CALIFORNIA QUAKE LOSSES ESTIMATED AT \$75,000,000

LOS ANGELES—Disturbed by a more distinct earthquake series now totaling 38, rehabilitation work probably Monday in southern California, where more than 2000 persons lost their lives as a result of the first shock Friday.

Red Cross made public a list of 2,000 persons injured in degrees, less than half at Long Beach, where the damage and fatalities were the heaviest.

Appraisers estimated the damage at \$50,000,000, the original figure. The best official sources, the state placed at 115. This was 56 persons at Long Beach of whom were unidentified. Other victims are divided between Compton and Huntington next heaviest suffers to each and Watts, Santa Ana, Monics, San Pedro, Garden Grove, Norwalk, Artesia, Wilmington, Montebello, Los Angeles and others.

San Diego quake at 5:16 o'clock morning caused minor injury to five persons in southern Los Angeles and one in San Diego. Another fairly strong quake at 11:30 a. m. caused minor damage was completely small.

FORREST WINS STATE BASKET TOURNAMENT

The Forrest Black Pirates won the New Meico high school basketball championship at Albuquerque Saturday night, wrestling a 23-18 victory from the Raton Tigers in a hectic tournament final.

The Tigers, last year's champions held the lead until late in the third quarter, but they finally fell before the one handed shots of Bill Stockton, lanky Pirate forward who tallied 14 points for individual scoring honors.

Raton eliminated Carlsbad in the semi-finals.

WOOL PRODUCTION LARGER THIS YEAR

The production of wool in the United States in 1932 amounted to 344,354,000 pounds of shorn wool and 67,100,000 pounds of pulled wool, according to the estimate of the division of crop and livestock estimates. In 1931 the production of shorn wool was 372,228,000 pounds and in 1930 it was 350,311,000 pounds. The production of pulled wool was 66,100,000 pounds in 1931 and 61,000,000 pounds in 1930.

The estimated number of sheep shorn in 1932 of 44,431,000 head was about 4 per cent smaller than the number shorn in 1931 but was a little larger than in 1930. The weight per fleece in 1932 was 7.75 pounds for sheep shorn, which was below that of either 1931 or 1930. The amount of wool shorn in the fall of 1932 in Texas and California was somewhat larger than was estimated as to be shorn, when the preliminary estimate of wool shorn was prepared last July. This increase is a result, largely, of the sharp advance in wool prices during August and September.

The estimated number of sheep shorn in 1932 of 44,431,000 head was about 4 per cent smaller than the number shorn in 1931 but was a little larger than in 1930.

THE FIRST NATIONAL BANK RESUMED ITS BUSINESS YESTERDAY

W. A. Losey, president of the First National Bank of Hagerman, received notice yesterday morning that the local institution would be allowed to continue the normal banking business. Accordingly the Hagerman bank has resumed financial operations.

In another part of this issue will be found an explanatory telegram from the Federal Reserve Bank at Dallas, permitting the opening. The majority of banks in the state were permitted to resume usual operations yesterday morning, with minor restrictions, aimed chiefly against hoarding. Banks resuming business in this section yesterday were The First National and the Bank of Commerce at Roswell, The First National Bank of Hagerman and the Carlsbad National Bank. Banks waiting instructions to go ahead with their activities numbered seven, including two in Albuquerque.

PEOPLE URGED TO PAY UP BILLS WHEN BUSINESS OPENS

Customers of the local merchants can do no greater service at the present moment than to arrange your affairs to meet your financial obligations just as rapidly as the usual channels of finances are open. The bank holiday in effect over the nation since March 5th has slowed business transactions and made the settlement of obligations impossible until the banks open. Prompt payment of bills will hasten the return of normalcy. Citizens generally feel that the way will be open for a swift recovery of business, provided the people cooperate and there is no finer spirit of co-operation than to pay your bills so that business institutions can pay theirs.

The usual custom where credit has been extended is to pay on or before the tenth. This month it was impossible, but with resumption of normal banking activities, it would be a fine thing to settle your accounts as rapidly as possible.

CONSTITUTIONALITY OF SEVERANCE TAX MAY BE TESTED SOON

Last week after the severance tax passed the state legislature, oil operators began laying plans to test the constitutionality of the tax in the United States court. Because the tax was passed as an emergency measure, an opinion was expressed that the proposed tax could not be referred back to the people by means of a referendum.

The contention that the tax is unconstitutional is based on the following constitutional provision. ARTICLE VIII: Section 1.—Taxes levied upon tangible property shall be in proportion to the value thereof, and taxes shall be equal and uniform upon subjects of taxation of the same class.

ZANGARA EXECUTION SET DURING WEEK MARCH 20

RAIFORD, Florida — Heavily guarded by a squad of national guard machine gunners, Giuseppe Zangara, the assassin who shot five persons in an attempt to kill President Roosevelt, February 15, awaits the electric chair here for the murder of Mayor Anton J. Cermak of Chicago.

Governor Dave Sholtz Monday signed the death warrant after Zangara had secretly been removed from the Dade county jail in Miami where he was convicted last Friday. The warrant sets the execution for the week of March 20.

TAXATION MAY CALL SPECIAL SESSION OF STATE LEGISLATURE

SANTA FE—Talk of a special legislative session, heard so frequently at the closing days of the 11th New Mexico legislature, on Tuesday took on new lines, with the forecast the session would occur before the year ends.

Tax legislation appeared to be the crux of the discussions. The legislature proposed a constitutional amendment, which the governor cannot veto, wherein voters would decide whether they wanted to fix the maximum tax levy at 20 mills.

TENNIS MATCHES SCHEDULED FOR SATURDAY, MARCH 25

One of the most extensive tennis matches ever to be attempted in Hagerman is being planned for Saturday, March 25. Eight teams from Roswell, representing some of the best known racket talent in the state, will be here for a series of games calculated to last throughout the day.

Four of the teams will clash in the Mixed Doubles, two in the Women's Doubles and two in the Men's Doubles. At the noon hour, the local club will be hosts to a joint luncheon for the teams.

Realizing the class of their coming opponents, the Hagerman players have been practicing at every available opportunity. A list of the likely teams and their respective ratings will be announced in next week's Messenger.

HONOR TO HAGERMAN GIRL

News from Colorado Woman's College states that Miss Dorothy Sweett has recently been pledged into the "College Press Club," an outstanding honor of that college, and pledges are chosen on the basis of superior journalistic ability, loyalty to the college and personality.

Miss Sweett was also recently a visitor in Santa Fe, a guest of Miss Helen Hockenhull and while there the girls visited the legislature.

STOCK MARKET IN SENSATIONAL RISE

NEW YORK—One of the most brilliant recoveries in security prices in the history of the New York stock exchange yesterday attested the restoration of financial confidence which has swept the country with the reopening of thousands of sound banks.

Shares surged up \$2 to \$16 in scores of favorite issues, and as measured by price average, the per centage gain over the final level of March 3, when the market closed for its first important shut down in 19 years, was more than 16 per cent, a single day's upsurge for which records of many years show no parallel.

The advance in bonds was just as striking. Many issues were swept up \$10 to more than \$50 per bond of \$1,000 par value, and even several of the United States government issues, which normally move so narrowly that changes are reckoned in 32nds of a point shot up as much as \$10 to \$30 per \$1,000 bond. The standard statistics price average of 60 domestic corporate issues, tabulated since 1926, registered the sharpest advance in history.

EXTEND TIME FILING INCOME TAX RETURNS

O. N. Wherrett, deputy collector of internal revenue with headquarters at Roswell, received a telegram yesterday morning from B. C. Hernandez, collector of internal revenue for New Mexico, saying that a decision of the internal revenue commissioner grants a general extension of time for filing income tax returns up to and including March 31.

WATER RATE LOWERED

At their last meeting, the town board voted a lower water rate, slashing the excess water charges from ten cents per thousand gallons to five cents per thousand. This new charge will be operative throughout the months from April to September in order to facilitate the making of gardens and the planting of flowers.

THURSDAY CLUB

The Thursday club met on last Thursday afternoon at the home of Mrs. E. A. Paddock west of Hagerman.

The lesson on "Money and its History," conducted by Mmes. W. A. Losey and J. T. West was very interesting, bringing in the origin of the need and use of coins, etc., and banking systems.

Present with the leaders and the hostess were Mmes. Harry Cowan, Willis Pardee, T. D. Devenport, R. M. Ware, Aaron Clark, J. A. Hedges, J. E. Wimberly, E. V. Sweett, H. L. McKinstry, Roy Van Arsdol, A. A. MacKintosh.

EXTRAVAGANT LIVING

The last three years has brought home to men and women who think their folly of the previous ten, when money was plentiful, and just as freely spent.

We, of America are the most extravagant race upon any land in the universe. We waste enough individually to keep three or four families supplied with the necessities of life.

Dr. Glen Frank, president of the University of Wisconsin, is quoted as saying that the average American dollar is spent as follows:

Table with 2 columns: Category and Amount. Includes Living (\$24), Luxuries (.22), Waste (.14), Miscellaneous (.14), Investments (.11), CRIME (.09), Religion (.05), Education (.01).

Total \$1.00. With such a schedule of "spending," there can be little surprise that a depression period is upon us. Outside of necessities, a person is revealing character in the spending of money. What a charge against the American conscience!

TOO DERN SMALL

H. C. McCowen, editor of the Roosevelt County Record at Elida, who is a booster for moneyless government and technocracy says he has been criticized for making so much fuss over moneyless government and not enough about Elida. Discussing the subject under the heading "Elida is Too Dern Small," Mr. McCowen says:

375 peepul haint enough. We need 15-hundred. A little more trade would perk up bizness and we could have a few more groceries, cafes and gas stations, but on the other hand our school facilities are already overworked without getting in more population. So let's build bigger schools, but how can we pay for them. If these ranches were subdivided into farms we could put more cultivators and harness and chickens on the taxrolls, but isn't it a fact that eggs are 4c this week and cream ten?

Maybe, there's too many old maids and bachelors. Let's pass a law making them marry and replenish (whatever that means.)

And another thing these youngsters leave Elida for larger towns just as soon as they get over their adolescent timidity. It's the bright lights and the good roads that takes them away from Elida. Let's drive to our nearest bigger towns, shoot out the lights and scatter tracks on the roads on our way back.

Yessir it takes peepul to make towns but the dern peepul go to cities that have smooth sts, pink lights, scintillating clad actresses, and good drinking water.

Of course the mg passport system would makem stay home eleven months out of the year and mg. would provide the good water and attractions and be the salvation and upbuilding of Elida, but George don't want this moneyless government because something or somebody has told him that money is the staff of life and so maybe we'd better write on the other subject that George wanted us to emphasize.

POTASH PERMITS MAY BE EXTENDED

NOTICE IS HEREBY GIVEN, That the General Land Office circular 1292, February 23, 1933, under act of May 7, 1932, grants permission to file application for extension of time for two years on potash permits, in form of affidavit, corroborated by at least one witness having knowledge of the facts which make such extension necessary.

Where permittee is required to maintain a bond under his permit, he must furnish assent of surety to extension of bond to cover life of extended permit, and said assent must be filed with application for extension.

Application for extension must be filed in local land office and should state what plans are for prospecting work, and when work may be completed.

Under these regulations, potash permits do not automatically expire, as formerly, and permit will not be closed out, until permittee has had opportunity to show cause why it should not be canceled, and is a bar to other filings of like character for the land. A bachelor of our acquaintance says he believes in long engagements because a couple ought to be happy as long as possible.

In case you didn't know it, they are not sending any more mail to Washington—because he's dead.

One Scotchman refused to send his children to school because they had to pay attention.

Time changes us somewhat. Some men we used to think were as good as gold have evidently gone off the gold standard.

WANTED—Good industrious man to sell our special electric hand lanterns. Absolutely new and different. DEEP BREATHING

Tuberculosis usually begins at the top of the lung. Many years ago it was thought to start there because this part of the lung is least used. So began the doctrine that deep breathing is good for health and especially for the prevention of tuberculosis.

Now it is still true that the adult type of tuberculosis usually begins at the top of the lung but new explanations for this fact have been given. The idea that deep breathing could prevent tuberculosis is ridiculous for we know now that the most successful treatment of tuberculosis in the lung (or elsewhere) is to rest the part affected. If there is a beginning of tuberculosis at the top of the lung the best way to make it spread is to breathe deeply and so break down the scar tissue that is forming. Competitive athletics that result in deep breathing are far more likely to lead to fatal lung tuberculosis than to heart disease.

We know now that the bacillus of tuberculosis likes air. That it cannot live in the absence of oxygen. How foolish then to encourage deep breathing which carries air to the tubercle bacillus and ploughs the soil in which it wants to grow.

How long shall we continue to worship at the shrine of this ancient and discredited god?

PRESIDENT OUTLINES BEEF IS TENDER IF CONSTRUCTIVE PLAN PROPERLY COOKED

WASHINGTON.—Pres. Roosevelt will send messages to congress probably today on emergency farm and unemployment measures for immediate action.

The employment program calls for recruiting of the idle in the cities for immediate work on reforestation in all sections of the country.

The farm plan will be a one year experimental proposition looking to acreage control with a view to increasing the value of farm products.

Democratic leaders at the capitol have given the President assurances that the great party majorities in both branches will work for expeditions of enactment of both proposals.

First, however, they made plain that the concentration is on getting the economy and beer bills—both in the senate—to him for signature.

Under the latest farm relief plan, the bill does not include price fixing. It does make provision for leasing on a broad scale of marginal lands to take them out of production.

Principles of the domestic allotment bill have been abandoned in favor of the new measure.

As for the cotton crop, the features of the ill-fated Smith bill of last session will be retained in the new bill to some extent.

The President believes 200,000 men can be put to work within three or four weeks on an all-year basis on his reforestation proposal.

He has Lewis Douglas, director of the budget, at work seeking to get the funds for this proposition as far as possible from unexpended balances of appropriations made for other government work.

It was learned today at the White House that the president has already undertaken unofficially steps to bring about a world agreement for control of wheat production, and is not waiting for the world economic conference.

HOUSEHOLD HINTS

THINGS WORTH KNOWING

Testing a Broom
Always test a broom before purchasing it. Press the edge against the floor. If the straws bristle out and bend, it's a poor one. Bristles should remain in a solid, firm mass.

To Take Away a Bad Odor
Dried orange peel, allowed to smoulder on a piece of red hot iron or an old shovel, will kill any disagreeable odor in a room.

Bacon Grease
Never throw away bacon grease. Always keep a jar handy to pour grease into. In this way bacon is not so expensive as every bit of it is utilized.

Use it for frying.
Use it for seasoning vegetables.
Doughnuts fried in bacon grease are wonderful.

A delicious spice cake can be made by using bacon grease.
Bacon grease also can be used to make gingerbread.

To Clean Silver Easily
Make hot suds. Put a half teaspoon of ammonia into the suds. Use a brush and wash silver quickly in this ammonia and hot suds. Dry with a clean towel. Later rub with a chamois.
To Renew Cane-Seat Chairs
Sagging cane-seats may be tightened by washing in hot soap suds and leaving to dry in the open air.

BAKING HINTS

Casserole of Eggs and Mushrooms
1/4 pound of fresh mushrooms.
2 tablespoons of butter.
1 tablespoon of water.
A little salt, pepper and paprika.
1 tablespoon of cut up parsley.
5 eggs.
2 tablespoons of bread crumbs.
1/2 cup of milk.

Method: Wash and cut up the mushrooms. Cook in butter, water, salt and pepper for a few minutes. Pour into baking dish. Beat eggs slightly. Add the eggs, parsley and salt and milk. Top with bread crumbs and pieces of butter. Bake about 45 minutes.

COOKING HINTS

French Dressing
Proportions for making French dressing are always 3 to 1. 3 tablespoons of oil to 1 of vinegar.

Method: Mix dry ingredients. A little sugar. Pepper. Salt. A little mustard. Lot of paprika. Add oil and then vinegar. Blend well. Pour into a bottle and shake well. This is an ideal way to keep a bottle of French dressing made up.

Cod Fish Balls With Egg Sauce
Mix flaked cod fish with equal quantity of mashed potatoes, and shape in balls and fry.

Serve with egg sauce made by using a thick white sauce in which has been cut up slices of whites of hard boiled eggs. Pour over cod fish balls. Mash yolows of eggs together and sprinkle liberally over the top. This makes a pretty dish.

BRIDGE PARTY

Mrs. Roy Lochhead was hostess on Wednesday to four tables of bridge at their lovely home in west Hagerman. Bowls of golden Calendulas graced the rooms.

High score went to Mrs. Ernest Bowen. Delicious refreshments of turkey salad, hot biscuits, mathematical pie and coffee were served to Mesdames Ernest Bowen; E. V. Sweatt; J. E. Wimberly; Jack Sweatt; W. A. Losey; A. L. Nail; Harrison McKinstry; Cliff Hearn; Frank McCarthy; K. C. Servatius; J. A. Buford and Breeb Hurst; C. N. Moore; E. J. Hubbard; Henry Etta Durand of Dexter and the hostess.

METHODIST CHURCH

Let us not forget the Sunday school at 9:45 a. m. Any not in attendance are invited to come. Preaching at 11:00 o'clock. Subject for discussion will be: "Christ Meeting the World's Needs." Special music by choir.

The League program last Sunday night was very interesting and the League room was well filled. Let every leaguer try to win one not attending somewhere. Subject for the sermon at the night preaching hour will be: "What is That in Thine Hand?" REV. J. W. SLADE, Pastor.

TOWN WATER USERS

Between the months of April and September, the excess water rate will be reduced to five cents per thousand gallons. The old rate was 10 cents per thousand gallons. Co-operate with us by paying your water rent promptly each month.
