EXPRESSES APPRECIATION OF SUN; HIS ENDORSEMENT GRATIFYING

The following letter was received recently from an appreciative subscriber and his endorsement is very gratifying to us. It may be considered a little vain to reproduce this letter, but as the newspaper man has so many knocks, when he does get a boost, the temptation is too great to resist letting it be known:

"Louise, Tex., Nov. 28, 1922.—The Kerrville Mountain Sun.—Dear Mr. Tullis: Please change my address to Fowlerton, Texas.

"Say, Mr. Tullis, I want to express my appreciation of your editorials in the Sun. I have read many different papers published in country towns and small cities, and my observation has been that the editors either use the editorial department to pour out on their readers a lot of stuff about some pet theory or hobby which the editor is obsessed with, or use the department as a medium in which to vent their spleen and animosity towards those whom they have a grudge. All this is a prevalent rule, and there are some exceptions, of which you are one.

"I read every word you have in your editorial columns. For they are terse, practical and constructive, and they exhibit a lot of common-sense and show that you have a keen insight into the rights and wrongs of affairs that come within your knowledge and observation. I wish we only had more editors like you.

"I will be pastor of the Baptist Church at Fowlerton after the first of December, so please send the paper on to me there.

"With kindest regards, I am
"Most sincerely yours,
"O. W. NOLEN."

Brilliant Local Social Event, Honoring Mrs. J. J. Delaney

Wednesday afternoon marked the occasion for a brilliant social event, when Mrs. W. P. Dickey and Mrs. G. M. Doyle were joint hostesses at an afternoon tea, at the home of Mrs. Dickey, introducing Mrs. J. J. Delaney, wife of the president of the Schreiner Institute, who is a recent and charming addition to our city.

Greeting the guests at the door were Mrs. Raymond Allen and Mrs. Leroy Garrett. In the receiving line were Mrs. Dickey, the honor guest, Mrs. Delaney, and Mrs. Doyle, assisted by Mesdames Schreiner, W. G. Garrett, Henry Renschel and Ally Beitel, the wives of the members of the Board of Directors of the Institute. In the reading room Mrs. Scott Schreiner, Mrs. J. S. Wheelers, Mrs. Al. Manny and Miss Kate Renschel received the guests and ushered them into the dining room, where Mrs. A. C. Schreiner Jr. and Mrs. J. D. Jackson received. Railroads Do Nothing, Says Wisconsin Man

Kansas City, Mo., Dec. 4.—"The railroads of America stand for nothing, do nothing, give nothing, build nothing; they are a dead body clogging the stream of progress."

This was the statement of A. E. Hirst, State Highway Engineer of Wisconsin, before the ninth annual meeting of the Association of State Highway officials here today.

"If there is any group of men who need skillful introduction of goat glands, it is the present group of railroad executives and financiers," Hirst said.

Subscription Honor Roll

The following have either subscribed or renewed the past week to The Kerrville Mountain Sun:

Ollie Hughes and Mrs. J. F. Reichert of Kerrville; Mrs. Ross Peters and Bob Ridgeway, Star Route; Henry Cowan, Comfort; F. M. Cowert, Noxville; Rev. H. I. Davis, Heron, Mont.

Records at the general offices of the San Antonio & Aransas Pass show that 113 carloads of wool and 70 carloads of mohair have been moved out of the Kerrville section by that road since January 1. This includes one sale out of the fall clip amounting to 800,000 pounds.

In the southwestern section the bulk of the wool is moved by the San Antonio & Aransas Pass and the Southern Pacific from Del Rio, Spoford and Uvalde. There have been moved in the fall clip about 56 carloads and the average runs about 30,000 pounds to the car, making a movement of about 1,680,000 pounds from that section. The movement is practically completed at this time.

In this room the tea table was exceptionally lovely and artistic with a Dresden motif as the theme of the decorations. The centerpiece was formed by a rare Dresden figure, in the form of a dancing girl, with Southern smilax and roses in pastel shades entwined gracefully about her. Dresden compotes filled with roses and chrysanthemums flanked the figure on either side, from which the smilax was festooned to wind around the table. Low Dresden bowls containing candies further enhanced this effective motif. Brass candlesticks, holding pink tapers, added to the beauty of the decorations.

The sun parlor was particularly attractive with its decorations of oak leaves in their autumnal glory of reds and yellows. Swinging from the leaves was a gayly colored parrot, forming a striking color note. In her, Misses Hattie Garrett, Nellie Smith and Jewel Carey received. Misses Ruth Garrett, Margaret and Mabel Thorburn and Mary Louise Barnes presided over the punch bowl, which was draped in smilax.

Solos by Mrs. Scott Schreiner, Misses Hattie Garrett and Jewel Carey were well received and added greatly to the pleasure of the guests.

Texas Fall Wool Crop Short 1,000,000 Pounds

San Antonio Express, Dec 2: Low priced wool a year ago which resulted in a large number of lambs being shipped out during the fall and early winter is responsible largely for the fall wool crop of Texas being 1,000,000 pounds short of what it was a year ago, according to Caldwell Palmer, for many years a wool buyer in Southwest Texas.

The fall clip this year has been about 3,500,000 pounds. Last year it was about 4,500,000 pounds. Last year the wool was selling at from 18 to 22½ cents a pound. This year it is selling at from 40 to 44 cents per pound, or about double the price of a year ago and hence the clip though less in pounds has brought the growers more money.

Records at the general offices of the San Antonio & Aransas Pass show that 113 carloads of wool and 70 carloads of mohair have been moved out of the Kerrville section by that road since January 1. This includes one sale out of the fall clip amounting to 800,000 pounds.

Inflicting Defeat Sentences Plunges Greece in Turmoil

The military authorities in Greece have recently had five or six generals and high officers executed for the defeat of the Greek forces in the late war with Turkey, when the latter squelched the army of the former, though the Greeks were better equipped and in a better position to win.

The son of the king, who was permitted to ascend the throne, is virtually a prisoner in his palace, and has offered to abdicate, but the military combine in control will not permit him to do so.

England especially protested against the execution of the high officers and exile of the prince and severed diplomatic relations. However, none of the protests had any effect on those controlling affairs in Greece.

There is not much sympathy for Greece, because that country recalled King Constantine and put him in authority after the World War. England is also to blame for the defeat of Greece, because that country encouraged the attack on Turkey so the former could get control of oil fields. France then went to the aid of the Turks, which enabled them to defeat the Greeks. It is all a mess.

If more of those European countries would execute a number of generals and princes there would not be so many wars and the privates would be saved from being driven into conflict to lose their lives.

Justice Turner's Court

The following cases have been disposed of the past week in Justice of Peace Turner's Court:

T. D. Smith, charged with trespassing; fined \$23.50.
Boyd Stevens, son of the sheriff of Bandera County, charged with trespassing and hunting without license; fined \$26.20 in both cases.
E. K. Lackey, charged with killing a doe; fined \$41.20. This small fine was assessed because of his youth.
J. D. Hutchinson, charged with killing a doe; fined \$65.05.
Oday Williams, Israel Newman, Allen Cook, Camp Sikes and O. T. Booker, all colored, charged with disturbing the peace, were fined \$12.70 each.
Cortula Guetterez, charged with assault; fined \$16.70.

New Officers for Guild

There was a large and enthusiastic meeting of the Episcopal Guild Tuesday afternoon at the residence of Mrs. Scott Schreiner, at which the annual election of officers took place. Mrs. J. L. Pampell was re-elected president; Mrs. E. E. Palmer, first vice president; Mrs. Scott Schreiner, second vice president; Mrs. J. S. Wheelers, secretary; Mrs. Henry Weiss, treasurer, and Mrs. Emil Dietert, custodian of blue boxes.

Oil Pipe Lines in Texas Are Dodging the 2 Per Cent Tax

The Humble pipe line and the Texas are dodging paying the 2 per cent gross tax that the law requires. There has been some delay on the part of Attorney General Keeling in pushing this matter, and when he did get busy, after newspaper publicity of the situation, the Texas pipe line went into Federal Court and secured an injunction from Judge West. The latter at once then went on a hunt, further delaying matters.

It appears no trouble for the rich to dodge taxes or to evade the law in any way they see fit, and there is little effort made by the properly constituted authorities to see to the enforcement of the law.

Texas is far behind in its operating expenses and it does seem that those elected by the people to carry out the laws and require all to comply with them, would do their duty or get out and let some one else be selected who will do it.

Field Goal Wins for All-Stars Over Knights of Columbus

With both teams crippled by, and playing like it, Kerrville's All-Stars last Sunday afternoon defeated the Knights of Columbus football team from San Antonio in a queer but hotly contested game at the local Ball Park by a score of 3 to 0. The three points came on Moore's field goal from placement at about the 35-yard line early in the first period.

The Knights had a little the better of the ground gaining and also of the kicking, but a number of costly fumbles and similar misplays cost them every chance to score. In the second quarter, the All-Stars held for downs on the one-yard line. The feature run of the game was a 40-yard dash by Rubank in the last quarter, stopped on the 20-yard line by the Kerrville safety. The line-ups:

Knights	Position	All-Stars
Fabji	Quarterback	Fawcett
Hoff	Left End	Merrill
Oussett	Left Tackle	Rees
Crosby	Left Guard	Saenger
Sinclair	Center	Wiedenfeld
Hagwood	Right Guard	Oswalt
Briggs	Right Tackle	Gold
Eubank	Right End	Wilson
Knoulton	Quarterback	Smith
Schedler	Left Halfback	Moore

NEW TICK ERADICATION ORDER AFFECTS CATTLE FROM 61 COUNTIES

Fort Worth Star-Telegram: The requirement that interstate movements of cattle from 61 counties, recently released from Federal tick quarantine, must be inspected and dipped before a Federal interstate certificate is issued will bring such shipments through the Fort Worth yards, according to announcement of Dr. Harry Grafke, chief of the United States Bureau of Animal Industry in Texas.

Due to unrestricted movement of cattle from the released areas, shipments from these counties have recently shown infection, and as a result the chief of the bureau at Washington issued the requirement of dipping and inspection before an interstate certificate can be issued. All such shipments from the following counties will, after December 1, be inspected and dipped in the Fort Worth stockyards:

Parts of Anderson and Lamar, and the whole of Archer, Bandera, Bell, Blanco, Bosque, Bowie, Brazos, Burnett, Camp, Coleman, Comanche, Cooke, Coryell, Dallas, Denton, Edwards, Erath, Falls, Fannin, Franklin, Freestone, Grayson, Gillespie, Gregg, Hamilton, Harrison, Hill, Hood, Hopkins, Hunt, Jack, Johnson, Kaufman, Kendall, Kerr, Kimble, Lampasas, Lee, Limestone, Llano, McLennan, Mills, Morris, Navarro, Palo Pinto, Parker, Rains, Real, Red River, San Saba, Smith, Stephens, Tarrant, Titus, Travis, Upshur, Van Zandt, Williamson and Wood.

The finding of ticks on cattle from the released area is a blow to the eradication work in Texas, and unless the source of infection is found and steps taken to stop the "leak" immediately, the work will be thrown back to where it started, Dr. Grafke stated. The co-operation of every one connected with the work in the 61 counties is sought.

Inspectors in these areas have been notified of the institution of the requirements. Unreleased counties are already required to bring their interstate shipments through one of the three headquarters points for inspection and dipping before a certificate will be issued.

Sunset Sayings

Our Sunday School and B. Y. P. U. are doing splendid work.

Professor Burch and wife spent Thanksgiving at Leakey, visiting the parents of Mrs. Burch.

The boys' basket ball team played hard all the game Thanksgiving, but Hunt won by a score of 17 to 6.

The Methodist pastor of the Harper Church preached a good sermon last Sunday at the 11 o'clock hour. He will preach the first Sunday in each month. We appreciate having him with us.

A Thanksgiving dinner was enjoyed at the Sunset School House and, judging from the happy faces, the hearty cheer, the good comradeship and the bountifully supplied table, God has wonderfully blessed these people.

The center of alien white population in the United States moved westerly for the first time in 30 years. The new center is in Allen County, Indiana, about 10 1/2 miles east of New Haven and 16 miles east of Fort Wayne. It is due to the increase in foreign-born white population in California, Texas and Arizona, according to the Census Bureau.

MAN COUGHS UP A DIME HE HAD SWALLOWED OVER FOUR YEARS AGO

Charleston, W. Va., Dec. 2.—The baby who coughed up a peanut the other day after it had been in his lungs for seventeen months had nothing on William Edens of Blue Creek. Edens coughed up a dime.

Over four years ago Mrs. Edens fainted as she and her husband were waiting for a street car. Edens, holding ten cents for fare in his hands, stooped to assist his wife and placed the coin in his mouth. In the excitement the ten-cent piece slipped down his throat. Several days ago Mrs. Edens again fainted, and Edens, while in a stooping position to assist her, coughed, and the dime was dislodged. Mr. Edens had never complained of any suffering.

Surprise Party

Miss Lucille Dunn entertained with a surprise party Monday night, in honor of her brother, Hubert, and Fred Kush, who have been spending the Thanksgiving holidays at the former's home. The two boys returned to San Antonio the following morning to resume study and work.

Dancing and games were enjoyed throughout the evening and later sandwiches and coffee were served to the following guests:

Misses Carlette Tarver, Lucile Taylor, Bessie Tomlinson, Myrtle Lund, Frieda Peterson, Ada Nance, Clara Bell Stevens, Genevieve Hagens and the hostess, Lucille Dunn; Messrs. Scott Fawcett, Casper Rees, Homer Stevens, Hubert Dunn, Fred Kush, Roy Dies, D. H. Comparette Jr., Harry and Russell Dunn, Floyd Stevens, and Dr. and Mrs. Raymond Dunn.

Oat stalks six feet one inch in height were grown by a rancher near Port Arthur, Canada.

MAN ON FOURTH FLOOR STOPS FALL OF ONE FROM THE SEVENTH STORY

Norfolk, Va., Nov. 30.—Balanced between two beams, four stories from the ground, A. Myers, steel worker, Wednesday caught Mack McCoy, riveter, who lost his footing and fell from a beam three stories above.

Had either of Myers' feet slipped both would have fallen 60 feet to the ground and certain death.

In 10 minutes Myers was back on the job.

Eura Etchings

Eura used to be called Mountain Home, but as it took up so much of the alphabet, paper and pencil to write that name it has been changed to the above euphonious title.

Thanksgiving Day most of the people of this community had their dinner at the Sunset School House, near Eura. We were all very thankful to be together and enjoyed ourselves immensely. In the afternoon we had a basket ball game with a team from Hunt, the latter winning by a score of 17 to 6. The Hunt girl team also defeated the Sunset girls at basket ball. We were beat all round, but not discouraged.

The new Highway is completed beyond this place and we certainly enjoy the good road.

NOTRE DAME THANKSGIVING

Classes were dismissed at both parochial schools Thursday and Friday of last week so that the pupils could thoroughly enjoy Turkey or Rugby week. Thanksgiving eve the Notre Dame students invited parents and friends of the school to spend an hour of fun in Washington Hall, which was festooned with autumnal and patriotic decorations. Even the programs were designed like russet autumn leaves.

A harvest song by the student body was the appropriate opening. The Minims individually told why they were thankful, and when all had stated their reasons, the little tots chanted a Thanksgiving hymn. Miss Ruth Nye filled an intermission with a piano recital while the stage was arranged for the boys' comedy, which depicted an ungrateful employer who was finally induced to grant a holiday to his office force. The juvenile actors seemed to give expression to their joy at once, for under the leadership of Martin Louis Michon they organized the comical Zoo Zoo Band, which was the hit of the evening. Miss Wilhelmina Mosel tried to drown the echoes of this jazz with her classical rendition of Beethoven's Sonata. Our National hymn, the "Star-Spangled Banner," sung by the audience, closed the delightful entertainment.

St. Anthony and Caseys

The theological aspirants of St. Anthony's College, San Antonio, were defeated at the local Thanksgiving football game by the superior Tivy eleven. With the seminarians came Fathers Cozad and Chapeau, O. M. I., and also Bro. James Hart. The priests were guests at the Rectory after the game.

Kerrville's senior squad, the All-Star aggregation, were also victorious last Sunday over the Knights of Columbus, whom Manager Weber had brought from the Alamo City. Including players, there were three dozen San Antonians, whom the local Caseys welcomed at Notre Dame. Clarence Mosel, a crippled member of the team, stayed over to visit his parents, Mr. and Mrs. Arthur Mosel, at Ingram. His brother, Benny, motored with John Drodgy and Ben Smith to the Corpus Christi duck swamps for an extensive hunting trip.

Education Week

During this week, in conformity with a Nation-wide movement, the pupils of Notre Dame will observe Education Week, and follow as closely as possible the program suggested by the American Legion and approved by President Harding. Every pupil is expected to memorize the American Creed and to compose an essay on the spirit of this patriotic profession. Monday was set aside for American Citizenship Day, and Tuesday, Patriotism Day, the Red, White and Blue and all it represents in this land of religious liberty, was culogized.

Sisters Bridget Mary and P. Terese of the Notre Dame faculty spent the Thanksgiving holidays in San Antonio.

In the early part of last week two Carmelite nuns, Mrs. Josefa and

Pasqua, spent a couple of days soliciting clothes, food and cash for the hundreds of poor children whom they provide for in their community centers at San Antonio. They wish to express their gratitude to all who have contributed to this worthy cause.

A former boarder, Miss Eugenia Frances Wyrick, was united in matrimony to R. M. Shepherd.

Mrs. W. H. Blakney, better remembered at Notre Dame as Alma Ruff, is visiting her parents.

One of our summer scholars, Miss Elizabeth Conroy, is heading the students' campaign for a half-million dollar annex to the National Kindergarten College of Chicago.

Thanksgiving Convert

Our seventeenth adult convert for the current year was received into Mother Church on Thanksgiving Day. She is a Virginia graduate, and will make her First Holy Communion on the feast of the Immaculate Conception.

The infant daughter of Philip Flores was baptized in Comfort last Sunday.

This Sunday, services will again be held in Comfort and therefore mass will be read in St. Mary's Church at 7 a. m.

Due to the paralytic stroke that Very Rev. R. Prat, C. M. F., received last Friday in San Fernando Cathedral, it will be necessary to postpone the revival at our Mexican church for several weeks.

This Saturday evening, at 7:30 p. m., at Our Lady of Guadalupe the pupils will give an English and Spanish entertainment that will be well worth attending, seeing that their past performances have as a rule proven a revelation to critical auditors.

THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges, when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Kerrville residents recommend Doan's Kidney Pills. Read this Kerrville statement.

Tom Eaton, farmer, says: "My kidneys were in a bad fix. I had such severe backaches and soreness across my kidneys I could not do much stooping or lifting. Mornings I had stiff and lame and at times I had sharp catches in my kidneys and the secretions passed irregularly. I heard of Doan's Kidney Pills and used them, getting my supply at the Rock Pharmacy. It was not long before the pains and ache left my back and my kidneys were in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Eaton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

Loyalty is a great word. It should characterize the lives of God's people especially. Some of need more of it very much. Can the Lord depend on you? During the awful World War our boys were willing to die, if necessary, for their country. Should we not be willing to live for our God?

A promise is a sacred thing. A man's word should be as good as his bond. Some people make promises they never intend to fulfill. What was that you promised the Lord and the brethren not long ago? You did not keep your promise, my brother. Are you the kind that does not regard his own word as binding? The Bible says, "Vow and pay thy vows unto the Lord." I am not talking about money now, but about life's ordinary promises.

At the Prayer Meeting Wednesday evening of last week we studied Thanksgiving Psalm and everyone present testified to the goodness of God during the past year. It was indeed a refreshing service.

The Union Thanksgiving service at the Presbyterian Church Thursday night of last week was well attended and everybody enjoyed it. Rev. F. A. White, the new pastor of the Methodist Church, preached a strong but most appropriate sermon. Mrs. Geo. M. Doyle and Miss Hattie Garrett sang a beautiful duet, and the congregational singing was good. The offering went to the Near East Relief Fund.

We most heartily congratulate our Presbyterian fellow-Christians for their good fortune in receiving the gift of a new church from the A. C. Schreiner's.

The pastor's family had as their guests Thursday, Friday and Saturday of last week, Mr. and Mrs. J. L. Stedham, Misses Emma Jean and Mary Nell Stedham, all from San Antonio.

The pastor preached at both hours last Sunday. The congregations were very good.

Supt. F. E. Garrett of the Sunday School was away visiting in the home of his father at Coleman. We missed him very much.

The Men's Bible Class will organize next Sunday. We hope to have a large attendance of our men. All men who prefer our church are cordially invited to meet with us. Come and let us build up the largest Bible Class to be found anywhere in these hills.

Miss Annie Mae Morris united with us from the First Baptist Church of Austin at the morning hour. We are happy to have her in our membership.

She is now teaching in the Scofield School for Girls. We hope she will be happy in her new church home.

Say, man, we want you in our Men's Bible Class next Sunday. If you come you will be glad and so will we. Let us not forget our offerings for current expenses. Remember that the expenses go on just the same whether you are present or not.

Be on hand at all the services next Lord's Day.

Edwards County Echoes

Leader, Dec. 1st: Joe Lowrance, who formerly lived at this place, but has been in Kerrville for several years, was here this week looking around with a view to moving back to Rocksprings.

J. P. Freeman, a cattleman who has a part of the Dietert ranch over east of here, was in Rocksprings last Sunday. He was figuring with L. A. Placker, the local driller, for some wells.

Judge Allison reports good success in collecting for the repair of the concrete crossing at Barksdale. He got the \$250 he was wanting in subscriptions, and then Real County decided to add \$100 to the amount, so the Judge says there will be a better crossing there than at first contemplated.

A case of unusual interest was tried in Justice Woodriddle's court here in Rocksprings Monday, in which the sheriff of Real County and his two deputies, Avril Bonner and Oscar Moffit, were charged with robbery with firearms, in taking a pistol scabbard from A. N. Welch, who ranches near Vahes. It seems that Mr. Welch and T. T. Waddell were passing along a road near Vance in a car, when they met the three officers in a car. The officers suspected them of having contraband and stopped them, and on searching the car found a pistol, which they confiscated. Mr. Welch was wearing a pistol scabbard and they also took this. Mr. Welch proceeded to prosecute the three officers for taking his scabbard. As the affair was alleged to have taken place in Edwards County this examining trial was held before Justice Woodriddle here. L. Old of Uvalde was here as attorney for plaintiff, and A. E. Alken was attorney for defendants. After hearing all of the argument Justice Woodriddle put defendants under \$200 bond each to await action of the grand jury. A large number of Leakey and canyon country people were here in connection with the trial of the case.

A blue-winged teal, banded in Lake Serugog, Canada, 16 miles from Lake Ontario, was found in Trinidad, 3,000 miles away, two months and seven days later.

EPISCOPAL CHURCH

G. M. Macdougall, Rector

Thanksgiving Day, at 10:30 a. m., there was held a Thanksgiving service in this church. It was well attended and appropriate Thanksgiving music was rendered by the choir. The sermon by the rector was mainly a plea for the destitute Armenians, and a handsome collection was taken for that laudable purpose.

Owing to the splendid efforts of Mrs. Scott Schreiner's Bible Class the church building has been beautifully varnished on the inside and painted on the outside, which has greatly added to the pleasing appearance of the edifice. Over two hundred dollars was raised by this class at the recent sale of work, not including the other stalls.

Cecil Robison, Junior Warden of the church, entertained the Vestry with a buffet supper Monday night, which was greatly enjoyed.

The rector has agreed to give regular services at the Turtle Creek School House on the second and fourth Sundays of the month at 3 p. m. The first and third Sundays he holds services at the Thompson Sanatorium at 5:30 p. m. These are greatly appreciated.

Mrs. E. E. Palmer entertained the members of the Vestry with a most enjoyable dinner Monday. Twelve members were present and some important business was attended to. After thorough discussion it was unanimously decided to try holding our Sunday night service in the Play House.

A rising vote of thanks was given to Mrs. Palmer for the delightful evening.

Our little church is greatly improved by the painting inside and out, which was financed by Mrs. Scott Schreiner's Bible Class. They have the hearty thanks of the Vestry for this good work.

CITIZENS WIN FIGHT AGAINST UNDESIRABLES

Smackover, Ark., Dec. 1.—After a three days' war between vigilantes and undesirables, in which one man was killed, many wounded and several houses destroyed by fire, the oil fields of South Ouachita County were Thursday night quieting down with the law triumphant. Officers in charge state that the fields have been practically cleared of gamblers, bootleggers, "highjackers" and undesirable women. Over a hundred of these undesirables left Thursday on trains leaving for both north and south points. It is estimated that approximately 3,000 undesirables have departed.

Conditions had become so intolerable in the oil fields, where law and order were practically unknown, that a citizen's vigilance committee was formed early last Monday. These vigilantes paraded the streets with signs, ordering all undesirables to quit the district at once. Many left immediately, but some refused, and in a gun fight Monday night one gambler was killed and several persons on both sides received minor wounds, in addition to several houses being set afire. Tuesday and Wednesday saw the biggest exodus. The only disturbance reported today was the burning of a gambling house belonging to a man named E. J. Wood, alias "Johnny Fewclothes," who had refused to leave.

"I was pale and thin, hardly able to go to work," says Mrs. Bessie Bearden, of Central, S. C. "I would suffer from pains in my feet, when I stood on with bearing-down part of my body. I did not rest well at night. I didn't want anything to eat. My color was bad and I felt miserable. A friend of mine told me of

MANY THANKS, BROTHER

Uvalde Leader-News: If the people of Kerrville and San Marcos don't appreciate The Sun and The Record they don't know real good country papers when they see them. We get a number of splendid papers among our exchanges, but for mechanical perfection and attention to matters of local interest those two papers stand right up at the top.

The Sun is getting a liberal patronage for its Christmas edition, which is to be issued next week. If you have not furnished your copy, and desire to be represented in this 24-page edition, please do so at once.

Governor Neff is right in his advocacy of a new Constitution for Texas, but stubborn opposition will be encountered, and especially from the thickly populated parts of the State that now reap benefits from the present inadequate measure.

The Republican leaders had to abandon their attempt to pass the anti-lynching bill, which was mainly aimed at the South. The Democrats put up such an able filibuster that the Republicans had to abandon this measure of prejudice. There is no more lynchings nor mob violence in the South than in other parts of the country, but because most of the victims in this section are black, who commit such heinous crimes that the people take the law in their own hands rather than await the tedious delays of the courts, more attention is paid to such punishment.

If the Governors of various States and others in authority would become as active in removing the main cause of Ku Klux Klan organization and its growth as they are in attacking the latter. It is the failure of the courts to enforce the law, and when there is a chance conviction, the Governors frequently use the pardoning power, thus encouraging further law violations. This country is not going to get righted until those entrusted with the enforcement of laws do their duty without fear or favor.

Ambassador Harvey to England says that the premiers of leading nations alone can save Europe from complete ruin. The trouble with those premiers and all others with any authority in the badly managed and demoralized nations is their preference to play politics instead of proceeding along lines of equity and fairness. Should those nations get out of their wretched condition, the premiers and others in authority would lose some of their prestige and power. It would be a good idea for a few more military combinations in Europe to take charge as they have in Greece and execute a number of supposed leaders, who are only aiding in the ruin of the nations they pretend to be saving.

A FARMER'S LETTER

Dearborn Independent: Following is a letter from a farmer, printed here without comment:

"The agricultural chiefs have come and gone, and as Dr. Spillman stated, have found no remedy for the farmers' ills. I am no chief. Am only a common dirt farmer, but I am human enough to know when I am hurt and intelligent enough to know what has hurt me. This year it has been the Government crop reports. I was ready to dig my potatoes in July. The price was around \$1.25 a bushel. I had a good crop and thought I was assured a profit, but on the 10th the Government report came out, showing 440,000,000 bushels, and the price immediately dropped to 40 cents, and has been around this ever since. There were no glutted markets, nor could there have been until October, when the bulk of the potato crop is marketed. The Government report and nothing else killed this crop. On November 13th the Minneapolis Journal published a forecast from the University of Minnesota, which stated that for the last 20 years Government figures on acreage of potatoes have been worthless. It would seem that they are entirely worthless, for report of October 27th gives snipments from Minnesota and North Dakota as 6,029 less than last year, and from all the Northern States as 13,000 cars under last year at same date, and yet the price is less than one-half that of last year. If the papers would put on a good big campaign to stop those Government guesses it would do more good to the farmer than anything else. Let the Government publish one report, and that when the crop is marketed. Change Federal Bank rules so that long-time agricultural paper can be rediscouted. Preach to the farmers that if they will seed down 10 per cent of their plow land, they will reduce wheat yield 80,000,000 bushels, oats 140,000,000, corn 300,000,000, potatoes 40,000,000, and so on, and will receive more money for the 90 per cent acreage than now at full 100 per cent of their land. They can all use a little more pasture and hay land to good advantage.
 "If you will broadcast this program you will receive the everlasting thanks of the farmers, and should have that of the business men, as well."

Kerrville feels proud of her boys and young men who have made such fine records on the baseball diamond and later on the gridiron. The former won more games than were lost, while the football boys have won nearly every time. These victories in the field of sport do much to advertise Kerrville, and our boys are due the credit.

Georges Clemenceau, the great Frenchman, has had grand ovations in the cities where he has spoken, while the people have given him a careful hearing. He is right in some of his contentions about the criticisms of this country quitting the co-operative work with England and France, but the main trouble was with those countries in seeking special favors instead of trying to bring order and justice out of the chaos of war.

A district judge at Austin has held the gross receipts law of Texas unconstitutional, which would let the big corporations go free. It is no trouble to make a law unconstitutional that touches the big tax payers, but the little devil with a small amount of property never gets the benefit of any such decisions. There are too many lawyers in legislative bodies. It is to their interest to frame laws that are capable of double construction, so that more litigation results. No wonder the people have lost faith in courts and laws. Now, the big oil companies can be relieved of paying any gross tax, if the higher courts uphold the lower in declaring the law unconstitutional. If this is done, the

- The leading Republicans are awakening to the importance of doing something to make the prohibition law more effective. The Administration is considering it in Cabinet meetings and the Attorney General has issued instructions to subordinates to insist upon a rigid enforcement and more severe penalties. The quickest way to get results in the way of enforcing the prohibition amendment is to provide for jail sentence to go with each violation. The bootlegger cares very little for a fine, which he can make back in one sale. Until the prohibition law is enforced there will be a contempt for all laws, to a certain extent. The Federal Government will have to enforce the law, because local authorities—as a rule—will not do it. The impression is extant that a majority of the people do not want the prohibition law enforced, so there is very little effort made on the part of State and local authorities to enforce what is believed to be an unpopular measure. In this there is quite an error, but it will take time to demonstrate it.

Mrs. Downing Changes
Chicago, Dec. 4.—Mrs. Helen Harrington Downing has resigned as director of the Department of Food Economics of Armour & Co. Chicago, however, has not lost Mrs. Downing, who is nationally known as one of the leading Domestic Science experts of the country. She has moved from the big Armour establishment to take charge of the Home Economics Department of the Calumet Baking Powder Co.

Mrs. Downing's new position will afford her a broader field as the Calumet Company have initiated a Domestic Science campaign, for the benefit of American housewives, that practically will touch every home in the United States.

As a lecturer on dietetics, cooking and Domestic Science, Mrs. Downing has appeared before many important Women's Clubs in the United States. She brings a new prestige and wide experience to her new duties.

Running a Newspaper
Palestine Herald: Anybody can run a newspaper. All you have to do is to buy a plant, know how to operate it from the front door to the back door. Then hustle around and get copy. First you must get all the local and general news. You will find the local news spread about town most anywhere, and you are expected to be most everywhere to get news which comes to you. You have to buy the general, the telephone and telegraph news.

Then you must collect the money, pay the bills and keep everybody in a good humor. And the thing most important is never to leave out of the paper the names of the important ones, and never to put them in when they should be left out. And you will learn this trick after you have been bawled out a few times. Of course, getting the money to pay bills is the easiest job of all; almost as easy as pleasing everybody.

Most of the people who know exactly how to run a newspaper and make it pay, are those who have failed in the business. They are very wise. Try it. It's great fun.

Delicious refreshments were served to the following members and guests: Mr. and Mrs. Ernest Boeckmann, Mr. and Mrs. Walter Coleman, Mr. and Mrs. Fred Evertson, Mr. and Mrs. Tom Hagen, Mr. and Mrs. F. A. Marx, Mr. and Mrs. Ernest Meeker, H. T. Paul, Mr. and Mrs. W. B. Powell, Mr. and Mrs. W. D. Reed, Mr. and Mrs. R. J. Self, Mr. and Mrs. Schneider, Mrs. D. H. Comparette, Mrs. Henry Noll, Mr. and Mrs. Landrum, Mrs. Busch and R. G. Anderson.

Then, again, your packages will arrive on time and in better shape if you give ample time for the postal authorities to handle them. STATES MUST ACT ALONE IN CONTROLLING KU KLUX, ATTORNEY GENERAL HOLDS

Washington, D. C., Dec. 4.—Alleged illegal acts attributed to the Ku Klux Klan fall within the police power of the several States, Attorney General Daugherty has informed Senator Walsh, Democrat, of Massachusetts, in reply to an inquiry, and the United States has no jurisdiction over such matters.
"The Department of Justice has had the conduct of the so-called Ku Klux Klan before it for more than a year," Daugherty said, "but has not been able to find a single case which would bring the organization within the jurisdiction of the Federal Government." He assured Senator Walsh that if any such case arose, the Government would proceed to vigorously prosecute the offending organization or individuals.

HOLD THE GROUND WE'VE GAINED

Fort Worth Star-Telegram: The Federal International News, the publication issued by the Federal International Banking Company at New Orleans, prints in its current issue an article pointing out the decisive manner in which the South has recovered from the prostrate situation of 12 months ago, and sets forth the manner in which this has been accomplished. It points out that the South has done this herself. Compelled to depend upon ourselves we have succeeded in adjusting supply to demand, in financing and marketing intelligently and in improvising new methods of credit to take the place of defaulted methods of pre-war days. "It was all the joint accomplishment of our farmers, merchants and bankers," it says, "who in their necessity discovered and put to use talents and facilities not before realized. It has been a costly but valuable experience. That is, it will prove of incalculable value if we take the lesson to heart, if we maintain the practices and instrumentalities of the achievement and persevere in self-reliance."

The article discusses at length how the recovery was achieved, and then proceeds to point out what must be done to preserve the highly satisfactory position which has been attained. Our immediate concern, it says, is threefold: (1) To be sure of maintaining intelligent marketing; (2) to be forewarned as to the world's needs in pitching the crop of 1923; and (3) to sustain and further develop our present practices and agencies of credit.

This program covers in a broad way all of the activities in which we have engaged during the past two years in dealing with the changed situation. It is well to have them emphasized at this time, for with cotton again selling at a fair price and with a demand fully adequate to absorb the reduced supply, there is bound to be a temptation, not only to take the lid off and return to blind and unthinking methods with respect to production and marketing, but to grow indifferent of the value of agencies and practices which were born of the necessity of the past two years. The Federal International Banking Company has performed a distinct service in preparing and circulating this article.

A manufacturing company, shipping its product long distances from the factory by truck, utilizes this means of transportation every hour of the day and night by providing a sleeping compartment above the seat of the driver. One man sleeps and the other drives. The bed is similar to a Pullman berth with windows on three sides to provide ventilation. In this way practically all bills for lodging are eliminated and considerable time is saved on the way.
