## AROUND TOWN

With Otto B. Grate

Hey, hey, it's Friday by gosh and in these diggings that's time for our weekly chit-chat.

Hitler and Mussolini may arrange the map of Europe and calamity may befall the universe but those are minor happenings compared to what happened at our house last week. The bantam hen hatched out eight guineas (courtesy Mrs. Earnest Hill) and according to my Mom that over-shadows all else—she's funny that way but a softy downy baby guinea is more important to her than all off he political situations in the news.

Speaking off owls did you hear of the foul (ouch!) Norvell's grocery pulled last week? On a particularly warm day a chick hatched from some unceded eggs. It was discovered only when peculiar sounds issued from the egg crates.

This isn't national poultry week but here's another feathered friend of note. Oddity in the news this week is the humming bird nest in Fred Hollingshead's yard. The tiny nest, no larger than a gird sized acorn and crowded with two tiny birds has attracted more attention than anything has in weeks, and it's well worth your time to drop by and see it.

And have you too been wondering what made the gigantic tracks leading to the Plaza Theatre? Then cease your trembling kiddies (it isn't the boogie bear at all it was only a wee kitten belonging to young Bill Ray, or at least that's the statement he handed the press.

And speaking of the Plaza can you think of a nicer place to spend these torrid afternoons? The Sunday showing will be "The Sun Never Sets" a drama filled story of the glory of the British Empire which is helped considerably by the presence of Basil Rathbone and Douglas Fairbanks Jr. in the cast. Movie Prize of this or any other month however is the Wednesday, Thursday, Friday, opus "Rose of Washington Square". "Rose" is good entertainment, not because Al Jolson tries a come-back with his Mamysongs or because Alice Faye comes through with the torchiest of torch songs but because of Tyrone Power's portrayal of a small time crook who is nothing short of a loveable heel. If you can imagine a combination like that. Power stands by and drops the picture in his pocket despite the efforts of the rest of the cast.

Here's an item of interest for the note book which may encourage (but I doubt it) you to chop the weeds around the home stand. While indulging in this all but extinct practice Mrs. Mary Kehrer unearthed a coin which ought to be worth something—a two cent piece minted in 1864. You'd never guess from what geographic location this bit of chatter is being thrown at you from—nope, not if you guessed a mill-yun years. Your old Town Crier is witting from the Henry Ranch on the Clear Creek, having arrived here via the Star, Mail Route No. 2. The route, handled by Mr. James Burks covers some of the most interesting country in the county and takes you within yelling distance of some mighty nice folks, the Jack Gilliland's, the Sikes, and just a number of others.

The route also goes by the recently erected Belle Plain monument commemorating the first county seat and college. Spending a day with the Henry's is always a pleasure and this week it came in more than handy for I solicited the secretarial assistance of my second typist, Loraine Henry in getting this column out on time. Not to be over-looked either is the invaluable aid in the form of "oomph" kiss from Chief Manager Dorothy Henry.

And as long as we are out on Clear Creek why don't ever doubt that it is one of the finest places imaginable to throw a picnic, and that's exactly what happened

## Warning To W. P. A. Workers—Don't Walk Off Job

Workers in Callahan County this week were advised not to walk off a job and expect to draw all their unemployment benefits. H. H. Rumph, supervising examiner for this district, said, "Quitting without good cause may result in a claimant's being assessed one of the stiffest penalties of the unemployment compensation law."

He explained that the penalty for quitting without good cause ranges from the loss of one benefit check to the loss of all benefit checks. "The intent of the law is to help the worker who is unemployed through no fault of his own," Rumph declared, "and it is not to be confused with old age benefits or relief."

## Bond Assumption Election Called

Dudley-Denton school district will hold a bond assumption election Saturday according to B. C. Chrisman, county Superintendent. At a recent election the district voted \$6,000 in bonds for a new school building. This issue will not figure in the joint election. Bonds that would be assumed are two issues—\$5,500 for the old Denton school building soon to be razed and \$6,400 in bonds for the new auditorium at Denton.

## Winters City Officials Visit Baird

Mayor T. A. Smith and J. S. Bourn, city councilman accompanied by a number of business men of Winters were in Baird a few days ago to confer with Mayor Schwartz in reference to the building of a Municipal Light and Power Plant. The Winters officials are contemplating a proposition of this kind and were seeking information.

## Hutchisons Buy Land Near Putnam

Some real estate in the Putnam vicinity changed hands in the last few days. L. J. Cook sold 330 acres of land West of town to C. T. Hutchison of Abilene and son A. B. Hutchison, of Baird. Consideration being \$86,600 cash transaction. There was 300 acres in the S. P. railway section 303 land and 30 acres out of the Julia Smith survey. The average price per acre being \$20.

The Hutchisons have a small ranch joining this land.—Putnam News.

## Griggs Hospital News

Mr. Madison Montgomery of Baird is doing nicely following an appendix operation. Buck Sprouse of Admiral underwent major surgery last Saturday night. He was able to return home Tuesday. Charlie Hadley is a medical patient, entering the hospital last Friday.

Mrs. Joe Scott of Clyde was a medical patient last Saturday night, returning home Monday. Abner Walker is improving following low-dose treatment for heart trouble.

Mr. and Mrs. Alton Hutchison of Baird are the proud parents of a baby girl born last Thursday. Mother and baby returned home Tuesday. Mr. W. N. Culpepper of Dudley was able to return home Wednesday following medical treatment.

Mrs. Bess Ray of Baird underwent tonsilectomy Thursday morning. Grace Thorntin of Baird entered the hospital Thursday morning for an appendix operation.

## BAIRD HOPES FOR CITY PARK REVIVING

Baird's long hoped for City Park seems to be a some what nearer reality. The Luncheon Club and City officials are co-operating in a move which is believed to be feasible.

A committee recently appointed of which E. L. Woodley is chairman and Ashby White, Rev. Hamilton Wright and R. L. Elliott Jr. as fellow committeemen conferred a few days ago with the owner of a site adjoining the city which would make an ideal park and a favorable reply is hoped for within a few days.

This tract of land consists of about 80 acres with a city water main running through it. In case of its acquisition the city and citizens will beautify it, put in swimming and wading pools, band stand, tables and benches. The park will be named for the donor of the land.

## Garden Club Benefit Party, A Success

The benefit Flower Show and Game Party given by the Baird Garden Club in the outdoor living room of the Act Hickman home was a most enjoyable affair. Under the capable direction of Mrs. W. Clyde White, president, and Mrs. Earle Hall, general chairman, the various committees spent much time in planning a beautiful and varied exhibit of garden flowers; the individual entries being grown and arranged in attractive containers by interested flower growers of Baird. The committees also displayed a group of wild flowers banked about a garden pool.

Games of "42" and Bridge were played and refreshments were served to sixty-eight guests.

Out of town guests were: Mr. and Mrs. Geo. Hall of San Benito; Miss Ester Varner, Cotinwood; Mr. and Mrs. W. B. Barton, Clyde and R. V. Pinson, Jacksonville.

The Garden Club members wish to thank not only those who attended, but also a number who sent cash contributions. Thanks are also due to all who sent exhibits of flowers, to The Baird Star, the Price Ice Company, Mr. and Mrs. Joe Bryant the City Pharmacy and The West Texas Utilities Company for assisting in various ways.

The success of this affair shows that Baird citizens are interested in the Garden Club and it's project of beautifying Ross Cemetery. Visit the cemetery and see what progress has been made. Place your extra pennies in the milk bottles which have been left in several stores for receiving contributions toward the cemetery fund.

## Lanham and Clyde Merger Vote July 26

An election has been ordered by County Judge L. B. Lewis to be held Wednesday, July 26, to determine whether or not the Lanham rural school district shall consolidate with Clyde Independent school district. Lanham came to Clyde last year on transfer and is already under contract by transfer for next year.

## BEWLEY'S CHUCK WAGON GANG HERE YESTERDAY

Bewley's Chuck Wagon Gang of Fort Worth were here yesterday and gave a fine concert on the street.

They were enroute to the Taylor County Pioneers Reunion at Buffalo Gap today.

## SUNDAY SCHOOL

Mrs. L. L. Blackburn's Sunday School Class elected new class officers to serve for the next six months. The following were elected:

President, Mary Lillian Harville Vice President, Arnold Thompson. Secretary and Treasurer, Wilbert Voshell. Reporter, Roth Weathers.

## City of Baird Wins In High Court On Municipal Power Plant

Mayor H. Schwartz, was notified Wednesday by S. A. Phil-guest clerk of the State Supreme Court that the court had denied a motion by plaintiffs for a rehearing of the suit filed as an attack on the validity of an election here in which \$165,000 in bonds were voted to finance a municipal power plant.

Mayor Schwartz and other city officials say they consider this action by the court leaves them free to proceed toward construction of the Municipal Light and Power Plant, but that bids will have to be advertised for a second time.

The public works administration has approved the project and will furnished its share of funds with the city.

## WARREN FAMILY HOLD REUNION

The country home of Mr. and Mrs. Oran Warren of Hart community was the scene of a family reunion Sunday July 9 for the descendants of Mr. and Mrs. L. A. Warren. All their children sixteen grandchildren and two great grandchildren were present.

Dinner was served after which the group spent the afternoon swimming, visiting and taking kodak pictures. Those present were Mr. and Mrs. Henry Bailey and children of Escobac, Mr. and Mrs. J. E. Heslep of Putnam, Mrs. Gus Ryan and children of Baird; Mr. and Mrs. Askew Dodd and sons of Dimmitt, daughters of the Warrens, Mr. and Mrs. Ervin Warren and children of the Union community, Mr. and Mrs. Oran Warren and children of Hart, sons of the Warrens, Mrs. Clarence Armstrong and children of Eunice, New Mexico, were present. Mrs. Armstrong is a grandchild.

## Group Make Tour Of Farms Over County

On a tour Tuesday sponsored by the Callahan County Club and the Clyde Truck Growers Association, the following demonstrations were visited: Ernest Franke, cotton dusting to control boll weevil; Dewey Ennis, commercial fertilizer; R. P. Stephenson, soil conservation; H. L. Turner, commercial fertilizer; Morris Edwards, trench silo; H. G. Broadfoot barnyard manure fertilizer demonstration and the John Perrin apple orchard.

## Residence Destroyed By Fire

The Moline Vaughn residence in East Baird, occupied by H. V. McBride and family was destroyed by fire about 7 o'clock yesterday morning. Very little of the household goods were saved as the house was afire all in the roof when discovered. The Pritchard residence just north was damaged some by the fire.

Origin of the fire is not known. Mr. McBride a W. P. A. worker had gotten up and cooked his breakfast and gone to work leaving his wife and children asleep. A little son of the McBrides was awakened by the smoke it is reported, and woke his mother.

and all kinds of Piano Repairing. Reference given. 32 years experience. J. B. Ely, Baird, Texas.

## Ross Jenkins' Mother Died Saturday

The home of county agent Ross B. Jenkins of Johnston City was saddened last Saturday noon when word was received that his mother had contracted pneumonia and was in a critical condition. Understanding the message as only a warning he got to work with his father William C. Jenkins making ready for a final message that came at 5 P. M. stating that she had finished this life. For the past three years she had been confined to the hospital where she had never responding encouragingly to treatment.

She was born near Whitney in Hill county September 30, 1877 as the eldest daughter of Mr. and Mrs. W. H. Brannan. Three sisters have preceded her in death Maude, Ora, and Jewell and three brothers Joe, Norman and Willet also her parents. One brother, Clyde Brannan of Canton, survives her and was present at the funeral.

On August 28, 1898 she was married to William C. Jenkins at Hico, Texas. To this union was born four children. Ross, the Blanco county agent, Baby Boy, who lived but seven months, Frances the wife of J. H. Rhodes of Huffman and Ora Grace the wife of Les Burgess of McCamey. All four children were born in the vicinity of Hico before 1907 at which time she moved with them to De Leon in which vicinity she has finished the last 32 years of her life.

She was united with the Church of Christ in 1896 and has been a faithful and devoted Christian all these years. Her friends remember her for her busy life spent in nursing the sick within driving distance of her home, lending comfort to the distressed and in visiting with her friends and loved ones.

She was the granddaughter of Ben Tension who was one of the pioneers of Blanco County. He built the first house in the city of Blanco, established the Church of Christ there, and served the first 7 years as district clerk of the county. It is said that he was forced many times to leave his office to help the citizens push back raids from the Comanche Indians. It is reported that his daughter was the first person buried in the Blanco cemetery and is surely the first woman to be buried there.

Mrs. Jenkins mother, Katy Brannan, was at Blanco with her son Norman trying to better his health at the time that Will Jenkins wrote her asking for her permission to marry her daughter, Mattie Alice.

Besides her children and husband she leaves five grand children; Robert, Willard and Carlyne, Jenkins, Billy Burgess and Jimmie Rhodes.

The Ross Funeral Home of Johnson City had charge of the arrangements. She was first brought from Wichita Falls to DeLeon where the service was held in the Church of Christ, situated only a mile from her farm home that is at the edge of the city of De Leon. The last rites were said by David H. Beebe, minister of the Church of Christ of Eliasville. From DeLeon she was taken overland to Hico and placed in the family plot with the others if her family.

And thus as tender hands fondled her and gave her the best care when she was born into this world, so it was last Sunday that tender hearts and loving hands gave her the best possible care and attention as she was ushered into her new home to be with her Savior forever more.

Ross Jenkins was former county agent of Callahan county where his mother often visited him and family. The Star joins the many friends in Callahan county in extending sincere sympathy to Ross Jenkins and other members of the family.

## Mrs. M. C. Berry To Be Guest At Taylor Pioneer Reunion Today

Mrs. M. C. Berry living on her farm four miles south of Baird will attend the Taylor county Pioneer Reunion at Buffalo Gap today as a guest of honor.

Mrs. Berry was honored as one of the two surviving widows at the Texas Centennial in 1936. She was given the title of First Lady of Texas. She was born August 29, 1853. She is the widow of Capt. A. J. Berry who served under Sam Houston in the battle of San Jacinto.

Welcoming party of Mrs. Berry will be Mrs. J. B. Hejchew of Abilene and Mrs. Wyrtil Ledlow, Mrs. Hejchew is the granddaughter of Sam Houston and Mrs. Ledlow is a descendant of David Crockett. Also invited to be guests of the reunion are Mrs. Pearl Grimes of Abilene, a daughter of Mrs. Berry, and Dr. A. J. Pope of Abilene, a grandson. J. S. Hart, president of the Callahan County Pioneers Association who was also invited to attend the reunion will be unable to attend due to a recent illness.

## 4-H Club Boys Encampment

The first annual encampment for 4-H club boys of Callahan county and their fathers began yesterday at Ace Hickman's lake about seven miles southeast of Baird on the Admiral road. 400 new swimming, baseball games and wells are to be drilled in this demonstration which is in order area is the report.

The W. Tom Carney Boatwright group will break camp and return to their homes. Club leaders were in charge of the groups from their respective communities and assisted Ross J. T. Watts drilling on Mrs. Brison, county agent, in conducting the camp. Leaders and the community they represented are:

Brian Odom, Bayou, H. L. Boring Odell is drilling on the R. D. Denton, R. W. Robinson and Earl C. Hayes Clyde, Jim Faircloth, nam.

Midway, R. L. Payne Eula, Chas. T. Straley Oplin, H. S. Varner Cottonwood, D. C. Foster, Atwell Plain two miles, E. P. (Red) Campbell has taken a lease on the Maggie Alexander Hardy and five miles north of Baird for a 1200 foot test, production is located north and east of this test.

R. B. Webb and Rod Groce are drilling on Sec. 130 J. M. Rush northeast of Scranton about one mile north of the L. A. Warren wells in this area. They are down 1100 feet and will drill to 1800 feet.

The morning program will include music by both the Cross Plains Band and orchestra, invocation at 10 o'clock, welcome address by a son of a pioneer, a silent tribute to those who have gone up the trail since the last meeting of old settlers. A basket lunch will be served at 12:30.

The afternoon will include a variety of entertainment. There will be jigs, old fiddlers and range song contests the introduction of the oldest resident, the oldest citizen in point of residence, the oldest native son and daughter, the family in which the most generations are represented at the reunion, the old timer coming the greatest distance to be present.

Later in the afternoon there will be an old fashioned square dance. Jack Scott, publisher of the Cross Plains Review, will be master of ceremonies.

A complete program will be published later. Mrs. L. L. Blackburn of Baird, is chairman of the program committee.

## NEW T. & P. STORE KEEPER

E. L. Donaldson of Marshall has been made storekeeper for the Texas and Pacific Ry. divisional terminal shops here succeeding A. M. Butler who held the position for several years. Mr. Donaldson has worked for some time in the general shops at Marshall. He and family have moved to Baird.

## Drilling Activities Increasing In County

Drilling activities in Callahan county especially around Baird and in the Putnam area is on the increase.

L. A. Warren opened up a new shallow pool on the William's heirs, C. S. Alvord survey about two and one half miles north of Putnam and West of the I. G. Mobley place. They struck the pay sand at 591.6 and drilled into the sand about four feet. This well is good for a production of ten to fifteen barrels and insures the drilling of several other wells in the near future. Hart and Odell are putting one down in the same vicinity on section 302.

Ungren and Frazier of Abilene, moved rig and materials Monday to a new Callahan county wildcat location staked on the C. E. Snyder ranch about five miles north of Baird, the location being in the northwest corner of the Chase pasture. The well will be drilled to 1,100 feet.

The Dobbs well on the E. L. Finley ranch east of Baird has finished under reaming and is now drilling around 1100 feet. This test will drill to the Ellenberger lime.

L. A. Warren is drilling an offset to the Cozart No. 1 in the Scranton area. This location is on the Matilda Cherry survey. They were drilling at Baird on the Admiral road. Six new wells are to be drilled in this area is the report. The W. Tom Carney Boatwright farm east of Baird struck water which is being cased off. The groups from their respective communities and assisted Ross J. T. Watts drilling on Mrs. Brison, county agent, in conducting the camp. Leaders and the community they represented are:

Brian Odom, Bayou, H. L. Boring Odell is drilling on the R. D. Denton, R. W. Robinson and Earl C. Hayes Clyde, Jim Faircloth, nam.

Midway, R. L. Payne Eula, Chas. T. Straley Oplin, H. S. Varner Cottonwood, D. C. Foster, Atwell Plain two miles, E. P. (Red) Campbell has taken a lease on the Maggie Alexander Hardy and five miles north of Baird for a 1200 foot test, production is located north and east of this test.

## FARM MORTGAGE INSURANCE

The Senate passed and sent to the House the Leo bill which will insure farm mortgages 100 per cent and enable tenants to buy farms. A special provision will lend \$500,000,000 to expand the farm security administration program for tenant purchases and rehabilitation. A limit of \$350,000,000 that can be secured at any one time is set, but it is believed to be a starter. For an insurance program that may be many times greater, if this plan should work out well.

## SOCIAL SECURITY

The long delayed amendments which is hoped to liberalize the Social Security Act will soon become a law. The bill that was approved by the House would keep the old age insurance tax on employees and employer as it now is until 1942 at 1 per cent and payments are to start with the coming January first. News carriers and fisherman on vessels under 400 tons were exempted from its provisions.

## WAGE HOUR

A drive to pass a revised wage hour bill before Congress adjourns was opened by some House members.

## NEW LENDING PROGRAM

The President is trying to get Congress to pass a new program which will loan about \$4,000,000,000 to attract private capital to non-federal and other public works. The provisions for extending long and short term loans to foreign governments to promote trade was eliminated.

## PATENT BILLS

The House passed five bills which intended to speed up patent procedure. A Senate Committee reported Senate bills that are expected to create a Circuit Court of Patent Appeals limiting the life of a patent to twenty years from the day the application is filed. This is to prevent dragging out private control of the invention, which can sometimes run for over forty years.

## FLEXIBLE FARM LEASE

The farm Security Administration has distributed within the past year 1,000,000 copies of its written lease form designed to improve rental arrangements between farm tenants and landlords. Both have applied in large numbers for this "Flexible Farm Lease" which is intended to take the place of oral agreements that still prevail in many sections of the country. The lease form is designed to encourage statement of landlord-tenant agreements in clear-cut terms and minimize the misunderstanding that arise from word-of-mouth agreements. The "rental rates" clause carries a suggested form for stating exactly the share of each crop or the cash payment the tenant is to give the landlord. The "improvement compensation" clause in these lease form provides for an impartial sharing of responsibility for property improvements both permanent and removable. The amount of compensation the tenant is to get for improvements he makes on the landlord's property during his tenancy has often caused disagreements under oral leasing.

## Nobody's Business

By Julian Capers

The action if Gov. O'Daniel in slashing \$5,000,000 in round numbers from the biennial appropriation bills was the center of interest in Austin this week-end. The consensus of opinion here was that the governor's action would be approved by the people, and would make a good talking point in his re-election campaign next year. Observers here or at least those without personal bias, were of the opinion that the budget cuts were probably a wholesome thing. There is a tendency on the part of the State department head to build up the personal and the expense of their bureaus, and a pruning of deadwood periodically is undoubtedly a good thing. The influence of the New Deal and its free-spending policy has spread to Austin, and there has been a constant rise in activity and expenditure by most State departments. O'Daniel's action, therefore required political courage, because it undoubtedly antagonized a great many State employees who vote, but most observers here believed the Governor would benefit politically in the long run from his action.

## LITTLE REAL SAVING

That cuts were not made in the most intelligent manner, however was obvious. O'Daniel waved the blue pencil without regard to the relative necessity of the public service rendered by the respective departments, or the public convenience resulting from such service. Heavy cuts given the Highway Department and the Department of Public Safety were believed by many students of State government to have been unjustified, since both departments have been operated with a fair degree of economy and efficiency. Some of the other cuts obviously were made with typical O'Daniel lack of knowledge. He left the State Ranger force intact, for instance, but vetoed an item of less than \$1,000 for ammunition. If the Rangers do any shooting during the next two years, they will have to buy their bullets out of their rather meager salaries. The Governor left the mule barn appropriation for the new hospital at Big Springs, but cut buildings much more necessary to the operation of the hospital plant. The colleges including the University of Texas and the teachers colleges, suffered rather drastic elimination of items to maintain their plants. That is not good economy, because deterioration of physical properties merely piles up and has to be cared for later, at greater expense, when necessary maintenance work is not done.

Actually, some of O'Daniel's largest vetoed items, represented more apparent cuts than real ones. The veto of \$500,000 from the Highway Department's funds is an example. It will not result in a penny of savings, or elimination of a single job, since Julian Montgomery, highway engineer, pointed out the appropriation bill carried a clause authorizing the department to hire, out of funds allotted to the highway department by law, all employees necessary to build and maintain a system of highways. Having made rather severe reductions in personnel and expense during the past year, the Highway Commission feels all of the vetoed jobs are necessary, and will retain his personnel.

The economy move by the Gov. will bring little savings to the general fund, as funds for many of the departments that were slashed come from special taxes and fees and the Attorney General in the past have ruled taxes levied for a specific purpose under special laws cannot be diverted to other uses. Therefore, the fees and taxes, in some cases will simply lie impounded in the special funds, with the department

ments unable to use them, but the general fund not receiving the benefit of the apparent "savings".

## MANN IN SPOTLIGHT

Attorney General Mann added lustre to his already brilliant achievement of running the Attorney General's office, instead of a political machine, with two more splendid opinions. He ruled that a law passed by the recent session, and signed without question by the Governor, authorizing Commissioners' Courts and other taxing governmental bodies to re-open and reduce valuations on property upon which such taxes are delinquent, was unconstitutional. It was another of those "pressure" laws resulting from activity of Federal agencies. The Home Owners Loan Corporation holding mortgages on thousands of Texas homes on which taxes were delinquent, offered to settle these high tax bills, if the penalty and interest charges were waived. This was illegal, so the bill permitting the boards of equalization to do the same thing in a roundabout way, was enacted. Mann declared it clearly violates the constitution and the deal is off.

The doctory Attorney General's office also handed out a "letter" opinion, that is an opinion by one member advising the governor he couldn't name a member of the Legislature to a district judgeship. It is supposed the inquiry was made in behalf of Rep. Harold Hankamer, who had been defeated in the election. Nobody Business cont. of El Paso. Jimmy Alfred named Sarah Hughes to a district judgeship at Dallas and Harry Graves of Georgetown to the Court of Criminal Appeals while each was a House member. Legal authorities have contended such appointments are unconstitutional. The opinion from Mann's office upheld this view, and a conference opinion of the whole Attorney General's staff, has been asked. If it confirms the letter opinion serious legal questions involving the acts performed by the two Judges in the interim between the time they were appointed, and the time each was re-elected may ensue. Some lawyers saw a possibility that criminals might be released under habeas corpus proceedings in cases passed on by Judge Graves, while divorce and other civil judgements issued by Mrs. Hughes might be attacked as void.

In any event, the opinions indicate Mann is interested in interpreting the law, and not in rendering opinions that might make votes for him in some future political contest.

PENSION SETUP APPROVED Approval by the Federal Social Security Board of the liberalized Texas setup as far as July and August Federal matching is concerned, heartened the liberal pension folks, but the whole pension situation was largely up in the air at the weekend, pending final action by Congress upon amendments to the Federal Social Security bill. Tom Connally junior Texas Senator, got the Senate to adopt an amendment requiring the Federal board to put up two thirds of the first \$15 granted each pensioner, with the State putting up the other one third. That will help the Texas situation, if it is included in the finally enacted law.

## Hay Fever

"It will not be many weeks until a large number of Texas will be sneezing, wheezing and in other ways evidencing that they are victims of so-called hay fever. Many of these persons, either because of ignorance or carelessness, will endure their affliction, bolstered only by the distant hope of the "Fall frost" which will mark the end of their ordeal for

this year. On the face of it, these allergies have a rather hard row to hoe. However, for many of them, this situation could be altered most favorably," prophesies the Texas State Health Department.

"Indeed science has developed a successful method of combating many forms of this seasonable affliction. For persons who possess this unusual sensitiveness to the pollen of certain plants, weeds, grasses, and trees serums have been developed to counteract it.

"Before this type of treatment can be effective it is essential that the particular pollen causing the disturbance be discovered. Guesswork plays no part in this investigation. The physician will make simple and painless tests with extracts of pollens that are suspected of causing the trouble. By way of a needle prick a minute portion of each of the pollens under suspicion is placed under the skin. And that extract which generates a slight local reaction points to the offender. Inoculation of that type of serum then is administered.

The potency of this treatment depends upon its use prior to the pollen season. Immunity must be established early. Bodily reactions to this type of therapy are slow. In fact several months, involving several treatments at intervals; are required.

While this preventive is not effective in all cases, the percentage of successes has been sufficiently high for every hay fever sufferer to give it a fair chance. In some patients, the results while not totally satisfactory, has noticeably reduced the suffering.

Also recommended for diminution of suffering is cutting of ragweeds from locals where hay-fever suffers frequent. Vacant lots are a potent source of the ragweed and should be included in preventive measures against the disease.

SURE, you need a VACATION

. . . and don't let anybody tell you different! There was a time when the world was such a slow-poke sort of place that you didn't need to get away from your business and rest up. But those days, as the saying goes, are gone forever . . . Whatever you do, whether you're a farmer, a merchant, a housewife, a banker, a publisher—you name it!—the doctors say you need to get away at least once in a while and rest your mind with a change of scenery, revitalize your body with a change of activity . . . Well, it's easy enough to do in this day and age: there's your car waiting in the garage, and in Houston, there's Humble Touring Service all set up to help you plan a vacation trip . . . And that part of it—Humble Touring Service's part of it—doesn't cost you a dime: the Touring Service is operated to give you, without cost or obligation, every assistance in planning a trip to and from any part of North America. . . . Stop at your Humble Service Station and ask for a Touring Service card (it requires no postage); use it to tell the Touring Service where you want to go—they do the rest . . . And while you're in the station, why not leave your car to be checked over for the trip—you'll want it looking good and running right while you're away!

CARD OF THANKS

We express our thanks to every one who so willingly gave their help during my mother's long illness and death. We appreciate every act of kindness shown. We thank the ladies for the meals they prepared and brought in. The floral tributes were beautiful and greatly appreciated. Especially do we thank the Wylje Funeral Home for the courtesies shown. May God's blessing be with you all.

Mrs. H. J. Gibbs and family.

PRESBYTERIAN CHURCH

Rev. R. A. Walker, pastor, will hold services at the Presbyterian Church Sunday at both the morning and evening hours. All are cordially invited to attend these services.

Farewell Dinner To Nat Williams' Family

Barbecued chicken, a half of each dinner, cooked in inimitable appetizing style by Howard G Farmer, was the piece de resistance at the Methodist steward's farewell luncheon to Nat Williams and his wife on the lighted lawn of the Howard Farmer home Monday evening.

Was it good? The answer is to be found in the scantiness of meat left on the bones and frameworks of the chickens at the close. Then came ice cream, iced tea, coffee, and then an old-fashioned Methodist testimony service when every person present had something to say about Nat, his wife and their fine children.

Mr. and Mrs. Howard Farmer made possible the setting. Mrs. V. E. Hill introduced interesting, teasing games. Ben L. Russell Jr. made the initial address of farewell for the Williams, seconded by every steward and his wife present.

The Williams left Tuesday for Ballinger their new home. Williams is new superintendent of Ballinger schools after holding a similar post here for two years. They expressed regret at leaving Baird, reviewed their labors and thanked their friends for co-operation.

Methodist Church

HAMILTON WRIGHT, Pastor

The pastor preaches at the 11 o'clock hour Sunday following Sunday School at 10. Epworth League meets at 7:30. There will be no service Sunday evening, but members are urged to attend other churches of the city. The pastor leaves during the afternoon for Hamlin where he begins Sunday evening a two weeks' revival for Rev. Lloyd Mayhew in a tabernacle at Boyd's Chapel.

Sunday at three we preached at Midway. We came back with two chickens, some Irish potatoes, black-eye peas, onions, preserves. Thanks for the generosity of the donors. Also some of our old friends in the Bethlehem community have not forgotten us with "poundings". Considerable "salt of the earth" lives over there.

Let's make next Sunday morning a big occasion. "Forgetting the things behind" let's make a new resolution, and keep it to Sunday School and church next Sunday morning. By the way we had four additions to our church Sunday. Fine people. And others are coming in.

Ask yourself this question: "If everybody treated the church as I do, stayed away, ignored Sunday School and preaching, would we have any church at all? Of course you don't want to see our church disappear, but you just take for granted that others will attend and keep it going. Can you enjoy its privileges and protection without at least being in it with your corporate body as well as in "spirit." We preachers have a hard time preaching to "sprits." We can't see them. We want something more concrete to preach to.

First Baptist Church

The shortest route to happiness is not by the way of self-indulgence, ease, worldly pleasures or the gratification of the appetites or passions but thru self-denial to toil, sacrifice and clean living. The happiest people in this world are good people, who live clean lives, do high thinking and maintain a happy fellow-ship with God and who persevere in those ideals pleasing to Him. Conscious and unforgetting sins drives peace out of the soul and the joy out of life. Fast living, low society, glittering diamonds, evening gowns with port wine thrown in, the rhythmic two-step to the tune of the soft sex-appealing music in the dim lights of the ball room—never brought happiness to the devotee. You can drink that fountain dry and never satisfy your thirst. You can drive the color from your cheeks and say with Lord Byron, "The Worm being in it with your corporate body as well as in "spirit." We preachers have a hard time preaching good society, without show with plain clothes and pure water, is God's Ordained Method to get the sweetest and best out of life.

We enjoy preaching to the audience last Sunday morning on "Jesus in the Living Room" and the residence, formally owned by L. T. Brecheen, bids will be received for the purchase of same on Thursday, July 26, 1939. Our Sunday School was good, 142 present in spite of the sea-vacations, etc.

We are away this week in Mason County Revival at Pontotoc, but will return for services here Sunday morning. Announcement regarding Sunday night services will be made at the morning service. We invite you to worship with us thru the Sunday School and preaching service Sunday. Make your plans now, to come.

Many requests have come to the office for a recipe for Red Pepper Relish, here is one given by Mrs. Lee Coats:

12 red peppers 1 qt. vinegar  
12 green peppers 2 cups sugar  
3 large onions  
1 quart of vinegar  
2 cups of sugar  
1 1-2 teaspoon of salt.

Split peppers and remove seeds chop coarsely.

Cover with boiling water and let stand for 5 minutes. Drain, pour more boiling water over it and let stand 10 minutes. Drain and add chopped onions. Boil vinegar, sugar and salt for 5 minutes and add other ingredients, cook the mixture 10 minutes after it has come to a boil pack in clean, hot jars and seal.

My Trip To A&M Short Course

I wish to report a very enjoyable and profitable trip to the short course held at College Station, July 4th to 7th. This trip was awarded me for having won first place in the county as wardrobe demonstrator.

The program at the short course was made up chiefly of boys and girls who won distinction in 4-H Club work.

I especially enjoyed their inspirational talks. Our sponsor, Mrs. Nix from Eastland was especially nice to us. I also wish to mention the interest Miss Brown our county demonstrator took in us. She took every possible opportunity to show us around at our spare time and to make our trip a pleasant one.

There's a heap o' goodness in each bottle

There's a calm sort of satisfaction about a shady bank, a good companion and SOUTHERN SELECT — a sort of solid friendliness that grows with time. That's the way most folks feel about SOUTHERN SELECT. We don't claim it's the best beer made, because that's a matter of personal taste. But we do know that it's a fine beer and that after most folks have tasted a couple of bottles of SOUTHERN SELECT they are mighty partial to it and mighty hard to switch to any other brand. We think you'll feel that same way, too.
