COMMERCIAL CLUB ON BETTER BUSINESS BASIS

Budget Plan Adopted. With Paid Secretary to Keep "Open House" at All Times.

That was some good meeting of the Kerrville Commercial Club at the Court House to-day. As the secretary's minutes published elsewhere in these columns, give the details, we will not recount here the proceedings, but hope our readers will read Mr. Ferguson's account of same and catch the spirit of the occasion.

The old plan of trying to get by on voluntary work has been tried for months, and though Secretary Ferguson has done his duty faithfully under the circumstances, his private affairs of course suffered at the hand of the club's work. The experiment pointed conclusively to the necessity for having a man on the job, so to speak, whose work for the club would be primary rather than "on the side."

Of course, to do this a man must be paid for his time. Hence the change in plans. It was estimated that a budget of \$2,400 a year would be sufficient, and the necessary \$1,600 for the remainder of this year was very promptly provided. That's the Kerrville Way.

But listen, Mr. Citizen and Mrs. Citizen. The officers of the club can't do the whole thing alone, even with a paid secretary. They will need the constant and generous co-operation of the people. They can plan, but the people must help carry the plans into execution. They can lead, but they must have followers.

Can they count on YOU?
—K.M.S.

AMERICAN DAY PROCLAIMED ON MAY 1 BY GOVERNOR HOBBY

Austin, Tex., April 24.—Governor Hobby today issued a proclamation, designating Saturday, May 1, as "American Day." It is as follows:

"A movement has been organized by the National Security League and incorporated by the American Legion to observe the first day of May as American Day. To be observed throughout the United States as an occasion for a patriotic expression by citizens. This date has been selected because during recent years unpatriotic persons or aliens of our population, not educated up to the standards of American ideals and not included in the citizenship of the country, have created disturbances and given expression upon this particular day to sentiments which those who are patriotic feel should not be allowed expression under the flag of a Nation which gives them protection and grants to them the rights of owning property and living in peace and prosperity, and of joining with their fellow citizens in the administration of the government of the Nation.

"It is planned that parades will be held in every city in the United States on Saturday, May 1, and that a patriotic expression of some sort will be given in every community, expressing the attitude of true Americans, educating those who have not yet gained the proper knowledge of, and respect for, American institutions, and giving evidence that un-American and unpatriotic individuals will not be tolerated.

—K.M.S.

TRADE AT HOME

Trading at Home yields a remarkable influence over Community Life. It works miracles in Civic Growth and Civic Harmony. Its radiating influences reach into every nook and corner of Community Activity. It is felt in the Home, bringing Sunshine and Joy. It is found in the School, forming Wisdom and Character. It is heard in the parks, blending the voices of happy children with the songs of joyous birds. It is seen in the Community, in a thousand wondrous words, spelling "Better Streets," "Better Walks," "Better Drives," "Better Everything." Trading at Home brings to the Community all the truly white things of American life, and keeps bringing them.

Trading at Home is the compelling force of a Community. It means Civic Progress. It enables a Community to keep abreast of the times, to go forward—never backward. It brings to a Community the newest of Civic Improvements—Community Playgrounds, Community Gardens, Community Parks. Trading at Home selects the best of outside influences and places them before the Community constantly.

At first glance all this may sound unreal. The casual reader may perhaps cannot associate Trading at Home so closely with Community Welfare. But stop for a minute. Consider a few concrete facts.

All Community or Civic Activity is absolutely dependent upon Municipal Taxes and Community Donations. From these two sources come all the funds of Municipal Government and Civic Improvement. People in Dallas, Houston or Fort Worth; big mail order houses in Chicago, Boston or New York—none of them contribute one dollar to building good roads, paving streets, erecting schools, laying out parks, instituting public libraries in Kerrville. The money for all these great monuments to Civic Pride and the numerous other features of Community Progress comes from Home.

Now, who at Home pays the greatest share into the Community Welfare Fund? The answer, summed up in two words, is this—Home Merchants! Upon them falls the greatest burden of taxation. To them goes the honor of giving to every Home Movement—School, Library, Y. M. C. A., Woman's Club, Churches. The Home Merchant and the Home Merchant's money supports them all. He is a Home Town Booster first, last and all the time.

Are you Trading at Home? Are you giving your Home Merchant the support he deserves? Are you helping secure "Better Things" for your Community, or are you throwing your aid to building a new viaduct at Dallas or scenic drive along the Hudson? Think it over.

The Mountain Sun has launched a Trade at Home Campaign. It will devote one page each week to Trade at Home advertising and Trade at Home talks. It offers a cash prize of \$1.50 a week for the best Trade at Home letter addressed to the editor. This letter will appear in the center of the Trade at Home Page, and must be confined to one hundred and fifty words. There is no exemption as to authorship. Every man, woman and child in Kerr County is urged to participate in this letter contest. All we ask is that they direct their powers of argument to "Why You Should Trade at Home."

erated by the decent, law-abiding and patriotic citizens of the country.

"I have been assured that the American Legion in Texas plans to observe this day in the spirit in which it will be observed elsewhere. Therefore, I, W. P. Hobby, Governor of Texas, do hereby designate Saturday, May 1, 'American Day,' and call upon the citizens of Texas to join in the whole-hearted observance of American Day. And I further urge all citizens to lend their co-operation to the efforts of the American Legion in planning parades and other patriotic services which will insure the desired achievement. That is, that the Nation will be shown that the population of Texas is law-abiding and patriotic, and that the agitator, the dissatisfied, unassimilated and anti-American element is lacking in this State; and further, that those individuals not yet educated to a recognition and acceptance of American ideals may have the opportunity of getting the spirit of Americanism to the fullest degree."
—K.M.S.

STATE CHAIRMAN QUOTES LAW ON REPRESENTATION

State laws concerning the basis of representation in primary conventions are explained by M. H. Wolfe of Dallas, chairman of the State Democratic Executive Committee, in the following statement:

"In order to clearly interpret the action of the State Executive Committee covering the matter at the recent meeting I will ask that all election officers take special notice that the basis of representation in electing delegates at the Precinct Conventions, to be held May 1, will be one delegate for each twenty-five votes or major fraction thereof cast for the Democratic candidate for Governor in the last general election held in November, 1918, while the basis for representation for the County Convention and the State Convention will be the same, respectively, as those provided by law governing the County and State Conventions held following general primary elections.

Bailey Addresses Sherman Audience

Sherman, Tex., April 27.—A crowd of probably 7,000 people heard former Senator Joseph W. Bailey here to-night. He was introduced by Judge Ben L. Jones. The speaker followed lines of his previous speeches.

He said that just thirty years ago he came to Grayson County and asked the people to vote for him and now he came back and could look them in the face and say he had never promised anything during his twenty-two years' service in Congress that he had not done.

—K.M.S.

Farm Boys' Special

Some few weeks ago you had the pleasure of reading about the Farm Boys' Special through the columns of The Kerrville Mountain Sun, and there seems to be considerable interest displayed regarding this trip for one or more of the boys from Kerr County. Any boy in the club work can complete for this trip, which will start about August 1 on a special train, composed of Pullman cars and diners; the boys will travel at night and visit the most modern farms through the day, in fourteen of the best farming and live stock raising States in the United States. The train will be under the supervision of State Club Leader H. H. Williamson and the boys will be well taken care of. They expect to visit such States as Ohio, Illinois, Iowa and Kansas, along with several others, and then go to Washington, D. C., where Mr. Williamson is trying to make arrangements for them to visit our President at the White House, take a trip in his private yacht, the Mayflower, down the Potomac River and go over some of the famous historical spots in that section of the country.

The A. & M. College, co-operating with the Texas Chamber of Commerce, expect to take some 125 to 150 Texas boys on this trip, and it is to be purely educational; however, each boy is allowed to take for distribution literature advertising the special inducements from his respective county, and Kerr County has many, some that even our own people do not seem to appreciate as much as they should.

The record book kept by the boys in the club work will be counted as 40 per cent on his grade, the other 60 per cent by his taking a competitive examination consisting of 4 to 8 questions, but he will not be graded on his spelling, writing or form but entirely upon his answers to the questions as they pertain to agriculture.

The Texas Chamber of Commerce is now selling tickets for this trip, each ticket costing \$300, which pays the complete expense of a boy on the entire trip. Many of the counties have already bought one, two and as many as five tickets, thus they can send that many boys from those counties. Mr. Williamson also says that he has received many letters

HEALTH OFFICER SAYS CASES WARRANT HOSPITAL

Dr. C. W. Goddard Cites Figures, Showing 4,000 Among Texas Ex-Service Men.

Austin, Tex., April 26.—In answer to a statement of the Thomas Dismuke Post No. 52 of the American Legion at Houston, which has raised the issue that there are not enough tubercular ex-soldiers in Texas to warrant the erection of a hospital at Kerrville for their treatment by the Benevolent War Risk Society, from funds solicited throughout the State, Dr. C. W. Goddard, State Health Officer and president of the Benevolent War Risk Society, has issued a statement in which he gives his authority for the estimate that 4,000 ex-soldiers in Texas will need treatment for tuberculosis. This estimate, he credits to Maj. John M. Holt, supervisor, Fourteenth District, United States Public Health Service, who wrote Governor Hobby last October as follows:

"Texas contributed 174,000 men to National forces in the war. Ten per cent of this number, or 17,000, will probably be in some degree disabled. Possibly 25 per cent, or about 4,000, would represent the number afflicted with tuberculosis. With this as an index, and the fact that all available bed space has long since been taken for tuberculosis cases, and that we are receiving requests for relief from other tuberculosis patients every day, in conjunction with the fact that we are now obliged to send these cases out of the State and will be forced to do so until adequate facilities are provided, indicate the necessity for immediate action."

Dr. Goddard stated that from the nature of the disease it may be four or five years before there will be 4,000 cases in Texas requiring hospital care, but quotes Assistant Surgeon General J. H. White of the United States Public Health Service to show that even with the Benevolent War Risk Hospital being constructed to care for 500 men and the United States Public Health Hospitals planned for 500, there will be a minimum of 450 excess cases in the immediate future to be cared for in private institutions.

"I sincerely trust that the estimate of Major Holt of 4,000 tubercular ex-service men is an over-estimate and I wish that I could say that the figures given by General White are an over-estimate," says Dr. Goddard, "but taking into consideration the number of men furnished by us in the fighting forces and the present cases and the recent number of new cases developed, I feel that Major Holt's figures do not overstate the case at all. To my mind it is unfortunate for a controversy to arise over the exact number of infected ex-soldiers in the State, when all the facts prove that hospital accommodations are not available for those known to be infected."

—K.M.S.

Red Cross Meeting

Tuesday, May 11, is the regular monthly meeting of the Red Cross. All members of the Executive Board are urged to be present, as there is considerable business that needs closing up. Meeting at 4 p. m. T. C. JOHNSTON, Chairman.

—K.M.S.

Republican Attention

I hereby call a mass Republican Convention to meet at Kerrville at 3 p. m., May 4, 1920, for the purpose of selecting delegates to the Republican Congressional Convention at Del Rio, May 8, and to the State Republican Convention at San Antonio, May 25, 1920.

W. H. BONNELL,
Chmn. Republican Ex. Com.

from parents of club boys all over the State offering to pay the \$300 to get their boys to go, but of course this cannot be done. There is no way of placing the value in dollars and cents on a trip of this kind, and it would be very educational indeed for many of the older people of the county, if not all. The boys that go on this trip will come home with a new lease on life and convey ideas to you that you had never dreamed of before. Each boy will be required to keep a diary of the complete trip so that he will be able to give us more of a definite idea of what he gets out of the trip.

I am very anxious to have as many boys from Kerr County make this trip as possible, and one at least, for it will mean much to the county as well as the boy, and I will be only too glad to discuss this matter further with any one interested, and expect to have more to say through these columns next week about the trip.

C. QUINTAL, County Agent.
—K.M.S.

CAPTAIN AMAN'S BOYS FAIL TO GET REVENGE

Kerrville Base Ball Park, Sunday, April 25.—In base ball, like in everything else, a loser that fights to the end and never admits defeat is always admired; this applies to the game Ordinance Cub's Camp Stanley, who having been defeated by the Kerrville Athletics in the first game of the season, begged for another chance, but received a worse shock when their strengthened nine was taken into camp by the home team to the tune of 13 to 5.

The Athletics piled up three runs in the first inning while Manny retired the first three Cub batters on three pitched balls. This made them wish they had allowed it to go at the first game's result. However, they kept up their untiring fight although the locals hammered their crack pitcher, Kilby, out of the lot in the last of the fourth round while the relief slabsman didn't receive any better treatment. Thanks to the old game only having nine verses, otherwise some of the soldier boys' might have exhausted themselves chasing the old apple.

Pitcher Manny pitched a different game from the last one and his support was right there, while his bunch found the opposing hurlers for sixteen clean ones among which was a nifty homer by H. Holchak in the fourth inning. Though one-sided, several thrilling sensational plays obtained loud applause and approval from the big crowd of fans.

Kelly Field No. 1, with a nine as good or better than the Arsenal Club, will battle the Athletics the coming Sunday. This will be an exciting game, and the Athletics realizing the necessity of an extra pitcher have obtained the services of Sergeant Schultz, a pitcher of ability and fame, who will probably start off in the contest. Last Sunday's scores:

Ordinance Cubs—	ABR.H.O.A.E.
Schroeder, rf.	4 1 0 0 0 0
Hunter, 3b.	4 0 0 2 0 1
Maffe, 2b.	3 1 1 3 1 2
Houston, c.	4 1 1 6 1 1
Westmoreland, cf.	3 0 0 1 0 1
Hagan, p.	3 0 0 3 0 0
Webb, 1b.	4 1 2 8 0 1
Kilby, p.	2 0 1 0 3 1
Duel, p.	2 1 1 0 5 2
Foelher, ss.	4 0 0 4 2 0
Totals	33 5 6 27 19 7

Score by innings: R.H.E.
Ordinance Cubs—003 020—5 6 9
Athletics—301 300 114—13 16 7
Summary: Home run, H. Holchak; two-base hits, Webb, Kilby, H. Holchak, Rawson (2), Henke, Manny, Naylor; sacrifice hits, Maffe, Robinson; stolen bases, Houston, Duel, H. Holchak, Henke (3); struck out, by Manny 6, by Kilby 1, by Duel 5; bases on balls, off Manny 2, off Kilby 1; innings pitched by Kilby 4, by Duel 5; time of game, 1:55; umpires, Captain Aman and Garret.

WOOL DEALERS READY TO REFUND EXCESS PROFITS

Boston Transcript: Press dispatches from Washington have confused the issue regarding the refunding to the Government of the excess profits made by the handlers of fleece wools, who were authorized to buy such wools for Government account during the 1918 season. There is a substantial amount of money due on this account, which the dealers say they are ready to pay over as soon as it is definitely settled that they will not be forced to pay an income tax to the Government on that account. Already two different rulings on the latter point have been issued from Washington.

The charge that the dealers are retaining "unauthorized commissions" is resented by them. They say that they proceeded at all times in strict compliance with the official rules of the wool division of the War Industries Board. With the end of the war came the termination of the activities of the various boards previously functioning, thus naturally raising the question as to who had authority to handle the money in question. This and the tax question are the only matters at issue between the Bureau of Markets and the Boston dealers.

With this matter the Texas wool growers have nothing to do. It entirely concerns the handlers of fleece wools, none of which are grown in Texas. The Boston dealers have no controversy with the Texas wool growers; are holding no moneys belonging to them, nor are they opposing counsel or otherwise the proposed raid of the Texas people on the United States Treasury, though like all other citizens they would dislike to see unjustifiable payments made to any interest.

The trouble in Texas appears to be confined mainly to San Angelo and the growers marketing there. It dates back to the valuation of the wools concentrated at that point in the summer of 1918. The growers of that section were dissatisfied with the first valuation figures and, as they had a right to do, called for a revaluation. No material change was made by the second valuation. The main cause of complaint apparently was that, although their wools were not as good as those concentrated at Kerrville, they were not given as high a valuation. Matters hung along until the time of the Armistice, when it was certain that the Government would need no more wool and the Texas people were told that if they were not satisfied they could have the wool. As the market looked weak at that time, they hastened to accept the Government's terms, on the basis of the valuation committee's figures. It will be interesting to note whether the fleece-wool growers of Ohio and the Middle West will allow the Texas people to share in the moneys rightly belonging to the former.

LEE MASON & SON BUILD COMMODIOUS ADDITION

Work was commenced Monday on the new addition to the garage of Lee Mason & Son, to be built under the supervision of Contractor J. H. Anderson.

This addition will be of brick and concrete, to conform to the present building, and will give the owners 14,000 square feet of floor space. This space will be distinctly divided into four separate departments; first the service and storage floor, 60x140; then the display room and offices, 40x40; the parts room 40x40, and the shop, 40x60. The entire building is made for future second-story construction. The front of the building, of stone and brick, will be one of the most attractive in Kerrville. The interior, finished according to the uniform plans of the Ford Motor Company, will be marked by neatness and accessibility to all departments.

Every modern convenience will be offered to automobile owners in this new building. Separate rest rooms will be provided for ladies and gentlemen, and a comfortable resting place will be arranged in the display floor and lobby.

Two visible gasoline filling pumps are being installed, air and water lines will be laid to all convenient points to accommodate many cars simultaneously, and every facility that will assure prompt, efficient service will be attended to by the owners.

—K.M.S.

SUPT. MCKNIGHT WARNS AGAINST PUBLIC SPITTING

Sanatorium Tex., April 19.—Dr. J. B. McKnight of the State Sanatorium has issued the following statement relative to careless spitting, coughing and sneezing: "Epidemics of influenza and other respiratory diseases as well as infection from tuberculosis, are due largely to carelessness on the part of the public in spitting, coughing and sneezing, with no precaution for the protection of those nearby. The germs of tuberculosis, common colds, catarrh, pneumonia, influenza and the like are spread in all directions practically every time one coughs, sneezes or spits. Nearly everyone, though he may be well apparently, carries one or all of these germs in his mouth, throat and lungs. Coughing or sneezing without covering the face causes persons or objects to a distance of eight or ten feet to be deluged with dangerous germs, and when the spitter deposits the fecal matter from throat or lungs on floor, sidewalk or street the first passerby may carry virulent poisonous germs into his home, affording a ready means for infection of children and susceptible adults. Our highways and byways are overlaid with this form of filth. Nearly all of our cities have enacted ordinances designed to prohibit public spitting, but these ordinances are not effective. Only when the spitter who ignores the spitoon or does not use a sputum cup, and the cougher or sneezer who does not cover his face with his handkerchief, are looked on by the public in the same light as the person who fails to observe other common social amenities, may we hope to make progress towards elimination of the respiratory diseases.

CATHOLIC CHURCH NOTES

By Father Kemper

The order of services will be changed considerably next Sunday and the week thereafter, owing to the First Communion classes at the two parishes. On the first Sunday in May a great number of Mexican boys and girls will receive Holy Communion for the first time. A Low Mass will be read in St. Mary's at 7:30 a. m., and a High Mass will be sung in Our Lady of Guadalupe Church at 9 a. m. After this solemn function the happy candidates will be provided with a delicious breakfast by the recently organized Guadalupe Society of ladies and gentlemen.

During the day the Blessed Sacrament will remain exposed for adoration as during the annual Forty Hours' devotion. The men of the parish will elect their officers in the senior class room at 3:30 p. m. After this meeting the beautiful Guadalupe banner will be blessed and carried in public procession, composed of all members of the society, through the Mexican settlement. After the parade has returned to the church, Rosary and Benediction will close the day's solemnities.

The ladies' division of the Guadalupe Society elected the following officials last Tuesday: Mrs. John Moreno, president; Mrs. Ramon Castillo, secretary; Mrs. Delfina Torres, sacristan; Mrs. Joe Reyes, librarian; Mrs. Florin Sanchez, treasurer; Mrs. Sotero Hernandez, vice president, and the following promoters: Mrs. Gregorio Ayala, Mrs. Alejandro Arredola, Mrs. Donacion Espinosa, Mrs. Aurelia Silvas, Mrs. Florencio Sanchez and Miss Epigenia Garza. Each member was given a copy of the New Testament and a question book about Sacred Scriptures, which will be studied scientifically at their weekly discussions.

Last Sunday, Miss Elsie Hulda Karger, daughter of August Karger, was united in the holy sacrament of matrimony to Ralph W. Solomon of Harper. Miss Karger will be remembered as one of the operators at the Telephone Office. She will make her home at Harper, where her husband is in business.

On the previous Friday, Frank Vargas of Comfort came here to be married to Adelaide Leal, in St. Mary's Church.

Father Kemper held his monthly engagement at Comfort on Sunday after 7 o'clock services in St. Mary's. With a dozen stalwart Knights of Columbus, he proceeded to San Antonio to attend the elaborate initiation of five new Kerrville novices. The first degree was exemplified in the old K. C. Hall opposite St. Anthony's Hotel after the religious functions in San Fernando Cathedral. The Theresian Sisters, near the Episcopal residence, served breakfast to all the Knights. The second and third degrees of this patriotic and benevolent order were carried out with the help of Austin delegates and State officers during the afternoon and evening at the Hermann Sons' Hall. At night a joint banquet by the Knights of Columbus and Daughters of Isabella was held in the Gunter ball room. Many of the Kerrville members motored to San Antonio with their wives so that the latter might also enjoy the grand climax of an exciting day.

On Thursday of this week, conformable to custom, the Brownston Literary Society will hold its monthly public meeting and entertainment in Washington Hall at 3:30 p. m. This will be practically the last formal gathering of this organization, because the May appearance will coincide with the school commencement. The teacher of the Eleventh and Twelfth Grades was given a fruit shower on Friday in honor of her name's day.

On Texas Independence Day classes were dismissed for the afternoon. The students broke the fetters of H. C. O. L. and formed a Gingham and Overall Club with almost a unanimous enrollment.

At the Guadalupe School the cleanup campaign was given a pattern of neatness for that section of the city.

As a safety measure most of the students were vaccinated on Thursday and Friday. They all want to be in prime physical condition for the Notre Dame picnic on Ascension Thursday.

Mrs. Wm. Farrish and some of her children went to San Antonio with the Ruff Sisters on San Jacinto Day in order to participate in the Fiesta. Miss Angeline Kemper motored to the Alamo City on the same occasion to visit her twin nephews at St. Louis College.

Ralph Thomson of St. Louis was a guest at the Rectory on Tuesday. Hugo Sueltenfuss, who has been working here for several months, as plasterer, returned to his home in San Antonio on Wednesday.

Mrs. Wm. Newton went to the city to undergo an eye operation at Santa Rosa Infirmary. She was accompanied by her daughter, Earle. Mr. and Mrs. John McAtcer of Louisville, Ky., are visiting their son, Vincent, editor of the Comfort News. Rudolph Stohling went with his family to Muenster, Scotland and other parts of Northern Texas to see Mrs. Stohling's relatives and to close several county agencies.

K.M.S.
Order of Eastern Star
On last Wednesday evening, Kerrville Chapter No. 24, O. E. S., was honored with the presence of Mrs. Maggie B. Moody of Corpus Christi, Worthy Grand Matron of Texas. A large number of Center Point members and other visitors were also present. On this occasion two candidates were initiated into the order. After all business was over for the evening, a social time was enjoyed by all.
MRS. A. B. WILLIAMSON, Secy.

METHODIST CHURCH NOTES

ROY T. HOUTS, Pastor

Last Friday evening, Mrs. Houts entertained her Sunday School class and older music pupils with an Annual Party on the church lawn. About thirty of the young folk were present. The games played referred to animals. The monkey and the ape feeding each other was a very amusing sight. The young folk seemed to all have an "elephant" time.

Next Thursday night, the Junior League will have a picnic on the lawn. They are to bring their fathers and mothers, with a few sandwiches, and be at the church at 7 o'clock. There will be some very interesting pictures for the children of "Children in Different Lands." All the children of the town are invited to come and be with us.

The Centenary Anniversary program was instructive last Sunday morning and the results were good. We hope our people will keep abreast with the Centenary as the great world program moves along.

We will resume the discourses on the Apostles' Creed next Sunday morning. We hope you will not be absent and miss part of this discussion.

The Sunday School was booming again last Sunday. We lacked TWO of having as many as Sunday before that, however. Keep boosting the Sunday School. Let's have more there next Sunday than we have ever had in Sunday School.

Practice was begun last Monday night on "The New Minister," a musical play which is very true to life. Watch for the future advertisements of this play. There is a treat in store for you in a few weeks.

SCHOOL NOTES

The Senior Class has begun work on their play, "Aaron Boggs, Freshman," which is to be given Commencement Week.

During the past two weeks, the "Sammy Savers" of the Third Grade have purchased twenty-four Thrift Stamps and one War Savings Stamp.

The pupils in the Second Grade have been studying how to write the names of the months and the seasons and all about them. Four excellent compositions were written on "My Favorite Season," and there were a number that were very good. Corinne Peters and Eugene Archer chose summer as their favorite season, Charles Shelburne chose spring and Moses Welborn chose winter. We are publishing the composition written by the latter, as work of the first three has been published before.

"My Favorite Season.—Winter is my favorite season. December, January and February are the winter months. Christmas, New Year's Day and Washington's Birthday are holidays in winter. So does Valentine Day come in winter. I like winter best because I can coast down the hills and skate on the ice and make a snow-mountain. It snows where I live in Kentucky. It is snowing there now in April. I can pop popcorn in winter. The birds in winter are black-birds and snowbirds. My brother killed a hawk in winter. I play checkers and dominoes, and I play with my wagon in winter.

"MOSES WELBORN."
The following pupils of the Sixth Grade have a perfect record in attendance, having been neither tardy nor absent during the term: Isabel Gibbons, Gerald Stafford, Bessie Tomlinson, Ruby Grantham and Catherine Shekell. Those making the highest averages in all subjects for the past eight months are: Harrell Osborne, Leota Peters, Mary Hamilton, Lois Fawcett, Ruth McCoy, Roy Saucier, Catherine Shekell, Isabel Gibbons, Millicent Woodruff, Annie Saenger and Thomas Roebuck. On Tuesday evening of last week, the Sixth Grade and friends enjoyed a "Marshmallow Toast" on the river.

The following students and teachers attended the Fiesta in San Antonio last week: Misses Tacquard, Thompson, Byas, Procter, Lemont Procter and Nelson Tewkesburg and Pam Grinstead.

MANY LIKE THIS IN KERRVILLE

Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Kerrville. It is an easy matter to verify it. You cannot ask for better proof.

Tom Eaton, farmer, Kerrville, says: "Doan's Kidney Pills are the best remedy I have ever used. My kidneys were in a bad fix. I had severe backaches and such a soreness across my kidneys that I could not do much stooping or lifting. When I got up morning I was stiff and lame. At times I had sharp catches through my kidneys. The secretions passed irregularly. I heard of Doan's Kidney Pills and used them, getting my supply at the Rock Pharmacy. They went right to the spot and it was not long before the pains and aches left my back and my kidneys were in good shape."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Eaton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Card of Thanks
We wish to thank our many friends for their kindness and sympathy for us at the death of our husband and father, also for the beautiful flowers.—Mrs. W. F. Stimson and Children.

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

The Bible School was about up to normal Sunday morning. Some of the classes were filled to the room capacity. Supt. C. C. Butt has started a contest for new pupils and will reward the winning class a good Bible map. A meeting of the Sunday School officers and teachers was held on Tuesday night at the church. All are anxious to go forward.

At the evening service the church voted unanimously to send the pastor to the Southern Baptist Convention at Washington, D. C., and to bear all his expenses. This was an exceedingly kind and thoughtful thing for the church to do, especially since the pastor is new on the field. The pastor will try his best to make this a good investment for the church. The amount set aside for the trip was \$150.

Miss Ayleen Procter sang by special request, "The City Four-Square." Our much beloved and highly efficient deacon, J. T. S. Gammon, left Monday morning for a short visit with his people in Tennessee, and from there he will go on to the Washington Convention. We will miss him every day until he returns.

Our Women's Auxiliary met Tuesday at 4 p. m. for prayer and consultation concerning their plans for this year. We will hear of great things accomplished by these faithful workers.

We extend a cordial welcome to all the workers at the new Soldiers' Sanatorium to attend the services of our church.

Treas. J. B. McCauley is spending a few days with relatives in the southern part of the State. A. B. Burton will receive all monies to be paid through him.

It is earnestly hoped that our entire first year promise to the 75 Million Fund will come in before the time is out, May 1.

Remember the date of the Sunday School Institute under Secy. Wm. F. Phillips. The time is May 23-30. It is to be association-wide in its reach. The pastor will leave for the convention Tuesday, May 4, and will spend a day or two with relatives on the way.

Parent-Teachers' Club

At the regular monthly meeting of the Parent-Teachers' Club, the officers were all re-elected. The secretary reported the following donations to the Victrola fund: Mrs. and Miss Galbraith, \$1.50; Mrs. J. B. Young, \$7.50; Mrs. Ed Dietert, \$1.50, and Mrs. Hy. Weiss, \$1.00.

The aims and purpose of the club were read, as well as the duties of each officer and the constitution of the club.

Mrs. Young, with Mrs. Doyle as alternate, was elected a delegate to attend the Fifth District meeting to be held at San Marcos, April 25-26.

April 23 to May 1 has been set aside as Public School Week, but it is not possible for our school to devote so much time, so April 30 will be held as a Rally Day, and Superintendent Meeks of San Antonio will make an address at the Court House the night of April 30. May 1 will be Tag Day.

Mr. Jones kindly explained the proposed amendment to the club. The president appointed a committee to make arrangements for the entertainment of Miss Blanton.

The club was given a rare treat in Miss Dunscomb's reading, "It Takes a Heap of Living to Make a House a Home." Chester Jones also favored us with a reading.

It is too late to urge you to take advantage of The Mountain Sun's generous offer to the club, but not too late to express our appreciation of this help.

The club enjoyed their social hour in the Domestic Science room, where Miss Smith and her girls served coffee and sandwiches. The display of sewing by Miss Smith's classes was beautiful. PRESS REPORTER.

MRS. ELIZABETH ANN STONE

Mrs. Elizabeth Ann Stone departed this life April 29, 1920, at 6:30 a. m. Mrs. Stone was born in Fannin County, Texas, in 1851. The early part of her life was spent in that section, where her husband, Everett Houston Stone, died some twenty-nine years ago.

Mrs. Stone came to Kerr County twenty-eight years ago. During these years she learned to call this Hill Country her home, while she made a great host of friends. She became a Christian early in life and united with the Methodist Church. Twenty-one years ago she joined a Missionary Baptist Church, where she remained a faithful member until her death.

Mrs. Stone is survived by the following: Mrs. John Masters, a sister; Mrs. Ollie Moore, a daughter, who lives in New Mexico; three married sons, Lee, Everett and Ben; two nieces, Mrs. Earl McNealy and Mrs. Moses Bierchswale, and one nephew, Ralph Watson, were present at the funeral services.

Owing to the fact that her pastor was away, Rev. J. B. Holt of Kerrville kindly came and officiated in the services, which took place at the Nichols Cemetery.

Ingram Church very keenly feels the effects of the departure of Sister Stone. We join the family and the great number of friends who mourn her loss, and who know that God does all things well. Her pastor, ROGER C. WALKER, Ingram, Texas.

Subscribers will confer a favor on the management by notifying the office promptly when they fail to receive the paper, or when change of address occurs.

PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

U. S. IS NOW "ROBBERS' ROOST"

Although everything a Republican says about a Democratic Administration should be taken with a grain of the old reliable saline substance recommended by a noted forefather, one can but marvel at the accuracy of a statement made in the Senate last week by Senator Capper, Republican of Kansas, that "the United States had become a Robbers' Roost." Of course, he was scoring profiteers, and added that "if officers in the employ of the Government could not enforce the law they should resign and let men who can enforce them take their places."

With thousands, yes, tens of thousands, of Federal officials of every rank and caliber running at large in these United States, it does look like profiteers could be shown the error of their way. Yet, press dispatches indicate that the number brought to justice are less than one-tenth per cent of the guilty. The public is paying for protection but does not get it. Potatoes, the poor man's food, now bring more than a nickel each; clothes and shoes are selling at prohibitive prices; every article one must buy is offered at figures far out of proportion to their value; yet the manufacturer, the middle man and everybody but the poor consumer is growing fat with dividends and excess profits.

For once, a Republican has spoken wisely—"Robbers' Roost" tells the tale.

ATTEND YOUR CONVENTION

Chairman Hamilton's ringing call for the Democratic Precinct Conventions, to be held at 4 p. m. this Saturday, May 1, in each voting precinct of Kerr County, is a call to duty for each loyal Democrat, regardless of his factional leaning. The convention is the legal and accepted manner in which the party holds its councils and elects its delegates to the County Convention of the following Tuesday, May 4, and every Democrat (but nobody who is NOT a Democrat) should attend and vote his honest sentiments and participate in the deliberations of his party. This is not only his privilege but his civic and party duty. Be on hand at 4 p. m. this Saturday at the convention of your voting precincts, and exercise your privilege as a citizen and a Democrat, assist in the election of good men to the County Convention of the following Tuesday, at which in turn delegates are to be selected to represent Kerr County in the State Convention. The Precinct Convention is the foundation stone of the entire Democratic structure in the matter of choosing a National standard bearer. If you remain out of it, therefore, you virtually lose your voice in the party councils and "have no lick" at the party's action. Again, don't forget the time, 4 p. m. this Saturday, May 1.

ANOTHER S. O. S. FROM MEXICO

Again the United States Government has been asked to send warships to Mexican waters to bring Americans from that country to places of safety, their lives being in danger on account of the revolution of secession which originated in the State of Sonora and which is spreading rapidly throughout the Southern Republic.

Again, the authorities at Washington have announced that "investigations" would be made to determine if the appeals for help are "justified." During 1914, several hundred Americans in the vicinity of Tampico and Vera Cruz appealed to the State Department at Washington for assistance in leaving Mexico. "Investigations" were undertaken, meanwhile a number of American subjects losing their lives and others suffering unmentionable insults at the hands of defiant Mexicans.

Later, these same Americans were forced to board German and English ships and flee to the United States, their property abandoned and their homes destroyed. "Investigations" are proper, providing that there is little if it stake, but the life of an American citizen should be protected first and investigations carried on afterwards, similar to the policy of England, the most feared nation of the world. True, a citizen of this country should bear in mind that "there is no place like home," but at the same time, should he stray from the shadow of the Stars and Stripes, he should have the faith in his country that the great American Eagle is forever watchful of him and stands ready to defend when danger threatens. If the United States has any Mexican policy at all it is time to swap it for one with a meaning.

The headlines say "Rebels Take Topolobampo." Wonder if they took it all at once, or in broken doses?

New Orleans dispatches tell us "sugar profiteers are under fire," which, if correct, should to some extent prepare them for what they have coming to them in the hereafter.

Is Kerr County going to have no candidates for the various offices of trust and honor? The Mountain Sun's announcement column is wide open, gentlemen, and the water's fine. Come in.

Senator Capper, denouncing in the Senate what he termed "a Saturnalia of Greed by Big Business," presented statistics which he claimed proved profits of from 20 to 200 per cent by the corporations named, some forty in number, on last year's operations.

The bill designed to relieve the print paper shortage by making print paper under 3 cents free of duty for two years, was signed Saturday by the President, but what we want to know is, what ice is that going to cut with the 12-cent variety that we have to use?

It begins to look like Senator Hiram W. Johnson of California will be the Republican victim to be sacrificed on the altar of unterrified and victorious Democracy this year. He has carried Sweet Grass County, Mon., by a handsome majority in addition to his many other victories over the other contestants for the honor of vicarious sacrifice.

Ralph Ellis son of Mrs. G. L. Noble, sustained a badly injured leg and a sprained ankle in an argument with a runaway team last Saturday.

To help along with the housing problem, John W. Burney is providing four cottages, some of them new and one or two of them rebuilt and remodeled.

Mr. and Mrs. J. M. Hamilton have received the good news of the birth of a new grandson, a son, having been born to Mr. and Mrs. Victor Roth of New Braunfels on April 22, 1920.

Rev. Richard Mercer, the Episcopal missionary of the Fort McKavett district, and well known in this city, where he once served as pulpit supply in St. Peter's for a while, spent part of the week here visiting Dr. Galbraith and other friends, leaving here for a visit to San Antonio.

You must clean the stomach and bowels, purify the blood, each Spring, or you leave Winter's germs and impurities in your blood and system. Drive them away, clean out the stomach and bowels—take Hollister's Rocky Mountain Tea, a Spring cleanser, purifier. 55c Tea or Tablets. The Rock Drug Store.

To the People

This year Texas schools were more than 2,000 teachers short. There are 70,000 scholastics in the State without instruction this school year because of this teacher shortage. Many teachers below the standard were employed because qualified teachers could not be secured. Last year Texas lost 30 per cent of its teachers and two-thirds of this number were among our best teachers. Many teachers are now informing superintendents that they will not teach another year. More remunerative employment is claiming them. The fault is not with the teachers. The system is wrong; something has got to be done. Teaching has got to be made attractive in order to induce capable men and women to go into and stay in the work. Adequate salaries must be provided. This cannot be done with State and county money.

In the November election a Constitutional Amendment will be submitted to a vote of the people for the purpose of removing the limit on the amount of taxes which the people of any district may vote to support their own schools. The amendment is simply a local option measure. Those who favor local self-government cannot consistently oppose the measure. This is not a question of politics and I therefore feel free to call for your support in such a righteous cause.

Superintendent Meeks of San Antonio will address us at the Court House this Friday evening at 8:15 o'clock. Hear him, by all means, and more fully inform yourselves of the alarming educational conditions that confront us. Also lend your generous patronage to "Tag Day," Saturday, May 1.

The appeal is not being made for the sake of teachers, for they can find other employment, but for the sake of the children of Texas.

I am and hope to remain,
 Your friend,
LEE WALLACE,
 Co. Supt., Kerr County.

Fishing With Zane Grey

How'd you like to go fishing with Zane Grey—the man who wrote *The Mysterious Rider*, *The Man of the Forest*, *Desert Gold*, and other popular stories that have appeared in

The COUNTRY GENTLEMAN

Well, here's your chance—the very next best thing to a real trip. Mr. Grey will take you catching tuna and swordfish from the Pacific, rainbow trout at Crater Lake, etc.

Fishermen will enjoy these stories for the thrill of the sport. Zane Grey fans will like them because they will get better acquainted with this author . . . Incidentally let me tell you on the Q. T. that Mr. Grey is writing the story of an Arizona Bear hunt that will be coming along in THE COUNTRY GENTLEMAN in a month or two . . . When you think that all these stories are extra—added to the practical farm-garden-livestock-poultry features with which every week's issue is crowded—you can see what wonderful value you get in a year's subscription. Give me your dollar and let me send in your name today.

\$1.00 for a whole year—52 BIG weekly issues.

COMMERCIAL CLUB PERFECTS ANNUAL REORGANIZATION

Owing to the fact that the business of the Kerrville Commercial Club has been steadily increasing, and a great need has arisen to put the club on a business basis, a meeting of the citizens of Kerrville was held at 2:30 o'clock last Thursday afternoon to discuss the question of reorganization. Also the regular election of officers came up. The election should have been held in January, but was postponed for various reasons until this time.

E. H. Prescott, the president of the club, presided, and stated the first question would be the election of officers. Thereupon, a nomination committee was appointed, who recommended for election the following men:

W. A. Fawcett, president; C. W. Rawson, first vice president; R. L. Schmerbeck, second vice president; directors, J. S. Wheelless, Dr. S. E. Thompson, L. A. Schreiner, A. B. Williamson, Scott Schreiner and W. B. Brown.

The chair stated that other nominations would be in order; ballot was taken, and the officers above named were elected by unanimous vote of the club.

Mr. Prescott stated that pressing need existed for a budget system for the club, and a secretary who should devote his entire time to the work of the club and who should be on hand to assist not only the citizens of Kerrville, but to co-operate with the new City Administration; he also outlined the need for work to be done on the clean-up of the city, to provide a building and loan association, to look after houses, to see after railroad schedules, and work on the matter of street sprinkling and paving, and numerous other matters. Mr. Ferguson, the secretary, joined in the statement of the president, and asked for the co-operation of all citizens and members in building up the club and the city.

In order to further the work, it was decided that the Board of Directors should employ a secretary who should devote his entire time to the work of the club, and that for the work of the club for the ensuing eight months, a budget of at least \$1,600 should be set aside. L. A. Schreiner then announced that on behalf of the Schreiner interests \$800 of the proposed budget would be given if the club would raise the other \$800.

Mr. Fawcett, the newly elected president, was absent, but Mr. Rawson, first vice president, took the chair and appointed as a Finance Committee, to see about raising the \$800 necessary, R. L. Schmerbeck, A. T. Atkins and E. E. Ferguson.

The subscription list was passed around at the meeting and in a very short time the subscriptions, together with what the Finance Committee secured from members not present, were pledged to an amount exceeding \$1,600.

Motion made by Mr. Procter, and duly seconded, was carried, that the Commercial Club pledge its active support to the 1920 West Texas Fair. There being no further business, the meeting adjourned.

E. F. FERGUSON, Secy.

No. 1069

(First Publication April 30)
THE STATE OF TEXAS
To the Sheriff or any Constable of Kerr County—Greeting:
You are Hereby Committed to summon A. F. Colbath, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 38th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 38th Judicial District, to appear at the next regular term of the District Court of Kerr County, to be holden at the Court House thereof, in Kerrville, Texas, on the 2nd Monday in June, A. D. 1920, the same being the 14th day of June, A. D. 1920, then and there to answer a petition filed in said Court on the 23rd day of April, A. D. 1920, in a suit, numbered on the docket of said Court No. 1069, wherein Bessie Colbath is Plaintiff and A. F. Colbath is Defendant, and said petition alleging suit for divorce on the grounds of more than three years abandonment of Plaintiff by the Defendant; for the care, custody and control of the two minor children of Plaintiff and Defendant, Edwin Colbath and Reba Colbath; for costs of suit and for general and special relief.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Kerrville, Texas, this the 27th day of April, A. D. 1920.

(Seal) JNO. R. LEAVELL,
Clerk District Court, Kerr County.

Remember when the first automobile came to town

TODAY there are more than 7,000,000 of them in the country. Pretty soon nearly everybody in this section will be traveling around in his own automobile.

Select your tires according to the roads they have to travel:
 In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.
 For ordinary country roads—The U. S. Chain or Usco.
 For front wheels—The U. S. Flam.
 For best results—everywhere—U. S. Royal Cord.

IThe first thing a man wants to know nowadays, when he starts out to buy a car, is *how much it is going to cost him to keep it running.*

It's all very well to take some dealer's word about a tire—if you know *who he is* and his *object* in selling it to you.

Our object in selling U. S. Tires is to have you *come back* for more—and *be glad*

that we sold them to you.

III U. S. Tires have a record behind them.

They are built by the people who perfected the *first* straight side automobile tire, who produced the *first* pneumatic truck tire.

Two of the greatest contributions to *tire* and *motor economy* ever made.

IV As representatives of the oldest and largest rubber concern in the world, we have a reputation to live up to. We can't afford to substitute "just as good" tires for tires of *standard quality.*

Legumes in Kerr County

Since we have primarily a live stock country and our sheep, cattle and hog production is decidedly on the increase, it is time we were thinking more about our methods of feeding in order to get the best gains in the most economical way. We are not only increasing our production of live stock, but are making marked strides forward in the quality by grading up our herds, mainly by using better sires.

I have been in nearly every section of the county every month for the past seventeen months and find scattered over the county farmers and ranchmen who are studying and trying to grow legumes of some kind, mostly alfalfa and sweet clover. By making inquiry I find that we have a few small fields of alfalfa that have been in the county for twenty to twenty-five years and still doing well; it has made crops when all other crops failed, standing the severe drouth we experienced as well as the excessive moisture of the past year. In good years alfalfa in the county was cut four times and furnished considerable grazing; in the dry years it was cut twice and made a good yield.

We find several small patches growing around Center Point, and on the farm of Neal Coldwell, as well as his neighbor, George Meeks, I find fields of ten acres or more. Mr. Coldwell has for several years been raising fine registered Jersey cows and thinks his alfalfa has been his best crop, while his neighbor, Mr. Meeks, has been raising registered hogs quite extensively and says he would rather give up any of his other crops than to part with his alfalfa field.

On the farm of L. A. Mosty, alfalfa has been grown for several years and there it is used extensively for hay and grazing.

It takes a good seed bed for alfalfa and should be sown in the fall, but at sowing time the ground should not be plowed deep but the soil should be well pulverized, and it will go a long way toward securing a good stand to inoculate the seed; the inoculation can be secured from the Department of Agriculture, Washington, D. C., free of charge. After getting a good stand a dressing of lime once a year will add greatly to the yield.

Referring again to sweet clover, we find that on the ranch of Moritz Holekamp, who lives on Fall Creek, sweet clover makes exceptionally fine grazing for sheep and does exceptionally well. Mr. Holekamp says that it not only cuts his feed bills decidedly, but that the sheep do better than on other feeds and grazing. When once established it grows well even on light soil and produces abundant grazing. I have seen a field in the county where sweet clover has been plowed up and there is still a good amount on the ground and growing nicely. I believe for sheep it is superior to alfalfa, as it has more vitality and can be grazed closer without danger of killing. There are several ways it can be sown and I will be glad to discuss this matter fully with any one interested.

I could go on naming others in the county who are having considerable success in growing these legumes, but the above illustrations will serve to encourage the work along these lines.

C. QUINTAL, County Agent.

CASH-AND-CARRY GROCERY

The Basis of Business

The basis of business is an honest dollar's worth for your money, on the one hand, and prompt payment on the other.

There is no getting away from it. You are not satisfied to pay out your money unless you get one hundred cents value for every dollar, and the merchant for his part, cannot do business unless he receives pay for his goods. When he loses a bill he must simply add it in as a part of his "overhead"—his cost of doing business. It is not unfair. It is a principle as old as business, and as necessary.

If an account is charged, a bookkeeper must be paid for that work, and when the bill is presented at the end of the month, a collector must be paid for his time. These costs are legitimate and necessary, if you do a thirty-day business, and they are of course added in as another item of the overhead cost.

The tendency of the time is, however, to get away as much as possible from these intermediate costs, and more and more people are coming to feel that it is worth while to pay cash at the time of purchase. It eliminates mistakes and the annoyance of bill collectors. It saves a penny here and a dime there, and in the aggregate is really worth while, from a monetary point of view, and in addition you are doing you bit to get the business world to the ultimate basis of honest, efficient service and prompt payment.

Help to cut out the needless costs.

Cash-and-Carry Grocery, Kerrville, Texas

(NEXT DOOR TO RAWSON'S DRUG STORE)

DO YOU LIKE TO GO FISHING?

You know, to a good sportsman, Shakespeare means something far more meaningful than "Hamlet" and "The Merchant of Venice." Your true angler may not know how Othello won Desdemona with wild and thrilling tales, but he could undoubtedly go the Moor one better with his stories of how he landed 'em one after another with Shakespeare fishing tackle. For he knows that Shakespeare means first, last and all the time the best tackle—the smoothest-running reels—the most dependable line—the largest bait. To go fishing with Shakespeare stuff means that—if the weather is right—and the season is on—and you're not an utter boob—you're BOUND to get the biggest bass in the hole.

And Who Carries Shakespeare Tackle?

P. F. Durham, who has recently purchased the place of his father-in-law, A. C. Moos, on Turtle Creek, was here this week from his home at Lobo, Texas.

"Kalamity" Bonner, editor of The Harpoon, and E. M. Hixson, both of San Antonio, were up first of the week for a turkey hunt on the Adam Wilson Ranch, ciceroned by Jack Hamilton.

Great numbers of our citizens, too numerous for individual mention even could we have secured the names of all, attended the Fiesta exercises in San Antonio during the closing days of last week.

"Somebody's always coming around for money." Yes, and in Kerrville, if their cause is meritorious, they always get it, too. That's the Kerrville way. Tag Day Saturday for Better Schools.

Last week was a great one in Masonic and Eastern Star circles in Kerrville, with degree work in both orders and many visitors from out of town, refreshments being served on both occasions.

FARMERS WHO LIVE ON CYPRESS CREEK ORGANIZE

On the afternoon of April 10, the farmers of Cypress Creek laid the foundation for an organization, an account of which was given in The Mountain Sun. Again on April 18, these same farmers met and perfected their organization and added several new members to their list. Their usual place of meeting is the school house, which is located in the heart of this vicinity and the logical place for all meetings of this kind.

After electing their officers, and they were very careful to pick the best man to fill his respective office, they adopted the name of the present organization, which is "The Community Council of Agriculture and Home Economics" and adopted the by-laws as prepared by the A. & M. College of the State of Texas. Most all of the community organizations that have been and are being formed in the State are adopting the same form, so that their several organizations will be along the same lines and they can eventually belong to the State Organization of Farmers.

We find excellent co-operation in this work, and as a very small illustration of what this organization will accomplish, I might mention a dipping vat which is owned by the community and working very satisfactorily. It is not necessary to mention the saving of time and cash in a venture of this kind and if you will talk with some of the farmers interested they will readily tell you of its many advantages. This organization has under advisement several projects they expect to undertake as they can get to them, and all of which will bring much benefit to the entire community in the way of financial assistance, saving time and a more satisfactory means of farming.

They plan to meet four times a year in regular sessions and have as many call meetings as necessary to handle the affairs of the community.

There can be no question but that now is the time for the farmers of the country to organize, so that they may speak as a body and their voice will be heard, not only at home but throughout the entire length and breadth of the land.

There has been much said about co-operative buying and selling, and many of the communities in different parts of the State have been successful in this line of work. However, I, as the County Agent of your county, do not advise outside buying as long as you can be treated fair at home, and I believe one of the most serious problems today is the fact that the town or city is too far away from the country that surrounds it and from which it gets most of its life. There will have to be a better understanding between the town and country people regarding the cost of production, labor and other items of production before very much can be accomplished, but the organization of the rural communities will be a great help in this, since they will be able to give more definite information in regard to the above. We hope in the near future, to be able to organize the farmers in other communities in the county and eventually have a general county organization, become members of the State organization and finally of the National organization.

I will be glad to discuss this work at length with all who are interested in the work and your co-operation and assistance will certainly be appreciated. C. QUINTAL, County Agent.
