

THE MESSENGER

HAGERMAN, CHAVES COUNTY, NEW MEXICO, THURSDAY, JULY 25, 1929

NUMBER 32

Hagerman—Where the most valuable mineral water in the Southwest flows from an artesian well in the city.

DEXTER NEWS

PLATEAU SINGERS TO GIVE PROGRAM AT THE BAPTIST CHURCH SUN.

The Plateau singing convention is to meet with the Artesia Baptist church at 11:00 a. m. Sunday morning immediately following the Sunday school hour for an all day session, or rather for a session lasting the remainder of the day. The program will be under the direction of J. L. Taylor, of Clovis, president of the Plateau singers, who has arranged an interesting program.

A large delegation from the various communities of the valley are expected to be present and several community representatives have arranged special numbers to be given on the program.

A basket luncheon will be served in the church dining room at the noon hour. Everybody is requested to come and bring a well filled basket.

—Artesia Advocate

MEXICAN WOMAN IS KILLED IN AUTO SMASH UP NEAR DEXTER MON.

Roberta Lucero, 25, was almost instantly killed Monday morning at 4:30 o'clock when a car driven by Antonio Barillo plunged off the road into a ditch. The accident occurred at the main turn into Dexter when a car coming from the south, traveling fast and without lights, forced the Barillo car off the road.

Miss Lucero was thrown into the windshield flying glass severing the jugular vein. Miss Lucero died before aid could be summoned. Antonio Barillo was cut over the eye and Margarita Riza, the other occupant of the car, was cut and bruised.

Evidence points strongly to the fact that possibly the accident might have been prevented by slower driving and an observance of the rule of driving to the right. The car driven by Antonio Barillo did not turn over and there was no evidence of a collision. The driver reports that a car without lights approaching the turn from the east forced him off the turn. This car did not stop to give him any assistance and the identity of the persons occupying the car has not been learned.

Margarita Rita, who has lived in Mexico until about seven months ago and Antonio Barillo, who has lived at Roswell for several years were on their way to the Buffalo Valley Farm where they are employed.

Funeral services for Miss Lucero were held in Roswell at the Lucero home Wednesday.

Miss Erma Graham returned Saturday from Bisbee, Arizona, where she has been visiting Mrs. Johnnie Allen.

Mr. and Mrs. W. F. Collins of El Paso arrived Wednesday for a short visit in the home of Mr. Collins' brother, R. L. Collins.

Rev. J. A. Hedges arrived to-day from the Sandia mountains near Albuquerque, where he has been attending the annual Presbyterian conference.

Mr. H. M. Brown left this morning for Clouderoft to spend several days. He went with Mr. and Mrs. Fritz Ward, and Mr. Ward's mother of Artesia.

Mr. and Mrs. Dave Boyd of Roswell were in Hagerman Wednesday Mr. Boyd has recently accepted a position with the Greenwade Company in Roswell.

Mr. and Mrs. James McKinstry and son left Tuesday morning for Sweetwater, Texas. They have sold their place and will make their home in Sweetwater.

Mr. and Mrs. Glen Clappitt and son left Saturday night at twelve o'clock for Indiana. They were called to the bedside of Mrs. Clappitt's mother, who is seriously ill.

Mrs. George Bryant, who was formerly Miss Ethel Russel, and her sister, Mrs. Crook (Eva Russell) were in Hagerman Saturday. Mrs. Bryant is visiting her mother in Lake Arthur.

Mr. and Mrs. R. L. Collins went to Roswell Sunday to attend the ball game between the Roswell team and the Eighth Cavalry team from El Paso. A hard rain stopped the game in the second inning.

J. E. Wimberly and Misses Margaret Wimberly and Elizabeth McKinstry went to Ruidoso Saturday. They were accompanied home Sunday by Mrs. J. E. Wimberly, Mrs. C. W. Gound and Mrs. Harrington Wimberly who spent the week in the mountains.

Mr. and Mrs. C. R. Beck and Mr. and Mrs. John Brockman spent the day Sunday at Ruidoso.

Glenn Bogle and Everett Latimer were in Hagerman Tuesday attending to business matters.

Mr. and Mrs. A. O. Hartwell, and Mr. and Mrs. Salyer left Wednesday on an overland trip to Arizona.

O. W. Phillips and family moved from their former residence to their new residence above the store Monday.

Luther Wilcox, who is employed by the People's Mercantile in Carlsbad is visiting in Dexter for several days.

Mary McVicker is home from San Angelo, Texas where she has been attending school, for a several weeks' visit with her parents.

Frank Wayne, who has been attending a military camp at Nogales, New Mexico for the past two weeks returned to Dexter Friday.

Mr. and Mrs. Frank Wayne left Tuesday for their home in Tatum. Mr. Wayne is employed at Agricultural teacher in the Tatum school.

Robert Wilcox, of Wink, Texas is visiting his brother, George Wilcox for a few days. Robert is employed in the Baltimore Drug store at Wink.

Mr. and Mrs. C. R. Beck and Mr. and Mrs. John Brockman spent the day Sunday at Ruidoso.

Glenn Bogle and Everett Latimer were in Hagerman Tuesday attending to business matters.

Mr. and Mrs. A. O. Hartwell, and Mr. and Mrs. Salyer left Wednesday on an overland trip to Arizona.

O. W. Phillips and family moved from their former residence to their new residence above the store Monday.

Luther Wilcox, who is employed by the People's Mercantile in Carlsbad is visiting in Dexter for several days.

Mary McVicker is home from San Angelo, Texas where she has been attending school, for a several weeks' visit with her parents.

Frank Wayne, who has been attending a military camp at Nogales, New Mexico for the past two weeks returned to Dexter Friday.

Mr. and Mrs. Frank Wayne left Tuesday for their home in Tatum. Mr. Wayne is employed at Agricultural teacher in the Tatum school.

Robert Wilcox, of Wink, Texas is visiting his brother, George Wilcox for a few days. Robert is employed in the Baltimore Drug store at Wink.

Mr. and Mrs. George Wilcox and children, Phyllis and Elizabeth left Tuesday for Ruidoso. Mr. Wilcox returned Wednesday and Mrs. Wilcox and Phyllis and Elizabeth stayed to spend the week.

Mrs. C. L. McMains and Walter McMains returned Monday from Monterey, Mexico, where they visited James McMains, who is a Westinghouse representative in Monterey. Mrs. McMains and Walter went by San Antonio and visited Mrs. R. A. Perrault for a few days. She accompanied them to Monterey.

Rev. and Mrs. Bryan Hall were Roswell visitors Tuesday.

Dub Andrus and his sister, Mrs. Glen Hardin were in Roswell Wednesday.

Edgar Walters of Littlefield, Texas arrived last Thursday for a visit with Steve Mason.

A Swann has been in Roswell several times during the past week having his eyes treated.

Miss Erma Graham returned Saturday from Bisbee, Arizona, where she has been visiting Mrs. Johnnie Allen.

Mr. and Mrs. W. F. Collins of El Paso arrived Wednesday for a short visit in the home of Mr. Collins' brother, R. L. Collins.

Rev. J. A. Hedges arrived to-day from the Sandia mountains near Albuquerque, where he has been attending the annual Presbyterian conference.

Mr. H. M. Brown left this morning for Clouderoft to spend several days. He went with Mr. and Mrs. Fritz Ward, and Mr. Ward's mother of Artesia.

Mr. and Mrs. Dave Boyd of Roswell were in Hagerman Wednesday Mr. Boyd has recently accepted a position with the Greenwade Company in Roswell.

Mr. and Mrs. James McKinstry and son left Tuesday morning for Sweetwater, Texas. They have sold their place and will make their home in Sweetwater.

Mr. and Mrs. Glen Clappitt and son left Saturday night at twelve o'clock for Indiana. They were called to the bedside of Mrs. Clappitt's mother, who is seriously ill.

Mrs. George Bryant, who was formerly Miss Ethel Russel, and her sister, Mrs. Crook (Eva Russell) were in Hagerman Saturday. Mrs. Bryant is visiting her mother in Lake Arthur.

Mr. and Mrs. R. L. Collins went to Roswell Sunday to attend the ball game between the Roswell team and the Eighth Cavalry team from El Paso. A hard rain stopped the game in the second inning.

J. E. Wimberly and Misses Margaret Wimberly and Elizabeth McKinstry went to Ruidoso Saturday. They were accompanied home Sunday by Mrs. J. E. Wimberly, Mrs. C. W. Gound and Mrs. Harrington Wimberly who spent the week in the mountains.

Mr. and Mrs. C. R. Beck and Mr. and Mrs. John Brockman spent the day Sunday at Ruidoso.

Glenn Bogle and Everett Latimer were in Hagerman Tuesday attending to business matters.

Mr. and Mrs. A. O. Hartwell, and Mr. and Mrs. Salyer left Wednesday on an overland trip to Arizona.

O. W. Phillips and family moved from their former residence to their new residence above the store Monday.

Luther Wilcox, who is employed by the People's Mercantile in Carlsbad is visiting in Dexter for several days.

Mary McVicker is home from San Angelo, Texas where she has been attending school, for a several weeks' visit with her parents.

Frank Wayne, who has been attending a military camp at Nogales, New Mexico for the past two weeks returned to Dexter Friday.

Mr. and Mrs. Frank Wayne left Tuesday for their home in Tatum. Mr. Wayne is employed at Agricultural teacher in the Tatum school.

Robert Wilcox, of Wink, Texas is visiting his brother, George Wilcox for a few days. Robert is employed in the Baltimore Drug store at Wink.

E. O. Moore spent the week end at Coluderoft with Mrs. Moore and E. O. Junior who have been spending about ten days in the mountains. They all returned Monday.

Mrs. G. M. Lawson, and daughter, Theadel, and Mr. and Mrs. W. M. Waldrip and family left Saturday for Canyon, Texas. They expect to make their home in Canyon.

Mr. and Mrs. Breeb Hurst left this morning for Denver, Colorado where they will join Mrs. Hurst's sister, Mrs. R. B. Sherrill and go on to Yellowstone Park for a two weeks' vacation.

Word has been received from Earl Love who is under the care of an asthma specialist in Los Angeles, that he is getting along nicely, and that he is being helped to a great extent.

Mr. and Mrs. Breeb Hurst left Saturday for Albuquerque on a combined business and pleasure trip. While they were there they visited in the W. C. Reid home. They returned Monday.

Mr. and Mrs. George Wilcox and children, Phyllis and Elizabeth left Tuesday for Ruidoso. Mr. Wilcox returned Wednesday and Mrs. Wilcox and Phyllis and Elizabeth stayed to spend the week.

Mrs. C. L. McMains and Walter McMains returned Monday from Monterey, Mexico, where they visited James McMains, who is a Westinghouse representative in Monterey. Mrs. McMains and Walter went by San Antonio and visited Mrs. R. A. Perrault for a few days. She accompanied them to Monterey.

Miss Vera Goodwin is visiting relatives in Elkins, New Mexico.

Mrs. Harrison McKinstry and Mrs. R. L. Collins were in Roswell Monday shopping.

Miss Eleanor Paddock went to Roswell Wednesday for a short visit in the E. L. Lyda home.

E. A. Paddock was in Roswell today attending the meeting of the Chaves County School Board.

Mr. and Mrs. Dave Boyd of Roswell spent Sunday visiting Mr. and Mrs. R. M. Ware, and Mrs. Herbert Reagan.

Mrs. A. E. Stevenson arrived Wednesday from Carlsbad for a several days visit with her brother, R. L. Collins. Her home is in Arizona.

Mr. and Mrs. I. V. Cook who have been visiting for several days in the R. N. Thomas home, left Saturday morning for their home in Abilene, Texas.

Mr. and Mrs. Russell Vaness Black of Philadelphia, Pennsylvania, arrived Tuesday for a visit with Mrs. Black's parents, Rev. and Mrs. J. A. Hedges.

Mr. and Mrs. Lester Ogle and family who have been visiting with friends for the past two weeks, left Wednesday for their home at Hermosa Beach, California.

J. F. Bauslin and O. L. Bullock of Roswell went to Ruidoso Sunday to bring back Mrs. Bauslin and Mrs. Bullock and Dixon Bullock who spent the last week in the mountains.

Mr. and Mrs. Charles Michelet and son Bobbie Charles, left Wednesday, June 17, for Pine Lodge. They went to Ruidoso Thursday, where they expect to spend the week.

Mr. and Mrs. E. E. Lankford left this morning on an extended overland trip. They will visit in various Texas points, and will go on to Tennessee, where they will visit relatives.

Mr. and Mrs. Jack Sweatt and family and Mrs. J. T. West of Barstow, Texas left Sunday morning for Ruidoso. Mr. Sweatt returned Monday, and the rest of the family will spend the week in the mountains.

Rev. and Mrs. Harold Dye, and G. A. Turnbough returned Wednesday from Hope where they attended a two day session of the Baptist convention. Rev. and Mrs. Dye are staying in Lake Arthur during the evangelistic meetings in the Baptist church.

MANY ODDFELLOWS—REBECCAS TO HEAR ADDRESS OF LOGAN

Prominent Oddfellows from New Mexico, Arizona and Texas are expected to journey to Roswell tomorrow for a conference of grand lodge officials in the afternoon and to hear an address to be delivered by M. M. Logan of Kentucky, grand sire at the Christian church at 8:00 p. m. Grand Sire Logan, one of the outstanding orators of the nation will address both Oddfellows and Rebeccas.

Following the grand lodge conference on Friday afternoon and the address in the evening, Mr. Logan and daughter and a large party of friends will make a trip through the Caverns on Saturday.

Mrs. R. L. Collins spent the day in Artesia Friday visiting her parents, Mr. and Mrs. S. G. White.

DEXTER TAKES FIRST BALL GAME OF SEASON FROM E. GRAND PLAINS

Dexter took the first game of the season from East Grand Plains Sunday afternoon at the Lake Van Ball Park, by a score of 8 to 7. The game was a pitcher's battle until the fourth inning, when Anderson weakened and allowed six runs to cross the plate. Monical picked this inning to smash a homer with two runners on board.

Anderson was relieved by Heinie, who finished the game. Barnett was touched for six hits and six runs in the seventh inning which tied the score.

Dexter pushed across the winning in their half of the seventh inning after two men were out. Monical doubled and scored on Wilcox's single who was pinch hitting for R. Reid.

Monical was the batting star of the day, getting a single, double and a circuit blow out of three trips to the plate.

Mahoney also collected three hits, one a fluke homer. The two teams will play again Sunday at the Lake Van Ball Park. The lineup of the two teams follows:

East Grand Plains—Heinie lf, McKinzie 3b, Mahoney 2b, "Pug" Wheeler c, Anderson lf, and p, Sodson ss, Hinkle cf, Smidt and Ross rf, Wheeler 1b.

Dexter—Wayne 3b, Bowen 2b, Uterback ss, Sheldon 1b, Monical rf, R. Reid cf, J. Reid lf, Caffal c, Barnett p.

HAGERMAN HIGHWAY SIGN IS DOWN FOR REPAIRS

Two weeks ago the Hagerman electric sign suspended above the highway at the intersection of the highway and the Hagerman road was removed for repairs.

According to a statement made by Robert Cumpsten who is doing the work, it is to be completed to-day. The sign has been rewired and cellophane has been used to protect the bulbs. Letters formerly made of glass have been replaced by metal letters.

The sign will probably be suspended above the highway Saturday.

TO PLANT FISH

SANTA FE.—Approximately 3,619,000 fish are to be planted by the state game and fish department this season, E. L. Perry, state game warden announced Saturday.

In addition to the number to be planted at least 300,000 will be retained in the hatcheries over the winter months by way of experiment to ascertain whether or not it will be practicable to grow fish six inches long before planting them.

Of the above number of trout to be planted 2,033,000 are rainbow trout, 689,000 eastern brook and 896,000 lochelevens.

The rainbow trout are greatly in the predominance partly because they are better adapted to New Mexico but chiefly because they are a more spectacular fighter and offer better sport for the fisherman, Mr. Perry said.

PROF. HULET TO GIVE COURSE IN DAIRYING

The first of a series of lessons to be conducted by Prof. David Hulet in a course in dairy production will be given in the agriculture room at the school house Monday evening at 7:30 p. m.

The course is being given in order to promote better dairying in the community and will be well worth while for those who are interested to attend.

LARGE NUMBER OF OIL MEN EXPECTED AT THE ROSWELL MEET 31ST

Will Consider Two Important Issues—Tariff on Oil And Recent Order of Pres. Hoover Relative to Govt. Land Operations.

Independent oil operators of New Mexico will meet in Roswell July 31 to perfect a New Mexico unit of the Independent Petroleum Association of America. The Independent Association of America was formed at Colorado Springs on June 11 during the oil conservation conference for the purpose of obtaining from congress a tariff on crude oil and its products intended to protect the petroleum industry of America from foreign competition. A second purpose of the organization was to obtain revocation of the present executive order regarding government permits.

New Mexico will be entitled to a vice-president and two directors of the national association.

Hon. Wirt Franklin, of Oklahoma City, and Hon. Fred Tucker, of Ardmore, Oklahoma, president and secretary respectively, of the Independent Petroleum Association of America, will both be present and will address the meeting on these most vital questions.

United States Senator Bronson Cutting and Sam Bratton, Congressman Albert Simms, Governor R. C. Dillon and various other state officials are to be special guests at the meeting at Roswell which will be attended by independent producers, royalty owners, land owners, permittees and other independents from all sections of the state.

A committee composed of Max Coll, A. N. Etz, Forest Levers, Harry Leonard, Wesley McAllister, T. A. Stancliff and W. A. Nicholas has been appointed to arrange for the state meeting.

GOOD YIELD FROM SMALL GRAIN CROP

That small grain would be a profitable crop for the Pecos valley has been demonstrated a number of different times. This year Charley Rogers, a progressive farmer of the section southeast of Artesia secured a splendid yield from three patches of small grain and last week finished thrashing both wheat and oats.

Mr. Rogers decided to try wheat in his cow pasture this year instead of Sudan Grass. His cow pasture consists of three acres. After he grazed the wheat in the cow pasture the greater part of the spring and summer the wheat was cut and thrashed and from the three acres he secured 75 bushels, a normal yield. He had five acres more in wheat that yielded an average of 55 bushels to the acre and 42 acres in oats that made 3,000 bushels.

Now what's wrong with the Pecos valley a small grain country? —Artesia Advocate

WORK STARTED OILING ROAD

Work on oiling the highway from Lakewood north to Dexter was started last week at Lakewood. The oil surface will connect at Dexter with the first stretch of oiled highway in the valley from Dexter to Roswell.

QUICK WORK SAVES HIGHWAY MACHINE

High waters on the Penasco river would have proved disastrous to the large rock crusher and other equipment of the highway department, but for the fore thought of the highway crew. A large rock crusher was located on the bank of the Penasco and Friday morning word was passed along that a big rise was due. Fast work on the part of the employees removed the machinery from the danger zone just as the rise struck the bridge.

SUSTAINS BROKEN LEG

Lee Williams, age 17, son of Mr. and Mrs. Jerry Williams of the Lake Arthur community, had the misfortune to have his leg broken, while attempting to push a car out of the ditch Sunday. He was brought to Artesia, where he received medical attention.

THIRD CUTTING OF HAY

The third cutting of hay is expected to get underway in the farming section the first of the week. The quality of the hay as well as the quantity will be about the average, it is believed.

THIRTEEN BILLIONS FOR CRIME

Crime, according to Wade Ellis of the American
Bar Association's Crime Commission, costs the United
States 13,000,000,000 a year.

We have 12,000 murders annually, 50 times the
number recorded in Great Britain. Since 1900 our
murder rate has increased 350 per cent.

The causes of crime are many and foremost among
them Mr. Ellis places our multiplicity of laws which
by simple mathematics, has increased the total of
crimes. Every new law breeds new criminals, decreases
respect for society, and places new burdens on our
courts of justice.

It is a disheartening fact that the great majority
of our citizens take crime more or less as a matter
of course. What is needed is an active public con-
sciousness that will force a simplification and reform
of our laws and legal system, and oppose the tendency
to pile more enactments on the already bulging statute
books. Too many laws touch the good citizen and
fail to discomfort the criminal.

The sole test for any law is whether it protects
society and punishes or reforms the underworld. We
must return to first principles in our war against
crime.

TEMPTATION—A REASON FOR CRIME

That the American people are encouraging crime by
failing to remove the temptation which incites to crime,
was the statement made recently by C. C. Lincoln, as-
sistant vice-president of the Security National and Trust
Co., of Los Angeles, California.

As pointed out by the banker, the records of every
department in the country show that burglars seldom
molest the homes of people who are known to keep
their valuables in a safe deposit box. On the other
hand, those persons who are careless in their show
of wealth are most frequently the victims of holdups
and burglaries.

Only a few weeks ago, in the fashionable residential
district of a large western city, a hostess and her
guests were robbed of over \$20,000 in gems while
attending an afternoon tea party. Police believe that
the two suave hold-up men who staged the crime had
"spotted" the hostess because of the large amount of
jewelry she was accustomed to wear in public. Such
a display of wealth is an open invitation to criminal
violence.

Throughout the nation bankers and police officials
are uniting in a campaign to emphasize the importance
of removing from the home or person and putting in a
safe place those valuable possessions which attract the
eye of the criminal. This is particularly true in sum-
mer when so many people leave their homes and go
for extended vacations. Vacationists can do consider-
able toward reducing the present crime wave and at
the same time guard their possessions, if during the
summer they will store in safe-deposit vaults those
household valuables, such as silver and rugs, which
might tempt the criminally inclined.

DO YOU REALLY WANT TO BE A LEADER?

Leadership is yours, if you will seize it. Lay your
plans with a little intelligence to-day, don't wait
until tomorrow—because if you do, old habits will
grasp you like octopi and choke your good intentions
into insensibility.

Action is the thing. Do is now, is the pass word.
Keeping at it, is the weapon of offense. A grim de-
termination to win is the impenetrable armour and
the knowledge that you are right is the militant music that
will cheer you to victory.

The real leader has no moments of doubt, no pe-
riods of depression. "I can" is his first lieutenant. "I
can't" never gets by his defenses. Leadership is a
tangible thing. It is a state of mind made manifest by
constant productive activity.

Do you really want to be a leader? Do you have
the nerve to be a leader? Do you have the will power
to be a leader? Do you have the willingness to do
the work of a leader? Do you have the vision of a
leader?

Then you are a leader. Tomorrow you will be
a great leader. Some day the whole world will point
to you and say, "There is a great man—a real leader
in his line." Isn't it worth striving for? Talk to your-
self about it.—The Optimist.

WILL IT COME BACK?

Few of the later residents of eastern New Mexico
have never been able to realize until recently that it
could and does rain here in eastern New Mexico when
conditions are right. The long dry spell has been broken
and it is reasonable to expect that we may enjoy a few
seasonable years, if those who contend that rain comes
in cycles are right.

Dry farming has been conducted with success in
this region and we may see the time again when the
same thing can be accomplished.

The Town Doctor

(The Doctor of Towns)

ON

GET COMMUNITY MINDED

What you do, what you say, your attitude toward
the place where you live, creates or destroys public
opinion, prestige and good will of your community.

Other people look to you for an example—if you do
not speak well of the community, if you do not do
something for the community, others will do likewise.

No city, town, village or hamlet can expect to be-
come a better, more interesting, more attractive place
in which to live, work, play and prosper unless every-
body does a little something. It isn't necessary to spend
days or weeks on a drive of some kind; you don't have
to get out and make a show of yourself; nor is it
necessary for you to be one of the big toads in the
puddle, to be able to do something.

And don't think that when you do anything for
the benefit of others, that you are a martyr to the
cause; nor that you are donating. Get it out of your
head that you are doing something charitable every
time you go a little out of your way to perform a lit-
tle service or dig down in your pocket for a few dol-
lars to make possible something that the other fellow
will get some good out of.

You can't make money unless the other fellow does.
What profits the community profits you, and there are
no "ifs," "ands," or "but's" about it.

Do something! You have a dozen chances every day
to do something, to say something that will build. You
have as many opportunities to put your foot on what
others say and what others fail to do that tears down.

Get community minded! It is good business, and
plain, every-day, common-sense.

Hagerman and other sections of the valley have
taken a progressive step in the dairying industry by
importing a number of high grade Jersey cattle. A
thoroughbred costs no more to feed than a scrub, but
yields vastly greater returns.

EVILS OF MACHINE AGE

The Rev. Edmund Chaffe of the Labor Temple of
New York City recently listed the following five pri-
mary evil results of the machine age—increased con-
centration of wealth, rise of conditions leading to war,
unemployment, child labor and the lack of the Christ-
ian motive in industry.

CHRISTIAN FELLOWSHIP

Every Sunday evening there is a larger crowd
present at the open air Union church services. Think-
ing people who are intellectually alive to the social
and economic issues of to-day and are interested in
the Christian way of life are taking advantage of the
opportunity to hear discussions on timely topics of
national and international importance at the regular
Sunday evening church services.

INTERNATIONAL GOOD WILL

The formation of international good will is one of
the serious problems facing the leaders in world af-
fairs. There are numerous factors contributing to the
solution of this problem, one of which is the develop-
ment of an international language. An international
language known as "Esperanto" is receiving support.
The twenty-second annual conference of the Esperanto
Association of North America held its session recently.

The Swedish Parliament has unanimously voted to
provide for teaching Esperanto to the Swedish school
teachers that they may be prepared to teach it in all
the Swedish schools. Recent advance has been made in
the acceptance of Esperanto in all parts of the world.

I WOULD NOT HAVE THIS PERFECT LOVE OF OUR

I would not have this perfect love of ours
Grow from a single root, a single stem,
Bearing no goodly fruit, but only flowers
That idly hide life's iron diadem;
It should grow always like that Eastern tree
Whose limbs take root and spread forth constantly;
That love for one, from which there doth not spring
Wide love for all, is but a worthless thing.
Not in another world, as poets prate,
Dwell we apart above the tide of things,
High floating o'er earth's clouds on fairy wings:
But our pure love doth ever elevate
Into a holy bond of brotherhood
All earthly things, making them pure and good.
—James Russell Lowell

A NEW KIND OF CLEAN UP CAMPAIGN

Portales is staging a clean up week from July 22nd
to 29th, which embodies some of the finer points of
the usual clean up week and the Yard and Garden con-
test. In awarding the prizes the judges will use two
score cards, one for the owned homes and one for the
rent houses. The awards on the owned homes are
made on the following basis: Cleanliness of the front
yard and curb, 15; cleanliness of the back yard and al-
ley, 20; trees and shrubbery, 15; flowers, 15; lawn, 15;
painting and improvement, 10; general attractiveness, 10.
Total number of points 100. The rent houses are
judged by the following points: Cleanliness of front
yard and curb, 30; cleanliness of back yard and al-
ley, 40; flowers, 10; lawn, trees, shrubs, painting and
improvements, 10; general attractiveness, 10. Total
100.

TEN TO ONE

It is probable that 10 farmers live on secondary
or feeder roads to one farmer who lives on a main
highway. This means that it is highly important to
consider waterproofing and hardsurfacing the second-
ary roads.

Not only should this be done to accommodate the
farmers and make new territory more accessible, but
it should be done to relieve the main highways of traf-
fic and thereby eliminate unnecessary congestion.

The application of road oils and asphaltic products
has revolutionized modern road construction on an
economical basis.

Governor Dillon will make his war on slot ma-
chines, says a press report of last week. We sometimes
think that a man, who is foolish enough to play one of
these machines ought to be let alone.

INSIDE INFORMATION

With a rich dinner serve a salad
with French dressing, not mayon-
naise.

In making bloomer dresses for
children it is a good plan to make
two pairs of bloomers as they are
likely to wear out before the dress
does.

Lyonnais potatoes are cold boiled
potatoes, diced, and browned in fat
with chopped onion and served with
parsley sprinkled over the top. They
make a tasty variation of plain fried
potatoes.

When lamb or mutton fat is used
in making cream gravy, both the
texture and the flavor of the gravy
are better if the flour used is brown-
ed lightly in the hot fat before the
liquid is added.

Waxing or varnishing improves the
appearance of linoleum and makes
it last longer. Use wax on the in-
laid kinds and varnish on the printed
ones, for wax sometimes tends to
soften the printed surface.

Coffee stains not more than a few
hours old on washable fabrics can
be removed by pouring boiling water
on the stain from a height of 2
or 3 feet. Stretch the stained part
of the fabric over a large bowl.

The addition of capers, or the
liquid in which they have been bot-
tled, chopped pickle, lemon juice,
tomatoes, or currant jelly to lamb
or mutton gravy is suggested as a
change and improvement in flavor.

THINGS THAT NEVER HAPPEN

By GENE BYRNES

FIRST COPIES OF THE TOURIST GUIDE NOW READY TO DISTRIBUTE

SANTA FE—The first copies of the State Highway Tourist Guide are off the press and ready for distribution, it was announced by the State Highway service bureau.

The booklet is hailed as an example of the most modern in publication. It is thirty-two pages in size, printed on India paper and liberally illustrated with scenes from all over New Mexico.

Among the unique features claimed by New Mexico's book is the fact that several of the nationally famous artists who make New Mexico their home have aided in its preparation. This alone would make New Mexico's advertising book stand out, it is claimed, as the literature put out by other communities cannot claim such an addition, chiefly because no other state has the number of famous artists that New Mexico boasts.

Gustave Baumann, internationally famous wood block carver and winner of prizes at the Paris Expositions, carved the original wood block which makes the cover of the book. Will Shuster, etcher, water colorist, and painter in oils who gained national interest recently by his series of Indian studies, has made an original double page layout showing a scene from Indian life in New Mexico.

Witter Bynner, poet, playwright, ex-president of the Poetry Society of America and donor of the annual Witter Bynner poetry prize, has contributed an original poem to the book entitled Cibola. This fits with general tone of the book nicely as its title is Roads to Cibola, harkening back in its name to the ancient Spanish name of the southwest.

Each of New Mexico's roads and the points of interest on or near them are described in the book and many of them also shown in the illustrations. Some of the information regarding unique places and points of interest has taken over a year to assemble and check.

The book starts with U. S. 85, America's oldest road, which is described as the tourist would drive the road from Raton to El Paso. The other roads of the state are taken in a similar way. The idea of this is explained, is to enable the tourist to start at the state line on any given road and to read a description on the various points of interest as the driving toward them is accomplished. A map in the back of the book aids in finding the various places described, also to serve as a regular road map for tourists use.

As the book describes all of the major tourist attractions in the state, it is expected that it will serve as a fine advertisement and salesman for New Mexico. The first distribution will send over five thousand copies in every portion of the United States.

Rumors of the coming of the book have reached into far corners, it was stated at the Highway service bureau, with the result that there are several thousand requests waiting to be filled from places as far away as Hawaii, Canada, Alaska and others. Service bureau workers expect each copy of the guide to be instrumental in sending five persons to the state, as this is the figure arrived at by statisticians in computing and estimating the effect of such a piece of literature.

The guide will be sent any place on the North American continent free of charge, if name and address of party to whom it is to be sent is forwarded to Santa Fe to the Highway service bureau.

FARM INTERESTS CONSULTED AS TO APPOINTMENTS

Secretary of Agriculture, Arthur M. Hyde, it was announced at the White House recently, sent a telegram to all state farm organizations, editors of agricultural papers, and heads of agricultural colleges, and other similar organizations asking their opinion regarding the selection of a business man and banker, as distinguished from a farmer, for membership on the federal farm board.

A total of 102 replies were received, it was stated at the White House, practically all of which favored the suggestion.

Secretary Hyde, it was also said, has sent out telegrams to 250 farm organizations in all parts of the country asking their suggestions as to possible candidates for membership on the board. Replies have now been received from all of them, it was said.

APPORTIONMENT TO PUPILS HIGHEST EVER MADE IN THE STATE

SANTA FE—The crediting of interest earned by the common schools fund so that fund instead of to the general fund aided materially in producing the \$1,453,425.40 which is being apportioned to the common schools this fall, according to State Treasurer Emerson Watts. The apportionment this year is the largest ever made and average \$11.48 for each pupil.

In the past there existed some question over the legality of crediting the interest to the school funds, and through the efforts of Mr. Watts the ninth legislature passed house bill 170 which directed that the interest should be applied to the school funds instead of to the general fund.

The apportionment per pupil is the highest ever attained despite the fact that the school census showed a gain of 5,115 pupils.

THE LETTER "E"

Someone has advanced the opinion that the letter "e" is the most unfortunate character in the English alphabet, because it is always out of cash, forever in debt, never out of danger, and in hell all the time.

But we call attention the fact that "e" is never in war and always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no meat, no life and no heaven. It is the center of honesty, makes love perfect, and without it there would be no editors, devils nor news.—Charleston Gazette.

GRANGE FAVORS INCREASE IN TARIFF

Duties on agricultural products should be increased to the point where they average 40 per cent ad valorem, the subcommittee of the senate finance committee considering the agricultural schedule of the tariff bill was told by Leon J. Taber, master of the national grange.

Mr. Taber said his organization was interested in high rates of duty and in an export debenture for farm products. The present average rate of duty on agricultural products is 22.5 per cent, while the rate on industrial commodities is about 40 per cent, he said.

First Stew: "Have you heard of the latest drink?"
Second Ditto: "No. What is it?"
First Stew: "Frog whiskey. One drink and you croak."

BOULDER DAM WILL BE BUILT SOON

President Hoover, it was announced officially at the White House executive office, will issue a proclamation putting into effect the Boulder Canyon Project act, authorizing \$165,000,000 for flood control, water storage, irrigation, and power development in the Colorado river basin.

Under the terms of the act passed by the seventieth congress, the president may make it effective at any time after June 21, 1929, if six of the seven states of the basin have ratified the interstate compact on water rights. All states with the exception of Arizona have agreed to the compact.

PRESIDENT HOPES TO EFFECT REDUCTION IN THE TAXES

President Hoover is hopeful that it will be possible to reduce taxes, a careful study of which is being made, but feels that before a final conclusion can be reached on the question three factors must be determined, he announced at the White House.

These factors, the president said, are: Determination of the effect of legislation enacted during the last 12 months which has greatly increased expenditures for the current fiscal year beyond the original budget; how far expenditures of the government in other directions can be reduced to compensate for the increases during the past 12 months, and how far the increase in revenue is due to the temporary stock exchange activity.

It was explained by the president that it was expected to have all information in time for a decision by November 1 and guided by the situation at that time the president will be prepared to advise congress at the opening of the regular session.

INSTALL DEATH CHAIR AT PENITENTIARY

SANTA FE—A building to house an electric chair to be installed at the state penitentiary is now under construction, Warden Pat Dugan has announced.

The new building is being erected at the north end of the north cell house and is expected to be completed within a few weeks.

The last legislature authorized the construction of an electric chair and provided that all condemned criminals should be put to death at the penitentiary by electrocution instead of being hanged at the county seat of the county in which the crime was committed, as the old law provided.

The bill, as originally drawn provided for hanging, but Warden Dugan had this provision changed to call for electrocution. Mr. Dugan has announced that he will build his own electric chair.

A room for the press is also being built.

APPROPRIATION MADE FOR NEW FARM BOARD

Congress by passage of a bill appropriating \$151,500,000 took steps to carry out immediately the provisions of the farm relief legislation signed by President Hoover. Both the house and senate approved the measure with brief debate and without a record vote.

An amount of \$150,000,000 is the initial installment of a \$500,000,000 revolving fund to be administered by the Federal Farm Board created by the terms of the law.

Look behind, underneath and all around the rear seat cushion. If you find a couple of lace handkerchiefs and a handful of burned matches, a lipstick, and half a package of cigarettes, or an assortment of various buttons and a vanity case, or a feminine garter and an empty bottle, buy the car. Any one of the above items is sufficient proof that the car has been run but little.—Ex. Rastus: "Here am a telegram from de boss in Africa. He says he is sending us some lions' tails." Circus owner's wife: "Lions' tails, Rastus? What are you talking about?" Rastus: "Well, read it yourself. It says plain, 'Just captured two lions; sending details by mail.'"

PETRIFIED FOREST IS OPEN TO PUBLIC IN WEST PART OF STATE

SANTA FE—A petrified forest has been opened to the public in the region of the newly found ice cavern south of Grants and northwest of Magdalena, according to a tourist bulletin sent out by the State Highway service bureau.

The forest is located in the new wonderland section of New Mexico in what until recently was almost terra incognita to all except a few hardy old timers. To reach the forest travel out from Magdalena on the Puertito road ten miles, then follow left hand fork which is marked "To Red Lake" seven miles. Here turn off at Hooks ranch sign down big sand canyon to the ranch. Thence, travel north from the ranch one-quarter of a mile to fence where car is left. The remainder of the journey about another quarter of a mile must be made on foot to the forest.

The forest was discovered twenty years ago by L. V. Medley of Grants while he was chasing wild cattle. During the time he was ranching in that area he showed the forest to many people but only recently has it come into prominence with the great tourist influx of this year making all such wonders of renewed importance to the state.

REMEDIES FOR TROUBLE

If you are down with the blues, read the twenty-third Psalm.

If there is a chilly sensation about the heart, read the third chapter of Revelations.

If you don't know where to look for a month's rent, read the twenty-seventh Psalm.

If you are lonesome and unprotected, read the ninety-first Psalm.

If the stovepipe has fallen down and the cook gone off in a pet, put up the pipe and wash your hands and read the first chapter of St. James.

If you find yourself losing confidence in men, read the thirteenth chapter of First Corinthians.

If people pelt you with hard words, read the fifteenth chapter of St. John and the fifty-first Psalm.

If you are out of sorts, read the twelfth chapter of Hebrews.—Selected.

ROAD TO NEW MEXICO FROM WINK IS SOUGHT

MIDLAND, Texas.—Construction of a new paved road from Wink to the New Mexico-Texas line to serve the oil operators and fields of southern Lea county, New Mexico, will be sought by citizens of Wink.

Petitions are being circulated in Winkler county asking for a bond election to provide funds to construct the new road.

LAKE ARTHUR ITEMS

(Mrs. Ned Hedges, Reporter)

Miss Bernice Bailey has been spending the past two weeks on the Ruidoso.

John Lane is in Hope this week assisting Oscar Moore with the work in his barber shop.

Mrs. R. F. Beasley and Miss Amanda Baker motored to Ruidoso the first of the week for a short visit.

Rev. Walthal filled his regular appointment at the Methodist church Sunday. Frank Frazier sang an especially appreciated song.

Mr. and Mrs. E. C. Jackson, Rev. Dye and Mrs. D. A. Goode and Frank Frazier have been attending the Baptist convention in Hope this week.

Mr. and Mrs. J. H. Reeves left Wednesday morning for Hot Springs where both Mr. and Mrs. Reeves will take the baths for a few weeks.

David Bartlett left on the stage Saturday night for Encino where he will take a six weeks' course in the State Highway school of instruction.

Ewin Prather and wife were in Lake Arthur last Friday looking up old friends. Mr. is a former Lake Arthur boy, now in the cattle business in Colorado.

Mr. and Mrs. Shirley Smith left Monday morning for a few weeks' visit in Missouri with Mrs. Smith's relatives. Both Mr. and Mrs. Smith have relatives at various points en route.

B. C. Moots and daughter, Mrs. Moss Spence arrived on the train Sunday afternoon. Mr. Moots came from Belin for a week end visit to his family and Mrs. Spence returned from Silver City where she had attended summer normal.

Mrs. E. C. Latta was hostess Tuesday afternoon to the members of the Sew and So club. There being no arranged program the time was spent piecing another set of quilt blocks. Refreshments of ice cream and cake were served to the members and one guest Mrs. Paul Robinson. The next meeting place has not been definitely decided.

VINCENT-BARTLETT

A wedding of interest to the citizens of the community occurred the 14th of July in Roswell when Miss Garl Vincent and David Bartlett motored to Roswell and were quietly married. The bride is the daughter of Mr. and Mrs. Charles Vincent and the groom the son of Mr. and Mrs. J. L. Barnett of Hagerman.

Both young people are popular members of the younger set and are receiving congratulations and the best wishes of the community go with Mr. and Mrs. Bartlett as they start life's journey together.

JUST KIDS—Yes, Girls—It's Too Bad!

By Ad Carter

J. S. OWNS MORE THAN THREE FOURTHS OF ALL AUTOS IN THE WORLD

SANTA FE—Pointing out that the United States owns more than three quarters of all the automotive vehicles in the world which three quarters amounts to 24,494,580 vehicles, pleas are being received daily by the Highway Department from national motoring and good roads associations which stress the need for even greater highway programs to keep pace with the ever growing volume of traffic. Increased federal aid allowances is the remedy, say the national organizations.

United States has one car for every 4.9 persons. Only three other nations in the world have more than 1,000,000 cars apiece. They are Great Britain, France and Canada. But the important thing, the motor associations point out, is that last year saw an increase of 2,291,417 units. This is at the rate of 8.6 per cent higher in every respect than was obtained in 1927.

The national motoring and good roads bodies are agitating the increase of federal aid allotment from \$75,000,000 to \$125,000,000 which will especially benefit the public lands states of which New Mexico is one of the largest. In the case of congress honoring the request for greater allotments New Mexico's quota would be raised past the two million mark, annually, it is probable "The United States did not yet have 25,000,000 automobiles in operation when 1929 began, but it is approaching that great total and undoubtedly will surpass it long before the present year is ended," says a bulletin from Kentucky.

NEW MOTOR VEHICLE LAW IS EFFECTIVE

The New Mexico motor transportation department of the state corporation commission calls attention to the following law, passed by the last session of the state legislature relative to operating a motor vehicle:

Chapter 129, session laws of New Mexico of 1929, provides that "After three months from the going into effect of this act, no motor carrier engaged in whole or in part or both in intrastate business in this state, shall operate for the transportation of persons or property or both for hire between fixed termini or over a regular route upon any public highway in this state without first obtaining from the corporation commission, under the provisions of this act, a certificate to the effect that public convenience and necessity require such operation."

The corporation commission extended the time of filling these applications to August 12th, 1929. All persons operating after that date without having applied for a certificate will be operating illegally and will be prosecuted.

SOUTH SPRINGS GIN BEING REBUILT

The gin plant at South Springs south of Roswell, which was destroyed near the close of the season last year by fire, is being rebuilt. Materials have been assembled on the ground for the gin building according to information from Roswell.

COTTONWOOD ITEMS
(Miss Alma Bradley, Reporter)

Ed Nelson motored to Roswell on business last week.

August Nelson and family moved to the Lawrence ranch Saturday.

Mr. and Mrs. Maynard Brown visited with Mr. and Mrs. Vetter Brown at Hagerman Sunday.

Julius Terry and mother Mrs. Tom Terry left for Altus, Oklahoma Monday where they will visit relatives.

Mr. and Mrs. H. B. Worley and Mr. and Mrs. R. M. Middleton drove to Hope last week to visit friends.

Mr. and Mrs. L. A. Carson and little daughter of Las Vegas are visiting at the W. A. Watson home.

Mr. and Mrs. J. Waldrip and daughter and Arthur Wright drove to Brownfield, Texas to visit relatives this week.

Miss Bonnie Rollan daughter of Lewis Rollan of Atoka spent a few days last week at the home of her grandmother, Mrs. V. A. Hunt.

Rev. and Mrs. J. D. Terry of Dayton were guests at the home of their son Tom Terry and family, Sunday. A nice birthday dinner was served in honor of Tom Terry's anniversary.

Mrs. B. D. Briscoe and daughter Hannah and Mrs. Mary Abbot of Artesia spent one day last week visiting friends on Cottonwood also visiting the old B. D. Briscoe farm.

W. L. Bradley and son, Billy, drove to Las Vegas last week after his daughter, Leonora Bradley and Miss Kathleen Newman of Artesia who have been attending summer school.

Mr. and Mrs. H. V. Parker who have been visiting in Corsicana, Texas at the home of Mrs. Parker's mother, Mrs. Payne, returned home Friday and report a very enjoyable time.

Mr. and Mrs. Bill Sterrett left Saturday for El Paso where they will visit Mrs. Sterrett's sister Mrs. Albert Watson. They will visit several other points in Texas also in New Mexico before returning home.

A revival meeting is being held at the Lower Cottonwood school house this week. The Elder Rev. Moore preached a fine sermon Sunday morning. He will preach each night at 8:00 o'clock this week, everyone is invited to attend.

Joe Funk of Lake Arthur purchased the W. A. Williams cotton crop on the Manda farm of this community. Mr. and Mrs. Funk moved to the farm last Wednesday, and Mr. Williams left for Texas where he will make his home.

Quite a number of friends of Mr. and Mrs. Glenn O'Bannon met at their home Wednesday evening for a surprise party. The evening was spent in dancing and delicious refreshments were served at a late hour. Walter and Buster Knowles furnished the music for the dance. Among those present were Mr. and Mrs. Dub Andrus and mother Mrs. Andrus, Mrs. Rachael Hardin, Mrs. Hattie Rice and Mr. and Mrs. Elmer Nail all of Hagerman, Miss Ethel Courtney and Mr. Watkins of Ros-

CUTS THIRD SET OF TEETH AT 102

Mr. and Mrs. Pearley George and family are enjoying a visit from a young lady, Mrs. Alice Robinson, of Sherman, Texas, who arrived yesterday on the north bound passenger. Mrs. Robinson, passed her 101st birthday on May 6th and is just starting in life right, now that she is cutting her lower teeth. She lost her youthful husband, a year and a half ago, at the age of 97. Mrs. Robinson is the only surviving member of her family, having outlived all of her relatives.

Born May 6, 1828 at Galveston, Texas, she later moved to Houston, where she was living at the time the Civil War broke out. Mrs. Robinson was six and a half years old when "The stars fell," one of the strangest phenomena witnessed by residents of the past century, many of whom thought the end of time was at hand.

Mrs. Robinson believes that people are just as young as they feel and this is one reason that she intends to keep on living just as long as she can. She amuses herself by composing little songs and singing them to her hosts. —Artesia Advocate.

HAMLET ON CUTTING PRICES
(With apologies to Shakespeare)

To cut or not to cut—that is the question. Whether 'tis not better in the end To let the chap who knows not the worth Have the business at cut-throat prices; Or take up arms against his competition. And by opposing cut for cut, end it.

To cut—and by cutting put the other cutter Out of business—'tis a consummation Devoutly to be wished: To cut—to slash! Perchance myself to get it in the neck. Aye, there's the rub; for when one starts to meet The other fellow's prices 'tis like as not He's up against it good and hard. —Dealer-Herald.

INCREASED FUNDS AID IN GROWTH OF AERONAUTICS

With approximately \$500,000,000 made available for aviation within the last two years, the United States is witnessing a period of constructive re-organization and healthy growth in the industry, the Secretary of Commerce, Robert P. Lamont, stated. Commerce and industry generally, Mr. Lamont said, have given indication of a definite faith in the future of air transportation.

WILL YOU TELL

Our advertisers, please, that you noticed their advertisement in The Messenger.

NEW WORLD'S RECORD FLIGHTS ESTABLISHED BY ST. LOUIS ROBIN

LAMBERT—St. Louis Field St. Louis—A new world's record for sustained flight was established by Dale "Red" Jackson and Forest O'Brine in their "St. Louis Robin" at 3:00:32 p. m., (C. S. T.) Monday.

At that hour they had been up 247 hours, 43 minutes and 32 seconds, one hour longer than Rolund Reinhardt and Loren Mendell flew their "Angeleno" at Culver City, California. Jackson and O'Brine announced they would continue in the air to set a new mark as high as the mechanical condition of their plane will permit.

The "St. Louis Robin" a monoplane of the Curtiss-Robertson Airplane Manufacturing Company, sponsors of the flight, is powered by a new Challenge motor. The original purpose of the flight, which started at 7:17 a. m., July 13, was to give the motor an endurance test.

MANDELL'S BEAUTY HIGH COW OF ASSN.

Mandell's Beauty, a purebred Holstein cow, owned by Mr. W. C. Mandell of Canutillo, walked away with the high honors in the Mesilla Valley Cow Testing Association this past year. This is the second year that Mr. Mandell has had the honor of owning the high cow of the association. Mr. Mandell also has the honor of having the high producing herd of the association for the past year.

Mandell's Beauty won first place with a record of 634.0 pounds of fat and 21,011 pounds of milk. Her nearest competitor was an eight year old Holstein in the herd of Tom Holmsby which produced 593.7 pounds of fat and 17,847 pounds of milk. June, the Holstein cow in the Mandell herd that won first place last year with 521.8 pounds of fat and 16,073 pounds of milk, came in third this year with a record of 572.0 pounds of fat and 16,193 pounds of milk.

This record of Mandell's Beauty was made at the age of ten years. She was in milk but eleven months of the year's test and produced \$442.06 worth of milk over the cost of her feed.

Mandell's Beauty is not only a high producer herself but transmits this faculty on to her offspring. This past year four of her daughters were tested in the Mandell herd. All of these heifers are full sisters. The two year old heifer milking ten months produced 333.7 pounds of fat. Her three year old sister produced 302.0 pounds of fat while her four year old sister made 388.9 pounds of fat in ten months, and her five year old sister produced 559.4 pounds of fat in eleven months. This five year old daughter of Mandell's Beauty was second in the association in the production of milk, being out-classed only by her mother.

Proud parent—What kind of a man is this fiance of yours? Prudence (his daughter)—Well, he says he has always wanted a home. Proud Parent—That sounds good. Prudence—And he likes our very much—Answers.

LEGAL ADVERTISEMENTS

NOTICE OF SALE

By virtue of an execution issued out of the Justice of the Peace Court in Precinct No. 5, in the Town of Hagerman, County of Chaves and State of New Mexico, by I. B. McCormick, Justice of the Peace of said precinct, dated July 12, 1929, in a certain cause wherein Hagerman Service Station, as plaintiff, recovered judgment against C. E. Fletcher, defendant, for the sum of \$70.31 and costs of suit, on the 29th day of June, 1929, in Cause No. 192, I have levied upon the following described property, to-wit:—One Star Touring Car.

Notice is hereby given that on the 10th day of August, 1929, at three o'clock p. m., in front of the C. and C. Garage at said Town of Hagerman, I will sell all the right, title and interest of C. E. Fletcher, defendant, in and to the above described property, at public auction, for cash, to the highest and best bidder, to satisfy said execution and all costs, including costs of sale.

Dated at Hagerman, New Mexico, this 18th day of July, 1929.
JIM WILLIAMSON,
Deputy Sheriff.

IN THE PROBATE COURT, CHAVES COUNTY, STATE OF NEW MEXICO.

NOTICE OF FINAL HEARING ON FINAL REPORT, PETITION AND SUMMONS.

IN THE MATTER OF THE ESTATE OF JOHN HOGAN, DECEASED.
No. 1185.

STATE OF NEW MEXICO TO: Phillip Luciotto and all unknown heirs of John Hogan deceased: GREETING: Notice is hereby given that George L. Truitt, executor of the last will and testament of John Hogan, deceased, has filed his final report together with his petition praying for his discharge as executor of said estate and Hon. C. C. Hill, Probate Judge of Chaves County, New Mexico has set the 3rd day of September, 1929, at the hour of 10:00 o'clock a. m., in the court room of said Probate Court in the City of Roswell, New Mexico as the day, time and place for hearing objections, if any there be, to said report and petition.

At the same time and place the court will determine the heirs and legatees of said decedent and the owner of his estate and the interest of each respective claimant thereto and therein, and shall determine the person or persons entitled to share in the distribution thereof.

The postoffice address of the executor is Hagerman, New Mexico, and the attorney for the executor is J. D. Mell, whose business address is Room 209-11 J. P. White Building, Roswell, New Mexico.

Witness my hand as clerk of said court and the seal thereof at Roswell, New Mexico, this the 29th day of June, 1929.

STATE BANK REPORTS SHOW BIG GAIN OVER 1928 PERIOD REPORT

SANTA FE—The combined resources of thirty reporting State Banks at the close of business June 29 this year showed an increase of \$1,620,022.22 over the call of June 30, 1928, according to a statement made Tuesday by Lawrence Tamme state bank examiner. The resources totaled \$13,975,864.97.

Loans and discounts increased \$981,512.70 aggregating \$7,756,683.53 and the ratio of loans and discounts to total deposits on June 29, 1929 was 66 per cent as compared with 60 per cent on June 30, 1928.

Investments in United States government securities totaled \$2,273,548.86 or an increase of \$70,007.12 over the June 30, 1928 call. Investments in other bonds and securities aggregated \$1,292,528.12 an increase of 24,053.11 over June 30, 1928.

Demand deposits declined \$128,016.71 aggregating \$7,682,296.43 while time deposits showed an increase of \$578,665.21 totaling \$3,867,876.12.

The reserve ratio declined from 17 per cent to 16 per cent. Balances due from correspondent banks and cash in vaults totaled \$1,872,587.74.

Rediscounts and bills payable totaled \$470,749.42 an increase of \$372,738.27 over a year ago. Unusual heavy demands for credit and slow liquidation in the wool growing districts, due to unsatisfactory prices, accounts for this increase. Generally speaking, conditions over the entire state are very satisfactory with the exception of the spotty droughts in the extreme western part of the state.

Wheat harvested in the Roy, Tucumcari and Clovis districts indicated a yield of from 12 to 17 bushels an acre. Spring "blowouts" resulted in a loss of approximately thirty per cent. However, the large yield will compensate the initial loss.

Resources of 18 reported building and loan associations aggregated \$4,406,931.70 an increase of \$418,939.71 over a year ago. Loans increased \$462,951 and payments on the installment stock increased \$94,360.04 totaling \$2,477.68.

She had done everything wrong, disregarded the signal lights, made a prohibited left turn and then stalled in the middle of the street. An irate traffic cop rushed up: "Say, lady," said he, "do you know anything at all about traffic rules?" "Why, yes," she answered sweetly. "What is it you wish to know?"

Indignant citizen—"Officer, stop that man."

Officer—"What fur?"

Citizen—"Why, he's a bootlegger!"

Officer—"Don't yez get so excited, there'll be another one along in a minute."

Earl A. Hight, of Roswell, N. M., who, on Sept. 29, 1924, made stock-raising homestead entry, No. 029121, for SE $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 6; E $\frac{1}{2}$ W $\frac{1}{2}$, NE $\frac{1}{4}$ & N $\frac{1}{2}$ SE $\frac{1}{4}$, Section 7, Township 11-S., R. 30-E., N. M. P. Meridian, has filed notice of intention to make three-year proof, to establish claim to the land above described, before Dan C. Savage, U. S. Commissioner, at Roswell, N. M., on the 20th day of August, 1929.

IN THE DISTRICT COURT, CHAVES COUNTY, STATE OF NEW MEXICO

VERNA E. FREEMAN,
Plaintiff,
Vs.
JOHN ROBERT FREEMAN,
Defendant.

No. 7460.
NOTICE OF SUIT PENDING

STATE OF NEW MEXICO, TO JOHN ROBERT FREEMAN, DEFENDANT, GREETING:

You are notified that a suit has been filed against you in the District Court, of Chaves County, State of New Mexico, wherein Verna E. Freeman is plaintiff and you are defendant and numbered on the Civil Docket of said court as No. 7460.

You are notified that the general object of said suit is for decree dissolving the bonds of matrimony now existing between you and the plaintiff.

You are hereby notified that unless you appear, answer or plead in said cause on or before the 10th day of September, 1929, judgment by default will be rendered against you in the above entitled cause and the allegations in plaintiff's complaint will be taken as confessed by you.

J. D. Mell of Roswell, New Mexico is plaintiff's attorney and his business address is, Room 309-11, J. P. White Building.

WITNESS my hand and the seal of this court at Roswell, New Mexico, this the 16th day of July, 1929.

Deputy.

KILL OF GAME BY THE PREDATORY ANIMALS IS LARGE SAYS DEPT.

The State Game and Fish Department is in receipt of a report from the chief of the U. S. forest service at Washington, containing a census of the big game animals on the national forests throughout the country.

The report for New Mexico shows that we have 1,042 antelope on the national forest in this state as against 1,047 for 1927. The black bear is shown to have decreased from 964 animals to 909, and we seem to have lost 5 of our 21 grizzly bears during the year. On the other hand, deer have increased from 35,831 to 48,610, or a gain of about 36%.

Elk also gained greatly during the year, the numbers increasing from 135 to 227. Mountain sheep are shown to have dropped from 200 to 175, but covers only one of the three bands of those animals in this state, that in the Guadalupe mountains. The other two bands are located outside the national forests and hence do not come within the scope of the forest service report.

The larger of these two is in the Big Hatchet mountains in Hidalgo county and is said by local ranchers to be on the increase. Turkeys are not listed on the forest service report, but they are known to have increased in this state during the past year.

One of the outstanding features of the report is the comments in regard to the kill of game by predatory animals.

Regarding antelope, the report says that 118 were killed by predatory animals and 17 by hunters and goes on to state that "more than 100,000 deer were killed during the year, 42,967 by man and 65,219 by predatory animals." It will thus be seen that over the country as a whole predatory animals take a toll of deer some 50% greater than that occasioned by hunting.

In view of the fact that deer are in tremendous demand for sporting purposes, this large kill by predatory animals represents a shocking economic waste. While the kill by predatory animals is not shown by individual states, it is doubtless true that New Mexico is at least up to the average in this respect.

While exact accuracy is not claimed by the forest service for this census, the figures are compiled from estimates furnished by the several hundred district forest rangers scattered over the national forests and are therefore considered to be reasonably near the mark.

5 reasons why STEEL ECLIPSE WINDMILLS run in lightest breeze

Why does the Steel Eclipse run when other mills are motionless? The answer is, scientific design and fine workmanship. Note these five reasons—

(1) Wheel is tilted to take advantage of lightest breeze. (2) All working parts run in oil. (3) All wearing parts are made of the right materials and surfaces are machined. (4) Mill starts on two-thirds load—not full load; quick downstroke and slow upstroke means less effort required on the lift or pumping stroke. (5) All bearing surfaces are in line, reducing internal strain and power loss.

GREET HIM WITH A SMILE

Editor's note: The following poem was written by G. A. Turnbough. Mr. Turnbough has written a large number of poems, but this is the first one that has come into the hands of the editor.

As you journey here below
Meeting friends worth while
You will set their face aglow
If you greet them with a smile.

Some poor heart so sad and lone
Counting every weary mile
If you hear him weep and moan
Greet him with a smile.

Some poor boy without a friend
Looking lonesome all the while
You will sweetest pleasure send
If you greet him with a smile.

You may point that soul above
If you stop a little while
You may fill his heart with love
If you greet him with a smile.

INDIVIDUALS SHOULD TAKE STOCK OF THEIR PERSONAL AFFAIRS

By S. W. Straus, President American Society for Thrift.

We are now well into the last half of the year and it is an opportune time to take stock of our personal situation. It is the custom of business concerns to make mid-year inventories—to check every detail of the business which will show what progress has been made since the beginning of the yearly period. Individuals can to great advantage emulate this example.

Since the beginning of the present year, what progress have we made in our personal affairs? Are we better fortified now than we were on January 1 against possible loss of employment, injury, sickness, accident, or any other unfortunate circumstances that might overtake us? Are we better prepared now than we were then to take advantage of opportunities for self-advancement should they come? Are we holding ourselves strictly to the rules of good thrift in health, employment of time and in financial matters or have we allowed ourselves to become careless in these matters?

It is to be borne in mind that delinquency in such matters is apt to steal upon us before we are aware of it unless we adhere rigidly to our thrift plans at all times.

Perhaps some who read these lines have allowed themselves to become careless in matters of personal efficiency. Whether we have permitted ourselves to fall into these ways or not, it will serve a good purpose to take stock of our progress and our position before we have gone too far into the second half of the present year.

ESTIMATE EXPENSES OF STATE TOURIST AT \$17 DAY

SANTA FE.—Figures on the expenditures of tourists in New Mexico, based on the average two day stay, estimated by a middle western statistician, show that the average tourist spend \$8.40 for gas and oil, \$4.50 for tires, \$2.90 for repairs, and \$18.00 for food and housing, a highway bulletin states.

SOCIAL ITEMS

BIRTHDAY SHOWER GIVEN BY LADIES AID WED.

The Ladies Aid of the Presbyterian church met at the home of Mrs. L. W. Garner on Wednesday afternoon. After a short business session Mrs. Opha Spurling sang a group of songs.

Since it was Mrs. Hedges birthday the Society gave her a shower. She received a large number of lovely useful gifts.

Late in the afternoon the hostess served ice cream and cake. The members and guests who enjoyed the affair included Mesdames Bayard Curry, H. L. McKinstry, R. N. Thomas, H. M. Brown, J. T. West, Sam McKinstry, Robert Cumpsten, E. J. West, Opha Spurling, E. S. Bowen, L. E. Harshey, H. J. Cumpsten, I. E. Boyce, J. A. Hedges, T. D. Devenport, W. P. Woodmas, Willis Pardee, F. D. Mitchell, J. C. Hughes, C. G. Mason, A. A. McIntosh, C. H. Jacobson, Jim Michelet, J. Michelet, Russel Black, Camillie McKinstry, Misses Della Crissler, and the hostess.

HARSHEYS ENTERTAIN REGULAR BRIDGE CLUB

Mr. and Mrs. L. E. Harshey were host and hostess to the Regular Bridge club Wednesday night.

Mrs. J. T. West and Jack Sweatt won high score.

Late in the evening the hostess served lovely refreshments of sherbet and two kinds of cake to five tables of players.

Those who played were Messrs. and Mesdames E. S. Bowen, H. L. McKinstry, W. A. Losey, Harold Miller, E. V. Sweatt, J. T. West, R. M. Ware, Kenneth Servattus, Mrs. Herbert Reagan, Jack Sweatt, E. E. Lane and the host and hostess.

DEVENPORT'S GUESTS LEAVE

Mr. and Mrs. J. C. Devenport and daughter Grace, and Mr. and Mrs. Will Crawley who have been visiting in the T. D. Devenport home left Wednesday for their home in Wellington, Texas. They were accompanied home by Mrs. A. M. Devenport who will visit indefinitely in Wellington.

C. M. Devenport who has also been visiting in the T. D. Devenport home left Wednesday for his home in Tiaban, New Mexico.

PRESBYTERIAN PICNIC

The annual Presbyterian Sunday school picnic will be given this evening at the F. D. Mitchell farm northeast of town. A large crowd is expected, as large crowds always attend these enjoyable affairs.

SAFETY FIRST ON THE FARM

Ever since time began, the principle of "safety first" has had three enemies. One is the desire men have to "take a chance" and see what happens. A second is carelessness, and the third is thoughtlessness.

Although manufacturers of farm equipment have made many improvements in recent years to make their products safer, more reliable, and more dependable, it is still and always will be important for operators to exercise care and precaution in their use. D. A. Milligan of Illinois has outlined the following list of "safety first" suggestions which he believes would be helpful in preventing injuries and accidents:

Don't walk behind horses when they are pulling hard. A single tree, trace or double tree might break and strike the driver.

Don't place yourself in such a position when working on machinery that you would be injured if the horses moved. The most trusted horse might take a step. Only a second is required to drop the traces.

Don't rely on clutches while working on or around implements which are attached to or are driven by a tractor. Place the gear shift lever in neutral so if the clutch should engage no harm is done.

Don't attempt to make adjustments on tractors while they are moving. You might lose your balance or slip.

Don't reach around moving power machinery wearing gloves with large cuffs or with jacket or coat unbuttoned.

Don't reach across a moving saw or work around one with refuse lying under your feet.

Don't stand in the line of movement of pulleys, wheels, etc. A wheel or belt might break or an attachment might loosen and be thrown.

Don't operate high-speed emery wheels without a shield over the wheel. Keep your eyes above the wheel being ground and wear goggles.

Don't stand beside or hold a wire while it is being stretched. It might break.

Jemima Rastus decided to go to the zoo and look over the animals. While there Jemima saw a zebra for the first time. "Rastus, what kind uya animal is that?" The old boy was much perplexed, for he had never seen one before either. Finally it dawned upon him. "Dat dere, Jemima, am a sport model jackass," he replied.—Fort Sumner Review.

AT THE CHURCHES

INTEREST IN UNION SERVICES IS INCREASING

The people of Hagerman are enjoying the union services each Sunday evening on the school house lawn. Last Sunday evening the audience faced a present social problem that was appealing to Christians all over the world. War as a means of settlement of national difficulties will disappear from our society when our faith gets strong enough to exercise that power.

Sunday night Mrs. Robert Cumpsten will sing a special song and the choir will render a special number. You will enjoy the music and the fellowship. The address of the evening will be delivered by Rev. Dye.

PRESBYTERIAN CHURCH

All children are especially invited to be at Sunday school Sunday. We are having an interesting contest for new members. Oscar McGinnis of the boys class is captain of one side and Martel Graham of the girls class is captain of the other side. Your presence will help your side win.

There will be no church service Sunday morning as the pastor will be in Lake Arthur.

LAKE ARTHUR BAPTIST REVIVAL EXTENDED

The revival meeting in the Lake Arthur Baptist church, conducted by Rev. Julian Atwood of Roswell, which was to have closed last night has been extended for another week. Interest is increasing to such an extent that they felt it would be a mistake to close at the set time.

METHODIST CHURCH

Sunday school at 9:45 a. m. E. A. Paddock, superintendent.

Morning worship at 11:00 a. m. Subject: "The Mission of Capital."

We have a capitalist system. The above sermon will try to value its advantages and obligations. You are unconsciously a part of the system. Come and worship with us.

Epworth League meets at 7:15 p. m.

Union service in the evening at the school house lawn.

BRYAN HALL, Pastor.

HILL TO PREACH ON "DANIEL"

The subject of Rev. C. C. Hill's sermon at the Christian church next Sunday morning will be: "Daniel" or "Purposing to do Right." This sermon will be based on the Bible school lesson. You should hear it.

STREET MEETINGS CLOSE

Pentacostal services which were conducted on Main street for about a week closed Saturday night. Two traveling preachers W. Wood and Rev. St. John had charge of the meetings.

Visiting preachers, Toby, Henderson, and Pendergrass helped with the services.

Group singing aided by musical instruments on several occasions, was an interesting part of the meetings.

METHODIST SUNDAY SCHOOL

The continued hot weather is having a little effect on our attendance although we are still going strong over the hundred mark. Let not our members grow weary in well doing. A man's faith is shown by his works. If you believe in Sunday school give evidence of it by being present and on time.

Upon the call of the birthday state last Sunday three loyal Arkansawyers responded. Next Sunday morning California will be called.

The picnic last Saturday was well attended and much enjoyed by those present. A little recreation is good for everyone.

Next Sunday is missionary day. A suitable program is being prepared for that time.

"A long pull, a strong pull and a pull altogether" is still potent.

E. A. PADDOCK, Supt.

CHRISTIAN CHURCH SERVICES

The pastor will fill his regular appointment at the Christian church next Sunday morning at 11:00 o'clock. The congregation will again be favored by a special song by Mrs. Opha Spurling. The church school will assemble promptly at 10:00 o'clock.

You are most cordially invited to meet and worship with us. Your pastor greatly enjoyed the union meeting on the school house lawn and the privilege of speaking to the large number of people who were present. These union meetings are certainly worth while and are sure to accomplish much good. Arrange to attend the union services next Sunday night.

C. C. HILL, Pastor.

PRESBYTERIAN ENDEAVOR HAS PICNIC AT LAKE VAN

The Members of the Christian Endeavor of the Presbyterian church had a picnic at Lake Van Monday afternoon.

After enjoying a swim, the young people spread a bountiful picnic supper on the grass.

The picnic was given by the losing side in a contest recently held in the Endeavor.

METHODIST SUNDAY SCHOOL PICNIC SAT.

Members of the Methodist Sunday school enjoyed a picnic in the Paddock grove Saturday afternoon.

During the afternoon several baseball games were played. The married women played the girls, the married men played the boys, and the junior age boys and girls played a game.

Sack races and other contests were enjoyed by a large crowd of boys and girls.

About seven o'clock the crowd assembled in the grove around a table heavily laden with "eats."

After thoroughly doing justice to the meal, the picnicers adjourned.

CLUB MEMBERS HONORED

The four club members from New Mexico who won the trip to the National 4-H camp, acquitted themselves very creditably while in Washington.

They were prominent in camp activities, each receiving special honors. The club members from the different states were divided into groups and George Bainum, of Curry county, was appointed chairman of one such group. To Elizabeth Elser, of Dona Ana county, was awarded the honor of placing the wreath on the tomb of the Unknown Soldier; she also acted as group secretary. Clifford Gray, of Lea county, carried the club wreath which was placed on the tomb of Washington and Lorene Black, also of Curry county, received the Western States aloha from Hawaii.

Interesting programs were prepared for each day of the camp, with talks given by prominent speakers visits to nearby points of interest, radio programs, etc. Trophies for outstanding club members were presented on June 21 by Mrs. Hoover and photographs were taken of all club members grouped around President Hoover and other notables.

The club members from New Mexico were accompanied and chaperoned by Assistant Director E. C. Hollinger and Mrs. Hollinger.—New Mexico Extension News.

WEATHER REPORTS ON AIRWAYS BROADCAST EVERY THREE HOURS

An important new intensive weather reporting and forecasting service for aviators was started on July 1 by the Weather Bureau of the United States Department of Agriculture along the New York-Chicago-San Francisco-Los Angeles airways. This service which was made possible by a congressional appropriation of \$350,000 will have a system of reports by voice from four collecting centers where there are powerful radio broadcasting stations.

The Department of Commerce, Salt Lake City and San Francisco will receive telegraphic reports three hours, day and night about 60 selected reporting stations situated on both sides of the airways and about 100 to 200 from the route taken by Special Article.

NOTED GERMAN AUTHOR PRAISES N. M.

SANTA FE.—The Right honorable Kirt G. Lubrinski, noted author and world traveler on a visit to New Mexico told Holt, state booster from the New Mexico's roads are the best, a letter to Governor Dillon. Mr. Holt states.

"Your New Mexico highways are the very best" Mr. Holt reported rinski as saying. "They are wonderful condition. I can say because I have seen so many ways in so many countries of the world. Your highways are unusually good, and I can say that the United States is profitably copied all over the both as to quantity and construction."

He paid tribute to Santa Fe that it was one of the most interesting cities in the United States. He paraphrased Lordsbury's name it "The Capital of the West."

The author and his wife are traveling United States after Iceland, Artic Ocean, Abyssinia, Russia, Siberia and taking intensive trips around Europe.

BARRED FROM CITIZENSHIP

Since the recent cases of being refused citizenship have not been willing to defend country right or wrong in war have been brought to attention of the public we are of the case of John Chonky, native of Hungary, who had denied the American citizenship which he had longed and because he had conscientious against shedding human blood in war, and had courage stand by them.

"The most craven coward one who fears to do what lies to be right." In and for a certain group the war be clear. They will not financial or personal support will be willing to take the quences. Kirby Page, a farmer and leader of youth in the next war those who to have any part in it will patriots.

erful radio broadcasting stations, located at Cleveland, Salt Lake City and San Francisco will receive telegraphic reports three hours, day and night about 60 selected reporting stations situated on both sides of the airways and about 100 to 200 from the route taken by Special Article.
