

News From AAA Office

By Buford Tyson, Secretary
1942 NEW GROWER WHEAT ALLOTMENTS

The Callahan County A A A office has been advised by the State office that November 30, 1941, is the closing date for accepting requests for 1942 new grower wheat allotments.

Farmers who have not planted any wheat for harvest during 1939 1940 and 1941, but desire to plant wheat for the first time in 1942 are considered new growers. The acreage which new growers will receive is taken from a county reserve, which in most cases, represents approximately 3 percent of the county allotment.

All farms receiving wheat acreage allotments for the first time this year, regardless of the size of the acreage, will be classified as non-allotment farms. Regulations also state that the larger of the wheat acreage allotment or 15 acres may be harvested without incurring deductions. Non-allotment farms will not be eligible for either conservation or parity payments, but in case marketing quotas are in effect loans may be made on that portion of the wheat in excess of the farm marketing quota.

Requests for new grower allotments should be filed in the county AAA office as soon as practicable since no applications may be filed after the closing date, November 30, 1941.

1942 PRODUCTION GOALS FOR DEFENSE

Callahan County farmers are asked to do their part in the "Food-For-Freedom" campaign by increasing their production of milk by 1,415,000 pounds and eggs by 74,000 dozen in 1942.

Production Goals set for the county were announced by the Callahan County USDA Defense board as follows:

- 15,565,000 pounds of milk, an increase of 1,415,000 pounds over 1941.
- 813,000 dozen eggs, an increase of 74,000 dozen over 1941.
- 10 percent increase over 1941 in number of hogs for market or to be slaughtered on the farm.
- 1,000 farm family gardens.
- 8 percent increase in feed grains (oats, barley, grain sorghums)
- 600 acres vegetables for sale

(excluding Irish and Sweet Potatoes)
850 acres Sweet Potatoes for sale.

11,500 acres peanuts for harvest
200 acres dried beans.
6 percent increase in sheep and lambs.

These goals are minimum rather than maximum, "J. L. Farmer, chairman of the county board, pointed out. "Perhaps the farmers of the county can produce more than enough to meet the goals. If they can, then that's all to the

good. The county USDA Defense Board considered the goals which were submitted to us by the State USDA Defense Board and in some cases the local situation warranted increasing the goals set by the state.

It is important, Mr. Farmer pointed out, that the state board and the Secretary of Agriculture know definitely just how much production of the needed foods can be expected. We have been promised that the U. S. Department of Agriculture will use its powers to maintain fair prices for the products needed in the Battle of Food, Production of these foods is important—just as important as winning battles on the sea and on the land. I know that Callahan County farmers will do their part in the production of the greatest food crop in America agricultural history.

The county USDA defense met October 17, 1941 to study the tentative production goals set for the county. From that meeting we made a report to the state board stating the goals as agreed upon by the county group. From now until November 1 ground work for the farm-to-farm canvass on production pledges will be held. During the first three weeks of November AAA county and community committeemen, working with and assisted by the USDA defense board will contact every farmer and ranchman in the county with a farm plan sheet, in addition to information concerning allotments, soil-building allowance, etc., which has appeared on farm plan sheets in the past, the form this year will include a production pledge on the products needed in the Food-For-Freedom campaign, the county chairman said.

DON'T LET THE BORERS RUIN YOUR PEACH TREES

Now is the time to start some action against the peach trees borers. Our Extension Entomologist, Cameron Siddall, gives the following suggestions:
Paradichlorobenzene Method -No preparation of the soil is necessary except to break the crust for 15 to 18 inches around the tree and to remove any grass and weeds. PDB crystals should be placed in a circle around the tree, about three inches from the base. For mature of average size, 1 oz. by weight should be used; for unusually large trees an ounce and a half is sometimes needed; for trees four to five years old, 3-4 of an ounce; and for trees one to three years of age, 1-2 ounce, or slightly less, should be used. Immediately after the crystals have been applied, they should be covered with several shovelfuls of dirt, and the dirt packed with the back of the shovel to make a cone mound. The material should be applied between October 20 and November 5. After about six weeks the mound of earth should be torn down and the residue of crystals removed.
It seems that the defense program is taking most of the

JUNIOR DELPHIAN CLUB HONORS EASTLAND CLUB

The home of Mrs. Hugh Ross was the setting for a dinner Tuesday night given by the Junior Delphian Club in honor of the Las Leales Club of Eastland. Mrs. Bruce Bell greeted guests while Mrs. Jimmie Settle presided at the register.

After dinner was served to forty guests and members, a skit "On The Air" was given by Jane Stephens, Susie Lee Smith, Frances Mayfield, Mrs. J. C. Shockey and Frances Baulch.

Speakers for the evening were, Mrs. Harry Brogdon, President of the Las Leales, Mrs. Jim Horton, Chairman of Junior Clubs of the Sixth District of Texas, Mrs. James Ross, Delphian President and Mrs. Donald Melton, President of the Junior Delphians.

CARD OF THANKS

We wish to thank our many friends of Putnam, Admiral and Baird for your thoughtfulness and kindness to us in the death of our beloved wife and mother. We thank you for the beautiful floral offerings; for the meals served. Should sorrow come to you, we trust you will have as faithful friend as you were to us. J. M. Shelton and family.

NO NEED TO WAIT—

THE GREAT NEW 1942 SERVEL
is ready Now

Finer than ever . . . backed by an Iron-Clad 10-year guarantee

BUT, BETTER ORDER NOW!

Mmmmmmm! Isn't it a beauty!

And STILL—the only automatic refrigerator with NO MOVING PARTS in its freezing system. Nothing to wear, to make noise, to cause costly repairs.

STILL—the only one backed by an iron-clad 10-YEAR GUARANTEE, at no extra cost.

AND—this beautiful improved new 1942 Servel—the Gas refrigerator—is READY NOW! No need to wait—and with food prices soaring, think of what you can save on leftovers alone, with this beautiful new 1942 Servel in your kitchen—as much as \$50 or more through the winter months alone!

AND—these savings go on and on. For "no moving parts" means nothing to wear, to lose efficiency, to increase operating costs, year after year. Your new 1942 Servel will give you the finest modern refrigeration here, for as little as 1c or 2c a day—year after year! All over West Texas Servels have been giving trouble-free, perfect refrigeration for 10, 12, 14 years—without one cent for service or repairs! What an investment!

BUT—place your order NOW. Our great defense effort comes, first—and production has been sharply cut, already. To be sure of having one even next summer—**ORDER YOURS TODAY!**

Just a small down payment—and 18 LONG MONTHS TO PAY!

Just a small down payment and—

18 LONG MONTHS TO PAY

GUARANTEE

We guarantee to the original purchasers of 1942 Servel Electrolux Gas Refrigerators to return without cost any defective burner, control or refrigerating unit for a period of ten (10) years from date of installation. (You pay only cost of installing parts.)

Note These Exclusive Servel Features:

- ★ Loads of ice cubes—more than you'll ever need!
- ★ New, quick, simple!
- ★ Dry or moist meat storage!
- ★ Vegetables crisper than when they came from the store!
- ★ 2 and 3-position sliding shelves—to accommodate anything!
- ★ Permanent SILENCE!
- ★ Nothing to wear—no increase in operating cost!
- ★ NO MOVING PARTS!

Industry Benefits Through NYA Program

William Adams, of Scranton, Texas, and six other boys, who received work experience at the National Youth Administration Boy's Resident Center at Ranger, Texas, are now employed by the North American Aviation Company at Grand Prairie, Texas.

During the month of September 88 boys and girls assigned to NYA projects in Area 8, which embraces 10 counties in this immediate vicinity, secured private and public employment as a result of work experience and training gained through the National Youth Administration, the State Department of Vocational Education, and the Independent School Districts.

These youths have employment as a result of the experience and training offered by NYA, the State Department of Vocational Education and the Independent School Districts, in woodworking, radio, sheetmetal, machinist, airplane mechanics, cooking, construction, clerical, sewing, homemaking and hospital aid.

Bayou School News

Our school is progressing nicely. We have 31 pupils in our room; nearly all of the mothers came the first day and we were glad to have them.

Our health chart is a shoe with each child's picture looking out a separate window. When a child is not neat and clean, we close his window.

We have two new pupils in our school from Oklahoma. They are, Helen and Ruth Hanes. Helen is in the third grade and we are glad to have her.
