EARTHQUAKE SHAKES N. Y.

Lower Eastern Canada, New England
New York, New Jersey and Penn-
sylvania Experience Shock.

ONLY ONE MAN MEETS DEATH

At Binghamton, N. Y. Laborer is
Killed by Caving in of a Tun-
nel.

NEW YORK, Feb. 13.—An earth-
quake lasting from fifteen to thirty
seconds and disturbing particularly
what are geologically known as the
Devonian and Silurian sections of
the northeastern parts of the United
States took place shortly after 1:30
o'clock p. m. today. It was especial-
ly severe in the central and northern
parts of New York state.

Virtually all of New York state,
including this city, felt the shock,
and New England generally, lower
Eastern Canada and parts of New
Jersey and Eastern Pennsylvania
were shaken. Tremors were record-
ed as far south as Washington and
as far west as St. Louis.

At Albany the shock was severe
enough to shake pictures from the
walls of the capital and at Bingham-
ton a laborer was killed by the caving
in of a trench in which he was
working. A fort Plain the heavy
doors of a bank vault shook under
the influence of the quake, and from
other parts of the state the falling
of chimneys, swaying of houses and
destruction of fragile objects was re-
ported.

In New York City the preliminary
tremor was felt at 1:35:15 o'clock.
At 1:35:45 o'clock the shock had
reached its maximum intensity, and
at 1:37:20 o'clock the movement
subsided altogether, making the total
duration of the quake two and
one-quarter minutes, as given by the
seismograph. The period in which
the shock was perceptible by man
was from twenty to forty seconds
and started in a majority of cases
about 1:35 o'clock. So far as known
the quake was from the west to the
southwest, with the boundary lines
of the territory affected converging
to a point in the middle.

The initial movement was at points
near the upper Atlantic seaboard at
about 1:35 o'clock and extended to
places in the northern parts of New
York state about three minutes
later, reaching Albany at 1:38
o'clock, Rochester at 1:37 o'clock
and Watertown at 1:39 o'clock.

Aero Club Seeks Direct Ocean Flight

NEW YORK, Feb. 9.—The Aero
Club of America has taken steps to
prevent haphazard attempts by avia-
tors to be the first person to cross
the Atlantic ocean in an aeroplane.
The club has asked the co-operation
of the Aero Club of Great Britain in
having the flight declared a race,
thereby bringing it under the juris-
diction of set rules.

The Aero Club will seek to obtain
from all prospective fliers that they
will abide by rules to be formulated,
or be disbanded from all participation
in the measures to be taken to in-
sure the flight's success.

What caused the Aero Club offi-
cials to take immediate action were
reports that plans to build three
large water-flying aeroplanes had
been financed in this city and that
the aeroplanes were now in course
of construction. To have these and
other aeroplanes dashing off toward
Europe in a hither-skelter fashion
would create general havoc. In the
opinion of the Aero Club officers,
with the plans for furnishing wind
maps of the Atlantic, warship pat-
rols of the proposed route and an
auxiliary patrol of private yachts
near the Newfoundland and the
Irish coasts.

If the sanction of Lord Northcliffe,
donor of a \$50,000 prize for the first
aviator crossing of the Atlantic
ocean, should be given to the plan to
have the flight conducted under
rules, the Aero Club believes all
fliers who might embark on these
ventures without the co-operation
of agencies other than their own
backers, could be barred from partic-
ipating in the prize.

Another prize of \$2000 given by
Mrs. Victoria Woodhull Martin, of
the Women's Aerial League of Great
Britain, it is planned to surround
with the same restrictions.

New War Articles Make Punishment Less Drastic.

WASHINGTON, D. C., Feb. 9.—
Revision of the articles of war in the
military law of the United States,
unchanged since 1806, is proposed in
a bill passed without a dissenting
vote by the Senate today, designed
to make the soldier guilty of purely
military offenses, an object of re-
formatory discipline instead of a
penitentiary convict with the crim-
inal stamp upon him.

Fort Leavenworth, Kan., would
be a Federal prison under the
terms of the bill and hereafter
would be known as the United States
military detention barracks. The
prison would be modeled after the
English army disciplinary institution
at Aldershot and no soldier of civ-
ilian conviction or an offense pun-
ishable by penal servitude might
hereafter be confined there.

Military prisoners under suspen-
ded sentence quartered in the deten-
tion barracks would be organized into
military commands and their train-
ing kept up where prison conduct
warrants in the opinion of the Sec-
retary of War. Honorable restora-
tion to the army or permission to en-
list without prejudice if the enlist-
ment had expired would follow good
behavior.

This radical revision of the army's
disciplinary methods is proposed in
a reclassification of the articles of
war, dropping thirteen sections from
the old code as obsolete and insert-
ing provisions for a policy of sus-
pended sentence and less drastic
treatment of military offenders gen-
erally.

The bill makes no mention of the
military prison on Alcatraz Island,
San Francisco. In this connection,
the committee report says the Sec-
retary of War is convinced that estab-
lishment of the detention barracks
and necessary branches would make
the maintenance of a military prison
unnecessary. The elimination of Al-
catraz Island from the bill would
make possible the use of the island
as an immigration station as desired
by the immigration Bureau.

The jurisdiction of courts martial
would be considerably broadened
under the proposed new code extend-
ing to capital offenses in time of peace
which are beyond the reach of civil
court. The present code gives this
jurisdiction only in time of war.

Upon spies in time of war, only
would the death sentence be manda-
tory under the new code and two-
thirds majority of the court martial
imposing such sentence would be re-
quired instead of a bare majority.

Sixth National Corn Exposition Opens in Dallas.

DALLAS, Tex., Feb. 10.—Under
cloudless skies and with the air just
snappy, enough to make the blood
tingle, the National Corn Exposition,
the sixth of its kind ever held in
America, opened Tuesday morning
at 10 o'clock when the gates to the
Texas State Fair Grounds were
thrown open. The first day's at-
tractions were small, but much larg-
er than has been expected.

Those who spoke at the opening
exercises were Governor O. B. Col-
quitt, Mayor William M. Holland of
Dallas, E. R. Funk, president of the
exposition, and Ed R. Kone, Com-
missioner of Agriculture.

Thirty-seven States are represent-
ed in the exhibit building, these
have displays interesting in the ex-
treme. They compose agricultural
products and each day during the
exposition in this exhibit building
there will be addresses by prominent
agriculturists from different parts of
the United States. In addition to
this there are exhibits of all classes
of farm machinery. There was
plenty of amusement Tuesday, six-
teen shows were opened and in the
afternoon, there was an aviation
meet.

Exemption of Ships an "Unwise Policy"

WASHINGTON, D. C., Feb. 9.—
President Wilson let it be known to-
day that from the first he favored as
an unwise policy the insertion in the
Democratic national platform of the
plank favoring the exemption of
American coastwise ships from the
payment of Panama canal tolls.

The president feels that a platform
declaration on such a subject is re-
lated to circumstances that arise all
over the world, as well as in the
United States, and that the elec-
tion should be controlled in the
interest of the country.

Mr. Wilson told callers today that
the whole international situation and
the point of view of the foreign gov-
ernments was in some extent involv-
ed in the settlement of the contro-
versy. He indicated that platform
demands should be limited to matters
of domestic policy and should not
embrace relations with foreign gov-
ernments.

It is said to be the president's
view that treaty relations with
other governments might be embar-
rassed if what is construed as a viola-
tion of the Hay-Pauncefote treaty
were to be insisted upon by the United
States.

It was made clear, however, that
only England had protested. The
president told callers that Great Brit-
ain, through her representatives,
had not approached the American
government on the question in any
way since Viscount Bryce left here
a year ago.

Texas Harbors and Rivers Get Good Treatment.

WASHINGTON, D. C., Feb. 9.—
Generous treatment in spots to
given Texas rivers and harbors by
the annual rivers and harbors ap-
propriation bill, the rough draft of
which has been completed in execu-
tive session by the House commit-
tee. This big measure will be re-
ported to the House this week car-
rying appropriations for Texas ag-
gregating \$3,715,000. The total
amount of money appropriated by the
bill is \$44,000,000.

Representative George F. Burgess,
member of the Rivers and Harbors
Committee, assisted by the Con-
gressmen from the interested sec-
tions of Texas, did exceptionally well
in the amounts procured for the
State this year.

The predicted allowances of \$800,-
000 for the improvement of Port
Aransas and \$89,000 for that por-
tion of the Intercoastal Canal extend-
ing from Corpus Christi to Baffins
Bay, items in which Representative
John N. Garner was especially in-
terested, were incorporated in the
bill. Seventy thousand dollars was
allowed for the maintenance of the
Intercoastal Canal in Texas.

Discussed Feasibility of Fuel Oil For Navy.

WASHINGTON, D. C., Feb. 9.—
The feasibility of providing cheaper
fuel for naval use by means of a gov-
ernment owned or regulated pipe line
from proposed government wells and
refineries in the Oklahoma Oil
fields was discussed at a conference
today between H. V. Foster, an Ok-
lahoma operator, Lieutenant Com-
mander Boyd, United States navy,
and Cato Sells, Commissioner of In-
dian Affairs. Mr. Foster gave the
government investigators the view of
private oil operators, dwelling at
length upon the general phases of
the project under consideration.

It was announced that before the
two officials would submit their re-
port dealing with the feasibility of
government produced oil, they will
in all probability go west for per-
sonal observations.

Commissioner Sells said the invest-
igation would be of the most ex-
haustive character possible. "We
shall hear everybody that wants to
be heard," he said. "Those who
volunteer information will be heard
first and then we will summon
others, if it is found that additional
information is wanted."

Representatives of the independ-
ent oil producers of Oklahoma will
be heard next Friday, it was an-
nounced today. It is expected that
the hearings will be continued here
for at least the remainder of this
week.

Man Arrested While Digging Grave of His Alleged Victim.

PECOS, Tex., Feb. 9.—Fernando
Subio, accused in connection with the
killing of City Marshal T. V. Moore-
head, who was shot down here last
night, was arrested in Pecos shortly
after noon and hurried out of town
by Sheriff Harrison.

Subio was an employee of the Pecos
Mercantile Company, whose under-
taking department had Moorehead's
funeral in charge. Subio was sent
with two other Mexicans to dig the
grave for the slain man.

Meanwhile an overcoat shed in the
night after the shooting of Moore-
head had been found and identified as
Subio's and the bullet holes lo-
cated. Sheriff Harrison slipped off
to the graveyard in an automobile
and found a bullet mark on Subio's
right side. The Sheriff loaded his
prisoner in the auto, leaving for the
east, running around Pecos. The
afternoon passenger train had been
flagged ten miles east of here in
Ward, County. It was presumed
Harrison took his prisoner to Mid-
land or other point east of here.

Baglio Martinez also has been
arrested in Pecos and a third Mexi-
can has been captured in Barstow.
Citizens here have armed them-
selves to avert threatened trouble
following the killing of Moorehead
in the Mexican quarter.

Four possees today began hunting
for the men, who were captured in a
street quarrel, which led to the death
of Moorehead, who was shot as he
approached the Mexicans.

A mass meeting this afternoon en-
deavoring to quiet the situation, but
precautions were taken in case dis-
order should appear imminent.

Designs Prepared For New Currency

WASHINGTON, D. C., Feb. 9.—
Designs for the new fashions in pa-
per money, to be issued by the gov-
ernment under the currency act,
have been prepared by experts of
the bureau of engraving and print-
ing of submission to John Skelton,
chief of the bureau. The designs may be
needed for months, but Director
Raiph of the bureau will have the de-
signs ready within a few days and as
soon as Mr. Williams has secured
Secretary McAdoo's approval, the
plates will be made and a few hun-
dred millions will be sent whirling
into the bureau's big presses.

There will be three kinds of new
currency, one for emergency pur-
poses, succeeding the present, but
never used emergency currency, one
for the federal reserve banks issued
against United States bonds, with
the circulation privileges, and the
third one-year gold notes to be issued
to reserve banks against United
States bonds, but not to have the
circulation privilege.

The designs contemplate the pres-
ent size of paper money, although
for smaller bills may be reflected in
future issues. The law authorizes
notes of \$5, \$10, \$20, \$50 and \$100.
Present designs would have \$5 notes
bear the portrait of Lincoln, the \$10
that of Cleveland, the \$20 that of
Jefferson and the \$50 that of Grant.
Varied phases of human activity are
depicted on the backs of the notes.
As provided by law, currency issued
to particular reserve banks will bear
serial numbers as distinguishing
marks.

Disease May Be Checked.

AUSTIN, Tex., Feb. 10.—R. J.
Newton, secretary of the Public
Health Association of Texas, has
just returned from Washington
where he has been successful in hav-
ing introduced in both branches of
Congress of a bill to provide for
an investigation of tuberculosis and
the prevention of the disease by care
of consumptives in hospitals, and pro-
viding for the use of abandoned mil-
itary, naval and other reservations or
other government property as tu-
berculosis hospitals, and also to pro-
vide for the maintenance of such in-
stitutions. The bill was introduced
in the House by Representative Cal-
loway and in the Senate by Senator
Shafroth.

Mr. Newton says he has obtained
the endorsement of Postmaster Gen-
eral Burleson, Secretary of Agricul-
ture Houston, and other high offi-
cials and including practically all of
the Texas delegation in Congress.
The bill was referred to the com-
mittee on interstate and foreign com-
merce in the House and will be re-
ported on within the next two
months.

Murdock Bill Favored.

WASHINGTON, D. C., Feb. 11.—
"Curious and farcical results follow-
ed the Standard Oil dissolution de-
cree, it did not enforce competition,"
Herbert Knox Smith, former commis-
sioner of corporations, told the House
commerce committee today at a hear-
ing today on the trade commission
bill by Representative Murdock.

With William Draper Lewis, dean
of the law school of the university of
Pennsylvania, and D. R. Richberg
of New York, Mr. Smith favored the
Murdock bill, embodying the ideas of
the Progressive party as opposed to
the Clayton administration bill.
They declared the Murdock bill
would be more effective.

Besides favoring a uniform ac-
counting system, Mr. Smith urged
the possibilities of co-operation be-
tween a trade commission and cor-
porations, and declared the public-
ity that would follow would be a
great benefit.

In the Grey Dawn of the Morning After Gloom Sits Heavily.

WASHINGTON, D. C., Feb. 8.—
State Department officials were
thrown into a mild fever yesterday,
when Senator Sheppard of Texas
sent to the department a frantic
telegram from a constituent who re-
sides in El Paso. The telegram stated
that the Texan had been arrested
in Juarez as a spy and was about to
be shot.

Officials of the department fran-
tically telegraphed to the American
consul at Juarez, ordering him to
intercede instantly for the Texan and
demand that mercy be shown to
him. About one hour afterwards a
reply was received from the Ameri-
can consul, reading as follows:
"It was a plain case of drunk
was arrested for being drunk, taken
into court, fined \$5, and released."

Schmidt Must Die.

NEW YORK, Feb. 11.—Hans
Schmidt was sentenced today to die
in the electric chair during the
week beginning March 23 for the
murder of Anna Ammiller. Schmidt
was found guilty of murder in the
first degree at his second trial, after
the jury which first tried him had
failed to agree. Schmidt's lawyers
pleaded insanity for their client, but
the prisoner would not aid them and
said repeatedly he wanted to die.

May Act on Suffrage.

WASHINGTON, D. C., Feb. 9.—
The question of equal suffrage con-
fronted the Senate today. It came
before that body in the form of a
resolution, extending the right of
suffrage to women. The resolution
was called up immediately after the
routine morning business had been
disposed of. Senator Ashurst of
Arizona is sponsor for the resolu-
tion.

Prospects for a vote on the reso-
lution today, however, were not
good, because several senators pre-
viously had given notice that they
wanted to discuss it. Senator Ash-
urst was confident the Senate would
act during the present session.

The resolution proposing a consti-
tutional amendment to give the bal-
lot to women was favorably reported
by the Senate woman suffrage com-
mittee last June.

Whitecappers Again Posting Night Warnings.

PARIS, Tex., Feb. 8.—The whitecappers of Byrdtown section, situated about four miles from Blossom, Texas, have started the year of 1914 already with their night warnings...

The history of these notices has demonstrated that they are not jokes. The first warnings, appearing in the fall of 1910, frightened many negro cotton pickers out of the section, but they were not in written form.

The Bureau of Animal Industry of the United States Department of Agriculture has called attention to the existence of sheep measles, due to a species of tapeworm derived from sheep dogs.

Notes that 75,000 of the sheep slaughtered under federal inspection during the year 1912 prior to December 1 were found to be affected with measles, and we are assured that as the methods of meat inspection become more efficient the number of cases detected will be relatively more numerous.

Theoretically, there is no objection from the hygienic standpoint, according to government information, to passing affected mutton for food after the parasites have been removed. No great harm can be done if a few parasites hidden in the muscles have escaped observation.

Methods of preventing mutton from carrying the disease on its carcasses with the view of insuring the health of the consumer.

Gill Praises System.

AUSTIN, Tex., Feb. 19.—Wall street will not be disturbed by the inauguration of the federal reserve bank system in the city of New York, L. Gill, vice president of the Seaboard National Bank of New York, and former commissioner of insurance and banking of Texas, who is here for a few days.

Mr. Gill said that the system will operate to distribute the reserves of banks throughout the country, which are now concentrated in New York. This change will prove of considerable benefit to Texas, according to Mr. Gill.

Scores Injured in Attack on Japanese Parliament House.

TOKIO, Feb. 19.—The Japanese House of Parliament was attacked today by a mob. It was driven back by the police only after the entrance gates had been broken down and scores of people injured.

The rioting followed a big mass meeting at which resolutions were passed to impeach the cabinet for its attitude in connection with the graft charges against Japanese naval officers, several of whom are accused of receiving commissions for influence in receiving admiralty contracts in favor of a Japanese firm.

Fifteen persons were pushed into the canal during a fight near the offices of a government newspaper, but all of them were rescued.

The diet rejected, 225 to 164, a resolution of want of confidence in the government. This resolution was introduced by the opposition as a protest against the attitude of the cabinet in connection with the graft charges.

The speaker of the diet ordered the expulsion of a member of the opposition, who interrupted the debate and a free fight in the house ensued between the guards and the friends of the deputy.

Zamor Elected Ruler of Haiti.

PORT AU PRINCE, Feb. 9.—Congress today elected Drotin Zamor president of Haiti. There were no disorders attending the arrival of the revolutionary troops from Guaymas.

Zamor was formerly Governor of the northern department and in 1911 was War Minister. He headed the revolt in the city of Guaymas in January and his forces a few days later won a victory over the revolutionists under superior Baylamar. Zamor, who had proclaimed himself commander in chief of the rebels.

Theodore returned to Cape Haitien, where he had set up a provisional government. It was announced that detachments of troops from foreign countries would return to their vessels.

Mine Worker Opposed to Contract System.

HANCOCK, Mich., Feb. 19.—William J. Rickard, president of the Calumet coal of the Western Federation of Miners, today completed his testimony before the House subcommittee on mines and mining in discussing the Michigan copper strike.

He attacked the contract system under which work is done by Michigan miners. He said it is one company owned or controlled, finally all the mines a man could not risk being let out by one mine, and therefore he dared not refuse to accept a contract under which he knew he could not make living wages.

"Do you know of any instance when a man let out at one Calumet mine, and refused employment at another?" he was asked by counsel for the company.

No, the witness replied.

Sculptors Get Credit For Work Not Their Own.

NEW YORK, February 19.—Art circles were interested today in statements by Galton Baggum, sculptor, that nearly 60 per cent of all the monuments and statues in the United States, including those in Statuary hall, Washington, were made by those whose names they bear.

The sculptor was addressing the Women's Political Union.

"Right here in our city," he continued, "I have known two or three sculptors who committed suicide. They had been doing other people's work and other men getting the credit and they getting barely enough money to exist."

"That is how America gets her art. Contracting firms get the contract and the honor. Statues are made by the work of the state in the country has not been done by the men whose names are on them."

That is how America gets her art. Contracting firms get the contract and the honor. Statues are made by the work of the state in the country has not been done by the men whose names are on them.

Naval Tug Potomac Caught in Ice Floe.

CURLING, N. F., Feb. 19.—When the snow storm which has raged for five days along the west coast of Newfoundland passed today, shore observers at Park Harbor could not see the United States naval tug Potomac, which was last sighted in the ice. Its pilot office on Saturday before darkness shut in on Saturday. It was believed that the Potomac caught in the grip of the ice, had been carried out into the bay of St. Lawrence, and was waiting for the weather to clear and ahead to which the tug would be making an attempt to reach some harbor.

The Potomac made an unsuccessful effort Thursday to release some ice bound American fishing vessels at Bay of Islands and was forced to make for the open Gulf to avoid being impounded by the ice. Some anxiety for the tug and her crew is felt.

Kaiser's Sons Offend by Speeding Auto Too Fast.

BERLIN, Feb. 19.—The excessive speed of the automobile which the members of the imperial family were driven in Berlin and its vicinity, the great danger to pedestrians caused thereby, were the subject of complaints during a debate in the Prussian diet today.

A demand was made that the police enforce the city regulations without discrimination in several instances.

The daughters of the Emperor's sons, the daughters-in-law of the Emperor, also occasionally broke the regulations, it was said.

One of the deputies said it was common knowledge a year or two ago that the Emperor had threatened to deprive one of his sons of the next throne among members of the imperial family.

Rome Authorities Fear Baseball is a "Brutal Game."

ROME, Feb. 19.—The unfamiliarity of Italians with baseball was demonstrated today by the refusal of the authorities to permit a game between the New York team of the National League without first being convinced that it is not a "brutal game."

After the points of the game were explained the authorities still insisted that a net be erected within the stadium to protect the spectators. Even what promises were given that this precaution would be taken, permission was withheld until Wednesday at noon when a few innings will be played for the benefit of the authorities, who desire to judge for themselves what manner of game the American National pastime is.

Divers Say Steamer Will Be Total Loss.

NORFOLK, Va., Feb. 19.—Expert divers who have thoroughly examined the wreck of the Dominican steamer Monroe, sunk in collision with the Nantuxet, expressed the belief today that while the bodies of the 41 victims, as well as the cargo could be saved, the vessel would be a total loss.

They declared the reason none of the bodies have come to the surface or been rescued is that the terrific force of the collision jammed the timbers and doors of the starboard salons and state rooms.

Divers have found it impossible to open these doors even with the aid of heavy axes. They say explosives must be used to liberate the dead.

Examination of the exterior by the divers has disclosed that near the bridge on the starboard side, below the water line and extending through the hull to the keel, there is a ragged hole large enough to permit the passage of half a dozen men abreast.

TRESPASS NOTICES

NOTICE. I will prosecute anyone hunting with dogs or gun in the Reservoir Pasture north of town.

CHARLES SCHREINER.

Notice to Trespassers. Notice is hereby given that any person found dumping trash, old cans, or refuse of any kind on my lots at the mouth of Town Creek and also on lots below the crossing of the Guadalupe River and Turtle Creek road, will be prosecuted.

Mississippi River Packet Burns; 5 Drown.

NEW ORLEANS, La., Feb. 11.—Five persons are reported to have drowned Tuesday night when the Mississippi River packet Gem burned and sank at Hanksville. Landing about forty miles north of New Orleans. A long distance message at 2 o'clock Wednesday morning from Fred Ketchum, who said he was a mate on the Gem, was to the effect that the identity or the exact number of the drowned could not be ascertained at that time.

According to the message the fire started among a quantity of moss in the forward part of the vessel and spread so rapidly those aboard were forced to leap into the river. It was reported that several swam ashore.

The packet was the property of the Comeaux-Landry Packet Company, and with its cargo was valued at \$10,000.

Uses Milk to Quench Fire

JOHNSON CITY, Tex., Feb. 10.—The residence of J. S. Allmand, three miles east of here, caught on fire from a defective flue Sunday. There being no water handy Mr. Allmand seized a bucket of sweet milk and extinguished the fire before a great deal of damage was done.

The Best Cough Medicine. "I have used Chamberlain's Cough Remedy ever since I have been keeping house," says L. C. Hames, of Marbury, Ala. "I consider it one of the best remedies I ever used. My children have all taken it and it works like a charm. For colds and whooping cough it is excellent." For sale by all dealers.

SUNNY BROOK THE PURE FOOD WHISKEY. The Inspector Is Back Of Every Bottle. "Show me your friends and I will tell you who you are." is a saying old and true. No beverage ever had such a large circle of loyal friends as Sunny Brook—The Pure Food Whiskey. Its popularity is not limited to any particular section—Sunny Brook is a universal favorite everywhere. It is a safe, sane, satisfying stimulant, and this, combined with its exquisite flavor, rich mellowness, and high tonic properties, have earned for Sunny Brook its world-wide supremacy. Sunny Brook is bottled under the Green Government Stamp—unmistakable proof that it is straight, natural whiskey—100% U. S. Standard—besides Sunny Brook carries the guarantee of the Largest Distillers of Fine Old Whiskey in the World, that it is scientifically distilled, and aged, in the good, old, honest, Sunny Brook way. SUNNY BROOK is now bottled with our own patented "Finger" stoppers. One full screw or records the bottle tight. No Need for Cork Screws. LOOK FOR THE INSPECTOR ON THE LABEL. J. OPPENHEIMER & CO. The Season's Greetings!

Says Mulvaney: "There ye go now Mr. Tim Haney, makin' light av the ould custom of wishing people the season's greetings. Of course I'll admit that it is an ould custom, and that for more than nineteen centuries people have been doing that same thing. And by the same token I'd call your attention to the fact that min and Wimmin have been lovin' each other, an lovin' their childer, givin' their sympathy, and laugh'n for joy and weepin in sorrow, a great deal longer than they have been sayin' 'Merry Christmas and Happy New Year,' and please the Parint, they will keep on doin' these things, because it is good for the world and the people that are in it, and for those yet to come, that old things are honored and old customs are perpetuated. So, The Season's Greetings it is to everyone I meet, and may their Christmas be a merry one, and their New Year the best and happiest they have had yet."

Like Mr. Mulvaney, we believe in old customs and old-established things. It has long been our custom to give our friends greeting at this time of the year. We have just passed through a very successful and prosperous year. The people are in a prosperous condition, they have given us a liberal patronage throughout the year and we appreciate it. There is abundant promise of a good year in 1914, and we trust that the prosperity of the people of this section of Texas may be in keeping with the outlook. At the close of a year that has given us many pleasures, made us many new friends, as well as strengthened the ties between this house and a host of old, time-tried friends and patrons, we most cordially extend the Season's Greetings to all the people, and invite them to make themselves at home with us during the coming year, as they have in the year just passed.

Underwood Ends Tour.

WASHINGTON, D. C., Feb. 11.—Representative Underwood of Alabama, Democratic leader of the House has practically closed his campaign insofar as his own speaking tour is concerned.

The primary election at which Alabama voters will choose between Mr. Underwood and Representative Hubson will take place on April 6. Mr. Underwood does not intend to go south again before that time, but will remain in Washington at his post.

Gold Coast Project Promoted by Negro.

NEW YORK, Feb. 10.—A shipment of negroes, mostly farmers and their wives from Oklahoma, Texas and Mississippi, were expected from Galveston and the west, while it was said that 80 were coming from Boston.

The steamer in which the negroes expected to seek the gold coast was the Old Curitba, of the Munson Line, which formerly plied between New York and Cuba. An officer of the Munson Line said today that the Curitba was sold a short time ago to the Akim Trading Company of this city, in which Sam is supposed to be interested.

Sam, according to the colonists, represents himself to be an African chief. Reports of his activity have come from time to time from the South and Southwest and New York negroes were greatly stirred up today by conflicting reports regarding his project. Sam could not be found today.

The negroes on board were in the best of spirits and talked in glowing terms of the land where they would have their own government and their own religion.

In the absence of Sam, who, they said, was in Boston looking out for recruits, the party is under the leadership of A. Davis, an old negro Baptist clergyman. Davis told them that they are to form a new church in the promised land, to be called the "Church of God." Religion seemed to sway the party as much as their desire to better their worldly circumstances.

Horrible Blisters of Eczema

Quickly cured by Dr. Hobson's Eczema Ointment. C. P. Caldwell, of New Orleans, La., states: "My doctor advised me to try Dr. Hobson's Eczema Salve. I used three boxes of Ointment and three cakes of Dr. Hobson's Deima Zema Soap. Today I have not a spot anywhere on my body and can say I am cured. It will do the same for you. Its soothing, healing, anti-septic action will rid you of all skin blemishes, blackheads, pimples, Eczema blotches, red unsightly sores, and leaves your skin clean and healthy. Get a box today. Guaranteed. All druggists 50c or by mail. H. E. Bucklen & Co. Phila. or St. Louis."

DOWNWARD COURSE

Fast Being Realized By Kerrville People.

A little backache at first. Daily increasing till the back is stiff and weak.

Urinary disorders may quickly follow.

Dropsy and often Bright's disease. This frequently is the downward course of kidney ills.

Don't take this course, Kerrville residents should profit by the following experience.

F. A. Mader, San Antonio St., New Braunfels, Texas, says: "For a long time my back ached and I felt as if I wanted to sit down all the time. My head ached and my kidneys didn't do their work regularly. I had no ambition when I got up in the morning and didn't feel like doing anything. I finally got a box of Doan's Kidney Pills and had used them only a short time before I felt better. My kidneys became normal, the pain left and I gained in health and strength. I have had no sign of kidney trouble since. I was cured. I gladly repeat my former praise for Doan's Kidney Pills."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mader had. Foster-Milburn Co., Props., Buffalo, N. Y.

Leaves Money to Church.

EL PASO, Tex., Feb. 10.—Though worth \$100,000 according to his will filed today, Abraham Pogue died for lack of nourishing food and cut off his only sister from participating in his inheritance in order that he might will most of it to the church. A man of frugal habits, decedent lived at the ten and fifteen-cent lunch counters principally, and his death, doctors asserted, was due to lack of proper food. He had not been looking upon as possessing any wealth, but his will reveals an estate worth \$100,000. \$50,000 was willed to the First Presbyterian Church of El Paso and \$4,800 additional is bequeathed in small sums to various individuals including \$500 and two lots in San Diego to Mrs. Lillie Lee Allen of San Antonio, Texas. The rest of the estate is willed to Rev. George Limerick of Ballisborough, Ireland.

The original will provided for the payment of \$25 a month to a sister in South Wales, but a codicil revokes this.

Supreme Navy Favored.

LONDON, Feb. 9.—Unqualified and unanimous endorsement of the British policy of maintaining a "supreme navy" was voiced today at a great mass meeting of representative business men of the city of London. The meeting was held at the Guild Hall, under the presidency of the lord mayor.

The call for the meeting had been signed by about 1000 of the leading bankers, merchants and ship owners of all political creeds. The purpose was to assure the government that the citizens of London would cordially support it in any measures necessary to insure the supremacy of the navy and security of British commerce. Those present at the meeting represented several billions of capital.

How is Your Boiler?

It has been stated that a man's stomach is his boiler, his body is his engine and his mouth the fire box. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not able to supply the needed energy to your engine (body)? If you have any trouble with your stomach, Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by all dealers.

Compass Not Correct.

PHILADELPHIA, Pa., Feb. 11.—Captain Edward E. Johnson, commander of the Old Dominion liner Monroe, which was sunk off the Virginia coast by the Merchants & Miners Steamship Nantucket, testified today in the trial of Captain Berry of the Nantucket, that on the night of the disaster he was navigating his vessel with a steering compass that was not a true instrument.

There was a standard compass aboard the Monroe, he said, but he used the steering compass which showed an easterly deviation. When he was northwest by north, the deviation was about two degrees, but he admitted he did not know what the deviation was when his course was northeast by east. Captain Johnson said it was the custom of vessel masters in the coastwise trade to navigate ships with a steering compass.

An Antiseptic Wedding.

CINCINNATI, O., Feb. 11.—Not even seeing his bride, because she and he were swathed in antiseptic wrapping, as was the officiating rabbi, Milton Newman was married to Miss Theresa Peyster last Sunday night. It became known here today. Both are residents of Baltimore, where Miss Peyster was formerly a nurse in Johns Hopkins Hospital. The wedding date had been set for last Sunday at the home of a friend in this city, but last week Miss Peyster became ill with scarlet fever and was quarantined. Newman insisted that the wedding be carried out as planned and was given permission by the board of health.

A health officer and a nurse were the only witnesses. Rabbi Julian Morgenstern, the bride and groom and the witnesses were swathed from head to foot in the antiseptic wrappings and immediately after the ceremony the bride was taken to a hospital. Today she was said to be well on the road to recovery.

Senators Favor Roads.

WASHINGTON, D. C., Feb. 11.—The Shackelford good roads bill, authorizing the secretary of agriculture to spend \$25,000,000 annually for the maintenance of rural post roads in states which appropriate funds equal to the sums apportioned to them by the federal government, was before the Senate today with the possibility of early consideration. A large number of senators had declared their intention to speak on the bill when it is called up for consideration. It is not expected, however, that the measure will meet any serious opposition as there apparently is a decided sentiment in favor of its early disposition.

A Winter Cough.

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders of Cavendish, Vt., was threatened with consumption, after having pneumonia he writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c and \$1.00. At all druggists. H. E. Bucklen & Co. Phila. or St. Louis.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Write for Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special instructions on your case and 64-page book, "How to Treat for Women," sent in plain wrapper. 10c.

Stock Exchange Said to Have Obeyed Law.

WASHINGTON, D. C., Feb. 11.—Horace White, chairman of the Hughes Stock Exchange commission of 1909, testified before the Senate banking committee today at a hearing on the Owen bill to regulate stock exchanges, that the New York Stock Exchange had met the reforms suggested by the commission in a proper manner.

He declared present laws were sufficient to regulate conduct of exchanges and that in his opinion there had been great improvement in the practices during the last few years.

Senator Weeks objected to Samuel Untermyer cross-examining Mr. White, reserving that for members of the committee. Chairman Owen asked Mr. Untermyer to sit at the committee's table.

"I want to consult you from time to time," explained the senator.

Mr. White declared there had not been a corner on the New York Stock Exchange for 13 years and predicted none would be seen in the next thirteen.

The stock exchange, he said, had adopted all but four of the New York committee's recommendations. Rules for settlement in price corners, control of curb trading, penalties for false statements of financial condition and preserving of clearing house sheets for six years were those rejected, he said.

Castillo, the Bandit Captured on Ranch.

EL PASO, Tex., Feb. 10.—A dispatch to the Times from a staff correspondent at El Paso tonight carries the report that Mexico Castillo, the bandit held responsible for the Custer town disaster, and the remainder of his band have been captured.

The capture is said to have been made at Gabatin ranch, a few miles east of Pearson. The reports add that the prisoners will be taken to Casa Grande.

Primary Law Planned.

WASHINGTON, D. C., Feb. 10.—Preparations of a presidential primary bill as advocated by President Wilson will begin at once. Announcement to that effect was made today by Chairman Rucker of the House committee on election of president, vice president and representatives, before which committee the proposed legislation will be considered.

Representative Rucker has an engagement with the president tomorrow to discuss the subject and it is expected actual drafting of the primary measure will be under way almost immediately. Mr. Rucker and members of the committee have been conferring with Secretary Bryan and Solicitor Folk of the State Department to ascertain their views on the proposed legislation. Both indicated they favor the state primary law plan.

Strike Has Cost Half Million.

HOUSTON, Tex., Feb. 10.—D. M. Leddy, state treasurer of Colorado, was in Houston for a few hours tonight en route from Hempstead, where he has been for several days in Galveston and will then go to New Orleans for the Mardi Gras.

Chief Clerk to Remain For Indefinite Period.

PANAMA, Feb. 10.—Colonel Geo. W. Goethals, chairman of the Panama Canal commission, announced today that the suspension of W. F. Shipley from the position of chief clerk of the subsistence department of the canal zone would not become effective until Captain Frank O. Whitlock of the United States cavalry took complete charge of both of the subsistence and commissary departments.

John Burke, who was suspended yesterday by Colonel Goethals from the management of the commissary department, and Lieutenant Colonel Eugene T. Wilson, relieved from duty as chief of the subsistence department at his own request, will leave the canal zone on Thursday for the United States.

Lieutenant Colonel Wilson said today he soon would ask to be retired from the army. Mr. Burke maintains that he can prove his innocence before April 1, when his suspension ends, of the charges that he accepted gratuities in the purchase of supplies.

Lamar Stunt to be Barred.

WASHINGTON, Feb. 10.—Senator Cummins' bill to curb evils disclosed by the lobby investigation last summer was passed by the Senate today without debate. It would provide heavy penalties for impersonators of members of Congress or other Federal officials and overactive lobbyists.

The first section of the measure would make it a crime punishable by not more than five years imprisonment and not more than \$10,000 fine for any person to impersonate a member of Congress or of the United States in communications across State lines.

Under the second section it would be a crime, punishable by not more than \$5,000 fine, for any person to state falsely in any communication, public or private, that he has influence or has bought influence to bear on any member of Congress, or officer of the United States concerning law making or the execution of laws, other than lawful influence of right reason and justice.

The third would make it a crime punishable by imprisonment for not more than 19 years or by a fine of not more than \$10,000 for any person to attempt to bring to bear the influence designated in the second paragraph.

When the bill was called up, Senator Overman said perhaps most of the Senators would recognize the bill as arising out of the testimony of David H. Lamar. There was no further discussion.

Lamar testified before the lobby committee that he had impersonated Representative A. Mitchell Palmer of Pennsylvania, and that he had talked with members of Congress about the passage of the resolution for an investigation of the "Steel Trust." Lamar was indicted under the New York State law. He now is in Washington resisting removal to New York.

To Use Candy in Campaign.

CHICAGO, Feb. 10.—Candy has appeared as a rival of campaign cigars and coffee wagons will vie with the saloon as vote-getters in Chicago's adroamic campaign, which will close the April election.

Thomas H. Donoghue, candidate for alderman of the Twenty-eighth Ward, distributed more than 1000 boxes of sweets to the women who attended a political meeting at which he was the speaker last night.

Miss Marion R. Drake, candidate for alderman "Bath House" John" Coughlin, announced today that she would employ coffee wagons in her campaign. Free coffee and rolls will be distributed from the wagons during the cold weather.

The First Ward includes a portion of the business section and what was formerly the segregated district.

Wireless Messages Sent Across Ocean.

NEW YORK, Feb. 12.—Wireless press messages between Germany and the United States were exchanged for the first time early today by means of the Sayville, Long Island, station of the Atlantic Communication Company. On the invitation of the company, practically all of the New York newspapers and the Associated Press sent messages of greeting to the Berlin newspapers. The Wolf's bureau, Germany's leading

news association, the emperor, James W. Gerard, the American ambassador, and the mayor of Berlin.

Several replies were received among them one from Mr. Gerard which read:

"The more Germany and America know each other, the greater will be their friendship. The great achievement in wireless communication will immeasurably help to promote knowledge and friendship."

A reply from Mayor Warian of Berlin contained greetings for Major Mitchell of New York. Answers were received from some of the Berlin newspapers.

The Sayville station, which sent the messages, is about 4000 miles from the Nauen station, 25 miles from Berlin, which picked them up and sent replies. Conditions for wireless transmission were perfect today, according to the experts who handled the messages, so that little difficulty was experienced in reading the replies sent from Nauen.

Temporary method Provided For Election of U. S. Senators.

WASHINGTON, D. C., Feb. 11.—Without a roll call, the Senate late today passed a bill to provide a temporary method for the nomination and election of Senators in States that have not legislated to carry the seventeenth constitutional amendment for the election of Senators.

An amendment to make the measure apply only to elections was defeated, 37 to 14.

The law would be effective only until the various States provide their own machinery for nominating and electing Senators. When no such methods are provided the bill would make the State laws for nominating and electing State officers applicable to Senators.

The only fight against the measure came from Southern Senators, who contended that the Federal government had no constitutional right to intrude into such local matters as the nomination of candidates. Senator Fall of New Mexico was the only Republican to vote in favor of limiting the bill to elections.

Indiana Captures Corn Show Prize.

DALLAS, Tex., Feb. 11.—The second day of the National Live Stock and Exposition, the sixth event of the kind held in America, saw an increased attendance Wednesday and, despite the inclement weather of the early afternoon and night, several thousand persons visited the grounds. Wednesday was dairyman's day and livestock was the feature.

Thursday will be Dallas day and it is expected there will be a big attendance. In some circles it will be a holiday.

The big feature of the exposition is the agricultural products of thirty-seven states. Indiana today took the prize in the corn exhibit.

Another big feature which is proving a drawing card is the aviation meet. Among the aviators are DeKor, Worden, Baldwin and Miss Katherine Stinson.

Public Execution is Proposed.

JUAREZ, Mex., Feb. 10.—In the absence of official dispatches, General Francisco Villa tonight said he hoped the newspaper report of the capture of the bandit, Castillo, was correct. If it proved true, he said, he would bring the prisoners to Juarez and have them publicly executed.

"Every American and Mexican will be invited to attend the execution," he said. "I feel a great responsibility because I had given Americans my promise that they would be protected. Having failed in this particular instance I want to vindicate myself by wiping out the bandits who slaughtered innocent persons."

Up to midnight General Villa had received no official notification of the capture of Castillo and his fellow bandits.

Chihuahua Banks in Hands of Government.

CHIHUAHUA, February 11.—Local banks which discontinued business several months ago as a result of chaotic conditions are taken over by the State Government in a decree issued by Governor Chao today. The decree is in accordance with the ultimatum of Venustiano Carranza, head of the rebel Government, who named February 10 as the limit of the period in which banks might reopen as private institutions.

It is probable that the banks will be consolidated into one receivership

Will You Believe Your Own Eyes?

Don't take our word for it. Come in and see the new Spring CURLEE PANTS. Judge their quality, their master tailoring, their attractiveness—then ask yourself if you've ever had such pants offered you at CURLEE prices.

We will let you decide 'cause we know that, if you will believe your own eyes you will say, as thousands of others have said, "CURLEE PANTS are the biggest values on earth."

CURLEE PANTS are modeled on lines which assure a perfect fit. The Spring styles now on display include the popular English effects, as well as medium and full peg designs.

The Very Same Price
\$2.50 \$3.50 \$5.00
All Over the World
 R. B. Knox W. G. Carpenter
KERRVILLE MERCANTILE CO.

And operated by the receivers. The banks named in the decree are Banco Miato, Banco de Sonora and Banco Commercial y Refraccionario.

Early in the revolution the banks were embarrassed by forced loans but these were a trivial burden compared to the decree which declined to recognize Mexican money in rebel territory.

The banks had no option but to close.

It is assumed that when the banks are reorganized under the receivership they will be used to circulate the new rebel money, some of it in coin being minted here and several millions being engraved in the United States.

50 Families Driven Into Cold by Fire.

NEW YORK, Feb. 12.—With the thermometer within a few degrees of the zero point, 50 families were driven into the streets early today by a fire that burned out one floor of a five-story apartment building in East 40th street and for several blocks on 16th street. Thousands of the poor neighbors collected clothing for the lodging houses. Cold throughout the day was predicted.

THE NEW YEAR

Begins most auspiciously for all lines of business. The country is in a prosperous condition, a wonderful season is in the ground from the rains that have fallen during late months of 1913. No loss has resulted to the people of this section on account of floods, and there is every indication now that 1914 will be a record year for the Hill Country of Southwest Texas in point of business activity.

When a country is prosperous the first evidences of that prosperity is building. Man is a creature of impulses, and no matter how widely he may differ from his neighbor in all other things the impulse to build, to create, to make a beautiful home, to make it comfortable, and substantial is common property to all mankind. If your business prospers in 1914 you are going to build something. You may already have a magnificent home, but you will build something more, or will at least improve and repair a little.

We want you to give us an opportunity to add to your material prosperity by saving you a considerable amount of money on your lumber purchases during the next year. We have demonstrated our ability to do this, and we cordially invite you to make this yard your lumber-buying headquarters.

Two year-old wolf hounds for sale. Apply at this office. If-4
H. P. Burney and wife of San Antonio are in Kerrville this week, having been called here on account of the illness of Mr. Burney's mother, Mrs. R. H. Burney, who has a serious case of pneumonia with serious complications. Mr. Burney, another son, who has been attending the State university, arrived at home Wednesday. Mrs. Burney's brother, Henry Prall of Palestine camp in Wednesday also.
For Sale.
For sale at a bargain, 10 shares of stock in West Texas Supply Co. 11-7. A. E. Strackbein.
H. Wiedenfeld of Cypress Creek was here this week.

Commissioners' Court.
The regular February term of the Kerr County Commissioners' Court convened Monday. Several minor road matters were attended to and Henry Schwabheim of the Wolf Creek community was appointed, as Sheep Inspector for this county at a salary of \$300.00 per year. Scab is prevalent among the flocks of a few of the sheep raisers of this territory and this county proposes to prevent its spreading out, as scab among the sheep will materially decrease the price of wool.
On account of the illness of County Judge Lee Wallace, the court adjourned Tuesday to reconvene Monday morning.
Kerrville Masons Meet.
Kerrville Chapter 865, R. A. M., held afternoon and night meetings this week from Monday until Thursday inclusive. C. E. Poole, State Lecturer, has been conducting the work, and the degree of Royal Arch Mason was conferred upon Roger Henschel and J. P. Freeman of Kerrville and E. O. Hartshorn and Richard Spore of Center Point.

Japonica Notes.

Mr. Isaac Conn has been quite ill at his home here but is now much improved we are glad to say. Dr. Fowler of Ingram attended the case.
Mrs. N. Benson has returned to the home of her son, George Benson, after an extended visit in San Antonio.
Misses Pearl, Eva and Nellie Furr and Roy Cantrell visited at the home of Mr. Cantrell in Ingram, and attended church at the upper Guadalupe church.
Little Odessa May Conn and Henry Davis have been sick for some time, though they are getting along nicely now.
Mrs. Sing Conn and Miss Sally Davis went to see their father Wednesday at the Jack Merritt ranch.
Messrs. Will Morgan, and Frank McKinney of Ford ranch were in Kerrville on business last week.
Mr. John Davis and daughter, Miss Oona, spent several days in town last week.
Rev. Guy Ashley held services in the school house several weeks ago. A number from his congregation, the Christian church, came up with him. Mr. and Mrs. Crit Furr accompanied by their brother, James Furr, and their son Arthur are visiting at the home of their daughter, Mrs. Mark Cantwell of Ingram.

CASH CLEARING SALE

Under The Hammer

We are not making an effort to crowd the season, but the time for selling winter goods is drawing toward a close. We know there will be a lot more cold weather, and we are going to give our customers the advantage of getting good, warm, serviceable clothing at very low prices. We are making

Sweeping Reductions for Cash

on all winter goods, including dry goods, shoes, blankets, quilts, heavy underwear, and all the things that are made for winter use exclusively. An especial reduction will be made in shoes on account of the fact that our big stock of spring shoes was shipped ahead of time, and are now in the warehouse. We must make room for these and a lot of other spring goods that have already come in, hence a reduced price sale in these lines. This sale will mean a great deal to those who have an income of less than \$3,000, and there are a great many of us; while to those who have a greater income and must pay the tax, this big reduction in the price of the things you need will help you to pay it. This is a real money saving sale, and we invite all the people to share in the big saving.

Mosel, Saenger & Co

Distance Flight Mark in Balloon Was Broken.

BERLIN, February 11.—Reports received here from Perm, Russia, say that three foreign balloonists landed today near Khazmo-Limok, a town 170 miles southeast of Perm. The balloonists were from Berlin and his two companions of Berlin who ascended at Pitzersfeld, Prussian Saxony at the beginning of the present week with the intention of establishing a distance and duration record by spherical balloons.

Dr. Kern apparently succeeded in joining some miles higher than did Herr Kevler, who with two passengers in the German balloon Daireburg made a flight in December last from Pitzersfeld to Perm, a distance of 1728 miles. Herr Kevler took 400 days to accomplish the journey, but it developed later that the balloon had made an intermediate landing.

The previous world's distance record for spherical balloons was held by Rene Rumpelmayer, who in March, 1912, traveled from Paris to a point near Kharkoff, European Russia, a distance of 1492 miles.

Disaster to be Probed.

HANCOCK, Mich., Feb. 12.—Members of the congressional committee who are making an investigation of the Michigan copper mine strike, have decided to go to Calumet to inquire into the Italian Hall disaster, which resulted in the death of more than seventy persons on Christmas Eve. According to an announcement, the investigation will be made as relating to the subsequent deportation of Charles H. Sawyer, president of the Western Federation of Miners, from this city. Chairman Taylor said today the trip to Calumet and the inspection of the mines probably would not be made until the arrival of the two absent members of the committee.

At the investigation today Mr. Hilton, counsel for the striking mine workers, read into the record a number of pay slips for the avowed purpose of proving a "system at once unfair and oppressive."

It appeared from the slips that the mining companies were accustomed to take out of the employees' pay the amount owed the storekeeper, sometimes leaving nothing. A. F. Rees, for the operators, said that the inference that the companies ran or controlled the stores was untrue.

New Jewish Bible.

NEW YORK, Feb. 11.—The first translation of the Bible from the original Hebrew, the completion of which was celebrated last night, marks the beginning of other translations into English, which speakers declared was the intention of the committee in charge of the work. Dr. Solomon Schochter, president of the Jewish Theological Seminary, said that it is very important that Jews begin in the near future the work of translating a commentary in which he stated Christian scholarship preceded them.

The new Bible represents a compromise between the so-called conservative and progressive branches of Judaism. The diction and phraseology of the King James version are used. Many of the books of the Old Testament appear in an order different from that followed in the Christian Bibles. Daniel, for instance, is placed in the apocalyptic section instead of among the prophets.

LOCAL AND PERSONAL
Items of Interest Gathered Here and There.

Hayes Wharton was in town Tuesday from the ranch.

Special candy sale every Saturday at Pampell's.

New spring style in ladies' collars and fancy neckwear await your approval at our store.

CHAS. SCHREINER CO.

Mrs. W. P. Dickey left Monday for a visit to friends in Dallas.

A very handsome line of vanities, beads, and other novelties, comprising the new jeweled hairpins. Spring stock just in.

CHAS. SCHREINER CO.

James Spicer Sr. of Turtle Creek was in town Tuesday.

We have a very attractive line of new style bags and coin purses for the misses and ladies. Latest patterns in all stylish materials.

CHAS. SCHREINER CO.

C. S. Childs of Ingram was here Monday after mill supplies.

Begin the New Year right—Buy your groceries from us and be happy all the year.

HEIMANN & GRONA.

Oscar Strohaecker of Turtle Creek was a business visitor in town Tuesday.

We want cedar: Logs, poles, piling, blocks, and will pay the highest market price.

MOSEL, SAENGER & CO.

J. L. Rosson of San Marcos spent several days this week with his sister, Mrs. J. E. Roebuck.

Bruce Magee visited his uncle, Chas. Vann, at the ranch Saturday and Sunday.

The best and freshest groceries and the best and quickest service.

HEIMANN & GRONA.

A. M. Lamb of the Turtle Creek community was attending to business in town Monday.

FURNISHED ROOMS—For light housekeeping. Apply at this office.

MAPS

Mr. and Mrs. Chas. Vann who had been visiting in town several days, returned to the ranch Thursday.

WANTED—Domesticated wild turkeys. Address with price.

P. O. Box 632, San Antonio, Tex.

Mrs. Elizabeth Roebuck of Pine Bluff, Ark., arrived in Kerrville Monday on account of the illness of her son, J. E. Roebuck.

You'll be pleased with the way we handle your grocery business.

HEIMANN & GRONA.

Capt. Henry Schwethelm spent several days in town the first of the week from his home on Wolf creek. There is a little time between now and the spring planting time that can very well be devoted to fixing up the home. We have the lumber and materials, and can supply just the kind of material you want.

BEITEL LUMBER CO.

E. O. Hartshorne and Dick Swazey were here from Center Point Tuesday attending a meeting of the Royal Arch Masons. They made the trip in Mr. Hartshorne's auto.

Just as soon as one is finished another is begun. Keeping everlastingly at it makes success. You will succeed insuring the best groceries for 1914 if you keep everlastingly at the matter of buying from us.

HEIMANN & GRONA.

Birthday Party.

Little Miss Alice Moore celebrated her eighth birthday last Saturday afternoon at the home of her parents, Mr. and Mrs. J. T. Moore. A happy crowd of her little playmates were present in honor of the occasion and the little lady was the recipient of many pleasing gifts. Games of all kinds were played and delicious ice cream and three kinds of cake were served. The most enjoyable feature of the afternoon's fun was the cutting of the birthday cake with its eight tiny candles.

Cows For Sale.

I have a hundred high grade cows for sale at a reasonable price.

Phone 154 Red. R. HOLDSWORTH
Kerrville, Texas.

Mr. and Mrs. George Haby were in town Monday en route their ranch on the divide from a visit of several days to Mrs. Haby's mother at Camp Verde.

Bull For Sale.

Five-year-old Poll Durham, very fine, gentle, animal and his calves show true to strain. \$50 cash.

GEO. WILLIAMS,
Kerrville, Texas.

"Candyman Bill" Pampell left Tuesday for Austin, Waco and Drenham, where he will visit relatives and friends for several weeks.

WANTED—Good clean rags. Will pay 2 1/2¢ per pound. Apply at this office.

E. H. Leiber was down from his ranch on the divide for several days this week visiting his family.

FOR SALE—One registered Duroc Jersey boar. Ten months old.

CHARLES RAWSON.

T. S. Baldwin of Ingram was in town Tuesday.

J. E. Palmer will put his buggies in a test with all comers. He bars none. He is selling the goods too. (Adv.)

Mrs. L. Thalman came over from her home near Bandera Tuesday to attend the Millennial Dawn meeting and to visit her daughters, Misses Amy and Winifred.

WANTED—At Ingram between now and April 1st, 5,000 armadillo shells, either green or cured. Will pay best prices.

J. D. JOHNS.

G. M. Doyle, who left here before Christmas on a combined business and pleasure trip to Junction, returned home Tuesday.

Red Seal and Everett Classics are the royal names in the gingham world. There are none better made. We have already received our big spring shipment of these goods, and await your inspection of them.

CHAS. SCHREINER CO.

Capt. Chas. Schreiner returned to San Antonio Saturday after spending several days at home.

They say there are trees in California big enough for people to live in comfortably. We have no doubt that is true, but who wants to live in a tree, when he can buy lumber and build a house that is so much more convenient. Let us figure on your lumber bill.

BEITEL LUMBER CO.

Mrs. Harriett Chipman of Bandera spent several days with her mother, Mrs. Ann Hamilton, on her return from Rock Springs, where she had been to attend the funeral of her brother, Emmett Hamilton.

About as good a way as you can begin the new year is by adding a little more to your house. This is a world of progress, and if you don't go forward a little you are apt to go backward. We handle every kind of lumber and building material, and the fact that we are still in business after 25 years is evidence that we deliver the goods just as represented.

BEITEL LUMBER CO.

A. J. Gibbens, who has charge of the work on the Kerrville-Medina road, was in town Tuesday, and stated that the road had been graveled to the mouth of Campmeeting Creek, and that the work was progressing nicely.

DR. A. F. THIGPEN, DENTIST
Telephone 157
Office over R. S. Newman's Store
Kerrville, Texas.

Miss Minnie McCurdy returned Monday from Dallas, where she had been to buy her spring stock of millinery.

Now just think about how much pleasure it would give the family to have a little more room in the house. And then there is that gallery floor that needs fixing, the good woman of the house has stumbled over those loose boards a thousand times, and you have told her almost as often that you would get some lumber and have it fixed. Come on in and get it. We have the lumber, and this is a good time of the year to do the work.

BEITEL LUMBER CO.

Miss Lydia De Woody, who had been visiting relatives at Dilley since Christmas, returned to Kerrville Monday.

The red birds are whistling and pretty soon it will be warm, sunny spring days when light-weight clothing will feel comfortable and filmy flounces will look pleasing. We have already received a very complete line of spring goods, including laces, embroideries, nets, edgings, flouncing and all-overs. These goods are the very latest word in style and quality.

CHAS. SCHREINER CO.

Senator Julius Real returned Tuesday from a short visit in San Antonio.

You can get just fifty cents worth for four bits—if you are careful about how you spend it. When you get first class goods they cost more, but they are cheapest. We have no lumber that we have to paint with a pretty line of talk in order to make it stick. We handle good honest stuff that is just as represented, and is worth all we ask for it.

BEITEL LUMBER CO.

Card of Thanks.

Rev. S. J. Drake and wife wish to thank their many friends for the kindness and sympathy shown them in so many ways, during his recent illness, and to assure them that their kindness will not be forgotten.

Wanted

Everyone to eat and enjoy the high-grade Groceries we sell.

C. C. BUTT CASH GROCERY.

Mrs. Daisy Kent returned from Dallas this week. While there she bought a complete line of spring and summer millinery.

NOTICE—I have put up a stray male hog; black and white-spotted; no marks; about 50 pounds weight. Owner can have same by paying damages, cost of up-keep and cost of ad.

J. J. SUBLETT.

Our line of general merchandise is equal in quality to any in the city. We are beginning the new year that way, and shall keep it up all the year. We invite you to begin the new year by trading with us, and you will have a Happy New Year.

HEIMANN & GRONA.

Misses Amanda, Emma and Hilda Reel of Turtle Creek were shopping in town Wednesday.

We Sell Coal.

Have just received a car of washed Egg Coal, for domestic use, and can save you money on your fuel bill.

T. HOLDSWORTH.

Miss Della Kotzbe, who had been visiting relatives in Waco for several months, returned home yesterday.

For Sale.

Indian Runner Duck eggs. \$1.00 per setting of 14 eggs.

MRS. A. ENDERLE.

Bishop of London Offends by Report on Forcible Feeding

LONDON, Feb. 9.—Another surprise-visit to Holloway jail to investigate the conditions under which two militant suffragists, Miss Kitty Marion and Miss Phyllis Brady, are incarcerated there was made today by the Bishop of London in response to a request from the Women's Social and Political Union, the militant organization.

Miss Kitty Marion is serving a sentence of three years' penal servitude for arson and Miss Phyllis Brady is awaiting trial on a similar charge.

The bishop in his report says: "Miss Marion feels much aggrieved at being forcibly fed instead of being released under the 'cat and mouse' act. As a protest against her continued imprisonment she always gives four or five shouts or screams when subjected to the operation but she does not look ill as a result."

Miss Brady told the bishop she hated forcible feeding, but that it did not make her sick. She thought, however, it gave her indigestion.

Both women refused to promise to refrain from militancy in case they were released.

"I cannot conclude," writes the bishop, "without telling you that in my opinion you are pursuing a wrong policy if you wish to win educated and thinking men and women to your cause."

Mrs. Dacre-Fox, who presided at a meeting of the Women's Social and Political Union tonight, referred to the Bishop of London's visit to Holloway jail and said:

"The bishop is acting as an ally of the government and has written another white-washing letter."

Permit Granted Women.

WASHINGTON, D. C., Feb. 10.—Suffrage supporters here were active today in preparation for the demonstration on May 9, following the granting of a police permit for the use of certain streets on that occasion.

The Congressional Union for Women's Suffrage, under whose auspices the army of women will march down Pennsylvania avenue from the White House to the capitol, demonstrating for their rights, today received encouraging reports from its field agents sent out to assist in the preparation for the state demonstration to be held throughout the country, May 2. They report that practically every state visited will be represented in the big demonstration to be held here a week later.

Mrs. M. E. Brooks left Washington today for Virginia, North and South Carolina, Georgia, Florida, Alabama and Tennessee to assist in the arrangements for the pageants in those states.

CATHOLIC CHURCH NOTES
BY FATHER KEMPER

A memorable and frolicsome time is promised to the people of Kerrville for the eve of George Washington's birthday, Saturday 21st, because several of the ladies and gentlemen of St. Mary's parish have prepared to exhibit their high-class vaudeville in Washington Hall, for the benefit of Notre Dame Institute. Tickets at very nominal price will be on sale from the first part of the week, and all citizens truly desirous of furthering our civic enterprises will be given an opportunity to prove the depth and breadth of their interests. A more detailed program of this surprise entertainment will be published next week.

The Notre-Dame parents celebrate Abraham Lincoln's birthday anniversary very patriotically in honor of this greatest of our martyred Presidents.

Last Thursday the altar boys had their usual business meeting, and framed certain wise regulations respecting their new annex now being completed at St. Mary's Church.

During the last six days we had the pleasure and honor of having for our guest the Rev. Juno B. O'Leary of St. Mary's Seminary, La Porte, Texas. Father O'Leary had been a prominent school superintendent in Michigan for eight years previous to commencing his studies for the sacred priesthood. Among his present duties is that of inspector of all Catholic educational institutions in the diocese of Galveston. Wednesday evening he left for San Antonio, but hopes to return here soon and favor us with a more prolonged visit.

The Janitor's House is now the scene of a happy family reunion, for Mrs. Thomas Clark is enjoying the company of her sisters, Mrs. George Dempsey of Niagara Falls, and Mrs. Wm. Sales with her children, Helen and Edward of Buffalo.

Mr. Robert L. Fitzsimon, the genial auditor of the Sap Railroad, and a faithful participant in our services, was slated over the acquisition of a beautiful baby girl to his family, last Thursday.

Mr. and Mrs. John Wirth of Chicago, who had been spending the winter in Kerrville, left on Monday to proceed toward their northern home.

Frank Reisher of the Harper community called on Wednesday as representative of a farmers' delegation, in order to aid the interests of his settlement.

Last Sunday Father Kemper was the guest of the Comfort editor, Mr. V. J. Adams, who is at present entertaining his aged parents. After the morning services, during which the day's Gospel was lucidly explained, five persons were received for baptism and admitted into the Catholic fold.

Bandit Lopez Believed to Have Made Good Escape.

BINGHAM, Utah, Feb. 9.—Identification of a rifle found beneath a trestle near the Utah Apex mine as the weapon of Rafael Lopez took into the mine with him the night of November 26 has convinced local authorities that the bandit escaped soon after he killed J. Douglas Hulse and Tom Maudrich, and virtually has removed all doubt that Lopez has succeeded in evading the officers.

The rifle was found almost a month ago by J. Hinbaugh, a brakeman, and close to it was a revolver holster and a belt partially filled with cartridges. Hinbaugh took the rifle to Salt Lake City without reporting its discovery. Returning to Bingham yesterday, he informed the officers and the weapon was identified through a private mark by Mike Stefano, who gave Lopez the rifle.

Ownership of the holster and cartridge belt has not been disclosed. Hinbaugh says the articles bore the appearance of having been exposed several days when found.

The police now believe Lopez walked down the canyon with the rifle concealed under an overcoat, concealed the rifle and returned to Garfield on an ore train. Garfield is on two main lines of railroad and, according to local theories, Lopez escaped from the country on one of the lines.

Methodist Minister Recommends Chamberlain's Cough Remedy.

REV. James A. Lewis, Milaca, Minn., writes: "Chamberlain's Cough Remedy has been a needed and welcome guest in our home for a number of years. I highly recommend it to my fellows as being a medicine worthy of trial in cases of colds, coughs and croup." Give Chamberlain's Cough Remedy a trial and you are confident you will find it very effectual and continue to use it as occasion requires for years to come, as many others have done. For sale by all dealers.

Women Sent to Prison.

LONDON, Feb. 11.—Seven suffragettes were sentenced in police court today to six months for "obstruction and assault" in connection with police attempts last night to arrest Mrs. Emmeline Pankhurst. The women informed the magistrate that their demonstration was a protest against the exclusion of the question of votes for women from the king's speech at the opening of Parliament.

There were no leaders among the prisoners. The women declined to furnish sureties to keep the peace for six months.

The King of all Laxatives.

For constipation, use Dr. King's New Life Pills. Paul Mathuika, of Buffalo, N. Y., says they are the "king of all laxatives. They are a blessing to all my family and I always keep a box at home." ¶ We handle Superior Grain Drills, Springfield Wagons, Studebaker Hacks and Buggies, Moline and Avery Disc Plows

¶ We Carry a Complete Line of GENERAL MERCHANDISE, DRY GOODS, CLOTHING, GROCERIES, HATS, SHOES, Etc.

¶ You probably trade at our store—most people in this section do—if you are not a customer we would like to have you become one.

THE HOUSE OF QUALITY Chas. Schreiner Company

Missourian Who Died in San Antonio Leaves Fortune to Schools.

PARIS, Mo., Feb. 2.—Monroe County schools will get the greater part of the fortune of Temple R. Robinson, brother of former Supreme Judge Walter Robinson of Joplin and a lifelong citizen of Paris, who died while on a visit in San Antonio last week.

The will was filed today, and aside from a single bequest of the family home in Paris which goes to Mrs. R. N. Bodine, sister of the dead man, during her life, an estate valued at \$40,000 is bequeathed to the State, county and township school funds, one-third to each. The City of Paris gets the family home at Mrs. Bodine's death, and a valuable piece of real estate adjoining Walnut Grove cemetery, the community burying ground. Collateral heirs, of whom there are many, are cut out entirely.

Mr. Robinson was 74 years old and a disciple of Emerson and Thoreau, being in his younger years a frequent visitor to Concord and Brook Farm, where he met most of the New England notables, including Alcott. Later in life he became a philosopher, Socialist and single taxer, and in the preamble to his will sets out his convictions as to private property, rights and those of inherited wealth as the reason for his action.

"Believing as I do," the will reads, "I must in the only way possible restore to society what I have wrongfully taken from it, no individual having the right to more wealth than he can use for his individual needs."

Feel Miserable?

Out of sorts, depressed, pain in the back—Electric Bitters renews your health and strength. A guaranteed Liver and Kidney Remedy. Money back if not satisfied. It completely cured Robert Madsen, of West Burlington, Iowa, who suffered from virulent liver trouble for eight months. After four doctors gave him up, he took Electric Bitters and is now a well man. Get a bottle today; it will do the same for you. Keep in the house for all liver and kidney complaints. Perfectly safe and dependable. Its results will surprise you. 50c and \$1.00.

H. E. Bucklen & Co. Phila. or St. Louis

Gates Heirs Will Pay Minnesota \$82,538 Inheritance Tax.

MINNEAPOLIS, Minn., Feb. 2.—The will of the late Charles Gates will be probated in Texas, but the heirs will pay the State of Minnesota inheritance taxes on \$2,750,000 amounting to \$82,538. An agreement to this effect between W. J. Stevenson, representing the Minnesota Attorney General's office, and A. L. Humes of New York, and Frank L. Coverston of this city, attorneys for Mr. Gates' heirs, was ratified late today by Judge John A. Dahl in the Hennepin County Probate Court.

The agreement was reached under the claim of the Minnesota officials that Mr. Gates was a legal resident of this State at the time of his death. Evidence, however, was introduced to prove that the dead millionaire had always resided in Jefferson County, Texas, as his home.

A poll tax receipt paid in Texas, in 1912, a power of Attorney issued to a resident of Port Arthur, Tex., authorizing the payment of his 1913 poll tax and two deeds executed shortly before Mr. Gates' death in Wyoming where his death occurred, were introduced to prove that he considered himself a resident of Texas.

Mrs. Dellos R. Gates, mother of Mr. Gates, was named as executrix. The State of Texas was not represented at the hearing. Attorneys Humes and Coverston declared the agreement was sanctioned by the heirs to prevent a legal battle with the State.

Women Study Economics.

AUSTIN, Tex., Feb. 10.—Over 3,000 Texas women registered on the first day for the second annual Home Economics week which is now being held under the auspices of the University of Texas. This is a great increase over last year, only 35 being registered for the first meeting. Nearly every section of the state is represented, some of the most prominent clubwomen in the state being present. Sixteen domestic science teachers, representing high schools of the state are here. Three cities, including Galveston and San Antonio, gave their domestic science teachers a week's leave of absence for attendance at the meeting. Five teachers are here from San Antonio.

Underwood Defends Railway. For Alaska.

WASHINGTON, D. C., Feb. 11.—Detailed consideration of the Alaska railway bill was begun today in the House. In the hope of expediting its progress and eliminating delays in disagreements with the Senate, the Chamberlain bill, which already has passed the Senate, was considered as a substitute for the House bill. The measure was not without opposition, however.

Democratic Leader Underwood was forced to defend the bill against a general attack from the Democratic side. Representatives Burnett of Alabama; Hensley of Missouri; Calloway of Texas, and Hardwick of Georgia, led the assault.

"The suggestion that this bill contains the germ of socialism," Mr. Underwood said, "takes me back 12 years to the time when we were debating the first irrigation bill in this House. The same cry was raised then, but no one today will contend that the government's irrigation policy has been a failure."

Under a fire of questions, Representative Underwood declared he would not favor government construction of railroads in continental United States because, he declared it was not necessary to make Alaska an asset "instead of a liability."

Liner Unable to Dock.

PLYMOUTH, England, Feb. 11.—The storm-tossed passengers on board the battered Olympic, who had been eagerly anticipating relief from the miseries of their voyage from New York when they reached here today, had to go on to Southampton. Fierceness of the gale prevented landing either passengers or mails. This was the first time in many years that such a thing had happened here to a liner from America. Police were waiting here to board the Olympic in connection, it is believed, with reports of a gambling dispute during the voyage.

Don't You Believe it.

Some say that chronic constipation cannot be cured. Don't you believe it. Chamberlain's Tablets have cured others—why not you? Give them a trial. They cost only a quarter. For sale by all dealers.

Miners Demand an Increase in Wages.

PHILADELPHIA, Pa., Feb. 11.—With the preliminaries of organization out of the way, operators and miners of the central bituminous coal competitive field today began the real work of trying to arrange a new wage scale to take the place of the present agreement which expires on April 1.

While the joint conference has to do with the scale to be fixed in Western Pennsylvania, Ohio, Indiana and Illinois, the result of the negotiations will have an important bearing upon the new scale to be arranged in other states.

The miners plan to present to the joint conference today their list of demands as approved by the international convention of the miners' union at Indianapolis last week. The demands provide, among other things, an increase of five cents a ton on the mine run basis, a 10 per cent increase on all dead work and Saturday half holiday.

The operators, prior to today's session, reiterated that they will reject the demand of the men for a wage increase. Conditions in the bituminous fields, they said, do not warrant any advance.
