When Woman Fails.

Women laugh too little. Whether this is due to their lack of humor or "On this platform, ladies and gents," to childhood's training in gentle manenrs may be questioned. Certain it is that a hearty laugh in a woman's voice is rare music. An audience of women rustles with amusement, but seldom laughs. A group of girls gigstory seldom gets beyond a smile. When Sir Walter Besant, in his clever the time in the twentieth century when women should have usurped all power-political, ecclesiastical and social-he shrewdly noted that laughter had died out of England; that when men revolted against their fembill. SOME LAND BARGAINS

For Sale by Adkins & Crawford The Brady Land Men

We are expecting the biggest land business in this country this fall that we have ever had. West Texas lands are not an experiment any longer. Ten years ago it was a question whether this country ever would become a farming country. It was a question of whether the seasons could be depended on. It was a question whether the soil would make stuff. It is a question no longer. Ten years have proven that there is no better country on earth for the production of the character of crops this country is adapted to. Ten years have proven that, acre for acre, this country will make as much money for the farmer, net money, as the brag lands further east-and that the farmer can till three acres here as easily as he can one there. The people from the black lands east of here will come here this year. They will come to buy. Last year they came and looked. They had just gone through a crop failure and a money panic and had no money. They looked, but did not buy. This year they are coming to buy. They made money last year. Their crops are fine this year. The corn crops of the black belt are making their banner crops this year. Their cotton is fine. They will have money when they come out here and will buy our lands. We see what is coming and we are going to be ready for it. We have contracted for a half-year's advertising space already—big space—to tell the eastern fellow about your proposition. We want your place on our lists if you want to sell. If you want to buy we want to tell you what we have, for we believe we have a fine bunch of properties that you can buy now and sell if you so desire before the year is out at a neat profit. Look over the following:

No. 21.-160 acres in the Brady Valley, 60 acres farm, 30 in cultivation. 100 acres tillable. All under fence, good house and storm house, lots, barn, etc. Fine well and wind mill, irrigated garden. \$13 per acre, one-half cash.

No. 16.-640 acres, twelve miles from Brady, 75 acres in cultivation, one-half of tract is fine farm land, well watered, plenty of timber, good house and improvements. A bargain at \$12 per acre, good terms. Would make four good settlements.

No. 2.-420 acres, good 5-room house and other good improvements, well watered, 125 acres in farm-and one of the best farms in the county. \$15 per acre, half

No. 22.-320 acres, 160 in cultivation, two sets houses, fine water and timber, nearly all good land, close to good school house. \$20 per acre, \$1200 cash, balance

No. 14.—640 acres on public road, 100 acres in cultivation, good ranch and farm house, fine timber and water, convenient to school. \$12.50 per acre, half cash.

We have an extra bargain in a ranch in Kimble county, three miles of river front. Ask us about it.

To trade for McCulloch county landtown property-stock-any old thing-325 acres near town of Winters, in Runnels county, 80 per cent good land; the finest land in West Texas; all fenced, 50 acres in cultivation, creek runs through place and land lies in creek valley. Small house and other improvements. Land around this place selling at \$40 to \$50. Want \$25 for this place, and take McCulloch county stuff in Exchange.

Money to loan on farms and ranches. No deal too big for our companies to handle. We can cash a few good vendor lien notes. We write fire insurance, tornado insurance, automobile insurance. We write all kinds of legal documents-will draw up your deeds whether we sell for you or not.

The old oak-hewn beams that may be seen throughout the house are most of them the old original beams, which in only a few cases had to be pleced out. All the old wood taken from the house was preserved.

Helping Lonely Women. Massachusetts has long held the record of possessing the greatest proportional surplus of women of any state in the union. There are said to be no less than 100,000 spinsters and widows in the Bay state who must look out for themselves, and there has been much discussion of schemes for their benefit and relief. Recently prominent business and professional women of Boston have organized for the purpose of getting the state to aid in purchasing small tracts of land, on which lone women can engage in agricultural pursuits. What He Saved.

A prominent Democratic politician who lived at Allentown, was appointed to the position of naval officer at Phil adelphia during the second Cleveland administration. While in the city he made a host of friends and all of his waking hours, when he was not en gaged in official duties, were spent with these gentlemen, attending vari ous interesting and costly entertain ments. At the expiration of his term of office he returned home, and his good mother, who was an old-fash ioned German woman, said to him curiously:

"John, what did you save during the four years you were in office?" "Mother," he said, with a smile lighting up his countenance, "I accomplished wonders-I saved my life."

Madson and Jones, the beach-combers referred to, were in their lugger in Yampa sound when a shore party of natives induced Jones to land and accompany them round a promontory in search of shell. A few minutes later his companion observed the natives running over the hill, but Jones failed to return. At supper time Madson was struck from behind by a native, who had remained with him in the lugger, but he threw his assailant overboard and, on the man attempting to regain the boat, fired and killed him. For two days Madson waited, but as it was then clear that Jones had been murdered the survivor set sail for the nearest port.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

The way we do.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

There are, in fact, very few allments which cannot be traced directly to impure blood. And imhave an attack of indigestion. And pure blood is always due to a dis-ordered stomach. you will certainly be surprised at the results. It is perfectly harm-Use Kodol and prevent Nervous less.

5 DE HEDGETHORN PUNCTURE-PROOF \$ 1 80

NO MORE TROUBLE FROM PUNCTURES NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air toescape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$5.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of \$ per cent (thereby making the price \$4.55 per pair) if you send FULL. CASH WITH ORDER and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

IF YOU NEED TIRES Hedgethorn Puncture-Proof tires on approval and trial at the special introductory price quoted above; or write for our big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices.

THE ONE ESSENTIAL NEEDED.

Alchemist's Formula All Correct with the Exception of Trifling Little Detail.

Joe Mitchell Chapple tells this one in his magazine:

Very suggestive is the story of the New Jersey man who felt that he had at last invented a process for manufacturing eggs. He experimented until he discovered the component parts of a natural egg-the milk, fibrin, phosphorus and all the rest-and hastened to secure them. Then he announced to the druggist whom he patronized for his chemicals that all he needed now to insure success was cold weather, when eggs would sell for 50 and 60 cents a dozen. December saw the looked-for period arrive, phosphorus and the rest of the chem. man. icals stood it as long as they could and then expressed their feelings in a mighty explosion - the neighbors sought their cellars, while the glass in

"Perhaps I forgot to include some essential in my formula."

"Yes," said Mr. Gardner, dryly "you did forget something." "And do you know what it was?" eagerly queried the experimenter.

"I certainly do," said the congress-"Tell me, tell me what it is and fortune will be assured to us both."

Who is Your Prescriptionist....

You have confidence in your physician. When illness comes into your family you call him to your aid. He writes a prescription. His years of experience are embodied in this prescription, and that prescription should be rightly compounded. We feel that we are justified in asking for your prescription business. Our drug store is never open unless there be a competent registered pharmacist in charge. Two registered druggists are here, and one or the other is always at his post. Our prescription department is given that exacting care and attention which all physicians demand and to which you as our customer are entitled. Bring us your prescriptions.
