WINTER TERM OF DISTRICT COURT BROUGHT TO CLOSE

Heaviest Docket of Recent Sessions Is Moved With Dispatch—Few Cases Carried Over for Next Term.

The February term of District Court, in session here for the past three weeks, came to an end last Saturday afternoon. Although the civil and criminal dockets were the heaviest for several terms past, dispatch marked the session just closed and few cases were carried over for the August term.

Trial of criminal cases that were ready to be called was completed Wednesday of last week and the remaining three days were devoted to hearing civil cases.

A majority of civil complaints were ready for trial during the term just closed and all but a few of them were cleared from the docket. The larger number of carry-overs consists of criminal cases in which no arrests have been made. Several of these charges were filed late in the week and, although it is probable that service has been completed in most of them, they could not be taken up before the end of the term.

A part of the cases that were deferred until August have been continued for one or more terms because of service being incomplete. This is true more of criminal than of civil, several of the former having been on the docket for a number of years.

Disposition of civil cases were made as follows: Ellen Rees et al vs. Ella Bell et al, continued by agreement; H. S. Affleck and Mary A. Stowers, independent executors of the last will and testament and administrators of the estate of G. A. Stowers, deceased, vs. Leroy Tolle, Theresa Tolle and W. C. Zumwalt, writ of injunction made permanent; L. A. Schreiner vs. Cornell and Seargent, continued for service; Roy Littlefield and James Carson vs. Miss Sue Robinson and the Commissioners Court of Kerr County, continued on application of plaintiff; Mrs. C. T. Traylor vs. J. G. Ayala, settled and dismissed at cost of defendant except as to depositions of plaintiff which were paid by her; International Shoe Co. vs. J. W. Burney, court disqualified; Mrs. Mattie May Doyle vs. Geo. W. Doyle, continued on application of plaintiff; L. A. Schreiner vs. James W. Hedenburg and J. S. Wynn, continued for service; Mitchell Grinder vs. Mary Hardee Grinder, decree of divorce granted; Joe Hamburg vs. Alice Hamburg, continued on application of plaintiff; Remschel Lumber Co. vs. J. W. Gilmer, continued for service; First State Bank of Kerrville vs. J. W. Lowler et al, continued for service; J. E. Beard vs. C. A. Duff, judgment for plaintiff; E. Parte, Miss Helen Jane Ritchie, disabilities as minor removed as prayed; S. E. Thompson vs. E. W. Colbert, suit for account or debt and for writ of attachment, continued by operation of law.

No cases on the criminal docket were acted upon after Wednesday of last week, reports of which appeared in these columns in the issue of February 21.

BOERNE WINS BASKETBALL FINALS OF HILL COUNTRY MEET SATURDAY

Tivy High Gets Second Place in Boys' Division—Fredericksburg Girls Win Over Junction for Title.

Boerne High School won the Hill Country championship in basketball, boys' division of the Hill Country Track Meet, when Tivy High forfeited to them in the finals Saturday afternoon. The Fredericksburg High School girls team won from Junction for the title in that division.

Preliminaries were played on the Schreiner Institute grounds beginning at 10 o'clock Saturday morning. These games were completed after lunch and the finals were played immediately afterward.

A good crowd of enthusiastic fans witnessed all of the games and everything went off in apple pie order. No objections were raised over any decision and the best of sportsmanship prevailed.

In the boys' games Tivy High eliminated Hunt in a fast game, 15 to 10. Boerne took on Fredericksburg 29 to 20 and Tivy then romped on Klein Branch 18 to 2. Tivy forfeited to Boerne, 2 to 0, in the finals to allow Boerne to play Schreiner Institute a return game. Institute played a fast game to win, 36 to 9.

Tivy High girls lost to Fredericksburg, 21 to 18, in a heart-breaker, the local lasses playing a flashy brand of basketball and leading at the half. The last few minutes decided the winner. Junction High and Center Point played another fast contest, the Junction girls finally triumphing, 20 to 22. Fredericksburg then took their measure in the finals, piling up 28 points against their opponents' 8.

The Fredericksburg girls were declared the champions with Junction second, although the Tivy High team was considered a stronger contender than Center Point or Junction.

DRIVE FOR ENCAMPMENT FUND GOES OVER THE TOP

Final Details and Transfer Ready to Be Made—Expect Construction to Begin Within Short Time.

The campaign to raise \$11,500.00 for the purchase of 200 acres of land to be used as a site for the Methodist Encampment has gone over the top, according to announcement by Chairman Howard Butt Wednesday.

The response of business men and residents of Kerrville and vicinity has been very liberal, Mr. Butt said. Due to the realization of the importance of the project to Kerrville and the Hill Country, but little difficulty was experienced in the raising of the huge sum.

With the completion of the fund it is believed that the formal transfer of title will take place as soon as possible and final details will then be arranged.

With these matters cleared the way will be open for construction work to start immediately. It is believed this work will get under way at the earliest possible time, as every day counts in preparing the grounds and erecting the buildings for use by the middle of June, at which time it is expected to hold the first encampment.

A full report of the drive will be made at the meeting of the Chamber of Commerce tonight and any discussion of the proposition will probably be taken up.

With the raising of the funds with which to purchase the site the location of the encampment here is made certain, as the proposition was accepted subject to the result of the drive just closed.

The daily press has been carrying stories of the selection of Kerrville as the site for the encampment and the Gem of the Guadalupe may well feel proud of being the winner. A number of other cities in the State made flattering offers to the committee for its location in their territory, but the numerous advantages the Hill Country has to offer triumphed over many worthy contenders for the prize.

The newspapers of many of these cities have carried many glowing compliments and congratulations to Kerrville and the Hill Country as the successful bidder for the encampment, which are sincerely appreciated by the people of this section.

Indeed, it is a prize well worth working for and winning and Kerrville feels proud to be the home of the West Texas Assembly Methodist Encampment and extends to them a hearty welcome to her midst.

KERR COUNTY FARMERS PLANNING TO BETTER QUALITY OF PRODUCTS

Adopting Higher Grades of Seed and Improving Stock—To Bud 6,300 Pecan Trees This Year.

Farmers of Kerr County are fast becoming converted to the doctrine that good seeds and stock return high grade produce and as a result many of them are improving the quality of their producing material.

Sixty farmers have ordered 6,300 paper-shell pecan buds to be budded onto native pecan trees this spring. This work will be done as soon as the sap begins to rise and the bark slips easily, which is usually about April 1.

Mostly Bros. Nurseries received the order to furnish the buds which will be cut immediately and stored until budding time.

Five of the county's progressive farmers have bought pure Kaesch cotton seed direct from Ed. Kasch of San Marcos and will give this highly recommended cotton a good trial here this season. These men believe that diversification and good seed will pay and they hope to prove it.

The cotton crop for Kerr County has been estimated at 3,000 acres this year and plans are being discussed for trying the calcium arsenate method of boll weevil control. G. A. Maloney, of the Government Boll Weevil Control Station at Tallulah, La., is expected to be in Kerrville in the near future and will give the farmers some valuable information on boll weevil control with calcium arsenate.

LOCAL BOY HANGS UP UNUSUAL RECORD AT MEDICAL COLLEGE

Marshall Leazar One of Few to Pass State Druggists' Tests—Will Get Degrees Next June.

An unusual record was established at the State College of Pharmacy by Marshall Leazar, son of Mr. and Mrs. W. G. Leazar of this city, when he passed the State Board examination for druggists a short time ago.

Young Leazar has been a student at the Galveston college but a short time, beginning his work there a year ago.

He was one of seven who passed the tests with flying colors out of a class of nearly 50 who were examined. He has been awarded his certificate as a registered druggist entitling him to take up that work any time he wishes.

Although a graduate druggist now, Marshall will continue his studies at the college until the end of the term at which time he will receive his degrees.

This is another illustration of the intellectual attainments of Kerrville's young people, a number of whom have established records of like nature at various colleges and schools. Young Leazar may well feel proud of his success and his many friends extend their congratulations.

ROCKSPRINGS BUTCHER SHOT IN HEAD FOLLOWING DISAGREEMENT

Freighter Held in \$3,000 Bond Pending Result of Wound; Operation on Brain Performed in Local Hospital.

Bob Fairbanks, butcher and prominent citizen of Rocksprings, was shot through the left side of the head as he stepped into the street from his shop to go to his home last Thursday, according to reports reaching here.

Dud Edwards, Rocksprings freighter, was placed in jail immediately following the shooting, but later was released on bond of \$3,000.

The wounded man was brought to the Kerrville Sanatorium-Hospital at a late hour Thursday night in a serious condition. Emergency treatment was given and then a number of X-ray photographs were made of his head.

The X-ray showed that the .32 calibre Lager steel-jacketed bullet had been split by the skull, one portion traveling across through the brain to the inside of the skull on the right side where it was deflected back to

Frost Does Damage in Valley

Brownsville, Tex., Feb. 27.—Practically the entire Rio Grande Valley sustained frost damage last night, the full extent of which cannot be determined for several days. It is evident this morning, however, that citrus fruit escaped severe damage, the loss being mainly to tender plants such as beans, tomatoes and cotton and corn just coming through the ground.

The minimum temperature at the Brownsville weather bureau was 36 degrees, but ground temperatures ranged from 32 at Brownsville to 28 degrees at Mission. Telephone reports received from the principal citrus growers this morning state that no damage to citrus fruit has been found yet. The temperature is rising rapidly today. This is the first time this season the valley citrus growers have found it necessary to light the orchard heaters.

Quit Spending and Lower Taxes

Farm and Ranch: Senator Copeland of New York, asks: "Do you want your taxes reduced?" and then answers: "You do. So does everybody else. We differ only as to how the burden of government should be decreased."

"Why not attack the problem from another angle? Why not first con-

sider the National expense? The government taxes only to expend. If it did not spend so much it would not be necessary to raise so much by taxation."

Senator Copeland seems to have gone to the root of the matter. It is simple. Quit spending money and we won't need to raise so much by taxation. Not that the Government, Federal, State, county and municipal don't need to spend some money, but why throw it away? Why not quit spending recklessly? Why not demand and receive a dollar's worth of goods for every dollar spent for goods, and a dollar's worth of service for every dollar spent for service?

Prior to the war our Government and its subdivisions talked in hundreds of thousands and millions and spent accordingly. Now they talk in millions and billions. It was easy, during the war, to raise large sums of money. The people said: "Let's pay for this thing and get it over with." Since the war our public officials have gone right on spending money. The people have been urged to vote bonds and to approve of first one project and then another until cost of government has increased 300 per cent.

Our governments, Federal, State, county and city, are spending money yet unearned. Our children and grandchildren and perhaps our great-grandchildren will be called upon to pay for improvements long worn out, simply because we are now on a spending jag.

With posterity already mortgaged beyond all reason, it is about time to quit spending money for unecessaries; to quit buying things we can not afford, and get back to sound business principles.

"Sub-Deb" Club Entertained

Last Saturday afternoon Miss "Doots" Brashear entertained the members of the "Sub-Deb" Club at the home of Mrs. J. M. Roberts. A business meeting was held before games of Forty-Two were played. At this meeting the Club decided upon "Sub-Debs" as the name of their club.

Lucille McCoy won the most number of games at this meeting while Lucille Taylor won low score. Mrs. W. A. Salter substituted in Genevieve Hagens' place.

A salad course, consisting of fruit salad, chocolate, cake and crackers, was served to the following: Ada Nance, Lucille and Ruth McCoy, Carlotta Tarver, Margaret Delaney, Lucille Taylor and Mrs. W. A. Salter.

Martha Washington Tea

The Martha Washington Tea given under auspices of the Parent-Teachers' Club proved to be a very delightful affair.

The Parish Room of the Episcopal Church, where the tea was given, was fittingly decorated with flags and bunting. The guests were met at the door by three young colored belles, Misses Elizabeth Eastland, Anna Laura Garrett and Aimee Louise Schmerbeck, who ushered the visitors inside. The receiving line formed at the left of the door and was composed of the officers of the Club, Mesdames H. Schultz, R. L. Schmerbeck, J. J. Delaney, J. L. Adkins, T. C. Johnston, J. R. Leavell, A. G. Platte and Miss Mary Holdsworth. These women were dressed in colonial costumes of heavy silks or dainty crinolines, wore their hair powdered and curled and did not scorn the use of beauty spots of their cheeks.

A very interesting program had been prepared, this consisting of solos by Mrs. G. M. Doyle and Miss Harriet Garrett; reading by Elizabeth Eastland; instrumental numbers by pupils of Mrs. J. B. Young; piano duets by Edna Henke and Annie Saenger, Elaine and Mildred Williams

Mrs. W. S. Hunt, who is staying at the St. Charles Hotel, leaves today for a visit of a few days in Houston, after which she will return here.

R. M. Wright and family returned Tuesday from Austin, where they had been called last Friday by the serious illness of Mr. Wright's father. The elder Wright was considerably improved before they left Austin.

Pam Grinstead arrived last Thursday from Austin, where he is attending the State University, to spend the week end with his parents, Mr. and Mrs. J. E. Grinstead. He was accompanied from San Antonio by Earl Stafford, who was his guest while here.

A telegram received here conveys the sad news that "Uncle" Tom Nelson passed away suddenly in Corinth, Miss., last Thursday night. "Uncle" Tom was for several years employed as desk clerk at the St. Charles Hotel here and made many friends in this section. He returned to his old home in Mississippi several years ago. A wide circle of friends regret to learn of his untimely death.

D. W. Riggs and H. D. Fisher, representing Thomas Nelson & Sons of Chicago, were in Kerrville Tuesday and Wednesday. The former is a classmate and the latter a schoolmate of the senior owner of The Sun, and an enjoyable visit was had during their stay. Tuesday evening a trip was made to the Kerr County Bass Hatchery. The visitors were loud in their praise of the undertaking and both invested a dollar, as they have enjoyed fishing trips on the Guadalupe in the past and plan to find time to make their visit to Kerrville a yearly event.

Schreiner Institute Notes By Milton Gilmer

Geo. F. Cox visited his mother in San Antonio during the week end, returning to school Sunday.

John E. Shive left Thursday afternoon for a visit to his home at Waxahatchie.

Roy Dies, Reagan Spilman, Gerald Stafford and Bill Steele spent the week end at their homes in San Antonio.

"Dutch" Flory left Monday for a week's visit to his home in Smithville.

The Schreiner Institute basketball team defeated the Fredericksburg High School team at Fredericksburg Wednesday of last week, by a score of 36 to 7. The game was comparatively easy, Schreiner playing substitutes the greater part of the game.

Schreiner Institute closed its basketball season last Saturday when the last scheduled games were played during the Hill Country Basketball Meet, held on the Schreiner grounds. We feel justly proud of the record the team made for its first season. Out of the eight games played during the season only one game was lost. Prospects are good for equally good teams in track and baseball.

Death of Mrs. F. A. Ellison

At 12:30 o'clock Wednesday afternoon Mrs. F. A. Ellison passed to her reward at the home of her son, J. R. Burnett, in Kerrville. Deceased was of extreme age, having passed her 85th birthday the 18th of this month. She had been sick for the past two months.

With her when the end came were her three children, J. R. Burnett, Mrs. R. F. Grimes of Dallas and C. B. Ellison of Brownsville, together with Mrs. Burnett and Mrs. Ellison, daughters-in-law.

Mrs. Ellison had made her home with Mr. and Mrs. Burnett for the past two years, but owing to her extreme age she had not been away from home very much, hence few Kerrville people had the pleasure of her acquaintance.

She had lived at Paris, Texas, all her life previous to moving here, at which place she belonged to one of the most prominent of the old-time families. Early in life she joined the Presbyterian Church, to which faith she held steadfast as long as she lived.

There will be no public funeral services in Kerrville. The body will be taken to Paris this afternoon, accompanied by Mrs. Grimes and Mr. Burnett, where services will be conducted tomorrow.

The Sun joins with the many friends in expressions of sympathy to the bereaved ones.

Killing Rattlesnakes

Farm and Ranch: T. N. Waller, of Goliad, Texas, writes Farm and Ranch that he recently found a small cave on his place in which nine large rattlesnakes were spending the winter. After some little trouble he succeeded in killing them all, thus reducing the rattlesnake population by nine plus the numerous little snakes that would have been raised during the spring and summer.

We have rabbit drives and occasionally a drive to rid a section of country of wolves. Why not have a few rattlesnake drives and rid the country of a deadly menace. Rattlesnakes hibernate in caves, when possible, and in other out-of-way places where they can secure protection from the cold. It is their habit to get together and in sections where they are numerous, hundreds are found rolled up in a mass in some cave. When found they are easily destroyed either by a stick of dynamite, fire gas or

by such other means at hand. The destruction of the snakes in one of these caves would greatly lessen the menace to life. Killing ten snakes in winter reduces the snake population of the next summer by several times that number. It may not be possible to get them all in one campaign, but if drives were systematically arranged in sections where snakes are numerous, and followed up each winter, the dangers from the poisonous reptiles would be materially reduced.

KERRVILLE IS ALL RIGHT

Kerrville, like all other communities, has a few citizens who are inclined to be rather too free in their criticism, especially on matters of a public nature, and are always howling about this and that. For the benefit of these few, who, strange as it may seem, are never found working with the progressive element for the advancement of Kerrville and the Hill Country, The Sun reproduces the following editorial from the Auburn (Wash.) Globe-Republican:

Every now and then you will hear some chap trying to tell what is the matter with the town.

There isn't a thing the matter with the town.

A town is made up of the people in it, and if there is anything the matter it is with the people and not with the town.

If you know of any mistakes that are being made, go to those who are making the mistakes and tell them about it.

Don't take up your own time, and the time of other people, by telling them.

If you want to cure a disease, you treat the sick person, not his friends and neighbors who are in good health.

So, if you want things corrected, go straight to those who are at fault and talk to them.

The rest of us have something else to do and we don't want to be bothered.

JAMES L. SLAYDEN

San Antonio Express: In all San Antonio and the great Southwest Texas district that James L. Slayden represented in Congress for twenty-two years, there is not a civilian and not a man in the National uniform who would deny that, like the one whom Edward Young idealized, Mr. Slayden consecrated "his hours by vigorous effort and an honest aim. At once he draws the sting of Life and Death; he walks with Nature, and her paths are peace."

That was his honest aim—universal peace—and those were the paths he trod. But that is also the aim of every true man and every good woman, among whom were many who conscientiously felt that it need not have dictated the position which, in 1916-17, Representative Slayden assumed as to certain Administration measures of preparedness against a war which was being forced upon the Nation. It was cause for deep regret to many of his friends and political supporters that they had to take issue with him at that time, in that regard; but none then questioned, and none questions now, the sincerity of his motives, or would underestimate the worth and integrity of the service which, on the whole, he rendered his country and his district during his eleven terms in the House.

Great friendship, appreciation of his public career, respect for his fine intellectual attainments, are the sentiments touched by the news of Mr. Slayden's death; and there is widespread sympathy for Mrs. Slayden in this bereavement.

San Antonio Express: Edward Sewell, director of the Texas Museum of Natural History, declares that Texas has more distinct specimens of bird life than all the rest of the United States combined. Mr. Sewell has collected, mounted and described for complete ornithological purposes more than 1,000 such examples of Texas birds. During the past year he has spent much time in Southwest Texas, making San Antonio his headquarters, and traveling into every quarter of this big section of the State. He is one of the very few men in the country armed with the written authority of the State and Federal Governments to shoot any kind of bird at any season of the year—"for scientific purposes." Inside his wallet are the signatures of the State Game, Fish and Oyster Commissioner and of the Secretary of Agriculture attesting to his legal rights in such matters. As those who had studied the birds of San Antonio territory knew, Sewell says no belt of the world, perhaps, has so many different kinds of these feathered passengers of the air as this. The mountains, the plains and the seashore combine in the making of this fact. And the climate and the air currents have much to do with the prevalence of the birds and with their desire to remain. They include the majestic eagle and the humming birds, the stately crane and the warblers of the night. They are the friends of man and while plans are maturing for the preservation of deer and fish, the real statesman will give a thought to the thousand different varieties of those creatures that gave to man the idea of winging his way toward Heaven's vaulted arch.

TO ASK GOVERNMENT TO BUY LEGION HOSPITAL

Washington, D. C., Feb. 23.—Efforts are being made to induce the Federal Government to reimburse the State of Texas and citizens of that State for the \$1,640,000 they have invested in the Veterans' Hospital at Kerrville. W. R. Hudson of Dallas, is here as the representative of the Benevolent War Risk Society, which initiated the movement to erect the hospital. He has arranged for conferences with Director Hines of the Veterans' Bureau as well as members of the Texas delegation in Congress to place before them the plan. In a brief which has been prepared, it is pointed out the hospital is now under contract to the Government and

that the rental being paid is less than 4 per cent on the investment of which \$1,400,000 was appropriated by the Texas Legislature. It is explained that the people of Texas undertook to provide this hospital when there was an emergency to care for the tubercular veterans in need of hospitalization. However, it is the duty of the Federal Government to provide these facilities and the people of Texas should not be taxed to maintain them, the brief explains.

LEAP YEAR SOCIAL

Tomorrow, Friday, February 29th, from 7:30 p. m. to 11:30 p. m. there will be a social for the young folks at Notre Dame Institute.

The Washington entertainment given by the Notre Dame pupils last Thursday was an excellent prelude to the Colonial Supper thereafter.

The junior girls rendered a novel picture poem in Martha Washington costumes. Much history of our pioneer forefathers was interwoven in their dramatic recital.

It may sound trite to say that the supper was a big social, parochial and financial success; but when it is remembered that Washington Week was crowded with collections and attractions, and that Thursday's weather was rather forbidding, then it appears wonderful that one hundred and forty meals were sold.

The patriotic decorations of the banquet room were highly praised on account of the unique arrangement for which the Sisters received valuable assistance from the head chef at Ft. Sam Houston.

So many kind friends extended a liberal helping hand that the faculty and students find themselves at a loss to thank every donor individually.

The patriotic decorations of the banquet room were highly praised on account of the unique arrangement for which the Sisters received valuable assistance from the head chef at Ft. Sam Houston.

It is hoped that Thursday's big success in which practically the entire congregation participated, will be duplicated tomorrow night at the last pre-Lenten social.

In the early part of Washington Week, Sisters Joseph and Mechthildis of San Antonio came here to beg for the poor Mexican children whom they are clothing and educating in their community center.

Next Sunday an annual collection will be held to assist our Negro and Indian brethren within the confines of our republic.

Members of the Bl. Virgin Sodality will hold their monthly meeting on the first Sunday, and will try to follow all the St. Joseph devotions during the month of March.

At the Mexican church next Sunday there will be a nuptial Mass during which Erminia Rodriguez be-

All the classes of the Sunday School are enjoying their new rooms, but especially so the primary Department. The little tots assemble in their own tiny auditorium with their superintendent, Mrs. J. L. Adkins.

Rev. W. P. Dickey delivered both sermons Sunday. For the morning sermon the 107th Psalm was used as Scripture Reading. The text being thoughts found in Deuteronomy 8:11; Colossians 3:2. The subject was "We Need God."

(1) In thinking—Two questions in particular arise here first, how did the universe originate and second, the purpose of it all—When these questions are deeply meditated over the answer always goes back to the omnipotence of God.

(2) In affection—In the depths of our hearts, the feelings that furnish the motive power of life.

(3) In business life—The presence of God in this balances our lives so that one-sidedness is avoided.

God points out the time for labor, for rest and fellowship with friends, and for prayer. Slavery to business is avoided and God gives to us a fruitful life.

Mrs. G. M. Doyle sang as an offertory solo for the morning service, "The Land of My Dreams," with Miss Harriet Garrett presiding at the organ.

The Osborne Circle will be hostesses to the Baptist W. M. U. in a joint missionary social and business meeting Tuesday at 4 p. m. at the home of Mrs. Ola B. Gammon with Mrs. C. H. Richerson in charge of the program.

Among those taking part will be Mrs. W. E. Brown, Mrs. R. F. Hunt, Mrs. L. R. Landrum, Mrs. Gammon, Mrs. Hal Morris and Malcolm Richerson.

A full attendance of the W. M. U. and their friends is hoped for.

We wish to extend our heartfelt thanks to the many kind friends who assisted us, by word and deed, during the last illness and death of our mother and grandmother, Mrs. Caroline Weston.

EPISCOPAL CHURCH NOTES

At the Sunday morning service Dr. Macdougall took for his text one of the best known verses in the Bible, "God so loved the world that He gave His only begotten Son that whosoever believeth in Him shall not perish, but have everlasting life."

Expounding on the fact that giving was the way to show our love, and the more we gave the more we would love. It was not filthy lucre our Lord wanted, but give Me thine heart was His wish and all else necessary would naturally follow.

Why are our church services not better attended? Lack of real love for our church. Do not let any little personal prejudices, likes or dislikes, slights or wrongs, fancied or real, keep us from worshipping each Sunday in our Lord's house, which every truly Christian Church must be.

The Young People's Service League met at 7 p. m. and had an enjoyable meeting. They extend a hearty invitation to all young people from 14 to 21 years of age to become members.

The concert given by the colored girls of St. Phillip's Industrial School of San Antonio, last Friday was most enjoyable. There was a very good attendance of people who showed their appreciation of each number by giving very enthusiastic applause.

The girls had very sweet and, some of them, quite remarkable voices and sang the quaint old spirituals with much taste and expression.

When they have this they hope to be well on the way towards self-support, as they are assured of many patrons who will be glad to give them work.

The school is an industrial one which aims to train the girls thoroughly in all kinds of house-work etc., besides giving them religious and other needed instructions.

LEGION LIGHTS

Items of Interest about U. S. Veterans' Hospital No. 93, Legion, Texas, Edited by Geo. F. Dutt, Who is Authorized by The Mountain Sun to Receive and Issue Receipts for Subscriptions.

General improvements at the Veterans' Hospital are steadily in progress. Two warehouses are being erected at a highly convenient point for the unloading of freight directly from the spur of the S. A. & A. P. Railroad that traverses the lower portion of the government reservation. These structures are each of a capacity of some 3,000 square feet of floor space, and are being constructed by the United States Veterans' Bureau. When these warehouses are finished the handling of the immense amount of supplies requisite in the maintaining of a large hospital will be facilitated.

The new quarters designed for the accommodation of eight officers and their families at the hospital are being newly furnished preparatory to occupancy at an early date. Edward S. Transue, Director War Service, Southwestern Division, American Red Cross, visited the hospital in his official capacity. He expressed himself as being well pleased with the outlook for the future. He reviewed the local organization, the American Red Cross and made valuable suggestions in connection with the operation of Welfare Work. Additional equipment and furniture for the Red Cross Recreation Hall will be forthcoming as a result of Mr. Transue's visit. It was learned that he has the supervision of no less than 20 Army camps and hospitals in the Southwestern Division which covers seven states. Mr. Transue is of the opinion that the hospital at Legion holds exceptional advantages for the treatment of tuberculosis and that it is one of the best hospitals in the United States. During his visit a local secretary was appointed at Kerrville and an office was established. This will greatly facilitate the relief work in those cases that do not ordinarily fall within the jurisdiction of the Veterans' Hospital. Mrs. G. M. Doyle, who has had a vast experience in soldier relief work, was appointed local secretary at Kerrville.

The Legion Literary Club is abreast of the times. At its last meeting each member answered roll call by giving an item of current event. A miscellaneous program was given. Wallace Miller read a paper drawing a comparison of the ideals of the late President Wilson with those of Washington. Miss W. A. Nitzel ably recited Kipling's "The White Man's Burden." An instructive sketch of the life of the great Italian poet, Dante, was given by Mrs. James King. Miss Ethel Russell read a brief outline of the life of Hiawatha. This was followed by a discussion of Irving's "Christmas at Bracebridge Hall" by Robert Hagens. Miss Blanche Lauck entertained the Society with an account of Charles Lamb's "Dissertation on Roast Pig."

The Legion Literary Club entertained at a pleasant social affair from 7:30 to 10 p. m. on Washington's Birthday. For this occasion the reception room in Quarters Number Two was decorated in the national colors. The party of young people enjoyed an old time Virginia reel which was followed by certain contests arranged in a progression at the completion of which high prize and consolation prize were awarded. Music was furnished by Miss Pierdola, Mrs. Schwarz, Mrs. King and Mr. Storey. A dessert luncheon was served.

In the observance of Washington's Birthday at U. S. Veterans' Hospital No. 93 an administrative order was issued granting to all personnel a holiday excepting those who were on duty in care of the sick or in the protection of property. Many visitors gathered at the hospital at the close of the afternoon rest period at 3 o'clock, remaining with sick relatives and friends until 4:30 p. m. The patients enjoyed a splendid motion picture program at the Red Cross in the evening.

Jasper Y. Lindley, Chaplain of the Louis Halphen Post, conducted morning services in the Red Cross Hall Sunday. Those present had the privilege of hearing a very good sermon. Mr. Lindley chose for his topic "Grace and Salvation Instead of Walls and Bulwarks," reference Isaiah 26:1-3. A song service was conducted in connection with the program.

Rev. G. M. Macdougall, rector of the Episcopal Church of Kerrville, and Chaplain of the Garrett-Baker Post, American Legion, conducted afternoon services at the Red Cross Hall. His text was found in the well known Scriptural passage from John 3:16, "God so loved the world that he gave." Dr. Macdougall impressed his hearers with the thought that true measure of giving is not in what we give, but in the spirit in which it is given. He led to the final idea that in giving we must learn to give ourselves to the work of helping others. Mrs. John Burney assisted at the services by acting as pianist. She sang several selections which were greatly enjoyed.

A large number of the personnel visited at Washington Hall at St. Mary's Catholic Church in Kerrville and partook of the excellent dinner that was served by the ladies of that church on the evening of February 21. Two of our local personages are very proud of the fact that their birthday anniversaries occur on February 22. Miss Ora Burchmiller, Chief Nurse, and Dr. Paul Nicolai, formerly of San Antonio and now a patient at Legion, claim this distinction.

Mr. and Mrs. H. Richards left for their home at San Marcos Tuesday, after a several days' visit with Frank Richards and family in Kerrville. The Richards are brothers.

Another Reason Why —

Buick Cushions Are Comfortable On All Roads

The cushions on Buick open cars are supported on double-deck springs. The upper springs, light and easy acting, smooth out slight road irregularities, while the larger and stronger lowers absorb the bumps that cause the ordinary seat to "strike bottom". Two pads of curled hair between springs and French plaited upholstery give that final softness and assure the purchaser a cushion that will stand up.

TURTLE CREEK CHIT-CHAT

Mrs. P. F. Durham visited her son, Phipps, the past week end.

Miss Lydia Raaz was a visitor at the Landry Ranch last week.

Mr. and Mrs. Victor Stevens were visiting home folks last week.

Louie Real, who has been sick with the flu, is able to be up again.

Well, here is hoping after this cold snap that spring will soon be here.

Uncle George Lamb has been sick with the flu but is some better now.

The force from the Landry Ranch were shopping in Kerrville last Saturday.

Mr. and Mrs. Raymond Denton visited B. F. Denton's last Saturday and Sunday.

Mr. and Mrs. W. H. Fleming and baby, Ruth, were Saturday shoppers in Kerrville.

Bernice, the little daughter of Mr. and Mrs. Phipps Durham, has been sick with tonsillitis.

The family of Oscar Strohecker are all sick with the flu. We hope they will soon be better.

Mrs. Harry Williams and Miss Ethel Norwood were week end shoppers in the Alamo City.

Earl Denton, wife and baby and Mrs. A. J. Gibbs of Kerrville visited the Denton Ranch last Sunday.

The men of our community met and cleaned up the cemetery Friday of last week, which adds very much to its appearance.

Mr. and Mrs. P. B. James had all their children home for dinner last Sunday week, it being Mrs. James' birthday anniversary.

Mr. and Mrs. Urbane Edwards and baby spent Sunday at the Denton Ranch, while Urbane was rushing car trade on the Medina.

Mr. and Mrs. Moritz Holekamp and son, Alex, attended our basket supper. Also quite a few young men from Kerrville and Legion were in attendance, which helped very much in making things interesting.

This Monday morning reminds the writer of the snow covered cards we all received for Christmas, as the whole world seems wrapped in a blanket of snow.

It is indeed a beautiful sight. About three inches on the ground and still falling. Fine for small grain and plowed lands.

The basket supper given at the Turtle Creek School House Friday, the 15th, was a grand success.

The ladies of our neighborhood certainly did some beautiful and artistic work in basket making from the display given.

The men and boys surely must have thought so or were very hungry from the way the bids flew skyward.

Mr. Ethridge proved he was no amateur in the way he handled the sale.

Merriment reigned throughout the evening. About 10:30 finished the sale and judging of baskets, when some one said, "Let's eat." And when those baskets were opened, suppers fit for kings were spread, and the way that crowd did eat was proof enough that they were enjoying themselves.

The first prizes given for the prettiest basket and prettiest girl went to Miss Thyrza Morrison; second prize for basket to Mrs. E. J. Keegan; third to Dorothy McDowell. Highest bid on basket went to Mrs. Henry Barton; second to Miss Morrison; third to Miss Ethel Norwood, the teacher. We feel sure the main secret of our success we owe to the pleasant and genial mannered agent of the Delco Light Company, R. L. Mangum, who furnished us lights free of charge, giving us a demonstration of the fine light his plants give. He also paid

us many compliments on the beauty of the baskets and on our efforts in raising money in this way for our school. We thank him very much for his kindness. There were 24 baskets sold, bringing \$110. We feel very grateful indeed for the hearty co-operative spirit shown.

School was closed Tuesday of last week in an effort to check the spread of measles in the community and has not been opened since. There were eighteen cases of measles in the community in the past week, and although some of those affected were rather sick for several days, none of the cases have been of sufficient severity to warrant more than natural anxiety on anyone's part. Most of those who have been sick are well on the road to recovery, but it is expected that several new cases will be reported within the next week.

Through the X-ray findings the surgeons determined the exact location of the bullet and removed it through a large trap door made in the skull. The good effects were at once noted in the pulse and blood pressure and improvement has been continuous.

The surgeons decline to state that Mr. Fairbanks is entirely out of danger, but unless complications set in they expect him to be up and about within ten days.

This case is another testimony to the triumphs of modern diagnosis and surgery and is the fifth in a series operated on at the local institution in which brain substance had actually been lost and yet the patients are today alive and well.
