AND ADVANCE

The Mountain Sun, Established 1884  
The Kerrville Advance, Established 1912

Consolidated March 1, 1919

KERRVILLE, KERR COUNTY, TEXAS, FRIDAY, JANUARY 27, 1922

VOLUME 39  
NUMBER 5

## ROAD BUILDING STARTED; WILL BE RUSHED RAPIDLY

Quite a force of road workers have been engaged in road building on the new proposed highway from the Kimble County line to Kerrville. There has been more than a mile already graded, and the work will be pushed more rapidly as soon as the large amount of road building machinery and crews arrive from East Texas that are to assist in the construction.

The building of this highway will be the means of putting a considerable amount of additional money in circulation in this section, which will materially assist in keeping up our trade.

The special Road Commission will probably secure the services of an experienced road man and have the work done on the other roads provided for by use of home men, teams and machinery.

The contractors for the building of the highway up Johnson Creek are giving employment to some local people, and it is said will utilize about all the available help they can secure in this section. It is to be trusted that this will be done, as it is due us, and would be of considerable benefit locally.

## MUSCLE SHOALS HOLD MILLIONS IN WEALTH IN LATENT FORM

BY CLAUDE R. COLLINS  
U. S. Staff Correspondent

New York, Jan. 21.—Muscle Shoals is the greatest hope of the entire South, part of the East, a certain benefit to the entire Nation in peace and an assurance of national security in time of war.

At a point in Northern Alabama, a few miles from the Tennessee line are Florence and Sheffield, two small cities; about three miles west is Tusculum. The three have a combined population of but 20,000. At this point the Tennessee River, formed by the confluence of the French, Broad and Holston Rivers, in Tennessee, flows to the northwest where it empties into the Ohio at Paducah. Between Sheffield and Florence the river has cut deep into its banks. Its bed for thirty-five miles is solid rock and in this distance is a fall of nearly 150 feet.

### This is Muscle Shoals.

When U. S. Took It Over

Not until the United States was in the midst of the World War and hastily needed an immense explosive manufacturing plant were efforts for the development of Muscle Shoals successful. Quickly the Government appropriated \$20,000,000 for construction of a dam across the Tennessee River at Muscle Shoals. This is now known as Wilson Dam. It was to furnish power for a great nitrate plant for manufacturing explosives. Last June, with the dam one-third complete at a cost of \$17,000,000, work on it ceased.

For the location of this plant the Government secured reservation of 1,700 acres. Then began building of Nitrate plant No. 2 across the river from Florence, the most costly of the Government's undertakings at Muscle Shoals. This plant cost approximately \$75,000,000. It extends over 2,200 acres. No. 2 has a capacity of 300 tons of ammonium nitrate a day.

The Government expended a total of approximately \$110,000,000 on the entire Muscle Shoals project. Investigation of the great undertaking has as yet failed to mention graft or misuse of Government funds.

### Government Quits

Last June, excepting for a force of 175 men guarding the property, the Government ceased interest in Muscle Shoals. It was closed. This is the status of Muscle Shoals today.

Realization of the immense possibilities of the plant when finally constructed has led to several offers to the Government for the property. None of these, excepting that of Henry Ford, has been of a nature sufficiently business like to interest the War Department.

Ford has offered to buy the nitrate plants for \$5,000,000; to pay the interest on nearly \$30,000,000 in property and amortize the debt in 100 years. He further offers to lease Wilson Dam and dam No. 3 on completion for the manufacture of fertilizers for 100 years. Ford's proposition is based on the estimate of engineers that remaining work will cost the Government \$42,000,000.

Army engineers say this cost will be \$53,000,000.

It is this difference of \$11,000,000 that is causing Secretary Weeks to delay action. As the matter stands Ford must increase his offer or Congress must approve a compromise deal.

### Fourfold Enterprise

Muscle Shoals is a fourfold proposition. First, its completion means the erection in Southern States of a water power plant second only to Niagara Falls and establishment of an industrial and agricultural area which will equal any in America.

Second, Muscle Shoals means operation in peace time of a fertilizer plant that many revolutionize farming in the South and East.

Third in importance will be the long sought opening for navigation of the Tennessee River, connecting the Southeast with the Mississippi Valley navigation system.

Fourth is the national security offered by Muscle Shoals in war. The nitrate plant user for fertilizer could be converted in three weeks into the most gigantic plant for the manufacture of explosives on the globe.

If Henry Ford fails to obtain Muscle Shoals there is, of course, the possibility of the Government resuming its construction and operation.

Should Ford's offer finally be accepted, Thomas A. Edison will act in an advisory capacity in operation of the nitrate plant. Edison already has visited the site with Ford and given the manufacturer much engineering information.

## KLANSMEN OF DALLAS PARADE IN UNIFORM; 2,000 MEN TAKE PART

Dallas, Tex., Jan. 21.—Headed by two American flags and the fiery cross, the Ku Klux Klan paraded here tonight.

A drum corps beat time for the marchers.

Traffic was halted for more than 30 minutes in the downtown section as the white robed figures marched in column of twos up Main Street.

Thousands thronged the line of march and silently watched the hooded figures pass.

It was estimated there were more than 2,000 klansmen who took part in the demonstration.

The line of march was a dozen blocks long through the main business section and over to what is popularly known as "Klan Hall."

Any attempt on the part of persons to break through the line of march was frustrated. One man in a machine attempted it, but was forced to give up the attempt when the klansmen interfered.

The streets were not darkened and the white way up which the followers of the fiery cross trod was further brightened by the flashes set off by camera men.

It was understood the klans planned an initiation following the parade.

## TRAVIS COUNTY OFFICERS HOLD DESPERATE MEN

Austin, Tex., Jan. 25.—Travis County officers have been advised that they have two desperate men in the two who were finally taken as a result of intercepting a touring car with a complete still in it. Sheriff Henderson of Bartlesville, Okla., has wired that he will be here to get them and cautioning the local officers to watch them closely. Rewards aggregating \$2,500 are outstanding for the two men. One of the men is one-eyed and the other is a physical giant. Both had .45 automatic pearl-handled revolvers. The one-eyed man, who made a statement to the officers, has signed a waiver and will return to Oklahoma without extradition. However, Sheriff Henderson wired that Governor Robertson of Oklahoma had issued executive warrants for both men.

Sheriff Henderson declared in a long-distance telephone conversation that the two men are wanted in that State on murder charges and breaking jail at Bartlesville. A young boy was held up and killed and a deputy sheriff was shot and killed after the escape from jail. The escape was effected by tying the pailer. After the first crime the larger man was apprehended at Aberdeen, Wash., and the other in Colorado. One is said to be implicated in both killings, but it is not certain that the other is involved in both, as his statement to the officers made no mention of the shooting of the deputy sheriff.

One hundred nine veterans of the Mexican War of 1846 are on the pension roll of the United States today.

## ABOUT \$10,000 PAID OUT HERE FOR WALNUT STUMPS

There have been about four car loads of walnut and cherry stumps bought in this section within the past few months, one car having been shipped and three are now on the right-of-way near the power plant ready for shipment from Kerrville.

These stumps are bought by J. L. Love for J. M. Jones, a hardwood dealer of Georgetown.

The car shipped out had about 60,000 pounds of stumps and each of the other cars to be shipped will average about that much. For the walnut there is paid from 3 to 6 cents a pound and for the cherry, 2 to 3 cents. This doesn't sound like much money, but when we consider that several of these stumps weigh better than a 1,000 pounds and the smallest from 100 up, it will be seen that they soon amount to quite a tidy sum.

It is estimated that there has been paid out about \$10,000 in this section for these stumps, which are hauled here for shipment. It has been a source of revenue that might be considered clear money. These stumps were not doing the owners any good, and the people had nothing else to do if they had not been at work getting them out.

There are still quite a lot more stumps to be dug out, and after getting through with the walnut and cherry, it is probable that large oak stumps will be bought.

These stumps are used for veneer on furniture, and when the curled walnut is found it brings a better price. These stumps of walnut and cherry are sawed into thin strips of all sizes and then glued onto wood of a cheaper quality and sold as either walnut or cherry, and the veneer is such a fine job that it would take an expert to tell the difference between the solid and the veneered.

## POPE BENEDICT XV DIED SUNDAY OF PNEUMONIA

London, Eng., Jan. 21.—Cardinal Bourne, Archbishop of Westminster stated this evening he had been officially notified by telegraph from Rome that Pope Benedict was dead.

The illness of Pope Benedict, thus announced by the Cardinal to have come to its fatal culmination, lasted only a few days. The first signs of his malady appeared slightly more than a week ago, but only early this week was his condition considered sufficiently serious for the public to be informed of it.

On Thursday of last week, while His Holiness was celebrating mass in the Matilde Chapel, in the presence of the College of the Propaganda, he complained of feeling chills and was seized with a spell of coughing. Despite the urgings of his attending Cardinals, however, the Pontiff finished the ceremony and afterward walked to the Vatican visibly fatigued.

Stubbornly fighting off the incipient malady, the Pope refused to take to his bed, and kept on attending to his papal duties until Wednesday of this week, when his physician insisted that he must no longer go about.

### Real Estate Transfers

Mrs. Pauline Noll to Mrs. Ann C. Clements, block 29, Tivy Addition to Kerrville; \$5,250.00.

Bruno Schwethelm and wife to Jim Williamson, 4 1-10th acres, known as the Bruno Schwethelm home, on the Fredericksburg Road; \$4,500.00.

Wm. Boeckmann and wife to M. F. Weston, half interest in real estate on which the Boeckmann & Weston Garage is located; \$2,500.00.

### Change in Garage Management

Wm. Boeckmann sold his interest in the Boeckmann & Weston Garage, and his half interest in the real estate on which the garage is located to M. F. Weston, so that he would have more time to attend to his ranch, sheep and cattle interests, which are quite large.

M. F. Weston has since disposed of a half interest in the garage to Roy Kemp, who has been carrying the mail contract between here and Junction. The former and senior member of the partnership has been in business here a long time and has established a reputation for fairness and capable business ability, being among our most

substantial citizens. Roy Kemp is a young man of industry, high probity of character, and will be of considerable assistance to Mr. Weston in the large auto sales and repair business that has been built up there.

This firm will continue to handle the Dodge and Hupmobile cars, as well as the parts for each, and several makes of tires. They also have oil and gasoline of best quality and reasonable prices.

### Meeting Sheep and Goat Raisers

Sheep and goat owners are requested to meet at Kerrville Saturday, January 28th, at 1 p. m., to consider matters of interest to them. A large attendance is desired, as it is an important meeting.

## INTERESTING PROGRAM RENDERED TUESDAY NIGHT AT MEN'S CLUB

The regular meeting of the Men's Club of the First Presbyterian Church was held at the St. Charles Hotel, Tuesday night with fifty-six members and nine visitors in attendance.

A constitution and by-laws were adopted by which the club will be governed, with the following members of the club to serve as the Board of Directors:

W. A. Fawcett, Dr. S. E. Thompson, A. W. Henke, E. H. Prescott, Scott Schreiner, W. C. Baker, H. C. Robinson, Dr. John Dee Jackson and Ally Beitel. These directors are to serve as follows: Three for six months, three for twelve months and three for eighteen months.

A most interesting program was enjoyed. Splendid and instructive talks were given by Rev. E. N. Le Blanc and Cecil Robinson. Mr. Wickes kept the club in eager anticipation with his splendid sleight-of-hand tricks. The music, which was rendered by the Club's famous Glee Club, was exceptionally good.

The Club voted to send two boys to the Older Boys' Conference at the A. & M. College.

## NORTH TEXAS THAWING OUT; DAMAGE TO STOCK, DUE TO COLD, NOT BELIEVED GREAT

Dallas, Tex., Jan. 25.—North Texas started to thaw out today. The sheet of ice which blanketed the northern sections from Texarkana to Amarillo was melting before a steadily rising thermometer.

Damage to live stock in the western sections was not believed to be great.

Temperatures in North Texas varied from 15 to 25 degrees above zero yesterday. Denison reported some snow—the first of the season.

Most sections reported that the rain was needed and would prove of much value to farmers and live stock men.

Steadily rising temperature is the local Weather Bureau prediction.

Oklahoma City, Okla., Jan. 25.—A light snow began falling in Western and Central Oklahoma early today. Weather Bureau observers here said the precipitation would not be heavy in any section of the State.

## FARM LOAN BOARD IS ATTACKED IN SENATE

Washington, D. C., Jan. 25.—An attack in the Senate Tuesday on the administration of the Federal Farm Loan Board by Senator Fletcher, Democrat, of Florida, brought the announcement from Senator Smoot, Republican, of Utah, that the board proposed within a few days to issue \$75,000,000 worth of bonds.

Fletcher charged that the board held up applications for loans aggregating many millions of dollars "while farmers, unable to get loans, were losing their homes and abandoning their families because they cannot get credit."

## FORD'S ENGINEERS APPROVE MUSCLE SHOALS CONTRACT

Washington, D. C., Jan. 25.—The contract covering the leasing by Henry Ford of the Government's nitrate plants and water power project at Muscle Shoals, Ala., has been finally approved by Ford's engineers and went forward to Detroit by mail Tuesday, according to an announcement by Secretary of War Weeks.

Weeks expects that the contract will be signed by Ford and returned to the War Department before the end of the week, after which it will be submitted promptly to Congress.

# Chas. Schreiner Bank

WOOL AND MOHAIR COMMISSION MERCHANT

## Thoughtful Bank Service

There is much to be gained as a patron of this institution, even when you make our service useful from day to day.

But we try to make our service of real value to your interests. We like to look ahead with our customers—help them plan for the future, for a larger success.

So we invite you to associate with the Chas. Schreiner Bank, that you may have all the benefits of a helpful, every-day service in your money matters, and also the advantages of our experience in discussing your problems and forming safe plans for the future.

We want you as a friend of this bank, and will be happy to serve you.

ESTABLISHED 1869

KERRVILLE, TEXAS

## KERRVILLE BOYS GO TO HI-Y CONFERENCE AT COLLEGE STATION

The Boys' Department of the State Y. M. C. A. will hold what is called the Hi-Y or Older Boys' Conference at College Station from Friday of this week to Sunday.

All high schools are invited to send delegations of boys over 15 years of age to conference, that they may see what the students themselves may do to establish high ideals of conduct in the school and community.

The slogan of the Hi-Y is "Clean habits, clean speech and clean athletics."

The best speakers and organizers in student work present these ideals and teach the boys how to realize them in their schools.

H. L. Crate, who recently moved to Kerrville, has for several years been Boys' Secretary of Mississippi. He has been a leader in this work and organized such a movement in 193 of the 196 high schools of that State.

Through his presentation our school authorities and other organizations became interested in sending a delegation to Bryan for this meet.

The friends of the school are sending seven boys, with Mr. Moses as advisor. They will leave Thursday at noon and return Monday.

Those going are Prof. Guy Moses, Sidney Wheelers, Bruce McGee, Scott Fawcett, Gerald Stafford, Francis Melear, William Henry Rawson and Marshall Leazar.

This is a fine delegation for Kerrville and it will be a splendid experience for our young citizens.

Mr. Crate is a member of the faculty and will conduct workers' conferences.

### Subscription Honor Roll

The following have either subscribed or renewed the past week to The Kerrville Mountain Sun:

A. M. Benson, Mrs. D. R. Emerson, Judge Lee Wallace, P. L. Raaz, Ben F. Hahn, J. L. Pampell, E. L. Spence, Dr. J. D. Jackson and Mrs. R. A. Dunbar, all of Kerrville; Walter Real, Rural Route, R. V. Nichols and Mrs. Ross Peters, Star Route; Chas. F. Biermann, Comfort; Clayton Morris, Morris Ranch; Martin Moos, San Antonio; Mrs. J. P. McFarland, Somerset; I. N. Hazlett, San Jose, Calif.; Mrs. Norman McMillan, Long Beach, California.

### A Good Calf

P. L. Raaz sold to Albert Peschel recently at a fancy price, a year-old Short Horn bull calf that weighed 650 pounds.

The calf was a high grade animal, and had taken the blue ribbon at the West Texas Fair last fall. It had been fed with a bunch for baby beef, but was too good to go with the lot, so was disposed of for breeding purposes.

## STRIKE SITUATION MAY CAUSE MARTIAL LAW IN OKLAHOMA CITY

Packing house employees have been on a strike for some time in Oklahoma City, as they have been at other packing centers. The packers claim to have sufficient help now without their former union employees, so disturbances are quite numerous, and especially at Oklahoma City.

One negro was taken out and hung, for which crime five white men and two negroes have been arrested, who are said to be members of the Butchers and Cutters' Union. One of the latter has turned State's evidence and told about the crime. Two of the white men arrested have plead guilty and been sentenced to the penitentiary for life, and the others are expected to enter pleas of guilty.

Since then a negro man and his wife were supposed to have been murdered, and their house set on fire.

These crimes have caused considerable excitement and threatened a race riot. The local authorities—city and county—appear unable to handle the situation, so large mass meetings have urged the Governor to declare martial law and put State Guards in charge, which may be done.

Oklahoma City is controlled by a corrupt political ring, it is claimed, with the result that there is inefficiency, while it is also in sympathy with the strikers, the mayor hoping to gain sufficient support to enable him to win the Democratic nomination for Governor.

It is the same old story all over the country—inefficient, incapable or corrupt politics preventing law enforcement. The people are getting tired of it, and that is one reason we see so many organizations of the Ku Klux, which thousands are joining.

## TWO YEGGMEN ARE SHOT AND HELD BY YOUTH

San Antonio, Tex., Jan. 25.—A young man, only 22 years old, last night shot two yeggmens who attempted to rob the San Antonio & Aransas Pass Railway station at Calaveras, and later captured both of them after they had succeeded in making their escape temporarily. The hero, youth is Maurice Smith, the station agent at Calaveras.

One of the men was shot in the back, and the other in the right leg with a .38 caliber pistol. The former has a painful wound, but both are expected to recover, according to Dr. J. V. Blake of Floresville, who dressed their wounds in the Wilson County jail at Floresville.

Smith, who was sleeping in the station, was awakened by the operations of the pair, who had made a hole in the door, and were preparing to enter the building. Slipping out of bed, he stepped to the door and fired two shots, both of which took effect.

# THE QUEEN THEATRE

Offers You a Vaudeville Three Nights Weekly, Beginning Saturday, Jan. 28th. We Will Give the Same Picture Service and a Vaudeville Extra at the Same Old Price of 15 and 30 Cents. We Will Show Only Three Nights Each Week—Tuesdays, Thursdays and Saturdays. Will Have Matinee on Saturdays at Usual Time, 2:30.

Kineto Review.  
Vaudeville.

FOR HIGH CLASS, INSTRUCTIVE AMUSEMENT  
Adopt Yourselves to The Queen

**T. N. WHITE, Manager**  
PHONE 49, KERRVILLE, TEXAS.

## HIGH SCHOOL NOTES

By Annie Claire Enderle

The Basket Ball Girls defeated Boerne last Saturday, 27 to 12. At the first half old Tivy was in the lead, 12 to 0, and during the last half the visitors substituted a new forward, which was an advantage for them. Those who played on the local team were Lucile Taylor and Minnie Dietert, forwards; Cleo Reece and Anna Neblett Thorburn, centers, and Izola and Annie Claire Enderle, guards.

Both teams of the boys were defeated, the first team losing 15 to 13 and the second, 11 to 10.

The Senior Class held a meeting Tuesday morning at 10:30 o'clock to select flowers and colors. The colors chosen were green and white and the flower, a white rose. Finger sizes were taken, so class rings could be ordered at once. Invitations also were decided upon. There are twenty-seven in the Senior Class and twenty-seven will finish, provided they study hard.

The Tenth Grade geometry class had their mid-term Tuesday afternoon.

Mr. Moses, Scott Fawcett, Bruce McGee, Gerald Stafford, Sydney Wheelless, Francis Mclear, Marshall Leazar and Wm. Henry Rawson leave Thursday noon of this week for Bryan, representing the Basket Ball League. They expect to return Tuesday noon of next week.

In the Kindergarten the Carpenter Project is being developed this week. The study of shelter and homes suggested the project and the little pupils are impersonating real carpenters with all necessary materials true to the craft.

The Second Grade pupils began the study about "Children in Other Lands," taking up first the Orientals. This week they are studying Chinese boys and girls.

The Low Third Grade pupils in reading the story of Clytie were so interested in her home under the sea, and especially the bright coral in her garden, that a Coral Research Project was suggested. One of the boys brought some real coral to school, which added greatly to the interest.

Examinations are being held this week in the Intermediate Department.

## AN ORDINANCE

Be It Ordained by the City Commissioners of the City of Kerrville, Texas:

That it shall be hereafter unlawful for any person, firm or corporation engaged in the business of operating any circus, traveling show, tent show, or in exhibiting natural or artificial curiosities, caravans, menageries, or any other character of show or exhibition, given or exhibited upon the streets, vacant lots or public property within the city limits of the City of Kerrville, Texas, to conduct or operate said business within the city limits of the said city.

Section 2. Any person, firm or corporation violating the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$100.00, and each exhibition shall constitute a separate offense.

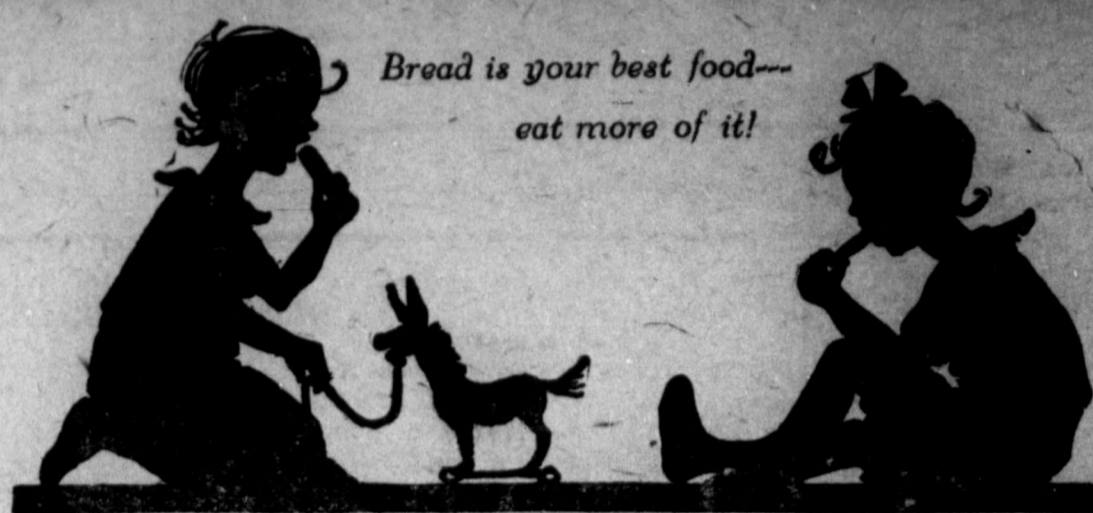

Commissioner Adkins offered and moved the passage of the foregoing ordinance and also that the rules requiring the same to be read on three several days be suspended and said ordinance placed upon its third reading and final passage, which motion was duly seconded by Mayor Wheelless and adopted.

J. S. WHEELLESS, Mayor.  
Attest: E. H. TURNER, Secretary.  
(Advertisement.)

Notice by Publication in Probate  
THE STATE OF TEXAS  
To the Sheriff or any Constable of Kerr County, Greeting:

You are Hereby Commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for three consecutive weeks previous to the return day hereof, copies of the following notice:

THE STATE OF TEXAS  
To all Persons Interested in the Estate of Sarah Anderson, Deceased, Mrs. Ruth Young (formerly Miss Ruth Anderson) has filed an application in the County Court of Kerr County on the 16th day of January, 1922, for the Probate of the Last Will and Testament of Sarah Anderson, Deceased, which said application will be heard by said Court on the 6th day of February, 1922, at the Court House of said County, in Kerrville, Texas, at which time all persons who are interested in said Estate are required to appear and answer said application, should they desire to do so. Herein Fail Not, but have you before said Court, on the first day of

## Matchless Food—BREAD

Sturdy, rosy, bursting with health are the kiddies whose wise mothers insist upon lots of Bread.

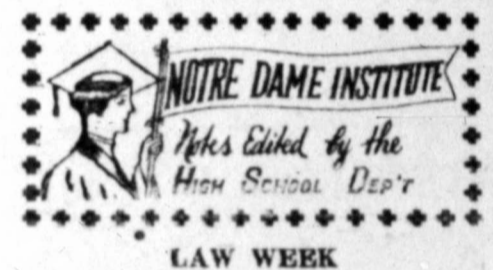

Bread-and-milk, Bread with soup, hot chocolate, stewed fruit, golden honey, pure fruit jelly. Here's both food and feast.

## SUPERIOR BREAD

is the children's own food—100 per cent pure and delicious.

Ask your grocer—3 loaves for 25 cents.

**Kerrville Bakery**  
C. H. WOLFMUELLER, Prop.

## LAW WEEK

The Chief Executive of Texas has designated this as "Law Week" and desires that special stress be laid in all schools on the necessity of obedience to the laws of God and man. In accordance with this timely suggestion, the students of Notre Dame Institute got many a wholesome lesson on the fundamentals of true citizenship.

Semi-annual examinations were conducted during the previous week in the High School and in all grades.

With the opening of the second half of the scholastic year, a free commercial course was added to the curriculum. An additional typewriter has been procured so that all students can have plenty of opportunity to practice for speed.

**First Free Irish Soil**  
An admirer of Notre Dame Institute and her devotedness to true patriotism, has sent a box of peat direct from the "Irish Free State." This is the first souvenir to reach us from the re-created Emerald Isle. The sod is hallowed ground insofar as it is soaked with martyrs' blood and stained by heroes, who after seven centuries of struggle expatriated the lion and made the Saxon dance to Tara's harp.

Miss Stella Ruff has been appointed custodian of the growing library. She acknowledges donations in cash and books from Miss Grace Sullivan of Orange, Mass., Frances Michon, Jack Flye, Debs Rogers and Clarence Lawson.

On Thursday of last week the Notre Dame boys had an opportunity to show their fire-fighting ability when a conflagration broke out in the neighboring home of Walter Meyer. Fortunately the entire damage was confined to a chimney flue, but Mr. Meyer is deeply grateful to all who hastened to extend their assistance.

Mr. Meyer has raised the Convent bell at least fourteen inches higher from the floor of the observatory tower. This gives the bell a clear tone from freer vibration, and distinguishes it still more from the town fire alarm. Residents of Ingram have reported that they could hear the Angelus bell, especially on quiet cool mornings.

**Notre Dame Hurried Armistice**  
Prof. W. Lewis, after whom America's most deadly gas, "Lewisite," is named, in his recent address in Rochester has given all credit for the discovery to Rev. Dr. J. A. Niewland, C. S. A., of Notre Dame University. Father Niewland was the first to prepare this poisonous mixture, of which three drops are enough to prove fatal. Uncle Sam did not resort to this deadly weapon till towards the close of the war and then was manufacturing ten tons a day. When this news reached the German war lords it bore much weight in hastening the end of hostilities.

Mr. Adams of the Wolverine Brass Co. was shown through the Convent by Mr. Brown. In his capacity as sales agent for superior plumbing equipment, Mr. Adams has seen hundreds of colleges and academies throughout the Union, but after inspecting the Sisters' residence he de-

clared that in his fourteen years of experience he has not found a more modernly furnished building in any educational institution. He placed Notre Dame in a class with some of the best known hotels and stated that it would do credit to a city ten times the size of Kerrville. He was especially pleased with the luxuriant conservatory, in which the resident boarders are served their meals.

Our Sisters opened their half million dollar annex of Santa Rosa Hospital in San Antonio on last Saturday. The addition allows for domestic, office and surgical departments, and also increases the number of private rooms by fifty. Practically all of these have been beautifully furnished by former patients, who wishes thus to express their gratitude to our Sisters of Charity.

## CITATION IN PARTITION AND DISTRIBUTION, BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Kerr County, Greeting:  
You are Hereby Commanded to cause to be published, in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your county, at least once a week for four consecutive weeks to the return day thereof the following citation:

WHEREAS, On the 3rd day of January, 1921, E. H. Turner, Executor of the last will and testament of Georgia Ann Mansfield, Deceased, filed in the County Court of Kerr County, Texas, his application and petition for a partition of the said estate, and therein alleged that Joseph Mansfield and numerous other persons therein named were entitled to distributive shares of said estate as heirs of the said Georgia Ann Mansfield, and also alleging that the said Georgia Ann Mansfield left unknown heirs, and that certain of the distributees mentioned in said petition were non-residents of the State of Texas, and praying in said petition for citation by publication to issue to said non-resident and unknown heirs; and

WHEREAS, The said E. H. Turner has filed on the 3rd day of January, 1922, his supplemental petition for partition of the said estate, stating that there is some question as to the sufficiency of the citation issued heretofore for the unknown heirs of the said Georgia Ann Mansfield and praying for citation to issue by publication to the unknown heirs of said Georgia Ann Mansfield;

THEREFORE, You are hereby commanded to summon, by publication as required by law, the unknown heirs of Georgia Ann Mansfield, Deceased, to be and appear before the said County Court of Kerr County, Texas, on the first Monday in February, 1922, the same being the 6th day of February, 1922, then and there to answer and show cause why such partition and distribution of said estate may not be made.

Herein fail not, but have you then and there before said court on the said first day of the next term hereof, this writ, with your return thereon showing how you have executed same.

WITNESS: JNO. R. LEAVELL,  
Clerk of the County Court,  
Kerr County, Texas.  
GIVEN under my hand and seal of said Court, at my office in Kerrville, Texas, this 3rd day of January, 1922.  
(Seal) JNO. R. LEAVELL,  
Clerk of the County Court of Kerr County, Texas.

## Marriage Licenses

Wm. Clements and Miss Stella Ellen Griffin.  
Alex Karger and Miss Annie Heinen.  
August B. Leeder and Mrs. Alice Bennett.

The Mountain Sun, \$1.50 per year.

your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Kerrville, Texas, this 16th day of January, A. D. 1922.  
JNO. R. LEAVELL,  
Clerk County Court,  
Kerr County, Texas.  
By W. A. LOCHTE, Deputy.  
(Advertisement 5-3tc)

## WHOLESALE PRICES ARE STILL UP 50 PER CENT

Washington, D. C., Jan. 19.—The general level of wholesale prices remained stationary through November and December, the Bureau of Labor Statistics of the Department of Labor announced today. The bureau's weighted index number, with the 1913 price level denoted by 100, stood at 149 in those two months with the prices of 327 commodities considered.

Foodstuffs, farm products, cloths, clothing, chemicals and drugs showed a declining tendency, which was most pronounced in such articles as cattle, hogs, hops, peanuts, butter, cheese, eggs, lard, lemons, oranges and sugar. Metals and house furnishing goods were listed as unchanged, while fuel prices showed a slight increase and building materials advanced 3 per cent in December over the November level. An increase for the month of 2 per cent was reported in the group of miscellaneous commodities, including bran, mill feed middlings, linseed meal, lubricating oil, paper, manila roap, Mexican sisal and tankage. Of the 327 commodities, 116 were shown to have decreased, 89 increased and 122 remained stationary in price in December.

The general level of wholesale prices in December, according to the announcement, was 21 per cent lower than it was one year before with house furnishing goods showing the greatest decrease of 37 per cent, metals and food 19 per cent. All of the remaining groups of commodities showed smaller decreases.

## FREDERICKSBURG TO BRADY RAILROAD AGAIN PLANNED

Brady, Tex., Jan. 21.—A north and south railway connecting Brady and Fredericksburg, via Mason, again is a live project here. The line is being promoted by D. Frank Jones, who is credited with successful promotion of the railroad from Fredericksburg to Fredericksburg Junction, which gave the former place its first rail connection with the outside world.

The Brady-Fredericksburg line would connect here with the Frisco, giving a through line from Fort Worth and northern points to San Antonio and Gulf Coast points. Incidentally, it would open the great granite fields of Southern McCulloch and Northern Mason Counties, and the truck and fruit producing sections of Mason and Gillespie Counties, as well as a large sheep and cattle raising section.

The distance covered by the projected railway would be thirty miles from Brady to Mason and forty miles from Mason to Fredericksburg. Several years ago a railway, right-of-way was surveyed through this territory. Citizens along the proposed route raises bonuses, and right-of-way and depot grounds and offered other inducements, only to have their hopes dashed when the project fell through.

A jury in Laureis, S. C., awarded \$2,000 to the widow of a negro who

## AS SWING THE SCALES OF JUSTICE SOME TIMES

San Antonio, Tex., Jan. 21.—The scales of Justice, at the County Court House, swing in a peculiar manner at times.

Through the various terms of the District Courts, men charged with forgery, burglary, theft and whatnot are tried and convicted, given suspended sentences, and allowed to serve penitentiary sentences concurrently, which oftentimes reduces a punishment from ten years to two years.

Yet, in the County Criminal Court, Juanita Martinez, aged 80 years, was tried on a charge of stealing two gold bar pins worth \$6 from a counter in a department store. Evidence was in-

troduced to show that the aged woman was guilty of the charge. The jury retired and within half an hour returned a verdict: "Six months in the Bexar County Jail."

As one of the officials in the Court House put it this morning: "A woman, 80 years old, has to serve six months' confinement in jail for stealing \$6 worth of gold, and automobile thieves and forgers are found not guilty, or given suspended sentence!"

A new method of waterproofing paper makes it possible to use it for the manufacture of small articles, like purses, and as a substitute for leather or rubber in making diaphragms for gas meters and similar articles.

"Crispy an' crunchy an' all-the-time-crackly! An' never tough or leathery! Gee, what would happen if Kellogg's got all csted up before tomorrow!"

## You certainly realize the difference in Corn Flakes when you eat Kellogg's

From the instant you open the generous sized package till they're tucked away in great and tiny "bread-baskets," Kellogg's Corn Flakes are a never-ending delight! You can't even look at those big sunny-brown flakes, all joyously flavored, crisp and crunchy, without getting mighty hungry! Kellogg's are never leathery or tough or hard to eat—they're just wonderful!

Such a spread for big and little boys and girls—the sweetest of fine white southern corn kernels deliciously flavored and deliciously toasted in Kellogg's own way! You can't imagine anything more joyous to eat, or more ideal for fussy appetites at any hour!

Kellogg's Corn Flakes are childhood's ideal food! Kiddies can eat as much as they can carry! Every mouthful makes for health.

Don't just ask for "corn flakes"! You say KELLOGG'S—the original kind in the RED and GREEN package.

KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. See coupon inside every package of KELLOGG'S Corn Flakes which explains how you can obtain another copy of JUNGLELAND.

CATHOLIC CHURCH NOTES

By Father Kemper

MASS FOR POPE

As soon as the gravity of Pope Benedict's illness became known, the holy sacrifice of the mass was offered for the intention of the Sovereign Pontiff.

On Sunday, in conformity with Governor Neff's request, a sermon was preached on obedience to lawfully constituted authority. The text was taken from Matthew XVI, 18, where we find Our Lord appointing the highest authority, St. Peter, Prince of the Apostles, and first pope in an uninterrupted sequence in the venerable church of Rome.

Recent news dispatches indicated that our Apostolic Delegate, Archbishop Bonzano, would be raised to the cardinalate, and would be succeeded at Washington by Consignor Lauri. Both Bonzano and Lauri were professors of Father Kemper at the Propaganda University in the Eternal City.

Guadalupe Choir

The organ from the Mexican chapel has been temporarily moved to the convent, and the Guadalupe children meanwhile have to utilize one of their school pianos. Despite this incongruous instrument for liturgical music the students have progressed wonderfully under the guidance of their vocal instructress.

After services at the Guadalupe Church on Sunday, E. M. Silvas was baptized. Later in the day, Mrs. Ambrosia Torres presented Julia Enriquez at the baptismal font.

Friends of Teresita Monsabellas were very much alarmed over her sudden serious illness Thursday of last week. Happily the crisis has been passed and she is on the road to convalescence.

Fifty More Knights

Last Sunday half a hundred candidates presented themselves at the headquarters of the Knights of Columbus. From there, preceded by the band, they paraded to San Fernando Cathedral. After mass, at the council hall, the novices were put through the instructive symbolism of the second degree and in the afternoon passed the hot sands of the last part of their journey to knighthood.

Fourteen delegates of the State assembly for a business gathering. Instead of the customary banquet at the Gunter or St. Anthony, the refreshments were served this time in the dining hall of the K. C. building.

Three Kerrville aspirants postponed their entrance for the first class to be initiated after Lent.

Personals

Misses Katie Mae Carpenter and Elise Duote, who were operated on for appendicitis at Secor's Hospital Tuesday of last week, are racing each other in a recovery to full health and strength.

Felix Neegen of Fredericksburg entered the hospital for treatments on Wednesday. His niece, Miss Erna Pehl, was discharged fully cured.

H. Y. Papp of Shreveport, La., came this week to our salubrious climate. All the way from Colorado we received Frank Evans and his cousin, Edward Evans.

Guido Jordan made a business trip here on Saturday in the interest of the adding machine that he is selling. He reports that his brother, August, formerly of Kerrville, is now a carpenter in Dallas.

Last week Walter Kalvelage, a nephew of Father Kemper, who spent part of the summer here two years ago, was nearly killed by falling down the unguarded concrete basement steps of the school he was attending. Until X-ray photos were taken, it was feared that he had fractured his skull.

Early in the past week, Benny Mosel came up from San Antonio with Alex Dieter. They hurried back to the metropolis to attend to business.

Report Mexia Better

Austin, Tex., Jan. 21.—Conditions have materially improved at Mexia

and surrounding territory since martial law was declared, according to W. J. Bryant, former member of the Legislature from Freestone County, who was here Saturday in conference with Governor Neff.

Mr. Bryant, who lives at Wortham, said that few people not on the ground realized the true conditions of the oil towns prior to the coming of the Rangers, but the lawless element was being rapidly driven from the territory under military rule.

Oppose Lynching Bill

Washington, D. C., Jan. 21.—Democrats in the House at a caucus tonight voted unanimously to continue their filibuster against the Dyer anti-lynching bill, scheduled to come up again for debate on Tuesday.

Resolutions adopted condemned the bill as "unconstitutional," and one that "would increase rather than lower the number of lynchings in the United States."

The Democrats are confident that their continued filibuster will finally force Republican leaders to shelve the bill.

Church of Christ

There was a nice little band of people at Bible reading this past Sunday. Preaching services began at 11 o'clock. "Unity" was the subject for the morning services. Subject for the night service was "Home."

Bible reading at 7 p. m. Thursday.

At 10 o'clock Sunday morning, Bible reading. Preaching service begins at 11 o'clock. Subject for the morning will be, "My Brother, My Sister and My Mother." The subject for the evening service at 7:30 o'clock will be, "Going Home."

DAVID O. GRIFFITH, Minister.

SOME GOOD ADVICE

Strengthened by Kerrville Experiences.

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Kerrville people rely on them. Here's one of the many statements from Kerrville people.

Mrs. W. T. Chamberlain, Main St., Kerrville, says: "My kidneys were weak and I had such dull nagging backaches and pains across my kidneys, I could hardly stoop or lift anything. Headaches made me miserable and my kidneys acted irregularly. Doan's Kidney Pills were not long in stopping the backaches and relieving all signs of kidney complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Chamberlain had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement.)

FRANK H. KERN

Frank H. Kern was born in Bedford County, Virginia. When only a boy his people brought him to Texas, and he grew up near Paris.

He enlisted in the navy during the World War and served 18 months in the North Atlantic. He was a baker by trade. He made three trips across to Brest and returning from the third trip had a severe hemorrhage.

Being then a sick man he was sent first to a hospital in New York, then from place to place until he finally came to Kerrville, where he died Monday noon, January 23rd. He leaves a wife and little son, George Frank. He and his wife were very young people.

Mr. Kern was another victim of the great war. The loved ones have the sincere sympathy of the entire community.

Christian Church

There will be regular services of the Church of Christ in Kerrville each Sunday, and also Sunday School, at the regular hours for all services.

FIRST METHODIST CHURCH  
J. GRADY TIMMONS

There will be no preaching services at either hour next Sunday. The District Group meeting will be had at Center Point with a full program for the day. Rev. A. E. Rector, Presiding Elder of the Kerrville District, will have charge of the program, and Rev. J. H. C. Maxwell, pastor of the Center Point Church, will be host to the participating churches. There will be five co-operating churches in this meeting—Kerrville, Center Point, Boerne, Bandera and Medina. The program is designed to cover the entire scope of church activities, and will prove beneficial to all who can attend.

The Center Point people, through their hospitality, are going to entertain those who come from other places. They have a splendid plant there and are well equipped to handle a large crowd, and they have spared nothing to make the occasion enjoyable, comfortable and helpful to all their guests who will be there.

The opening session begins at 10 a. m. These are the topics which will be discussed: The Church in the Sunday School, the Cradle Roll and Home Department, How to Start Them and Keep Them Going in Every School. The Sunday School in the Church: Decision Day, the Attendance of Children at the Preaching Service, What Will Secure It? Should the Pastor Conduct a Special Class for Religious Instruction? The Pastor Himself. The Pastor Studying. The Pastor Praying. The Pastor Visiting. Some Pulpit Mannerisms That Might Be Left Off. The Bible Our Daily Guide Book, and Prayer Our Vital Breath. Dismissal at 12 o'clock for dinner on the grounds.

Afternoon Session, 2:30 o'clock: Song Service. The Centenary: We Will See It Through. The Epworth League, a Chapter in Every Congregation. Financial Stewardship, What Is the Measure of Our Obligation? Family Worship, When, Where, How and How Long? Teacher Training and Our Training School at San Antonio, March 5-12th. Sunday School Day Observed in Every Sunday School. The Woman's Missionary Society, How to Make It Better. Our Church Press in General, and Our Texas Christian Advocate in Particular. Our District Conference at Mason to Be Held April 27-30th. Dismissal for supper on the grounds.

Evening Session, 6:45: Song Service. Greetings From Our District Lay Leader, Judge H. C. Geddie. A Revival at Every Preaching Place. What It Takes to Make a Good Steward. Early and Full Collections, How to Secure Them. Selection of Place for Next Meetings. Voluntary Bible Verses Appropriate to Parting, Doxology and Benediction.

These various topics will be introduced by some speaker in a ten minute talk and then followed by a general and informal discussion. These introductory speakers will have a prepared speech or paper; they have already been assigned by the Presiding Elder, and will lay the premises for the whole discussion. Our choir will render several special numbers, and the whole day promises to be one of inspiration and spiritual vitality.

The work of the Kerrville Sunday School League is progressing. The Young Men's Baraca Class of the Methodist Sunday School took upon themselves the obligation of erecting the goals and putting the grounds in condition, and the other schools were to furnish the lighting facilities. The Baraca Class erected the goals Monday afternoon and when the other features are installed the court will be ready for practice, preparatory to match games between the various teams to be put into the field by the Sunday Schools. This is to be one of the most progressive steps taken in this town for young people's work. It is a distinct recognition of the play instinct of young life. It means that we are getting away from that idea of a church, open on Sunday and dark as a tomb for six days in the week, while the forces of evil have right of way over the young life of the community.

May Seize Liquors  
Austin, Tex., Jan. 24.—There is ample authority under the Dean law to search for, seize and destroy any intoxicating liquor possessed, sold or to be sold or transported, or manufactured in violation of the State law, declared the Attorney General today in a statement.

"Warrant may issue for the search of any room, house, building, boat, structure or place, or any person where there is probable cause to believe there is intoxicating liquor in violation of the State law," said the Attorney General's statement.

"No warrant, however, may be issued to search a private dwelling occupied as such unless some part of it used as a store, shop, hotel or boarding house or for some purpose other than a private residence, unless the affidavits of two creditable persons show that such residence is a place where intoxicating liquor is sold or manufactured in violation of the Dean law."

President Harding writes his messages to Congress in pencil a habit he acquired from his years of newspaper work.

Wireless on horseback is the latest innovation on many large stock ranches in the West. The current is grounded through the horse's shoes from a plate of metal beneath the saddle.

The drill of an oil well in Mitchell County, Texas, passed through 50 feet of red salt, supposed to be carnalite, which is a member of the potash family. The red salt was found at about 1,000 feet.

FIRST BAPTIST CHURCH  
J. B. HOLT, Pastor

Things do not always go to suit us. They never will in this world. We have had to give up some of our very best members lately. How we did hate to see them leave us. But they will be a blessing wherever they go just as they were here. Among the recent ones to go from us were Chas. C. Butt and family. Mr. Butt was the efficient superintendent of our Bible School for several years, and was greatly loved by all who knew him. The Father's blessing upon them.

The pastor and wife and little James went to San Antonio Wednesday of last week with Mr. and Mrs. L. W. McCoy. On account of the cold weather they did not return until Friday. The prayer meeting Wednesday night was in the hands of Superintendent F. E. Garrett.

The pastor spoke both hours last Sunday and the services were very good indeed. At the evening service Mr. and Mrs. Virgil New united with us by letter from the Baptist Church at Menard. We welcome these good people into our church and community. Several also asked for prayer at the same service.

We are enthusiastic over the coming Fifth Sunday Meeting, which is to begin with us this Thursday morning and continue through Sunday, January 29th. A great program has been worked out and we are to have many visitors. Everybody is invited to attend any and all of these programs through the days.

Miss Faye Turley, president of the Senior B. Y. P. U., had an interesting meeting of her cabinet Thursday evening of last week at her home. The honor guest was Miss Edith Tullis, who was given a special birthday greeting.

Mrs. Roger C. Walker, nee Miss Ellen Byas, was given a letter by our church last Sunday to join the Baptist Church at Hunt, where they will reside for a while.

Come around to the Baptist corner and see us whenever you can.

Baptist Sunbeams

There will be no meeting of the Sunbeam Band next Sunday, January 29th.

We enrolled fifty-five members during our first quarter and have done some extra good work. The first Sunday in February is the beginning of a new quarter. Let's try to have a better report and more regular attendance during the next twelve Sundays. Surely we consider the study of God's word more important than our school work, and we would not think of trying to learn much if we went to school only one or two days each week. LEADER.

W. M. U. Program

The Woman's Missionary Union of the Baptist Church will meet at the church Tuesday, Jan. 31st, at which time the following program will be rendered:

Leader, Mrs. P. G. Canfield. Hymn, "Watchman Tell Us of the Night." Scripture reading, by the leader. Prayer, "For the Expansion of Miss. Idea," Miss Stinson.

"Expansion for Miss. Idea" (see Par. 1), Mrs. L. B. Clapp. "Pisgah" (see Par. 2), Mrs. W. H. Rawson.

"Looking Eastward" (see Par. 3-4), Mrs. O. E. Watson. "Don't Give Up Africa" (see Par. 5), Mrs. O. E. Watson. Song, "In the Cross of Christ I Glory."

Paragraphs 6-7, Mrs. R. Huber. Paragraphs 8-9, Mrs. R. D. Inscore. Hymn. Closing prayer, Mrs. J. L. Tullis.

Cancer causes the death of more Americans every year than the total number of men lost by the United States in the World War.

CHICHESTER'S PILLS

WEAK, NERVOUS, ALL RUN-DOWN

MISSOURI LADY SUFFERED UNTIL SHE TRIED CARDUI.—SAYS "RESULT WAS SURPRISING."—GOT ALONG FINE, BECAME NORMAL AND HEALTHY.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 4, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. R. 83

### Your Ideas, Plus Our Service Mean a Real Home

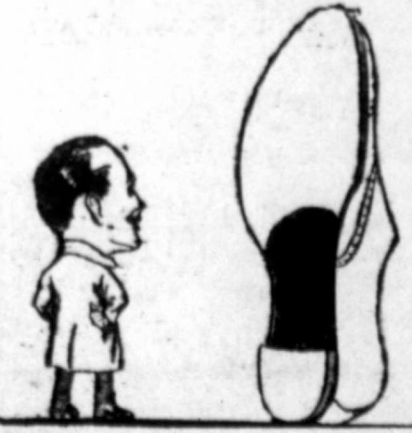

There is a difference between a house and a home. It isn't a home unless it combines correct architecture with practical arrangement that meets your personal needs. Creating homes has become a fine art. Correct home-building ideas have taken years and years to develop. The right kind of a home costs no more, frequently less, than the "hit or miss" kind.

These correct ideas and a Building Service by National experts are yours for the asking. Hundreds of modern designs are at this office ready for your attention. Step in and ask us about this Building Service.

### OF COURSE THERE ARE SUCH FEDERAL JUDGES

San Antonio Express: "To one who sees and thinks, the greatest menace confronting the American people today is the widespread disregard of the plain and positive provisions of the National prohibition law. People of both high and low degree who will not put a curb on their appetites, reckless and necessitous individuals who seek to enjoy extraordinary gains out of unlawful transactions, and persons who are so constituted that they resent any interference with their own ideas of individual liberty—all these are joining in one vast unorganized conspiracy to set at naught the constitutionally declared will of the American people."

The foregoing premises—to any unfuddled mind apart from the groups therein described—are as plain as A B C. It is all obvious. What is the conclusion?—also patent, as well as logical.

"By subverting in its entirety one law, they are undermining respect and bringing about disregard for all laws. The natural and inevitable result will be that every individual will soon be led to obey only such laws as conform to his own peculiar ideas of fitness and appropriateness. His conduct will be regulated as his own will or his own weakness determines. He will put himself above the law; and in that wise, individual tyranny—the very antithesis of government—will result. The problem now immediately presented to the American people is really that of the possible continuance of self-government. The wholesale and widespread flouting and circumvention of this law, if continued and persisted in, is going to make it impossible for us to enforce any law—is going to make it impossible for democracy to function."

That conclusion and those premises are extracted from Hon. Benjamin F. Bledsoe's article in the Los Angeles Times. What gives them peculiar interest and value and gravity is the fact that the writer is an United States Judge for the Southern District of California.

### PAVING THE DEVIL'S HABITAT

Fort Worth Star-Telegram: The news comes from Washington that the plans of the Administration to reorganize the departments so as to "put more business in government" has collapsed.

A United News dispatch says: "The collapse is due chiefly to the opposition of Cabinet heads to the re-arrangement of departments that was contemplated."

The sum total of the savings effected by "Hell and Maria" Dawes as director of the National Budget has been attained through scaling down appropriations. The obtaining of greater efficiency through re-organization and the great saving which it was expected to accomplish in this manner have been blocked. Walter F. Brown of Toledo, who was appointed as personal representative of the President to act as a sort of efficiency expert, has found bureaucratic opposition too much to overcome.

There is no sense of gratification in being able to say "I told you so" with respect to this matter. And yet it would seem that those gentlemen who pointed out that the Government departments have never been reorganized since the days of George Washington, that many attempts, particularly those following the Civil War, have failed, and that this latest attempt was doomed to failure, were correct in their estimate of the situation.

Bureaucracy is strongly entrenched at Washington, and so long as politics is what it is, so long as the bureau employees are able to exert political influence in high places, it seems futile to hope to dislodge it. Only an Administration absolutely fearless of political consequences could hope to accomplish this task, and whatever else may be said of the present Administration it is certainly not "fearless of political consequences." On the contrary it seems doomed, because of its political timidity, to accomplish very little, in spite of the best intentions. It is beginning to look as if its most flattering designa-

(Accent Second Syllable)

An Optometrist is one who measures the eye's refraction. Defective vision is made perfect by properly fitted lenses. A poorly made lens will irritate the eye as will an ill fitting shoe the foot. The firm that grinds our lenses throws out all that are not perfect.

## POULTRY FLOCKS

### POULTRY PROFIT IS FEEDING

Mash of Bran, Middlings, Meat Scrap and Cornmeal is Best, Experts Have Proven.

(Prepared by the United States Department of Agriculture.)

Valuable results of interest to poultrymen have been obtained by the United States Department of Agriculture in the experimental tests at the government poultry farm, Beltsville, Md., where different rations have been fed to various groups of laying hens for a period of eight years. At this time, more than 1,000 hens and pullets are used in feeding trials of this kind. The pens range in size from 30 to 50 hens, all the fowls being trap-nested during the period under test. During the last three years, the mash which has given the most uniform and best production has consisted of a mixture of 4 per cent bran, 4 per cent middlings, 28 per cent meat scrap, and 68 per cent cornmeal. This mash was the result of experiments where the hens were allowed to select their own mash ingredients. When given free choice of these various ingredients, the fowls consumed the various ingredients in the above proportions. Several pens, both of Leghorns and Rhode Island Reds, of 30 hens each have averaged from 140 to 155 eggs apiece where this mash has been fed. The feeding mixture seems to be especially adapted for Leghorns, although it has also given good results with the Reds. The Wyandottes and Plymouth Rocks are inclined to accumulate too much fat when fed this mash, and one somewhat lower in meat scrap content gives better results when fed to these two breeds.

The Wyandottes and Plymouth Rocks maintained on the Beltsville farm are large, standard-size fowls, and the tendency to take on fat on this mash probably did not occur in the case of smaller types of Plymouth Rocks, such as commonly are found on commercial poultry farms. Experiments conducted during the current year in which this mash was modified by the addition of 15 per cent ground oats and the reduction of the meat

scrap by 3 per cent and the cornmeal by 12 per cent have not shown any advantage. The evidences are that ground oats added to the ration produces no beneficial results. It pays to vary the proportion of grains in the scratch mixture, from an economical standpoint, according to the market price of these farm crops. At present, a scratch mixture of three parts cracked corn, two parts oats, and one part wheat, by weight, is used with this mash. In previous years fish meal has not proved a more profitable and practical source of protein in the mash than meat scrap, but during the present year the production has been very good where the fish refuse has been used, and as the price of this material has decreased, larger net incomes result from its use. Sixty per cent protein fish scrap now can be obtained for from \$1 to \$2 per hundred pounds cheaper than 55 per cent protein meat scrap. Innumerable varieties of fish scrap have been fed and no harmful effects have resulted from feeding even fish scrap of varied compositions, some being unusually rich in oil content. Tests in which only 15 per cent of meat scrap was fed in the mash have not resulted in as high production with pullets as where 20 or 25 per cent of meat scrap was used, but with yearling hens the 16 per cent meat scrap has given practically as good production as the higher. With the heavier breeds, it is advisable to decrease the amount of meat scrap during the second year, as such feeding tends to keep the fowls in better breeding condition.

Give Pullets Liberal Ration of Scratch Grain in the Fall.

Many Farmers' wives prefer to Dress Geese Before Marketing Them to Obtain the Feathers.

wings reach the tail, they are ready for market, if they have been heavily fed, and should weigh between eight and ten pounds. Most young geese from general farms are sold when they are from five to eight months old. When young goslings are to be dressed for market, they are first stuck in the roof of the mouth with a long-bladed knife and then stunned by hitting them a sharp, quick blow on the head. For drying pick the picker uses a box in front of him about the height of the knees, holding the bird with the left hand and clamping the feet and wings together; he places the head of the bird against the box and holds it in place with the knee. Pick the feathers from the body of the bird, then dampen the right hand and brush the body to remove the down. Leave about two inches of feathers on the neck, and also leave feathers on the wings at the first joint. Lay the wings against the body of the birds and tie a string around to hold in position. Place the birds, when picked, in cold water for an hour or so to plump them; if they are in the water too long they are liable to bleach and become water-soaked. They are then tied up in barrels ready to ship to market.

## POULTRY NOTES

Any margin over market prices received for breeding stock is pure profit, and the demand, especially for hatching eggs, comes at a time when the egg baskets are easily filled.

Be on the lookout for dampness in the poultry houses. Where freezing is common, close-built houses are very apt to show condensation of moisture on ceiling and walls. Too large a number of birds in a house will also cause this.

In either hen-hatched or incubator-hatched flocks, there are likely to be some backward, slow-growing, slow-feathering chicks. If the hatch is in the brooder, separate these backward chicks, and give them to a hen, or put them with a younger hatch. A turkey hen that has no family is an ideal mother for them.

## FARM POULTRY

### CHRISTMAS BEST FOR GEESE

These Fowls Require Little Care and Attention Compared With Returns They Bring.

(Prepared by the United States Department of Agriculture.)

Roast goose and apple sauce! Christmas in many homes is incomplete without them, and for that reason the best season in which to market the goose is the latter part of December, although there is a limited demand all the year.

Goose raising is not so extensively engaged in as duck raising, the conditions under which they can be successfully raised being almost entirely different from those necessary for successful duck raising. The duck, being smaller, can be raised in a more limited space than can the goose, the latter needing free range and water, while the former has been proved to do well without water.

While the goose cannot profitably be raised in as large numbers as the duck, still it cannot justly be termed unprofitable. There are many places on a farm that are worthless for cultivation that could be utilized with excellent results for goose raising. Fields that have streams, branches, or unused springs on them could be turned to good advantage by making them into goose pastures. A goose on range will gather the largest portion of its food, consisting of grasses, insects, and other animal and vegetable matter to be found in the fields and brooks.

Young geese are fattened by placing them in a pen, not too large, so that they will not exercise too much, and by feeding them once a day all they will eat up clean of a moist mash made of one-half shorts and two-thirds cornmeal, and two feeds daily of corn with some oats or barley. While fattening young geese they should be kept as quiet as possible; no excitement whatever should disturb them, poultry specialists of the United States Department of Agriculture say. When feeding, approach them quietly, and do not frighten them. At ten weeks of age or when the tips of the

Items of Interest Gathered  
Here and There

T. B. Butler made a visit to his family here the past week.

Save your meat by using Livevrrpool Salt. Chas. Schreiner Co. (Advertisement 5-2tc.)

Miss Esther Pool of the Live Oak Ranch is visiting friends and relatives in San Antonio this week.

RODEO, Feb. 4th, at Kerrville, benefit Tivy High School. Something doing every minute. (Advertisement 6-1tc.)

Judge W. C. Baker made a business trip to San Marcos and Lockhart the latter part of last week, returning Monday.

MODERN BALL ROOM—Dancing taught by Lucille Williamson and Mrs. J. A. Wickes. Phone 88. (Advertisement 5-2tp.)

Pam Grinstead has returned from Tyler, where he graduated from the commercial department of the Tyler Business College.

Herbert L. Crate went to Houston Tuesday, on business connected with his Boys' Camp he purposes to establish on the Upper Guadalupe.

Charlie Rawson has been ill the past week and an operation was necessary, since when he is improving, his many friends will be glad to learn.

Don't blame anybody but yourself if your nights are made miserable by indigestion. You failed to take Tanlac. Rock Drug Store. (Advertisement 6-1tc.)

Rev. J. B. Holt performed the marriage ceremony last Sunday for Wm. Clements of the Divide and Miss Ella Ellen Griffin, who has been teaching school on Turtle Creek.

Dodge Sedan, 5 wire wheels, 1918 model, good condition; will sell part cash, balance monthly. R. L. Scherbeck, Kerrville, Texas. (Advertisement 6-1tc.)

Mr. and Mrs. Conway Carrigan have returned from a visit of several weeks to their home at Little Rock, Ark., and will be here some time for the health of the former.

Mr. and Mrs. O. T. Anderson of Olney arrived Tuesday on a visit to Mr. and Mrs. A. G. Morriss. They brought with them Colonel and Mrs. A. M. Morriss, parents of A. G. Morriss.

The next regular meeting of the Executive Board of the Kerr County Chapter, American Red Cross, will be Wednesday, February 1st. All members of the board are urged to be present.

Mr. and Mrs. L. W. McCoy went to San Antonio the latter part of last week, and were accompanied by Rev. and Mrs. J. B. Holt and little son. Mac had all kinds of trouble with his car, which somewhat spoiled the pleasure of the trip.

The pretty bungalow of Mr. and Mrs. L. W. McCoy is nearing completion. It has an unique front porch, being stucco with sprinkling of rocks, making a rustic and pleasing effect. The building has fire place, built-in features and all modern conveniences. It will make not only a lovely home, but a very comfortable one.

Sheriff and Tax Collector Moore went to Comfort and Center Point last week to give the people of those sections a chance to conveniently pay their taxes. He is here this week, and the limit without penalty is fast approaching. Had better see about your taxes, if you have not already done so.

L. D. Garrett went to San Antonio Tuesday to consult a specialist as to his condition. He has been ill for a week or more, and while able to be up part of the time, his condition is not satisfactory, so he will seek relief from an eye, ear and throat specialist and may undergo a slight operation.

Mayor J. S. Wheelless was at home a few days the past week and left Tuesday to be absent again on oil business. He will open Police Court Saturday week, and thereafter every Saturday, to dispose of any cases that may be presented. City Marshal Bogle is notifying those guilty of wrong parking of cars and other traffic violations that they are receiving their last warning, and hereafter will have to appear before the Mayor for adjudication of their offenses.

### THE CAPTURE.

By CLAUDE MAY FERRIN

© 1921, by McClure Newspaper Syndicate

"You need not deny it! You are proving yourself a flirt by allowing Bentley to drive you home day after day. You know his people disapprove." "Hear me!" Dess stamped her foot, at the risk of attracting attention. "He is but an acquaintance, like every other. When it is rainy, or there's a deep snow—really, I am in the seat beside him before I know it."

"Well, can't you wait till he has gone? There are several who drive in that direction. He was to call for me last night to attend a rehearsal. But when I learned he had taken you in his car out of sheer pity—that was enough!"

"He did not stop longer than to dump me at the gate," contended Dess. "He dashed off at a speed that might have brought a fine against him. But he escaped; at least, he is here this morning—jolly as ever."

The clang of the bell sent them promptly to their places. A school of the elective order, where the coming men of affairs and their competitors were being trained in business mysteries, yet an institution where, out of hours, the indispensable social hilarity swung as free as their superiors would allow.

Dess scrawled off her allotment of penmanship sheets, her mind roaming meanwhile up and down the streets leading to her home in the suburbs. Later—with Wall street mathematics to keep her in touch with earth—she attempted to figure out a way by which she might more easily accomplish the trip without squandering funds on carfare. The close of the day found her on the spot where she had stood 24 hours previously.

Nina Haller tripped toward the trolley stop, snug in the shelter of umbrella, mackintosh and rubbers. From the other wing of the building, Dess could see the young men departing in scores. She discerned Conrad Bentley, the impossible, scurrying off toward the garage. His comrades were sons of the city's best. Dess watched them until a trolley came rumbling by; her indignation rose to a high mark when she noted Nina Haller had let it pass.

"She's spying on me! I've a mind to go ask Con Bentley to let me ride Spying—the idea!"

But Dess thought of another way. She knew, by woman's intuitive sense that Bentley must be careful. She imagined he liked Nina—unless it was the presupposed arrangement that de luded the two. As for herself, she was not sure if she cared for any one of her male friends above any other. Fun, lots of it—that was the principal thing. With a laugh that set her features in dimples, she started down the steps. The ranks were thinning rapidly; she must not loiter longer.

The rainfall was interchangeable with snow and sleet, with mischievous gusts sweeping along to lend life to the pedestrian. The umbrella problem was a serious one. She heard a heavy foot-fall back of her and drew aside to let the individual pass. A smile of recognition and a word of greeting, then a daring idea, possessed her.

"Carey, would you please help me across the flats? I cannot possibly manage this wind."

"Surely! We'll be all right so long as this umbrella doesn't collapse. Take my arm—you'll slip. Now!"

She was too busily chatting to note when Nina should board the car, or Bentley glide past in his roadster. Carey Lavell, declared to be bashful and by prediction a bachelor, proved a safeguard against the two.

Nina complained no more—with Dess Richie's misdemeanors as her plea. She contrived to secure the attentions of the disputed Bentley a few times more than any other. But the close of the term found Carey Lavell waiting for Dess.

"I am to take a desk in my father's office, permanently. I mean, when school closes next year."

"And I cannot finish till a year later. Somehow, I envy Nina. She seems to master everything so quickly."

"Easily seen. You know, I have to laugh when she promenades with Con Bentley. Both families borrow heavily of my father—thousands."

Original "Free Lances." In the days of chivalry—when milady was the idol of the blades of derring-do—many men of gallantry were attached to no particular prince or cause, but lent their prowess and their lances to such noble masters as might engage their service. They were, therefore, free lances, like those present-day writers whose quills tilt the inkhorn or whose keyboards tap the ribbon for any editorial accolade. Such was the origin of the term free lance as now applied to doughty soldiers of fortune in the writing confraternity.—Exchange.

The Continental Congresses. The first Continental congress, with delegates from all of the colonies but Georgia, met in Philadelphia September 5, 1774, and lasted until October 26, 1774. The second, in which all the colonies were represented, met in Philadelphia May 10, 1775, and adjourned December 12. The third congress met in Baltimore December 20, 1776, and lasted until the Articles of Confederation went into operation March 1, 1781. The congress declared independence, carried on the war and in many respects governed the country.

### CENTER POINT COMMENTS

J. T. Hill returned to San Antonio Sunday, after several days' business visit here.

Mr. and Mrs. W. H. Bonnell, from their ranch home at Camp Verde, were visiting in Center Point last Friday.

Mr. and Mrs. N. G. Jetton visited in Kerrville Sunday, where they were the guests of Mr. and Mrs. Walter Coleman.

The Guadalupe Valley Grain Company shipped out a car of oats Tuesday, which they sold to the Southern Grain & Seed Company of San Antonio.

Tax Collector J. T. Moore spent last Friday here, gathering in the taxes for the year 1921. He must have collected quite an amount, as he seemed very busy all day.

J. P. Swayze went to San Antonio Tuesday with his little brother, Bob Lee, whose eyes are in such a condition that it was thought advisable to consult a specialist.

Mr. and Mrs. J. M. Bruff, Miss Rita Bruff, Mrs. Sophia C. Reese and Morgan Mann motored to San Antonio Saturday for a brief visit. They returned Sunday evening.

Richard Nowlin, who has had a two months' tussle with typhoid fever, was greeting friends on our streets Saturday. His many friends here were delighted to see him looking so well after his illness.

S. G. Holloway has recently finished a neat and attractive cottage on his property in the southern outskirts of town. Mr. Holloway is a truck farmer and his experience last year has convinced him that there is money in the truck business here.

County Agent J. A. Oswalt spent a part of Monday here. He was getting some data in regard to grain shipments from our station since last harvest. We found Mr. Oswalt to be a very courteous gentleman, and thoroughly posted on matters of interest to farmers.

Little Joe Ben Mangum happened to a very painful accident last Saturday while out hunting with his mother and the other children. In some manner the target rifle was accidentally discharged, the ball passing through the child's thumb. No serious results are expected from the wound.

The sad news reached here last week of the death from pneumonia at Van Alstyne of Geo. Lewis, formerly of this place. Mr. Lewis left here about eight months since to make his home at Van Alstyne. He is survived by his father and mother and several children, who have the sympathy of many friends here.

There is to be a District Group Meeting of the pastoral charges of the Methodist Church of Bandera, Boerne, Medina and Kerrville at this place next Sunday, Jan. 29th. The Presiding Elder will direct the program and Rev. Maxwell will have charge of the music. Many are expected from the neighboring towns, and our people will be disappointed if they fail to come. There will be an old-fashioned dinner spread in the Sunday School rooms at the church for all attending. Center Point is noted for its hospitality, and we predict that this part of the program will be a success. The opening session will be at 10 a. m., and there will be something doing throughout the day. There will also be an evening session.

The Junior B. Y. P. U. took charge of the evening service at the Baptist Church last Sunday at 7 p. m., during the absence of the pastor. A crowded house greeted them. A missionary program was rendered. The girls representing foreign countries were dressed in appropriate costumes, and brought us messages of the customs and needs of their people. Twelve boys and ten girls took an active part in the program. An unusual feature was the interest the boys took and the spirit with which they gave a dialogue between the Cobbler Carey and others on the missionary question. Map drill, music, readings, sword drill and songs completed a most helpful and interesting program, and gave us glimpses of what our young people are capable of doing and what our B. Y. P. U. is accomplishing for them.

Dynamiters dressed in asbestos clothing braved the great column of flames of a burning oil well near Long Beach, California, placing a charge of explosive which blew out the fire. One hundred pounds of gelatine dynamite, wrapped in asbestos paper, was placed on an asbestos-covered chair close to the flaming well. A detonator shot the charge, while it was in the midst of the column of flame, about eight feet from the ground. The explosion cut the flame column, the downward force blowing out the fire.

### INGRAM ITEMS

August Doell of the Divide was an Ingram visitor Saturday last.

Fred F. Real of Kerrville was over on business Saturday of last week.

B. F. Tuttle of the Johnson Creek neighborhood was in Ingram Tuesday of this week.

The Song Service at the Baptist Church here last Sunday night was well attended.

Arthur Leyendecker of the Harper community was a business visitor Monday of this week.

Mack Henderson of Honey Creek was an Ingram visitor Monday and Tuesday of this week.

J. F. Whetstone and family, who live on Johnson Creek, were Ingram visitors Saturday last.

D. L. Burns of the South Fork made a business trip to Kerrville Saturday last, stopping here en route.

Miss Sue Robinson is home again after a very pleasant visit with relatives and friends in San Antonio.

Road Commissioners Gus Schreiner and H. Remschel of Kerrville were distinguished visitors of this week.

Ed. Henderson of Bear Creek made a business trip to Kerrville Monday of this week, stopping here overnight on his return.

Adam Morriss and wife of Kerrville were the house guests of J. L. Nichols and family at Hillside Farm the past week-end.

F. E. Garrett of Kerrville, representing the Collins Company, was over Tuesday of this week soliciting business for his firm.

Homer Rudaill of Big Paint was a business visitor of this week, being the guest of J. L. Nichols and family during his stay in Ingram.

W. R. Marcrum, a resident of Austin, passed through Thursday of last week for the Live Oak Ranch, where he has accepted employment.

Herbert Crate of the Y. M. C. A. spent a few days at his farm a few miles above Ingram, having left for Houston Monday of this week.

Mrs. M. M. Crider and son, Byron, and son-in-law, Vernon Merritt, of the Hunt community motored to San Antonio Monday of this week for an indefinite stay.

Hon. Will A. Morriss, a prominent lawyer of San Antonio, visited relatives here last Saturday afternoon, being en route to Rocksprings on a business mission.

Elmo Staudt and wife of the White Oak community are spending this week with L. R. Fessenden and wife of the Johnson Creek community, parents of Mrs. Staudt.

H. I. Hardin and wife of Sherman's Mill were among the many from this community who motored to Kerrville last Saturday to see the ever popular Tom Mix in "Sky High" at the Dixie Theater, which was a great treat.

Mrs. Jim Howell, Mrs. Emmy Nichols, Miss Minera Stewart and Bowen Carawan were members of a motor party who went over to Kerrville last Saturday for the Tom Mix picture at the Dixie Theater, which attracted many others from this community.

Mrs. Lucy Johannessen, an old resident of this community, after a lingering illness, borne with patience, died at her home in Ingram last Thursday night. She was a good Christian mother and will be greatly missed. Our sympathy goes out to the grief stricken family.

Mrs. McGaughey of Albuquerque, N. M., is visiting relatives here, having arrived Tuesday of this week. Mrs. McGaughey came to be with her sister, Mrs. Lucy Johannessen, who was very ill, but reached here too late, the latter having passed away Thursday of last week.

A. M. Morriss and wife of Kerrville and Owen Anderson and wife of Olney were the guests of J. L. Nichols and family the early part of this week. Mr. and Mrs. Morriss were en route home after a pleasant visit of several months with their daughter, Mrs. Owen Anderson, in Olney, and were accompanied home by Mrs. Anderson and her husband.

It is understood that J. W. Orr & Sons, whose business here was recently destroyed by fire, are negotiating for the general merchandise store conducted by T. J. Moore at Hunt. We are sorry to lose the Orrs from our community and wish them success in their new locality. Mr. Moore will take over the garage business of Jess Gilmer at Racksprings.

#### Bandera Budget

New Era, Jan. 19: C. E. Salter, one of the owners of The Kerrville Mountain Sun, and Will Ridgeway were over from Kerrville Friday, en route to Medina Lake to shoot ducks.

Gene Murray and family came over from Kerrville Sunday and were the guests of E. J. Greer and family. They were en route to Hondo, where they will reside. Mr. Murray has been appointed tick inspector for Medina County.

Rev. F. M. Bucklew of Wallace

## 111 One eleven cigarettes

Three Friendly Gentlemen

### Made to Suit Your Taste

We have for years catered to the cigarette smokers of America.

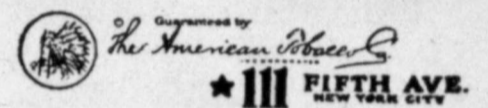

With this experience, we created One Eleven—"111"—"Made to Suit Your Taste," of the world's three greatest cigarette tobaccos—

- 1—TURKISH, for Aroma
- 1—VIRGINIA, for Mildness
- 1—BURLEY, for Mellowness

We named them One Eleven—the address of our home office. We are proud of their success.

Have You Tried Them?

# 15¢ for 20

sanctum last Friday. Many years ago, when he was a small boy, Rev. Bucklew was captured by Indians and spent some times with the savages, finally making his escape and came back to his people. A book was published a few years ago giving some of his experiences while in captivity, but it was not complete in detail, and as the edition has been exhausted, his life story will be re-written and published in a neat volume as soon as arrangements can be made for its publication. It will be thrilling and full of interest.

J. P. Heinen Sr. was in the city Saturday, accompanied by his son, John. Mr. Heinen paid the New Era office a visit and renewed his subscription to the great family weekly. He is one of our old time citizens, having come here just after the Civil War. He informed us that in 1867 he erected a stone building just under the hill from the Carmichael-Hay building and engaged in the mercantile business, but in 1870 a great flood occurred, the river coming down on a forty-eight foot rise and ruined his stock of goods, and damaged the building to such an extent that he gave up merchandising and engaged in carpentering. In 1900 another flood came that swept away the building entirely and nothing remains of it today. Mr. Heinen is now 75 years old, but is still a well preserved man and quite an interesting talker, and when he began to tell of early day happenings he found us an attentive listener. He owns a good ranch property near Bandera, on which he has

lived for the past forty years, and is considered one of the county's most highly esteemed citizens.

#### FARMER BUYS PRODUCE; BANKER RAISES HIS ON LOT

Rockdale, Tex., Jan. 24.—Here is the difference between one farmer's methods of making ends meet and how one banker does it.

The farmer in question was recently in a Rockdale grocery store buying bacon, lard, sweet potatoes, turnip greens, beside his sugar, flour, coffee, breakfast food, fruit, etc.

Later the banker in casual conversation related what he and his family sat down to at dinner that day, the itemized account of the food raised by the wife, also bacon, turnip greens, lard, sweet potatoes, butter and milk and cheese of the cottage variety. The banker owns no farm, just a large town lot of perhaps a quarter-block dimension.

The farmer in question also later went to the banker's bank to negotiate a loan.

Aluminum is the most abundant metallic element in existence. Although it is more abundant than iron, it has not been used until the last 25 years, for it is found locked up so tight with oxygen that only the electric furnace can easily separate the two elements. It is an essential constituent of nearly all rocks except limestone and sandstone.

## Ask Your Doctor About This

The well equipped bath room is now one of the fundamental necessities of decent, healthful living.

If you have no bath room in your home, or if you are putting up with out-of-date plumbing, it means that you and your family are depriving yourselves of an economic convenience and luxury which most of your neighbors are enjoying.

Your doctor will tell you that a morning shower or a dip in the tub just before retiring will increase your vitality and with it your mental and physical efficiency.

Considering the matter from a standpoint of health, it will pay you to have a modern bath room in your home.

## TWENTY YEARS

By ALICE L. EAGAN

© 1921, by McClure Newspaper Syndicate.

Cornelia Marden sat by her open window, where the great maple tree swayed back and forth in rhythm with the old rocker. Her eyes were closed, and the sound reminded her of the surf on the shore. She had thought she would like to go to the theater, but her slim pocketbook would hardly permit of many luxuries. So she sat by the window till the moon rose; then a sudden impulse came to her. She would walk out with William—her William. It would not cost anything, and they could walk together as in the old days, 20 years ago.

She arose hastily to dress, then stopped to look at his picture. The large, serious eyes, the smooth combed hair of the square jaw—she caught her breath quickly, while a terrible longing came over her. Those moonlight nights—how he had loved them! She went down the stairs quietly, so as not to be observed by the boarders in the living room. On her way, however, she heard Mrs. Morse, the smiling widow, remark to the new gentleman boarder:

"Yes, it would be a delightful evening to take a walk."  
She also observed, from a corner of her eye, the hopeless expression of the two maiden ladies, who sat apart in melancholy silence. Was she doomed to be like one of them some day? Would she have to listen to the coquettish answers of the smiling widows, while her own heart ached in silence?

"Oh, William!" she cried aloud, as she turned the corner which led toward the park, "I need you!"  
She had almost reached her destination in the park when a gentleman addressed her, and, to her surprise, she found it was the new boarder.

"Pardon me, but I saw you passing the living room on your way out, and felt I would like to know you. It's a lovely night; may I walk along with you?"  
Cornelia was puzzled. Where was Mrs. Morse? Besides, this would spoil her walk with William—that dear, imaginary companionship. Before she could frame a fitting reply, he continued, not looking at her:

"You seem like a person of good discernment, so I am going to ask your advice on a subject of grave importance to me. They say a woman's intuition is keener than a man's, and somehow I feel I can trust you."

"I am listening."  
A moment passed before he spoke. "I am thinking of marrying," he said unhesitatingly.

"Perhaps you may know Mrs. Morse, the widow up at the house?"  
"Oh, yes."  
"I have not told her—that is—I might say she seems like a pleasant person. At any rate, life might not be quite so monotonous."

Oh, the torture of it all! Cornelia was thinking.  
How it brought the love of William back to her—all the sweet memory of the dear old days!

"But do you love her?" asked she venturing to look up at him. "Marriage without love would be—would be—"

She stopped suddenly, as he looked down at her. There was something in his eyes which drew her to him—a hidden something. What was it? She felt a quick impulse to gaze at him—to have the bright summer evening lengthen on—on—to have no end—to—

What was she thinking? This stranger—almost engaged to another—and William, the one she loved! Were her thoughts straying from him? She felt the color mounting to her pale cheeks.

"Cornelia! Little Cornelia!"  
In a wild ecstasy of joy she heard her name called by this stranger.

She started. He had placed his hands on her shoulders and compelled her to look at him. Again the sense of fascination held her; of course William was held deep in her heart—but, somehow, this man—A little choking sob caught her breath, then slowly without her own volition, she reached up and touched his face, scanning his features as if searching for something long dead.

Then a look of great joy came over her face, and she asked in tones of awe:

"Answer me, please, O, answer me, is it William?"  
She waited, it seemed a life time, for him to speak, while the charm of his personality held her in a trance. Then he answered:

"My love, it is 20 years!"

Norway Granite.  
Granite is one of the exports of Norway, and it ships it to many countries which have granite of their own. Some of the granite which Norway sells to other countries is of the familiar gray color, but that which figures most in its trade is a granite which is found nowhere else. It is durable and it is beautiful and unique in its colors.

This is the so-called "Larador granite," from the Larvik district. With its beautiful appearance and wonderful play of colors, it is the Norwegian stone that has attracted most attention as an ornamental stone, and it has been extensively used for that purpose not only in Norway, but also throughout Europe.—Washington Star.

"THE HOUSE OF QUALITY"

1922

Manager Comparette has finished laying the conduits for the telephone cables to be put in later, and also the three concrete manholes have been completed. These are some of the improvements preliminary to putting in a first-class telephone system, which will be installed before very long.

Walter Saenger has bought a fourth interest in the Mosel, Saenger & Co. business. He has been with the company for about eight years and is an energetic, capable young man. He and his father hold a controlling interest—in fact, about all of it—and it is an old-established and prosperous mercantile firm. Walter has the best wishes of many friends.

"Mother Carey's Post Box" is a water-tight barrel hooked to a long stout chain hanging from a lonely cliff of a rocky promontory known as Cape Virgin in the Strait of Magellan. This barrel is a post office, but the postal authorities of no government in the world have authority in that rocky waste. Every ship going through the Strait of Magellan sends a boat to this oak barrel. The letters in the barrel are looked over to see if

there is any mail for the men on board and other letters are placed in the barrel for seamen on board ships headed for the Horn. Money and valuables have been sent through this barrel post office and there has never been a violation of confidence placed in Mother Carey's Post Office.

The Postmaster General has announced that each State will be made a unit for the payment of postal claims, accounting, clearing of money orders, refunding, delivery methods and other details, which are now overburdening the Post Office Department force in Washington. He believes that in transferring this large amount of work to the large post office centers of each State it can be handled with less expense to the Government and with greater convenience to the public.

An old Negro sings and dances on the platform of a small station in Oklahoma when each train pulls in. He dances for the coins which the tourists throw to him. It is said this man has met every train coming into the town for the past nineteen years. Out of his savings he has built a

church, of which he is the pastor, known as the Straight gate Church. He preaches there morning and evening every Sunday, besides holding street meetings Sunday afternoons, and dances week days to keep things going.

A proposal to "disarm" parks in American cities by removing all ornamental cannon was made recently by the president of the American Civic Association in his annual address. The suggestion was offered, not as an aid to the Disarmament Conference, but on the grounds that the guns add nothing to the beauty of public places.
