> That old tradition, "the mail must go through" has been preserved, but the task of delivering a letter to "the most beautiful girl in Kansas City, 4736 Summit Street," gave one postman some mighty bad moments. The address charged. is that of an apartment house. The postman did some tactful investigating, knocked at the door of Mrs. Louis Rice and asked to see her sister, Virginia Lee Barker. Perusal of the letter disclosed it had been delivered to the right party.

During the fiscal year 1938, 16,-681 young men completed the twelve-week course of recruit training at the four naval training stations: Norfolk, Va., Newport, R. I., Great Lakes, Ill., and San Diego, Calif.

A new process of "streamlining" gasoline which will make all the high speed aviation gas the world been announced. Streamlining gasoline is no figure of speech. Particles of hydrocarbons, shaped like into his many-fea- long worms, are reshaped to the forms of fish. In the fish shape narrow his field they burn slower and with greater power. One hundred million dollars, it was announced, will be spent this year on new apparatus for streamlining American gasolines. This is the start of a new move, the object ultimately to be able to convert all gasoline into the ideal streamlined form. The announcements were made at a symposium of the American Chemical Society on the catalyptic process

In February, 120 trappers employed by the Texas Predatory Control Association took 1,798 animals in different sections of the ice board, of which state, C. R. Landon, district agent reports. The catch comprised 1,-469 coyotes, 229 coyotes, 98 wolves anned 24 hours a and two mountain lions. The retive said. State P. T. A. History To Feature Albuquerque Convention April 21-22

Mrs. Q. C. Bess of Albuquerque will have charge of a novel historical program at the state convention of parents and teachers April 21 and 22. The state presidents from the first to the last will present the history in person. Interesting and unusual happenings of their administrations will be given. Miss Birdie Adams of Silver City was the first state president. Following her were Mrs. Waterman, now of California; Mrs. W. W. Phillips, of Roswell; Mrs. A. A. Woodworth, of Albuquerque; Mrs. George Wilcox, of Dexter; Mrs. S. P. Nanninga, of Albuquerque; Mrs. S. M. Myers, of Raton, and Mrs. George Reese of Roswell, the pres-

ent president. The national president, Mrs. J. K. Pettingill, will fly from Seattle, Wash., in order to take part in

the convention program. The last report from President Donald Mackay was that he would be able to come to the convention. President Mackay is a national of-

Ag Department Men Have Hens Color Their Eggs

Just to show it could be done, a couple of government scientists coaxed hens to lay colored Easter

The idea was hatched at Beltsville, Md., at the Agriculture Department's experiment station. Not only different-hued shells, but even varicolored yolks were produced. In fact, the scientists say, getting color into an egg shell without dye is not really new, but coloring the

To obtain an egg with a deep blue shell all one has to do is get some Araucana chickens from Chile, or Colondomas from Costa

Both turn out blue shells as part of their routine. Scientists crossed these chickens with white leghorns and got eggs with sky blue shells. Then they

crossed them with Rhode Island reds and got orange shells. The Agriculture Department ficer and will have a principal part By feeding chickens certain foods

they got a uniform color in the This was really all they wanted, but just to see what would happen, they began turning out color

In no time at all they had hens laying eggs with red, blue, orange, green and even white yolks. Then they made the hens turn out yolks with layers of different colors.

The time will come, one scientist said, when a person can have eggs of his favorite color for breakfast, or even have the yolks to match the China or the dining room cur-

What color yolk one gets all depends on what the hen is fed. But what food produces which color is

HAGERMAN'S PARK

In a few weeks Hagerman, in proper ceremonies, will present to the community another achievement toward progress, when the new park and stadium is dedicated. The public will be invited to participate in the event, and to know that it is to be for their use afterwards. The Governor of New Mexico has graciously consented to join in the ceremonies and it will be a big day for the whole com-

With proper care and supervision, the park will be a thing of pride to the community for years to come. We hope the public will appreciate its worth and aid in every way possible to protect the beauty that is fast being created Preservation is the first law of nature, and if we can help to preserve this project for the public's use, it can always occupy a prominent place in the achieve-

ment of Hagerman. BINDWEED CAN BECOME A MENACE

The fact that a few farmers have reported the encroaching of one of the most dreaded weed pests, the Bindweed, is a reminder that all farmers should begin studying methods of eradication in the very early stage.

There are different methods of eradication; some advise spraying, week service. which must be done with knowledge of the right kind of spray; hearsal. one of the best methods, and poson the ground infested. This has lic to attend its services and join been tried and found very good. its fellowship.

It is not a bad looking little weed, but it gradually smothers out the life of all other plant life that it contacts. The best method is to watch closely, and at the first sign, begin to get it.

Old records recently uncovered indicate the toll bridge across the North Platte River near Fort Laramie, Wyo., collected \$40,000 in the

Texas owes New Mexico a barbecue. And the El Paso Chamber of Commerce was reported as proceeding with plans to come across with the party wagered on the outcome of the two states' race to complete their respective links of unfinished highway on the Carlsbad-El Paso route. Former Governor Clyde Tingley bet R. L. Bobbitt, chairman of the Texas Highway Commission, more than a year ago that New Mexico would get its link finished before Texas did. The new Mexico gap has been finished for months, while blacktopping of the twelve remaining miles of Texas highway is expected to be completed by late summer. "It looks," commented Bobbit recently, "like somebody owes New Mexico a barbecue." W. E. Peterson, president of the El Paso Chamber of Commerce, said the party would be held as soon as details have been worked out.

Mrs. E. E. Lane, Jr., and young son, Edwin Eddy went to Carlsbad last Saturday and spent the day visiting Mrs. Lane's sister, Mrs. Miles Black.

The breeder-feedthem to fill such a box for a little er program involves better cotton trol of these pests depends on doing 6. As a baby grows, changes child in his home, or perhaps for yields through crop rotations and the right thing at the right time, livestock; and the cottonseed are as well as on having the right imindispensable to good livestock plement and the right materials.

There is yet another way to offmake more profit from the cotton is by effective control of the insect pests which, like the poor, we have always with us. Conservative es- of this pest quartette, and does timates, based on careful measure- more damage than many people ments of yields with and without are aware of because the insect is the use of proven control measures, hard to find, and its presence is indicate that the bugs get from not easily perceptible. Its attacks one-eighth to one-fourth of the cause the early fruit buds to fall cotton crop for which we labor before they become "squares," and every year. The average for the we say "the cotton is not setting a cotton belt is about 3,000,000 bales bottom crop." It's a pretty safe annually, or an average loss of guess that flea hoppers are responabout two bales per cotton farm.

If this loss were like those from flood, drouth or storm, completely beyond our control, our indifference would be excusable. As a matter of fact, however, most of the insect damage can be avoided if we use the right methods at the right time. So long as we enter each season with only the pious weevil, the leaf worm and the boll worm will not "happen" this year, we shall go on taking the yearly losses from their depredations.

It is not often that all these Messenger Want Ads Get Results! pests seriously attack the cotton crop in the same year; on the other hand, there are few years in which we escape damage from at least two or three of them. Why not be prepared to fight whichever of them shows up first-and the others if they occur?

One machine of the right kind and two chemical materials are all that are needed for either one or all the four principal cotton insect pests-flea hopper, boll weevil, boll worm and leaf worm. Other methods and materials will serve for one insect, but only a good dusting machine is effective for all four of these pests, and dusting machines may be had to suit any size purse and and size cotton field.

Just as we know that weeds and grass will grow if we do not hoe sphere nations probably will be more of these four insect pests will introduced soon by Senator Dennis attack the crop some time during Chavez of New Mexico. Hagerman MESSENGER 10 Years Ago

The Cemetery Association met at the home of Mrs. Jim Williamson on Thursday evening, April 5. The following officers were elected for the ensuing year: Mrs. C. W. Curry, president; Mrs. A. A. Bailey, vice president; Mrs. C. G. Mason, secretary-treasurer.

The grounds committee, Messrs. H. Cowan, C. W. Curry and J. P. Morgan reported that fifty arbor vitors had been set out this spring, and they have thirty more en route. Most of these trees will be placed among the roads.

The last ten years has seen a great improvement in our cemetery until now it has the reputation of being the best improved cemetery in the valled. Approximately \$2,600 has been spent on trees, the installation of a pumping plant, sexton services and other expenses incident to the development of this project, \$277 having been used the year around. The work is growing heavier each year, and deserves the support of the community. The association is just entering another year and soliciting membership. The next meeting will be held on the evening of May 2 at the Harry Cowan home and it is hoped that a large number will be enrolled.

Social Security forms and systems-The Messenger.

Forest Service CCC Camps Ready For Summer Activities in New Mexico

April marks completion of the ixth year of work of the Civilian Conservation Corps, and makes an appropriate time for the public to visit CCC camps in New Mexico to see what they have done in the past year, says Frank C. W. Pooler, regional forester.

Most of the eight camps on National Forests in New Mexico will move from winter locations in the low country to summer locations in the high country, at dates between April 15 and May 15 which are agreed upon by the Forest Service and the Army.

Forest Service CCC camps remaining in place are at Penasco, Otero County, and Glorieta, Santa Fe County. Other camps will move to summer locations at El Rito, Rio Arriba County; Sandia Park, Bernalillo County; Beaverhead, Catron County; Willow Creek, Catron County; Paliza, Sandoval County, and Ruidoso, Lincoln County.

Building 113 miles of fence and maintaining 114 miles of other fence were among the jobs chalked up by the CCC men working under the Forest Service in New Mexico last year. Here is a partial list of fruits of their toil during that

Seventy-four miles of new telephone line for the Forest Service system, and maintenance work on 805 miles of it; 107 miles of new trails or minor roads; maintenance work on 1,918 miles; more than 9,000 check dams to combat soil erosion; two dwellings and 56 other structures for storage or other purposes.

Fire hazard reduced on eight miles of roadside and trailside; 2,600 man-days devoted to fighting forest fires; tree insect pest control on 4,500 acres; more than 1,000 man-days on work at nurseries; four miles of improvement work on fishing streams.

Several hundred man-days on emergency work, such as hunting lost persons; rodent and predatory animal control on 26,000 acres; nearly 50 fireplaces and campstoves, and a score of table and bench sets installed at picnic or campgrounds.

Mr. and Mrs. J. L. Burck and children motored to Artesia Sunday afternoon to spend the evening with Mr. and Mrs. Wesley Sperry and family. Moving pictures were taken during the afternoon and in the evening Mr. Sperry showed pictures which he had previously taken. Mrs. Sperry is a cousin of Mrs. Burck.

Mesdames Bayard Curry, M. D. Menoud and T. D. Devenport, accompanied by Robert Cumpsten, went to Hobbs last Monday afternoon to attend Presbytery and Presbyterial. Mrs. Curry went as a member of the Presbyterial board, Mrs. Menoud as president the Hagerman Presbyterian Missionary Society, Mrs. Devenport as program committee member, and Mr. Cumpsten from the local church. They returned late Tuesday evening.

Mr. and Mrs. W. E. Utterback left Wednesday morning for Las Cruces and State College with the vocational agriculture boys and their teacher, Al Woodbrun. The boys making the trip were Bobby Cumpsten, Leonard Ferguson, Joe Richardson, Bobby Utterback, Robert West, William Solomon, Jack Langenegger, Johnnie Boykin, Milton Greer and Edward

DANCE COMPLIMENTARY TO MISS RUTH WADE MUSIC RECITAL MONDAY

Miss Ruth Wade, a student at Texas Tech, Lubbock, who spent the Easter vacation at home was complimented on last Friday night by her parents, Mr. and Mrs. George Wade, who gave a dancing party at the Woman's Club. Gray's orchestra of Roswell furnished the music. About fifteen couples at-

PRESBYTERIAN LADIES AID MET WEDNESDAY

Mrs. J. E. Wimberly was hostess | Sweatt. yesterday (Wednesday) afternoon to the Ladies Aid of the Presbyterian Church. A lovely hydrangea in a rich color of pink centered a lace covered table and gave a breath of spring to the afternoon.

Mrs. J. T. West presided and Mrs. Harry Cox, a charming visitor of the afternoon, led in the devotionals, reading a Bible Scrip-

ture and giving a prayer. A session of business routine followed, in which plans were

made for further activities. During a social hour, delicious refreshments of chicken sandwiches, cocoanut iced white cake and coffee were served to the following: Mesdames M. D. Menoud, O. C. Basinger, Ewing, I. E. Boyce, Tom Ferguson, B. W. Curry, Sam McKinstry, Harry Cox, Alice M. Hedges, E. R. McKinstry, E. E. Lane, Jr., J. T. West, Cliff Hearn, C. O. Holloway, H. J. Cumpsten Mable and Helen Curry, Miss Sara Beth West, Florence Menoud, Lon Edmund McKinstry and little Judith Hearn and Edwin Eddy Lane.

A pleasant feature was a delightful talk by Mrs. Cox, telling of her recent attendance at Presbyterial in El Paso.

Mrs. J. M. Fletcher went to Roswell Monday for a few days visit with Mr. and Mrs. Sam Boyce. Mr. and Mrs. V. P. Fletcher are keeping house for her while she

L. C. CLUB MEETS

The L. C. Club met on Thursday Mrs. A. M. Ehret.

HONORING MRS. EHRET

Owing to the absence of the president, Mrs. R. G. Campbell, Mrs. B. F. Knoll, vice president, presided at the business session. Following the business session, various guessing contests were enjoyed and gifts were presented to members having had recent birthdays or other anniversaries, by their "Mystery" friends.

The club gift to Mrs. Ehret was a lovely black cameo surrounded by seed pearls and was presented to the honoree by Mrs. C. O. Holloway, who expressed the affection in which Mrs. Ehret is held by the members of the club, to which she has belonged for nearly eighteen

Mrs. Ehret responded to the presentation speech in a touching manner and stated that should she live to be as old as her mother, who lived to be ninety-one, she would wear and cherish the gift which would always remind her of her friendship and love for the members of the L. C. Club.

A cleverly arranged refreshment plate, on which an inverted apricot surrounded by whipped cream represented an egg, and banana slices streaked with chocolate represented the bacon, with a lettuce "nest" illed with candy Easter eggs and coffe was served.

Among those present were Mrs L. R. Burck, a former L. C. Club member; Mrs. Harry Cowan, Mrs. Tom McKinstry, and Mrs. Walton, guests, and the following members: Mrs. I. E. Boyce, Sr., Mrs. Ehret, Mrs. Evans, Mrs. B. F. Gehman, Mrs. Elmer Graham, Mrs. Lester Hinrichsen, Mrs. C. O. Holloway, Mrs. Ross Jacobs, Mrs. Knoll, Mrs. Menoud, Mrs. Willis Pardee, Mrs. W. T. Utterback, Mrs. Marion Woody and Mrs. Goodwin, a former member.

Boy Scout News

P. V. Thorson, executive of the Eastern New Mexico area Boy Scout council, is making a tour of the southern part of the area this week. The principal purpose of his trip is to discuss the area-wide enrichment program and Camp-O-Ral with scoutmasters, district commissioners and other Scout leaders. He made a trip over the northern part of the area last

Preliminary Camp-O-Rals will be held in the various districts of the Eastern New Mexico area Boy Scout council April 21-22 to prepare for the area-wide Camp-O-Ral to be held April 28-29-30 at Roswell. Instruction in the necessary camping equipment, organization and procedure will be given the Scouts at the preliminary camps. Troops which attend preliminary camps will earn credit on the preparedness seal to be awarded at Camp-O-Ral to each troop which meets the necessary requirements. It is one of five seals which are offered to troops at Camp-O-Ral.

Donald W. Mackay, president of Easetern New Mexico Junior College and president of the Eastern New Mexico area Boy Scout council, is recuperating at his home at Portales from injuries sustained in an automobile accident.

District 1 of the council was the first to launch the enrichment program, which is the chief goal of the council this year. All of the eighteen organizations in the district which sponsor Boy Scout troops were represented at a dingram were discussed. Similar meetings will be held in the other districts of the area. The object of the effort is to enrich the program of every troop in the area in order to give boys a more satisfactory experience in scouting and hold them in scoutling longer.
