AUGUST TERM OF DISTRICT COURT OPENED MONDAY

Grand Jury Now in Session—Civil Docket This Week and Criminal Cases Next Week.

The August term of court for the 38th Judicial District opened at the Court House in Kerrville Monday morning, with a large docket of civil and criminal cases ahead of it.

Judge R. H. Burney delivered one of the most impressive charges to the Grand Jurors that he has ever rendered. He called attention of the jurors to the laws of the State and Nation and warned them that if the country doesn't wake up to the seriousness of the situation the people will soon reach a stage of anarchy.

Judge Burney touched on the Klan issue by stating that he was reliably informed that there existed a secret organization whose oath was considered sacred and binding by its members. He warned the jurors that their oath as citizens of the United States and their oath as jurors were the most important oaths that any citizen could take and that no man was fit to sit on a jury in this country who had taken any oath that would supersede in his mind the oath he took as a Grand Juror.

Information handed the Grand Jury for investigation included nine felonies and four misdemeanors charges.

The present Grand Jury is composed of the following: A. B. Burton, foreman; Sing Conn, Willie Burney, Gus Kaiser, R. G. Hokekamp, Louis A. Real, J. W. Bailey, S. Eastland, E. H. Kensing, C. A. Henderson, Fred Klein and Robt. Saenger Sr. Bailiffs for the Grand Jury are: John Grier, Frank Moore and A. J. Colbath.

The civil docket got under way Tuesday morning with the calling of the Petit Jury for the first week of court, as follows: Henry Barton, Herman Grona, Otto Hein, Otto Lich, R. L. Mogford, T. J. Sparks, Jas. Howell, W. B. Lee, A. B. Seakrest, Dee Burney, Felix R. Wall, B. F. Hahn, J. W. Floyd, J. R. Wallace, J. M. Clark, W. G. Leazar, Ernest Lindner, John Heimann Jr., C. A. Rodgers, Elvin

Registrations During Month Total 432; Many Others Failed to Fill Out Cards.

Kerrville's Tourist Park continues to be one of the most popular places in the country, especially along about dusk in the evening, when the large park and camping place is teeming with campers, all busy preparing for a night's rest after a day of travel.

The park has been exceptionally busy the past three months, and the month of July, when 432 people filled out registration cards, has been no heavier than the previous two months. In addition to the 432, numbers of people have left the park after staying overnight without registering, as well as the Sunday crowds, when scores of cars have stopped over for their noon meal and left without registering, as registration of overnight visitors only has been the rule of the park.

The park is in charge of L. S. (Smoky) Rouff, under the supervision of a committee from the Chamber of Commerce, composed of Ben Smith, Chas. L. Mason and Oscar Salmons. The park is now run on a restricted plan, whereby after a party has stayed over three days they pay a nominal fee for the privilege of staying longer. That this method of operation is an improvement over last year, when it was operated as a free park, is attested by the fact that the park has been unusually free from loafers and dead beats this season.

Mr. Rouff is doing everything in his power to make his guests comfortable, which is not a hard job with the natural accommodations he has at hand. The park is equipped with electric lights, city water and modern toilets and shower baths—which in addition to plenty of shade and ac-

cessibility to good swimming and fishing in the river, make it about one of the best and most complete camping places to be found anywhere. Numerous compliments were given by visitors on the park and the registration cards contain many nice things pertaining to same, with but very few kicks. The following, signed by E. Haas and R. F. Sessions, is a fair sample of what the tourists think: "Just a note to tell you we enjoyed the privilege of your tourist camp; night of the 21st, and thank you very much. We are from Nashville, Tenn., and headed for the Grand Canyon."

PRESBYTERIAN ENCAMPMENT IS ENJOYING LARGEST SEASON

Registration in Excess of Any Previous Year—Largest Crowd of Present Summer Here Now.

The 19th Annual Assembly of Westminister Presbyterian Encampment is enjoying more popularity this season than ever before, according to figures compiled from registrations up to last Sunday night. In addition the grounds have more people there on this week than at any other time this season, which indicates that before the encampment season closes the total registration will be far in excess of any former year.

Every cottage on the ground is full at the present time and are engaged ahead for the entire month of August and the management has been unable to supply the demand for accommodations of this sort for the past several weeks. In addition every room in Dickey Hall, large dormitory at Schreiner Institute, has been full since the beginning of the program, June 17th.

Registration is in excess of that for corresponding date of any previous year. One hundred seventy cities and towns in Texas have sent visitors to the Encampment this season. Of the larger cities San Antonio comes first with 237, Houston next with 95, Dallas, 88, and Austin, 62. From the valley towns of McAllen, Mercedes, San Benito, Edinburg, Mission, etc., 84 have registered.

An unusually strong program has been presented. Prof. Anton Ernst, with his orchestra, has added greatly to the pleasure of the visitors with a concert each evening. The regular conference program continues through August 24th, and after the regular program ends the grounds and dining hall will be kept open until September 15th for the convenience of the visitors. A number of families have already signified their intention of remaining on the grounds until October.

Below is given a list of cities and towns represented in the registration together with the number of persons from each place: Aransas Pass, 1; Auburn, Ala., 1; Angleton, 8; Alice, 6; Alpine, 1; Abilene, 2; Austin, 62; Atlanta, Ga., 11; Augusta, Ga., 1; Brenham, 3; Big Springs, 5; Brville, 1; Bryan, 1; Bay City, 24; Beaumont, 22; Bryan, 23; Bremond, 2; Bonham, 8; Barstow, 7; Bebe, 1; Blooming Grove, 14; Brownville, 4; Carrigan, 4; Coleman, 5; Colorado, 4; Cleburne, 1; Cordell, 3; Columbus, 9; College Station, 7; Cameron, 7; Cuero, 31; Corpus Christi, 32; Coalgate, Okla., 2; Commerce, 4; Corsicana, 10; Cotulla, 3; Denison, 5; Douglas, Ariz., 3; Donna,

Organization of Truck Growers MAY BE RESULT OF TUESDAY MEET

Interested Parties From Over County Attend Session and Appoint Committee to Draft Constitution.

J. W. Bailey K. Parks and J. L. Henderson of Ingram and L. A. Mosty and W. M. Garrett of Center Point are the committee appointed at the meeting of the truck growers for Kerr County, held in the Chamber of Commerce rooms Tuesday afternoon. This committee is empowered to draft a constitution and by-laws of an organization of the truck growers and present same, together with feasible plans of operation, to a meeting of the growers held at the call of the committee.

The above is in brief the result of the meeting at the office of the Chamber of Commerce Tuesday afternoon, in which growers from several sections of the county participated, and in which several interested business men and citizens of the city participated at the request of the farmers. Farmers and truck growers in attendance included L. A. Mosty, W. J. Pipkin, J. R. Turner and B. F. Killough of Center Point, J. W. Denton, Albert Smith and Clarence Webb of Ingram, Herman Schulze and Sam Margolies of Kerrville.

R. R. Lancaster, rural organizer of the Extension Service of A. & M., and J. C. Yeary, County Demonstration Agent, were also present and assisted materially in the discussions. Mr. Lancaster brought out many fine points for consideration by the contemplated organization and showed by his remarks and questions an appreciation of the problems that will confront the growers in their attempts to better market conditions for their produce.

P. L. Loven of San Antonio, formerly of near Comfort, a man who

has been interested in co-operative problems in this section of the country for the past several years, was in attendance and gave the meeting the benefit of his experience.

J. W. Burney, Walter Saenger, Henry Noll and Howard Butt of the local Retail Merchants' Association were present at the meeting and showed a splendid spirit of helpfulness and co-operation toward the growers in their efforts.

This meeting was the result of the request of a committee of growers who appeared before the Retail Merchants' Association last week with a request for assistance in solving the marketing for the truck farms of this section. At that time tomatoes were selling at a cheap price, both on the local and San Antonio markets. Since then the price for this vegetable has risen, which in a measure accounts for the small attendance of growers at the meeting this week.

While it is too late to do anything toward bettering marketing conditions of the present crop, it was the

RUN-OFF PRIMARY IS NECESSARY IN STATE AND DISTRICT RACES

Majority of State Officers and One District Race to Be Decided at Primary August 23rd.

While tabulation of District election returns will not be made by the State Election Board until next Monday, it is practically assured from unofficial sources that Judge W. C. Baker of this city and David C. Brown of Devine will be candidates before the run-off primary August 23 for the office of District Attorney. Other District offices were settled in the first primary, as there were only two candidates in each of these races.

One of the most interesting races to be decided in the run-off is that between Mrs. Miriam Ferguson and Felix D. Robertson for Governor. Locally as well as all over the State, this contest is exciting considerable interest. Barry Miller and Will C. Edwards will also compete for the position of Lieutenant Governor and several other contests for various State offices will be settled at the same time.

In the District race, Judge Burney, present incumbent, has an overwhelming lead over L. J. Brucks for District Judge. T. H. Ridgeway won easily over A. D. Rogers for State Senator of the 26th District and Roscoe Bunge was almost a 2-to-1 victor over B. J. Stewart for State Representative. Tabulation of votes in these races has not been officially made, but unofficial returns give the winners a margin that cannot be easily overcome. In the District Attorney race unofficial figures give David C. Brown a margin of from 400 to 500 votes over Judge Baker, who in turn is leading Will C. Glover by from 300 to 400.

The tabulation of Kerr County's vote, as compiled for the various State, District and County offices, will be given by the State Election Board as follows: State Senator: Morris Sheppard, 669; John W. Maddox, 52; Fred W. Davis, 157. Governor: Felix D. Robertson, 439; Geo. W. Dixon, 4; W. E. Pope, 8; Joe Burkett, 40; Mrs. Miriam Ferguson, 59; Lynch Davidson, 132; V. A. Collins, 25; T. W. THE BATTLE OF PALO DURO CANYON

One of the most decisive battles in Texas was the Battle of Palo Duro Canyon, fought September 28th, 1874, by General McKenzie and six troops of U. S. Cavalry, numbering about 500 men, against Lone Wolf and about 1,500 Indian warriors. These warriors, made up of Kiowas, Comanches, Arapahoes and Cheyennes, had left the Government Reservations and gone on the warpath, accompanied by their squaws and papooses. They had located in Palo Duro Canyon, on the plains of Northwest Texas, and there had built an Indian village three miles in length and well fortified by the rocky defiles and hidden chasms characteristic of this canyon.

General McKenzie and his troops signally defeated the Indians in a pitched battle, and destroyed the village, which was a blow to the warriors from which they never fully recovered, as this was a formidable Indian stronghold and was used by then as a base in their raids on white settlements in North and Central Texas.

The story of this battle has been written by Sergeant John B. Charlton, who took an active part in the battle, and it will appear August 21, in the Magazine Section of The Kerrville Mountain Sun.

They Went Fishing

TWO MEN TOOK a trip into the woods to hunt and fish. During the trip one of them had the misfortune to lose his pocket book and the other one lost his check book.

When they discovered their losses one of them laughed for he knew he could easily get another check book. But the other man did not laugh. He hurried back to the woods and spent many hours looking for his money.

If the checking system had no other value it would be well worth while from the standpoint of safety alone—but there are many other advantages, too. Nine times as much business is done each day with checks as is done with cash.

Latest Improved Welding Equipment Added to Care for Rapidly Increasing Business.

W. G. Leazar has sold a half interest in his Gun, Welding and Machine Shop to Frank Patterson, the deal taking effect August 1st. Mr. Patterson and wife have moved here from Fort Davis and are gladly welcomed to the business and social circles of the city. Frank needs no introduction to the people of Kerr County or Southwest Texas, for that matter, as he formerly lived at Junction and was a Texas Ranger for several years.

Mr. Patterson is an expert gunsmith and will have charge of that department of the business. He is also an all-round mechanic and will assist with the other work when occasion demands. Mr. Leazar will devote his entire time to the welding and machine work which is increasing rapidly; in fact, it was the increase of this department that caused the formation of the partnership so as to better handle the business. To better care for the welding work the latest improved appliances have been added, including a portable welding and cutting outfit for outside work.

Bill and Frank will make a splendid team to care for their increasing business and to help boost for a bigger and better Kerrville.

EDDIE MUELLER MAKES GOOD IN FAST COMPANY

In his first game as pitcher for the Alamo-Peck Indians at San Antonio last Saturday, Eddie Mueller humbled the crack Mart Maulers, 1923 champions of the State. Mueller allowed the visitors only five hits, one of which was an infield scratch, and struck out eleven. The Indians won 12 to 1, a homer saving the North Texans from a shutout.

Mueller pitched several games for the Kerrville Athletics the past two months and has a host of friends here who are glad to hear of his success in faster company.

#### Ten Rules to Keep in Mind

The Treasury Department estimates that the American people lose \$500,000,000 yearly in the purchase of fake stocks, or by investing in other swindling promotion schemes. Roy Dickenson, in Printer's Ink, calls attention to the fact that this amount of money would purchase 10,000,000 suits of clothes at \$50 per suit, or 1,000,000 tractors at \$500 each. Then he presents ten rules which are worth considering when one is tempted to purchase stock that is guaranteed to make one rich in a few short months. The rules are as follows:

- (1) When a stock salesman tells you "now or never," the answer is always "never." Good investments will be here tomorrow. Get sound advice before you buy.
- (2) Don't try to combine gambling with investment. The more interest the more risk.
- (3) Don't buy swamp land, 1,000 miles away. If you buy real estate, buy right near home.
- (4) Watch out for the man who offers a big stock bonus. His cost many folks their life savings.
- (5) Don't invest in another man's dreams. Be especially suspicious of the man who tells you how much a \$100 investment in original Ford or telephone or other similar stock is worth now. For every big winner many more fail. A man who has discovered a diamond mine doesn't tell the world about it. Out of every 100 new businesses started, 87 fail and only 13 prove successful!
- (6) Mining costs big money. Shun the man who tells of the mountains

of gold that beckon on the blue horizon.

(7) If you must gamble, gamble on yourself. Don't play the other man's game.

(8) Don't stay on a sucker list. If strangers write offering to make you rich, tell them to remove your name from their list. Get off the list. Some of those birds can write.

(9) Crooks take advantage of every invention. Watch out now for fake radio stocks.

(10) Most fake promoters use the money from stock sales to pay running expenses. Buy mahogany furniture for your own house instead of for a bucket shop.

### MRS. FERGUSON ELIGIBLE FOR GOVERNOR OF TEXAS

San Antonio, Aug. 6.—Mrs. Miriam Ferguson is qualified to serve as Governor of Texas if she wins that coveted honor. There is no provision in the Texas Constitution which would prohibit it. Such is the opinion of John H. Bickett Jr., San Antonio attorney, who is a student of constitutional law.

Mr. Bickett gave the opinion Tuesday when he was advised that the question as to whether Mrs. Ferguson could serve, if elected, has been raised in North Texas.

The Texas Constitution, Mr. Bickett said, uses the pronoun he in setting out the qualifications of the Governor. This, however, does not mean that the incumbents of that office shall be only men. A general rule of construction in law, Mr. Bickett pointed out, is that when the masculine pronoun is used, it includes the feminine also.

Mr. Bickett pointed out further that there are women holding various offices all over Texas, county and district clerks and similar political offices. There is no distinction, he believes, between the Governor's office and any of these.

Furthermore, Mr. Bickett said, the extending to women by the Federal statute of the right of suffrage has greatly enlarged their rights. This, added to the wording of the Texas Constitution, removes all doubt in his mind as to Mrs. Ferguson's qualifications for office. Mr. Bickett asserted that courts all over the country have rendered decisions which will support his contention.

"Bexar County solid for Miriam Ferguson for Governor," was the slogan adopted by the Ferguson-for-Governor Club that has just been organized.

Headquarters were opened at 623 Moore building Tuesday with W. B. Teagarden, chairman of the club, in charge.

A finance committee of fifteen members was appointed and further organization is under way. Every precinct will be organized, Mr. Teagarden said, and every effort made to bring out a large vote in the run-off on August 23.

In addition to the precinct organization Mr. Teagarden said, speakers will be sent out and an intensive campaign conducted. Mrs. Ferguson is expected to speak here at least once before the run-off.

"We hope to poll the full anti-Klan strength of the county for Mrs. Ferguson," Mr. Teagarden said. "Reports from other Texas counties show that she is rapidly gaining strength and we believe that she will be our next Governor."

Remnants of the ice age are particularly interesting in the Rocky Mountain National Park, where huge valleys have been plowed out through countless ages, possibly five million years ago. Glaciers transformed what was a single mountain mass into three peaks, Long's, Meeker and Lady Washington, with Long's rising to an elevation of 14,255 feet, or nearly three miles above sea level.

### AUGUST TERM OF DISTRICT COURT OPENED MONDAY

(Continued From First Page)

Barfield, R. Boerner, L. R. Allen, K. Spencer and E. L. Sublett.

Motions for continuance and continuance of cases in which services had not been made were taken up and disposed of, after which the civil docket was taken up by the court. It is expected that this docket will require all of this week to dispose of, as it is unusually heavy. However, the criminal docket has been called for next Monday, so the court is doing everything possible to clear the civil cases before that time.

Wednesday noon the court was busy hearing the evidence in Harper Independent School District vs. John Walker, suit on school tuition, trial before jury. It was expected that the case would be given the jury that evening.

Other cases disposed of on the civil docket were as follows:

George Morris vs. B. W. Hopson et al., suit for collection of check. Continued for service.

Ellen Rees et al. vs. Ella Bell et al., suit for partition and division of estate. Settled by agreement.

L. A. Schreiner vs. G. L. Martin, suit for foreclosure of chattel mortgage, etc. Continued for service.

L. A. Schreiner vs. Cornell & Sargent, suit on promissory note. Judgement for plaintiff by default.

Jewell Vaughn vs. Chas. Vaughn, divorce. Dismissed on motion and at cost of plaintiff.

H. Renschel Lumber Co. vs. J. W. Gilmer, suit on promissory note. Judgement for plaintiff by default.

First State Bank vs. F. M. Chase et al., suit on promissory note and chattel mortgage. Continued for service.

First State Bank vs. J. W. Lawler et al., suit on note. Continued for service.

H. Renschel Lumber Co. vs. Allie Nance et al., suit on promissory note. Judgement for plaintiff by default.

### BLACK ATHLETICS LOSE TO SAN ANTONIO BLACK WONDERS

The Kerrville Black Athletics lost a 15-inning game to the San Antonio Black Wonders last Sunday by the score of 6 to 5. Butler was on the mound for the locals, striking out 32 men, while Washington of the Wonders whiffed 30. Fifer and Butler were the stickmen for the Athletics, Butler getting 4 hits out of six trips to the plate, while Fifer poled out a home run and 3 other safe drives. Doyle's error lost the game for the locals. Creag saved the game for the visitors when he caught Doyle's drive to center with one man on.

Quite a crowd witnessed the game and all report that it was one of the best played contests seen this season and a number have asked for another game in the near future.

Several of the Black Athletics will go to Boerne next Sunday and then on to San Antonio for a game with the Black Socks, Sunday, August 17.

### THE PASSING DAY

Will H. Mayes, Department of Journalism, Texas University

Since the women have been voting, greater numbers of them are to be found standing as near the polling places as the law permits, handing out candidates' cards to voters on their way to vote. The candidate who can't get some pretty young woman to hand out his cards seems to regard himself out of luck. It is doubtful whether many voters change their votes on their way to the voting booths just because a pretty girl hands him a card and asks him to vote for her candidate. Still, there is little harm done by this custom and it does help the printers who print the cards.

Do the women vote for candidates because they know them and like them, or do they vote for them because of the principles for which they stand? It is pretty safe to say that as yet most women do not take the trouble to inform themselves as to the views of candidates on public questions or as to their records in public service. They are more influenced by friendship for candidates than are the men, or by the social or moral standing of those offering their services. That accounts largely for the extensive circulation just before elections of rumors reflecting on the morals of candidates, for whatever may be his virtues on other questions women as a class will not vote for a man of doubtful character or of social vices. Some of them insist on knowing the candidates personally and excuse themselves for not voting with the statement, "Oh, I am not crazy about any of them and do not care to vote."

The next attractions to follow after the second primary that will get the people together in large numbers will be the district, county and community fairs. It is to be hoped that they will draw as large crowds as the political picnics and barbecues. If they do they will be worth more to the people than all the political gatherings of the year. The campaign orators, of whom the year has developed many, might be utilized to impress the people as to the importance of co-operative effort in the right kind of community development. Every community in Texas has great opportunities that are going to waste through lack of systematic effort. The people mostly need to be aroused to the advantages of united effort.

The time is coming when a Texas county that grows cotton will be ashamed to admit that all its cotton crop is sent out of the county to be manufactured into goods that sell for from three to ten times as much as the raw cotton. Such an admission will be regarded as evidence of thiftiness of a kind that is inexcusable. Heretofore there has not been enough money in Texas to carry on the farms, to handle the commercial business of the State, and to operate factories to any great extent, but with the State steadily growing richer it will soon be in position to manufacture its products of all kinds.

Judging from the space given to it by the daily papers, baseball has become one of the leading industries of Texas. It is a mighty poor town that hasn't a ball team and that doesn't regard its team as a bit superior to teams from other towns of like size. This writer may be a bit "old-fogy-ish," but he can't understand why strong young fellows who can't do a day's plowing without complaining, can play ball in a temperature of 110 degrees without a murmur, and why people who can't walk two blocks in the hot sun can cheerfully sweeter in the sun on the bleachers of a ball park. It must all be in the mental attitude toward the thing one is doing.

About the most difficult feeling for most persons to overcome is that something else than what they are doing affords better opportunities than the work they have in hand. The farmer wants to get to town and the town man is anxious to live in the country. The lawyer wants to be judge of a court and the judge wishes he had a law practice that would pay him as well as the position on the bench. The traveling man thinks he could be happy if only he could stay at home and the fellow who always lived at home knows he could have a good time on the road. The women think they could make a huge success and be perfectly contented in business and the men would like to loll around the house in loose kimonos. If you have learned to be fairly content with your position in life and your work, you have learned about the most helpful lesson that can be taught anyone.

### THERE WILL BE A FRIO CANYON STATE PARK

Edwards County Leader, August 1: The Real County officials who were in Rocksprings this week with business in District Court brought a favorable report in regard to the Frio Canyon State Park, to the effect that the new park is an accomplished fact. They told us that Governor Neff and the State Park Board spent practically all day Saturday climbing over the Frio hills and admiring the scenery and drinking cold spring water at the park site, and as a direct result there has been a State playground established over there to the extent of 28,000 acres of land.

There has been an appropriation made and the land will be bought from the present owners with State funds.

Judge Youngblood says this calls for a highway from Leakey to intersect with the Rocksprings-Kerrville road, and passing through the State Park, and that they are going to get this highway also.

### WIDOWS OF 1812 WAR STILL LIVING NUMBER 33

Washington, Aug. 5.—Thirty-three widows of soldiers who fought in the War of 1812 are still on the pension rolls of the Government, although 109 years have elapsed since the close of that conflict in 1815. Eight of the women pensioners died during the year ended June 30. There have been no names of soldiers of the War of 1812 on the pension books since 1905, when Hiram Cronk died in Ava, N. Y., at the age of 105.

The oldest of the 33 widows receiving pensions, which average \$30 a month, is Mahala Huff, Rural Route No. 2, Louisa, Ky., who is 105 years old. Her husband was a private in a Virginia company of militiamen. All

CATHOLIC CHURCH NOTES

By Father Kemper HARPER BARBECUE

Last Saturday the new Rectory at Harper was formally dedicated by Rev. A. Heuschmer, acting for Rt. Rev. A. J. Drossaerts. In order to celebrate this big forward step, the strong German congregation held a merry festival under an expansive arbor. A musical band from Fredericksburg helped to enliven the gathering. For the benefit of the new priest-house, barbecue, bread, pickles, hot and cold drinks were sold in cafeteria style by the ladies of the parish.

By special invitation of Rev. A. Heuschmer several of the Kerrville Knights of Columbus were present at the dedicatory ceremonies, and subsequent social. While in Harper they were well taken care of by Prof. Louis Jung, a brother of Mrs. Arthur Mosel. Father Kemper had charge of the Harper parish at three different intervals during the early years in Kerrville. Later it was found more convenient to re-annex Harper to Fredericksburg, and now the Catholic community enjoys independence.

On the occasion of Father Kemper's last visit to Comfort, the Altar Sodality ordered a life-size statue of St. Joseph, foster-father of the Christ Child. This piece of sculpture will cost about \$125 and will be ready in the near future.

Juana Rocha of Waring was baptized at Comfort last week. In the Guadalupe church on Sunday the sacrament of baptism was administered to Conrada Lopez.

Our parish friend, Rev. Dr. E. J. Ross, descendant of Betsy Ross, who designed "Old Glory," has returned from a vacation in London. His successor at the State University, Father O'Hara, preached the summer retreat at the Lady of the Lake College.

Patronal Feast Friday of next week is the feast of the Assumption of the Bl. Virgin, under which the American Catholic Church is dedicated. This happens also to be a holy day of obligation.

Hence to convenience laborers, the divine services will be held a 7 a. m., followed by a later Mass for the Mexicans in their own chapel.

The vigil of the Assumption, Thursday, 14th, is one of obligatory fast and abstinence.

Portiuncula Day was faithfully observed at the Convent Chapel, the memento because it coincided with First Friday devotions.

Last Saturday was the feast of St. Alphonsus Liguori, one of Christ's apostolic servants who was crucified with opposition and calumny from those within the fold.

Notre Dame Guests Rev. Captain Coholan motored to Kerrville from Fort Sam Houston on Tuesday of last week, and again the following Sunday. On his last trip he returned to the Army Post with the families of Albert and Henry Schifers, relatives of Mrs. Benny Mosel. Sister Martha, and one of the boarders, Miss Louise Mapes, accompanied the party to the Incarnate Word College.

Sister Martha had celebrated her patronal feast here during her short stay with us. On the same day, Tuesday of last week, Wm. S. Farris observed his 58th birthday anniversary.

The present superioress at the Convent, Sister Constance, entertained two of her sisters, Sr. Catherine of Siena, and Sr. Broghan. A fourth daughter of this pious family in the same community is Sr. Felix. Sr. Broghan came up with Sr. Villanova and the latter's sister, Miss O'Driscoll, who is a nurse at Santa Rosa Infirmary. Mrs. Jaster very kindly brought the party in her automobile.

Taking time by the forelock, Notre Dame filled her boiler-house last week with one of the best grades of hard coal, so that we can assure winter comfort in our class rooms for the new scholastic year.

EPISCOPAL CHURCH NOTES

We had a good congregation last Sunday, when Rev. Wm. Huston, rector of St. Mark's of San Antonio, preached one of his splendid sermons. The speaker took as his subject the parable of the wheat and tares, putting it into modern language as wheat and weeds. He stated that it was not God's purpose to separate the good from the evil here on earth. That we should, of course, try and transpire evil into good, but not get discouraged or be too impatient for results; that we should remember that the church is "like a mighty army" and that mighty armies move slowly.

He said we should never forget that our branch of the Universal Church emphasizes the fact that once anyone is baptized into the Fellowship of the Church, that for certain flagrant violations of God's laws he may be disciplined, yet he can never be read out of church and is still a member. God alone having power and knowledge to pass final judgment on each one of us.

We are so glad to know that Rev. Hutson, who is spending his vacation in the rectory, will preach for us each Sunday in August and has stated that he will gladly do anything he can to help along the church and its members if they will let him know their wants.

METHODIST CHURCH

We were delighted to be greeted by a full house last Sunday. Dr. A. Frank Smith brought a great message to us at 11 a. m. The 8 o'clock service was not so well attended, but a good congregation came to hear the pastor present the subject of "The Gain of the World and the Loss of the Soul." Mr. and Mrs. D. Richardson and their son, Gerald, united with the church.

The Sunday School was the largest we have had in a month. We are expecting our normal attendance next Sunday. Sunday School at 9:45 a. m. and preaching by the pastor at 11 a. m. At 8 o'clock in the evening Dr. S. H. C. Burgin will deliver his great lecture on "Palestine of Yesterday and Palestine of Today." Dr. Burgin visited all places of interest in the Holy Land last summer and he has a faculty of grasping conditions and giving them to the public, in a telling manner. You will miss the best treat of the season if you fail to hear him.

A cordial invitation is extended the public. F. A. WHITE, Pastor. Colored M. E. Church

STATE HUNTING LICENSE

BLANKS ARE MAILED OUT Austin, Tex., Aug. 2.—Fifty thousand hunting licenses for the season beginning with the new fiscal year have been mailed out by the Game, Fish and Oyster Commission to deputies and county clerks throughout the State.

The last season showed an increase of one-third over the preceding year in sales, according to Commissioner W. W. Boyd, who predicts that the coming year will show a corresponding increase with receipts around \$150,000 for hunting licenses alone. This with other sources of revenue from tax on fish, sand, gravel and shell is expected to top the \$300,000 mark, it was said.

A common tern banded as a nestling on the coast of Maine was recovered four years later in the delta of the Niger River, on the west coast of Africa.

Practical Nurse Tells

Mrs. N. E. Snow, of Route 1, near Paris, Tenn., tells the story of her experience as follows:

"I am 62 years old and I have been a practical nurse for more than 20 years, taking mostly maternity cases. One of my daughters suffered from cramping at... She would just bend double and have to go to bed.

CARDUI

The Woman's Tonic was recommended to her and she only had to take about two bottles, when she hardly knew that it was... she suffered so little pain.

"My youngest daughter was run-down, weak and nervous, and looked like she didn't have a bit of blood left—just a walking skeleton, no appetite and tired all the time. I gave her two bottles of Cardui. It built her up and she began eating and soon gained in weight and has been so well since."

Cardui, the Woman's Tonic, has helped suffering women for over forty years. Try it. At all druggists. E-100

Teachers and officers' meeting Friday evening of this week at 8 o'clock at the home of the superintendent, 513 Earl Garrett Street.

FIRST BAPTIST CHURCH

Every department of work with the Baptists is showing encouraging growth. This includes the Ladies' Society, with its Circles, the Sunday School, the Young People's Unions and last, but not least, the Sunbeams.

The superintendent of the primary department, together with her teachers, gave some fifty of the children a delightful outing at Schreiner's bridge Monday evening. Wading, swimming, and lunching made up a hilarious evening.

The pastor is deeply appreciative of the inspiring congregations, which continue to greet his messages. We were glad to welcome, by the beautiful ordinance of baptism, Sunday evening, Miss Myrtle Brown and Mrs. Richard Parks. The work which we are endeavoring to do at Legion is highly encouraging. The entire office force, together with all employees, the Red Cross, the splendid doctors, all have been most gracious and sympathetic.

The pastor's pulpit themes for next Sunday will be, at 11 o'clock, "Unity"; at the evening hour, "The Holy War." Everybody welcome. Better come. Something doing.

CHRISTIAN CHURCH NOTES

By Member

Sunday was a good day with us. Every teacher and officer was present but one. Our secretary, though taking a little outing some ten miles out in the country, came in to fill her place in the school.

The superintendent introduced several new features in the opening and closing of the school, which were enjoyed by everyone.

Sunday was the first day in the August attendance contest. The young peoples' class ranked first. Which class will be first next Sunday?

Mrs. Bounds reported on the treat to be given next week. Full particulars will be announced next Sunday.

Prayer meeting every Wednesday evening at 8:15 o'clock. Sunday School every Sunday morning at 9:45.

Teachers and officers' meeting Friday evening of this week at 8 o'clock at the home of the superintendent, 513 Earl Garrett Street.

FIRST BAPTIST CHURCH

Every department of work with the Baptists is showing encouraging growth. This includes the Ladies' Society, with its Circles, the Sunday School, the Young People's Unions and last, but not least, the Sunbeams.

The superintendent of the primary department, together with her teachers, gave some fifty of the children a delightful outing at Schreiner's bridge Monday evening. Wading, swimming, and lunching made up a hilarious evening.

The pastor is deeply appreciative of the inspiring congregations, which continue to greet his messages. We were glad to welcome, by the beautiful ordinance of baptism, Sunday evening, Miss Myrtle Brown and Mrs. Richard Parks. The work which we are endeavoring to do at Legion is highly encouraging. The entire office force, together with all employees, the Red Cross, the splendid doctors, all have been most gracious and sympathetic.

The pastor's pulpit themes for next Sunday will be, at 11 o'clock, "Unity"; at the evening hour, "The Holy War." Everybody welcome. Better come. Something doing.

"And be ye kind, one to another, tender hearted forgiving one another,

### NOTICE TO THE PUBLIC SEWER CONNECTIONS

We are in a position to quote a low price on sewer connections if we can continue to put them in wholesale. To do this it is necessary that the people co-operate by signing up at once so that groups of properties may be served at one time.

If we have to come back later to put in special jobs it will cost more and we will be forced to charge more.

### LOCAL KU KLUX KLAN EXPOSED

STARTLING FACTS REVEALED BY MEMBER IN GOOD STANDING.

The advent of the Ku Klux Klan in this locality about two years ago was hailed with great rejoicing by the class of people who have always been instrumental in keeping the moral standard from being lowered by crime and lawlessness which is usually found to a certain extent in all towns so widely advertised as vacation centers or health resorts.

This organization is composed of God-fearing Christian gentlemen who stand for the principles for which their forefathers fought, from the time of the landing of the Pilgrims on the shores of America. The officers of the local Klan are men of sterling worth and stand high in the respect of all citizens of the State and county. Although they are possibly not listed in "Bradstreet's," the names of their fathers can be found written in the pages of the histories of the State and county.

The members are men with depth of character such as only American-born, Christian, law-abiding citizens can possess, and if the public only knew the membership of this organization personally, there would be no much to deny the charges which are positively absurd, that any Klansman would stoop so low as to "sell moonshine whiskey" or to break any other legal or moral laws of the Nation, State or county, and if a member of the local Klan should forget himself so far as to commit any crime, that man automatically ceases to be a Klansman, in the true sense of the word, and is dealt with in any other person who violates the law.

Although this unit of the Klan is comparatively young and has been handicapped by false statements and slandering propaganda from opposing forces, who leave no means in their power unused to destroy the Klan, its growth has exceeded the fondest hopes of the ones who have forked so hard and sacrificed so much to make it successful, and in spite of all obstacles, is daily growing in strength and power.

The Klan is in Kerr County to stay. Not as a destroying element, nor as a hooded mob to create a reign of terror, but as an organization to work in harmony with the public schools, patriotic organizations, Protestant Churches and the duly constituted officers of the law. So, if you are American-born white Gentiles of the Protestant faith and believe in the constitutional rights of free speech, free press, peaceful assembly and the pursuit of happiness, you are the kind of people of which the Klan is composed and should lend your assistance to the organization instead of hindering it. For the Ku Klux Klan is in Kerr County to stay.

### DEATH CLAIMS OLD-TIME EMPLOYEE OF SCHREINER'S

At Bandera early Wednesday morning occurred the death of Jeff Cooksey, colored, who for the past 25 years has been a trusted employee of the Schreiner Company of this city. He was about 45 years of age and the cause of death was given as heart failure.

Jeff, as he was familiarly known to all old-time citizens of the city, was for a long time porter in the Schreiner Company store and later was transferred to the wool and mohair house, where he practically grew up with the business, so much so that his place will be a hard one indeed to fill. He owned a small farm in Bandera Coun-

ty and since his family did not like town and city life, they have remained on the farm these many years and Jeff would go over and help on the farm between marketing seasons of the wool crop. His aged father still resides at Bandera.

He was an honest, trustworthy negro of the olden times and expressions of regret over his demise are heard from not only his own race, but from all citizens of this section.

### CENTER POINT MASONS ENTERTAINED SATURDAY

The little city of Center Point, famed for its generous hospitality, outdid itself last Saturday evening, when the members of the Masonic and Eastern Star lodges of that place were hosts at a barbecue, with Masonic families from all over the Hill Country as guests.

The affair was held in a beautiful pecan grove on the Guadalupe below the city and was attended by between 300 and 400 people. A good many Masons and their families from this city were present. One delegation of especial importance was a degree team of twelve men from San Antonio, who were up to put on work in the first degree for the lodge at Center Point that night.

Guy Burney was the barbecue chef and demonstrated to the satisfaction of all that he is truly entitled to the name chef, for more delicious barbecued meat was never prepared by anyone. The Eastern Star ladies are entitled to praise for their share in the success of the picnic, for they provided cakes of various kinds, but all of a deliciousness that tempted the diners to go back for second and third helpings.

Since the barbecue had been prepared for about twice the number that attended, there was sufficient barbecue and accessories left over to supply the families of all sick in the community with generous helpings, and in addition quite a few of the visitors took home enough finely cooked meat to last them over Sunday.

### U. S. PATENT NO. 4 ISSUED IN 1791 IS UNEARTHED

Washington, Aug. 4.—A copy of a patent issued in 1791—the fourth patent issued by the United States—was unearthed today by the patent office of the Department of the Interior.

It is the only authentic fac-simile copy in the possession of the Patent Office of any patent granted in the early days of the American Republic.

The patent was signed by George Washington, Thomas Jefferson and Edmund Randolph, then Attorney General. It was granted to Francis Bailey, of Philadelphia, and was on a new method of punches and matrices for making printing types.

### ORGANIZATION OF TRUCK GROWERS MAY BE RESULT OF TUESDAY MEET

(Continued From First Page)

consensus of opinion of those present that an organization should be perfected immediately with a view of formulating plans for marketing next year's crop, not only of tomatoes, but of all the produce of truck farms. In fact, discussion came up before the meeting of the advisability of incorporating in the organization the raisers of fruit and poultry and eggs. This proposition will be discussed at the general meeting when the committee on constitution and by-laws reports, at which time also permanent officers of the organization will be elected.

It is believed by those present Tuesday afternoon to be the best plan for the growers to organize and then have some qualified man to grade the truck and sell, same on a percentage basis, he of course to be under bond for the accounting of all produce assigned to him. It is believed that this method will enable this representative of the growers to market the crops to far better advantage than the individual growers could possibly receive.

The meeting Tuesday made a step in the right direction and now it is up to the growers themselves. If they sincerely want to co-operate with each other for the mutual advantage of all concerned, a large attendance of growers will greet the committee when they make their report and an organization will be perfected that will mean many thousands of dollars to the growers of the Hill Country annually.
