

Hagerman Gets Federal Money

SCHOOL CARNIVAL IS ATTENDED BY LARGE CROWD HIGHLY SUCCESSFUL

The high school carnival which was held Saturday night was one of the most successful projects of the kind ever produced in Hagerman. Over fifty dollars was raised for the high school athletic fund. Enough money was made to purchase a new curtain for the gymnasium.

E. A. WHITE SPEAKS AT DEXTER

Supt. E. A. White was the principal speaker at Dexter at Chapel Monday, November 27. Aside from the speaking, the student body sang a number of interesting songs and the senior class presented the school with an etching of the capitol building at Washington, D. C.

UNION SERVICES

There will be Union Thanksgiving services in the Presbyterian church tonight beginning at 7:30. Every person in Hagerman is cordially invited to attend.

DROUGHT THREATENS THIRTY-TWO OF THE NATION'S 48 STATES

WASHINGTON—Farmers in 32 of the 48 states are faced with a drought which the weather bureau describes as the most general need for rain since the great drought of 1930.

MINE TO BE COMPLETED BY CHRISTMAS DAY

CARLSBAD, Nov. 27—(Special)—Completion of the Santa Fe spur to the Potash Company of America mine site and the completion of the mine to its full depth will be reached at about the same time, probably about Christmas time, it was indicated here last night by W. A. Smith, president of the company laying rails on the spur, and by C. M. "Bud" Harris, an official of the Potash Company of America.

BULLOCK IS ELECTED PRESIDENT OF AREA BOY SCOUT COUNCIL

E. B. Bullock of Artesia was chosen president of the area council of the Boy Scouts of America at the annual meeting in Roswell Friday to succeed Governor A. W. Hockenull. Other officers elected were Governor Andy W. Hockenull, president emeritus; F. L. Austin of Roswell, first vice-president; M. B. Kuntz of Clovis, second vice-president; G. C. Sparks of Portales, third vice-president; C. G. Mason of Hagerman, secretary; George B. Jewett of Roswell, treasurer; Major L. B. Plummer of Roswell, commissioner; J. B. Morris of Carlsbad, national representative.

The business session in the afternoon was held in the Roswell Women's club building and the business session was followed by a banquet. New members of the executive board chosen were Jack Haven and Warren Cobean of Roswell; J. B. Morris of Carlsbad; W. G. Head of Clovis; C. J. Dexter of Artesia; E. A. Hunt of Portales.

P. V. Thorson, area Scout executive, spoke on the subject of "Goals of the Future," describing the ten year program on scouting which is now under way.

CEMETERY ASSOCIATION

The Cemetery association will hold their regular monthly meeting on Thursday evening, December 7th, at 7:30 at Mrs. C. W. Curry's.

COTTON GRADE IS HOLDING UP WELL

The cotton classed from Arizona, New Mexico, California and Texas, district 1, continues very high in grade. No state represented is reported to have less than 90 per cent strict middling extra white and better. An ideal harvesting season together with sufficient pickers in most areas have been the contributing factors.

THREE FARMS SOLD

E. C. Jackson, pioneer Lake Arthur real estate dealer, says business is good and getting better. In addition to the sale of the Eipper farm on the Upper Cottonwood, he reports the sale of two other farms. J. A. Burton has bought the 120 acre farm north of the W. S. Morgan farm in the Lake Arthur community.

LEGION AUXILIARY

The American Legion Auxiliary will hold its regular monthly meeting Monday afternoon, December 4, at 2:30 at the home of Mrs. Bayard Curry. All members try and be there.

State and National Briefs of the News

No Crime No Debt

MENTONE, Texas—No crime, no bonded indebtedness and no cemetery. Such is the happy state of affairs in the 753 square miles of Loving county, Texas' youngest subdivision, organized two years ago.

Kidnapers Lynched

SAN JOSE, California—While a whooping, jeering crowd of 6,000 persons looked on approvingly, Thomas H. Thurmond and John M. Holmes, confessed kidnapers-killers of Brooke Hart, were lynched at San Jose, California, Sunday night by a mob of 100 men who had smashed their way into the county jail after a two hour battle to seize the pair.

VESLEY SAYS CAVERN BELONGS TO NEW MEX

SANTA FE—The Carlsbad Caverns belong to the state of New Mexico, and not to the federal government, according to Frank Vesley, state land commissioner. Delving into the question, Vesley found the enabling act by which New Mexico became a state and through which it obtained its area, expressly forbids transfer, exchange, sale or lease of any of the school lands as defined by the act, except at public auction and then only to the highest bidder.

MISSOURI NEGRO IS LYNCHED BY ANGRY MOB ON TUESDAY

ST. JOSEPH, Mo.—Lloyd Warner, 19, negro, who confessed attacking a white girl was hanged and burned across the street from the courthouse lawn Tuesday night by a mob which battled peace officers and national guardsmen to seize him in the Buchanan county jail.

P. T. A. MEETING

P. T. A. will meet next Tuesday afternoon at three-thirty in the school. Miss Elizabeth Sutter will have charge of the program. All are invited.

BANKERS MEET AT ROSWELL SATURDAY SUBMIT WORK CODE

Bankers of the Regional Clearing House No. 3 of New Mexico met at Roswell Saturday and discussed and adopted a uniform banking code for this district. A uniform code covering banking hours, rate of interest, methods of computing service charges were submitted to members of the NRA committee. The code was sent to the committee of the American Bankers Association who will approve or make recommended changes and the code in turn will be submitted to the NRA committee at Washington.

49 MEN ARE PUT TO WORK ON HIGHWAY AND PUBLIC SCHOOL

With a total of over \$16,000 to be spent and forty-nine men put to work on the Hagerman Civil Works program, business should pick up in this community. J. T. West returned from Santa Fe Sunday evening with the good news that we were to receive over \$1,300 to be spent on the highway to the Cap Rock on the road to Lovington. This is a project that has commanded the interest of Hagerman business men for some time, and they have spent a great deal of effort in getting it approved.

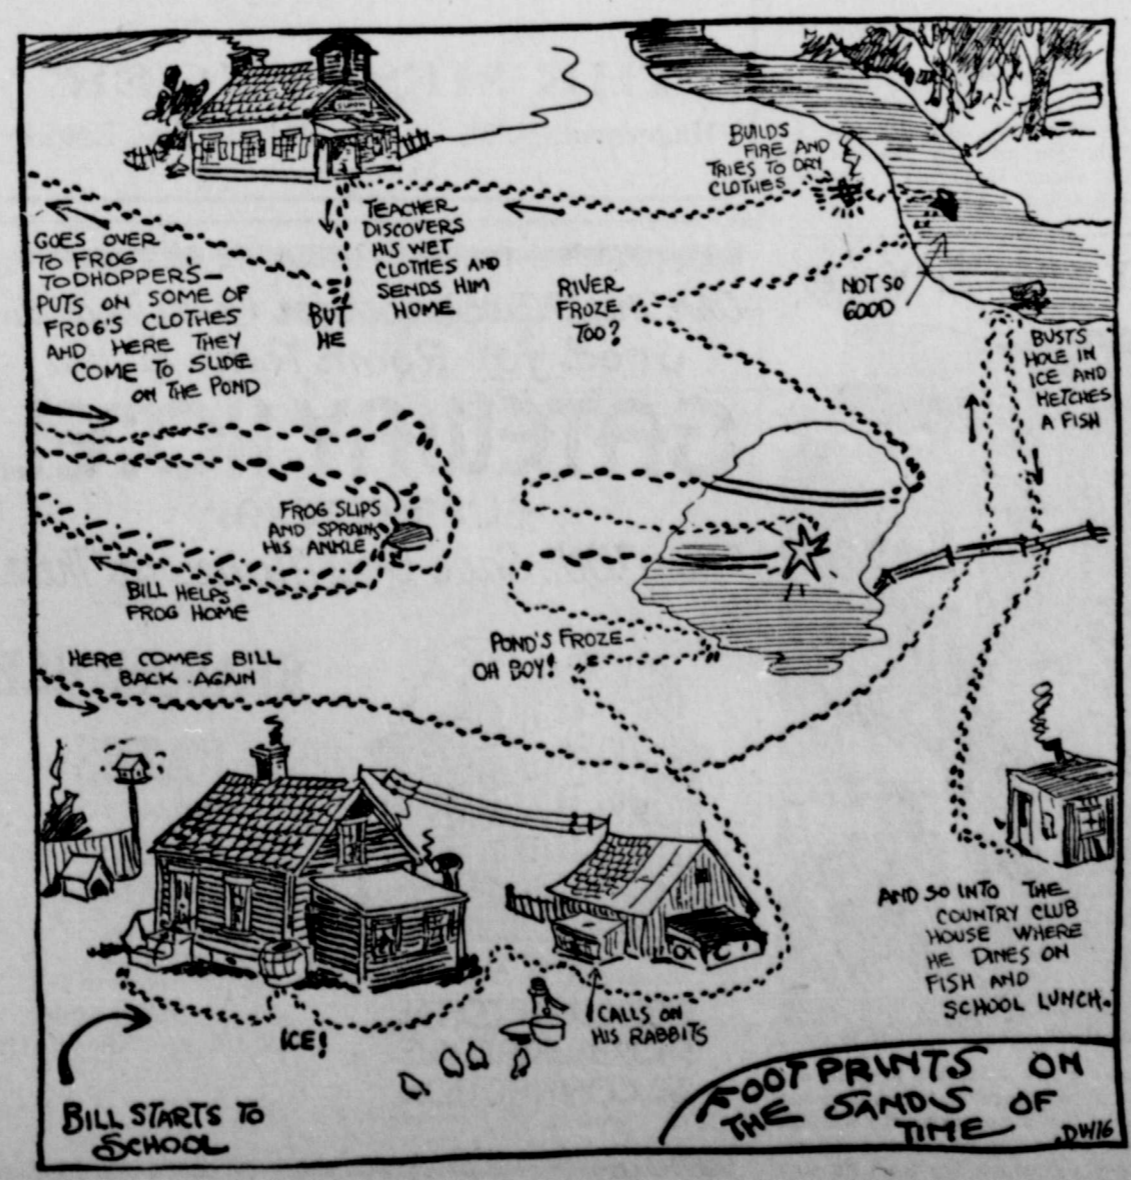

\$3,455.50 has been approved for the Hagerman schools and 11 men are working there on a very necessary plan of reconstruction and improvement of buildings and grounds.

Within the main building the stage is being remodeled, the rooms calcimined and painted, and the plumbing work relaid. Probably the most extensive work is being done on the gymnasium. This building will be sand dashed and finished on the exterior like the main administration building. Hail and fly screens will be put on all windows. Sidewalks will be constructed about the buildings so students and teachers can walk around them without tramping the grass.

ASSEMBLY

The assembly for November 27 was as follows: Orchestra number, "Ye Olden Tyme." Piano solos, Elizabeth McKinstry. Reading, "A Thanksgiving Feast," George Mark Losey. Announcements, Mr. White. The most striking topic of the program was a talk by Dr. Anderson, the pastor of the Presbyterian church of Dexter. Dr. Anderson demonstrated with flags the position the United States holds in regard to other countries. The Christian flag is the only flag that can be placed above the American flag. The American flag is placed above all others. The nations are compared to ships of state. Loyalty to one's church, country, flag and home is one of the duties of a true citizen. It is the spirit of the act and not the act itself that counts.

SCHOOL DAYS By DWIG

MUTT AND JEFF . . . Necessity Is The Father Of Inventions . . . by Bud Fisher

FEDERAL RELIEF FOR TEACHERS OUTLINED

A teachers' relief program, to be furnished by federal emergency monies and which is expected to put 1,000 persons to work, was worked out at a conference between Dr. N. B. Giles, Washington, representing the department of education; state department of education officials and Raymond Huff, active president of the state board of education, at Santa Fe Thursday forenoon.

The cost won't be known until the budget is completed. They are at work on this Thursday forenoon.

The program includes aid to the rural schools. Money is to be advanced to those unable to open their schools so far so they can throw their doors open and ring the bell December 1. Aid is to be extended also to schools which find themselves unable to complete their standard term.

Adult classes for illiterates are to be opened in cities or rural communities, open to all persons unable to read, write or speak English better than a fifth grader, or who cannot pass a fifth grade test in arithmetic.

Commercial subjects will be added to the vocational curriculum, leaving the way for the opening up of new classes in various parts of the state.

Additional federal aid will be allowed, out of the emergency relief fund, for rehabilitation of the physically disabled; that is in excess and above the present federal appropriations.

The program also contemplates the organization of adult classes in any useful subject—music, painting, journalism, anything in fact. Nursery schools for children of pre-school age are included.

"The idea is to put not only teachers to work but anybody who can teach anything or who can learn to teach anything useful," said Huff. "Thus, if there is an unemployed musician and he can get six or seven persons together who want to take music he can organize a class."

Teachers to be employed under this plan do not have to be certified by the state department, said Huff; but all have to be approved by the department.

Calling Cards, 100 for \$1.75, on best grade paneled or plain stock.

—The Messenger.

TUBERCULOSIS SEAL SALE TO START SOON

Plans are going forward for launching the Christmas seal sale of the New Mexico Tuberculosis association immediately after Thanksgiving, Mrs. G. C. Kinder, chairman of the Artesia committee, said recently. The seal sale this year has assumed added importance because part of the funds thus secured will be used in conducting a health survey of the state. In addition to the Christmas seals, which will be offered to the public, Bangle pins will also be offered for a penny each. The Bangle pin, resembling the insignia on the Christmas seals may be worn by any contributor. Funds secured from the sale of Bangle pins will also go to the community to supply milk for the undernourished children and to the state for making a health survey. The local committee has adopted the slogan: "For 1933, a Bangle pin for every one who has passed his fifth birthday."

It might be of interest to explain at this point where funds secured from the sale of seals and Bangle pins go: Sixty per cent of these funds stay in the local community, five percent is used for expenses and thirty-five percent goes to a health survey to be made principally in New Mexico and Arizona. The survey is now under way in Mora county and will be made in various parts of the state as fast as the present facilities of the health department permit.

**A BEAUTIFUL CHURCH**

Much praise is due the members of the congregation of the Church of the Nazarene, and to the pastor of the church, the Rev. C. W. Gardner, for the great improvement to the church property which they have made in the last few weeks. During this time the outside of the building has been stuccoed, and the interior refinished completely and calcimined. Windows have been decorated and the woodwork repaired and painted.

In view of the fact that this is a small congregation of worshippers, and their money none too plentiful, they are due a great deal of credit for their efforts in making their church, and with it, their town, more beautiful.

POLITICS IS WARMING UP OVER DISTRICT

Over in Lea county where politics has come to life and one candidate has announced for a county office, it is being talked that George Reese, district attorney of the fifth judicial district, may become a candidate for attorney general. Reese, a former resident of Lovington, has recently moved to Carlsbad and according to the Lovington Leader, it seems to be the unwritten law of the democratic party that its candidate for attorney general shall hail from the city on the Pecos near where the bats congregate. The precedent was set when Judge Armstrong of Carlsbad, now deceased, was nominated and elected to the office of attorney general. Since that time three men including the present incumbent, E. K. Neumann, have been elected from Carlsbad.

Lea county democrats point out that Reese would have nothing to lose should he become a candidate for attorney general. His present term of office does not expire for three years and should he lose the contest for attorney general he would still be the district attorney.

MEDICAL ASSOCIATION TO MEET IN EL PASO

Addresses by prominent physicians and surgeons of West Texas, Arizona and New Mexico will feature the annual convention of the Southwest Medical and Surgical Association in El Paso, on December 7, 8 and 9th. The program will occupy the full three days.

Three topics will be discussed by the speakers. The first day will be devoted to allurgy, which includes hay-fever, asthma and allied diseases. The second day will be devoted to tuberculosis and the third day to thyroid diseases.

Other features include a clinic at William Beaumont Hospital, Thursday evening, December 7th, and the Medical and Surgical clinics at Hotel Dieu, Masonic Hospital, Providence Hospital and El Paso City-County Hospital, December 8th and 9th.

The business meeting will be held the evening of December 9th at Hotel Hussmann.

REPEAL WILL NOT AFFECT UNIVERSITY

**ALBUQUERQUE**—Repeal of the national dry laws on December 5 or 6 will not have much effect on the present customs and traditions of the University of New Mexico.

At the present time, the state university has no written rule prohibiting the drinking of liquor at university functions, but it has always been a tradition among the students that no liquor of any sort be served or brought to authorized school functions. It also has been an unwritten law that any student, man or woman, caught conducting himself in a disorderly fashion either because of intoxication or for any other reason, shall be summarily dismissed from the university.

When asked what effect the repeal of the national prohibition law would have on the faculty's policy toward drinking, Dr. James F. Zimmerman, president of the school, said as far as he knew there would be none.

HUNDRED TO GET WORK AT CAVERNS

One hundred men will be given work at the Carlsbad Caverns under the civil works program, Thomas Boles, superintendent, announced this week. The government has allotted \$26,800 for this project which will practically all go to labor. Col. Boles has recommended that the men, who must be south Eddy residents, live in Carlsbad or other communities of the south part of the county to save expenses of constructing a camp at the caverns. Work to be done will include cleaning up the 10,000 acres of land in the national monument.

TAX MEETING AT SANTA FE

Tax assessors, county commissioners, county clerks and municipal clerks have been invited to sit with the state tax commission at Santa Fe Monday, for a discussion of tax measures passed by the 11th New Mexico legislature. Other persons interested are extended the same invitation, according to Byron O. Beall, chief state tax commissioner.

WARM NOVEMBER

The month of November, which ends today has been another unusual fall month. Rarely did the thermometer drop below 27 degrees. The average high temperature has ranged around 80 degrees. Two killing frosts occurred in the early part of the month, but some of the hardier vegetation still survives. November was also a dry month, with practically no moisture.

GRANT TIME FOR SB 144 HEARING

An extension of time has been granted by the supreme court for filing a motion for a rehearing in SB 144, the new delinquent tax law referendum case, allowing up to December 9. The time originally would have expired November 28. The motion for the extension was filed by former Gov. A. T. Hannett.

Security Safety **Our Spirit** Strangers here have often remarked upon the civic pride of our citizens—their feeling of independence—their love of their own little corner of the earth upon which they walk as tho they owned it—which indeed they do. "The Peoples of our own Community by the Grace of God Free and Independent"—long may they continue to be so—will remain so as long as they cherish their own community—spend their money with local merchants—bank in a safe, solid, local bank. **First National Bank OF HAGERMAN** Satisfaction Service

Rainbow Arch War Memorial

In a huge former power house in New York George Grey Barnard, the sculptor, exhibited this full-size model of his rainbow arch war memorial, begun on Armistice day 15 years ago. The arch stands 100 feet high and 90 feet wide. The 42 figures of heroic size now appear in plaster: the body of the arch, which eventually is to be of labradorite, now is represented by white cloth; the rainbow above it, which will eventually be of mosaic, is now painted. The central niche, portraying the graves of Flanders fields overgrown by poppies, also will be in mosaic. The arch is to be Mr. Barnard's tribute to the American young men who lost their lives in the World war.

MEN'S CLUB

The Men's club planned a complete reorganization at the Tuesday night meeting of its members. Fourteen men were present. The small number was due to the fact that several social functions apparently interfered.

A report was heard from J. T. West on his trip to Santa Fe and the work which he had helped accomplish there. He was given a vote of appreciation by the club members. The club also voted to contribute a part of his expenses for the trip. It is earnestly desired that all men be present at the next meeting of the Men's club to be held in the undercroft of the Methodist church next Tuesday night.

DENNIS CHAVES FAMILY IS ILL

WASHINGTON—Representative Chaves of New Mexico, newly elected national committeeman from that state who has been absent from his office more than a week due to the illness, is still confined at his home, his secretary said Monday.

Mrs. Chaves also has been ill for several days and is recovering from a slight heart attack. A daughter, Gloria, is recuperating from a minor eye operation performed last week.

Chaves' office said none of the family is seriously ill.

SIXTEEN APPLICATIONS

Sixteen emergency farm loan applications had been submitted through Dr. A. D. Crile of Roswell, commissioner, it was announced Friday. No returns have been received on any loan, so far as known.

Dexter News

E. O. Moore went to Roswell Tuesday afternoon to transact business and visit friends.

Miss Beatrix Marx of Roswell was the week end guest of Miss Harriet Holley in Dexter.

Mr. and Mrs. Roy Lee Hearn of Hagerman were visiting friends in Dexter Saturday afternoon and evening.

Mr. and Mrs. Sumerfort of Albuquerque were luncheon guests of Mr. and Mrs. O. B. Berry Sunday.

M. E. Colclazier left Wednesday night for Los Angeles, California, where he is shipping a car of fat hogs to the California market.

A very successful meeting of the district zone was held at the Methodist church in Dexter Friday, November 24th. There was a splendid attendance.

The Junior play given in the auditorium of the Dexter school house Friday night was a huge success. The personnel was exceedingly good.

The agricultural adjustment program will mean much to New Mexico farmers for at least two more years. It is important that everyone understand the real objectives of the plan.

THE GEET

Here's a new type of livestock, developed in a cross between a sheep and a goat.

The "Geet" might be good eating. We've never tried a "Geet" chop but figure that a chop from this animal would come closer to being a lamp chop than some sold in the butcher shops.

George Lange, who has been working in CCC camp at Reserve, New Mexico, is home for a short time.

The most recent issue of "Cowboy Stories," a Street and Smith magazine, contains a story by Wilfred McCormick, "Twin Guns."

BOSS OF ALCATRAZ

W. T. Fenton, who for 21 years has been warden of the Nebraska state penitentiary, will be boss of the new prison for major convicts on Alcatraz Island.

FARM PROGRAM TO ADJUST PRODUCTION

One should not lose sight of the fact that the real purpose of the agricultural adjustment program is to adjust production to meet consumption demands at a price that will yield the farmer pre-war purchasing power.

Benefit payments is the method that has been devised to make it possible for those who do the adjustment to receive the benefits therefrom.

Local hunters have bagged several nice geese on the Pecos. The goose hunting has been better this year than in recent seasons, and wild goose chasing is popular.

Miss Eleanor Paddock has been chosen to sing in the union choir directed by Supt. D. N. Pope of Roswell which will sing at the union Thanksgiving service to be held in the Junior high school auditorium.

Rev. W. C. Garrett of Lovington, pastor of the First Baptist church there, preached at the morning service of the local Baptist church last Sunday.

Mr. and Mrs. J. E. Wimberly, Elizabeth McKinstry and Betty Mason are spending the holidays with Mr. and Mrs. Frank Wimberly in Las Cruces.

C. C. Pritchard, former resident of the Hagerman community, was called to Wichita, Kansas, Tuesday by the disappearance of his brother Harry Pritchard.

The regular annual meeting of the Stockholders of the Hagerman Irrigation Company will be held in the office of the Company at 1:00 P. M. on Tuesday, December 12, 1933.
