ELIMINATION WAS QUICK for Baird baseball teams in tournament action this season. All three of our age groups lost their first round match.

This week our junior teenagers lost their opener in the district tournament after sweeping the league title. And last week the previously-unbeaten senior teenagers lost two in a row for elimination at a district meet in Brownwood.

Little Leaguers found the going rough at Cross Plains, losing their first although winning a second tilt for third place.

Many could construe such losses as meaning a poor season.

But, on the contrary, just getting into district play is a big step for both the teens and junior teens. By winning a place in the tournaments, they proved they are the best in this part of the country by becoming league champions.

In a tournament, where only one game can make or break a team, one ball which takes a bad hop or one error can make the difference.

Rather than being disappointed in our town not winning a tournament game, we are proud of our team's record. How many other towns in West Texas our size qualified three teams for post-season play?

IF YOUR CHILDREN have been interested in swimming lessons this summer but they haven't made it yet, the time is short.

Final lessons of the year will be given at the Baird municipal pool next week. Both beginners and intermediates are invited according to Winn Talley, who heads the program.

IN THIS WEEK'S edition is the word that acreage under the soil bank, wheat and feed grain programs have been released for haying and grazing in our county because of the current drought.

There is much more to it than that, however.

Use of the land must be requested and the request approved by the county ASC committee before haying or grazing may begin. Failure to take care of that technically will cost the landowner any financial benefits he has coming for this year. We strongly recommend that landowners who are not sure about how to take advantage of this concession contact the county ASC office for details.

SOME COFFEE CUPPERS were discussing dry weather the other day. The topic came around to lawns and water bills. "I'm afraid my water bill is going to be so high this month I can't pay it," said one. "Guess I'll just have to let the city repossess my grass."

THIS CORNER was so long-winded last week we ran out of room before getting to the birthdays. To those whose birthday falls this week, we apologize.

They include Mrs. E. E. Crawford and Brent Hughes, Aug. 2; Mike Konczak, Aug. 3; Glenda Y. Aug. 4; Mrs. M. L. Hughes and Jacky Tollett, Aug. 5; Mike Meyer, Nancy Young, Ruby Abernathy and Doreen Petty, Aug. 6; Louise Meyer, Aug. 7; and Frank Windham, Aug. 8.

Due to be another year older next week are Robert Barnhill, Hester Trogdon, Jeraldeen Neal, Aug. 9; Wally Harris, Aug. 10; Mrs. Ace Hickman and Marsha Talley, Aug. 11; J. D. Faircloth, Aug. 12; Dyer Windham, Aug. 13; and Mike Young, G. C. Curtis and Steve Petty, Aug. 15.

Annual Callahan County 4-H, FFA Steer Tour Is Set for Saturday

BY PAT C. GARNER
Callahan County Agent

The third annual Callahan County 4-H and FFA steer tour will be held this Saturday with some 42 fat and commercial steers and heifer projects owned by 27 Callahan County youths to be seen.

Calves will be seen at 13 different locations throughout the county. The tour will start at 7:30 a.m. from the courthouse in Baird and will end at 3:30 p.m. near Cross Plains. A barbecue lunch will be served to those making the tour. Refreshments will be served at various stops.

Some of the calves to be seen on the tour are showing a lot of potential for the various shows in the spring and winter. Quality of the calves is better this year than last year. It is the opinion of the feeders that everyone making the tour will see an excellent group of calves.

Schedule of the tour:
7:30 Leave courthouse, Baird.
7:50 Jim Snyder, Baird, 1 commercial steer.
8:05 Gary Franke, Baird, 2 commercial steers.

WWI Veterans To Meet Aug. 13

More than 300 veterans of World War I and their families are expected for the annual reunion at the Baird American Legion Hall Aug. 13. Registration will begin at 1 p.m.

A picnic supper will be spread, with Baird Barracks 1573, Veterans of World War I furnishing water, tea and coffee, and other incidentals.

There is no registration fee, although a free-will offering will be taken to defray expenses.

Last year's meeting drew some 300 persons from all over Texas and as far away as California. A larger group is expected for this year's session.

WWI veterans, their widows and their families are invited regardless of membership in the Baird barracks.

The reunion was started some six years ago by a group of veterans who went into service for World War I from Callahan County, and for those then living in the county.

For the first three years the meeting was held at the country home of Mr. and Mrs. Paul Shanks south of Clyde. But interest by veterans in adjoining counties forced the program into larger quarters.

Since the meeting was moved to the Baird legion hall, the invitation has been broadened to include WWI veterans regardless of where they live.

Eula Methodists Plan Revival

Eula Methodist Church will hold a revival Aug. 7-16. Services will be held at 10 a.m. and 8 p.m.

Preceding each evening service there will be prayer services for everyone at 7:30 p.m. Following each evening service there will be a short period of recreation and fellowship.

Rev. Brown is a native of Sweetwater and graduated from high school there. A McMurry graduate Rev. Brown received the B.D. Degree from Perkins School of Theology in Dallas in 1951.

While a student at McMurry Rev. Brown served as pastor of the Eula Methodist Church, then known as the Clyde Circuit. Other churches in this area he has served are at Moran, Blackwell, Rule, Paducah, and Albany, where he is in his fifth year.

Rev. Brown is married and has three children. His wife, Mary, is a native of San Antonio. Their three children are Sarah Ruth, 18, who will be a freshman at McMurry this fall; Bobby, 13; and Wesley, 7.

'Hot Message' Quiets Sheriff's Office Voice

That must have been a hot message the Callahan County sheriff's office received Tuesday.

When Deputy Tod Newton stopped by the office Tuesday morning before the building opened, he found it full of smoke. The cause was some sort of malfunction in the office's radio, which overheated the unit to melt insulation and wiring.

The electrical "fire" was enough to knock the radio out of commission and create a highly unpleasant odor. The radio had to be removed for repairs.

This week, things in the sheriff's office are, literally, quiet.

State Committee Delays Callahan Feed Program

The USDA State Disaster Committee has reviewed Callahan County's application for the livestock feed program and has deferred action for the present time.

The committee said that grain sorghum and corn are being harvested over most of the state and counties which have shortage because of drought should be able to obtain feed supplies through normal commercial channels.

In view of this fact, the state committee indicated it does not consider it proper to recommend approval of the livestock feed program in any county.

Diverted Land Use Permitted

Callahan County has been approved for haying and grazing privileges on diverted croplands through Oct. 31 because of current drought conditions, the Department announced this week.

However, the producer must file a request and have it approved by the county ASC office before grazing or haying land which is under either the soil bank, feed grain or wheat programs.

Failure to secure approval from ASC prior to grazing or haying land under the programs means the landowner will lose any payments due him by the government.

Mrs. Dick Vestal was named third grade teacher in Baird Elementary School for the coming school year by trustees in a meeting Tuesday night. She will replace Mrs. Roberta Ross, who resigned to move to El Paso.

Savings Bonds Sales Lagging in Callahan

Savings Bonds sales in Callahan County during the first half of 1964 totaled \$48,068, according to Howard E. Farmer, chairman of the Callahan County Savings Bonds Committee.

He said 26.7 per cent of the 1964 goal has been achieved.

Savings Bonds sales in Texas during the first half of 1964 totaled \$75,465,762 or 50.3 per cent of the 1964 goal of \$150,000,000.

"Owning U.S. Savings Bonds gives financial strength to every family and economic strength to the Nation. For this reason the Treasury Department is conducting a "Strong Families" campaign from Labor Day through Thanksgiving. The goal of this campaign is the purchase of a savings bond by every family," Farmer said.

Hurricane winds of 132 miles per hour has been recorded in Miami, Florida.

Varied Entertainment Is Booked For 1964 West Texas Fair Week

ABILENE — West Texas Fair President Jimmy Lauderdale said Monday that the talent booked for the free Midway Show at the 1964 fair offers a varied assortment of entertainment features designed to please every member of the family, with acts including aerial circus performers, top recording singing artists and comedians and top bands.

The two high wire acts booked for the entire week are tops in show business. Bettina, a female daredevil, has in two seasons finally created what is regarded as the highest and most dangerous aerial act ever presented by any young lady in the outdoor show world. She works at a height of 125 feet presenting a routine on a swaying pole, finishing with a "slide for life." This is the highest act in the history of outdoor shows ever attempted by a girl.

The Unique Luvas, a mother and son duo, grew up in German circuses and migrated to America having appeared on Ed Sullivan's television programs. Trudy Luvas admits she is 49 years old. "I trained both of my sons for this act," said Trudy, who was trained in trapeze work by her father in Germany.

Peter, her oldest son who left the act, and his wife now have a touring show of their own. Trudy's 19 year old son, Harry, is carrying on family traditions by walking upside down on an apparatus 60 feet above the ground. He also hangs by his heels on a flying trapeze suspended by a loop around his mother's neck.

Four recording artists take top billing during the week of September 14-19 with Johnny Tillotson, whose hit "Talk Back Trembling Lips", skyrocketed him to a nationally-known singer, appearing Monday and Tuesday; Roy Clark, fastest guitar player in the world and singing comedian, seen frequently in the Jimmy Dean show, booked Monday through Thursday; Roger Miller, fiddle player turned song writer, whose current hit, "Dang Me", is taking the country, scheduled for Wednesday, Thursday and Friday; and climaxing the week of entertainment is long-time singing cowboy star, Eddy Arnold.

"The Youngfolk," a group of seven performing youngsters with a new concept in entertainment, are scheduled for Wednesday through Saturday. Singing traditional folk music, they combine comedy with show-business knowhow to give a well rounded program.

Backing up the stage shows will be the Billy Williams orchestra, whose recent engagements include the New York State Fair, the Peabody Hotel in Memphis, the Aragon Ballroom in Chicago, and numerous other entertainment centers over the United States.

TECUMSEH TOPICS

BY LILLIAN CRAWFORD

No rain yet, however showers were near by last week. One that Lynda Crawford and I witnessed, a very good rain, Wednesday while in Abilene visiting in Hulon Crawford's home. From where we were we thought the creeks out our way would be full, but to our disappointment we only got scattered rain drops.

I enjoyed the letter to the editor from Mrs. Mary Coulter of California. I think her suggestion in praying for rain is very good. Surely God has answered many prayers in the past, and I truly believe he stands ready to answer day by day. If my people, which are called by my name, shall humble themselves and pray and seek my face and turn from their wicked ways, then will I hear from heaven and will forgive their sins and will heal their land. II Chronicles 7:14.

Mr. and Mrs. Joe Crawford, Abilene, recently went on vacation to Carlsbad Caverns and to Coolidge, Ariz. They made it safely home and were out in the country a couple of days.

Dale Crawford and family visited Mr. and Mrs. Ira Crawford and Lynda Saturday. They are on vacation this week.

OPLIN OBSERVATIONS

BY DAPHNE FLOYD

It is still so hot and dry in these parts! One thing you can say about the scarcity of water around Oplin on the parts of the small stock farmers, it sure makes a togetherness. When some three or four water haulers pump one well dry, they hunt up another old well, clean it out, move the water pump to it and share its contents to the last drop. See what I mean by togetherness?

Mrs. Ruth Rogers of Abilene had Sunday dinner with her brother-in-law and wife, Mr. and Mrs. Herbert Rogers. En route home she stopped and visited awhile with her brother and wife, Mr. and Mrs. Ray Floyd.

Mrs. Winifred Scott will be in San Antonio this week attending a convention in regard to her teaching home economics.

Bill Poindexter filled the pulpit at the Baptist Church last Sunday in the absence of the pastor, Aubrey McAuley who was closing a revival at the Scranton Baptist Church. I'm sure Bill was pleased to have his mother, Mrs. Etta Poindexter of Lawn and a sister-in-law and children, Mrs. Dave Poindexter, Dwan, Brenda and a married daughter, Mrs. Richard Marshall and month old baby son Ricky Dale all of Lawn, to be in services and hear him speak. The visitors were especially welcome as they are former residents of Oplin.

Mr. and Mrs. M. C. Miller attended the homecoming at Potosi last Saturday night and Sunday.

Dicy and Kathi Scott visited with Mrs. Ray Floyd on Tuesday of this week.

Mr., Mrs. Sims Attend Rites for His Aunt

Mr. and Mrs. Jack Sims of Baird attended services Monday for his aunt, Mrs. Zetta Carter, in Smithville. She is the mother of Clifton C. Carter, longtime associate of President Johnson.

Mrs. Carter was active in the Methodist church at Smithville, where she was choir director, pianist and organist. She was superintendent of the Sunday school's junior department, and was past matron of the Order of the Eastern Star.

Her husband, Clifton Carter, died in 1945.

Surviving in addition to the son already mentioned is another son, Johnny of Washington, D. C.; two daughters, Mrs. Gordon Hodges of Smithville and Mrs. Joe Marshall of Lake Jackson.
