

Storm Death Toll Mounts to Over 200

One Day Chamber Budget Drive Is Scheduled Friday

Definitely determined to put an end to financial embarrassment of the Midland chamber of commerce, forty Midland men will stage a one day drive for new members and increased dues Friday, with a goal of \$10,000 in annual revenue to meet the chamber's growing demands because of the city's expansion.

The drive will be started with a breakfast of the workers, at 7 o'clock a. m. Friday in the Blue Room of the Hotel Scharbauer coffee shop. Vice President Russell C. Conkling, in general charge of membership, will direct the forty men in pairs, twenty each being under direction of Captains George T. Abell and John P. Butler. Names of prospects will be passed out to the team members, with the request that all workers make final reports at the chamber of commerce office by 4:30 o'clock p. m.

At 6:30 p. m., the two teams will assemble for a banquet, the winning team to be announced at that time and the losing team to pay the cost of the dinner.

The drive is in the form of a contest, with points given to each side as follows: new members, listed, 100 points; new members, unlisted, 200 points; dues raised, 200 points; collected one month, 100 points.

The side captained by George Abell in the membership contest is composed of J. E. Hill, Clint Myrick, J. C. Smith, Raymond Upham, R. D. (Bob) Struggs, P. A. Nelson, Clarence Scharbauer, Tom Sealy, Fred Fromhold, W. F. Heil, Dr. W. E. Ryan, S. M. Vaughan, L. G. Mackey, K. L. Sappington, Marion Flynt, Earl Horst, Harvey Conger, George McEntire, H. F. Fox and Claude Crane.

John P. Butler's group of workers are as follows: R. L. Miller, Luther Tidwell, Ralph Geisler, Charles McClinic, George Philippus, W. B. Simpson, Joyce Howell, L. T. Boynton, Barney Greathouse, T. R. Wilson, R. M. Barron, Allen Watts, M. H. Hawford, Lester Short, J. M. Foster, Paul McHargue, Dr. J. B. Thomas, Clinton Lackey, and John Howe.

It is pointed out that the chamber of commerce still is operating on a depression budget and that its activities have grown to the extent that the present \$6,000 revenue must be increased to \$10,000 or \$11,000. The organization, for fifteen years, has maintained a cash balance and it is only in recent weeks that this reserve has been threatened. Officers and directors expressed the belief that all new citizens and business institutions will want to enroll as members and that many present members will be willing to increase their dues to aid in meeting the budget demands.

Oil Men to Attend Convention of the Mid-Continent

Midland oil men are planning now to attend the big annual convention of the Texas Mid-Continent Oil and Gas Association, to be held in San Antonio, October 27 and 28, according to Harry Adams, vice-president of the Association and local chairman of the convention committee for this district.

"Our committee is anxious that every oil man in Midland and surrounding communities attend this year's reunion of Texas oil men in San Antonio, because it will be one of the most important meetings of 1938," said Mr. Adams. "Matters of great interest and importance to the oil fraternity in this district, as well as to every oil man in the state, will be brought up for discussion at the Mid-Continent convention, and prominent speakers will have messages of vital interest to our industry and our state."

Business sessions will include speakers of national prominence, address of the Association's president, Charles P. McGaha, committee reports on taxation, social security, the prevention of oil field equipment simplification of reports required from the industry and other matters of immediate and future importance to every Texas oil operator. Entertainment features include the annual banquet, handicraft self tournament for men and women and an opportunity to visit the Texas Shrine of Liberty, the famed Alamo, as well as to enjoy the old-world, Spanish atmosphere for which San Antonio is unequalled anywhere in the United States. Convention headquarters will be at the Plaza Hotel.

In addition to Mr. Adams, chairman, the following local oil men are members of the Mid-Continent Association's convention committee: Gary P. Butcher, J. L. Crumbo, W. T. Doherty, F. H. Fihman, O. C. Harner, Farmer Harrison, J. J. Kelly, R. W. Patterson, R. P. Porterfield, Clarence Scharbauer, William Simpson, Harvey Sloan, W. T. Walsh, H. H. Watson, M. C. Ulmer, Fred Turner, Jr., George E. Early and A. L. Baker. Percy Bosworth, R. C. Tucker, R. Vandever, Odessa.

Shell Stakes Important Wildcat In South Roosevelt County; N. M.

BY FRANK GARDNER.

Shaking by Shell Petroleum Corporation of a vitally important wildcat test in south central Roosevelt county, N. M. proved to be today's most interesting Permian Basin development.

The test is No. 1 Harwood, for which cellar and pits are now being dug and derrick being moved in. Stake was driven 330 feet from the south, 660 from the east line of section 27-7s-35e, two miles north of the town of Milne Sands. On a well-known "seismograph high", it is only three miles northwest of a dry hole, the Maxwell, Grandall and Osmond No. 1 Williamson. It is rumored that sufficient pipe has been ordered for the new Shell test to carry it to an 8,000-foot depth or deeper.

Helmerich & Payne, Inc. and Continental Oil Company No. 1-G-36 State, prospective two mile southeast extension of farthest east Vacuum production, this morning was reported drilling plug from 5 1/2-inch casing cemented at 4,875 feet with 400 sacks. Total depth is 4,920 feet in lime. The well had flowed oil on drillstem test made before setting casing. Cable-tool unit was replaced rotary.

At the southeast end of the Vacuum pool proper, Phillips No. 3 Santa Fe is drilling at 4,040 feet in anhydrite and lime. Phillips No. 11 Santa Fe, east side wildcat, is drilling at 2,430 feet in salt. Cities Service No. 1-K State is drilling at 3,100 feet in anhydrite. Humble No. 1-J State is drilling past 4,405 feet in lime.

Devonian Well Tops Anhydrite. Long awaited anhydrite top in Devonian No. 1 King estate, southeastern Gaines wildcat ten miles southwest of the Seminole pool, came in at 2,510 feet, datum of plus 716, with top of salt at 2,550. It is now drilling below 2,840 feet in salt and anhydrite.

Humble No. 50 J. S. Means, north-and-Means pool test in Andrews, flowed 182 barrels of fluid per hour, 80 per cent oil and 20 per cent water on 12-hour test through two 2 1/2-inch outlets off casing. It has been treated with 1,500 gallons, bottomed at 4,505 feet in lime.

Humble No. 1-G University wildcat extension test a mile southeast of the closest producer in the Means pool, is reported to have topped anhydrite at 2,120 feet, 242 feet below Humble No. 49 Means, record 6,204-barrel east edge producer. Quarter-mile west offset to the Rogers & Rogers No. 1 O. B. Holt, 225-barrel discovery producer in southern Andrews, has been staked by Broderick & Calvert and George P. Livermore as No. 1 O. B. Holt, 660 feet out of the northeast corner of section 1, block 43, township 2 north, T. & P. survey.

Monticello No. 3, 880-foot west outcrop to the Emma pool in southern Andrews, cemented 9 5/8-inch casing at 1,665 feet and is shut down while cement staked. Denver Outpost Staked. New west side location in the Denver pool of Yoakum is Texas No. 1 Keller, 990 feet from the south, 1,650 from the west line of section 260, block D, J. H. Gibson survey. It is 1,980 feet due north of Gulf No. 1 Moore, west extension producer.

Sam C. Yingling No. 1 Gulf-Barrier, east central Yoakum wildcat nine and a half miles northeast of the Bennett pool, is drilling below 5,120 feet in hard lime. Shell No. 3-A Bennett, short west outcrop to the Bennett pool is circulating after bottoming hole at 5,280 feet in lime. Magnolia No. 4 Bennett, east side test, is drilling

ings. Flames enshrouded the bodies of one of the world's foremost authorities on flying, both heavier and lighter than air, and his sergeant pilot.

One of the flaming bodies was catapulted from the wreckage by the impact.

The general, who rose from the ranks in a brilliant career to the army's No. 1 flier in 34 years of service, had a short time before paid tribute to army bombers at March Field for a distinguished year's record of safety in flying.

He had presented a trophy to the 19th bombardment squadron. Leaving March Field after luncheon he was to rejoin the American Legion convention activities here and continue inspection of western aircraft factories.

Only Tuesday he had directed the maneuvers of 200 of the army's most modern sky fighters over the big American Legion parade.

at 3,265 in salt and anhydrite. Between the Bennett and Denver pools, a mile east of the latter, Honolulu No. 1 R. M. Kendrick is drilling lime at 4,680 feet. It was only 45 feet low to Shell No. 1-D Baumgart, east edge producer, on solid lime, topped at 4,510 feet, datum of minus 943. Driller's top yesterday had been reported at 4,512 feet, but sample analysis showed it to have come in two feet higher. Operators plan to stop drilling with rotary at 4,770 feet in lime, then set 7-inch casing and rig up standard tools to drill in with.

On the northwest edge of the Bennett pool, Cascade No. 1-A Bennett is preparing to drill plug from 5 1/2-inch casing cemented at 4,798 feet. Honolulu No. 4-678 Bennett is drilling at 4,635 in anhydrite and lime.

Sense of Humor Is Basis of Talk by Father O'Connell

Advantages of a sense of humor were pointed out in an address by Father John J. O'Connell at the Rotary club today. He dealt especially with wit of the Irish and declared that those people, persecuted for hundreds of years, had lived as a nation because they could see humor in their every day life.

The present European crisis is due to selfishness, the speaker said, and the United States can keep out of war by preserving a sense of humor and remaining unselfish as regards other people.

The true sense of humor is exemplified in American service clubs, Father O'Connell declared, making possible the elimination of selfishness and thereby keeping down the complications which create unrest and cause wars.

Quoting Mark Twain, the speaker defined an after-dinner speech as one with a beginning, a middle and an end. Twain was quoted as saying he did not know but what the beginning and the middle could be left off.

Visitors today included Rotarians Joe Eyrton, A. B. Knickerbocker, L. D. Payne, Ralph Clark of Odessa, Floyd Boles of Littlefield and Dean Nowlin of Tahoka; also R. W. Aycock of Midland and M. V. Witbeck of Abilene.

Judgments Granted In Highway Deaths

ODESSA, Sept. 22 (Special). — Judgment has been entered in 70th District Court by District Judge Charles L. Klapproth in six damage suits filed in Midland county but changed to Ector county as the result of the death of four persons killed in an automobile-truck crash in Midland county on October 31, 1935.

W. E. Love and L. H. Delaney were named as defendants in all of the suits.

The four persons that died in the crash were Harvey Davis, Mrs. Harvey Davis, W. N. McAnally and Wilma Lee Hintz. Others were injured.

The following plaintiffs have been awarded judgment as follows: Wayne South, for injuries, \$400; R. H. Miller, injuries, \$400; Mrs. Mary Minder, \$25, mother of Mrs. Harvey Davis; Mrs. W. E. Bowling, \$375, next friend of Ervin Harvey Davis, minor, and son and step son respectively of Mr. and Mrs. Harvey Davis and Blanch E. Klaus, \$400, next friend of Wilma Lee Hintz.

Scene of Historic Conference,—and Conferees

The little Rhine town of Godesberg, popular German watering place, is the scene today for the second historic meeting between Neville Chamberlain, Prime Minister of Great Britain, and Reichsfuehrer Adolf Hitler of Germany. The British Premier flew there today for the conference in which accession to full demands of Hitler in the Sudeten-Czech crisis were to be made official. Below is the NEA artist's conception of the two important European political figures, picturing unperturbed British aplomb versus German volatile emotionalism—the fate of Europe on the table before them.

MRS. ROSS WILLIAMS ELECTED TO HEAD SAFETY COUNCIL; AMBITIOUS PROGRAM OF ACTIVITIES PLANNED

Mrs. Ross Williams was elected president and Mrs. Don Sivalls was named vice-president of the Midland Safety Council for the coming year at a meeting of the safety organization in the chamber of commerce office last night, the meeting being the first of the autumn season. Bill Collins was re-elected secretary-treasurer of the organization. Mrs. Williams succeeds Mrs. John W. Skinner as council president.

An interesting and educational address on "The Bicycle Safety Problem in Midland" by Mrs. Sivalls featured the Wednesday night meeting. Mrs. Sivalls pointing out that the bicycle situation has indeed become a serious safety problem here due partly to the fact that Midland has no special ordinance regulating bicycle traffic. A bicycle is one of the most dangerous things a small child can own, said Mrs. Sivalls, over 700 persons being killed in the United States last year in accidents involving bicycles. The average child is ignorant of proper way in which to ride a bicycle, she said, in urging that a safety campaign be conducted here among children who ride bicycles. She also suggested the organizing of a bicycle safety club. Messenger boys are prone to disobey traffic regulations and something should be done in this regard, she stated. Mrs. Sivalls said that she had been informed by city traffic officers that in the future local messenger boys will be required to obey regular traffic regulations. Bicycle traffic regulations are more or less the same as automobile regulations, she said. "The Safe Rider Code" from the National Safety Council magazine was read by Mrs. Sivalls.

Following the bicycle discussion, a motion was adopted wherein the city council will be requested to adopt an ordinance regulating bicycle traffic in Midland, a committee being appointed to appear before the council in this regard. Members present also authorized the purchase of 100 bicycle safety booklets, "Sammy Sprocket Says," the booklets to be distributed among school students.

A report as to the activities of the Midland Safety Council during the past year was read by the secretary, the report disclosing that eight out of ten objectives included

Local Women Head Catholic Council

Mrs. W. T. Walsh was elected president of this district at the semi-annual district meeting of the National Council of Catholic Women held at Big Spring Wednesday, Mrs. J. A. Morehouse was elected district vice-president.

The district extends from Sweetwater on the east to Odessa on the west.

Two Midland women took part on the program of the all-day meeting. Mrs. A. H. Riley presented a paper on "Parent Education" and Mrs. Allen Tolbert made district reports.

Others going from here beside the four women named were: Mmes. J. H. Chapple, McCoy, Henry Wolcott, Jack Cusack, J. J. Kelly, Sara Dorsey.

Czech Troops Continue to Stand Guard as Details of Ceding Sudetenland Worked Out

PRAGUE, Sept. 22. (AP). — Czechoslovak troops stood at the frontier today guarding the Sudeten border lands which the government yesterday capitulating to French and British pressure, agreed to surrender to Germany through negotiation.

Czechoslovakia recorded her sacrifice as the price Adolf Hitler had demanded for peace.

At the border were massed German troops. But the government in an appeal for calm, asked "farmers, workers, industrialists, employers and soldiers" to remain "at your posts and do your duty."

There was no indication the government meant to retire and permit a precipitate occupation of the border regions by jubilant Sudetens and Nazis before the exact regions to be ceded by negotiation is settled by negotiation. Last night and continuing until early today there were two different scenes of disillusionment and inflation being enacted in Czechoslovakia. A very Masses Parade. In Prague army shouting masses paraded and demonstrated calling for a military dictatorship, shouting "down with Benes!" halting the British Prime Minister Neville Chamberlain and promising to fight again for Czechoslovakia as they did in 1917-18. For many hours the government did not know what the night might bring, but as the hours of excited demonstrations wore on without any order or violence it appeared any chance of a nationalistic war that might upset the government had subsided. In the Sudeten districts there was wild rejoicing, and at Pader and Aach, the extreme western tip of Czechoslovakia, Sudeten German vigilance camps took over power, discriminating penalties and customs of See (Czechs) Page 8.

War News

General Syrovoy to Head Military Government

PRAGUE, Sept. 22. (AP). — General Jan Syrovoy today emerged as the almost certain choice of President Benes to head the new military government, replacing that of Prince Horza, resigned. A spokesman said the new regime would not be a dictatorship but a military government capable of firmness needed to cope with the excited temper of the nation.

Chamberlain-Hitler Talk Again Tomorrow

GOESBERG, Sept. 22. (AP). — Adolf Hitler and Neville Chamberlain discussed changes in the map of Europe for three hours today, parting then with promises to continue their talks tomorrow.

Peace Price Raise by Hitler Is Expected

GOESBERG, Sept. 22. (AP). — Prime Minister Chamberlain of Great Britain and Reichsfuehrer Adolf Hitler of Germany met here today to conclude their deal for European peace through partition of Czechoslovakia.

There were growing reports that Hitler might raise the price for peace, set at the first meeting of the statesmen at Berchtesgaden a week ago. One report was to the effect that Hitler might demand the resignation of President Benes of Czechoslovakia.

Elsewhere, these events kept Europe's pot of trouble boiling.

Dictatorship for Czechs Is Imminent

PRAGUE, Sept. 22. (AP). — Amid rising demands for a military dictatorship, President Benes and his cabinet, which tendered its resignation, struggled today with the task of forming a new government acceptable to the people. Crowds thronged the streets in noisy demonstrations.

Baldwin Visits King, Flays Chamberlain

LONDON, Sept. 22. (AP). — Former Premier Baldwin made a surprise visit to King George today. It was believed that in his visit, Premier Chamberlain was being severely criticized.

French Cabinet May Forsake Daladier

PARIS, Sept. 22. (AP). — Premier Daladier today was faced with revolt in his cabinet, over the deal in which Czechoslovakia yielded to pressure of England and France and agreed to cede Sudetenland to the Germans.

Hungarians Ask for Equal Treatment

BUDAPEST, Sept. 22. (AP). — Hungary today handed Czechoslovakia a note demanding for Hungarian minorities treatment equal to any accorded the Sudeten Germans.

Czechoslovak soldiers began retiring from Sudetenland this morning.

Church Installs Large Neon Sign

A triple-division neon sign is being installed at the First Christian church today and is expected to be completed by night, according to Rev. J. E. Pickering, pastor.

Surmounting the church at the front will be a large cross in white neon. Below it, on the front of the building will be the words, "First Christian Church", arranged in a half circle in canary neon. Third division of the sign will be a circle of blue neon around the large window in the front of the church.

The sign is the gift of three men of the church, the Midland Electric company, and of the Midland Neon Sign company, Mr. Pickering said.

SUFFERING FROM CONCUSSION.

Lem Peters, Midland oil man who is in a Fort Sumner, N. M., hospital from injuries received in a car wreck last Sunday is reported to be suffering from a concussion but to be doing "very well under the circumstances," according to information from his oil office here today. It will probably be necessary for him to remain at Fort Sumner for from two to four weeks longer.

Worst of a Century in New England

President Calls Government Aid To Stricken Area

By Associated Press.

More than 200 lay dead today in the ruins of a tropical hurricane that sideswiped the North Atlantic seaboard with devastating force. Known dead amounted to 183 in Massachusetts, Rhode Island, Vermont and New Hampshire and the toll was rising fast.

Hundreds remained unaccounted for on land and sea. Loss from smashed homes, wrecked boats, crippled communications lines and other property ran into uncounted millions. Fire and flood added terror to thousands left homeless by the storm, the worst to hit the northeast in a century.

The storm, accompanied by tidal waves in some sections, moved today into southern Canadian provinces of Ontario and Quebec. The hurricane blew up yesterday from Cape Hatteras, hitting Long Island in the afternoon and sweeping northward through western New England.

Extensive crop and property damage was wrought in New York and New Jersey. Small craft by the dozens were driven inland and shore bungalows were ripped apart. Long Island and metropolitan New York suffered heavily as the wind reached a velocity of 68 miles an hour. At least 29 were known dead in that area.

The disaster, which struck the most heavily populated area of the United States, called for vast and immediate reconstruction. President Roosevelt ordered agencies of the government to render all possible assistance.

Deaths by states: Massachusetts 77, Rhode Island 87, New York 22, Connecticut 31, New Hampshire 13, Vermont, New Jersey and Quebec one each; total 243.

Music Educators To Meet Sunday

SWEETWATER, Sept. 22. — Regional members of the Texas Music Educators Association are to meet here Sunday afternoon to plan for music contests, festivals, the annual state clinic and appoint a regional executive committee.

Russell Shrader, secretary of the state organization, is director of instrumental music in Sweetwater schools.

Connors Building Feed Warehouse

Construction of a warehouse on property adjoining their new Pig-Wiggly grocery building has been started by Bill and Ellis Connors. The firm will handle feed, as well as conducting the grocery, market, delicatessen and lunch counter.

Concrete floor of the building has been poured, and framework for the corrugated iron building, 35 by 75 feet, is being raised.

Brazos Called on For Power Policy

WASHINGTON, Sept. 22. (AP). — Secretary Ickes declared today there was no chance that the Brazos reclamation and conservation district in Texas would receive further PWA aid until there was clarification of its power policy.

Report New Cases Chicago Poisoning

CHICAGO, Sept. 22. (AP). — The second death and nine new infections from a mysterious poisoning that had attacked 144 persons was reported today. Scientists said tainted pastry was believed responsible for the ailment which spread through Chicago's west side.

Heifers Bought by Breckenridge Men

Purchase of 150 head of two year old heifers was made today by S. F. Robinson and Son, of Breckenridge, from J. E. Hill. Trucking of the cattle from Hill's "Figure 2" ranch northwest of Andrews was started immediately.

TURKS ARE DROWNED.

ANKARA, Turkey, Sept. 22. (AP). — Twenty eight sailors were drowned and six others were missing today in a sudden tempest which caught a convoy of motor barges off Turkey's Black Sea coast.

Roundabout Command

There's a notion kicking around that the characteristic behavior of a dictatorship is to go at everything the shortest and straightest way and cut all the gordian knots that may be encountered en route.

That the dictatorships have their uncharacteristic moments is suggested by a contemplated dodge of the Fascist Grand Council to hurry along the Italian birth rate.

It would seem that the easiest way, under a dictatorship, would be merely to decree that more citizens must have more children.

But what approaches now is a decree prohibiting bachelors of 25 or older to live in towns of more than 50,000—the idea being that the town boys would rather go on being town boys than live in the country even if they have to get married to do it.

This may be a deft way of sugar-coating a pill distasteful to confirmed bachelors, but isn't there the possibility that there might be enough unmarried nature-lovers in the big towns to change some of the big towns to small towns if they all went out in the country?

But don't let it worry you. In a dictatorship the answer to all such questions is simply another decree.

BEHIND THE SCENES IN WASHINGTON

WASHINGTON, Sept. 22. — She might be called the nation's No. 1 Housewife for no food problem of the family market basket is unknown to her. Yet she thinks of peas and carrots in terms of charts and graphs. Bread-making means millions of bushels of wheat to her. Breakfast brings her visions of fields of corn and oats.

She is quiet and retiring, yet she is senior economist of the United States Bureau of Home Economics — Dr. Hazel K. Stiebling. Two similar problems claim most of her waking hours.

How much food is needed to give every American an adequate diet, is the first problem. How can agriculture supply this need, is the second problem.

Rodney Dutcher is on vacation. Today's "Behind the Scenes in Washington" is written by his assistant, Gerry Dick.

These problems are geared together, she believed, and the solution of one means much toward the solution of the other. From her office in the building of the Department of Agriculture she began her search on the question adequate diet.

DIET AT FOUR LEVELS

In a study of tremendous value to millions of housewives as well as to the whole field of nutrition

Capitol Jigsaw

BY HOWARD C. MARSHALL
AUSTIN, Sept. 21. (P). — General Johnson Hagood of San Antonio, U. S. Army retiree and authority on military topics, says pacifism is dead.

Addressing the state convention of the American Legion here recently, General Hagood, in characteristic fashion, made some strong assertions against pacifism, one of his favorite subjects.

"Pacifism is born of ignorance," he told the legionnaires, "and the more you study it, the sooner you find out it is a hollow mockery."

The general said there were three kinds of pacifists:

First, the conscientious objectors, study and home economics, she worked out charts and tables to show what foods could and should be purchased to get the greatest possible food value out of the weekly budget.

Today anyone who wants to know how to stretch the food dollar farthest need only write to the Bureau of Home Economics for the series of four standard diets devised by Dr. Stiebling.

These "Diets at Four Levels of Nutritive Content and Cost" are:

1. The liberal diet.
2. The adequate diet at moderate cost.
3. The adequate diet at minimum cost.
4. The restricted diet for emergency use.

Relief officials throughout the country are using the Stiebling recommendations as to the last two diets. The diets are worked out for families of different sizes.

When Secretary Henry A. Wallace, who has declared that an adequate diet for every American must be the goal of any farm program, wants to know how much of each kind of food farmers should raise to give the nation an adequate diet, Dr. Stiebling tells him.

FOOD FACTS

TODAY, Dr. Stiebling is engaged in a great new experiment. A survey of consumer purchase and consumer income, carried on by the Bureau of Home Economics and Bureau of Labor Statistics in cooperation with the National Resources Committee has yielded an unprecedented mass of data on hundreds of thousands of families. Dr. Stiebling is comparing the food expenditures of these families with the diets and at last will know what proportion of families are getting them, or are able to get them.

ALL IN THE CARDS

IN spite of the collapse of the President's "purge," there will still be quite a few new faces in the congressional set this winter.

Wives of those fortunate who are the "people's choice" probably will play their part in the life of the capital in much the same manner as all congressmen's wives.

The congressman's wife leaves cards at the White House, on down the line, unendingly, until at night she dreams of a succession of cards, the accordion folders of picture postcards.

The wife of the senator from the state her husband represents asks her to an "at home." It is a smaller gathering. She gets to meet people, observe them. And they appraise her. She feels dowdy. She must give more attention to her frocks, her gloves, her hair-do.

Washington rents are high. To have the right background she must pay \$150 to \$200 for a four or five-room flat with a good address. Her own wardrobe, adequate for her needs at home, with morning frocks, some simple little afternoon things, for her bridge club and literary club teas, and one good evening dress a season, simply won't do. They look shabby.

And there's always the need to put away something for the next campaign, if they hope to come back. And they do, they most certainly do, for its very, very glamorous.

Bulldogs Work Hard Despite Forecast Of Owl Defeat

Midland high school's smooth clicking Bulldogs, who didn't get a chance to show their wares last Friday night in the easy 53-0 victory over Roby, will face the Big Lake Owls on Lackey field Friday night at 8 o'clock.

Predictions from all sides that the Owls will provide another set-up for the Bulldogs, giving the second and third string players further opportunity for time in the game, has not prevented Coach Bud Taylor and Bob Myer from putting the forty-odd candidates through grueling practice all the week.

Possibility that various combinations will be tried again, in backfield, line and end position, was calculated to add interest for the fans.

No advance ticket sale is held, due to the fact that seats are not reserved. Admission for the game will be 50 cents for adults and 25 cents for children.

whom he classified as harmless; second, the militant pacifists, who he declared were dangerous, and third, the bogus pacifists, who he asserted were the most dangerous of all, for:

"They include the reds, the yellow, the pinks and the greens," he said. "They go about like sheep in wolves' clothing, using the cloak of peace to cover their plans for revolution."

"But in spite of the united efforts of all the pacifists," he declared, "congress has just enacted into law the biggest preparedness program in history. Not a member of the House or Senate dared rise and oppose this program on grounds of pacifism."

At one point in his speech General Hagood, who was popular with negroes in the army because of his interest in them, brought a roar of laughter with a story about himself.

He said he was once in civilian dress in a large city and was surprised to be saluted and addressed by a negro soldier whom he failed to recognize but who called him by name.

"Were you with such and such infantry?" He asked the negro, trying to learn how he knew him. The reply was in the negative. It was the same with several other negro detachments which he had commanded.

Yewyoueraloasal
Naw, suh," the negro answered to each question.

"Well then," the general said, "how is it that you know me?"
"Well, general," was the answer, "all us niggahs knows you as the 'father of all the colored boys in the army.'"

The general asserted his own stand on military defense in no uncertain terms.

"I am not one who can visualize our people waiting around a year until we can mobilize our man power and industry (in time of war)," he said.

"We have three million machine guns and rifles. They are the kind used in the Argonne. They may not be the latest model but they will go off if you pull the trigger. We have plenty of three and six-inch artillery. We have plenty of ammunition, most of which, thank God, is still good. We have the American Legion and the sons and grandsons of the legionnaires coming on."

"America's problem is not to potter around with a little seventeenth dimension army of regulars and national guard." (He said the U. S. Army ranked 17th among world powers).

Then he brought his plan of national defense.

"It consists," he said, "in devising simple and effective methods by which all our young men can be called out immediately when the emergency comes; can be instantly armed and equipped with what we have got; can be rapidly trained in the great essentials, and can be given the chance to fight as they go."

General Hagood said the American soldier was entitled to the best weapons, the finest equipment, and the handsomest uniforms the world could provide.

"But," he asserted, "he will fight like hell without them."

Some of the smallest comets known to mankind are much larger than the earth.

New Business Opens Its Doors Friday

Officially opening its doors to the public Friday, the Safeway Store, with both exterior and interior views shown above, is located in the new building of Geo. D. Phillips and M. N. Coston, across Colorado street west of the court house. Delbert Downing, manager, is shown at right conversing with a visitor.

The Town Quack

San Angelo where we have Iraan, the boys would have had something to look forward to and back on.

About a half million dollars worth of automobiles are used every day, transporting school children to and from the four principal buildings here. And the traffic problem is something fierce. Don't get in too big a hurry, especially at the noon hour, because there are hundreds of youngsters afoot and they have difficulty crossing the streets because of the solid stream of automobiles. Traffic Officer Manning is on the job, helping keep cars and children on the right side of the streets, but he can't get to everyone at once.

We got an anonymous letter from someone, intitled "H. S. H.", who was slowed down from 20 to 15 miles an hour in the school zone. The writer didn't object to tant but found reason for irritation when delayed by a "callopie-equipped" truck on which were passion provoking pictures. We don't get in for printing anonymous letters and firmly believe that everyone should stand behind his own convictions by signing his name, but H. S. H. wrote that "if I had teen-age children, you may be sure this letter would be more rabid and less random."

Tomorrow night is football night again. To see the progress of the Bulldogs, rated highly as possible champions of district 7-B this fall, we ought to see every game, whether it be hard or easy. Big Lake will bring over a little team with plenty of fight, and the game should be interesting, especially if the second string Bulldogs get another chance.

This bids fair to be Midland's last year in class B football. In the first place, there is a new division of schools into AA, A, B, C, etc., but it would have been out last year anyway, as we will have more than 500 students enrolled in the high school before the school year ends.

I'm not throwing out any criticism, but the Bulldogs could have stood a lot stiffer schedule this season. If we had led off with Colorado instead of Roby, then played Big Spring instead of Big Lake, and

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.
The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.
Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.
An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

PLAYS A TERRIBLE GAME OF GOLF BUT LIKES IT

Future Co-Eds Tour Colleges

PAINESVILLE, O. (U.P.). — The Olmstead Travel-Camp — a group of pre-college girls — has completed its seventh annual summer tour to various college campuses.

The purpose of the tour is to permit the girls to inspect different schools so they may make a wise selection of a college.

The group made the Lake Erie college campus, of Painesville, their last stop on this year's tour.

They set out on their trip from Oberlin, O., under the leadership of Mrs. Louise H. Olmstead. After making their last stop at the Lake Erie campus, they returned to Oberlin.

The girls comprising the group this year came from widely separated sections of the United States. Oe was from Omaha, Neb., and another from Chicago. The Midwest and Ohio were well represented.

At night, instead of staying in hotels, they pitched camp.

A large commissary car carried tents, cots, camp stools, sleeping-bag rolls and other camp equipment. It also carried a fully equipped kitchen. A cook prepared the meals.

The girls traveled in automobiles. Each car held 16 or more passengers. They were open cars equipped with waterproof curtains in case of rain. Individual lockers under the seats provided space for cameras, bathing suits, mess kits and wind-breakers. Large lockers at the rear of the cars help camp suitcases.

Divorced From "Mean" Spouse.
LOUISVILLE, Ky. (UP). — Mrs. Catherine Stewart was granted a divorce here on the grounds her husband was mean to her during their six months of married life. She charged he walked on her laundry, threw her meals out the window, demanded she spend only \$1 a week on groceries, would not let her drive an automobile, and once made her sit on the doorstep until 4 a. m.

Strange Colt Runs Like Deer

OVID, N. Y. (U.P.). — "Whattisit," a freak colt that looks something like a mule and runs more like a deer, frolics on Leon C. Wickham's farm as its owner awaits offers from a zoo. Wickham says the colt is the offspring of a Shetland pony and a jackass. When three weeks old it weighed 40 pounds—an increase of 10 pounds over birth weight—and stood 33 inches high.

England imports more than 42,000,000 rabbits annually.

SOCIETY NEWS SECTION

President's Day Observed by Modern Study Club With Luncheon at Hotel

Table decorations reflecting the course of study for the year on "Adventures Around the World and International Good Will" marked the luncheon at Hotel Scharbauer with which the Modern Study club opened its year's work Wednesday. The luncheon was served in the private dining room of the hotel where places were laid at one large table for club members. Covers were marked by place cards, hand-painted by Mrs. Don Stookey, which out the idea of the course of study. Central arrangement for the table was a world globe banked by pink and rose dahlias and roses, accenting the club colors of pink and green.

The meeting observed President's Day for the club and Mrs. F. C. Cummings, president, presided as toastmistress. Three past presidents, Mrs. Fred Turner, Mrs. J. M. Haygood, and Mrs. L. C. Link, were present.

Program for the day opened with a pledge ceremony for two new members, Mrs. Lamar Lunt and Mrs. T. M. Switzer.

Mrs. Tom Sealy played a violin selection, "Italian Street Song," accompanied by Mrs. J. M. Hills at the piano.

Mrs. Cummings brought the address for the day, an inspirational talk on "Club Ideals and Qualities of an Ethical Clubwoman." She discussed the duties of a clubwoman to her club and the qualities of the clubwoman, stressing loyalty as one of her attributes.

"Vacation Echoes," next number on the program, was a roundtable discussion by all members present of vacations enjoyed this summer or planned for the future.

Repetition of the club collect closed the meeting.

Personnel of the club for this year includes: Mmes. R. H. Biggs, F. F. Bridgewater, J. H. Chapple,

FEMININE FANCIES

By KATHLEEN EILAND

Late September afternoons call for iced drinks, no matter how chilly the mornings have begun to be. So if you are tired of the drinks you have served all summer try this, vouched for by a Midland hostess:

Spiced Lemonade
1 cup sugar syrup
12 whole cloves
6 lemons
1 quart water
1 three-inch stick cinnamon
Combine sugar syrup and spices and cook five minutes. Strain. Add juice of the lemons and water and chill. When ready to serve, add ice cubes to each glass. This amount makes six glasses.

Just in case you do not keep a supply of sugar syrup on hand, make it in the proportion of two cups sugar to two cups water. Combine and boil 10 minutes.

Anybody could get enthusiastic over problems of selecting home color schemes just by reading over the names of the newest decorator colors as given by a big store in Texas' largest city. Here they are:

Nile green, golden beige, Havana brown, jade green, cherry red, French gray, raisin, admiral blue, henna rose, marine blue.

Lovely phrases to conjure with, aren't they? Attractive enough to tempt any woman in to doing over the bedroom, or the living room, or better still, the whole house.

Have you seen the new beds, with the padded headboard. Quite the newest thing in what might be termed sleeping furniture. These headboards are fashioned for use of slip covers which may be removed easily when one wishes to change the color scheme.

With a slip cover to match the quilted or tufted spread, the new bed lends itself effectively to beautifying the bedroom.

We never believed we'd live to see it but we have—the day when beds are sold on the ensemble idea.

If you dislike purchasing this and that thing, one after the other, buy your bed, mattress, box springs, slip cover and spread all at one fell swoop, as an ensemble sleeping unit. Convenient, to say the least.

Our definition of something requiring the patience of a saint: Trying to make a balky lawn sprinkler sprinkle water on the grass instead of over the harassed householder working with it.

Announcements

FRIDAY.
Belmont Bible class will meet with Mrs. D. E. Holstef, 206 South A street, Friday afternoon at four o'clock.

Friday Needle club will meet with Mrs. A. G. Bohannon Friday afternoon at 3 o'clock.

Stitch and Chatter club will meet with Mrs. Ben Biggs, 401 E. La., Friday afternoon at the usual hour.

Water consumption in London amounts to approximately 34.9 gallons per capita per year.

Top-to-toe Suede

Here's Mrs. James Russell Lowell, the former Julia E. Brokaw, in a stunning suede suit with a matching suede coat and bag. A jeweled ornament sparkles on the lapel of the double-breasted suit jacket, which has unusually wide revers and pleated pockets.

What Fall's Chic Woman Does to Get That Way

By ALICIA HART, NEA Service Staff Writer.

PORTRAIT of the Smart Woman of Fall, 1938—
She walks like a queen—backbone straight so stomach is flat, chest high, head and shoulders erect.

Her hair is brushed smoothly upward and piled in curls on top of her head. If an upswept coiffure isn't flattering, she wears some kind of variation of it that looks in tune with the mode, but which is really becoming.

Her figure is just right—neither too plump or too thin. She keeps it that way by eating sensibly, exercising regularly.

She files her nails into medium-long, graceful ovals. And prefers subdued wine-red and purple-red polish to scarlet shades. Lighter lacquers with orchid undertones are popular, too.

Her new clothes have a square, broad look through the shoulders. She is fond of boxy jackets over slim dresses; simply tailored afternoon dresses of luxurious materials, like lame and velvet; ultra-damatic evening gowns; small hats that show off her upswept coiffure; shoes with the newly important clumsy look about them; hand-sewn gloves; sheer wool frocks with ballerina skirts and trim little school girl collars.

She is scrupulously clean, neat and dainty. She has two baths a day, of course, uses an anti-perspirant two or three times a week or a deodorant every day, keeps her legs and underarms free from superfluous hair, puts on clean stockings and underwear every morning.

She always puts shoe trees in her shoes the minute she takes them off, hangs her clothes on shoulder-shaped hangers, appreciates hat stands and scented cases for lingerie, handkerchiefs and stockings. Being particular about such small details really is the secret of her perfectly poised, ultra-chic appearance.

TO ILLINOIS.

Mr. and Mrs. Paul Osborne are leaving today for Mattoon, Ill., where he has been transferred by the Tide Water Associated Oil company.

Get Comforting Relief from RUNNY HEAD COLDS

DO THIS: Put some Vicks VapoRub up each nostril and sniff well back.

NEXT, melt a spoonful of VapoRub in a bowl of boiling water; breathe in the medicated vapors for several minutes. This loosens phlegm and further clears the air-passages.

AT BEDTIME, rub VapoRub on throat, chest, and back so its long-continued double action can relieve the misery of the cold while you sleep.

TRY IT—then you'll know why VapoRub is a standby in 3 out of 5 homes.

Mrs. Wade Heath Presents Reading Of Play for Club

"Wine of Choice" by Burman was the drama read by Mrs. Wade Heath at the meeting of the Play Readers club with Mrs. W. T. Schneider, 2000 Brunson, Wednesday afternoon. The book recounts the more or less disappointed love of a man who craves solitude and a girl who is a movie actress.

A roundtable discussion followed the reading of the play.

Light refreshments were served during the social hour.

Members present were: Mmes. E. W. Anguish, Elliott H. Barron, W. H. Bryant, De Lo Douglas, W. L. Haseltine, Wade Heath, Chas. Klapproth, W. L. Miller, R. D. Scruggs, Fred Wilcox, Miss Agatha Bruner, and the hostess.

TP OIL OFFICIALS HERE.

J. Roby Penn and Chas. E. Yeager of Fort Worth, president and vice-president, respectively of the Texas Pacific Coal and Oil company, are in Midland today on business.

Boy Likes Real Trucking.

GLOUCESTER, Mass. (UP).—Russell Howard, captain of Gloucester's high school's football team, has a yen for trucking—not the dance. While his teammates express conventional desires to occupy high places in business and professional fields, Howard says his ambition is to be a truck driver. He wants to become an expert driver-mechanic on one of the transcontinental highway dreadnaughts.

Mosquito Attack Fizzles.

OAKLAND, Cal. (UP).—This city, which for years has conducted a mosquito war and abatement organization, mobilized and rushed to arms when it was believed the city was being invaded. Citizens seized flit-sprayers and stood by the defense of their homes and lives. Later it developed that the supposed mosquitoes were not only mere gnats but gnats that didn't bite.

All over China written Chinese is the same, but every province, or even district, has a different pronunciation.

Olive trees are known to live 1,000 years.

TO McCAMEY.

Chas. McClintic and T. D. Kimbrough made a business trip to McCamey Tuesday.

HERE WEDNESDAY.

Mr. and Mrs. Jim Schroder of Odessa visited in Midland Wednesday.

5 HEALTH BENEFITS IN DELICIOUS QUAKER OATS

Rich in Thiamin (Vitamin B₁)
Vital Food for Nerves

HERE'S one breakfast you can be sure is not only famed for outstanding healthfulness but contains a food for nerves science says everyone should have daily. Perfect health is impossible without this nourishing food, Thiamin. Oatmeal is the richest thrifty source of it. So try delicious Quaker Oats tomorrow morning. Get the benefits it offers. It's high in proteins, for muscle-building; excellent in food-energy for strength; and in needed minerals, iron and phosphorus. Saves money, time, too. Order a package of Quaker Oats, rich in food essentials and vital Thiamin, at your grocer's today.

Common Sense About Constipation

A doctor would tell you that the best thing to do with any ailment is to get at its cause. If you're constipated, don't fiddle with makeshift remedies. Find out what's giving you the trouble!

Chances are you won't have to look very far if you eat just the things most people do. Most likely you don't get enough "bulk"! And "bulk" doesn't mean just a lot of food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If this is what you lack, your ticket is crisp crunchy Kellogg's All-Bran for breakfast. It contains the "bulk" you need plus the intestinal tonic, vitamin B₁, and it's not a drug, not a medicine!

Eat All-Bran every day, drink plenty of water, and join the "regulars"! Made by Kellogg's in Battle Creek. Sold by every grocer.

Poland's Affairs Shift To Create a New Factor in Politics

By JOE ALEX MORRIS, United Press Staff Correspondent.

A significant change appears to be developing in the position of Poland as one of the keys to war or peace in Europe. Since the central European quarrel over Czechoslovakia became acute there has been a great deal of uncertainty as to the attitude of the Warsaw government in event of another world conflict.

Now private diplomatic advices from Poland as well as new dispatches appear to emphasize two important developments in relation to the mounting threat of war in Middle Europe. They are: 1—A series of anti-Nazi demonstrations in smaller Polish cities protesting treatment of the Polish minority in Danzig and a wave of resolutions expressing the sympathy of youth, socialist and peasant party groups for Czechoslovakia.

Both of these developments, if carried through, will bear heavily on the international attitude taken by Poland—and Poland's foreign policy, in turn, will be a factor in determining whether peace can be maintained until the Czech crisis is solved.

Poland's strategic importance in the European picture is due to geographic positions—wedged in between Germany, Soviet Russia and Czechoslovakia—to a population of 35,000,000 and an army of more than 265,000 men. In co-operation with Germany, Poland would be a tremendous aid to Nazi efforts to dominate Central Europe. The Warsaw government at times has been unusually friendly toward Berlin, obviously hoping for a cut of the Czech minority pie if Fuehrer Adolf Hitler succeeds in forcing partition of the little republic.

Poland's reconciliation of Smigly-Rydz, inspector general of the army, and Sosnkowski, and advocate of giving the peasant party a hand in the government, would be of quite a different favor but none-the-less important in the development of foreign policy. For instance, increased power in the hands of Sosnkowski would be expected to improve prospects for a peaceful solution of Polish minority problems in Czechoslovakia and for Polish support for France and Great Britain.

Smigly-Rydz, although never achieving the stature of the late Marshal Josef Pilsudski, is nevertheless the marshal's successor. Sosnkowski was one of the leaders of Poland's 1920 war with Russia and one of Pilsudski's chief lieutenants. He formerly was a chief of staff of the Polish legionaries, a secret organization.

The estrangement of the two men began when Smigly-Rydz was named marshal. Sosnkowski even carried the feud to the point of refusing to attend public events at which the new marshal was present.

Off to School Neat and Dainty

Your children's washable clothes can be kept perfectly fresh and beautifully ironed so inexpensively, when you let us do them each week.

Phone 90 MIDLAND STEAM LAUNDRY

thing of a headache and an enigma to Europe's diplomats. But return of Sosnkowski to a powerful position in the government would be expected to strengthen the Polish faction, eager to see their country closer to the democratic powers without incurring German enmity—yet at the same time relaxing the in-

timack of Warsaw's relation with the Nazis. At the moment, Poland's trend seems to be shifting in that direction.

Murder Charge Is Filed at Odessa

ODESSA, Sept. 22. — Charges of murdering Charlie L. Allison, 58, who died in a local hospital Wednesday afternoon, were filed against Zeal Franklin, rig builder, Wednesday.

Allison, formerly of Fort Worth,

HOW 25 WOMEN LOST UGLY FAT In Special N. Y. Test

Ask Your Doctor If It Isn't Good Way. Read EVERY WORD

NEW YORK, N. Y.—In a test by a prominent N. Y. Physician and nationally known newspaper woman—25 women lost a total of 285 lbs. in 40 days. YOU, too, can follow this SAME SENSIBLE plan right at home and here it is:

First of all go light on fatty meats and sweets. Eat plentifully of lean meats, fish, fowl, fresh fruits and vegetables. And for proper functioning—take a half teaspoonful of Kruschen Salts in hot water every morning. DON'T MISS A MORNING! And this is important!

Kruschen is NOT harmful, it is not just one salt as some people ignorantly believe. Rather it's a blend of 8 active mineral salts (formula right on box) which when dissolved in water makes a healthful mineral drink similar to Famous European Spa waters where wealthy fat women have gone for years. A jar of Kruschen costs only a few cents and makes 5 gallons of a most highly efficient mineral drink.

So fat ladies—get some gumption! MAKE UP YOUR MIND. YOU'LL STICK to the above Plan for 28 days—and just see if you don't lose fat and feel healthy and younger. (Note: You can get Kruschen at Palace Drug Store.)

died of bullet wounds inflicted Tuesday. Shot six times, Allison was given a blood transfusion but failed to rally.

Franklin, who was on his way to the sheriff's office to surrender, he said, was arrested by W. A. Fields, city officer, shortly after the shooting. A .38 caliber pistol was taken from Allison, however only four shots had been fired.

ficials. The streets became a mass of waving swastikas and crowds shouted "Hell Hitler."

Details of the exact soil to be lost and the means of accomplishing the mission were to be worked out during negotiations, the announcement indicated.

Mrs. Williams - - -

CONTINUED FROM PAGE ONE

in the program of work for the year had been accomplished.

Council members in attendance voted to continue the holding of regular monthly meetings on the first Tuesday evening of each month, the meetings to be called to order promptly at 7 o'clock.

Mrs. Don Sivalls, Mrs. George Kidd and Mrs. Ross Williams were named as a committee to be in charge of radio programs, and Mrs. Sam C. Giesey was appointed as a committee of one to be in charge of safety poster distribution.

Members of the Safety council

Larger Army, Navy Asked by Legion

LOS ANGELES, Calif., Sept. 22. (AP)—The American Legion Wednesday reiterated its demand for a larger army, a navy second to none and expressed itself as unalterably opposed to referendum on war.

"If an emergency threatening the territory of the United States arises," an adopted resolution said, "we want to be so prepared on sea and land that battles for defense be fought as far from the American shores as possible so that our civilians be not subjected to bombardments from foreigners."

The report of the national defense committee in its entirety, was the high light of the second business session of the 20th annual convention of the Legion, Chicago was unanimously chosen for the 1939 convention.

War Situation in Timely Yucca Film

Will war come? The alarming situation in Czechoslovakia, the tinderbox nation of Europe, which has kept Europe on the brink of war these many months, is studied in "Prelude to Conquest," in the new MARCH OF TIME, playing Friday and Saturday at the Yucca theatre.

MARCH OF TIME'S cameras have been at the Czech front reporting each new development and reveal for the first time on the screen the complete story of the Czech situation. The film describes the reasons for the discontent of the Sudeten Germans in Czechoslovakia, how Hitler has capitalized on their distress, and what a German-control-

Suggests Tax Money For Flood Control

AUSTIN, Sept. 22. (AP). — Suggestion that the state tax money might be used to improve flood control on the Colorado river was advanced by Former Governor Dan Moody today during a senate committee investigation of the July flood.

Moody represents citizens who suffered great losses in the over-

ed Czechoslovakia would mean for his nearly bankrupt country.

A Princess Wears

Mrs. Hans G. Spitzer, the former Princess Daria Obolensky, went to the polo championships at Westbury, L. I., in this chic fall suit with a slightly military jacket. Of oxford gray flannel, the skirt is slim and straight, the jacket finished with black lapels, shoulder straps of self material, edged in black, and bronze buttons. She carries a casual coat of fleecy wool with a deep collar.

Barbizon's "Lazy Peg"

"For my money the best pajamas I've ever seen. They fit slick. Sure they wash... and how they wash! This Crepe Lagere is smooth stuff. I've bought the whole 'Lazy Pals' series... some in pastels, others with dark pants. No, silly, you don't need to be an heiress, they're only \$4!"

(Sketched is "Lazy Peg", very popular)

CUT-RATE DRUGS

Congratulations To:

Mr. and Mrs. Earl Embry are the parents of a daughter born in a Midland hospital Wednesday. Mother and child are reported doing well.

Warren Duncan Is Fraternity Pledge

Warren Duncan, son of Mrs. Clark Duncan, of Midland, has been recently pledged to Tau Kappa Epsilon social fraternity of Illinois Wesleyan University in Bloomington, where he is now in his first year.

Tau Kappa Epsilon was founded as a national fraternity on the Illinois Wesleyan campus in 1899, and now has forty-one undergraduate chapters. Fraternities and sororities are already beginning preparations for the Homecoming activities which will begin with the formal installation President Wiley G. Brooks on October 20.

HURT IN FALL

J. W. Bullock, elderly Midland man, was treated in a local hospital Wednesday for injuries of forehead and face received in a fall.

FROM SAN ANTONIO

Hewlett Russell returned this week from a trip to San Antonio.

More Freckles Than 'Freckles'

David David—no relation to Simone Simon—has more freckles than the hero of the comic strip "Freckles and His Friends." Young David has entered the freckle contest in the Canadian Exhibition at Toronto, Ont., and looks like a good bet to cop honors in his hometown's show.

TWO SHIPS LAND.

Two landings were reported for today at Sloan field in a checkup early this afternoon.

A C-33, flown by Pilot Biggerstaff, arrived from Barksdale Field, La., and departed for Rockwell Field, California.

Major Walthall, flying a BC-1, arrived from Biggs field, El Paso, and departed for Barksdale Field, La.

BACK FROM AUSTIN.

Mrs. John Dunagan has returned from Austin where she accompanied her three children before reopening of the University of Texas.

FORMER RESIDENT HERE.

Mrs. R. Steele Johnston, former resident of Midland who is now living in Odessa, is visiting here today.

MRS. FRANCIS BETTER.

Mrs. S. M. Francis who has been quite ill at her home here for several days is reported better today. Her daughter, Mrs. Lawrence Shields of Wichita Falls, arrived yesterday to be with her.

FROM ODESSA.

Mrs. C. A. Bradley of Odessa is here today. Mrs. F. A. Haish of that city visited in Midland Wednesday.

ABILENIAN HERE.

J. W. Bateman of Abilene is here today on business.

FIRE TRUCK MAKES RUN.

Midland fire truck made a run to the Flats shortly before 11 o'clock this morning in response to a call but the fire had been extinguished before the fire boys reached the scene, city hall officials reported.

STILL IMPROVING.

Tom Patterson, who is in Rochester, Minn., where he recently underwent major surgery at Mayo Bros. is reported continuing to improve.

ON VACATION.

R. M. Zimmerly has gone to his home at Socorro, N. M., to spend his vacation.

RETURNS FROM TRIP.

Mrs. W. C. King has returned from a visit to Corsicana.
