

WHITTLIN'

By DOLPH MOTEN

One of the top newspapermen in our area, and in this case that refers to the United States, say, is H. M. Baggary, publisher and editor of The Tulla Herald.

In the first place, his paper contains each week a high percentage of price ads -- those kind that get fast, direct results for his advertisers. The ads are sufficient for two or more sections of pages each week.

Baggary's long suit, though, is his page one column, The Country Editor, and his editorials. In these spaces, his favorite subject is politics and it's often possible for the astute reader to gain more political knowledge from an issue of The Tulla Herald than from a dozen chapters of a history book.

In a way that is pleasing, reasonable and non-overbearing, Baggary points out the advantages of the mainstream Democratic party and what it has done for the nation, this state and this section down through the years.

Individuals in the party get their knuckles rapped from Mr. Baggary, a former school teacher, on occasion. There's no soft spot in his heart, for instance, for the conservative wing of the party which has had Texas politics in its grasp for such a long time.

Proof that we're not alone in our admiration for the Tulla editor is the fact that a recently-published book features his columns and background information on him. The book, "Texas Country Editor -- H. M. Baggary Takes A Grass-Roots Look at National Politics," was edited by Eugene W. Jones, professor of political science at Wayland Baptist College, Plainview.

But while the book is good and we're extremely proud of our copy, it is incidental in our expression of admiration for Baggary. A published book is probably the realization of a dream of most newspaperpeople and columnist, especially.

It's Baggary's writing that draws most of the praise for him as a country newspaperman, we'd guess. However, in our opinion, even his writing ability is overshadowed by his ability to THINK! That's where he draws the great majority of our respect.

His expressions of opinion are constantly tempered with that aforementioned reasoning. We don't mean that he argues with himself as we sometime have a tendency to do. But he has the ability to answer readers' questions before they even develop into that stage.

Certainly we don't know or have anyway to know, but we'd guess that Baggary has the best-read weekly newspaper in the national and state capitols.

In spite of his tremendous success as a political writer, his personality carries with it a modest note.

We have found him to have a tremendous interest in people as individuals, just as you would expect a good Democrat to have!

Evidence of Bovina's history as a cattle shipping point has cropped up again in print, Houston Bartlett brought by a copy of The Western Horseman, which contained a feature about an early day cowboy roper and mention was made of the fact that Bovina had a place in early day cow history.

A paragraph from the article: "Early in 1906, Ed went with a large trail herd of 7HL cattle, driving them to Bovina, Texas."

A noticeable change in the atmosphere of this town is the speed of the trains. Following a meeting recent of city and Santa Fe officials, the railroad agreed to slow the trains to 40 miles per through Bovina.

The change in the speed of the trains is so noticeable that motorists are jokingly complaining that "it takes the trains too long to pass through town. We get tired of waiting."

At least we hope these comments are made jokingly.

For \$268,000 Again --

School Bond Election Called For February 7

Trustees of Bovina Independent School District voted unanimously in a special meeting Monday night to call a \$268,000 school bond election for February 7, a Tuesday.

The bond election, which will be in three parts, is exactly the same one which was defeated in a December 3 election.

The board voted to call the election after a petition, signed by 56 citizens of the school district, was presented to the governing body.

Presentation was made following lengthy discussion by board members and some 15-20 interested citizens. The petition was circulated by J. D. Kirkpatrick and Travis Dyer. They were present to make the presentation to the board.

Proposition No. 1 on the ballot will be for \$212,000 in bonds to construct a new, six-unit elementary school. Proposition No. 2 will be for \$30,000 to expand the seating capacity and improve the present football field. The third proposition would provide \$26,000 to construct an athletic field house.

In addition to calling the election, the board members agreed to support the proposals and "work for" their passage.

Bob Estes, school fiscal agent, who was present at the meeting, was authorized to order the supplies for the election.

Tom Caldwell was appointed by the board to serve as election judge. Named to assist him were L. M. Grissom and Buck Ellison. Mrs. Pearl Dodson,

school tax assessor-collector, was appointed absentee voting judge.

Brought out during the discussion was that a tax increase of possibly 10 per cent would be necessary to pay for the bonds. This figure includes the cost of maintenance on the additional classrooms; not just the construction and furnishings alone.

The additional classrooms are needed now, Board President (Continued on Page 2)

School Board Election Set April 1 --

Patrons of Bovina Independent School District will elect two trustees to serve three years in the school board election to be held April 1, according to Mrs. Pearl Dodson, school district tax assessor-collector.

Deadline for filing for a place on the ballot as a trustee in the school district will be March 1. Two places will be vacated as terms expire this year, that held by J. E. Sherrill, who was

appointed to fill out the term of Robert Read, and that held by Durward Bell.

Holdover members of the board include Grady Sorley, president, and Don Murphy, vice president, who have two more years to serve and Billy Marshall, Leslie McCain and Leon Grissom, who have one more year to serve on the board.

Mrs. Dodson said that anyone wishing to file for a place on the ballot in the April 1 election may do so at the school tax office.

School Tax Deadline January 31

January 31 is the deadline for paying school taxes without a penalty, stated Mrs. Pearl Dodson, tax assessor-collector for Bovina Independent School District.

About 68 per cent of the 1966 tax roll has been collected, Mrs. Dodson said, a total of approximately \$140,000.

Taxpayers in Bovina Independent School District who have not yet submitted their school assessment are asked to pay them before the last day, according to Mrs. Dodson.

Occurs Near Victim's Home --

Plane Crash Kills Norton, Two Boys

Three Farmer County residents, a man and two young boys, were killed Wednesday of last week at 6:55 p.m. when the 1966 Cessna 150 in which they were flying crashed near the home of one of the boys.

Dead at the scene of the crash, 7.3 miles north of Farwell were James Harold Norton, 28; his son, James Harold Norton, Jr., eight; and Russ Darren Langford, seven, son of Mr. and Mrs. Leon Langford of Route 1, Farwell, and grandson of Mr. and Mrs. H. H. Kelso of Bovina.

Norton had radioed to Clovis airport for landing instructions

immediately before the crash. Two pilots in the area heard him request wind velocity and direction and one reported seeing the beacon light on the plane vanish, but did not see the crash.

Mrs. Norton and Mrs. Langford were in the Langford home when the crash occurred about 300 yards from the house. Mrs. Norton notified the Farmer County sheriff's office of the crash.

The trip had taken off from Clovis airport about 45 minutes earlier for a ride in the plane belonging to the 150 Club, of which Norton was a member.

He had received his pilot's license about a month ago.

The crash occurred at 6:55 p.m. The Farwell Volunteer Fire Department was summoned to the scene when the fuselage caught fire after the crash. The light plane was a "crumpled mass," and about all that was left was a wing tip and the tail section.

Cause of the crash was not known, Norton gave no indications of trouble when he radioed for landing instructions. However, the crash occurred at the edge of Running Water Draw, and speculation was that down

drafts could have caused the plane to plummet to earth.

Highway Patrolman Robert Shedd of Farwell said the plane hit "nose first" on a rough pasture just a few hundred feet east of the New Mexico-Texas state line and four miles east of Clovis airport. The crash scene was separated from the Langford house by the barn and livestock corral.

Norton was to have landed at Clovis airport behind Dean Eldridge. Moreland Martin, pilot of a plane flying about four miles behind Norton, was set to land after him. Martin said he saw the beacon light and it suddenly vanished. He did not learn of the crash until after landing.

The Federal Aviation Agency of Lubbock began investigations Thursday for the Civil Aeronautics Board, but no indication of mechanical failure had been revealed.

Leon Langford, father of the youngest victim, was in Denver attending the livestock show at the time of the crash.

Joint funeral services for the three were held at 3 p.m. Friday in the Farwell High School auditorium with Rev. James T. Bass, pastor of the First Baptist Church; Dr. Stanley Letcher of Central Church of Clovis; and Elder Vernon Venable of Primitive Baptist Church in Olton officiating.

Burial was in Farwell Cemetery under direction of Claborn Funeral Home of Friona.

Classes were dismissed in the Farwell schools for the services.

Russ Darren Langford, was a student in the first grade in Farwell. He is survived by his parents; two sisters, Jacquelyn and Annette, and one brother, Mac, all of the home; his grandparents, Mr. and Mrs. Elmer Langford of Farwell and Mr. (Continued on Page 2)

THREE KILLED -- A Cessna 150 airplane crash, 7.3 miles north of Farwell Wednesday of last week at 6:55 p.m., claimed the lives of three Farmer County residents, two of them elementary students in the Farwell schools. About all that was left of the light plane was the tail section and a wing.

First State Bank --

Deposits Top Two Million

Deposits at the First State Bank of Bovina held nearly steady as compared to the same time the previous year, according to a report of condition at the close of business on Dec. 31.

At the end of 1966, deposits totaled \$2,010,953.95 here, down slightly from 1965 when \$2,055,837.35 was on deposit in the Bovina bank.

"Probably the big reason that deposits are down about \$45,000 is the short cotton crop this year," said Bob Estes, president of First State Bank.

However, deposits in Bovina

have showed a continued gain over the past few years. In 1963 at the same time deposits were \$1,845,820.23 and in 1964 were \$1,871,701.40.

Loans at the close of business Dec. 31, 1966 were \$1,496,819.49, which is about the same loan balance as in previous years, Estes said.

Deposits have gained nearly one-half million dollars since the last report made on Sept. 20, 1966. At that time the bank reported \$1,668,008.82.

The bank's official statement of condition appears in this issue of The Blade.

In City Election --

2 Councilmen To Be Named

Two councilmen will be elected this year in the Bovina City election, which will be held on the first Tuesday in April, April 4.

Deadline for filing for a place on the ballot is March 4, according to Mrs. Mary Ruth Martin, city secretary.

Councilmen whose terms expire this year are C. E. Trimble and Edward Isaac.

Mayor Bedford Caldwell was named last year for a two-year term, as were Councilmen Charles Corn, Owen Patton and Billie Sudderth.

Candidates for the two seats on the City Council may file their names at the City Hall, Mrs. Martin said.

Last year Bovina went to the City polls in one of the largest turnouts in its history when 216 cast ballots in an election that drew much interest here.

Wilson Has Heart Attack

John Wilson, City of Bovina water superintendent, suffered a heart attack about noon Friday while painting curbs on downtown streets.

He is in Clovis Memorial Hospital and is reported to be resting well. The extent of damage will not be known for several days, friends report.

Revival Services Underway

Revival services at Bovina Pentecostal Holiness Church are underway and will continue through Sunday, Jan. 22, according to the pastor, Rev. Floyd E. Gray.

Rev. Burt Miller of Altus, Okla., is conducting the services each evening at 7:30, except on Sunday, when services are held at 7 p.m.

Jim Beadles is leading the song services.

The revival began at the Bovina church on Wednesday and will continue through the remainder of this week.

Everyone in the area is invited to attend, the pastor announces.

Brought out during the early discussion was the fact that some citizens here believe that the population increase and school enrollment has reached its peak.

Know The Truth

By Lavern Stewart

The Bible refers to God's people as a nation. A nation is a group of people united under one government. The kind of nation that God's people compose is a "kingdom." The form of government is a monarchy--ruled by King Jesus. Notice, I Peter 2:9, "But ye are an elect race, a royal priesthood, a holy nation a people for God's own possession that ye may show forth the excellencies of him who called you out of darkness into his marvelous light." The existence of a kingdom suggests a king and also a law by which the king rules. The church is the kingdom; Jesus is the king; the Gospel is the law. The two terms "church" and "kingdom" are used interchangeably in the New Testament. In Matt. 16:18, 19, Jesus promised to build His church on the fact confessed by Peter that Jesus was the Christ, and then said that He would give the keys of the kingdom to Peter. For Peter to use the keys of the kingdom, it must be established during Peter's lifetime. Acts 2:47 shows the church was established, and Col. 1:13 shows the kingdom had already been set up at that time. Jesus is the head of the church, Col. 1:18, or He is the king of the kingdom, Rev. 17:14, "These shall war against the Lamb, and the Lamb shall overcome them for he is Lord of lords, and King of kings." Jesus is seated at God's right hand, which position suggests the choice place. He will continue to rule until the last enemy is put down, which is death, I Cor. 15:24-26. If we disobey, we cannot escape the wrath of the King, II Thes. 1:8. Is He "Lord" of your life? Would you meet with us at the church here in Bovina? We have no king but Jesus; we have no law but the New Testament.

Where do stories for children get written?

A dozen writers give the answer: "Anywhere . . . everywhere." Most tales are tested along the way on children, grandchildren, small neighbors, visitors. But when a final story takes shape, writers stop everything and write. Plots get jotted on grocery lists. Books balloon into form on buses, on park benches, in basements and back yards.

Anne Guy, who lives in Maryland, says: "I work in the back of the car -- on a quiet shore -- on the kitchen table -- always in longhand." Her new book, called *By the Sea*, was based on family experiences and accepted by Whitman Publishing Company of Racine, Wis., world's largest producers of children's books.

Solveig Russell (her Norwegian first name means "sunny way") does her writing in Oregon "on a dining table loaded with pencils, pens, paper clips, manuscripts." Stray ideas get written on envelopes. Twenty-five books have resulted. One of her newest is *Johnny Applesseed*. Another, called *Under the Saska-ton Tree*, has a cast of small animals who give children a philosophy for life's foggy days.

Out in Arizona, Vada Carlson sandwiches her juvenile writing in between newspaper writing. Her most recent Whitman book is *Fluffy and the Fly-away Fly*. She has written adult books, historical and travel and news material, and has won over sixty writing prizes.

Di Cuff a Bovi na Chairman --

Heart Fund Via Telethon

Wilson DiCuffa, "Heart Telethon Chairman of Bovina," will be accepting local contributions on the night of Feb. 12, when KFDD-TV, Channel 10, Amarillo, presents the Heart Fund event in City Auditorium there.

The telethon will get underway at 10:30 p.m. on Feb. 12 and continue through 4 p.m. on Sunday, Feb. 13, according to Regional Director Robert Harper, who conducts the Heart Fund in 26 counties.

There will be no local campaigning this year, DiCuffa said. Those wishing to contribute to the Heart Fund should call DiCuffa at 238-6841, or go by his home at 1001 Ave. K. Someone

will pick up the contributions made by telephone.

In conjunction with the Heart Fund, an auction will also be conducted on the telethon. Those bidding on items, however, should call the Amarillo television station.

Also appearing on the nearly 18-hour long show will be national and local talent, Harper said.

Petit Jury Thursday

The 72 Parmer County names summoned to appear for jury duty will report at 1:30 p.m. Thursday instead of the past Monday, according to Sheriff Chas. Lovelace.

Petit jury will be selected at that time in the court house at Farwell.

A list of the veniremen summoned for petit jury duty was announced in The Blade last week.

A yearful of holidays — some families celebrate them all. From New Year's through 4th of July to Thanksgiving and all the special days between — children will remember the color and ceremony in a larger-than-life way when they grow up.

Buying party gear could come to a pretty penny. But children's energy can be harnessed and cost kept down when they make their own trimmings. Today most variety stores have creative art racks where crayons, paints, colored paper, brushes, paste and instruction books are all in one spot. The books on painting, printing and paper sculpture give year-round ideas to adapt for all occasions.

Whether it's Valentine's Day, Washington's or Lincoln's birthday, Halloween — or birthdays, graduations, other celebrations — amateur artists can decorate to order.

"Invitations can be hand-made in many ways," reminds art director June Behling of Whitman Publishing Company of Racine, Wis., leading producers of children's activity items. "Scissors can be used to cut shapes — orange paper pumpkins for Halloween, for instance. Details of the party can be filled in with crayon."

Colorful designs — crayoned or painted or stenciled — can be applied to place mats. Other table and home decorations can be made in many ways. A centerpiece of "firecrackers" for the 4th can be made by covering empty paper towel tubes with red paper and adding wicks of white pipe cleaners. For a Valentine centerpiece, a vase pasted over with red hearts can hold peppermint sticks. For a birthday party, a pirate or wild west or circus mood can be used for the table. Homemade paper baskets can hold candy or nuts at each place.

Holidays can be bright without breaking the bank if the youngsters are entertaining.

OUTSTANDING SALESMAN -- Charles Corn of Corn's Farm Store in Bovina was the recipient of an AM-FM radio, lower left, when leading dealers were recognized at an awards presentation dinner in Plainview recently by the Amarillo office of W. R. Grace and Company and its distributor, Plainsman Supply Company. Corn was one of five men receiving an award for highest percentage of sales over quotas in this region. The dinner marked the end of a "highly successful sales year for Grace and the wide acceptance of Grace 'Slurry Mix,' a relatively new agricultural product in this area," said a spokesman at the meeting.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

In the first Management School session at Hub on Tuesday Jan. 10th the interest was good. Some thoughts and guidelines given by the speaker on "values, goals, and use of resources," made some of us start sort of a "self-analysis," on the way we handle our management affairs.

Many ideas on "family financial planning" were given by Mrs. Argen Draper, Home Agent of Deaf Smith County, which provoked some thinking on this subject. One statement that "stuck" with me was this: "Spending of one dollar PLANNED is worth five dollars UNPLANNED."

Young Spanish Homemakers in Bovina - have plans for a clothing workshop in basic construction, including new methods and techniques. This is planned for the near future in that area. Of course others may wish to register for a class if interested and plans may be made for more than one.

I visited with Mrs. Sonny Brito recently, a member of the County sub-committee in Family Living, and she has been helpful in getting the class started. Anyone who wishes to take part contact my office here in Farwell or see Mrs. Brito or Mrs. Mike Barraza in Bovina.

HERE IS A NEW CLOTHING DEVELOPMENT The changing whims of feminine fashion, which periodically drive men to distraction and ladies to the stores, are dramatically illustrated by the current trend to a higher hemline.

The major problem revealed by the elevated hemline is the dark band at the top of ladies' hose, according to Miss Reba Boyles, Extension clothing specialist at Texas A&M University. This band is about six inches long and provides a strong support to fasten undergarments to hosiery.

It has never meant to be seen or displayed. Yet, to the consternation of many, short skirts are disclosing this band in wider and wider expanses. Distressed by this increasing exposure, hosiery manufacturers are now offering short-skirted ladies four possible solutions to their problem:

(1) Hosiery with a two-inch band, "This may still be too much," says one observer. "English styles are setting the pace in hemlines, and skirts in England are now four inches above the knee and going higher."

(2) The traditional six-inch band embroidered with insects, birds and flowers to distract the male eye.

(3) Panty hose. These offer the best insurance against hemlines of any height, but cost more than regular hose.

(4) A number of variations of the old-fashioned ruffled garter to slip over the band, hide it and attract the male eye.

There are some of the female population who will try anything-whether becoming or not-just to attract attention. Seems good looks and fashion have been so widely separated recently we wonder if they will ever be reunited again. Let's hope so.

Scoopin' Around

By Pat Jacobs

There are some interesting sidelights on the poll tax with Texas' voter registration deadline less than two weeks away. This may come as a shock, but according to my understanding the poll tax is still constitutionally legal in the State of Texas. Now, wait a minute-- there's more.

The poll tax isn't exactly what you think.

When the present constitution of Texas was drawn up in 1876, it provided that one-fourth of the general revenues and a poll tax of \$1, to be collected from every male between the ages of 21 and 60, except for certain disabled persons, be used for public school funds. It was allocated as a "head" tax, not as a prerequisite for voting.

Woman Suffrage caused a change, and it read "every inhabitant" instead.

It was not until 1902 that an amendment was added to the constitution that required a poll tax being paid as a prerequisite for voting -- and then it was not for the reasons that our Northern friends would have everyone believe. (Note that this came about after the Reconstruction Period and nearly 40 years after the Civil War).

Seems there had been a strong bid by the "Populist Party" for two or three gubernatorial elections during the 1890's-- and this party was made up of "poor white farmers." Even though the Populists were losing ground along then, the farmers had thrown a scare into the Democrats, who are said to have been running an infamously corrupt government down in Austin at that time.

Then, too, the poll tax was difficult to collect as a "head" tax and the voting issue gave Texans some incentive for paying it.

We can't deny, though, that the constitution was amended as a means of preventing some residents from voting. Things were different in 1902--farmers were poor and most of them didn't have \$1 to spend for a vote -- and probably hadn't been paying the "head" tax either.

Remember, also, that one-fourth the general revenues and the poll tax were the only means of supporting the schools -- there were no great revenues from sales tax, gasoline, liquor or cigarettes that exist today.

Someone has said that if the hidden liquor tax were raised one cent, more revenue would be collected than the poll tax could begin to collect in Texas. Sad, but true.

No one can really determine if the poll tax was ever used in Texas to keep Negroes from voting, although it probably has been. It may have continued for that reason, or it may have continued from custom. Most of us have never seen a tax scratched from the books that once began. That is, except the poll tax last year.

Just the same, Texans between the ages of 21 and 60 constitutionally owe the state a poll or "head" tax. It was only erased as a prerequisite for voting.

Doubt if the state ever bothers to collect it, though.

For the first time in most of our lives, we can vote "free" -- and looks as if only a small portion of Texas population is going to register.

Church Chuckles by CARTWRIGHT

"If you're going to the trouble of MENTALLY donating ten dollars to the plate, why not go whole-hog and make it fifty?"

'Where Is He?'

"Where is He?" This is the question asked by Herod when he was told of the birth of the Christ. It introduced a time of embarrassment and worry to the king. He had received no sign. He was unaware of the hand of God moving in human history. "Where is He?" This is also the question asked by countless men and women of all ages. The psalmist asked it in words of great poignancy, "Oh that I knew where I might find Him, that I might come even to his seat." It is the question asked by each of us at one time or another. Often it is unrecognized. More often it is asked without words, maybe a sigh out of the depths of the soul, maybe a sense of emptiness, or maybe only a vague dissatisfaction with life as we find it. "Where is He?" Let us realize that no place can be ruled out, for He shows Himself when and where He chooses. However, there are some places He has evidenced that He is more likely to make Himself known than He is in other places. One of these places He has evidenced that He may be expected to be found is in the worship of His Church. This is true in spite of the fog we sometimes allow to creep in. Won't you come and find Him or more importantly, come and be found by Him.

At Community Center --

Fifty Attend Hub Meeting

Fifty men and women attended the first meeting of the Management School held at the Hub Community Center Jan. 10.

James Murphrey, farm management specialist, started the program by discussing the values, goals and objectives of management and use of resources. Murphrey briefly discussed what subjects would be covered in the next five weeks. "Planning for Family Spending" was the subject discussed by Mrs. Argen Draper, Deaf Smith County Home Demonstration Agent.

Freman Davis of Lazbuddie served as chairman of the meeting.

The third meeting will be Tuesday, Jan. 24, at 1:30 p.m. at Hub Community Center.

Alex Williams, Muleshoe, P.A., will discuss "Tax Management" at this meeting. Income tax will be covered from personal, business and depreciation standpoint.

Social Security will be discussed by John Troop, area social security representative from Clovis.

Federal estate, federal gift, and state inheritance taxes will be covered by John Aldridge of Farwell.

Everyone is encouraged to attend the school.

WATCH YOUR TEMPER!

By "tempering" glass — heating it and then cooling it in a special way — scientists have developed a new thin safety glass many times

stronger under impact than ordinary glass.

Because of new technological developments, tempered glass — should it break under severe duress — would "fail safe" by crumbling into small granular particles, rather than large jagged pieces that cause severe injury.

Tempered glass is already available in sliding glass doors, shower stalls and bathtub enclosures, and will soon have many other applications where impact resistance is a factor. Aluminum storm doors which contain tempered glass also help increase your family's safety.

San Antonio, which will be 250 years old in 1968, is a city uniquely prepared to play host to HemisFair 1968. It is truly a bi-lingual city and for centuries has been a crossroad of trade and culture between the U.S. and Latin America. Nearly half of San Antonio's 700,000 citizens speak Spanish as a native language and the city retains the grace of living native to Latin America, providing a most appropriate setting for this American exposition.

At Farwell --

Junior High Loses Games

Junior High basketball teams lost two games at Farwell Tuesday night, the girls dropping a 20-12 decision and the boys a 48-36 game.

In Denver --

FFA Member Wins Hampshire Division

Stephen Sherrill, freshman FFA chapter member in Bovina High School, exhibited the champion Hampshire barrow in the Denver Livestock Show last weekend. The Denver event is one of the largest livestock shows in the nation.

He won the championship after winning first place in the lightweight Hampshire division during earlier judging in the show.

Joe Don Stevens, also a freshman and son of Mr. and Mrs. J. D. Stevens, took second place in the heavy weight Duroc division with his own entry. However, he exhibited the Grand Champion of the swine show for a Dimmitt boy, Teddy Smithson. The champion of the show was a lightweight Chester white.

Raymond Drager, son of Mr. and Mrs. C. G. Drager, won fifth place with his Southdown lamb.

Stephen and Joe Don (representing Teddy Smithson) attended the Sears Roebuck Foundation dinner when Junior Exhibitor Champions were the honored guests on Saturday night in the Brown Palace Hotel. Sherrill received a table model transistor radio in addition to his championship ribbons.

Also entering the Denver show were Larry Mitchell, Chester White barrow; Daryl Kirkpatrick, Southdown lamb; and Gary Carson, Angus and Shorthorn heifers.

Vocational Agriculture Teacher John Paul Jones remained in Denver until this week for the completion of the live-

stock show. Mr. and Mrs. Marion Carson also accompanied the group to and from Denver.

H. L. Ivy Re-Elected --

Daniel Committeeman Of Water District

A "very light" turn-out was reported at the High Plains Underground Water Conservation District election held here Tuesday of last week by Carl Rea, election judge.

Only 15 farmers in the Bovina precinct marked ballots, he said.

A total vote of Parmer County was not available and one polling place in the county was never opened for the election, Rea said.

Voters qualified to voice their opinion in Parmer County named Jim Ray Daniel of Lazbuddie as the new committeeman-at-large. He succeeds Walter Kaltwasser of Farwell, who had served two terms and whose name was not on the ballot.

H. L. Ivy was returned as a

committeeman in Precinct 4. He had served one term in the precinct. Only other candidates was Wesley Barnes.

For committeeman-at-large were four names, Daniel, Ernest Anthony of Friona, J. D. Kirkpatrick of Bovina and Henry Haseloff of Farwell.

Amendments for the admission of Hale, Swisher and Crosby counties to the High Plains Water Conservation District were defeated by residents in their own counties. Hale and Swisher turned out in large numbers to defeat the amendments. Crosby County voted it down by a margin of one vote.

In Bovina, voters gave J. D. Kirkpatrick 10 votes; Henry Haseloff, 0; Ernest Anthony 2; and Jim Ray Daniel 3. Only 10 voted on the amend-

ments, all for the admission of the three counties.

ABOUT BACON -- Had you realized that there is more difference in bacon than just thickness of slice? There are several things to consider. Regular bacon comes from the underside of the hog, is sliced and packaged in 1- and 2-pound packages and is priced in three different ranges. Irregular bacon comes from the ends of the bacon slabs. It's less expensive because the slices aren't as uniform and attractive, but the flavor is the same. Bacon square is cut from the jowl of the hog. It is fatter than regular bacon. Leanest of all is Canadian-style bacon which isn't bacon at all, but one of the most expensive cuts of pork, the loin.

Kress Plays Here Friday

Kress comes to town Friday night for the Mustangs and Fillies fourth District 3-A games of the round-robin basketball schedule and then Bovina varsity teams take a break from conference play before beginning the second round.

Scheduled for Tuesday night are "A" and "B" boys games at Texico, non-conference battles.

District play resumes the following Friday night.

On Thursday the Junior High teams take the spotlight as Sudan comes to Bovina. The Friona tournament the last of the month will prepare the juniors for their district tournament to be played at Sudan on Feb. 10-11.

Tuesday night Farwell played Bovina here in varsity district competition.

The first mill to manufacture plywood from Texas yellow pine was constructed in 1964. Three softwood plywood mills are now operating in Texas.

At Kress Basketball Games --

Name Queen, King

Candidates for basketball queen and basketball king have been chosen by the varsity teams in Bovina High School.

Coronation ceremonies will be conducted by captains of the teams between the varsity games Friday night when Kress plays in Williford Gymnasium in District 3-A competition. Nominated for basketball queen by the Mustangs are Candy Fleming, Carol Kirkpatrick, Judy Minyen and Margaret Jo Venable.

The Fillies named Randy Jones, Lynn Murphy, Galen Hromas and Mike Grissom as candidates for basketball king. The identity of the winners

will be announced during the ceremonies, which will be held between the girls and boys games, Coach Darrel Read said.
