

Communists Demand North China Area

Where China's Reds Fight Nationalists

Pictured above is the coastal anchor of the Great Wall of China, at Shanhaiwan, where Chinese Communist forces are strongly entrenched in the undeclared civil war against Chiang Kai-shek's Nationalists. Jap troops were reported co-operating with Chungking armies in stemming Chinese Reds' advance.

British Indian Troops Beat Off Java Forces

By RALPH MORTON

BATAVIA—(P)—A band of 1,000 Indonesians was beaten off by British Indian troops and tanks Thursday near Batavia as tension mounted throughout Java.

Almost simultaneously Dutch forces threw back another attack on the Tjililitan airfield on the southeast outskirts of the capital, scattering a band of 300 Nationalists after a pitched battle which lasted nearly an hour.

The British colonel whose troops beat back the first attack, aimed at a camp for released Allied internees and war prisoners, said that for the first time the Indonesians appeared to be fighting under organized leadership.

He said that when the fighting ceased near the camp the situation was under control, but that the attackers might "come back again after lunch."

14 Indonesians killed. The Indonesians left 14 dead in the battle at the internecine camp. Several Indonesians and two Pun-

NEW YORK—(P)—British Maj. Gen. E. C. Mansergh was reported by the Netherlands news agency Aneta Thursday to have served notice on Indonesian leaders at Soerabaja, Java naval base, that he was bringing in sufficient troops to disarm all Indonesians there except an agreed upon number of police.

job troops were wounded. At the Tjililitan airfield, one Indonesian was killed, one was captured and two Dutch soldiers were wounded. At Magelang, near the center of Java, the inhabitants were reported extremely uneasy as armed Nationalists gathered in threatening hordes from outlying areas, British authorities said. It was officially stated that many Magelang residents already had evacuated the town.

TXL Region Gets Another Outpost To Ellenburger

By JAMES C. WATSON, Oil Editor

Shell Oil Company, Inc., and Cities Service Oil Company No. 2, E. TXL, 664 feet from south and 2,005 feet from west lines of section 5, block 45, TP survey, T-1-S, is to be a 10,000-foot exploration to test Ellenburger on northeast side of the TXL area in West Ector County.

Drilling will start at once. The derrick is one location north and one location east of the discovery well for Ellenburger production in the TXL pool.

Cities Service No. 1-O TXL, in southeast corner of section 6, block 46, TP survey, T-1-S, and a diagonal northwest outpost to the original Ellenburger well in the district, had drilled below 9,626 feet, in shale and lime.

To Test San Andres. Barnsdall Oil Company No. 1 Williams, West Lynn County wildcat, in section 2, block 8, EL survey, plugged back from total depth reached of 7,509 feet, in lower Permian, and will test at 4,460-4,615 feet.

That is in the San Andres-Permian, and showed an interesting "kick" on an electric log. The samples from that interval had some porosity and some oil stains. Magnolia Petroleum Company No. 1 Coble, West-Central Hockley County prospector, in northern corner of tract 34, block 68, Hardeman County School Land survey, and two miles south of the closest producer on west side of the Leveland field, swabbed 18 barrels of fluid in seven hours, and swabbed dry.

The recovery was cut from two to 38 per cent basic sediment and from five to 25 per cent acid water. (Continued on Page Five)

Police Pick Up Trail Of Missing Boy

SAN FRANCISCO—(P)—

San Francisco police alerted all California points Thursday to be on the lookout for two men who may have missing Dickie Tum Suden, 3, with them in a late model car.

Inspector Joseph Donegan broadcast the alarm after Mrs. Mildred Beer of No. 3 Pinto Ave., Park Merced, reported a three or four-year-old boy resembling the Tum Suden child had come to her door just before midnight, and was seized some time later by two men who forced their way into her home and knocked her down.

She told Donegan she heard a noise at her door and found the blue-suited youngster outside alone. She took him inside, fed him some milk and about an hour afterward called the police.

Three radio squad cars were dispatched immediately to Mrs. Beer's home in a new, suburban residential district in southwest San Francisco.

Men Force Way In. Five minutes after Donegan had received the woman's call he phoned her back to see if the police cars had arrived. During that interval Mrs. Beer said two men came to the door, claimed they were policemen and pushed their way inside. One struck her on the forehead, knocked her down and held her while the other picked up the boy and carried him to a car parked outside. His companion joined him and the pair raced away with the lad.

The driver of one of the squad cars reported a few moments later that on his way to the Beer home he had seen two bareheaded men in a late model Hudson or Studebaker sedan pull off a Park District side road onto the Skyline Boulevard.

Describes Assaults. Mrs. Beer described the man who struck her as 35 years old, 5 feet 9 inches tall, weighing approximately 165 pounds and wearing a tweed sport coat. The second, she said, was about the same age and weight and about two inches shorter.

The Tum Suden boy, son of a wealthy San Francisco Bay area mining family, has been missing since Nov. 1 when he disappeared from the yard of his parents' home at Goodyear Bar, a mining community in the high Sierras. An intensive search in that mountainous country was cancelled Tuesday night after no trace of the boy had been found.

Friday Meet To Decide Armistice. Retail merchants of Midland will meet at 10 a. m. Friday in the dining room of Hotel Scharbauer to decide if stores will be closed Monday in observance of Armistice Day.

Bond Purchases Are Victory Investment. Midland citizens were reminded Thursday that purchase of "E" series bonds in the current drive was an investment in "Victory."

The citizenry which faithfully purchased War Bonds, was called on to finish the job and enable the city and county to go over the top in the Victory Bond Drive.

Sale of "E" Bonds Wednesday amounted to \$4,350, bringing the total for Atlee's address but asserted it would not be Monday. The speech will be broadcast. Rayburn said, adding that he knew of no plans for a similar address by the Canadian prime minister.

Army To Release Some GIs With 50 Points. WASHINGTON—(P)—The Army has decided to release this month enlisted men with 50 or more discharge points who are on furlough and enlisted men on temporary duty in the United States.

Most of the men affected, the War Department explained, were in units from Europe whose scheduled redeployment to the Pacific was cancelled after Japan surrendered.

Weather. Colder by early morning hours Friday, possibly as low as 37 degrees. Cold wave due in Panhandle.

LATE NEWS FLASHES

DETROIT—(AP)—The fight by CIO-United Automobile Workers to obtain 30 per cent wage increases for the nation's auto workers headed for a showdown Thursday as the last group of employees in motor's "Big Three" voted in favor of a work stoppage to support the union's demands.

WASHINGTON—(AP)—Mexico and the United States Thursday formally signed a treaty apportioning the waters of the Rio Grande, Colorado and Tijuana Rivers.

MANILA—(AP)—The grim story of a Japanese reign of terror in Batangas Province where 25,000 men, women and children were brutally mistreated or murdered in seven months began to unfold Thursday before the Military Commission hearing war crimes charges against Lt. Gen. Tomoyuki Yamashita.

War Secretary Relates Need For Training

WASHINGTON—(P)—Secretary of War Robert P. Patterson testified Thursday development of the atomic bomb made essential prompt adoption of universal military training.

"There is only one justification for the establishment of a universal military training program," Patterson said. "It is needed to give the United States security and to make it possible for us to underwrite world peace. That is the only basis for asking that every young American give a year of his life to such training."

Patterson was the first witness as the House Military Committee began consideration of President Truman's Oct. 22 request for immediate approval of legislation to build up a trained reserve through compulsory peacetime training.

Bomb Increases Need. "Responsible military authorities," he declared, "all are agreed that the bomb's capacity for destruction and the suddenness with which it can strike enormously increase the need for maintaining in every section of the United States trained citizen-soldiers capable of swift mobilization in the event of an atomic or airborne attack."

There would be no non-combatants in a future war; every man, woman or child would be in the danger zone," he warned.

Both Patterson and Secretary of Navy Forrestal, who also was called as a witness, have in the past advocated a program requiring every young man to take a year of military training.

Cotton Crop Estimate For Year Shows Decline

WASHINGTON—(P)—The Agriculture Department reported Thursday that this year's cotton crop production was indicated at 9,368,000 bales of 500 pounds gross weight, based on conditions prevailing Nov. 1.

This estimate compares with last year's production of 12,230,000 bales, with a 1934-43 annual average of 12,293,000 bales and with 9,779,000 bales forecast a month ago for this year's crop.

F. E. McCoy, Former Oil Operator, Dies

LOS ANGELES—(P)—A heart attack Wednesday claimed the life of Frederick Lee McCoy, 54, former West Texas oil man and bank executive.

After engaging in West Texas oil operations in the early 1920s, McCoy became vice-president of the First National Bank of Wichita Falls in 1925. He had served previously in the First National Bank at Dallas.

Troops Fire On Crowd In Bucharest, Rumania

BUCHAREST, ROMANIA—(P)—Troops fired on a crowd demonstrating before the royal palace Thursday in honor of King Mihai's birthday and killed or wounded six.

Midland Methodists To Get New Minister; House Requests Leave

Midland Methodist Church will be assigned a new pastor by the Northwest Texas Methodist Conference now in session at Abilene.

The Rev. Will C. House, incumbent minister, is asking a sabbatical year leave because of Mrs. House's ill health.

The Midland preacher has served in Midland one year and has presented an enviable report to this year's conference.

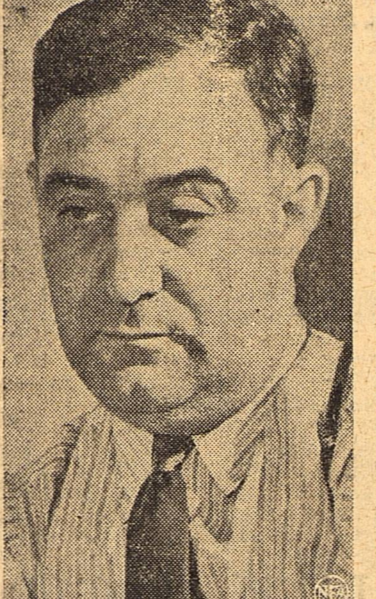

Before coming to Midland, Rev. House served at Big Spring and Pampa after transferring to this conference from the Little Rock conference. Later he served six years as superintendent of the amarillo district.

Three Midland delegates are attending the conference sessions in Abilene. They are Mr. and Mrs. Holt Jowell and Ray Gwyn.

Midland's new pastor will be announced Sunday night. Several prospects are under consideration.

The Midland post is considered one of the best assignments in the Northwest Texas Conference.

Jap Prosecutor

Washington hears that Joseph D. Keenan, above, an assistant Attorney General in early days of the New Deal, has been chosen to prosecute Jap war criminals. Duties of the job correspond to those being performed in Europe by Supreme Court Justice Robert H. Jackson.

MacArthur Wants Cabinet Meetings Open To Military

By EDWIN B. HAAKINSON

WASHINGTON—(P)—Gen. Douglas MacArthur has expressed his belief that the professional heads of the armed services should sit in as ex-officio members of the President's cabinet.

The general's suggestion is invoked in a transcript taken by the Joint Chief of Staff Special Committee. This group interviewed top Army and Navy leaders on a proposal to set up a single department of national defense.

The transcript, made public by the Senate Military Committee which is considering Army-Navy merger plans quoted MacArthur as saying at Leyte in the Philippines, Dec. 3, 1944:

Without Voting Power. "I believe that the professional heads of the services should be ex-officio members of the cabinet. They should be present at all cabinet meetings without power of voting, but permitted to express their opinion, and above all else, to hear the cabinet as they discuss not only external affairs of the United States but internal problems."

MacArthur noted that although the President is commander-in-chief his decisions are "nonprofessional" and "influenced to some extent by the political outlook of the President, whoever he may be, has been, and always will be by our system of government, a servant of politics."

The general said military department leaders "have suffered mightily in the past" because they did not know what went on in the cabinet sessions.

Midland Banks 11th In War Chest Drive

Midland stands 11th in regional ranking of War Chest funds contributed from West Texas counties, and citizens are asked to help reach the quota of \$23,077 needed for 100 per cent rating.

Campaign workers here reported \$20,550 already had been subscribed. These percentages of West Texas counties were announced by the Texas United Chest "Over the Top" office:

County	Per Cent	Goal
Reagan	118.9	
Glasscock	118.7	
Crockett	115.1	
Stearns	104.6	
McClulloch	101.3	
Martin	100.0	
Schleicher	98.7	
Sutton	93.6	
Tom Green	92.1	
Midland	89.0	
Runnels	82.6	
Upton	82.1	
Irion	74.7	
Coleman	65.8	
Menard	63.2	
Brown	53.4	
Kimble	38.0	
Howard	33.2	
Coke	28.2	

PLANE PROPELLER KILLS LOVE FIELD EMPLOYEE

DALLAS—(P)—Arbie A. Helms, 34, a Dallas civilian employe of the Army at Love Field, was killed early Tuesday evening when struck by the propeller of an airplane on which he was working, the field's public relations officer announced Thursday.

U. S. Steel Rejects Pay-Price Policy

By STERLING F. GREEN

WASHINGTON—(P)—President Truman's labor-management conference toiled through a bulging agenda Thursday, but United States Steel Corporation held the Capital's attention with a sharp rebuff to Truman's wage-price policy.

Through its president, Benjamin F. Fairless, the corporation notified Secretary of Labor Schwelienbach it would not resume wage talks with the CIO steel workers until it had the government's answer on steel price increases.

Fairless dashed cold water, also, on Truman's proposal that employers grant wage increases now, then wait six months before seeking a price ceiling adjustment from OPA if profits dwindled too sharply.

Steel Price Increases. Fairless said if wages are boosted, additional steel price increases—beyond those already pending—will be needed and the corporation, he added, will insist on assurances from OPA that they would be granted "simultaneously" with any wage hike.

Philip Murray, president of the CIO and of the United Steel Workers, had accepted Schwelienbach's proposal that collective bargaining be resumed—in what Murray said was the spirit of Truman's wage-price speech last Thursday—under a special conciliator.

The labor secretary's office said Schwelienbach had received both Fairless's and Murray's letters, "considering" them, and might issue a statement Thursday. The letters were made public.

Wage Issue On Floor. The 36 management-labor delegates found a ripe topic in Wednesday night's clash between CIO Chief Murray and President Ira Mosher of the National Association of Manufacturers.

The issue was whether to bring wage discussions onto the conference floor.

Murray succeeded in getting a wage resolution before the powerful executive committee, the first step. But Mosher issued a public statement declaring his flat opposition.

Mosher's reaction, taken to typify that of the management delegates generally, was regarded as a probable death-blow to Murray's effort to have the national wage issue considered by the meeting. AFL President William Green already had declared against its discussion, leaving the CIO apparently outvoted in the executive committee and on the floor.

Policeman Is Indicted For Hallowe'en Slaying

ABILENE—(P)—A Taylor County grand jury Wednesday criticized the Abilene police department for not properly training officers in the use of firearms.

The action came after the grand jury returned an indictment charging negligent homicide against Robert T. Harris, a 73-year-old special police officer. Harris is charged in the slaying of 16-year-old Herschel Jeter Hallowe'en night at Fair Park.

He had never fired any pistol before the shot that killed young Jeter.

Threat Of Open War Made As Reds Take Manchurian Ports

CHUNGKING—(P)—The Yen-an Communists demanded Thursday as the price for peace in China that the Central Government withdraw all troops from Communist-dominated "liberated" area in North China.

Chou En-Lai, Yen-an negotiator here and No. 2 Chinese Communist, announced the Yen-an answer to Kuomintang peace proposals shortly after reports that the Russians had withdrawn from the Manchurian ports of Hulutao and Yingkow (Newchwang) leaving the Chinese Reds in command and heightening the already tense atmosphere. The Communists demanded that the Kuomintang withdraw to positions outside the "liberated" areas before the civil fighting began and order all Nationalist troops to cease firing.

The worried looking Communist representative told newsmen of the Yen-an reply to Chiang Kai-shek's offer and said he would deliver it to Nationalist government officials later Thursday.

"The situation," he added, "appears dangerous."

Reports that Russian forces had suddenly been withdrawn from the ports of Hulutao and Yingkow (Newchwang) leaving the Chinese Communists in control, were received here amid growing signs of impending crisis in the undeclared civil war.

Kamikaze Pilots Attempt To Kill Home Minister

TOKYO—(P)—Two vagrant former kamikaze pilots who waited with drawn knives in the darkened halls of the Home Ministry attempted vainly Wednesday night to assassinate Home Minister Kenjiro Horikiri.

The 61-year-old minister, attacked as he returned from addressing a meeting of police chiefs on the increase of crime and "chaotic" conditions in Japan, was not injured. The assailants were taken in custody.

At his desk as usual Thursday, Horikiri dismissed the attempt against his life as "unimportant," except as it emphasized the increased "restlessness" among the people.

"The social situation, as you know, is deteriorating," he told The Associated Press in a telephone interview. The attack, he added, increased his personal intention to "work harder for the maintenance of public order."

"Food is the center of the problem," said Horikiri.

Work Starts Monday On New School Buildings

Construction of two new elementary school buildings in Midland will begin Monday.

Contractors conferred Wednesday with school officials and board members.

The two new plants will add greatly to Midland's system and will relieve congestion in both the high school and junior high buildings.

School officials expressed hope the buildings would be completed in time for the opening of school next year.

Airline Executive Killed In Eritrea Army Plane Crash

CAIRO—(P)—Jack Nichols, vice president in charge of international operations of Transcontinental and Western Airlines, and seven other persons were killed at Asmara, Eritrea, in a plane crash Wednesday, the U. S. Army announced Thursday.

The other dead were two TWA officials, A. J. Naylor and Milo H. Campbell, and the Army crew of five.

Names of the Army crewmen were withheld pending the notification relatives.

The plane, a B-25 bomber, crashed at 6:30 a. m. Wednesday as it was taking off for the Ethiopian capital, Addis Ababa. The cause of the crash was still undetermined.

Nichols, a former Oklahoma Congressman, had been in Cairo several months making preparations for TWA's passenger service to the Middle East.

JayCees Will Attend State Meet Saturday

Midland JayCees will attend a Texas State Directors meeting in Fort Worth Saturday.

Frank Monroe, a national committeeman; Clint Dumagan, a past president; and Ted Thompson, secretary-treasurer of Midland JayCees, will attend.

Henry Kearns, United States Jay-Cee president, will preside at the meeting.

EUROPE FOOD ALLOTMENT INCREASED 90 PER CENT

WASHINGTON—(P)—This country has allocated liberated areas of Europe and French North Africa about 90 per cent more food for October-December period than was available to them in the previous quarter.

Secretary of Agriculture Anderson told his news conference Thursday nearly 4,000,000 tons would be marked for this form of export.

Working for the Yankee Doll-aire. Christmas-minded G. I.'s in Tokyo descended en masse on the Matuya department store when it re-opened for business recently, with a stock of merchandise brought in from the city's outskirts where it was stored for safety. Above, top sergeant LeRoy Ramage (center) of Lyons, Kan., listens to sales spiel for wall hanging. In foreground, Cpl. Angelo J. Liuzzi of Albany, N. Y., considers a wooden candle stand. Prices were on the high side.

Ostrich Diplomacy

When lend-lease was set up four years ago, its purpose was to manufacture or procure "any defense article for the government of any country whose defense the President deems vital to the defense of the United States."

Now Secretary of State Byrnes has made it known that these "defense articles" are being used by the British and Dutch to kill rebellious Indonesian colonials who apparently are so misguided as to have believed all those things that the Americans and British said, during the war, about four freedoms, self-determination and self-government.

Byrnes also has revealed that this government has asked the British and Netherlands governments to remove American insignia from lend-lease equipment being used against the Indonesians.

This, he explained at a press conference, was simply a matter of routine policy, adopted some time ago for the postwar period. Its aim was to prevent the use of lend-lease military equipment in a way that could produce political complications for us.

At the same time Byrnes said that lend-lease equipment had been used in the Venezuelan revolution and elsewhere in South America. And, coincidentally, two members of Congress complained to President Truman that, on a recent trip abroad, they had seen indications that the French had used lend-lease supplies to help put down the Syrian and Lebanese disturbance of a few months ago.

These are not the uses for which lend-lease was created. Nor will they prove popular with the American citizens who must foot the multi-billion-dollar lend-lease bill. Those dollars for legitimate lend-lease helped Britain and Russia hold off the Nazis until we could prepare our full strength. And after that strength was attained, they still paid for military equipment used against the common enemy. No one can quibble over a cost that saved American lives and speeded victory.

But the Indonesians hardly can be called the common enemy. Their defeat could be called "vital to the defense of the United States" only by a long stretch of the most cynical diplomatic imagination.

All the world knows now that American lend-lease weapons, bought with American citizens' dollars, are killing these colonials in their fight for independence. The scheme of removing the American insignia from those weapons seems amazingly ingenious. If hiding the labels will save us from political complications, then the ostrich with his head in the sand must be a master of diplomacy.

'INFLATION' IS TOPIC OF PROGRAM GIVEN AT MODERN STUDY CLUB

A program on "Inflation" was presented under the direction of Mrs. W. E. Price at a meeting of the Modern Study Club Wednesday at the home of Mrs. I. E. Hood, 111 Ridgelea.

Opening the program was a talk on "Inflation in Relation to Past Wars" by Mrs. Earl Ridge. "Inflation Today" was discussed by Mrs. B. W. Reecer and Mrs. John Crump gave a talk on "Anti-Inflation Campaigns."

At the conclusion of the talks, a discussion on "What Can We Do About It?" was led by Mrs. Price.

Those present were Mmes. A. E. Barnes, Crump, M. S. Dickerson, Hood, Lamar Lunt, Price, B. L. Pilcher, Reecer, Ridge, Earl Statton, Paul C. Smith and one guest, Mrs. Neal Bean of Glendale, Calif., who is visiting her sister, Mrs. Hood.

MRS. C. KLAPPROTH GIVES READING AT PLAY READERS CLUB

Mrs. Charles Klapproth read "The North Star" by Lillian Hellman at a meeting of the Play Readers Club Wednesday afternoon at the home of Mrs. John P. Butler on West Holloway.

The scene of the play is laid in Russia during the early days of World War II. Mrs. Klapproth's reading was taken from the movie script of the play.

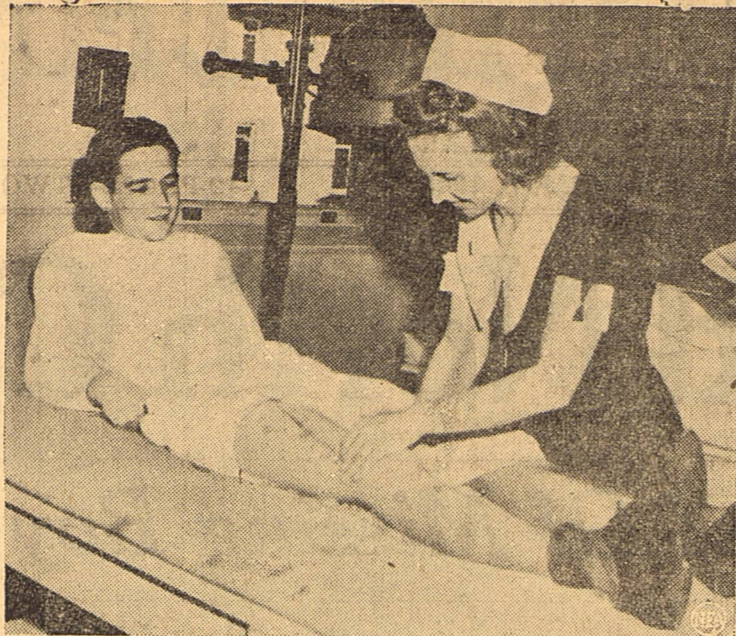

Present were Mmes. W. E. Anguish, Ralph Barron, E. H. Barron, Butler, DeLo Douglas, Fred H. Fuhrman, Klapproth, Robert Muldrow III, William Y Penn, Robert Roark, W. T. Schneider, R. D. Scruggs, and J. E. Beakey.

METHODIST CIRCLE HEARS AFRICA STUDY

Mrs. J. W. Thorne gave a study on Africa at a meeting of the Mary Scharbauer Circle of the First Methodist WSCS Monday in the Scharbauer Educational Building. The next meeting will be held at the home of Mrs. W. C. Murphy.

Present were Mmes. Mollie McCormick, Mary Lou Snodgrass, H. M. Reigle, J. T. Miles, O. F. Hedrick, Thorne, J. M. Prothro and the hostess, Mrs. Hugh Duncan.

You'll Help Him Walk Again

The disabled soldier above, receiving treatment for his injured leg, has finished his fighting job and is working on another—getting well. Your Victory Bonds pay for his medical and rehabilitation needs, and your job isn't finished while his goes on.

New 1946 Buick Automobiles Due In City Friday

The new 1946 Buicks are due to arrive here Friday and will be placed on exhibition immediately, according to a report issued Thursday by S. M. Erskine, dealer here. "With new advanced styling, scores of important changes and improvements in appearance and design will make our exhibit of the new Buicks something that motorists in this vicinity will not want to miss," said Erskine. "The new cars are not only highly refined in every detail but once more incorporate materials which have not been available since 1941."

MRS. OATES HOSTESS FOR CIRCLE MEETING

Mrs. N. G. Oates was hostess to members of the Winnie Prothro Circle of the First Methodist WSCS Monday at her home. Mrs. Stacy Allen, chairman, was in charge of the business period. After the lesson on Africa was presented by Mrs. J. L. Tidwell, plans were made for members to take a course to be taught by Miss Dora Armstrong at the church November 12 to 15.

Refreshments were served by the hostess to Mmes. T. A. Fanning, J. L. Barber, E. H. Peyton, W. P. Prothro, Tidwell, Bill Wyche, Joe Birdwell, Douglas Nix, John Gattis, M. J. Allen, Stacy Allen, W. A. Black, Clyde Gwyn and one new member, Mrs. C. H. Foley, Jr.

Argentina is the world's largest exporter of meat, corn and linseed. At last, a scientific way to clean dental plates and bridges REALLY clean. Just put your plate in a glass of water. Add a little quick acting Kleenite. With magic-like speed, discoloration, stains and denture odor vanish—the original clean brightness returns! It's easy, economical. Ask your druggist for Kleenite today!

Factory versus Farm: A Draw

Mel Bates and Jud Polk were arguing the other day about the factory versus the farm. Jud has a job in the tool works and Mel grows the best corn in the county. "Where would you farmers be," Jud says, "if it weren't for the factories that make your plows and tractors?" "And where would you factory workers be," says Mel, "unless we farmers grew the food that keeps you going?" Well, they called it a draw, and made peace over a glass of beer.

Midlanders Attend Abilene Tea Honoring Miss June Wilkinson

Midland residents were among the guests attending a tea held at the Country Club in Abilene Tuesday evening honoring Miss June Wilkinson of Abilene, bride-elect of James Franklin Cowden, Jr., of Midland.

The marriage of Miss Wilkinson, daughter of Mr. and Mrs. I. N. Wilkinson of Live Oaks Ranch, Tuscola, and Cowden, son of Mr. and Mrs. Franklin Cowden, Midland, is to be solemnized in the First Baptist Church in Abilene December 8.

Lime and green colors to be featured by Miss Wilkinson in wedding details, were carried out in the tea appointments and decorations for the club ballroom where guests were received.

Potted woodwardia ferns outline the band shell and were in the background arrangement for occasional tables on which gladioli and lime chrysanthemums were in modern arrangements with green and white princess tapers.

Featuring the table decorations were white gladioli and chrysanthemum in fan design, and white tapers in crystal holders. Miniature replicas of tiered decorated wedding cakes were served from a silver tray.

Mrs. Franklin Cowden and Mrs. Jack Wilkinson of Midland were among those in the receiving line with the honoree and her mother.

Mrs. Mary S. Ray Gives Devotional At Meeting Of Wesley Bible Class

A devotional from Psalms 15 was presented by Mrs. Mary S. Ray at a meeting of the Wesley Bible Class of the First Methodist Church Tuesday at the home of Mrs. Ellen Reising. Mrs. S. H. Gwyn led the opening prayer.

Following a reading by Mrs. Ray entitled "They Made a Christian of Me," the meeting was closed with a prayer by Mrs. M. J. Alken. Those present were Mmes. E. B. Patterson, L. C. Stephenson, F. T. Pollard, M. T. Nolan, W. A. Black, J. M. Allen, Mollie McCormick, H. M. Reigle, H. S. Merrell, Dunn, Ray, C. W. Long, Mary Snodgrass, T. A. Fanning, W. A. Wilkins, S. H. Wilmoth, Gwyn, A. W. Wyatt, Minnie Crumbly, M. J. Hughes, Frank Smith and John Pickett.

Wives of military personnel are invited to assist in making surgical dressings for MAAF Hospital at 930 a. m. at the Salvation Army USO.

More Than 100 Attend Mother-Dad Meet At Junior High P-TA

More than 100 persons attended the "Mother-Dad" meeting of the John M. Cowden Junior High School P-TA Tuesday evening at the school. Frank Monroe, superintendent of the Midland Public Schools, opened the meeting with a prayer.

A talk on the American Education Week to begin Sunday was given by Monroe. He outlined an intramural program to be completed during the next year.

James L. Daugherty made an appeal for the War Chest Drive stating that unless the quota for this county is met, the portion for the Boy and Girl Scout organizations will be cut.

Announcement was made that the paid membership list had reached 366. The treasurer reported that \$930.67 was netted at the Halloween Carnival sponsored by the school.

Mrs. L. G. Byerley led in reading the objectives of the P-TA after which vocal selections were presented by the girls' trio of the First Baptist Church composed of Ruth Hall, Tiny Brown and Alma Ruth Streater.

The attendance award was presented to Miss Pauline Ballew's 7-A room.

Following the program, the parents visited the rooms and saw the work completed by the students.

Book Review Is Given At Star Club Program

Nova Lynn Campbell presented a book review at a meeting of the Star Club Wednesday evening at the Masonic Hall. A demonstration was given by Mrs. Elsa Graham of Happy, Texas.

Ellen Reising was presented a birthday gift and members voted to send a gift collection to Mrs. G. G. Hazel who is ill in the Scott and White Hospital in Temple.

The next meeting will be in form of a Thanksgiving luncheon Wednesday. Members will complete a quilt at this time for the Eastern Star Home. Mrs. Reising is entertaining with a "Stanley Demonstration" party at 1:30 a. m., November 16.

Those present were: Nova Lynn Campbell, Florence Floyd, Ellen Reising, Elizabeth Fickie, Joyce Driver, Leo Baldrige, Juanita Collins, Elizabeth Wright, Nora Barber, Mary L. Wyatt and a visitor, Mrs. Graham.

Now Many Wear FALSE TEETH With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, soapy, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Comedy Golf Matches Will Be Held Friday By Ladies Golf Association

Comedy golf matches are scheduled for the Ladies Association of the Midland Country Club Friday at the club. Tee-offs will begin between 9 and 9:30 a. m.

Women will take bundles of clothing and their opponents must wear everything in the bundle brought for them. Each member will be permitted to use a putter and one other club of her choice.

Luncheon will be served at 1 p. m. and progressive bridge will be played during the afternoon.

Officers To Be Named At District Music Meet

New officers for the 9th District of Texas Federation of Music Clubs will be elected at the district meeting to be held Saturday in Odessa.

ESME OF PARIS

ESME OF PARIS by Esme Davis
 Esme Davis Plays: Distributed by NEA SERVICE, INC.

I FALL AGAIN

IF vaudeville was on the wane in Europe, it was definitely a fade-out in the United States. Everybody excused the muddled rehearsals and various drawbacks by saying that variety had been destroyed by the movies and that I should have been here when the Palace was open. This, of course, was probably true, but it did not do me any good. All important houses had four to five shows a day, which undermined my strength considerably, and although I had a personal success and was becoming known, I had made up my mind to play the parks and fairs through the summer—one or two good circus dates, then return to Paris.

After my Russian assistant got through the bulk of Shrine circuses by the grace of God, he wound up his service to me by losing all my luggage while returning from a date in Philadelphia. It took me several days to retrieve it; then I had to start all over again to find another man, rehearse, and break him into my routine.

Finally I set out on a series of fair dates (a brand-new experience for me) with a veteran of the Spanish-American War called Bill. He was willing, if a bit shaky, and had an incorrigible habit of addressing me as "Honey" on all occasions. He meant well, though, and during the first days of my tour I watched with an eagle eye to find out if he drank. I had bought a car, the most practical method of transporting my heavy outdoor steel rigging to the different points on my route, and some of his erratic maneuvers in traffic gave me food for reflection.

tion. However, he convinced me that in this respect he was trustworthy, and always at the close of a date he would tell me he was going out for a few drinks, now that his responsibility was temporarily ended. Never once did he drink on the job.

I worked in fairs till late in the fall, when the evening spectacles became difficult with the heavy dew soaking my ropes, causing them to tighten up and become dangerous. My act had been very well received and written up. I seemed to have made a good impression in open-air work, and nearly all the fairs requested repeat bookings for the following year.

At the Metropolitan Theater in Boston over Christmas and New Year's, my rigging had to be hauled directly over the heads of Little Jack Little's band playing on the stage. Although the musician and management did everything possible to make things easy for us, Bill had a lot of nervous tension to support while controlling my high swings over the band and the crowded first six ranks of stalls. I think this must have got him, and it wasn't until I returned to New York that he told me that he'd once suffered from shell-shock and that at certain times this had a very bad effect on his sangfroid. The tension is great for any aerialist's assistant who from the ground carries a heavy responsibility—not only for the artist, but for the safety of the audience as well.

SOME agents were anxious that I enlarge my apparatus for the Madison Square and Boston Gardens, always played by the Ringling Circus with whom they were negotiating for my act. Any alterations in the length of my ropes meant that the timing had to be

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
 America's Card Authority

Restricted space prevents me from giving you all of the angles on today's hand, which was sent to me by K. O. Mott-Smith of New York. Hand was played in a duplicate game in White Plains, N. Y. At practically every table the queen of diamonds was opened, East overtook with the king and

I tried to rise to my feet but couldn't, and remembered nothing more. I found myself in the emergency ward of the Polyclinic hospital, with a broken hip and dislocated vertebra.

Four and a half miserable months were spent in getting over this fall, until I was able to walk again, and the despair of Bill over what had occurred was very sincere. In a sense it was not his fault, for he had simply acted on a reflex through pure nerves, so I promised to give him another chance if ever I got well enough to climb a rigging again.

Many acts I worked with saw the announcement of my accident in Billboard, that colorful journal for the theatrical world, and came to sit with me. The effect, produced by their conversation on my starved and socially minded nerves was very interesting. On returning from the hospital, I was still unable to move out of the brace on my back, or stand as yet, so there was nothing to be done but manage with a night and day nurse—which like everything else about my accident was both trying and expensive.

(To Be Continued)

returned a diamond, which South ruffed. West over-ruffed with the king, and thus was marked with 11 cards in clubs and hearts. A club was returned, and declarer won with dummy's ace, cashed the ace of hearts, ruffed a diamond, ruffed a club in dummy, then ruffed another diamond. Dummy ruffed another club with the spade seven, East over-ruffed and led a trump. South won with the ace, led two more trumps and West was squeezed.

If East had not over-ruffed the third club trick, the contract probably would have been defeated, Mott-Smith said, however, if South had refused to ruff the second diamond and discarded a club, the contract could not be defeated by any defense.

Oil Company Auditor Released From Army

AUSTIN—(AP)—Col. Fladger F. Tannery, University of Texas associate professor of accounting, has received his military discharge, and is now general auditor of the Humble Oil and Refining Company, with headquarters in Houston.

Colonel Tannery was chief of the Contract Audit Division, Budget and Fiscal Office, of the Army Air Forces headquarters.

Cpl. Carl M. Hadra Receives Discharge

Cpl. Carl M. Hadra has returned from Europe, where he served with the 9th Air Force, and received his discharge in Denver. He now is visiting his mother, Mrs. Thelma Hadra, in Midland and plans to enter Texas Christian University in Fort Worth. Corporal Hadra was accompanied to this city by his wife.

Trash Fire In City Does Small Damage

Midland Fire Department was called to 106 N. Weatherford Street Wednesday night to extinguish a trash fire.

The fire, starting in an alley, did small damage.

These values must be restored, he urged.

The Midland High School trio, Barbara Brown, Doris Denton and Billora Jean Jones, sang several World War I selections and Rotarians stood in silence a minute in honor of the men who didn't return from World War I at the suggestion of Ily Pratt. The trio was introduced by Harlan Howell, high school principal.

Guy Breneman, president, presided at the meeting, and Bill Martin was program chairman.

Restaurant Men Meet With OPA

Appreciation for the cooperation always extended by West Texas restaurant operators was expressed by state and district representatives of the Office of Price Administration at a meeting with the operators of Midland, Odessa, Lubbock and other cities at Hotel Scharbauer Wednesday.

Plans for harmony between operators and the OPA and future prospects of the restaurant industry were discussed.

Members of the price panel of the Midland County War Price and Rationing Board attended the meeting. They were praised by the OPA officials for their unselfish and unpaid services here.

Henry Love, Fort Worth, a restaurant owner and president of the Restaurant Advisory Committee to the OPA in Texas, presided.

OPA officials present included J. M. Jacobson, district price economist; Mark Hanna, district rationing executive; Frank Taylor, chief of the enforcement division of OPA in Texas; and E. B. Holloway, district director of 107 counties of the state.

Operators were told price control will continue for the protection of the industry in preventing inflation. They were advised rationing of some products would continue past the first of next year.

Suggestions for the betterment of the restaurant industry in West Texas to be acted on by higher authority and resulting in a high standard for citizens of the area and the state were asked from the local owners by OPA.

"Cooperation not enforcement is the approach most used in Midland and its area and violators are the

Cotton

NEW YORK—(P)—Cotton futures prices Thursday were 60 to 80 cents a bale higher. Dec. 23.89, March 23.97, May 23.99.

Willoughby Buys Ranch In Hudspeth County

SAN ANGELO—(P)—Ray W. Willoughby of San Angelo has added a ninth ranch to his vast West Texas acreage.

The W. M. Cameron Estate, Waco, sold Willoughby, who is president of the Texas Sheep and Goat Raisers' Association, 40,000 acres in Hudspeth County, giving the West Texas ranchman a total of 115,000 acres of grass range in one block of land.

"Cooperation not enforcement is the approach most used in Midland and its area and violators are the

Proper Values Must Be Restored Recer Tells Rotary Club

W. B. Recer, who served in Europe as a lieutenant colonel in the Army, Thursday urged Rotarians at their meeting in the Scharbauer Hotel to aid in establishing proper evaluations on commodities and in re-establishing proper values on human life in the world.

After paying tribute to World War I veterans, Recer called attention to the tremendous possibilities of American production and transportation.

"We've got to help other countries so they can trade with us and buy the things which we produce," he declared.

Urging a curb on prices, he appealed to Americans to prevent inflation in fairness to the war veterans forced to live on pensions the remainder of their lives.

He discussed inflation in Germany following World War I and continuing until the present. He said wage scales in Germany now are seven to ten cents an hour and manufacturing are at a stand there at low cost. Recer said mass production in America can meet this challenge and is the answer to the problem. He said that following World War I, the German money wasn't worth the paper it was printed on.

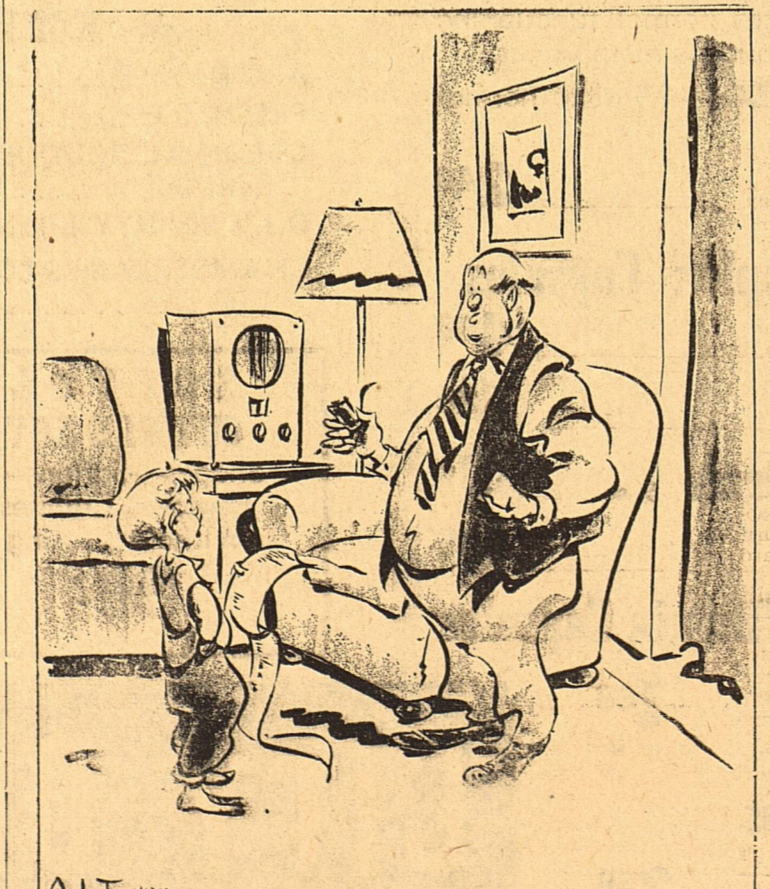

Faith in GIs

After praising the GIs of both World War I and World War II, he discussed effective Nazi propaganda but predicted returning GIs would soon adjust themselves to conditions at home.

The people and horrible conditions in the battle-scarred countries were described and Recer said the value of human life in these countries sank very low. The soldiers, he continued, saw so much death and destruction that they, too, lost the value of human life.

CARNIVAL

By DICK TURNER

"This is just half the stuff you promised to buy me when the war was over!"

SIDE GLANCES

"I used to lie awake nights on two jims thinking of the things I was fighting for, and none of 'em faintly resembled that exam coming up tomorrow!"

Bill Little And His 'B' Bulldogs Ready

Coach Jack Mashburn's Midland High 'B' Bulldogs expect a hard game from Big Springs' little Steers here Saturday night. Whistle time is 7:30 p. m. on the high school grid. Big Spring took a game from Odessa's little Brochos earlier this season by a score as impressive as Midland's against the Ector County lads. As usual it will be Bill Little and his helpers against the visitors. The top-hand "B" Bulldog back is ready for some more of his antics against them. The "B" team has drilled hard this week preparing for the Saturday night game. They promise to please Midland fans, who will have the chance to see football here this weekend although the big Bulldogs have an off week.

Cattle Bring Fair Prices At Auction

FORT WORTH—(P)—Cattle sold at fair prices at the third annual auction of the Southwestern Milking Shorthorn Association here Wednesday, although a number were young animals and none highly fitted, judges said. Four bulls made an average of \$527.50 and 38 females averaged \$350.40 in the auction. The top bull in the auction sold for \$750. The bull was Sunbea Masterpiece, sold to M. Hohn of Hebron, and bred by Miles Milhoan, Wildorado.

TXL Region - (Continued from Page One)

The remainder from Page One) will continue testing. No Shows In Neal Lion Oil Company No. 1 Neal, North Crockett County exploration, in section 66, block BB, EL survey, swabbed down and had no shows of oil or gas, after testing through perforations at 2,305-67 feet, with 2,000 gallons of acid. The acid treatment had been slated to be 5,000 gallons, but was decreased. The project was shut-down, waiting for orders. Gulf Oil Corporation No. 1 Muir, Crane County wildcat, in section 23, block B-27, psi survey, had penetrated under 5,795 feet, in lime, and was drilling ahead. Gulf No. 1-E Starnes, in Southwest Upton County, had reached 6,989 feet in Devonian, according to unofficial reports, and was to change rigs. It appears that it is to be carried considerably deeper. Waiting For Orders King, Warren and Dye No. 1 Stewart, Northeast Yoakum County development, in section 382, block D, John H. Gibson survey, was bottomed at 5,510 feet, in lime, waiting for orders. No evidence of commercial petroleum production had been encountered. Humble Oil & Refining Company No. 1 Parker, South Andrews County discovery for flowing production from the McKee-Simpson, at 8,700-50 feet, was shuttin to take official potential test for completion. That activity was to start at 10 a. m. Friday. The well flowed 350 barrels of oil in 19 hour. It is in northeast corner of section 24, block A-41, psi survey. Doss Extender Cored Humble No. 1-B Humble fee, 1-380 feet from south and 660 feet from east lines of section 8, block A-24, psi survey, on west side of the Doss field, in South Gaines County, was coming out with a core from 7,020-36 feet, in middle Permian lime. No shows of production had been reported from the project up to now. Bolivia has a network of 5,500 miles of navigable rivers.

Buick Announces New 1946 Models

BUICK INTRODUCES its first models for 1946 with production emphasis on this Series 50 Super four-door sedan which is first to come from the assembly lines. Mounted on a 124-inch wheelbase chassis its improved design incorporates full airflow fenders, new theft-proof rear wheel shields, completely restyled radiator grille and bumper assembly and other appearance refinements. The straight eight, valve-in-head engine has precision-bored and specially honed cylinder barrels and features the dome-shaped combustion chamber characteristic of the Buick fireball design. Numerous mechanical and equipment improvements have been effected. In all, three lines of Buick cars will be manufactured, in nine body models.

Wheat may be kept as long as 22 years and still make good bread, if it is properly stored.

Gunder Haegg Ruled Professional Runner By Athletic Group

STOCKHOLM (AP)—Arne Andersson and Gunder Haegg, world-record holding Swedish runners, and 13 other top-ranking Swedish track stars, were declared professional Thursday by the Swedish Athletic Association, the newspaper Espressen said.

There was no official announcement as yet from the association, which has been conducting a sweeping investigation into the entire Swedish track setup.

Earlier the association announced a finding that payments of fees to top Swedish track stars by leading sports clubs constituted a breach of amateur regulations and indicated there would be disciplinary measures against both clubs and performers. The association did not name the individuals involved, and had announced it would not do so until completion of the nationwide inquiry.

A finding that Andersson is professional would cancel his projected trip to the United States for the indoor season this winter.

Gunder Haegg

Overweight and not up to his usual speed, Conn threw a few fast hooks in the last minute of an exhibition here, but he admitted that he had a "long way to go" before he's ready for Louis.

Conn Blasts Exhibition Boxing As Way To Train

KANSAS CITY (AP)—Billy Conn, the fancy boxing Irishman from Pittsburgh, says he is convinced that exhibition fighting is a "heck of a poor way" to get in condition for his championship bout with heavyweight king Joe Louis next June.

"Fans don't realize it's only an exhibition," Conn explained. "They expect me to show the same boxing skill I used that night in 1941 when I boxed rings around Louis for 12 rounds before I got careless."

Overweight and not up to his usual speed, Conn threw a few fast hooks in the last minute of an exhibition here, but he admitted that he had a "long way to go" before he's ready for Louis.

Jack Mashburn Bowls New Series Record, Aiding JayCee Team

Jack Mashburn, JayCee kiegler, set a new individual series record of 612 Wednesday night at Plamor Alleys, helping his team with three games over King-Parrott.

Lt. Jack Curtis of Weavers set a new high game score of 255 finishing with 166-171 for 592.

Texasco won two games from Harris-Luckett. H. Hill won two from Self Standard to retain the team leadership.

Wednesday night scores:

Bulldogs Now 'Rejuvenated'

The "rejuvenated" Midland High School Bulldogs are adding new fireworks to their offensive in practice drills and expect to empty the full bag of tricks against Cisco here Friday, Nov. 16.

Rubbing out the usual kinks of a hard ball game against the San Angelo Bobcats, the Bulldogs added new plays this week.

They were given one day of rest from the San Angelo game but knocked heads together Tuesday in what started as a mild scrimmage and gained momentum.

Little is known of the Cisco Lobos' strength. The Big Dam country boys gave Brownwood a scare last week and held a 7-0 lead at halftime. However, Brownwood managed to intercept three passes and convert them into scores and took Cisco.

Wilbur Yeager, Bulldog quarter, has been nursing a sore thumb on his passing hand but the old injury is not serious.

Shetland Pony Sells For \$13,500 At Show

CHICAGO (AP)—G. I. Joe, a brown Shetland pony, was sold Wednesday night for the second time in two days at the Chicago Horse Show and brought all-time record prices in both sales—\$10,000 and \$13,500.

Monday the 46-inch pony was sold for \$10,000 by E. W. Beghtol of Industry, Ill., to Jacob Bunn Jr., of Springfield, Ill., and H. Leslie Atlas of Wheaton, Ill. Wednesday night they sold G. I. Joe to Robert E. Trimble of Indianapolis for \$13,500.

Beghtol said he bought the pony last April for \$1,500.

Racial Tension In Detroit Eased By Efforts Of Tolerance In Community

By S. BURTON HEATH

DETROIT —Racial tension here, expected to increase during the period of reconversion and postwar layoffs, has actually decreased.

And Mrs. Geraldine Bledsoe, respected Negro director of the War Manpower Commission's minority group services, reports:

When it rains it pours

Public and private social agencies, the clergy and public-spirited citizens are cooperating.

But the general feeling is that, with the atmosphere and machinery now available, there is a good chance that Detroit may get through even that danger period without real trouble.

national attention. After them tension continued to mount.

Then came a sudden drop. In June, this year, there were 30 such incidents, compared with 59 in June 1944.

He has made a business of meeting Negro leaders, explaining the police side of things, promising that whenever evidence of discrimination is brought, he will take action.

Public and private social agencies, the clergy and public-spirited citizens are cooperating.

But the general feeling is that, with the atmosphere and machinery now available, there is a good chance that Detroit may get through even that danger period without real trouble.

But the general feeling is that, with the atmosphere and machinery now available, there is a good chance that Detroit may get through even that danger period without real trouble.

Sweeten Holidays Without Sugar

Sugarless cranberry pie... an idea for November parties.

By GAYNOR MADDOX
 NEA Staff Writer

The holiday season is beginning, and that means lots of sweets in the house. But sugar is still scarce! Here are two sugar-free recipes delicious enough for the Thanksgiving season and other festive times.

Sugarless Open Cranberry Pie
 Two cups orange marmalade, 4 cups fresh cranberries, 1 tablespoon butter or margarine, 2 tablespoons cornstarch, 2 tablespoons cold water, 1 baked pie shell (9-inch) 1/2 cup orange segments.
 Heat marmalade; add cranberries and cook gently until cranberry skins pop open—about five minutes. Stir in butter, blend cornstarch and water to a smooth paste; add to cranberry mixture; cook, stirring constantly until filling is slightly thickened and clear. Cool; pour into baked pie shell. Decorate with orange segments and baked pastry ring cut-outs, if desired.
1945 Eggless, Milkless, Butterless Cake
 One cup molasses, 2/3 cup hot water, 2 tablespoons shortening, 1/2 cup chopped raisins, 1/2 teaspoon salt, 1/2 teaspoon cinnamon, 1/2 teaspoon cloves, 1/2 teaspoon baking soda, 1 3/4 cups sifted flour, 1/2 cup chopped nuts.
 Boil together molasses, water, shortening and raisins for 5 minutes. Cool. Meanwhile, sift together salt, cinnamon, cloves, baking soda and flour. Then add to first mixture, stirring until smooth. Add nuts, reserving a few to decorate top. Pour into wax paper-lined loaf pan. Arrange reserved nuts on top. Bake in moderate oven (350 degrees F.) for 45 minutes, or until cake is done.

Post-War Problems Topic For Meeting

FORT WORTH —(P)— Postwar problems of the oil industry will be discussed at the annual directors' meeting of the Texas Mid-Continent Oil and Gas Association here Friday.

"Directors of the association had hoped to hold the annual membership convention this year," said Maston Nixon of Corpus Christi, president, "but because of continued travel and hotel congestion it was decided to postpone the general membership meeting until next year."

"While the meeting is executive in character, all oil men who find it possible to be in Fort Worth are invited to attend."

At a luncheon meeting, when distinguished service awards will be presented to a member from each of the major and independent ranks of the industry, John R. Suman of New York, vice-president of the Standard Oil Company, New Jersey, will speak. Also scheduled to speak is Nixon.

Officers of the association in addition to President Nixon include B. G. Byars, Tyler, East Texas vice-president; J. L. Collins, Corsicana, East Central Texas; Edward G. Kadane, Wichita Falls, North Texas; R. C. Kay, Amarillo, Panhandle; B. L. Lefever, Big Spring, West Texas; Joseph M. Weaver, Eastland, West Central Texas, and Al Buchanan, San Antonio, Southwest Texas.

University Probation May Be Lifted Soon
 DALLAS—(P)—The University of Texas Board of Regents hope to have the school off probation early next year, Dudley K. Woodward, Jr., chairman of the board announced here.

Woodward said two of the basic objections of the Southern Association—the overlapping of the board into routine administrative affairs and the divergence in some procedural routine from what is considered sound lines—have been remedied.

RANDOM HAREVST
 BAMBENDA —(P)— An African woman living here in the British portion of the former German territory of the Cameroons, West Africa, has found 16 bars of gold buried in her garden. It is believed that the gold was hidden by Germans during the First Great War.

After Using Sweetness, Truman Begins To Use Slightly Rough Tactics

By JAMES MARLOW
 WASHINGTON —(P)— President Truman, after trying sugar, is beginning to talk a little tough here at home. It's still not very tough. And it's too soon to tell whether he'll get tougher.

From the time last April when he went into the White House—where President Roosevelt found rough-and-tumble tactics very helpful although they made him enemies—Truman used sweetness on the homefolks.

It was as if Truman upon entering the White House had said to himself: "I'll be nice and friendly. I'll ask people."

Now suddenly, within a week's time, Truman has taken a healthy poke at Congress, and given labor and management an icy warning to get down to cases and cut out unnecessary argument.

In a radio speech he hit directly at two Congressional committees for bottling up two pieces of legislation which he recommended and considers prime: More pay for the unemployed and the "Full Employment" Bill.

"Or The Public Will!"

And at the opening of the labor-management conference he told the representatives there to find a solution to their woes or the public would.

The labor-management men kept mum and went to work. But we'll have to wait for the end of the conference before seeing how much they took Truman's words to heart.

The reaction in Congress was a little sharper.

Tuesday one of his old colleagues, Senator Wiley (R-Wis.), got up and said: "The President pleads for a program which out-New Deals the New Deal, which item for item sounds like a CIO handout."

The program Senator Wiley had in mind was the 21-point program which Truman handed to Congress early last September.

Of the 21 points, 13 were derived directly from President Roosevelt.

Of the 21, Congress has passed only two: A bill revising taxes and a bill on surplus property disposal.

HOW WAS HE TO KNOW ELEPHANT WASN'T SOAP?

KANSAS CITY, MO.—(P)—Vincent Totia, aged two and a half, was an interested spectator at the Shrine Circus here.

Someone previously had given him a box of soap each cake shaped like a miniature elephant. When real elephants paraded into the arena, Vincent's grandmother, Mrs. W. E. Urquhart, said: "Look, Vincent, what is that?"

Vincent took one glance and answered seriously: "Soap."

Glass consist primarily of a combination of silicic acid with an alkali (either potassium or sodium).

Midland Glass Company Discovers Many Uses For Popular Product

Citizens of the United States are fortunate in the amount of glass which is available for their use. Q. M. (Shine) Shelton, owner of the Midland Glass Company at 1611 West Wall Street, declared.

The glass company manager cited a newspaper story of the past week which mentioned Europe's desperate need for glass, just plain, ordinary window glass.

Eight countries produced glass in pre-war years, and only the United States has been able to continue production at full capacity, Shelton commented.

Production To Increase Shelton predicted glass production in this country will be stepped up greatly, not only to take care of increased exports, but to care for the rapidly increasing demand in this country for more glass.

Glass has become an ever-increasingly important item in the In China the major motor fuel is alcohol, made from rice and sugar cane.

building industry. Glass brick has become exceedingly popular with both builders and business men. It is popular with the builders because of sound construction qualities, and it is popular with the business men because it attracts business.

Women are responsible for much of the increased use of glass in the home building field because they have discovered glass, while highly practical, is one of the greatest home beautifiers.

New uses for glass are discovered almost daily, and Shelton has literature available at Midland's glass headquarters which describes and pictures many of these uses.

He extends an invitation to citizens of Midland to visit his store and see this literature. He always is happy to tell of the many uses for glass.

While there, Shelton suggested, why not inspect the many beautiful mirrors he has which will make ideal Christmas gifts?

Branch And Shepard To Roof New Schools

Fine new school buildings for Midland and Odessa and other West Texas cities, are signs of progress and the Branch and Shepard Roofing Company, 208 S. Main Street, Midland, is proud to get the contracts for roofing some of these structures.

Branch and Shepard feel their company is contributing to progress with its quality workmanship required for such buildings.

The Midland company has the contract for roofing Odessa's high school and Midland's two new public school buildings, soon to be started.

The same, fine workmanship and products, which Branch and Shepard put into public buildings, are put into residence and other buildings.

The company reminds citizens it now can equip homes with composition roofing or asbestos shingling, which is a good tip for future builders of homes as well as those who now own their homes.

Midland Tractor Company Finds Out Interesting Story About A Tractor

The Midland Tractor Company, 300 S. Baird Street, which sells Ford tractors and other farm implements in a wide West Texas area, comes up with an interesting postwar story about one of the products it sells.

It is about a tractor and what's more it is about a farmer-business man and his soldier son.

Several years ago, when the son of an agricultural implement dealer at Weimar, Texas, went off to the wars, the father, who also operates a farm just outside the city limits, made a vow to raise enough food to feed all the men in his son's division. He made good his vow, with the aid of modern mechanized equipment.

Now this same farmer-business man has completed what is believed to be the longest cross-country trip ever made by a tractor, when he arrived in Weimar after driving a Ford-Ferguson, with heavy duty mower attached, 1,574 miles from Detroit, Mich. The trip was the first road test sanctioned by the contest board of the American Automobile Association since before World War II. The test run was completed in 15 days.

The father, W. B. Burns, is now in partnership with his son, Staff Sgt. W. T. Burns, in a brand new building. And thereby hangs a tale. First came the word that the son was missing in action. Next that he was a German captive. Later it developed that he had been captured in Weimar, Germany, the historic city for which his Texas home town was named.

Three months later the Burns family in Texas had their most joyous Mothers Day, when word arrived that their son had been rescued by the British. And on Fathers Day, soon afterward, Staff Sgt. Burns, in person, appeared to prove that the story of his rescue was authentic.

With its stock of farm implements, the Midland Tractor Company offers the same type of product told about in this story. The Midland firm is acquainted with West Texas and its needs as regards farm machinery, implements, accessories, from the tractor battery, which starts the engine, to a finished crop.

And remember, reminds Midland Tractor Company, it sells Ford Tractors, systemed by Ferguson.

There are seven women's names in the Hall of Fame: Emma Willard; educator; Alice Freeman Palmer, who was president of Wellesley College at 26; Harriet Beecher Stowe, author of "Uncle Tom's Cabin"; Charlotte Cushman, actress; Maria Mitchell, discoverer of the first telescopic comet; Frances E. Willard, organizer of the Women's Christian Temperance Union; and Mary Lyon, educator.

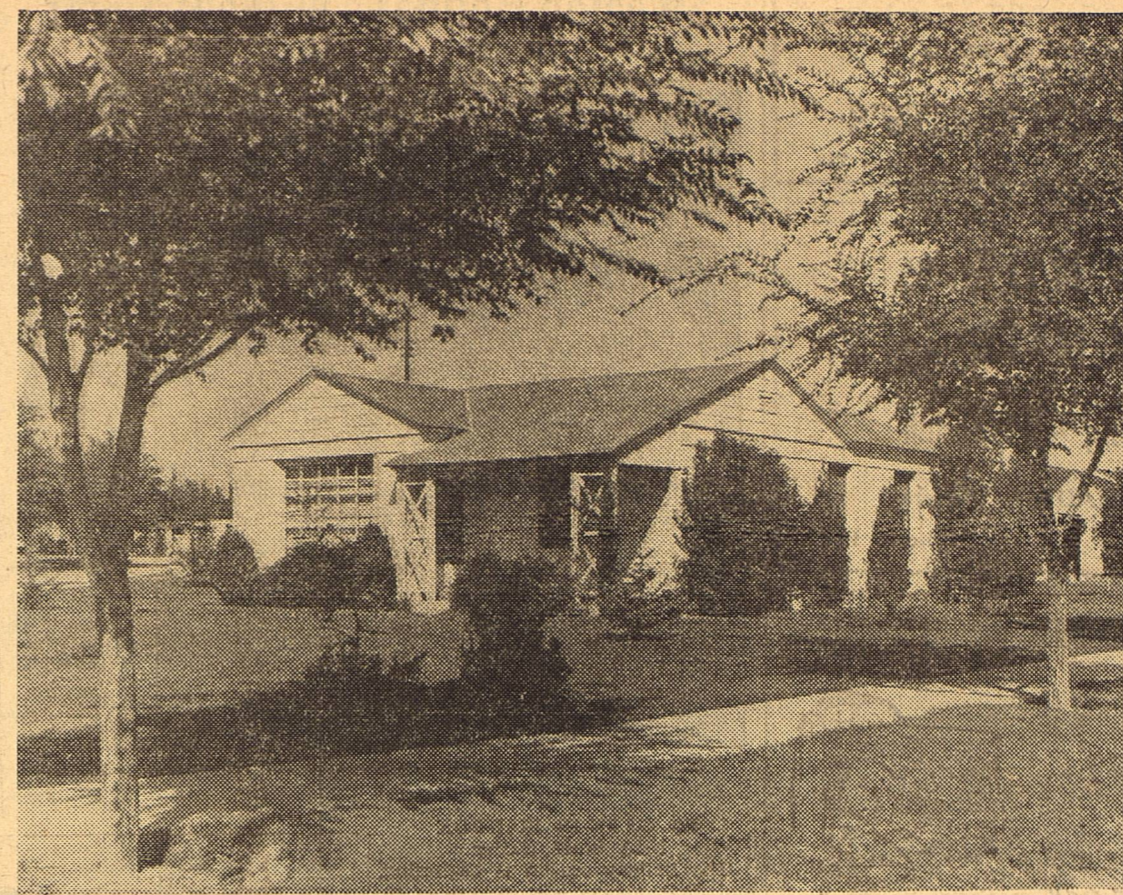

A MAJOR VICTORY, SON, EVEN THOUGH A TIE

JOHNSON CITY, TENN.—(AP)—A newly discharged veteran was having his picture taken when a visiting major suggested he might look better wearing a tie.

"Sir," the boy replied, "in the Army I obeyed orders. I'm a 'mis-take' now and can do as I want to. And I don't want to wear a tie."

The major grinned and subsided.

Beautiful Landscaping

One of the most beautifully landscaped yards among the many fine residences in Midland is at the home of W. M. Ford, 712 Cuthbert Street. The landscaping was done by J. A. Richardson of the Walker and Richardson Nursery. The concern offers a complete landscaping service and gives landscaping advice without obligation. Owners of the firm reminded citizens now is the best season of the year to have landscaping done. A full fall order of stocks has been received, including evergreens and shrubs.

In the best interest of friends of yours who may be hospitalized, we respectfully request you to observe the following schedule of visiting hours:
308 North Colorado Street
10:00 to 11:30 a. m. — 2:30 to 4:30 p. m.
7:00 to 9:00 p. m.
The Western Clinic Hospital

FAIR WARNING!
The jewelry and gift shows, at which retail jewelers usually buy their Christmas merchandise, were not held this Fall because manufacturers and wholesalers did not have sufficient merchandise to sell that would justify the expense of holding a show.
Anticipating just such a condition, we have been buying heavily in all markets during the summer months and now have one of the most complete stocks of precious metal jewelry in West Texas.
This merchandise will not be here or elsewhere at Christmas time. Therefore we urge you to take advantage of our convenient lay-away plan to supply your Christmas needs now.
Be sure to see our complete line of ladies' diamond watches, the ideal gift for her.

Navy's 'Hedgehog' Doomed U-Boats
At top is one of the first photos released by the Navy of a hitherto secret weapon in the war on U-boats—the "Hedgehog." A rocket device, it enabled surface ships to fire as many as 24 depth charges forward over the bow, instead of merely dropping "ash cans" over the stern. Unlike "ash can" depth charges, which are fused to explode at a certain depth, these rockets explode on contact. The "spigots" from which they are launched are angled so that rockets hit water at a variety of distances from ship, thus forming a "vege" pattern in which U-boat can be trapped.

Weak Defenses Early In World War Endangered Vital Panama Canal

By S. BURTON HEATH
NEA Staff Correspondent
BALBOA, C. Z.—It is possible now to reveal that the Axis powers missed the victory boat, about five years ago, by their failure to go after the Panama Canal aggressively and beligerently.
From what I have learned here, it seems very probable that the Japanese could have put the Canal

out of business in 1941 if they had realized the weakness of its defenses. If they had been willing to gamble with that sacrificial spirit that the kamikaze pilots exhibited in the closing days of the war, they could have knocked out the Canal.
Information as to what happened here during the war is very difficult to obtain from official sources, even where no security angle is claimed. But from sources of unquestionable reliability certain general facts appear.

Check Sabotage
Even before we got into the war, every possible precaution against sabotage was initiated. With the collaboration of neighboring Latin American nations, a screen was set up so that, theoretically, no person of whatever nationality could get within hundreds of miles of the Canal without thorough inquiry into his background and his errand.
Panamanians, whose country owns the Canal Zone that the United States administers, could not cross the Zone from one part of their country to the other without careful control.
Armed guards of sailors and marines rode through the Canal with some 11,000 ships, during the war, watching for the slightest evidence of any attempt at sabotage.
Every vessel that sailed the Caribbean down to the tinest fishing smack, had to carry identification markings recognizable from sea or air, for the benefit of protective patrols.
The efficiency of these measures is attested by the fact that the Canal functioned uninterruptedly throughout the war. No would-be saboteur ever got within danger distance of the vital locks.
Vulnerable

But in the beginning the Canal was highly vulnerable to the type of attack that neither Germans nor Japs tried to make.
Neither guns, planes nor ships were available in sufficient numbers to give adequate protection against a determined attack. And there was a period when the relatively few planes in the Zone did not have sufficient gasoline or ammunition for a prolonged defense against a strong, persistent enemy.
On the Atlantic side the chain of bases that stretched from Cuba to Trinidad, through the Greater and Lesser Antilles, permitted surface and air patrols that would have encountered any Nazi carrier task force some 1,150 miles east of Colon, and beyond the range of carrier-based bombers.
But on the Pacific side, until we fortified the Ecuadorian Galapagos Islands, a Jap force could have sneaked carriers within range at least as easily as did the one responsible for the attack on Pearl Harbor. Why that was not done, either simultaneously with the December 7 attack or immediately after, is not readily explainable.
Because it was not done, we were able to rush the Yorktown, the Hornet and the Wasp from Atlantic to Pacific after Pearl Harbor destroyed our Pacific Navy. We got at least a skeleton force into action against the Japs three weeks sooner than otherwise would have been possible. And the bare figure of 11,000 ships guarded through the locks gives some idea, to those who remember the critical shortage of shipping during most of the war, how vital those locks were to victory.

SALT LAKE CITY BOBBY SOX GIRLS TRY 'SKUNK LOCKS'
SALT LAKE CITY—(P)—A new hairdo—"skunk locks"—has been adopted by the bobby-soxers at the South High School.
Dark-haired girls use bleaching solution to turn one lock of hair blonde.
Cord Darleen Buckley admitted the result was startling, and she added: "My parents were stunned at first—but they're reconciled now."

Brazil is the only independent nation of the western hemisphere whose language is Portuguese.

Small Retailers To Get Preference On Surplus Property

WASHINGTON—(AP)—The Surplus Property Administration has announced a new pricing policy designed to strengthen the competitive position of small independent retailers.
Effective immediately, the policy provides that:
1. Surplus consumer goods shall be offered in minimum quantities as far as possible.
2. Precedence should be given orders received from small retailers and from wholesalers who serve small independent retailers.
3. Manufacturers who distribute to small independent retailers may buy as wholesalers.
4. Discounts from net prices quoted to retailers shall be offered to wholesalers who agree to use their best efforts to sell to small retailers.
5. Discounts granted large retailers—such as chain stores, mail order houses and cooperatives—will be limited to not more than five per cent on a minimum quantity to be specified in each offering.
6. When the total supply of any commodity to be offered is less than demand, consideration should be given to needs of all purchasers before large quantities are sold to one or a few.
7. Wholesalers and manufacturers who operate or control retail stores must buy for such stores on a retailer basis.
8. Buying offices of associated groups of retail stores operated on the voluntary chain system of buying will purchase as retailers. When they buy the minimum quantity specified for large retailers and delivery is made to a distribution center the discount allowed to large retailers will be given.
B-29 GAS CONSUMPTION
In a raid against the Japanese homeland, it is estimated a B-29 Superfortress—operating from an island in the Marianas—consumed about 6,000 gallons of 100-octane aviation gasoline on a single mission. An 800-plane mission from this island would consume approximately 5,000,000 gallons.

Founder Of Valley Citrus Industry Dies

SAN ANTONIO —(P)—John H. Shary of Mission, known as the founder of the commercial citrus industry in the Rio Grande Valley, died at 5:05 a. m. Tuesday in a local hospital. He had been making his home here for several months while undergoing treatment by a specialist.

THEF STOFES CAR AND OWNER GETS GARAGE BILL

SANTA FE, N. M. —(P)—Toby Younis has received a garage storage bill for \$5.10 for his sedan car he reported stolen Aug. 29.

Checking up on the bill, Younis found it was his car all right and in it safe and sound were his fishing tackle and new suit.

Younis' big question is how the car got there.

HONORS TEXAS PROF

AUSTIN —(P)—The University of Pennsylvania has awarded an honorary doctor of science degree to Dr. Harry S. Vandiver, a member of the University of Texas faculty for 21 years who has gained distinction in the field of mathematics research.

Dr. Vandiver is now on leave of absence from the university.

THESE OKINAWANS WON'T STEAL FROM ARMY AGAIN

OMAHA, NEB. —(P)—Some of the natives on Okinawa are learning the hard way that it doesn't pay to steal from the U. S. Army, an Omaha Army physician relates.

In a letter to friends here, the physician in the Fifth Air Force stationed on the Pacific island, said some of them landed in a hospital because the "baking powder" they stole was DDT insecticide.

There are 89 commercial banks in Argentina.
