

## Bull Town Bulletins

By  
Bill Ellis

AT THIS STAGE in the presidential campaign, the average voter seems to be disenchanted with not only President Carter, but with all of the candidates for the nation's number one office.

It may be a sign of our times, and no cure for the problem is readily evident.

"We just don't have any candidates. They're all about the same," says Lula White, who no doubt speaks for a large cross-section of voters this election year.

Even though the supporters of Ronald Reagan promise at least a change from the status quo, there are many who doubt that anyone can change things up to any great degree.

"A president's just a showpiece. They could put you and me up there in Washington and there won't be any difference. The ones who control the country are Congress, the Supreme Court and Labor unions," a retired North Carolina farmer was quoted as saying this week.

We have felt for some time that the labor unions are the ones who are responsible for the majority of the problems in our country—for runaway inflation; for strikes which cripple every type of industry and even the teaching profession; and in particular the automotive industry.

Unions had a useful purpose when they were first created, and there may be a few cases where they still are doing the job for which they were created. But in most instances, these labor organizations have turned out to be a major problem, and not a solution to a problem.

President Carter is in trouble with the farmers, for the most part. "I voted for him in 1976 because he was a farmer, and I thought he would be sympathetic to the farm situation. Then, the first thing you know, he slapped an embargo on our grain. Our expenses are 'way up, and profits are down," says a typical farmer.

However, there are complaints that Ronald Reagan also may not understand the farmers and their problems.

"Reagan is too old; Carter is too inept, and Anderson probably doesn't have a chance. All of them are promising us the moon, and if they get in they won't give us the time of day," one voter was heard to say.

None of the candidates have captured the imagination of the voters this year.

Many voters feel that the choice this fall will mainly be "choosing the lesser of three evils," and as a result, may not vote at all.

This is especially true among the young (student) voters, who are even more disinterested in the 1980 presidential election than the older blocks of voters.

"Students are mainly interested in getting their degrees, and getting a job," said one college spokesman.

There are only about five weeks remaining until the general election will be upon us. Unless something happens in the very near future, to excite the voters, a new "low" may be established in terms of percentage of qualified voters casting their ballots.

A policeman finally caught up with a crazy driver who had ignored three stop signs, gone through two red lights, and sideswiped a delivery truck.

As the officer wrote out a ticket, the driver said, "How dare you spend your time this way harassing a respectable citizen? Why don't you go after some of those drunken hooligans once in a while?"

"Sir," the policeman assured him gently, "I thought I had one."

An example of modern progress is that every year it takes less time and more money to get where you're going.

## Methodist Church Sets Revival October 5 - 9

Sunday evening, October 5 at 7 p.m., Rev. Kenneth Carter of Carrollton, Texas, will begin a four day revival in the Bovina United Methodist Church.

Rev. Carter resigned his position with Ford Motor Company in 1962 to enter Perkins School of Theology in Dallas where he graduated with honors in 1965.

He has served as minister of only two churches: Wheatland and Carrollton. The Wheatland church rose from 177 members to 400 under

his 4½ year leadership and the budget quadrupled. In addition the amount of the original budget was again represented in second-mile mission giving.

During his 13 year ministry in Carrollton the membership has reached 2,250 and the budget of his church has multiplied almost 18 times over. Carrollton Methodists have 285 tithing families on their rolls with an additional 150 families committed to give toward the tithe over the next year. It might be noted that 285 is a little over a tenth of the membership. In addition a million dollar building project has been completed and they maintain a \$56 thousand dollar special mission projects program. Mission is the theme under Rev. Carter's leadership.

Rev. Carter has served as the Executive Secretary of the North Texas Conference Board of Evangelism. In this capacity he has attended the past several National Council on Evangelism meetings, as well as the U.S. Congress on Evangelism in 1969 and 1978. He was also a delegate to the International Congress on World Evangelization, held in Lausanne, Switzerland. He has written for several of our denominational publications and is in demand for preaching missions, retreats and renewal conferences.

In January of 1977, Rev. Carter was awarded a mission tour of the African mission field, as a result of his church having gained more in per capita giving to advanced specials than others in the same district. Ken and wife Freddie enjoy travel and have led several tours to the Holy Land as well as mission tours to

Central America.

The Carters have two children: Kathy, a Doctor of Veterinary Medicine, and Kenneth III, a college student.

Complete schedule found elsewhere in this issue.

The church invites members of the community of Bovina to share with them in this time of worship led by the Rev. Kenneth Carter. Breakfast meetings will begin at 7 a.m. with the message at 7:30. Come, have breakfast. Women will meet each morning at 10 a.m. and the evening service to start at 7:30. There will be a special youth fellowship at 6 p.m. on Monday. All youth are invited.

## Must Order History Book In Advance

The Parmer County Historical Commission announced this week that it would not have any extra copies of the Parmer County History Book to sell, and only the number of books sold in advance will be printed.

"We do not consider a book order unless it has been paid for by check or cash. We will soon be making a drive to sell the books, and encourage everyone who wants a copy to get their order in," says Otho Whitefield, chairman of the book committee.

The cost of the books are \$35 each. Orders may be mailed to Box 577 in Friona.

Deadline for submitting your family history for inclusion in the book is October 15. These may also be mailed, along with pictures, to Box 577, Friona, Texas, 79035.

## Directors Are Named

Directors were elected by the Parmer County Farm Bureau at the annual county convention Tuesday night in Friona.

Those elected to the organization's board of directors included Harry Hamilton, Friona; Clarence Monroe, Friona; Larry Potts, Rhea; John Dixon, Bovina; Charles Myers, Lazbuddie; Frank Hinkson II, Lazbuddie; Troy Christian, Oklahoma Lane and Don Geries, Farwell.

Myers and Christian are new members on the board. Myers is replacing Preston Cargile on the board, and Christian replaces Leroy Mayfield.

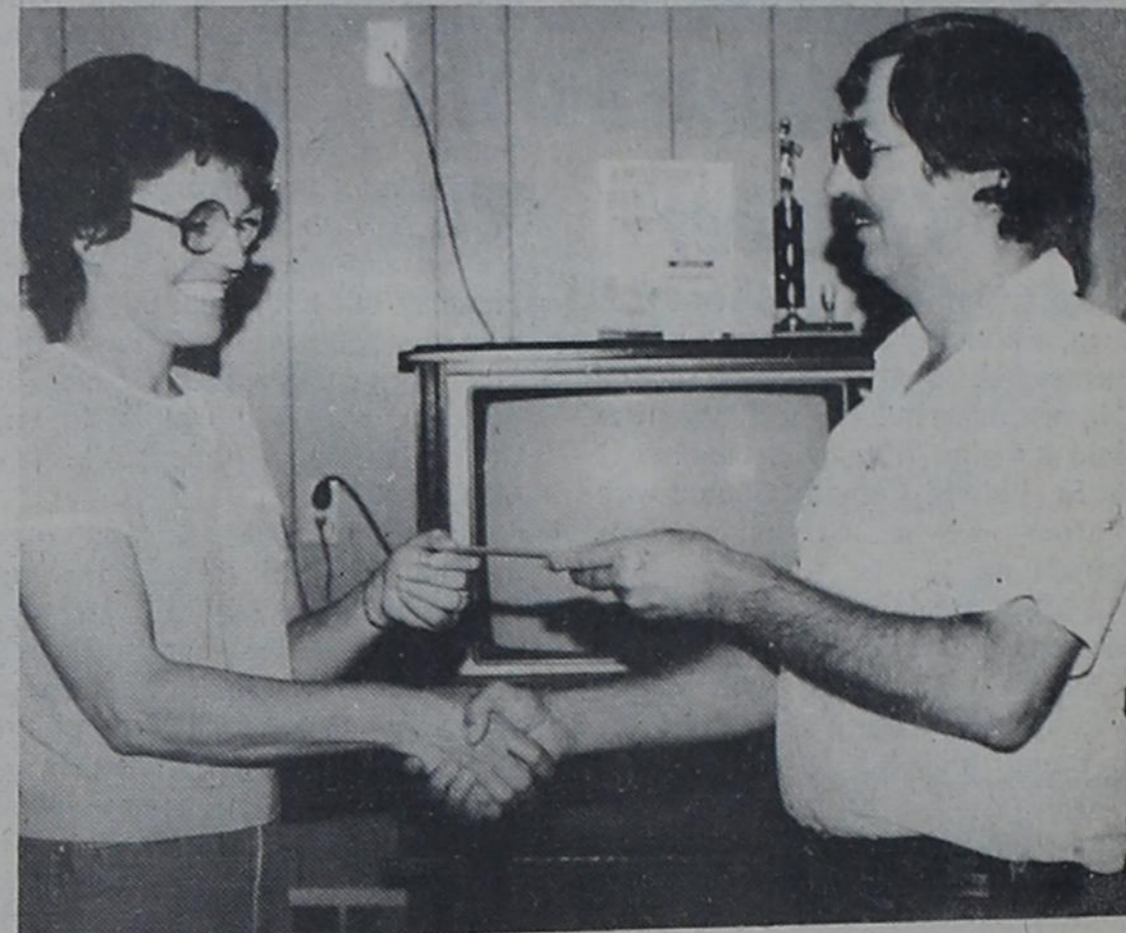

## Johnson Wins Local Contest

In the third week of the Football Contest, Frances Johnson picked a perfect score of 14. She was the only contestant to pick a perfect score. Mrs. Johnson missed the tie breaker by 56 points. She picked Friona to win over Seagraves 7-14.

Other winners in the contest were Stephen McClaran, a high school student taking second place. McClaran missed the Houston-Baltimore game and was 13 points off on the tie-breaker. Taking third place was another high school student, Lynnette Bentley. Miss Bentley scored 13 also and was 15 points off on the tie-breaker. She missed the River Road-Dimmitt game.

There were eight contestants who correctly picked 13 games out of the possible 14 games. Twenty-three picked twelve games right and 38 scored 11.

Another high school student, Lynn Read has the highest total number of points at the end of the three weeks, with 35. Contest standings are found else where in the paper.

**FIRST CORN....**Martha Schilling brought in the first load of corn to Bovina Wheat Growers, Monday, September 8. The corn was harvested on the Schilling farm north of Bovina. Bovina Wheat Growers manager, Richard Messer is presenting Mrs. Schilling with a bonus check.

## Ben McCain Joins Oklahoma Station

Ben McCain, the new Action 4 reporter specializing in agriculture news, comes to Channel 4 KTVY well-qualified for his new position. Besides being raised on a farm in the Texas Panhandle, the 25-year-old transplanted Texan has already racked up a seven-year broadcasting career in both the television and radio media.

McCain, who joined Action 4 September 1, 1980, came to Oklahoma City from Beaumont, Texas, where he served in several capacities on KBMT-TV. Besides reporting news for the Beaumont TV station, he was the weekend weatherman, host of a 30-minute interview show, photographer and editor.

According to Action 4 News Director Steve Antoniotti, McCain's responsibilities at the Oklahoma City station include a wide range of on-air reports in addition to agriculture-related stories. He says Ben's varied background is a "big plus for Action 4."

Prior to signing on with KBMT-TV, McCain worked on television stations in Port Arthur and Amarillo. He had previously reported for radio stations in Levelland and Farwell.

Born in Muleshoe, Texas, McCain actually got his first taste of broadcasting in 1973 while a senior at Bovina High School. He was a reporter-announcer on a small radio station in nearby Farwell and by the time he graduated was on full-time. The following year he worked for a radio station in Levelland where he was enrolled at South Plains Junior College. He also graduated from West Texas State University in Canyon, Texas, where he received a B.S. degree in mass communications in 1978.

Ben's high school years were punctuated with a variety of activities. In addition to working on the family farm in Parmer County ("the heart of corn and cattle country"), he played football, basketball, baseball and ran track.

**BEN MCCAIN**

He was also named All-District Basketball Player and elected president of the Greenhand chapter of Future Farmers of America (FFA)-and in his "spare time" participated in speech and singing!

"My brother and I loved to sing," says Ben, whose brother, Butch is also now into TV as a weatherman on Channel 10, Amarillo. "Whenever anyone in Bovina needed any kind of entertainment for any kind of function, we'd volunteer." This "favorite pastime" later led to song-writing.

While working as a TV reporter in Amarillo and going to West Texas State University, Ben started writing songs. In fact, he even has a single to his credit, "Memphis Lady from Texas"--which had air play on 15 different stations in Texas.

Having grown up on a farm in the Panhandle, where besides corn, cotton, wheat and barley, they also raised cattle, Ben's interest in the cattle industry has by no means diminished. He is still involved in cattle raising.

McCain is married to his "high school sweetheart," Christie Kay Trimble, and their home is now in Oklahoma City.

**LATERAL....** Quarterback Dale Gilbreath, (8) throws a lateral to Ricky Shepherd (82) in the game Friday night. Bovina beat Happy, 20-0 for their second win.

# REFLECTIONS From The Blade

### 20 YEARS AGO--SEPT. 21, 1960

Jack Clayton, who makes a habit of getting his crops out early, delivered the first bale of 1960 cotton to Bovina Monday.

Chances are good that Bovina will soon have a full-time law enforcement officer. At a city commission meeting called last Wednesday night to investigate hiring one from city funds, the commissioners voted to table the motion until they learn whether a full-time deputy sheriff will be deployed here.

Max Gilreath, son of Mr. and Mrs. Boyd Gilreath and Mike O'Hair, son of Mr. and Mrs. F.W. O'Hair, enlisted in the Marine Corp recently. The boys are currently stationed at San Diego, California, for basic training.

### 15 YEARS AGO--SEPT. 22, 1965

S.E. (Eddie) Redden, 54, died at his home south of Bovina about 7:15 Saturday morning of a heart attack. Redden, who farmed south of town and also did custom farm work, had been a Bovina resident for the past 21 years. He moved here from Phoenix, Arizona, in 1944.

## Around The House

By LAURA JACOBS

You can make your own new "space-stretching" storage--in fact, a whole "beehive" of space--with just a little knowhow, a few simple tools and a few pieces of lumber.

Among the most "handy" storage additions are drawer dividers and extra shelves.

**DRAWER DIVIDERS**  
Drawer dividers are a relatively simple matter--with very rewarding benefits.

To make dividers, cut a piece of paper the same size as the bottom of the drawer for a pattern.

Mark the spaces required for articles you want to store. With this pattern, measure the length of wood needed, and determine where to place the partitions.

Drawers are easier to clean if you make the dividers removable, so, if you want to, make a frame and let the dividers fasten to it. That way, everything will be removable when cleaning time arrives.

**EXTRA SHELVES**  
Another space-stretching storage idea is the addition of cabinet shelves to existing cabinets.

For example, you can make removable shelves for double-deck plate storage.

Cabinet shelves are generally 11 1/2 inches deep.

Measure your cabinet size before buying lumber--and before cutting it or having it cut.

Next, decide what size your shelves will be.

If you decide, for instance, to put a shelf above the plates, cut two pieces of shelving 1x11 1/2x5 inches. These pieces will be the "legs" of your new shelf.

Then cut one piece 1x11 1/2xthe-desired-length. Nail the top board to the five-inch pieces.

Paint the new shelves to match your cabinets, or cover them with wallpaper, shelf paper or self-sticking plastic-coated paper.

If you make the shelving removable, it can move with you and serve the family's storage needs for many years to come.

# Double Ring Ceremony Unites Brenda Webb, William Banks

Brenda Fay Webb and William (Billy) Russell Banks III were united in marriage August 23 at Janlee Baptist Church in Burkburnett.

Rev. Bill Webb of DeSoto performed the double ring candlelight ceremony before an altar setting of candelabras arranged in a fan setting entwined with blue silk flowers, garlands of greenery and centered with a white prayer bench. A unity candle with one white candle was setting just to the left of the bride.

## St. Ann's Society Met

St. Ann's Society met on Monday, September 15 with eleven members and one guest, Cheryl Engelking present. Mrs. Engelking gave a demonstration of Japanese style painting. Japanese style is done in lighter, more muted oil colors.

Dixie Jesko, vice president, conducted the business meeting. Duties were assigned for October. Members decided to order 200 lappel roses to sell on January 22, the anniversary of the Supreme Court ruling on abortion. The roses are sold for 25¢ and they signify our belief in the sanctity of human life. Profit from the roses is sent to Right-to-Life.

Helen Mazurek won the door prize. The meeting adjourned and refreshments were served by Brenda Jesko and Vernie Schacher.

St. Ann's sponsored a Fellowship luncheon for the church women of Bovina, Wednesday, September 10. Fellowship began at 11 a.m. with a welcome by Liz Jesko, president and a scripture reading by Vernie Schacher. Cindy Bradburn accompanied Brenda Wilson as she sang "Tomorrow" and the "New 23rd Psalm." Elva DeLeon gave a talk on "Positive Thinking." The program was closed with a prayer by Liz Jesko.

Luncheon was then served to approximately 40 women.

Two large brass stands holding large arrangements of mixed blue and white silk flowers, with blue ribbons completed the altar. Blue candle pew markers entwined with blue and white flowers and ribbons accented the church aisles.

Parents of the couple are Mr. and Mrs. Bobby H. Webb of Burkburnett, and Mr. and Mrs. William Russell Banks Jr. of Big Springs. The bride is the granddaughter of Mrs. Bessie Webb of Bovina, C.H. Webb of Burkburnett and Mrs. Emley Kelley of Burkburnett.

Brown Hudson of Wichita Falls, organist, played traditional wedding music. Mrs. Helen Martin of Big Spring sang, "The Wedding Song" and "Evergreen." Mr. and Mrs. Steve Adams of Burkburnett sang "You Light Up My Life" and "We've Only Just Begun."

Barbara Kay Webb read the bride's prayer for her sister, and Bret Brown of Amarillo read the groom's prayer.

The mothers were escorted by their husbands and carried long white candles, that they placed in the unity candle.

Presented in marriage by her father, the bride chose a formal length gown of white chiffonet with fitted bodice. The gown featured a Queen Anne neckline accentuated with lace and pearls. The long, sheer sleeves had cuffs of crystal pleated sheer ruffles below the lace. The full length skirt came up to a point in front and fell to a layered chiffon cathedral length train in the back.

Her cathedral length veil, trimmed in white lace and pearls was held by a white satin lace Juliet cap.

She carried a bouquet of blue and white silk rose buds, white irises, stephanotis and baby's breath enhanced with white and blue ribbon streamers.

The bridegroom wore a white tuxedo with a blue silk carnation boutonniere.

Carrying out bridal tradition she carried pennies minted in the couples' birth years in her slippers for something old. Something new was

her wedding ensemble. She borrowed a pearl necklace and earrings. Something blue was the traditional blue garter. She also carried a white bride's Bible and a white handkerchief edged in blue, both given to her by her Grandmother Webb.

Her sister, Barbara Kay, was the maid of honor. Bridesmaids were Anita Sykes of Burkburnett, Linda Singletery of Canyon and Megayla McLain of Panhandle. They wore formal length princess style gowns of blue chiffon and carried "Love Lites" encircled with blue and white silk roses, baby's breath and long white lace streamers.

Gary Martin of Big Springs was the best man. Groomsmen were Gary Redwine of Kermet, Bret Brown of

Canyon and Jim McLain of Panhandle. The male attendants also served as ushers. They wore baby blue tuxedos with blue silk carnation boutonnieres.

The candle lighters were Jim and Megayla McLain.

Both mothers wore blue formal length gowns and wore identical corsages of white irises, baby's breath and accented with a small blue silk rose bud.

Linda Singletery registered the wedding guests and gave "Thank You" notes from the couple.

As the wedding march was played, the bridal procession moved up the aisle, stopping just short of the altar, as the bride and her father were joined by her mother. The bride gave her mother a long stemmed blue silk rose. The groom then went over and accepted his bride from her parents. Together they walked up to the altar. There they exchanged vows they had prepared themselves.

After the couple were pronounced man and wife they lit the unity candle, then the bride stopped at the groom's mother and presented her with a long stemmed blue silk rose.

The bride's parents gave a reception in the Fellowship Hall of the church following the ceremony.

A total of more than 180 guests were served snacks from a three-tiered snack tree, with bite size pieces of ham, cheese, ripe and green olives. They were served blue punch and a slice of cake from a three-tiered wedding cake, decorated with all white rose buds and topped with an

## Bovina FFA News

By BRET WHITTEN  
Reporter

This year the Bovina FFA Chapter is selling Corn Gold "Whole Hog" sausage patties for one of its fund-raising projects.

The sausage is formed into tender patties, making slicing unnecessary. Each three pound box contains 32-1 1/2 ounce patties ready for the skillet. The patties are packed in a small box designed to fit neatly into your refrigerator or freezer.

Corn Gold Sausage is a Texas Agriculture Product (TAP) manufactured in a USDA inspected plant. It contains no artificial preservatives. The price per pound is about what you pay at the store—3 pound box for \$6.00.

The first shipment of sausage is to arrive September 30 and FFA members will deliver it to those who place orders. If you have not been contacted, call any FFA member. They will be glad to place an order for you.

Lupe Salazar was the first FFA member to sell ten boxes of this fine sausage. He will receive a fish net from the Corn Gold Sausage Company for this achievement.

Forgiveness**

Read Matthew 18:21-35

If ye forgive not men their trespasses, neither will your Father forgive your trespasses. --Matthew 6:15

In his autobiography, *Not the Whole Truth*, Cardinal John Heenan, Westminster, London, tells of Joseph Brady who in 1882 stabbed to death Lord Frederick C. Cavendish and Thomas Henry Burke. Brady was caught and received the death sentence. He refused to forgive the one who had informed the police. The prison chaplain and others did all they could to persuade him to do this.

The day before his execution a nun was admitted to his cell. She said she wanted his advice. She said she hated a certain person with all her heart. She asked Brady if because of this obsession she should give up the religious life.

Brady at once replied, "For God's sake, don't do that. Try to forgive."

"Very well," she replied, "I forgive you for killing Burke in Phoenix Park. He was my brother."

Brady now pleaded for her forgiveness and also forgave the informer. He made his peace with God.

\*PRAYER: O God, help me to forgive when others wrong me, and never to forget Thy forgiveness of my sins against Thee. I ask in the name of Jesus, who has taught mankind to pray, "Our Father who art in heaven. . . . Amen."

# Bovina Mustangs Down Happy, 20-0

Dale Gilbreath and Ricky Shepherd sparked the Bovina Mustangs to a 20-0 win over the Happy Cowboys Friday night.

The combo connected on three touchdown passes and one two point conversion to take the win.

With just less than six minutes left in the first quarter Bovina scored on a 15 yard pass to Shepherd. A passing attempt for the two point conversion failed.

With 11 seconds left in the first half, Gilbreath connected on another 16 yard pass to Shepherd for the second TD, but the passing attempt for the two point conversion failed again.

The duo connected again with 5:45 left in the game for a three yard TD pass for the final touchdown. Gilbreath threw a two point conversion pass to end Lynn Read for the extra two points.

The win left Bovina 2-1 for the season.

Coach Paul Topliff commented on the game. "We moved the ball a lot better than we had in the other games. We scored three times in the air. Ricky Shepherd and Dale Gilbreath had a real good night."

"Our defense played a real good game. Even though Happy moved the ball on us, they didn't score. Happy rushed for 193 yards and passed for 71 yards and made 10 first downs."

"Three times we were inside the 11 yard line and failed to score. We messed up and we are still making those silly mistakes. This is the first week we didn't make any improvements. I'm disappointed in this, I don't feel our kids played as well as they can," explained Coach Topliff.

The Offense Award this week goes to Ricky Shepherd. He connected with passes for three touchdowns and in total he had seven completions for 89 yards. Topliff didn't give a defense award this week.

Joe Wright had a good night with 25 carries for 131 yards rushing.

"We play Plains Friday night. Plains is the best team we have played. They are very experienced, good sized and very skilled. Their tackles are over 200 pounds, and the running back weighs 195 pounds," Topliff added.

"I feel the key to the game is to score early and play good defense. We will have to play error free ball and go out with the idea of hitting well."

"Plains is coming off from losing their homecoming game and this will be to our advantage."

"All in all we will have to play inspired ball and want to win worse than Plains to stay in the ballgame," said Coach Topliff.

## Letter To The Editor

Dear Bill,  
This morning I was listening to the Houston radio station KILT when I heard some back-home news. "Only in Texas do we have high school football scores like--Bovina beat Happy 20-0".  
They even said 'Bovina' right!  
Bovina has made news in the big city of Houston. Just thought you might like to know.

Sincerely,

# Scooter's Scoops

By Scooter Russell

Our people are busy with corn harvest and things are going good...The women are driving trucks, taking meals to the fields and everyone is busy...Several have said they are through cutting and some have only started...Fall began Monday afternoon and the weather obliged with temperatures dropping to fit the season...Correction--Butch McCain is weather man for KFDD television, but you knew that, didn't you?...The picture taken by daughter Tracy and on the front page of last week's Blade had a mushroom shaped explosion of Mt. Saint Helen's volcano in it but did not show up due to bad re-printing. It is on display in the office if you'd like to come by and take a look, several have asked...Those lucky winners in the Football Contest this week were: Frances Johnson, Stephen McClaran and Lynnette Bentley...

**NEWS AROUND TOWN...**

Several people from Bovina had a good time in the mountains near Pecos, New Mexico. They were: Kay and Radford Venable, and sons Bud and Rusty; Gary and Sheila Carson and their son Jerad; Martha and Parker Stewart and their children Zed and Stacey; Ronnie and Nancy Sudderth and son Ryan; Bob Sparks and James Ritchie. They went last Friday and returned home Sunday.

Stephanie Lynn, daughter of Mr. and Mrs. Steve Williams placed first in the two-year-old division of the KHBK Pretty Baby Contest held in Amarillo in August.

Grandparents are Mr. and Mrs. James Williams of Tulsa, and Mr. and Mrs. Bill Andrews of Happy. Great-grandparents are Mrs. Margaret Knox of Happy, and Mr. and Mrs. Lawrence Gray of Bovina.

Visiting in the home of Hattie and Lawrence Gray for a few days this week were their grandchildren: Kimberly, Chad and Clayton. They are children of Mr. and Mrs. Henry Davis of Clovis.

Recently visiting in the home of Mr. and Mrs. Robert Calaway were their son and daughter-in-law, James Lee and Lavonda. They have recently moved to Mobeetie from Pampa. James processes cattle at the feedlot there and Lavonda is teaching in the school.

Mr. and Mrs. W.W. Wilcox have enjoyed company recently visiting from Oklahoma: Mrs. Wilcox's brother and sister-in-law, Mr. and Mrs. Clark Cordum.

Don Murphy is a patient in the High Plains Baptist Hospital in Amarillo and will undergo back surgery Wednesday morning at 8:30 a.m.

We want to express our sympathies to Mr. and Mrs. Willy Gipson in the loss of their grandson, Dan, who was killed Friday morning in a motorcycle accident in Lubbock. Dan was to have married Tuesday of this week and was twenty-six years old.

I talked with Lee Clark, minister of the Church of Christ, and he was telling me about their schedule for Sunday night. The gospel singing quartet, "The Proclaimers" from Dora, New Mexico, will be presenting a program following the evening services which will begin at 6 p.m.

After the services the people are invited to stay for a Mexican Buffet.

Our sympathies to Martha Schilling in the loss of her mother, Agnes Decker of Pep. Services were held Tuesday in Rhineland. She was survived by her husband and eight children, 28 grandchildren and four great-grandchildren.

Bonnie Derreck has been enjoying a good visit with her mother, Lorene Carpenter of Artesia, New Mexico. She said they had enjoyed shopping, canning, and attended church together Sunday. The Derricks will be taking her mother home at the end of the week.

B.J. Jr., of Enid, Oklahoma was in Bovina over the weekend visiting with his family Mr. and Mrs. Billy Whitecotton. Paula was telling me he is rough necking in the oil fields near Enid.

Visiting in the home of Rose and

Les McCain over the weekend were their son Butch of Amarillo and their nephew Kim Hill of Ft. Worth.

Bill Venable spent several days in the Parmer County Community Hospital in Friona but we understand he is home now and getting along much better.

Mearle Morgan was treated to an early birthday treat by her husband Buster. They had dinner at Furrs, attended the Sunday afternoon matinee "Born Yesterday" with local talent in the Amarillo Center Theatre and spent the night with their daughter and her family, Rev. and Mrs. Charles Harris, Amy and Jonathan in Stinnett. They returned home Monday.

The South Plains Credit Union hosted the annual picnic for the Highway employees last Saturday at McKinsey Park in Lubbock. There were boat rides and paddle boats provided for their entertainment. Going from Bovina were Mr. and Mrs. Weldon Moody, their children,

**Comments Are Urged On 1981 Programs**

By November 15, a decision must be made on whether to offer a set-aside program or to permit farmers to be eligible for program benefits--including the reserve program--without setting aside acreage.

In particular, USDA is seeking comments on reserve release and call prices which are based on production costs and adjusted either by increasing the national average loan price or increasing the gap between loan and reserve prices.

Under new authorities granted under the Agricultural Adjustment Act of 1980, the current cost of production estimates may be considered in determining 1981 target prices. In the past, changes in target prices were based upon a formula considering only prior year's costs.

Because of these new authorities, USDA is asking for comments on how 1981 target prices should be adjusted from 1980 levels and whether producers should be required to comply with established farm normal crop acreages to be eligible for full program benefits.

The USDA also is asking whether barley and oats should be included in the 1981 feed grain program, and appropriate loan and purchase prices for corn, sorghum, barley, oats and rye.

In addition, public comment is requested on whether there should be a land diversion program, and if so, the size of the diversion and level of payment. Comments are also requested on limitations on planted acreage.

If a set-aside program is implemented, USDA has discretionary authority to adjust the target price to compensate producers for participating in such a program. Comments are requested on whether this authority should be used and the magnitude on any adjustment.

Because of the relationship between soybeans and feed grains, the USDA is also seeking public comments on appropriate loan price and purchase price levels for 1981 crop soybeans. Other determinations affecting soybeans include commodity eligibility, storage requirements and premiums and discounts.

Related to these program decisions are determinations on the amount of the national program acreage and recommended reductions from 1980 harvested acreage for full target price protection.

While USDA is required by law to announce set-aside, national program acreage and recommended reductions in plantings decisions by November 15, the department may announce program decisions before that time.

Before reaching any decisions, all recommendations and views will be considered along with the best data available on world and U.S. crop conditions, production and consumption prospects.

Written comments will be received until October 27 by the director, Production Adjustment Division, ASCS, USDA, room 3630-S, P.O. Box 2415, Washington, D.C., 20013. All comments will be available for public inspection during regular business hours in the Director's office.

Robby and Linda, and Linda's friend Rhona of Lubbock.

**SMILE:**

A veterinarian was instructing a farmer as to the best way to administer medicine to a horse:

"Simply place this powder in a gas pipe about two feet long, put one end of the pipe in the horse's mouth and blow the powder down his throat." Shortly thereafter, the farmer came

running into the veterinarian's office in a frightful state. His clothes were covered with powder, his face a sickly color.

"What's the matter?" asked the veterinarian.

"I'm dying!" cried the farmer hoarsely. "The horse blew first."

Have a good week and thank you for helping with the Scoops...
