NOT ENOUGH MONEY

In the United States to Do A
Strictly Cash Business

The are over twenty thousand banks in the United States. In these banks there is on deposit eleven dollars for every single dollar of real money—gold, silver and paper.

Business is carried on by the aid of the banks and could be done in no other way. Ninety per cent of the business is done without handling a single dollar of real money, but with checks, drafts, notes and other forms of credit.

A man deposits \$100.00 to open a check account. He may issue any number of checks to total that \$100.00 to any number of persons. Suppose one man receives his check for \$25.00, he brings that check to the bank and deposits that amount to his credit. He, too, may issue a check to another party for that \$25.00. In not one transaction does any party handle or see a dollar of real money.

The bank has made this system possible.

This bank renders a service to the people that is convenient to business and safe for all parties. Our methods are the choice of the approved and accurate tests taken from banking experience.

Our service will be a distinct advantage to your business, just as it is to our present customers.

A FARMER HEARD FROM

Fife Farmer Replies to Mr. Anderson's
Anti-Good Roads Communication
of Recent Date.

Fife, Texas, June 27.
Editor Brady Standard:

In the Standard of the 14th inst. Mr. G. W. Anderson of Rochelle came out against good roads in McCulloch county, and while the bond issue would not effect my taxes I believe someone should try to show him where he is wrong in his views.

I have always been in favor of better roads and the development of McCulloch county and I shall try to answer Mr. Anderson's tirade against the same.

In the first place Mr. Anderson had no kick coming on the bond issue proposed by the Brady Commercial Club as it would effect only the Brady commissioner's precinct and neither he nor I would be taxed one cent for it.

I think Mr. Anderson and the Rochelle people show very little pride in our county in that they fight every needed improvement put before the people in the way of a bond issue. The way they voted on the bridge bond issue in January, voting 74 to 1 against every proposed bridge, shows that they are either one hundred years behind the times or else they are foolish enough to think they can fight the whole county on issues that do not effect them and they expect the county to help them when they need it. They may think now that they do not need any help from anyone but they soon will if the town keeps on growing.

Mr. Anderson is badly informed if he thinks that nine-tenths of the farmers of McCulloch county are against good roads; he would come nearer to it if he reversed his assertion and said that nine-tenths were in favor of them. Good roads help the farmer first of all and more than any other class in the county.

The first thing a man from the eastern counties sees when he lands at Mercury, Rochelle or Brady is the miserable roads he must needs haul his produce over to get it to market. Good roads will increase the value of every piece of land they touch.

Mr. Anderson seems to have a special "grouch" at the automobiles and their owners. He is too far behind the times to know that about one half the automobiles in the county are owned by farmers who use them because they are cheaper than the "Studebaker" and old "Pete and Beck". There are a few of the owners who try to monopolize the roads but they are mighty few and are learning to respect the rights of others as they must do. In a few years the automobile will be a necessity to the farmer who lives any distance from town and by that time we hope to see McCulloch county with a network of roads such as Travis and Williamson counties now have.

Mr. Anderson and the Rochelle people have started out on the wrong track and if they don't get right the people of the more progressive parts of the county will soon point to them as the backwoods of McCulloch county; and while we admire Mr. Anderson's nerve in speaking his thoughts we see no other doom for him but to sit on a back seat nursing his grouch and "cussing" the people of the county for their extravagance in placing money where it will benefit the farmer who deserves all the pleasures he can get.

MRS. M. P. MERWIN.

W. B. Brown was in from Camp San Saba Tuesday and reported rain all around him but none at his farm. He sold out a load of fruits and vegetables, and acting on the advice of The Standard went home that night with the avowed intention of paying the preacher at once.

E. Elliott, of the Pear Valley community was a pleasant visitor at The Standard office Wednesday. Mr. Elliott reports having eight acres of as fine maize as he ever saw, and that it will make from 50 to 75 bushels to the acre. His cotton is also in fine shape. He planted the latter part of March and the first part of April and the plants are now knee high and give prospect for a fine yield. A good shower Friday at his place helped matters along and consequently Mr. Elliott is in the best of humor.

Attention Veterans U. C. V. Camp.

Last meeting to be held before re-union of Mountain Remnant Brigade at Marble Falls, will be held at Odd Fellows hall next Saturday at 2 p. m. A full attendance of our Camp is earnestly requested, as we have important business to transact.

Idle Lands.

The prosperity of a community depends upon the activity of its property and the people. Improved public highways afford facilities for marketing production, stimulate commercial activity and otherwise encourages agricultural development. To increase agricultural production we must bring under cultivation idle land and increase the yield per acre.

We have in Texas 167,865,000 acres of land. Of this area there are 2,118,000 acres of water surface. All our land is susceptible to a high degree of cultivation except the city area and a small portion of our land which is mountainous. We now have less than 30,000,000 acres of land under cultivation, leaving 137,000,000 acres of land that has never been plowed. Idle land is of course no value to a community, and to increase our prosperity we must put activity into our vacant lands. The following cut illustrates the relative proportions of our cultivated and uncultivated areas:

Texas Land Comparison.

There are 109 counties that have less than 10 per cent of their land under cultivation. There are 43 counties that have a larger uncultivated area than the total area of the State of Rhode Island. The uncultivated area of Texas, says the Commercial Secretaries' Association, exceeds the total area of the thirteen original colonies, excepting Georgia and North Carolina. We need 3,000,000 farmers to develop our agricultural resources, and no country on the globe affords the opportunities to the homeseeker that Texas now offers. The land agent is an important factor in the development of agriculture. There are 190 people moving to Texas daily, and remain here permanently and of this number probably half of them go on the farm.

People Coming to Texas.

At the present rate of agricultural immigration it will take 400 years to secure a sufficient number of farmers to bring under cultivation our idle lands. We must get farmers from other States and countries more rapidly, and the improvement of our public highways will influence the homeseeker by making farm life attractive.

J. W. West, of the Brady Piano Co., informs The Standard that he has just closed a contract for one hundred pianos of the famous Kimball make, with which to supply his trade in the Brady Country. The first car of the order will arrive in about a week, and the entire one hundred instruments is due to arrive by Sept. 1st, direct from the factory. There will be twenty-six styles to select from. The is probably one of the largest orders ever placed in this section of the state.

ANSWERS EVERY CALL

Brady People Have Found That This Is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks, A medicine that answers every call, is Doan's Kidney Pills, a true specific.

Thousands of people rely upon it. Here is one case:

W. B. Lewis, of Coleman, Texas, says: "Doan's Kidney Pills benefited me greatly. My trouble was mostly from too frequent and painful passages of the kidney secretions, caused by weak kidneys. A short time ago I procured Doan's Kidney Pills and the contents of half a box disposed of my trouble. I am glad to recommend this efficient kidney remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Mild Laxative
for Baby Free

The child of today is the parent
of the future, and whether it grows
up healthy and strong, or puny and
weak, depends upon the intelligence
of its parents, for most children
are born into the world healthy,
but thousands become feeble
between birth and the age of ten,
when the parents are still in great
control.

The prime cause of trouble is in
the stomach. A baby that is digest-
ing its food seldom cries and always
looks cheerful; the little child whose
stomach is good romps and plays
and never whines; the growing
child learns well at school and is
eager for fun if its head is clear
and its stomach light, and that means
it has no constipation.

The best and safest way to cure
any irregularity of the stomach
and bowels in children is by the use
of Dr. Caldwell's Syrup Pepsin. This
is a liquid laxative which is so
wonderful in its effect as Mrs. John
W. Dunham, Apple Creek, O., Mrs.
H. L. Cullum, Plainville, Ind., and
numerous others can testify who
give it to their children with
extraordinary results.

A bottle only costs 50 cents or \$1
according to the size you want, and
even one 50-cent bottle will do a
wonderful amount of good in a
family. It can be given to any
member of the family in constipa-
tion, sour stomach, indigestion,
torpid liver, dyspepsia, heartburn,
sick headache and similar digestive
troubles. It never gripes or strangles
like pills, tablets, salts and powders,
which should not be given to children,
women or old folks.

If you have a child or other member
of the family who needs, but has
never used, this mild laxative, send
your name and address to the doctor
and a free trial bottle will be sent
to your home. In this way you can
find out what it will do without
personal expense.

If there is anything about your
sickness that you don't understand,
or if you want any medical advice,
write to the doctor, and he will
answer you fully. There is no charge
for this service. The address is Dr. W. B.
Caldwell, 500 Caldwell Bldg.,
Monticello, Ill.

WILL GET BETTER ROADS.

Resort Men in Monroe County to Pro-
vide Highways For Motorists.

An important meeting of proprietors
of hotels of the resorts throughout the
county was held at Stroudsburg, Pa.,
recently, at which it was decided to
boom the region as it has never been
boomed before. The manner in which
this is to be accomplished is by the
generous use of printer's ink in the
newspapers of the great cities. These
men realize that in order to keep the
resorts prominently to the fore this
move is necessary, and the manner in
which all the members responded to
the calls for subscriptions is the very
best evidence that they are heart and
soul in the proposition to make 1910
the banner season.

At the meeting another matter of
much importance was taken up and
discussed—the question of good roads.
This is not a new subject, but it was
given a new impetus by the action of
the resort men, who directed J. B.
Williams, the president of the Monroe
County Resort association, to appoint
a committee to confer and lay plans to
greatly improve the roads in the coun-
ty. It is especially important at this
time because of the fact that the
Scranton Automobile club is interested
in the improvements in the roads of
this section of the county. In fact,
the Scranton club has taken a step to
assist in bringing about the improve-
ment by material aid to rebuild the
road traversing the Paradise section of
the county.

The club wants the assistance of the
people of the region in the proposition,
and this it is assured of receiving.
The committee to be appointed by Mr.
Williams is to work in the interest of
the movement, which will be appre-
ciated by the visitors to the county
and the motoring fraternity, who come
here in such great numbers, being at-
tracted by the beauties of the county.

The action of the association to im-
prove road conditions has created more
interest in the season about to open.
The resort men being of the opinion
that if the plans of the committee are
successful the region will become still
more popular and in consequence will
attract many more people to this sec-
tion.

When the season of 1910 opens ev-
erything will be found to be in readi-
ness for the proper accommodation of
visitors, who take so much pleasure
in staying within the borders of the coun-
ty to while away the heated season.
With good roads, which are assured,
and a proper publicity campaign the
people believe that all records will be
eclipsed.

GOOD ROADS CAMPAIGN.

Highway Commission Reappointed In
Ventura, Cal.

The supervisors in preparation for
proposed bond issues in Ventura, Cal.,
have reappointed as county commis-
sioners Messrs. Clark, Edmundson and
Fleisher. This commission was ap-
pointed two years ago and went thor-
oughly into the question of good roads
throughout the county, furnishing
specifications and an estimate.

But the financial depression came on,
work was dropped and the commis-
sion discharged. Since then agitation
has been started for a renewal, and a
proposition has been set on foot to
bond the county for \$1,000,000 for good
roads and a number of bridges. The
commission is empowered to again re-
tain Surveyor Wand at a salary of not
to exceed \$400 per month.

The matter of a choice of a court-
house site in Ventura has been select-
ed by the supervisors. Citizens have
raised a purse of \$20,000 with which
to buy a site, the location being left
to the supervisors. Two sites have al-
ready been offered.

Half Million For Texas Good Roads.

Seventy-two miles of country roads,
distributed throughout the entire coun-
ty, are to be paved by Harris county,
Tex., with shell and gravel within the
next twelve months out of a recent
road and bridge bond issue of \$500,000,
according to a schedule adopted by the
county commissioner's court. In the
list of the roads to be paved are a
number of the most important high-
ways in the county, one of which is
the Webster Air Line road, running
from Harrisburg to the county line, a
distance of eighteen miles, where it
will connect with a paved road to be
constructed by Galveston county,
thereby giving a complete paved road
way from Houston to Galveston via
the causeway.

A Good Roads "Smoker."

Recently the Business Men's associa-
tion of Larned, Kan., gave a good
roads "smoker" which was attended
by more than 300 citizens of the coun-
ty. The enthusiasm developed insured
a new era in the building and main-
tenance of good roads in this section
of the short grass country. Such a
meeting would have been impossible a
few years ago because it was thought
that the dirt roads of middle and west-
ern Kansas would never need any great
amount of care. Increased population,
however, has shown differently, and
there are now no more enthusiastic
sections of the state on the good roads
proposition.

Need of Dry Roadbeds.

The most important object in drain-
ing a road is to lower the level of the
ground water. If this is within a few
feet of the surface it will be absorbed
by the material of the road by capil-
lary attraction. The result of this
would be a softening in the road im-
mediately below the surface. When
heavy traffic passes over the road in
this condition it so cuts it up that
the water will not flow off.

A CHINESE WEDDING.

As Solemn as a Funeral, With the Wo-
men All Weeping.

A Chinese marriage is all ceremony
—no talk, no levity and much crying.
The solemnity of a funeral prevails.
After the exchange of presents the
bride is dressed with much care in a
red gown, brocade or silk if she can
get it; her eyelashes are painted a deep
black, and she wears a heavy red veil
attached to a scarlet headress, from
which imitation pearls are pendent
over the forehead.

A feast is spread upon a table, to
which the blushing bride is led by five
of her best female friends. They are
seated at the table, but no one eats.
The utmost silence prevails, when final-
ly the mother leads off in a cry, the
maids follow, and the bride echoes in
the chorus. Then all the bridesmaids
leave the table, and the disconsolate
mother takes a seat beside the chair
of state where the bride sits.

The bridegroom now enters, with
four of his best men. The men pick
up the throne on which the bride sits
and, preceded by the bridegroom, form
in procession and walk around the
room or into an adjoining parlor, sig-
nifying that he is carrying her away
to his own home. The guests then
throw rice at the happy couple, a cus-
tom we have borrowed from the heath-
en.—St. James' Gazette.

CHEST NOTES.

Varying Sounds That May Be Heard
Through the Stethoscope.

The doctor hears some curious noises
when he places the stethoscope against
your chest. When the lungs are in a
healthy condition the medical gentle-
man hears a pleasant, breezy sound,
soft in tone, as you draw in the breath
and expel it. Should the instrument
convey to his ear a gurgling or bub-
bling sound he makes a mental note of
the fact that you are in what is known
as the moist stage of bronchitis. In
the dry stage of the same complaint
the sound is a whistling, wheezy one.

One of the signs of pneumonia is the
crackling note that comes through the
stethoscope. It is not unlike the sound
that can be heard when your finger
and thumb have touched a sticky sub-
stance and you first place them to-
gether and then part them, holding
them close to your ear.

Doctors occasionally hear a dripping
sound, and that indicates that air and
water have got into some part of the
chest where they have no right to be.
Blow across a bottle, and you will pro-
duce a sound which is actually to be
heard in your chest. It is caused in
the same way—that is, by air passing
over a cavity.

Filipino Buglers.

"Speaking of buglers," says Boat-
swain Jurasechka in his article, "Cap-
tured by Filipinos," in World Wide
Magazine, "it astonished me to find
that the insurgents had so many bug-
lers and that many of them were of
the best. They knew all our army
calls, although they did not know their
significance. I was often asked the
meaning of various calls and was care-
ful to give them any but the proper
one. One insurgent colonel asked me
what call was sounded as the retreat
from the charge. I told him that we
had no such call, but that the charge
once sounded, American soldiers and
sailors went through or never came
back. He was very much interested
and with good reason, as he had just
escaped from the attack of our men at
Iloilo and could well believe it. He
said that charging was unfair—that
both sides should simply snipe at each
other."

So He Would.

A little country girl visited city re-
latives who dwelt in a flat. Her visit
lasted two weeks, and all of the time
they were warning her not to make so
much noise, not to run across the

Not Ambiguous at All.

In one of England's elections a can-
didate for parliament, the late Lord
Bath, called attention to himself by
means of a donkey, over whose back
two panniers were slung bearing a
ribbon band on which was printed
"Vote For Papa." It must be added,
however, that in each pannier stood
one of Lord Bath's daughters.

Comanche Takes First.
Comanche took the first game of the series with Brady on the local lot yesterday afternoon by a score of 5 to 1. The game was characterized by two home runs by Clark, the visitors' husky first baseman, which were responsible for four of the five runs. Clark is a fiend at bat and they all look alike to him. The locals played a spirited game throughout, and though Jack Roach is no pitcher, they seemed unable to do anything with his delivery. They had a dozen or so men left on bases and twice had the bases full, but the pinch hits failed to materialize.
Comanche presents the strongest team visiting Brady yet this season. They have only two of their old line-up, and the new men are ball players, too. The locals are somewhat out of order, several of the boys being half sick. They promise more ginger for today. Game at 4:30.

BE SURE YOU GET YOUR MONEY'S WORTH

If, before spending a dollar, you will come to see us we will make it worth your while. Regardless of "sales", "merchandise battles", etc., we are still leading the town of Brady in giving you the best values. We had rather show you these truths than to tell you.

SHOES

We have an unusually large stock of Men's, Women's and Children's Shoes and Oxfords—made of the very best leather ever put in a shoe. For men we can offer you a Peters or Douglas \$5 shoe for \$3.65. \$3.50 shoe for \$2.85. \$3 shoe for \$2.25 and many other grades of shoes and oxfords—all shapes and sizes for each member of the family at the same great saving. Let us show you and we will shoe you.

CLOTHING

Now that the "good, old summer time" is here, now is the time to put on those light-weight suits. We have the very thing you need in tropical-weight worsteds—anything in blue serge or novelty colors—we have them and will sell them to you at prices never heard of before. We will make you prices that will mean a saving to you. Anything you need in a suit, coat and pants, coat or pants we will make you prices that our competitors cannot begin to compete with. Come and be convinced.

DRESS GOODS

You will find our Dress Goods Department loaded to the brim with all the newest shades and tints of lawns, batistes, foulards, etc., at prices you never heard of before. Everyone who has paid this department a visit has rendered the same verdict, namely: that there has never been like values offered before. Anything you need in Dry Goods, Clothing, Shoes, Boots, Hats and Groceries you will find here at prices far below everyone else. Do not fail to give us a trial.

BROWN COUNTY'S GOOD ROADS.

Sunday's Dallas News and Houston Chronicle each had cuts of the Brown County District No. 1 good roads which are attracting attention over the entire state. In conversation recently with the president of one of the leading roads of the state, he made the following statement to a Bulletin man: "Just now every town in Texas is going wild over railroads, but I want to say to you that the sixty or hundred miles of good roads, what ever amount it is you are building near Brownwood, is worth more to your town than two additional railroads would be." Good roads are a step in the right direction and Brown county is certainly fortunate in getting roads built that will stand as a monument to the persons responsible for getting the law passed, and the Commissioners Court who have placed the road building in the hands of competent road builders.

Brownwood is recognized as the pioneer of the district road bonds for good roads, and the Commercial Club is receiving many inquiries every week from different parts of the state relative to the manner of going about it, how much money it takes, and a general outline of what is needed to get good roads. Of course all of these are given attention, and Brownwood will truly be pointed to as the promoter of the good roads movement.—Brownwood Bulletin.

THE farmer is the man most benefitted by good roads, and the fact that the automobile owners always pick the good roads on which to travel is no argument against improving our highways. The automobile has come to stay. We couldn't get rid of it if we wanted to, and with proper laws governing their operation there should be no conflict between the owners of machines and non-owners. The reckless automobile driver is becoming more and more scarce, and as the uses of the machine develop so will the operation of same im-

prove. Already the farmers themselves are buying autos, and with good roads more tillers of the soil would own machines. But auto or no auto, good roads are an absolute necessity to the farmers and will ultimately have to be constructed, therefore the sooner the better. It has long ago been demonstrated that permanent roads can be constructed only by bond issue, and it is only fair and right that succeeding generations should be expected to help pay for that from which they will receive benefit.

In this issue appears a communication from James Finlay, of Fife, answering the one from Mr. Anderson, of Rochelle, who opposed the road bond issue. The Standard is as heartily opposed to certain classes of newspaper discussions as it is in favor of good roads, and while we have opened our columns to a discussion of this subject we hope that all contributors will confine themselves to the subject in hand, avoiding personalities as Mr. Finlay and Mr. Anderson have done. The contributor's real name must also be signed to the article. The good roads movement seems to be sleeping just now, and we hope to revive an interest in same by allowing a fair discussion through our columns.

A falling tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its regularity. The stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or falling stomach, heart or kidneys. His prescription—Dr. Shoop's Restorative—is directed straight to the cause of these ailments—these weak and falling inside nerves. This, no doubt explains why the Restorative has of late grown so rapidly in popularity. Druggists say that even those who test the Restorative for a few days soon become fully convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause is the only sensible and successful way. Sold by Jones Drug Co.

Don't Risk even a penny—until health returns. And I mean just exactly that. I am the one physician who says to the sick, "I will, out of my own pocket, pay for your medicine if it fails to bring you help!" And for 20 years Dr. Shoop's medicines have

been used and recommended in every city and hamlet in America. They are positively standard in every community—and everywhere. Then why pay the cash, and at your risk, for other unvaried and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative. When the stomach, heart, or kidneys are weak, these medicines quickly Dr. Shoop's Restorative will bring them back to health again. But best of all, they positively take no money risk whatever. They know that when health falls to return Dr. Shoop will himself gladly pay the druggist for that test and for that test a full 30 day treatment is freely granted.

But write me first for an order. This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy. But authorized to give the 30 day test, so please—for I have appointed an honest and responsible druggist in almost every community, everywhere, to issue my "no help, no pay" medicines to the sick. Tell me also which book you need.

The books below will surely open up new and helpful ideas to those who are perfectly free to consult me just as you would your home physician, and the books below are yours—and without cost.

Good Time Promised.

The Standard tried its best to interest the people of Brady in a big Fourth of July celebration, and have same announced before other towns beat us to it, but to no effect. Brownwood has stepped into the breach and announced a big blowout for that day. Well, if Brady can't have one of her own, we don't know any other town we would rather spend the 4th in than Brownwood, and the average Brady citizen will no doubt look at it in the same light.—Brady Standard.

The Bulletin and the Brownwood people can not help but feel kindly towards The Standard for the above kind words, and promise a big time to all Brady people who come to the 4th of July celebration. Brownwood has patronized Brady fairs and our people have never had cause to regret their visits to the progressive little city south of us.—Brownwood Bulletin.

A Wonderful Premium Offer

WE ARE GIVING THESE ELEGANT "SOLID COMFORT" REED ROCKERS TO OUR CUSTOMERS AS PREMIUMS.

We want at least one of these fine Rockers to go into every home in this section and you can get one for every room if you desire.

No home is complete without a supply of rocking chairs, the more there are, the more comfortable the home.

We have secured from the AMERICAN CHAIR CO., of St. Louis, Mo., the exclusive control for this locality of their celebrated "SOLID COMFORT" REED ROCKING CHAIRS, like illustration.

These Rockers fairly breathe rest and comfort, they are appropriate for all rooms and are also an attractive addition to the porch, veranda and lawn.

They are strongly made of Singapore Reed, supported by well seasoned wood and are given a fine Shellac Finish. They have full, continuous roll arms, well braced and a solid reed seat in basket form. The back is woven reed and of restful shape as well as attractive design. The stretchers are neatly turned. The top of the rocker is 40 inches from the floor and the width between the arms is 21 inches. You would pay \$6.50 for this Rocker anywhere.

Pasted underneath the seat of every chair made by the AMERICAN CHAIR CO., you will find their trade-mark, as shown in the illustration, which is your safeguard against imitations and inferior goods. This trade-mark is a sign you are getting the best reed furniture made.

We are very anxious to have you increase your trading with us and that is why we make this liberal offer.

HERE IS THE OFFER

With every \$25.00 worth of goods you buy from us for cash, whether bought at one time or different times, we will give you one of these Rockers for \$1.50. Get as many Rockers as you wish, one Rocker for \$1.50 with every twenty-five dollars you trade.

HOW TO GET A ROCKER ABSOLUTELY FREE

If your cash purchases from us amount to \$50.00 during a period of twelve months, that is, \$25.00 additional, we will refund the \$1.50 you have paid for the Rocker, thus giving you the Rocker absolutely FREE. Remember that a Rocker will be delivered to you for the small amount of \$1.50 just as soon as you have purchased \$25.00 worth of goods for cash, and it will be optional with you as to whether you trade the additional \$25.00 and get the Rocker FREE.

The Rockers are now on exhibition at our store. You are invited to call and see them and get a punch card. Have all your purchases punched on your card. Do all of your trading with us and you will soon have a Rocker for every room.

You will always find a choice selection of dependable merchandise at our store and our prices mean a saving to you.

Ed Broad, Fisherman.

Ed Broad and party returned Monday from their two-weeks' fishing trip on the San Saba river near Voca. All good fishermen can tell some big fish tales, but Ed has the world skinned, and the beauty of it is every word he tells is the plain, unvarnished truth. Ten and fifteen pounders were as common as pig tracks, and one alligator gar was so big that the gar part had sluffed off and left it a plain Florida 'gator which required the united efforts of every man in camp to subdue. Ed had his latest patented magic lantern with him and did his big fishing at night. The trout would be hypnotized by the magic of the lantern and flop out on the bank and open their mouths to have the hook inserted. Not less than eighteen people were at the table every meal and there was always fish enough for the entire party, while the farmers in the neighborhood came with wagons and hauled away the surplus. The boys over at the Broad Mercantile say that Ed got his experience fishing for suckers in Brown county, hence his unparalleled success on this trip.

WILL MOVE UP TOWN

Western Union Telegraph Office Will Soon be Located in Business District of City.

The Standard is informed by Operator J. E. Hauskins that notice has been received from headquarters to the effect that the local telegraph office will be moved from the depot to a location somewhere in the business district on or about July 1st. Also that Mr. George Irvine has been assigned as manager and operator for the up-town office.

This is good news, not only to our business people, but to Agent W. M. Hundley and the entire depot force as well. Mr. Hundley has been working for the past year, trying to secure a removal of the Western Union's business from the depot. The officials were slow to act for the reason that it is only of late months, according to their records, that the business of the Brady office justifies an office separate from the railroad office. The business has now reached the required proportions, they say, and the removal will be made as soon as a location can be secured. Mr. Hundley and the depot force will be as glad to see the change made as will any other interested party, as the business was altogether a burden to them and of no advantage.

The Commercial Club recently took the matter up with the officials and were assured some weeks ago that the change would be made, and the club was asked to secure an office up town for the purpose. They have applied for and secured space in the lobby of the Queen Hotel at a nominal rental, and this location will doubtless be accepted, though Agent Hundley has not yet been so notified. The location would, we believe, be the best to be had in town, and would probably meet with the approval of all concerned.

WHY NOT RE-ELECT MR. HAMILTON?

Two years ago Mr. Hamilton was elected Representative in the 85th district almost wholly without effort on his part. It was the unusual case of the office seeking the man. As was expected, he has given general satisfaction. This means much, when we consider the varied interests of this large district. Every newspaper in the district—fifteen of them—says he is a good Representative. Stockmen say he "made good" for them. The Co-operator—state organ of the F. E. C. U.—says he supported every measure of interest to the farmer.

The Mason county Farmers' Union, about one year ago, endorsed Mr. Hamilton's record in the 31st Legislature. It is a fact that the common people never had a better friend in the Texas Legislature than our present Representative. Mr. Hamilton says that all the people in his district are common, every day sort of folks, and he is glad he is one of them. There is no more important office in its sphere, than that of State Representative, and undoubtedly Mr. Hamilton is the man for the place.

Hon. A. T. McKinney, member of the House, from Walker county; a member of the constitutional convention of 1876; judge of courts in his part of the state; many times a member of the State Legislature, said, during one of the hottest scenes of the last session: "Look at Hamilton, of McCulloch county, he is one of the coolest, safest men on this floor." Governor Tom Campbell told a citizen of Brady, that Hamilton was one of the safest men in the House.

Only about twelve new laws were enacted by last legislature, nearly every one of them demanded by the people, such as establishing cotton factory at state penitentiary, teaching cotton classification at Agricultural and Mechanical college, establishing normal school in West Texas, and bank guarantee law.

There is no demand for much new legislation by the next Legislature. There is a demand, however, for remedial legislation, and Mr. Hamilton will stand among the foremost along these lines.

Our asylums must be enlarged; penitentiary system changed; natural resources protected; Agricultural and Mechanical college enlarged and improved; West Texas developed; public utilities, such as railroads, factories, etc., safe guarded; penal and civil court procedure improved, and perjury defined and adequate punishment provided.

The interests of 85th district are absolutely safe in the hands of our present representative, and he will be re-elected.

DODGE DOINGS.

Dodge, Texas, June 28.
Editor Brady Standard:
Crops are looking very well in this part of the section, but rain is needed some. A light shower fell here Sunday and Monday, but not enough to do much good.

Ben McGaughey and wife, and J. D. Connor and wife, of this place, and Calvin Crawford and wife, of the Colony, were the guests of Mr. and Mrs. H. M. Blackwell Sunday.

Quite a crowd of our young folks attended the party and ice cream supper at Melvin Saturday night.

There was a dance given at the home of J. F. Blackwell last Friday night. All present report a nice time.

Rev. Ross filled his appointment here Sunday. Those present from other places were: Miss Kate Nellin and little sister, of Tater Ridge. Mr. and Mrs. John Hall of Carroll Colony, and Mr. and Mrs. Johnson and Isom Nelson of Melvin.

Well, I will close, with best wishes to The Standard and its many readers.

JASAMINE.

We have now made arrangements which we think insures us a supply of Dr. Murray's Vegetable Blood Purifier, Murray's Balsam for the lungs and kidneys, and Murray's Catarrh Remedy, and we now invite all who are diseased to come and try these wonderful remedies. And remember, all these remedies have an honest guarantee, so you can lose nothing if you are not benefited.

VOCA VOICES.

Voca, Texas, June 27.
Editor Brady Standard:
I will try and write this part of the country up for the next issue of the best paper that is put out in this country, or any other country.

We are needing rain on our crops, on corn especially.

Miss Georgia Brown of Voca, has returned home from a several weeks visit to her sister, Mrs. News, of Melvin.

We are glad to say Chas. Jackson is some better at present.

Church last night was well attended. The ice cream supper at G. E. Brown's last Thursday night was well attended. All report a nice time.

Mrs. Crumley visited Mrs. Bidler Darley today.

Miss Bulah Baze of Millersview, is visiting relatives and friends the past week.

Wiley Poe and family of Streeter, have been visiting home folks this week.

Mr. and Mrs. Freeman of Camp San Saba, visited home Saturday night and Sunday.

Miss Grace Appleton of Camp San Saba, visited friends in Gould the first of last week.

Mrs. Brown has returned from an extended visit to relatives in Oklahoma.

Mr. and Mrs. J. H. Smith left Saturday for Williamson county to visit relatives.

Miss Dora Arrington went to Salt Gap Sunday.

As news is scarce, will close.

WALDRIP WHISPERINGS.

Waldrip, Texas, June 27.
Editor Brady Standard:
Rain is needed badly. We had a light shower Saturday evening, but not enough to cool things, for Sunday was dreadfully warm.

Rev. McCaskell of Stacy, preached here Sunday morning and night.

Nat Randals was in Brady Monday. Mr. and Mrs. T. C. Ramsey spent Sunday with Dr. and Mrs. Powell.

Mr. and Mrs. W. S. Gattis and charming daughter, Mina, entertained quite a crowd of young people last Thursday night. All report a perfectly lovely time.

Mac Ramsey is on the sick list this week.

John Beiscope returned home Friday from Carlton. He was accompanied by Mr. Loooney, also of Carlton, who will make them a short visit.

Misses Jessie and Mattie Ramsey left Friday for Mississippi, where they will spend the summer visiting relatives.

A jolly fishing crowd spent Thursday and Thursday night on the river. They only caught three fish, but they enjoyed themselves just the same.

W. T. Stacy was called to Trickam last week by the serious illness of his aged father. He returned the latter part of the week, bringing the sad news of his father's death. All extend their sympathy to him.

Don't forget the convention, and every body come. Tell every one you see about it, and tell them to tell some one else. Let's make this one the best ever. So pack up a lunch and come join us next Sunday, the 3rd.

KATEMEY ITEMS.

Katemey, Texas, June 25.
Editor Brady Standard:
No rain yet though prospects are very good for rain in a few days.

C. M. Coalson, one of the oldest residents in Mason county died Sunday, he was 88 years old.

W. F. Edmiston and family came down from Schleicher county for a few days visit and to put up fruit. Frank says it is very dry out there, so dry that if it don't rain in a few days they will have to move their stock to grass.

Mrs. W. T. Lake and family, of Menard county, are down visiting at Camp San Saba and putting up fruit. People will move off from Mason but they will come back to get something to eat. It was amusing to see Frank fill his hide up after being away about eight months.

I see that the N. & S. railroad people are coming through this country. Look out for Katemey with all of the natural things to make a town. She will make a city with a railroad, we have an abundance of pure water and land that will raise anything from goobers to as fine cattle and horses as you see any where. Then we have about 5000 acres of as fine granite as the state affords, we have an unlimited supply of gravel, good for concrete building, good road improvements and numerous other things that it takes to make a good business town. Rah, for Katemey.

Dr. Hicks Martin has returned from Georgia, where he has been on a visit. Miss Owens, his wife's sister, came back with him. The Dr. lost some of his finger nails grabbing goobers.

Watermelons are beginning to ripen, we will bring you Brady people melons soon.

Editor Brady Standard:
We are still in the lead for good crops but are needing some rain at present.

Moore Bros. are in our neighborhood with their thrasher. Wheat is very good, but oats are rather light. The ice cream supper at Mr. H. M. Mosks was attended by a large crowd, and all reported a nice time.

Rev. M. J. Thames filled his appointment here Sunday.

The singing at J. M. Jones Sunday night was enjoyed by all.

Joe Stevens and Clay Mayfield have new buggies. Look out girls or boys want be first.

Everybody is getting ready for the big picnic, July 9th.

Mr. Oak Louis, of Brown county will make a Farmers Union and Odd Fellow speech at the picnic. Mr. Louis is one of Brown county's best citizens and also a good speaker. There will be several other speakers present. All candidates are invited to come and speak. Everybody come and bring someone with you.

WEST SWEDEN NEWS.

West Sweden, Texas, June 27.
Editor Brady Standard:

The West Sweden Sunday school picnic was a success in every way, and a large crowd attended. Among the young people we noticed the following couples: Oscar Nelson and Miss Sigrid Johnson, Oscar Carlson and Miss Olive Hanson, Oscar Johnson and Miss Signa Carlson Edward Helga and Miss Maude Bergquist, Gus Young and Miss Hulda Johnson, Willie Young and Miss Ellen Bergquist. Among the older people were Mr. and Mrs. A. J. Johnson, Mr. and Mrs. Bergquist from Rochelle, Mr. and Mrs. Carlson from Live Oak, Mr. and Mrs. Ed Lyckman from Cow Gap, and Mr. and Mrs. C. J. Hendrickson.

Mayor S. A. Conley attended our picnic, bringing with him Hon. Wm. Poindexter, who spoke in the evening.

PROOF OF SENSE OF HUMOR

Its Possession by Women Shown in Their Treatment of Phrase in Marriage Ceremony.

One of the party of English suffragettes that recently visited this country attended a social function, during the course of which there was presented to her a gentleman who seemed disposed to poke fun at the principles so dear to the lady and her following.

"All this goes to show, my dear woman lady," said he, "how utterly you women lack a sense of humor."

"I perceive you share the general error in that respect," said the suffragette.

"That women lack humor? Yes." "Really, sir, you're most unobservant," continued the suffragette. "There is in every married woman's life at least one occasion when she evinces the keenest sense of humor."

"You astonish me!" exclaimed the man. "May I ask you to particularize?"

"Certainly. Does she not get by the 'love, honor and obey' part of the marriage ceremony without so much as a smile?"

CHARM OF FEMININITY.

The more feminine the woman the greater her charm. I have never yet seen a woman who could successfully imitate man in either manner or dress.

A girl can be as merry and high-spirited as she likes, but let her also be gentle. She must remember that, as she is a woman, the most natural thing for her to do is to behave as one.

She may be unreasonable and capricious—she can carry off those qualities; but she cannot be rough and hold the respect of men.

The woman who is born to rule men shows her domination from the cradle to the grave. Even as a baby she displays the winning qualities that later will make her a belle.—Exchange

What He Saved.

A prominent Democratic politician who lived at Allentown, was appointed to the position of naval officer at Philadelphia during the second Cleveland administration. While in the city he made a host of friends and all of his waking hours, when he was not engaged in official duties, were spent with these gentlemen, attending various interesting and costly entertainments. At the expiration of his term of office he returned home, and his good mother, who was an old-fashioned German woman, said to him curiously:

"John, what did you save during the four years you were in office?" "Mother," he said, with a smile lighting up his countenance, "I accomplished wonders—I saved my life."

FLYING HIGH.

"Which one of the baseball clubs do you think will come out at the end of the season with flying colors?" "It ought to be the Birds."

Beach-Comber's Sad Fate.

The treacherous murder of a beach-comber by West Australian natives and the narrow escape of his companion are reported from Perth, Western Australia. Madson and Jones, the beach-combers referred to, were in their lugger in Yampa sound when a shore party of natives induced Jones to land and accompany them round a promontory in search of shell. A few minutes later his companion observed the natives running over the hill, but Jones failed to return. At supper time Madson was struck from behind by a native, who had remained with him in the lugger, but he threw his assailant overboard and, on the man attempting to regain the boat, fired and killed him. For two days Madson waited, but as it was then clear that Jones had been murdered the survivor set sail for the nearest port.

Of Importance to the People of Brady

Central Drug Store desires to announce to the readers of The Standard that they have been able to secure the agency for Parisian Sage, the marvelous dandruff cure and delightful hair dressing.

Central Drug Store is glad to state that Parisian Sage is a rigidly guaranteed hair invigorator. It cures dandruff in two weeks by killing the dandruff microbes; it stops falling hair, itching scalp and splitting hair or money back. It is a most pleasant hair dressing, especially for ladies, as it causes the hair grow in thickly and makes it luxuriant lustrous. The price is 50 cents a large bottle, at Central Drug Store.

Heavy Rains Over the County.

Telephone reports from over the county show that heavy rains fell late yesterday afternoon and night at Melvin and Rochelle, while at Nine it amounted to a veritable flood. Eden also had a fine rain. No reports could be had from Menard or Stacy this morning, the wires being crossed. At Mason only a light shower fell. The threatening clouds, accompanied by a fierce gale, caused apprehension on the part of many Brady citizens last evening, but the storm seemed to divide just before reaching Brady and passed around, only a heavy shower falling here. The report was current on the streets that a cyclone had swept Bangs away, but the rumor was entirely unfounded.

**LOWERING COST
OF ROAD BUILDING**

**Dragging a Means of Saving
Millions of Dollars.**

SOLVING THE MUD PROBLEM.

How Stretch of Roadway in Trenton, Mo., Deemed a Failure For Traffic After Rainstorms, Converted Into an Ideal Highway by Use of King's Simple Invention.

To overturn moss grown customs, to change the highway legislation of states, to revolutionize the roadmaking methods of the nation, to arrest the attention of the roadmakers of a continent, to improve the common earth roads to an immeasurable degree and at the same time save millions of dollars by reducing road building expenses—this is the province of the simple, cheap, uncouth, but efficient King drag. Little did I suspect when first I rode a drag down the highway that such claims would ever be made, says D. Ward King, the inventor.

The initial trip was taken in the spring of 1896, and the result was so pleasing and satisfactory that the work

HIGHWAY OF EARLIE.
(From Good Roads Magazine, New York.)

has never lagged from then until now. The effect on the road was instantaneous. The passage of the drag wrought a wonderful change. Whereas the road had been very rough, with two deep ruts in evidence, after the drag had been used it was comparatively smooth, and the ruts, which before dragging stuck out like sore thumbs, were rendered unobtrusive and unobstructive. Before none but the hardest adventurer dared drive out of the beaten track; afterward there was no need to choose a way, for all the surface was smoother than the best portion had been.

The stories told about the King drag and its work are preposterous. They are unreasonable and absurd, and yet they are absolutely true. But I ask no one to believe, for my only object in telling them is to shock the public into giving the new system a trial.

Here is one they are telling in Iowa. In Cedar county a gentleman riding in a spring wagon on a dragged road drove out on one side to allow a four horse wagon load of logs to go by him. The loaded logs went merrily on their way, but the spring wagon had to be dug out with a spade.

From over near Trenton, Mo., comes another. It seems that some years ago a stretch of creek bottom road habitually overflowed after every heavy rain. It regularly became a mass of mud and water. The community declared that it was a physical impossibility to fill in enough earth to build a roadway, and the authorities were planning to condemn land for a new road a quarter of a mile away from the creek. At this moment somebody suggested a test with a King drag. Although the creek still covers the roadway during each freshet, there has been no serious difficulty with that road since the test began.

To the man who drives a team the word gumbo means broken double-trees, horses mired down and other bad road calamities. A quarter of a mile of this sort of gumbo lies between my home and the railway station at Maitland. One morning when I boarded the train at Villisca, Ia., on my return from a lecture trip the trainmen said in response to my inquiry for news from down the road: "Well, sir, they had a terrible storm at Maitland last evening. When we stopped there the rain was falling in sheets. One could hardly see the depot." The train arrived at Maitland, and I stepped into my buggy and drove home over the gumbo quarter. I could see by the debris on the fence wires, still dripping wet, that water had stood three or four feet deep on the road during the night, yet there was not a puddle on its surface, and we traveled its length without the buggy wheels throwing any mud.

Another season the floods covered this same gumbo quarter with water and kept it standing there for more than a week, the road being traveled every day. I appealed to the highway authorities to erect a barricade, for I felt a personal pride in that road, and the prospect of its destruction gave me great mental pain. But the authorities said they were powerless because they could stop public travel only when traveling became dangerous to the public, so they did nothing. At the end of the week the water receded, and this King dragged gumbo boulevard emerged from its seven day baptism absolutely unharmed.

SOCIETY NOTES

MRS. AGNES COOKE, Editor
PHONE 145 38

Mr. and Mrs. L. T. Shaw, of San Antonio, arrived Wednesday for a visit of a few weeks with their daughter, Mrs. Lewis Brook.

The young folks had another delightful dance at the Klondike Hall Tuesday evening.

Last Thursday evening, June 23rd, Miss Ruby Wood invited a crowd of her friends to the Dutton park for a box supper. This was one of the most pleasant affairs of the week.

Mesdames F. W. Henderson and R. A. King entertained their Sunday School class Wednesday night of last week at the residence of the former, with a porch party. The ladies had planned several entertaining contests which made the parting hour arrive all too soon. Cream and cake were served the guests at the conclusion of the evening.

A jolly crowd numbering about thirty, went out to the Henderson park last Thursday night, June 23rd, for an old time moonlight picnic. The ladies had each very daintily prepared a special dish for the occasion. When the lunch was spread the party found themselves seated before a most tempting and bountiful lunch, consisting of meats, sandwiches, salads, cake, pies, tea, lemonade and all other imaginable good things to eat. The party returned to town near the midnight hour.

Mrs. J. F. Schaege and daughter, Miss Mary, returned Saturday from their three weeks tour of the Northern and Eastern states.

Misses Effie and Katie Shaw, of San Antonio, are visiting their sister, Mrs. Lewis Brook.

Last week the writer had the pleasure of being a member of the "Jordan-Richardson" camping party in the Jordan pasture on Brady creek, and a most delightful week it was, with fishing, hunting, games, singing, and last but not least "eating". Of all the good eating in the land, we had it in that camp. The writer feels a delicacy in telling how many red hot biscuits she ate at each meal. For information phone Mrs. S. A. Duke. She deserves the credit for the good old fashioned butter-milk biscuits, made in the good old fashioned dutch oven. Chicken dumplings, potato chips, boiled ham, fish, string beans, tomatoes, peach cobbler, ice cream—and it the best—lemonade, tea, hot coffee, sweet milk—the richest ever seen. Mr. Jordan says his Jersey cow is the best ever, and I believe it now.

A number of town friends visited the camp during the week, and enjoyed with us a few hours of camp life, the pleasure being mutual. Several of the young folks with Dr. and Mrs. A. S. Holley came out Sunday afternoon, took supper at the camp and spent the evening until moon rise at a late hour.

The party broke camp Monday, returning to town just in time to escape the heavy rain of the same day.

The memory of this outing will linger long with the writer, who can testify now that as manager of a camping expedition there are none better than Mr. H. P. Jordan.

Miss Helen Latham, of Fredonia, entertains with a house party from Wednesday until Sunday to the following young ladies: Misses Frankie Tisdale, Gillie Macy, Beulah Sammons, Addie Conner and Marie Crothers. The party anticipates a jolly time.

Mr. Charlie White is at home from his stay at Mineral Wells.

Mrs. Lewis Brook entertained Wednesday evening, June 29th, complimentary to her sisters, Misses Effie and Katie Shaw of San Antonio. Several contests had been planned for the evening entertainment. A delicious salad course with sherbert was served. This party proved to be one of unusual pleasure for the young folks.

Mrs. W. P. Boyd leaves tonight for Brownwood for a short stay. From there she will go to Kentucky for a six months' visit.

A party of Brady friends left Thursday morning for the McCall ranch, near Eden, to bid Mr. and Mrs. McCall and family goodbye. They will leave the last of the week for California where they will spend the summer.

Jack Brenham leaves Saturday night for Fort Worth.

Wednesday morning, June 22, Mrs. George Gansel entertained with cards from 9 till 12 o'clock. Delightful refreshments of cream and cake were served.

Misses Ethel Fletcher and Bee Hocker who have been visiting Misses Nita and Bernice Wolf, left Wednesday night for their home in Lampasas.

The Calvary Circle met Thursday, June 23rd, with Mrs. D. R. Hardison.

Miss Ida May Souther left Tuesday night for Brownwood to attend the wedding Wednesday night of Miss Fannie McHutchen, an old friend of hers.

Mrs. W. D. Crothers and daughter, Miss Marie, returned Wednesday of last week from Mineral Wells.

The Olive Grove Lodge of the Woodman Circle was organized June 16th. Following officers were elected. Mrs. Hardison, Guardian; Mrs. Ed Wade, Advisor; Miss Ollie Verfutch, Clerk; Mr. Ed Wade, Banker; Miss Louise Hardison, Attendant; Mrs. S. J. Call, Grove Physician; Baby Charlie Wade, Mascot. The Grove was organized with twenty one applicants, fifteen of whom passed through the initiatory ceremonies. The Circle will meet next Tuesday afternoon at four o'clock in the Masonic Hall, this being the first regular meeting of the Grove.

Word comes from Brady, Brookesmith, Winchell, Bangs, Coleman, Santa Anna, Goldthwaite and Lampasas that large crowds will attend the fourth of July races at this place. The program is such as will interest all who come. There will be speaking during the morning hours and beginning at 2 o'clock the scheduled races will take place. Some real good purses have been hung up and out-of-town horses will participate in the free-for-alls. A special effort will be made to entertain the people on that day and all citizens of the town are urged to take part. —Brownwood Bulletin.

SOME BULLS OF REAL HUMOR.

All Walks of Life Seem to Have Contributed Sentences Adding to the Gayety of Nations.

The British house of commons, as might have been expected, has contributed a fair share to a very amusing collection of "bulls." It was in one of the debates of that body that the late Col. Sanderson described Eastern Roumelia as "man enough to take her stand" in defense of a certain threatened right.

The biography of Dean Hook recalls a certain minor canon, who used to preach at the cathedral when Hook was a boy at Winchester school. In one of his sermons there occurred the striking reflection that "what is impossible can never be, and very seldom comes to pass."

Another discourse was long remembered for its pathetic lamentation on the degeneracy of the age: "O tempora! O mores! What times we live in! Little boys and girls run about the streets cursing and swearing before they can either walk or talk!"

But the Church of England has no monopoly of these violent contrasts, for it was at a city temple meeting not many years ago that a speaker exclaimed: "I find my time is already gone. Therefore I will keep within it."—Windsor Magazine.

LOVE STILL IN DOUBT

Brownwood-Rockwood Railroad Faces Serious Problems Concerning Right-of-way and Townsites.

According to the Brownwood Bulletin Col. R. A. Love has just returned from the east where he went on matters pertaining to the construction of the Brownwood-Rockwood railroad, for which the enterprising citizens of our sister city not long ago strained themselves in the matter of bonus raising. Col. Love reports that money matters have been arranged and that the road will certainly be built provided the right-of-way can be secured at reasonable figures.

It seems that certain property owners along the proposed route have placed an extortionate price on their holdings and are standing pat, expecting Love to pay their price eventually. This, he declares, is impossible, and unless they lower their sights the road will not be built, as it would be impossible to build it without losing money if the demands of these tightwads are met.

There is also some trouble in the matter of townsites which has a bearing on the situation and may ultimately lead to a knock-out for the construction of the road.

Buccaneers Home Again.

Manager Hail and his baseball team returned yesterday from their road trip, bringing the Comanche team back with them for three games, Thursday, Friday and Saturday. Next Monday, Tuesday and Wednesday the Granbury team will appear on the local diamond, to be followed Thursday, Friday and Saturday by Aspermont.

The locals had a very successful road trip, winning the first six games played and losing the last three. They took three straights from Comanche, three straights from Granbury, then dropped back to Comanche and lost three straights. These losses came hard to the boys, but could not be helped as several of the regular men were on the sick list and substitutes had to be placed in the outfield. Latham's pitching arm was also giving trouble, and while in Granbury the Comanche Indians strengthened their team wonderfully presenting almost an entirely new lineup. This is the team here this week, and close games are anticipated.

The report that the Brady team won a game from Thurber Sunday proved to be a mistake. They did not go to Thurber, but will probably have the Miners over here in the near future. Exact dates for the San Angelo series have not yet been fixed, but Mr. Hail expects to have the Longhorns on the local lot within the next week or two, and promises the fans to rope and tie them in record breaking time.

All games this week called at 4:30 p. m. Go out and see them; they will be good games and your support is needed.

The Poindexter Speaking.

Our Tuesday issue carried an abbreviated mention of the speaking of Hon. Wm. Poindexter last Friday, and the reason is one showing carelessness on the part of the editor, the office devil or the printers—we don't know which.

The article was written Monday morning at much greater length than appeared, telling of the introduction of the speaker by Prof. M. L. Stallings, of the splendid music furnished by the Brady Concert Band, and giving a brief resume of some of the points made by the speaker. The copy was filed—and lost, and only as the paper was going to press was the loss discovered. The forms were held while the substitute article was prepared and placed in type.

The occurrence illustrates once more that mistakes will happen in the best regulated institutions—even in a newspaper office.

To the Public.

Hon. J. H. (Cyclone) Davis will speak at Brady on Thursday, July 7, at 2 o'clock p. m. in the interest of Cone Johnson and prohibition. He will especially answer the speeches recently made by Mr. Poindexter and Mr. Colquitt and show up their records. Come and hear the whole truth that you may know how to vote intelligently.
