### MISS BLANTON'S VISIT VERY MUCH APPRECIATED

The following articles, about the visit to Kerrville last week of Miss Blanton, were unavoidably omitted: Miss Annie Webb Blanton, State Superintendent of Public Instruction, paid the Public School and our citizenship in general a very high honor in coming to Kerrville to deliver the commencement address to the Class of 1920.

It was an honor, of which our entire community is justly proud, and the vast audience which greeted the speaker, the close attention which was given her address and the frequent applause with which the audience responded gave evidence of appreciation and the high esteem in which she is held in this part of the State.

The Parent-Teachers' Club of the Kerrville Public School gave an attractive and enjoyable luncheon in honor of Miss Annie Webb Blanton at the St. Charles Hotel on Saturday, May 21. The table was in shape of an "L," Miss Blanton occupying the right-angle seat. In front of her was the elaborate centerpiece of pink larkspur, sweet peas and asparagus fern in a silver basket, the handle of which was tied with a huge bow of pink maline. At each plate were corsage bouquets of the same flowers for the ladies and boutonnières for the men. Mrs. Henry Weiss kindly donated the flowers, and to her and Mrs. Wallace's due much credit for their artistic arrangement.

There were present at the table the club officers and active members, four members of the School Board, County Superintendent Judge Wallace, Mayor Wheeler, H. C. Geddie, Mr. and Mrs. Orion Procter, Mrs. Geo. Walker of Center Point and Dr. Fowler of the County Board. Mrs. Geddie presided as toastmistress with dignity and grace, and introduced the speakers in well chosen words. Mrs. J. B. Young, president of the Parent-Teachers' Club, responded to the toast, "Welcome to Our Honor Guest," in a cordial and sincere manner. Supt. G. C. Jones gave an enlightening talk on "School Legislation," which was listened to with interest. Miss Blanton came next with one of the most comprehensive dinner talks ever heard in Kerrville. Facts were interspersed with touches of humor in a delightful way. She spoke briefly on her career in public life, and gave logical reasons for the failure of some of her plans to materialize according to outline, and swept away any unfavorable criticism that might have been made. She spoke of the necessity for the amendment to the Constitution in order to raise a sufficient amount of money to conduct the schools of the State, and after lauding the State for many things, she spoke with deep regret of the inadequate educational provision Texas being one of the richest States in the Union and ranking fourth from lowest in its educational measures. She called attention to the fact that the teachers' salaries were not sufficient to meet the increased cost of living, and that the vast majority of them were going into other fields. She urged that the people importune the legislators to vote for the amendment in order to avert the impending catastrophe.

After Miss Blanton, Judge Wallace was called upon to give a toast to "The Educational Work of Miss Blanton," which he did in his own inimitable manner, paying high tribute to her methods and success. Mayor Wheeler spoke forcefully, commending the "Work of Women in

State Affairs." Mrs. Geo. Walker, president of the Center Point School Board, concluded the program. She expressed appreciation of the occasion and admiration of the guest of honor.

The committee in charge of Miss Blanton's entertainment were Mrs. Geddie, chairman; Mesdames G. M. Doyle, Lee Wallace, Henry Weiss, J. S. Wheelless, H. Schulze, Jim Rees and Mrs. G. C. Jones.

### NEW RAILROAD TO SONORA WILL START CONSTRUCTION WORK SOON

San Antonio Light: Preliminary work in the construction of the San Antonio, Rocksprings & Western Railroad is to begin immediately, according to a statement issued by W. L. Williams, vice president and general manager of the company, after the conclusion of a consultation between Col. L. P. Featherstone, who is largely financing the company and in charge of the actual building of the road, and P. G. Lucas, second vice president. This railway is to extend from San Antonio to Sonora, Sutton County, a distance of 200 miles, and is to connect with the Orient at that point.

A deal is pending. Mr. Williams states, between the holding company and the National Bank of Commerce for the acquisition of a tract of land, comprising 160 acres in the Lady of the Lake Gardens, on which are to be constructed the railroad terminals. A noteworthy feature, Mr. Williams adds, is that construction of the road is to begin simultaneously at both ends of the line. When that strip of roadbed connecting San Antonio with the Medina Lake is completed, Mr. Williams says, three electric trolley cars will be put in service, making about two-hour service between the city and the lake.

Col. L. P. Featherstone, who is mainly responsible for the launching of this enterprise, besides being the chief executive of two steel companies, the Louisiana Steel Company and the Texas Steel Company, is general manager of the Port Boliva Iron Ore Railroad. He says the proposed railroad will render invaluable service not only to San Antonio but to all the towns located along its course.

Complimentary to Mrs. Hollar

In compliment to Mrs. Roy Hollar of Dumont, who was formerly Miss Rosita Holdsworth of this city, the ladies of the Methodist Church entertained with a lawn social Tuesday evening of last week.

Many diversions had been planned, one of the most unique of which was an acoustic telegram to the bride. On the back of the cards were found pictures of various articles useful to the housekeeper. The guests were instructed to advise Mrs. Hollar as to the best use of these articles. Delicious cream and cake were served to about thirty guests.

### Dixie Adds New Equipment

Manager Eby of the Dixie Theater states, that in pursuance of his policy of furnishing his patrons with the best possible service in the picture show line, he has just purchased two new motor-driven Power's 6B projectors for immediate delivery.

These machines, which are the very latest improved models and acknowledged to be the finest projectors on the market today, he hopes to have here and installed within the next two weeks, and the Dixie will then be able to boast a projection equipment equaled by few theaters in the State and excelled by none, even in the larger cities.

#### TRADE AT HOME

Trading at Home forms a financial circle of universal benefit to a community. It propels the circulation of Home Money in Home Channels touching every individual, every home and every business institution in the community. It increases the per capita cash allotment available to every man, woman and child in the community.

This benevolent circle, although not at all mysterious, is hidden from the view of unthinking people, but it shines clear and brilliant to the eyes of the thoughtful.

them. The Schreiners have been very liberal in their support of our schools. I wish to make special mention of L. A. Schreiner, who has contributed so generously to every form of school activity.

My stay in Kerrville has been pleasant and profitable to me, and I shall leave with a heart full of gratitude for her people. Words can't express my appreciation for the useful and handsome token of respect and esteem, which was symbolized in such a materialistic and impressive manner in the school auditorium on the last day of schools by pupils, teachers and janitor. Suffice it to say that you will ever have a large place in my memory.

I should like to be the friend to you that you have been to me, and should an opportunity ever arise where I can render a friendly service for Kerrville I shall deem it a special privilege and pleasure to reciprocate.

Sincerely yours,  
G. C. JONES,  
Ex-Superintendent Kerrville Schools.

### ATHLETICS PUTTING KERRVILLE ON AMATEUR BASE BALL MAP

Kerrville Base Ball Park, Sunday, May 30.—Kerrville is on the base ball map right this season and the entire amateur base ball world of Southwest Texas has its eye on the Athletics. The home team annexed another victory to their long string of wins when they handed the undefeated nine of the Household Furniture Company of San Antonio their first defeat of the season by the count of 3 to 1.

Schultz pitched a great game for Kerrville, letting the visitors down with only two hits and striking out six sluggers, while his support was in style with the big leaguers. McMellan, for the Households, also pitched a good game, whiffing eight batters and his bunch fielded a classy game behind him, but the hard-hitting Athletics connected with his shoots for seven clean ones.

For seven innings Schultz and McMellan staged a sensational pitchers' duel, and the game was probably the best contest seen at the local park for several seasons. The large crowd was entertained to the limit by the flashy fielding and spectacular plays on both sides. The umpiring of Garrett and Trimble was a feature itself, which made the game so much more interesting.

The Fred Hummert "All-Stars" of San Antonio will cross bats with the Athletics on coming Sunday. Their nine has only been organized recently but their record is equal to the best of the Alamo City.

### WOOL PRICES ARE LOWER; NO BIDS WERE RECEIVED

A. C. and L. A. Schreiner went to San Antonio the first of the week to meet seven or eight wool buyers from Boston and Philadelphia, who were expected to be received on the wool stored at Kerrville in warehouses of the Schreiner Wool and Mohair Commission Company, amounting to more than one million pounds. However, not a bid was received, nor is it known how soon any bids will be made.

It appears, that recently, the English government put on the market at Boston quite a quantity of Australian wool, which was sold at from 20 to 30 per cent less price than wool had formerly been bringing, and this of course affected the price of wool in the United States, bringing the price down and also causing the manufacturers to withdraw from the market until they could ascertain how much lower the price would go.

The Schreiner Company does not buy much wool, but advances money on it or keeps it in warehouse and stores until they find a satisfactory market for same. A reasonable sum is charged for storage and commission for handling and selling. By the fair dealing and careful marketing of the wool, the Schreiner Company have built up one of the largest wool markets in Kerrville to be found in Texas.

Of course, this reduction in the price of wool is going to amount to a considerable loss to a number of growers in this section, and another disadvantage of the situation is the uncertainty of when the conditions will be improved.

Cotton had already begun to gorge the market, and information reaches here that the warehouses at Houston and Galveston have discouraged the sending of any more cotton to either place while no money will be loaned on it just now.

In addition to the more than one million pounds offered for sale by the Schreiner Company, as agents, there is over a half million pounds to come in yet. This represents a large amount of money tied up in wool that is owned by people in this section, and it is to be regretted that such a condition has arisen.

#### INSTITUTE EXERCISES HIGHLY CREDITABLE

The seventh commencement exercises of the Notre Dame Institute were highly creditable and much enjoyed by the large audience that witnessed them. The instruction and training showed to have been efficient and painstaking by the demeanor and proficiency of the pupils.

An article by Father Kemper, published elsewhere in this issue, gives an account of the commencement exercises.

#### Warburton-Childs

W. B. Childs of this place and Miss Mavis Warburton of Victoria were married at the home of the latter last Saturday May 29th. Mrs. J. Williams of Kerrville was one of the out-of-town guests for the wedding.

The groom is employed in the grocery department of the Charles Schreiner Company, and the happy couple will make their home in Kerrville. The Sun joins in best wishes.

### FIFTEENTH SESSION WEST- MINSTER ENCAMPMENT

The Westminster Encampment will in a few days begin its fifteenth session on the beautiful grounds east of town. The grounds are being prepared and Manager J. J. Delany of Sherman will arrive with his family and a number of helpers on Saturday, June 5th.

The cottages and dining room will be opened immediately and a large number of visitors will arrive before the 15th.

There has never been such a demand for accommodations this early in the season before. The business manager writes that all the cottages, including a number to be erected this season, have been engaged for July and August. It is quite likely that a considerable number of additional cottages will have to be erected to take care of the visitors.

The Christian Endeavor Summer School will be held from the 9th to the 16th of July, under the leadership of W. Roy Braz, State Secretary. A faculty of experienced teachers will conduct this school and it is expected that the noted Dr. Francis E. Clark, the originator of the Endeavor, will be present for two days.

The regular program of the Encampment will be held from the 5th to the 25th of August.

The speakers on this program will include the most widely known religious leaders of Texas and the South, as well as Dr. Wm. Hoge Marquess of White's Bible School, New York City.

#### RECEIPT OF KERRVILLE PETITION ACKNOWLEDGED

A petition was circulated at Kerrville recently, urging better support and improved provisions for the educational system of Texas, which was forwarded by T. C. Johnston, president of the City School Board, to Hon. M. E. Blackburn of Junction, Representative of this district in the Legislature, and the following letter received acknowledging the receipt of the petition:

House of Representatives, Austin, Tex., May 28.—T. C. Johnston, Kerrville, Texas.—Dear Tom: I am just in receipt of the petition signed by yourself and a large number of others relative to making better provisions for our Educational System, and am in accord with the sentiments and views expressed by you in your letter and set out in the petition, and shall take pleasure in rendering such service as I may be able to render for the accomplishment of this purpose.

With best wishes, I am,  
Sincerely yours,  
M. E. BLACKBURN.

#### Wheat and Oats

Henry Standt and son, Elmo, are preparing their outfit for the harvest of wheat and oats, and they say that the indications are for a much better yield than had been anticipated.

The last rains had in this section brought out the wheat and oats considerably.

## The Prize Winning Letter

WHY TRADE AT HOME?

Dear Editor:

We should trade at home primarily for the reason that the home merchant is our friend. It is he we look to in times of emergency. Should we not be willing to reciprocate?

At home we get better service, promptly rendered, and see what we are getting for our money, instead of "trading sight unseen," as do those who deal by mail.

Money spent at home comes back to us. Money sent away is gone forever, so far as we are concerned.

We expect the home dealer to buy our produce and to give us a market for whatever we have to sell. Why not treat him the same way and buy from him what we have to buy?

Self-interest, if nothing else, should prompt us to make possible a local market to sell and buy in, by giving the home dealer all reasonable preference.

**CATHOLIC CHURCH NOTES**  
By Father Kemper

The seventh annual Commencement of Notre Dame Institute took place in Washington Hall, the school auditorium, on Sunday evening. As on similar previous occasions, the school auditorium was taxed beyond its seating capacity. Decorations were carried out in the college colors of gold and blue, with a lavish intermingling of American banners. "Old Glory" formed the background of the stage.

This year the Commencement served also as a parish welcome to Mrs. Wm. Kemper, widow of him who founded Notre Dame. In her honor a greeting was delivered by Miss Meta Michon of the High School department, after the student body had sung a justly welcome. Two midgets of the primary grades presented the venerable old honoree with a beautiful bouquet, while other pupils chanted: "As Your Hair Grows Whiter We Will Love You All the More."

According to an unbroken local custom, the opening number was our country's national hymn, "The Star-Spangled Banner," and the grand finale was another patriotic chorus: "Is There Any Better Country Than the U. S. A.?"

The little boys had a difficult calisthenic drill, and the girls mimed an allegorical operetta relative to school close. Classical music was played by Miss Wilhelmina Mosel and Marie Rogers before and after the masterly monologues of the Michon sisters, Meta and Frances, whose memory is as remarkable as their oratory.

Among the awards there were many diplomas, certificates and pins from the Palmer Penmanship Co. of Chicago. The same outside authorities granted buttons for improvement to some 5-year-old pupils.

Although all the students of the Eighth Grade passed successfully the severe tests for entrance into the High School, on the verdict of San Antonio examiners, still Freddie Nyc is deserving of special mention, because he scored a perfect mark in all his subjects. Competition papers were submitted to non-resident judges and all credits were based on their decision, because Notre Dame is affiliated with the Catholic University of Washington, D. C., in its method of standardization up to the Twelfth Grade inclusively.

After the entertainment the visitors were invited to the Exhibition Room, where the students displayed their drawings, maps, copy books, penmanship, needle-work and Kindergarten handicraft. Many of these who inspected these patent evidences of the good work of our Sisters regretted that such a display can not be held at the County Fair to the credit of our community.

Closing exercises of the Mexican School will take place this Sunday at 7:15 p. m. The program, in English and Spanish, will prove a revelation to the majority of citizens who have not kept in closest touch with this big philanthropic undertaking. Admission is free to everyone.

This Saturday, from 5 p. m., the Guadalupe parishioners will celebrate the formal opening of their little Mexican Park by holding a community fiesta. National dishes, such as hot tamales, frijoles, etc., will be served at half price. All proceeds are for the treasury of the Guadalupe Society, which provides for various Christian charitable activities among the poorest of the poor. If you cannot attend in person, kindly help along the worthy cause by phoning your orders (No. 102) and delivery will be made for 10-cents extra.

Several colored children received their First Holy Communion in the Guadalupe Church on Trinity Sunday. This day closed the Easter season and recorded an increase of over 100 percent in the number of communicants.

On the previous Friday, Father Kemper performed his hundredth local marriage ceremony and coincidentally it was between two Catholic colored people.

A solemn Mexican wedding took place in the Guadalupe Chapel on Decoration Day, when Manuela Salas became the wife of Jose Galindo. Peter and Pauline Lemos, whose brother, Francisco, died on the battlefields of France, were sponsors at this function. In memory of our dead patriots, three of whom are indicated by golden stars on our service flag, the De Profundis was recited after mass. Provision was made through the Knights of Columbus in France to decorate the graves of our heroic dead.

Francisco Vargas, the Mexican laborer who was nearly killed on his return from the Soldiers' Tubercular Hospital by falling off the motor truck, has been transferred to our parish emergency room, known as the St. Vincent's quarters. This little adjunct of our parochial activities is a sort of lodging place for the penniless strangers, and an infirmary for the needy and helpless.

Messrs. McCoy and Richardson, two tubercular soldiers of the Sisters' Sanatorium in Boerne came in their auto on Tuesday with the Mother Superior and Sr. Bridgettine, formerly of Notre Dame, and also an invalid nun, Sr. Patrick, of a different religious organization in Brownsville. The visitors were astonished at the beauty and conveniences possessed by Notre Dame.

A surprise visit was paid by Mr. and Mrs. Frank Nitsch to Mrs. Chas. Mosel, mother of Ruth Nitsch.

Charlie Heinen and his sister, Mrs. Henry Wallace, called on Comfort relatives. The parents of V. J. McAteer, editor of The Comfort News, returned to their home in Louisville, Kentucky.

T. M. Scoggins of Houston has come to our cool mountain resort to spend the summer. Miss Genevieve Murray of the same city is a new arrival at Dr. Thompson's Sanatorium.

**PRESBYTERIAN CHURCH**  
W. P. DICKEY, Pastor

The regular services will be held in the Presbyterian Church next Sunday.

The Sunday School is enjoying a steady growth in numbers and interest and it is the purpose of the officers and pupils to reach a full enrollment of all the children and young people who should worship with this congregation. If you are not attending Sunday School you will be cordially welcomed. Come Sunday morning.

At the 7 o'clock meeting of the Senior Christian Endeavor the newly elected officers, Miss Minnie Dieter, president; Miss Ruth Garrett, vice president; and Miss Marguerite Henke, secretary, will be installed.

Visitors to our city are especially invited to attend our services and worship with us.

**EPISCOPAL CHURCH**  
Rev. G. M. Macdougall, Rector

Last Sunday morning this church was filled to overflowing. Chairs were placed in every vacant part of the building and out on the porch at the entrance. The occasion was the annual sermon to the Scofield School graduates. The Rector, Dr. Macdougall took for his text Judges 4 and 14. "The Lord has gone out before you." These words were uttered by Deborah, the Prophetess of Israel, and it was pointed out that the place this woman held was remarkable in that day and age, when women were held so much in subjection.

Mrs. Scott Schreiner sang the Offertory Solo, "I Heard the Voice of Jesus Say." This was rendered as richly as the singer can render it with the right, pure tones and "vibrata" expression in which Mrs. Schreiner excels.

The three graduates were the Misses Florence Scofield, May Louise Schreiner and Alice Magruder, all members of the Episcopal Church. As the school marched in they formed a very striking picture, all in white. The three graduates were each accompanied by a little maid of honor, carrying flowers. The faculty of the school took up the rear. The rector paid a high tribute to the distinguished work of this institution, which reflected highly on the principal, Miss Sarah Scofield, and her staff.

The choir sang Jackson's "Te Deum" in F, and the customary chants for Morning Prayer.

Mrs. J. B. Young presided at the organ with her customary efficiency.

**EVERY FORMER SERVICE MAN SHOULD READ THIS**

Former service men are notified by Director R. G. Cholmeley-Jones of the Bureau of War Risk Insurance that a new official circular of information, listed as "LD-9" and entitled "New and Liberal Features of War Risk Insurance," is now issued.

The text of this bulletin is based upon the latest amendment to the War Risk Act, which permits payments in one sum on converted insurance in case of death, and enlarges the permitted class of beneficiaries in the case of both War Risk (Term) and converted insurance.

The circular is printed in booklet form, illustrated by charts, and has an index by the use of which any ordinary question about Government Insurance may be readily answered. A copy of the booklet may be obtained by writing to the Bureau of War Risk Insurance, Washington, D. C., or upon application to organizations of former service men and welfare organizations, co-operating with the Bureau of War Risk Insurance.

Former service men whose insurance has lapsed or been canceled, and who wish to reinstate it or convert it, or to effect both these processes at the same time, are advised to secure a copy of the official form described as "LD-9." "Good News for All Ex-Servicemen," which is a combination of information sheet and reinstatement and conversion blanks, the latter to be filled out, detached and mailed directly to the Bureau.

Regardless of how long a service man has been discharged or how long his insurance has lapsed or been canceled, he may reinstate his War Risk Insurance at any time before July 1, 1920, or within eighteen months after his discharge, if that be a later date, and upon payment of only two monthly premiums on the amount of insurance he desires to reinstate, with a satisfactory statement of health.

**FIRST BAPTIST CHURCH**  
J. B. HOLT, Pastor

Another great day has gone into history and the Baptist cause has been greatly put forward. The Sunday School Institute was splendid in every feature of its program. The Specialists were on the job in an admirable way. The only regrettable feature of the whole thing was the fact that some of our officers and teachers could not attend. To bring a great Denominational Expert into our midst and then not hear his message is not good economy.

The regrading and reorganization of the Sunday School at the morning hour was done in a masterful way by Brother Phillips, and our teachers and officers co-operated beautifully. We are now on the right basis to build a great Sunday School. The Lord help us to be faithful.

The Fifth Sunday Meeting of the Medina River Association was transferred from Reservation to Kerrville on account of the Sunday School Institute. We were glad to welcome a number of our workers from different points in our territory. Speaking of volunteers for Sunday School work, the pastor desires to say that he never saw a more willing people in all his life. Very few said no when asked to accept a responsibility and those who did decline did so because they just had to. That is the kind of folk great churches are built of. Our Bible School will now grow to the limit of its Baptist possibility we are all hoping and praying.

On or about the 8th of June, Dr. J. L. Gross of Dallas, our State Enrollment Secretary, will be with us for a few days enlistment work. Let every one get ready for this significant event. It will be next week, remember.

The Sunday School Council will meet at the church Friday at 8 p. m. This will be a very important meeting. We are putting over a task worth while.

Let us have a great day Sunday.

**METHODIST CHURCH NOTES**  
ROY T. HOUTS, Pastor

Next Sunday morning at 11 o'clock Sunday School Day will be observed. Remember that every class in Sunday School will be called upon to take part on the program. See to it, teachers, that your class is represented. If the program is a success it depends upon your support and loyalty. We hope that all the members of the church will be present for this service, and all the strangers and visitors of the town are cordially invited to attend.

The Sunday evening preaching will begin at 8:15. We hope there will be no further misunderstanding on the part of any one about the services. If you will watch the notes you will always know about the service. It is an easy matter to find out whether there will be preaching service or not. You need not stay away any more, thinking the pastor will be away. There will be some kind of service, unless otherwise announced.

The Senior League meets at 7:30. The program is interesting helpful and one that you will enjoy. Come and be with us in the League. We need you, young man and woman, and you need the League. We hope that every boy and girl who are members of the church, at least, will be a member of the Senior League. It will help you wonderfully in your Christian life. Come and get in the harness. It will do you good and you can do some one else good.

**CHEERFUL WORDS**  
For Many a Kerrville Household

To have the pains and aches of a bad back removed is to be entirely free from annoying dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Kerrville readers.

Mrs. H. J. Moore, Water St., Kerrville, says: "I consider Doan's Kidney Pills a splendid remedy. They have benefited me when my kidneys were out of order and I had dull headaches and felt dull and run down. The action of my kidneys was irregular. I read of Doan's Kidney Pills and used them as directed, and they were just the thing to regulate my kidneys and relieve the backaches. I gladly recommend Doan's to anyone in need of a kidney remedy."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moore had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## PILING UP HAPPINESS

DOES each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your horn of plenty to the brim with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for success is as true now as when it helped build the fortunes of our pioneer railroad builders, manufacturers and promoters.

Applying it on a small scale in your own way will bring you results in proportion.

#### PUBLISHER'S NOTICE

With the last issue of The Mountain Sun, Orion Procter, who has been connected with The Sun for the past eighteen months as local manager and editor, severed his connection with this paper. During his connection with The Sun, Mr. Procter has devoted his best efforts towards the publication of an up-to-date weekly paper, one that stood for the best interests of Kerrville from a religious, educational and moral standpoint, and the management regrets his decision to leave the employment of the company.

J. L. Tullis, formerly editor of The Oil Belt News, Eastland, Tex., has been placed in charge of The Sun office, and the management will appreciate any courtesies shown him. He is a well known newspaper man and comes to us with the best of recommendations. It will be his desire to be of real service to the readers and patrons of The Sun, and your cooperation with him will enable us to give you what we hope to do at all times, a real live, up-to-date newspaper.

This is an important period in the life of Kerrville; many good things lie within our grasp, and The Mountain Sun stands ready to join hands with the progressive business men in an effort to make the Hill Country the pride of every citizen here.

#### A PERSONAL WORD

The writer, who with the last issue completed his work on The Mountain Sun, desires to express his appreciation of the kindness of the subscribers and other patrons of the office during his nearly two years' connection with it. He has made misapprehensions there, now so better than he takes. None know so well how he has regretted them. But they have not been intentional. He has not "set down" anyone. He has not "held" anyone in malice nor with "st. Often items of public interest which he had decided not to publish, he should not rather than he, that matter, should appear in print, the Linotype, absolute refusal to "go" without a round current to make the wheels go. But taking it all in all it has been a pleasant task, albeit a hard one, to press one, to get out a paper, to see so good a people. Most of you know, of course, that this writer had no control over the editorial policy, which of course comes from Mr. Terrell. But the news columns I have striven to make acceptable, and very much appreciate the kindly spirit of helpfulness in which the people have aided in this particular.

Hoping to still be permitted to serve the community in other ways, and with kindly feelings for one and all,  
ORION PROCTER.

#### STILL DIGGING TAXPAYERS

Texas is facing a deficiency bill of \$750,000, according to W. R. Nabours, chief of the division of estimates and appropriations. Before this special is over the deficiency bill will make a million look like three dimes. That Texas needs some real business men at its head is a fact that can not be disputed. It is estimated that more than 500 surplus clerks and department heads are on the payroll at Austin, while there are scores of departments which could be consolidated with other departments doing similar work.

On a summer day it is said more clerks and department heads can be counted on the banks of Lake Caddo fishing than in the State Capitol. We are not knocking fishing, but these servants of the taxpayers might do more work and lessen the number who keep Texas drained of tax money.

Bathing is fine and ideal spots along the beautiful Guadalupe River abound for this healthful sport.

Kerrville has a most excellent flour mill and its products compare favorably with the best. Always give home institutions the preference, as well as your local merchants.

Kerrville merchants carry large and varied stocks, which they sell as reasonably as the high first cost prices permit. By giving home merchants the preference you assist in the upbuilding of Kerrville.

Tourists are passing through Kerrville daily in droves, and many tarry longer than they expected, after they view the lovely scenery, enjoy the cool nights, drink the pure artesian water, fish in a pretty stream where real fish actually grab the hook, and one can bathe to their heart's content.

Kerrville should have dozens of two, three and four-room cottages for rent to the many people who would come here if such conveniences existed. The hotels and boarding houses furnish most excellent accommodations, but many prefer to have small cottages and they go where they can be had, though the location may not be so desirable a place to spend a vacation as is Kerrville.

The negro does not seem to fare much better before the National Republican Committee than he did recently among the "Lily Whites" in Texas. Go ahead, maybe the negro will learn some day that the Republican party never was his friend except for the vote he could give in doubtful States, and now, since he has ceased to cut much figure there, is looked upon as a detriment.

Kerrville is a pretty little city, and it can be made more beautiful. Keep the weeds cut along the streets and off vacant lots. Also insist that premises occupied be kept neat and attractive. This will be of material benefit to the city, as the visitors will notice the cleanliness and remark about it after leaving Kerrville. This is one of the most healthful spots in the United States, so everything that will add to the improved sanitary condition of the city should be done without urging.

The investigation into expenditures of presidential candidates, started by Senator Borah, who desired to embarrass the wealthy aspirants and those who had rich friends willing to spend their money, to aid his friend, Senator Johnston, of California, seems likely to not only eliminate these Republican candidates who have been so free with money, but also will rebound and knock out Senator Johnston, because his friend Borah started the disturbing investigation. There is also resentment on the part of the "old guard" Republicans, who fear the investigation will throw suspicion on any candidate the Republican National Convention may nominate.

#### MANY OF OUR PEOPLE ARE VERY IMPROVIDENT

The business of getting ahead requires close personal attention. It is an important business.

The following statistics given out by Dinsmore W. Hume, Federal District Director of the Government Savings Division, are significant. Each is a sermon on thrift and saving:

Ninety per cent of the business men in the United States reach old age without an adequate income.

Nineteen out of twenty people fail to provide for old age or their families.

Thirty-five per cent of the widows in this country are in want.

Ninety per cent of the children in the United States must leave school to go to work before reaching the eighth grade.

Eighty per cent of the adult population in the United States leave no estate at death.

One or more War Savings Stamps invested in every pay day will help make any one's business of getting ahead a success.

#### K.M.S.— Splash Party

Mrs. Magruder of San Antonio entertained Monday evening at Lakeside Park, honoring her daughter, Miss Alice Magruder, one of the charming graduates of the Scofield School.

The guests arrived at 7:30 o'clock and most of the party went in for a swim, after which they all gathered down on the river bank for lunch. A color motif of green and white was carried out in the baskets, favors and refreshments. The couples matched up by means of animal cookies. Then each couple were given a basket made of green and white crepe paper. Tied to the handle of each was a paper which gave directions how to serve the lunch. The favors in the baskets were a bathing doll "For a Good Girl" and a little memorandum book "For a Good Boy." Then the desert was served on separate plates, the favors on these being a miniature corsage bouquet for the girls and a little rose bud for the boys. After the lunch the guests enjoyed different games. Two egg blowing contests were held, the prizes of which were a basket of cookies and a basket of candy. The guests departed about 10:30 o'clock.

Mrs. Magruder's party was one of the most charming parties that has been held for the younger set this season. The personnel of the party included Misses Florence Scofield, Billie Schreiner, Dorothy Doyle, Yolande Robinson, Willie McCamly, Margaret Thorburn, Ruth Garrett, Ted Mason, Virginia Priest, Stowell Barnett, Helen Santos, Jane Scofield and the honoree, Alice Magruder; Messrs. Merrill Doyle, Hal Peterson, Eugene Shekell, Charlie Kusel, Dalton Magruder of San Antonio, Cecil Robinson, Aloise Renschel, Jimmy Brooks, Payne Williamson and Fred Smith; Mrs. Howard, Miss Scofield, Miss Rushfeldt, Miss Lipscomb, Mrs. Hartwell, Miss Hartwell, Mrs. Flanders, Dr. and Mrs. E. E. Palmer, Dr. and Mrs. Macdougall, Mr. and Mrs. L. A. Schreiner, Mr. and Mrs. Lee Mason and the hostess, Mrs. Magruder.

#### K.M.S.— Comfort Chat

News, May 28: The meeting of the Comfort Farmers' Institute last Saturday evening was the last which the organization will ever hold, as the members decided to give it up and affiliate with the Cypress Creek Council of Agriculture and Home Economics.

The reinforced concrete bridge across the Guadalupe River at the Cherry Creek crossing was practically completed Tuesday at midnight. Contractor Otto Meyer poured the last section of the floor slab. This bridge will be allowed at least twenty days to season before being opened for travel. So, no one need expect to use it earlier than June 16.

Last Sunday Fritz Stieler took his famous wolfhound down to R. M. Flach's ranch below Waring and staged a wolf hunt. They failed to find the old wolf but succeeded in running down and killing five wolf pups of good size. On the following day they had an exciting chase after the mother wolf, but she finally got away from the dogs. Only a couple of months ago Fritz trailed a wolf to her den on Giles Ranch and caught an entire litter of six pups, and last year at practically the same place he captured a litter of seven.

Mr. and Mrs. Gott Voigt returned to Comfort Saturday after an absence of six years, they having left here in May, 1914, for a short visit in Germany. The breaking out of the war, however, prevented their leaving when they had intended, and the prolongation of the great conflict kept them in Germany until about one year ago when they managed to get over into Holland. Passport regulations kept them there with little prospect of getting back to America, until friends here at Comfort took up the matter with the U. S. Department of State, and arranged for their return.

#### K.M.S.— NEW BOOK

By Stock and Poultry Expert.

A new book, entitled "Care and Treatment of Stock and Poultry," has just been published by Dr. L. D. LeGear, notable Veterinary Surgeon, who graduated from the Toronto, Ontario, Veterinary College 27 years ago, and has since devoted his entire life to Veterinary Science and Poultry Husbandry. This book contains 128 pages of up-to-the-minute data on the care, symptoms and treatment of stock and poultry. It is divided into departments—horses, cattle, hogs, sheep and poultry being taken up. It is very complete with charts and illustrations, and is a book that should be in the home of every live stock and poultry raiser in the country. The price is only 10 cents. Get it from your dealer or send a dime to Dr. L. D. LeGear, 1700 North Broadway, St. Louis, Mo., stating that you are a subscriber to this paper, and he will send you a copy direct.

**G. C. FULLER OF CENTER POINT  
MAKES COMMENDABLE RECORD**

Austin, May 29.—Grady Carlyle Fuller of Center Point, who was with the P. B. Brooks Company on levee and drainage engineering work at Cooper in the summer of 1918, has served this year as student assistant in physics at the University of Texas. His work consists of grading the daily problem sheets for a section of about 200 students. Mr. Fuller says that this work is agreeable and instructive, since it is a review of the work done in the first year. He says of the work in physics at the University: "Physics is not only a very interesting course of study, but also a very instructive one, for it helps us to understand and appreciate the causes and effects of natural phenomena that are all about us. In order to really appreciate and understand the beauty and mysteries of nature, we must study her laws. We come to realize how necessary to human existence are the laws of gravity, the conduction or transmission of heat, etc. Most of us take nature's laws as a matter of course, because they are so commonplace and familiar to us that we do not realize their significance. However, it is only when we understand these laws and are always conscious of them that we can better understand and reverence the wisdom of Him who made and controls them."

"The equipment of the School of Physics at the University of Texas is very satisfactory and we cannot hope for better instructors than those who now compose the faculty."

Mr. Fuller's work has been appreciated by the following honors, which have been bestowed upon him: Member of Ramshorn Literary Society, of which he was president in the spring of 1919 and secretary in the fall of 1919; member of the Tau Pi, national honorary engineering fraternity; member of the Texas Society of Civil Engineers; member of the Newman Club; member of the Pteropod Social Club, of which he has been president this year; member of the North American Association of Engineers; member of Longhorn Band, in which he made a tour of North Texas this year, and of which he is secretary; presidency of the Senior Engineers during the fall of this year; membership in the Students' Assembly from the Junior Engineering Class 1919-20, and from the Senior Engineering Class, 1919-20; captain of the engineers' intramural base ball team during the years 1918-19 and 1919-20, and Junior Engineers' speaker on class day, 1919.

Mr. Fuller will take the degree of Bachelor of Science in Civil Engineering in June, 1920, and will go into highway engineering and construction work.

Mr. Fuller is well known in Kerrville.

**A CHAPTER FROM GERONIMO**

By HARRY HAMPTON WILLIAMS

In the closing years of his life, Geronimo, the Apache, whose career was marked by a trail of blood, repented deeply of his crimes. He often said the murder of the baby, as depicted in this poem, filled his life with grief. Geronimo died in captivity at Fort Sill, Oklahoma, where the author of this poem visited him.

We were riding down the ranges, and oh, our road was red!  
We had sworn the white should follow by the finding of the dead.  
The price of blood was hanging over each Apache head,  
And oh, we slew and slew!

Our voices screamed to heaven with the rage that hating brings,  
Our eyes were red with murder and our knives were gleaming things,  
And our hands were often redder than the red flamingo's wings,  
By the deeds they found to go.

The lonely herder's far dug-out we left a tattered nest,  
We left the herder lying with the heart cut from his breast,  
It was meet that death should find him in the red man's crimson west,  
And on we shrieked in glee.

A blue-eyed cowboy sang a song far down a purple glen,  
A song of drink and women and of Western shooting men,  
I cut his tongue out when we left him—and he never sang again!  
And the stars came out to see.

An aged woman, dim of eye, with hair of faded gray,  
We slew beside a settler's door at breaking of the day,  
Oh, the cruel things we did, it hurts my heart to say!  
And the sun rose like a flaming wheel of fire.

The settler and his singing wife were at the cattle pen,  
Our moccasins were stealthy and we struck to slay again,  
Oh, the white and ghastly woman, and the leering, painted men!  
The world ran reeling round us in a mist of red desire.

A baby lay within the house and kicked a dimpled heel,  
I lifted it and tossed it and it made a tender feel,  
It smiled upon me as I tossed it, but I slashed it with my steel;  
Oh, our hands were swift to murder on that ride!

Those crimson days are over and a captive yoke we bear,  
The white man sets us kindly bonds with every friendly care,  
The fires of peace are glowing softly in the purple evening air,  
The flames of hatred once we held are long denied.

The creek of Little Medicine goes rippling down below,  
The sunset fires are flaming o'er the West I used to know,  
The gloaming sounds from old Fort Sill are droning soft and low,  
The winds are sweet across the eventide.

The beady-eyed papooses romp along the edge o' day,  
A ring of love is round them all and holds them safe at play,  
No death is skulking for them there, no hand is raised to slay,  
A clutch of pain is on my heart that ever must abide.

A flute-note comes a-blowing through the silvery dusk and dew,  
A vision rises to me and a sorrow stabs me through,  
The white papoose that smiled to me, the baby that I slew!  
Oh, the burning, burning things we wish the heart might hide!

### Who Pays the Fiddler?

There is an old saying that "Those who dance must pay the fiddler." The same thought applies to other things as well.

For example, we have here a homelike community which we all appreciate and enjoy. But what would happen to our pleasant community if we all stopped replenishing the fund out of which the expense of upkeep is taken? Our community would soon go to rack and ruin so that we should be ashamed to call it our own.

For every dollar that is sent out of town, somebody has to pay more taxes, because that dollar has gone to do its work elsewhere. The dollar spent with a local dealer pays its share of the cost of local improvements, helps to reduce your taxes and to make your home enjoyable.

## GRIDDLE CAKES and WAFFLES

From the NEW ROYAL COOK BOOK

**There is an art in making flapjack pancakes, griddle cakes or waffles, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.**

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

**Royal Hot Griddle Cakes**  
2 cups flour  
1/2 teaspoon salt  
4 teaspoons Royal Baking Powder  
1 1/2 cups milk  
2 tablespoons shortening  
Mix and sift dry ingredients; add milk and shortening; beat well. Bake on slightly greased hot griddle.

**Griddle Cakes with Eggs**  
1 1/2 cups flour  
1/2 teaspoon salt  
5 teaspoons Royal Baking Powder  
2 eggs  
1 1/2 cups milk  
1 tablespoon shortening  
Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

**Buckwheat Cakes**  
2 cups buckwheat flour  
1 cup flour  
4 teaspoons Royal Baking Powder  
1/2 cup milk  
1/2 cup water  
1 tablespoon molasses  
1 tablespoon shortening  
Sift together flours, baking powder and salt; add liquid, molasses and melted shortening; beat three minutes. Bake on hot greased griddle.

**Waffles**  
2 cups flour  
4 teaspoons Royal Baking Powder  
1/2 teaspoon salt  
1 1/2 cups milk  
2 eggs  
1 tablespoon melted shortening  
Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

## CASH-AND-CARRY GROCERY

Let Your Dealer "Show You"

It is a very prevalent custom, to order goods by the "quarter's worth," or "half dollar's worth," but the custom is not a good one. It is much better to order by the pound or the yard or the gallon. Then, whether you have asked the price or not, your bill will show the price per pound, yard or gallon. In addition thereto, you can very easily verify the measurements or weights thus given whereas if you simply order "two bits' worth" or some other equally indefinite amount, it is very difficult with the means of weighing or measuring available in the ordinary household, to ascertain whether fair measurement or weight has been given, even if you know the price.

Now do not understand us to mean that it is usually necessary to weigh or measure your purchases. Upon the contrary, we do not believe that there is a merchant in Kerrville who would intentionally "short" a customer, but if there is, the system which will show him up, is a good one. Our plea is made however, for the sake of the honest, aboveboard merchant, who gives you absolutely honest measure.

In these times of high and higher prices, you very often have the thought, "that is a mighty small dollar's worth," and, tucked away somewhere in the back of your mind, is a half formed suspicion that the weight or measure is unfair.

Don't you see that you owe it to the merchant, if he has been fair, to verify his measurement and remove that suspicion, and if he has not been fair, you owe it to yourself to prove it and stop dealing with him?

Intelligent buying will ring the death knell of rascality, if it exists, and justice to the public and to the honest merchant alike, demands that it shall be done.

Walton-Terrell

Milton Terrell and Miss Nannee Walton were united in marriage on Thursday, May 20th, 6 p. m., at Lott, Texas, at the home of Mr. and Mrs. E. R. Holloway, the bride's cousin. The groom is the son of Mrs. J. M. Terrell and is a well known Kerr County boy. The bride made her home in the Hill Country for a short while and made many friends while here.

The young couple left the following Saturday for Dallas, where the groom has a position. Their many friends wish them every happiness.

## Our Policy for Half a Century

When Thrift perches on the window sill, Extravagance walks out through the door. For it is a well known fact that Thrift and Extravagance cannot breathe the same air; it is impossible for both to exist under one roof at the same time; one must choose 'twixt the two. Which is preferable? Extravagance, that sees no further than the sundown of today—or Thrift, that offers the supreme satisfaction of seeing "rainy-day insurance" accumulate, and the future well provided for? This store has chosen Thrift. Hence its policy of "selling what is best, with price the second consideration." It is this policy of economy that has created the powerful incentives of "greater values" for the money—incentives that are saving many dollars.
