \$2 per event. Admission fee will be 25 cents for children and 50 cents for adults.

Entry deadline is noon, Thursday, August 24. Mrs. Charles Raines is the rodeo secretary.

SONORANS ENTERTAIN GUESTS
Mr. and Mrs. A. H. Adkins have their daughters, Mrs. Don Reynolds and Nancy of Pittsburg and Mrs. Henry Ehrenberg, Linda, Laura and Dora of Midland, as their guests this week. Also visiting them is their niece, Jody Prater of Comanche.

MEET YOUR FRIENDS FROM EVERYWHERE AT TEXAS' OLDEST AND GREATEST COUNTY FAIR!

happiness is a high hill

It had been a long climb. For various reasons, we were all glad to get to the top of the hill. Jackie rolled down, over and over, to the inviting creek at the bottom. Sally bolted off to climb the neighbor's fence and croon to the colts pastured there. Baby saw the buttercups and struggled to get down. Jack dreamed over the rich soil of the south forty, while I was drawn by the tall-spired church in the valley.

We're happy in the home we've built on that hill. We've a dog and a cat and swings for the children. Summers, we race down the hill to cool off in the creek. Winters, we get the sled out and take it singing down the slope. The kitchen windows frame a lovely view of the valley and our church. On Sunday mornings, when its deep-throated bells call us clearly to worship, we go down the hill together to its doors. We enter reverently and joyfully, knowing that much of our happiness and security stems from God's love.

Wherever your church may be; in valley, on hill, or city street, you will find the same glorious opportunity to sustain and strengthen your faith.

ELECTRIC CONDITIONED LIVING

What people are saying about . . . A CLEAN BREAK WITH THE PAST

"Electric heat keeps mother so comfortable," says Mrs. Earl D. Tracy of Junction, Texas. Mrs. Tracy's mother, who is 90 years old, makes her home with the Tracys. Caring for her in an electric comfort-conditioned home is much easier, Mrs. Tracy says. "As you get along in years, drafts and varying temperatures in the winter time are bad. With electric heat, the room stays the same temperature, and there is no dryness like from other heating. And individual room controls allow each of us to select the temperature we like best."

Mr. Tracy is a rancher, and is well known in and around Junction. The Tracys really live in their home—enjoy it themselves and entertain friends. Mrs. Tracy has cooked electrically for 35 years, and the Tracys have lived in total-electric comfort for two years. The cooling system is ducted-in type, the kitchen total-electric, there is an electric home laundry, water heater and two bath heaters in addition to baseboard heating. The home is of brick construction—6 rooms and two baths—and the average per month cost is only \$26.20. "Electric living is so much less expensive than I ever thought," Mrs. Tracy says.

Why don't you convert to total-electric living and see what you have to say about it?

Make a clean break with the past...convenience and comfort are great in Total Electric Living

Screwworm Eradication Center Makes Temporary Base in Sonora

Officials of the Mission Screwworm Laboratory in Mission have set up temporary headquarters here to combat the recent outbreak of confirmed screwworm cases in the West Texas area.

Three aircraft are presently stationed at the Sonora Airport. Sterile flies are trucked here from Mission to cut flying time to West Texas.

"The Texas screwworm situation is reaching serious proportions," said Worth Durham, president of the Texas Sheep and Goat Raisers Association. The Association is urging ranchmen to use all possible preventive practices and to watch their livestock closely. The rapid spread in recent weeks, particularly in the western part of the state, has alarmed association officers.

"The entire industry has worked hard to get rid of the screwworm on Texas ranges," Durham said. "We can't afford to suffer a setback now. If we all watch and treat our livestock, we can control this situation."

The outbreak of screwworm cases is said to be the worst infestation to strike Texas since 1961. Dr. Lyle Moffitt, epidemiologist and veterinarian from the Department of Agriculture's Mission

Distribution Center, said that 31 cases had been reported in neighboring Crockett County in July. The heaviest concentration in Crockett, or what Moffitt refers to as a "hot spot", was in the Howard Draw region of the Floyd Henderson ranch. Henderson ranch is located approximately 14 miles west of Ozona.

During the recent infestation, one case has been reported in Sutton County. It was found in a cow on James Hunt's Carmilita Ranch, about 10 miles northeast of Sonora.

Dr. Moffitt attributed the infestation as possibly being caused by migration of flies from the south. He said that the flies and livestock both tend to migrate along waterways and that three circumstances must exist before screwworm flies will hatch. He said the three factors were moisture, correct temperature and soil composition.

Dr. Moffitt said that such an area was spotted by one of the pilots in northern Mexico southwest of the Crockett County area. Moffitt said that the pilot reported very green grass, indicating recent rains and several small creeks running north to the Rio Grande. Across from the area is

the drainage area of Howard Draw and several other draws leading into Crockett County.

Dr. Moffitt said, however, that a migration of that type was not the only explanation for the infestation.

The air drops of sterile flies are covering an area of approximately 20,000 square miles extending from a north and south line from San Angelo to Del Rio westward to Big Bend and Fort Stockton. Confirmed screwworm cases have been found throughout the huge area.

Dr. Moffitt said that flights will continue until the outbreak is wiped out. He said that might be until the first frosts hit the area.

Air drops are being carried out daily. The present rate is approximately 12 million flies per week but will be stepped up to a total of 21 million per week.

Sterile screwworm flies are brought to Sonora three times a week by refrigerated truck from the Mission Laboratory. They are scheduled to arrive here every Tuesday, Thursday and Friday. Dr. Moffitt praised Crockett County Agent, Pete Jacoby, for his accurate spotting of areas of critical screwworm infestations. Jacoby mapped the areas for Moffitt to send concentrations of the sterile flies.

According to Moffitt, the eradication program works on the theory that if sterile flies are concentrated in an area of infestation, the livestock and wildlife pest will be unable to reproduce. Livestock damage is done when the native flies lay their eggs in an open wound on an animal. The young, as they hatch, feed on the flesh of the animal until they reach the adult stage.

Dr. Moffitt said that native flies are grown in their laboratory and then their eggs are collected and exposed to radioactive Cobalt 60, which renders the flies sterile and incapable of reproduction when they hatch. The dose of radiation used in the laboratory is strong enough to be fatal to humans.

He said that the eggs will hatch in a period of 25-30 days naturally but with the radiation treatments the pupation period is only 7-12 days. Due to the period of natural pupation of the flies it is necessary to quickly saturate an area with sterile flies after a confirmed case has been detected. The sterile flies prevent the hatching of a second generation of the dangerous natural flies.

The process involved in dropping large quantities of sterile flies is almost like a military maneuver. Sterile flies are being shipped to Sonora by truck to eliminate the long flying distances. During the present operation, two truck drivers are traveling between Sonora and Mission in large trailer-trucks.

The flies are transported at temperatures between 60 and 65 degrees. Moffitt said that flies have a metabolism much like that of humans; when they are cold they become dormant and when it is warm they become active. "Extreme heat will kill them", he emphasized.

One of the truck drivers, Victorino Ramos of Edinburg, said that it was his job to deliver the flies alive and ready to be dropped. He said, "The hard part of the job is making the deliveries on schedule over a long distance and maintaining the correct temperature in the truck."

The flies are packed in small boxes with about 440 flies to the box. Moffitt said, "Hopefully, each box contains 220 females and 220 males."

When the boxes are unloaded from the refrigerated truck they must quickly be put into the aircraft. Each converted military C-45 will carry about 4000 boxes. When loaded, the fuselage of the plane is packed from the tail section to the cockpit with the small boxes. Only a two-foot-wide aisle is left in the plane for the aerial disperser.

When the plane is airborne and over the location for the air drop, the disperser places boxes in a small machine with a chute extending out of the bottom of the plane. The boxes are automatically cut open by the machine and the blast from the propellers disperses the flies.

In the present operation, flies were dropped at a rate of 10 boxes per mile. Aerial dispersers, David Mercado and Lupé Puente,

SMALL INDIVIDUAL BOXES of sterile screwworm flies are packed in this manner. The flies look much like ordinary house flies except for their bright, blue colored abdomens. The eggs these flies hatched from were treated with radioactive Cobalt 60 and are incapable of reproducing. Unlike house flies, these are very docile in their behavior.

ANOTHER SCREWORM ERADICATION MISSION gets off the ground in this converted military C-45. It will make about a 400 mile

round trip around the highly infested West Texas area to drop about 4000 boxes of sterile screwworm flies. In each small box are about 440 flies.

DR. W. A. Belcher of the Texas Animal Health Commission and Dr. Lyle Moffitt watch the loading of sterile flies into the converted military aircraft.

In addition to the airdrops, several boxes of sterile flies were released at the Sonora Livestock Exchange Company pens.

VICTORINO RAMOS of EDINBURG unloads another rack of screwworm fly boxes to be placed into the aircraft. The flies are shipped in these incubator racks by truck from the

Southwest Eradication Laboratory in Mission. Ramos said the truck was kept at a temperature of 60-65 degrees. Flies are trucked to Sonora to cut down on the flying time from Mission.

FIXING LABELS
When Jesus came he said some things which were rather difficult for the people to accept for they would require many basic changes in behavior. Consequently, as they heard him speak and as they watched him work miracles, their tendency was to give him a label, to put him into some already existing, familiar, and convenient category and to dismiss him from their thoughts. This saved them the trouble of really looking at Jesus and making a fresh, independent evaluation of him. "Who is Jesus?" they asked. Each reply was some familiar classification. Each reply was wrong, but each was completely satisfactory to the one who made it. Their minds were operating like the skilled arm of a mail clerk tossing letters into pigeonholes.
Have you ever stood before an open window of a large Post Office and watched the men "case the mail"? Each man picks up a handful of letters, tosses each into one of the many pigeonholes in front of him until all the mail is in its proper category. So far as the content of the mail is concerned, it means absolutely nothing. He reads none of it, but simply sorts it, classifies it, and puts it in its pigeonhole. It is all right for a man sorting mail to do that, but when a man sees Christ it is not enough just to label him and forget him.
The categories into which these people put Jesus were all wrong. He was not John the Baptist, he was not Elias, he was not Jeremiah he was not one of the prophets. It was easy and convenient for them to pigeonhole him. The tragic part of the story is that they never seemed to realize that Jesus was new, that he was unique, and that he did not fit into any of the categories that had ever been made. Having failed to realize that, these people missed Christianity. Jesus was different from anyone who had ever lived. There was no category big enough, nor adequate enough for him. Jesus faced the problem of being too lightly considered.
On another occasion Jesus said, "No man putteth a piece of new cloth into an old garment, for that which is put in to fill it up taketh from the garment, and the rent is made worse. Neither do men put new wine into old bottles: else the bottles break, and the wine runneth out, and the bottles perish: but they put new wine into new bottles, and both are preserved" (Matthew 9: 16-17). What did these examples mean? They were simply Jesus' way of saying, "The teachings that I bring, and the life that I live before you cannot be fitted into old forms. My teachings will not go into the old bottles nor onto an old garment." Jesus fought against the tendency of people to consider him too quickly and too lightly.
As Jesus was neither John the Baptist, Elias, nor Jeremiah, nor the Church of Christ is neither Catholic, Protestant, nor Jewish. We are unique and different for we are endeavoring to go all the way back to the original New Testament church.

Former Sonoran Advises Ethiopian Cattle Industry

Knowledge of ranching procedures; agriculture, education, military advice, mapping and satellite tracking. Logan said the United States was the only foreign country providing agricultural aid to the country.

He said that Ethiopia, located on the east central coast of the African continent, is the richest livestock country on the whole continent, but under-developed.

He said it was his job as project coordinator, to provide assistance in improving the grazing land and herds. He is working in the southern part of the country near the border of game-rich Kenya.

Logan said cattle were the major livestock resource and that the Zebu breed were predominant in the area. Zebu cattle resemble the Brahma cattle common in parts of Texas. He said that herd improvement programs were now in progress to improve this native breed. "Cattle here are not bred with other types for improvements, but with the best of native stock to maintain the animal's resistance to disease and insects." He stressed resistance rather than immunity. He said that cattle diseases were prevalent and the country's veterinarian program was not

yet strong. Exports of cattle from Ethiopia to other parts of the world are limited to some middle eastern countries and other African countries.

He said sheep and goats were raised but not primarily for their fiber value, but their hide and skin value. He said hides of one breed of Ethiopian sheep were highly prized for the manufacture of gloves and other fine leather articles.

Logan stated that one of the major livestock problems was the lack of water in the country. In some cases, he said, cattle were watered only once every three days. His project is concerned closely with providing water resources for the cattle raisers. Stock ponds, wells and other water improvements are being made by his group of advisors. He said that at one particularly good water hole some 50,000 cattle were watered regularly. He said even though the ownership of the various herds were in close proximity the herders always had good control of their cows.

He said, "Even though the herds are close, the herders have better control of their cows than many of us have over our own children."

Looking Back

by Sonora Motor Company

HAPPY MOTORING is in store for you when you drive the new Ford. Here Sam and Fred Hull, early-day Ford men, cross a bridge in Mexico on a fishing trip. Just as today's bridges are more modern, so are today's automo-

biles. If you are presently driving an older car, you'll be surprised at the added features and comforts that come in a new Ford. Drop in today for a test drive of the new Ford at Sonora Motor Company. You'll be pleasantly surprised.

Bronco Booster Club Kicks-Off New Club Year with Membership Meeting

The Bronco Booster Club will kick off their new club year with a membership meeting Monday, August 28, at 8 p.m.

According to club president James D. Trainer, the meeting will be especially designed for new members. Trainer said, "We have a lot of new people that have moved to town since last season and we would certainly welcome their participation in the club." Trainer added that everyone was welcome to attend.

The program will be the film highlights of the 1966 season. Trainer said, "Coach Hopkins will probably show two or three play-off films."

The meeting will be held in the cafeteria of Central Elementary School.

Junior High Football Meeting Planned

A meeting will be held Thursday, August 31, at 3 p.m., in the High School basement for the organization of the Junior High School football team, according to coach Oliver Wuest.

Wuest said that at that time potential players will be fitted for uniforms and given physical examinations. All boys will be given a form to be signed by parents for permission to participate in school athletics.

All junior high athletes will be responsible for their own football shoes. These may be purchased through the school by making arrangements with the coaches at the meeting. Each player is also required to carry school insurance at a minimum of \$7 per player. Insurance may be secured at the principal's office Tuesday, September 5.

Football practice will begin on Tuesday, September 5. By that time all players must have their insurance, parent's permission and physical examinations.

Make It With Wool Deadline Nov. 18

The "Make-It-Yourself-with-Wool" contest will be held December 2 in Schleicher County High School in Eldorado. Deadline for entries is November 18.

About 30 district awards will be made from District 5 and 6, which covers 15 counties. The national winner will receive a trip to Rome, Athens, Greek Isle and Madrid.

Competition open to contestants is for sub-debs, ages 10 to 13; juniors, ages 14-16; seniors, ages 17-21 and adults, ages 21 and over.

Detailed information for prospective participants can be obtained from Mrs. Henry Speck, Jr., district director, Rt. 1, Eldorado, or telephone 853-2478.

DEBBIE COOPER VISITS
 Miss Debbie Cooper has been visiting Mr. and Mrs. Dave Locklin and Mr. and Mrs. Alfred Cooper before leaving for Houston, where she will teach mathematics in a Houston junior high school.

High School Students . . .

**DON'T
 LEAVE
 SCHOOL!**

You'll Leave a Promising Future Behind

If you drop out of school early, you'll be closing the door on many opportunities which mean bigger paychecks, greater job satisfaction and more security in the future.

1. None of the professions will be open to you because these demand training beyond high school, and of course such higher education must be preceded by a completion of high school.

2. On-the-job training for skilled and even semi-skilled work has been sharply reduced in recent years because there are now so many

people who have already been trained, in high school, to do the work.

Consider the job that is luring you away from school. The pay may look good now, but think about your chances for future advancement. And remember, the pay checks you receive during the years you should be in school will never make up for the money you earn later if you stay in school. The educated person starts higher up the ladder and with the knowledge that's needed in order to climb faster.

As Benjamin Franklin said, "An investment in knowledge always pays the dividends."
