SOME OBSERVATIONS.

Mason News Man Visits Best Town in the State.

Lee Eckert made a flying trip to Brady Monday in his little Ford, accompanied by J. D. Schenk, Miss Lucile Smith, Bennie Grote and the News man. A pretty good rain had fallen the previous afternoon about Katemcy and left the ground very soft, and puddles of water, and though the river had been on a slight rise, it had fallen so there was no delay in crossing. Crops all along are looking fine, and it is hoped favorable conditions will continue.

Mason county roads have been greatly improved in the last few years, but the lack of road dragging was very noticeable just after the rain. A great deal of loss is sustained by not keeping the roads up after large sums have been expended in repairing them, and dragging the roads after a rain will pay handsomely for the work done.

McCulloch county is to be congratulated upon the splendid work in grading the road out about seven miles, and they may have our permission to continue the good work on to the river. In fact it should be continued to the county line, and Mason county should meet them there with a first-class road all the way to Mason. This county has within the last few years done some good road work and the traveling public have complimented us very highly for the achievement. The work should not be allowed to lag, for there is no greater attraction to any section than good roads, and after spending good money to build them they should not be allowed to deteriorate.

It is said that parties are planning to spend a few thousand dollars on the road from Menard to Junction and put on motor trucks for hauling freight, the condition being that they be furnished a stated amount of hauling. This scheme looks good and might be pursued to advantage by our business people.

Brady had just received a good rain, though the small grain crops had suffered for rain. Still it is believed that a great oat yield will be harvested there, the largest acreage ever known having been put in small grain. It is said on the Gansel ranch there are 2,000 acres in oats, and every farmer has in a good acreage of this most perfect food stuff.

One of the most recent noticeable additions to Brady is the three-story brick building of O. D. Mann & Sons, which is just completed. Among the people we met was C. W. L. Schaege, who is still supplying McCulloch and surrounding counties with good vehicles of every description, and is in the market for all the horses, mules and cattle he can get. He is still a booster for Brady, notwithstanding a series of depressing crop failures.

A young man who has grown up with the town is H. P. C. Evers, who conducts an up-to-date saddlery business, and has recently moved into new and larger quarters close-by the old stand. He has recently issued a handsome catalogue of his goods and is anxious to supply prospective buyers.

J. F. Schaege is another business man who keeps busy, as he is manufacturer of saddles that have become famous in the cowboy world. Having made his home in former years in both Llano and Mason, his saddles

as well known in these counties as in his own.

Ed Broad is still engaged in business in Brady with his brother, Howard, former Mason boys.

After about four hours in McCulloch's capital the return home was made in about 2 1/2 hours. Miss Vedia Smith, returning from Sherman school, joining the party, and Mr. Schenk leaving us for his home in Michigan.

Talk about annihilating distance, the automobile is IT! Think of leaving Mason at 10:15 in the morning, spending four hours in Brady, thirty miles away and getting back before night. In the ox cart days this would have appeared a dream never to be realized.—Mason News.

Order your meats early. If you can, place your order before 9:30 a. m., and your meat will be delivered on the first round, assuring you prompt service. Abney & Vincent.

Rev. C. C. Mayo, who preached Sunday in the Liberty community, about two miles below Voca, reports grasshoppers quite numerous in that community. Most of the hoppers are quite small, having apparently just been hatched, and they literally cover some of the fields. Some few of the farmers have sought protection from the pests by fencing their fields against them with tin, while others have made no steps as yet to destroy the invaders or protect themselves.

New Studebaker Arrives.

No Brady citizen ever had cause to be more proud of a new automobile than is B. Simpson of his handsome new Studebaker received last Saturday. The car is a four-passenger, 25 horse-power, and sells for \$950 laid down in Brady. It is superbly finished and equipped, and all will readily agree that at the price it is one of the very best cars on the market. Mr. Simpson has received many favorable comments upon the car, and expects, before the end of the year, to place a goodly number of them with the citizens of McCulloch and surrounding counties.

SUMMER NORMAL.

Begins at San Saba June 19th to 31st.

Elsewhere in this issue will be found an announcement of the normal to be held at San Saba commencing Thursday, June 19th. The normal committee has secured a strong faculty, and has used every effort to insure the complete success of the normal. Low rates of board and lodging have been assured, and the best of care and attention will be given all who attend.

Mrs. Moore wants to close her store June 10th and open Sept. 10, and I have some good hats and will sell them at cost, so all who want a hat, call early. I thank my friends for past favors, and hope to serve you for several years yet. Mrs. M. J. Moore.

W. R. Davidson, Jr., Saturday received one of the prettiest cars to be seen in Brady—a blue Chalmers 30-horse power roadster, and is just as well pleased with his newest purchase as if it were the first car he ever owned.

A Steelhammer orders The Standard sent to S. W. Harrington at Plano, Texas, for a year.

MCCULLOCH PROGRESSIVE.

Lohn Votes Almost Unanimously for Stock Law.

That McCulloch county is fast forging to the front is evidenced by the discarding of the old-fogy notions, and substituting therefor progressive methods and up-to-date rules and regulations.

In the election held at Lohn last Saturday upon the stock law question, the result was almost unanimous in favor of the same, 16 voting for the law as compared with one against it.

The result of the election means that after thirty days horses, mules, jacks, jennets, cows, etc., will no longer be allowed to roam at large in the Lohn common school district, but will have to regard the green and tempting vegetation along the roadside with longing eyes from behind the wires of the fence.

Brady Creamery.

Will be in the market for all the cream that can be produced, and we guarantee our test, and will give you market price at all times. Will receive cream Wednesdays and Saturdays.

HENRY MILLER.

BRADY TO SAN ANTONIO.

Col. Love Says Will Build Road North.

While in San Antonio recently the Bulletin man met and talked with Col. R. A. Love, the railroad promoter and a former citizen of Brownwood. Col. Love is now busily engaged in building a line of railway from Fredericksburg to San Antonio, and although the line runs through some of the roughest country imaginable, he is making rapid progress. He is just finishing a 960 foot tunnel, the only railroad tunnel in the state, and after this is finished he will be through the worst part of his undertaking. Col. Love said that as soon as the road was finished to Fredericksburg, he would immediately push out north, connecting up with the town that offered him the best proposition. He has plenty of financial backing in his enterprise and means business. He has several places in view, San Angelo, Coleman, Brady and possibly Brownwood via San Saba, though if Brownwood secures the road she will have to put in a good, strong bid. Col. Love stands well with the people of San Antonio, and has but to ask for anything he wants to get it.—Brownwood Bulletin.

Remember the Place.

To eat and drink when you are in Brady—Irwin has a barrel of ice water and plenty of barbecued meat and sausage, and also a nice, cool place to eat. At Model Market.

USING ARSENIC.

In Grasshopper War at Wichita Falls.

Wichita Falls, May 24.—Arsenic by the barrel is being used by the farmers of this section in a fight against grasshoppers. The insects are more numerous than for many years and especially in wheat and oats. The farmers make a syrup containing the poison.

Tatum Gressett has moved to Comanche, but he took with him the best thing from McCulloch county he could get—The Brady Standard—we know he thinks The Standard a good thing because he sent in his renewal and word along with the renewal that he just couldn't do without the paper.

More Buicks Sold.

B. A. Hallum of the Brady Auto Co. last week sold three more Buicks, all three of the cars going to Brownwood parties. Walter Tabor and Sam McInnis were purchasers each of a Model 31, full electric equipped cars, while Will Lawson purchased a Model 25. The Buicks are finding great favor among Brownwood folks, and Mr. Hallum is anticipating a large number of sales before the close of the year.

As an indication of the efforts being put forth by the Buick company to take care of their customers, Mr. Hallum states that last Thursday he phoned the Dallas house for a car of Buicks. The Dallas house wired the order to the factory, and in less than twenty-four hours from the time he phoned the order to Dallas, Mr. Hallum had a reply from the factory stating that they were loading the cars and would make shipment at once.

KRESO

Combination of Coal-Tar Derivatives.
(NON-CARBOLIC.)

A STANDARDIZED DISINFECTANT, ANTISEPTIC CLEANSER, DEODORIZER AND PURIFIER

Kreso possesses advantages which make it better and safer than any other material for household disinfecting, and it is preferable to carbolic acid, because it does not burn, is chloride of lime, copperas, etc., because it is practically non-poisonous, and can therefore be used freely, and is safe to have around. It is not caustic or irritating; it does not attack metals, and therefore does not destroy plumbing; it does not permanently stain washable fabrics.

First. It is safe. In the dilution recommended it is practically non-poisonous, and can therefore be used freely, and is safe to have around. It is not caustic or irritating; it does not attack metals, and therefore does not destroy plumbing; it does not permanently stain washable fabrics.

Second. It is efficient. Our laboratory tests require that in a 1% solution it must destroy the most resistant disinfectant (the green pus germ) in one minute. It thus disinfects, cleanses and purifies. It destroys foul odors, not by substituting another, but by destroying the cause of the odor.

Third. It is standardized, always the same. You can depend upon it. Kreso is particularly valuable in preventing an outbreak of contagious diseases, by destroying infection, cleansing, purifying and purifying ventilation. It is the ideal disinfectant for HOSPITALS, RAILWAY STATIONS, PUBLIC BUILDINGS, SCHOOL ROOMS, BATH-ROOMS, WATER-CLOSETS, URINALS, KITCHEN SINKS, STORE ROOMS, OUT-DOORS, GARBAGE BOXES, GULL-PHOOLS, STABLES, DOG-KENNELS, CAGES, ETC.

For all general disinfecting purposes mix Kreso with water (warm preferred) in the following proportions:
1 tablespoonful Kreso. 1 pint water.
1 pint Kreso. 1 gallon water.
making approximately a 1-in-100 solution.

GET TOGETHER.

With the election of an al-
most entire new set of directors
for the Brady Commercial club,
renewed life and energy has
been put into that organization
and the directors are deter-
mined to do bigger things during
the coming year and instill
greater faith in McCulloch
county and work up more en-
thusiasm among her citizens
than ever before.

The finance committee ap-
pointed by the directors has been
quite successful in their solici-
tation of support for the club,
and with this substantial indica-
tion of backing by the citizens
of Brady, there is naught to hin-
der the club from starting out
upon an era of unprecedented
prosperity.

In order to interest every citi-
zen of Brady and McCulloch
county in the club, and to give
them an insight into what the
club is doing, can do and will do
with the proper support, the di-
rectors are planning a monster
get-together meeting. This
should be a gathering without
equal in the history of Brady.
Let's all join hands and unite
our efforts in boosting Brady
and McCulloch county. There's
a great future in store for us,
and the better we co-operate the
sooner will that hope become a
realization.

Get together! Are you in?

A HEN WHAT AM.

A hen in Brady hatched a
chicken with four legs the other
day and the editor of The
Standard is taking an option on
the hen with a view of supply-
ing frying chickens for the vari-
ous Methodist conferences. If
he can get the breed started he
ought to be able to make a bar-
rel of money.—San Antonio Ex-
press.

And since then we have had a
chick hatched out with but one
eye. Eyes in chickens (and
necks) are entirely useless as
tasty delicacies, and as soon as
we succeed in eliminating these
undesirable features and substi-
tuting an extra pair of legs, a
barrel wouldn't hold our fortune.

Get a swatter and swat.

If you want to get a picture
of paradise on earth, bring your
kodak to Brady.

It's shocking! The oats are
being shocked. McCulloch county
farmers believe in reaping
while the sun shines.

Callan now claims the title of
"Colonel." This illustrates how
small he is. Once we stepped on
a peanut and killed a kernel.

BREVITY—THE SOUL OF WIT.

Learn to be short. Long visits, long stories, long
exhortations and long prayers seldom profit those who
have to do with them. Life is short. Time is short. Mo-
ments are precious. Learn to condense, abridge and in-
tensify. We can endure many an ache and ill if it is soon
over, while pleasures grow insipid and man intolerable
if they are protracted beyond the limits of reason and
convenience. Learn to be short. Lop off branches; stick
to the main fact in your case. If you pray, ask what you
would receive and get through; if you speak, tell your
message and hold your peace. Boil down two words into
one, and three into two. Always learn to be short.

In short, get the best out of life, whether it be
pleasure or business.

EXPLANATIONS.

We found the following writ-
ten in a flowing German text on
our desk tab last Thursday eve-
ning:

"Hello, Cowan!" Schwenker.
How did he get here, is what
has the Star wool-gathered?
Did he come in an air ship, auto
or in the spirit? It all happened
while we were rooting at the
races and nothing but an expla-
nation will solve this mysteri-
ous visitation—we mean of Har-
ry—the result of that horse race
was a cinch. If the editor of
The Standard was really here in
flesh and blood he will have to
make all necessary apologies for
making such a hurried visit.—
San Saba Star.

We apologize. It was honest-
to-goodness us! When the Lo-
meta-bound Santa Fe slowed up
for San Saba we hit for town in
a gallop, just in order to rush
upon Bro. Cowan unawares and
thank him from the bottom of
our heart for having induced
us to locate at Brady—the bull-
est burg of them all. But when
we got there, the print-house
was bare. No Cowan was there
to greet us—even the devil
(printer's devil) had taken his
flight. The place had a deserted,
left-in-a-hurry appearance.
The week's paper had been
printed and folded, ready for
delivery. The type was standing
even as a tub upon its own bot-
tom. Nothing had been distur-
bed!

Was it ghosts? What terri-
ble calamity had befallen our
brother editor? We waited not
to discover, but as one pursued
by a thousand ghosts we galloped
back to the "day-po" much
in the same fashion we had
come. And to think it was only
a horse race!

IN BRADY SUBURBS.

Col. Claude Callan, the Pre-
siding Elder of the Menard
Messenger, who'd rather pick a
long distance row than land an
cash-in-advance scanner, exco-
riates us in one of his charac-
teristic jeremiads because he
dropped into our sanctum dur-
ing some vague, hazy visit he
made to Pantherville and found
us out. If this be true, we were
probably chasing advts. for this
sheet, & strictly attending to
bus. At the time the Frisco
spur-line was opnd. up into Me-
nard, we attended the exercises
down there, in that bright, lit-
tle thriving suburb of Brady, &
did NOT see Col. Callan. In fact,
we didn't even hear of him.
You might triumph in a jaw-fest
with State Press, who is said to
be fat and good-natured, Col.,
but when you tackle us you

wave a red rag also in front of
our 31,687 Sabbath perusers, &
unless you possess the muscu-
larity of Samson, and the under-
pinning of an W. Tex. jackrab-
bit, you'd better desist while the
desisting's good, are our friend-
ly, fraternal words of advice.—
Hep Blackman in Sunday Sand-
wich of Fort Worth Star-Tele-
gram.

BACKWARD PROGRESSIVE- NESS.

We often marvel at the un-
progressiveness of some pro-
gressive communities. It is so
frequently the case that a city
or town that is considered one
of the best and most alive in
nearly every respect is a cen-
tury behind the times in others.
And the worst part appears to
be that they seem to find no
way out of the rut.

What calls this to mind is an
article in the Brownwood News
reporting the action of the city
council in voting down an ordi-
nance to prohibit the keeping of
hog pens within the city lim-
its. To think that Brownwood,
the cleanest city in Texas,
should still boast of hog pens
seems almost inconceivable. And
marvel of all marvels is that,
with such conditions, she should
have ever been named the clean-
est city.

And another thing! With the
splendid supply of water se-
cured for the city, and with her
waterworks system upon a pay-
ing, even profitable basis,
Brownwood still lacks a filtra-
tion plant, and her citizens must,
with every rain, drink the mud-
dy waters of the bayou.

Brownwood is a progressive
burg. No one will deny that.
It is fast leaving the town class,
and is becoming a city. Just
why her citizens and her city
fathers should be so retrogres-
sive in these particular respects
is hard to understand, unless it
is that they wish to leave some
work for future generations.

Meanwhile, let's give Brady
some street lights.

A home in Brady is as near
as some folks may ever get to
Heaven.

Many Brady yards are beau-
tiful in their profusion of frag-
rant flowers. Yours can be
just the same, and the effort
won't shorten your life the least
whit.

How can you expect Brady to
become a city beautiful when
you let your front yard and your
back yard go to seed in weeds?
Get busy with the lawnmower
and the hoe—its good exercise.

CREDITABLE WORK.

One of the most creditable
pieces of work presented to the
citizens of Brady is the High
School Annual just completed
by The Standard and now ready
for distribution. The Annual is
the work of the same editorial
staff which so successfully pub-
lished the High School Journal
the past several months, and
the success of the volume is due
chiefly to the earnest and untir-
ing efforts of Editor-in-Chief
Orval T. Jackson, former Busi-
ness Manager Rockett Hall and
Business Manager H. Ryan Ad-
kins.

The annual is a neatly design-
ed volume of 28 pages, and con-
tains much valuable and inter-
esting reading concerning school
matters. Included are the es-
says of both the graduates, a re-
sume of the athletics of the
high school, the senior farewell,
and other articles, as well as ex-
cellent likenesses of the mem-
bers of the faculty and of the
graduating class.

The annual contains a liberal
share of advertising, which be-
speaks much for the interest
shown by the merchants in mak-
ing the work a success from a
financial standpoint as well.
With the success attained along
journalistic lines the year just
closed, even greater and better
work may be expected to be un-
dertaken during the year to come.

Callan says the pants he wore
in Brady were only respectable
as long as he was seated. Since
going to Menard he has revers-
ed the same pair of trousers
and now has the affront to say
they are perfectly respectable
just because the knees bag in-
wardly.

Pretty Pets.

T. O. Squyres, during the ab-
sence of his family, is devoting
his spare moments to cultivat-
ing the acquaintance of two
young hoot owls. The owls
were captured near Whiteland,
and were presented to Bob Lind-
say, who in turn placed them in
the keeping of Mr. Squyres.
During their period of captivity
the birds have become quite
tame, and while they hiss and
look ferocious when approached
they respond quite freely to
petting. The owls are not large
enough to be able to hoot, and
their horns are just beginning
to make their appearance.

San Saba Horse Wins Race.

The race meet at the fair
grounds Thursday of last week
was an entertaining event, with
the runners scoring well. The
big race of the meet was the
quarter run, with Dutchess Phil-
lip and Wandering Sam pitted
together. The winners were:

1/4-mile, Dutchess Phillip,
first; Wandering Sam, second;
Little Joe, third; time, :24.
3/8-mile, Billy Boy, first;
Speedy Boy, second; Dixie,
third; time, :38 1/2.

Saddle horses: Little Joe,
owned by Ed Crawford, first;
Baby, owned by Dooley Gauny,
second; Black Texas, owned by
John Russell, third; time, :25.
There were seven entries in this
race.

1/2-mile: Battle Axe, owned
by Ward Holman, first; Dowdy,
owned by L. H. Ward, second;
War Boy, owned by Travis Lock-
lear, third; time :56.

Sheriff Miller acted as starter
in all races and W. J. Moore, P.
H. Walker and W. C. Edwards
were the judges.—San Saba

Thos. G. Heath and wife were Rochelle folks who spent Saturday here.

Walter W. Russell and Dudley Mason were here from Menard Saturday.

Mrs. Willie Woodard left yesterday for Voca to take charge of a patient there.

Rev. D. R. Hardison went to Mason Saturday to conduct services there Sunday.

Miss Lela Broad of Fort Worth is the guest of her cousin, Miss Nell Jackson.

Miss Chase Crothers is the guest of her sister, Mrs. H. M. Brannum, in Fort Worth.

Mrs. Fannie Jackson is reported quite seriously ill at her home in the Voca community.

G. A. Lehman and wife of Hext are visitors in Brady, the guests of Mr. and Mrs. Tom Elliott.

Miss Mary Hawkins of Stephenville was the guest of Misses Yeager the latter part of last week.

Miss Lillian Roberts came in from Lohn Sunday and will be the guest of friends here this week.

Vernon Elliott returned Sunday from Dallas for a visit with his parents, Mr. and Mrs. R. M. Elliott.

Ulna Hardison came in from Callan the latter part of last week on a visit to home folks and friends.

Frank Hurd returned last Friday from Brownwood, where he delivered a couple of Buicks during the week.

Mike Jennings accompanied Miss Beula Mebus to Brady from Rochelle Sunday, returning to Fredonia Sunday night.

Messrs. and Mesdames Claud Baker and Roy Vaughn came in from Pasche Sunday evening, spending Monday with relatives here.

Messrs. Dick Wilson and Herbert Arvin spent Sunday here from Brownwood, and while in the city were guests of John Ramey.

Miss Ruth Quinn has resigned her position as pianist at the Lyric-Airdome and left last night for her home at Fort Wells, Tenn.

Mrs. J. M. Anderson and little daughter are the guests of Mrs. Anderson's parents, Mr. and Mrs. L. D. Ferguson, at Pear Valley this week.

J. B. Williams of Dallas was here yesterday in the interest of the Sharples cream separator, and established an agency here with Wm. Connolly & Co.

Mr. and Mrs. Henry Miller and daughter, Miss Sallie, left Saturday night for Chattanooga, Tenn., where they will enjoy the great ex-Confederate reunion.

Miss Gladys Yeager, accompanied by her guest, Miss Mary Hawkins, of Stephenville left Saturday night for Brownwood, where they will visit at Howard Payne college.

Alfred Reissner has returned from a sojourn of several months in South Texas, where he visited home folks at Hallettsville, as well as relatives and friends in that section.

George Yantis returned last Friday from Dallas, where he has completed a course in pharmacy, and has been spending the past few days with his parents and friends here.

Mrs. T. O. Squyres and children, who have been visiting Mr.

Squyres' parents at Mercury the past week or so, will return Sunday. Mr. Squyres will go to Mercury to accompany them home.

Mrs. N. C. Cottrell returned Wednesday from a visit to her daughter, Mrs. J. T. Gressett, and family in Comanche county. She reports Mrs. Gressett as still unable to walk without the aid of crutches.

L. W. St. Clair spent Sunday and yesterday here with home folks, returning to San Saba this morning. L. W. is doing a splendid business at that place, and his work is finding great favor there.

Mrs. W. M. Burgess arrived yesterday from El Centro, Cal., where she has been spending the past several months. She reports that country very dry, and she was delighted to be back in Brady once more.

Miss Beula Mebus of Mason, who has been spending the past couple weeks visiting at Fife and Rochelle, was in Brady Sunday, leaving Sunday night for Brooksmith and Brownwood to spend several weeks with relatives.

E. H. Rogers and wife of Milllett arrived yesterday and will be the guests of her parents, Mr. and Mrs. J. W. Kinsel of the Cow Creek community. Mr. Rogers holds a responsible position as section foreman with the I. & G. N.

Mrs. J. M. Fuller returned Sunday from Richland Springs, where she had been the guest of her brother, Geo. W. Thornton, and family the past couple weeks. Mr. Thornton accompanied her to Brady, spending Monday here on business.

Mr. and Mrs. E. E. Polk and son, Allison, are spending the week at Peg Leg farm, having left for that place last Sunday. While at the farm Mr. Polk expects to try his hand at fishing and farming, with a lot of good eating sandwiched in.

W. H. Lake was in the city from Brownwood yesterday on business, and incidentally greeting friends. He reports everything looking quite good in the Brownwood neighborhood, although the last couple rains missed that place almost entirely.

I. G. Abney left Saturday night to attend the ex-Confederate reunion at Chattanooga, Tenn. While on the trip Mr. Abney will spend a week or two visiting relatives and old friends in his former haunts in Georgia, and as a consequence, is anticipating an all-round good time.

Rev. C. C. Mayo was here yesterday, returning to Pear Valley from Liberty, where he conducted services Sunday. He reports a splendid attendance at the services—the best attend-

ance that he had addressed in some time—and Rev. Mayo took advantage of the opportunity to organize a Sunday school, which starts off with splendid enthusiasm and good prospects.

John Wall returned last week from San Angelo and Eldorado, where he had been on business. While at San Angelo he visited Mr. and Mrs. J. D. Branscum, and the many Brady friends of the family will be glad to learn that Mrs. Branscum was quite a bit improved at that time. With the coming of warm weather it is hoped she may entirely regain her former health and strength.

Mr. and Mrs. Tom Elliot returned Sunday from the Baker farm at Pasche, where Mrs. Elliot had been visiting for some time. Mr. Elliot reports the country looking beautiful, and everything in the best shape he ever remembers seeing it. They had an immense rain out in that neighborhood, but no washes, all the rains being good, steady soakers. The hail stripped the corn, but both corn and cotton are coming out nicely.

Mr. and Mrs. H. P. Jordan are again in the midst of the delights of their summer camp just a mile west of Brady on Brady creek, and expect to enjoy their outing this year more than ever. Mr. Jordan's already beautiful and comfortable summer house has been still further improved, and with the past heavy rains fishing in the creek is at its best, assuring good sport and an abundance of the finny tribe at all times.

W. J. Yantis will accompany George Yantis to Dallas tonight, where the latter will take part in the commencement exercises at Baylor university, he being a graduate of the Department of Pharmacy. George has made a splendid record at school, and his many friends will be interested to learn that he has accepted an excellent position with D. W. Bozeman at Pecos, for which place he will leave after the commencement exercises at Dallas.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the work of each and every cell and completely destroy the whole system when entering it through the mucous surfaces, such articles should never be used except on prescription from reputable physicians, as the damage they will do is too great for the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

Cheapest accident insurance—Dr. Thomas' Electric Oil. For burns, scalds, cuts and emergencies. All druggists sell it. 25c and 50c.

D. H. Campbell was feeling just in the right humor last Saturday to invade our sanctum sanctorum with a two-dollar contribution to our fund for the care and maintenance of editors in their old age. Just to illustrate how thankful we are for small favors, we put Mr. Campbell on our mailing list for one year, and J. E. Dial of Markham is also going to receive The Standard a year, compliments of Mr. Campbell.

Caring for Cemetery.

The caring of the Brady cemetery has been a problem for some time, the satisfactory solution of which appears no nearer now than it ever has been. Quite a number of citizens who are interested in the caring of the cemetery, or at least portions of it, have employed S. T. Barnes, and the work of this gentleman is reported as very satisfactory, and many compliments have been passed upon his efforts.

It is now planned to get up a list of monthly contributions toward providing a permanent fund for the care and improvement of the cemetery, and with the usual liberal response given papers of this kind, the employment of a caretaker should be assured.

HIS TROUBLE NOT OF HEART

Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain. After other remedies had failed, Theford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold. It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Theford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Theford's. Price 25c.

In reporting the two deaths which occurred at Mason last week, we stated that each of the men left orphaned children. This was an error upon our part, our informant stating that they were widows' children, whereas we understood him to say they were widowers with children.

From the News.

Harry Bierschwale reports .94 of an inch of rain Thursday morning early.

J. M. Stewart was here Wednesday from Brady to bring a new Overland for Dr. Baze.

A. W. Kooch went to Brady Friday and returned home Monday with Mrs. Kooch, who had been visiting there.

Henry Martin, who was tried last week for lunacy was declared insane and was taken to the asylum at Austin this week by Sheriff Baird.

Mrs. Ed Jackson and daughters, Misses Nellie and Lila Bell, and son, Orval, were here from Brady Wednesday to visit Jacob Schuessler and family.

Will Zirrax received the sad news that his sister, Olga, Mrs. Joe Rogers, of Dallas died May 13th, 1913. She leaves a husband, a mother, three brothers and five sisters. She is a sister of Gus Zirrax and a sister of Mrs. Jim Rogers, who was accidentally killed a few weeks ago. The remains were laid to rest at Waco, the home of her mother.

The London country was visited last Friday by a great hail that was said to have done much damage in the places it reached. It is said that the hailstones were the largest ever known, some of them fifteen inches around and going through roofs of houses like rocks, killing stock and pounding vegetation into the earth. We hope this report is greatly exaggerated.

CALLAN CONCOCTIONS FOR MAGNIFICENT MENARD

From the Messenger.

G. R. White was over from the Brady shipping pens last week.

The Press association meeting in San Antonio last week was a failure, due to our absence.

The San Saba is up so often nowadays that we may ask congress to make Menard a port of entry.

There is never any occasion for whipping a child as punishment. If it does wrong, make it wash its face.

Major Mose Harris invites us to "hop into the Progressive automobile." There's no use. It "stripped its gear" last fall.

J. R. Walker's horse, Cassius, ran faster than the Del Rio horse, and the Menard bunch came home loaded down with pocket knives.

They have been having hoss races in Del Rio. We dislike hoss races where there is betting of any kind, but it is the limit when they have races in a town where they've nothing to bet but bone handled pocket knives.

A newspaper published in an Ohio penitentiary had to suspend publication because there were no printers among the inmates. The reason may be because the printers are all saints, or it may be because they haven't enough money to employ lawyers to get them into trouble.

The editor of the Coleman Voice says he will continue to fight for the democratic party if it takes the shirt off his back. That is not much enthusiasm. The season is approaching when it will be more comfortable in a printing office without a shirt. The question is, will he fight for the party this summer if it covers him up in free wool.

State Press says that when we took his pants to use in a tariff editorial there was a silver dollar in one pocket, and when we returned the pants the dollar was gone. We herewith enclose him a dollar, but we are sure he is mistaken. We went through the pockets of his pants, all right, but they contained nothing but a corkscrew, a little pamphlet on "How to Make Love" and four letters from as many girls.

State Press deposes and says that "any able bodied man can earn an honest living for one wife and twelve children." It can't be did. Of course a man might keep a wife and twelve small children alive, but that is not living. If State Press means that a man can support a wife and twelve grown daughters, and furnish a separate room for each daughter to entertain her beau in, S. P. just simply has something to learn, that's all. There is quite a difference in existing and really living. What we call living is something near the standard of our own living. We provide strawberries, calf liver and bacon for breakfast; spring chickens, fresh peas, string beans, roasting ears and the like for dinner (or luncheon) and broiled sirloins with mushrooms and an abundance of tropical fruits for supper (or dinner). Besides this expense and the expense of dressing the balance of the family, we have, in addition to our full dress suit, several suits for all times of day and for all occasions, being careful to never for an instant lose that neat and immaculate appearance so important to a well-bred, scholarly gentleman upon whose shoulders rests the responsibility of supporting the dignity of the press of this country. If State Press wants to experiment we will seek twelve men in Menard who have one daughter each and let S. P. settle the bills for, say twelve months, or longer, if it is necessary to have more time in which to test it out.

Eyes Sunken With Pain.

Three years ago I had a very bad spell of neuralgia which caused my eyes to become sunken and blood-shot with pain. Hunt's Lightning Oil was recommended, and after using the pain left and has not returned; says A. M. Coffey, 316 Van Buren St., Litchfield, Ill. This wonderful medicine is sold by all druggists everywhere.

SAN SABA SAYINGS

From the Star.

C. C. Russell and family of Brady are here visiting relatives and friends.

A. Steelhammer of Brady came down yesterday to visit his son and to attend to business.

Miss Lucy Rector's many friends are glad to welcome her home from Brady, where she has been teaching the past session.

Lee Jones of Brady passed down the road Monday on his way to Temple to participate in a shooting tournament to be pulled off in that city this week.

Miss Nadine Overall of Murphreesboro, Tenn., who has been a member of the Brady High school faculty the past session, was the charming guest last week of her friend, Miss Lucy Rector. She left Monday for her home via Brownwood to visit friends.

From the News.

Carroll Gray and wife are here from McCulloch county visiting.

C. C. Russell and family are here from near Brady to visit the former's mother, Mrs. Jaz. Dowdy, and other relatives and friends.

Mondya L. D. Harrison of Bowser presented for bounty 3,660 rabbit scalps, 1127 of these were jacks and 2533 were molly cottons. These amounted to the neat sum of \$119.68. In April Mr. Harrison brought in 3,044 scalps, thus aggregating 6,704 scalps for this one man in two months.

J. W. Kinsel was in from the Cow Creek community yesterday, and dropped into The Standard office for a chat. Mr. Kinsel is a McCulloch county booster and believes there is no country as good as this. For a number of years he lived in Milam county, as well as in parts of South Texas, but he says as compared with the rainy, overflowing conditions of that section he prefers the dryness of this section. He states that the rain and overflows do more damage and make more work than does the lack of rain, and following them come sickness and ill health. Since coming to McCulloch and breathing our pure ozone about a year or so ago, Mr. Kinsel has enjoyed better health than ever before, and with the present excellent prospects, he is more than content to call McCulloch home.

GOOD FEATURE SHOW.

McDonald & Curtis Prove Excellent Entertainers.

Quite the most novel and entertaining feature seen at the Lyric-Vendome this season is the musical and character entertainment by McDonald and Curtis. These people are clever in all the lines they attempt, and besides some clever character work and dancing, their musical performances with bottles, broomsticks and what-not are so out-of-the-ordinary and amusing, as well as clever, as to merit greatest praise. In addition, the company presents each night a clever little sketch, and so sure are they of pleasing that they unhesitatingly request the audience to recommend them or not, to their friends.

The company will be here all week, and in addition to their performance, the regular show of moving pictures makes this one of the best entertainments of the season.

CONSTIPATION.

Its Cause and How to Cure it.

Eat too much, Stomach feels bloated, All out of sorts, Don't feel like work to-day. Guess I've another case of biliousness.

"Take anything?" "Yes; some pills, but no results; suppose I'm getting ironical. Sometimes I double the dose, then they physic me so hard I'm too weak to work. Think I'll have to try something new."

"Ever try Prickly Ash Bitters?" "No; I've heard a good deal about it, but never tried it."

"Well, you'll be pleased with the results."

The purgative action of Prickly Ash Bitters not only removes hard impactions, gas and impurities, but it strengthens the muscular action of the bowels which causes them to move regularly.

Prickly Ash Bitters is a bowel tonic and regulator in the truest sense. It promotes daily evacuations, establishes healthy movements and is the best known remedy for disordered digestion, flatulence and a constipated habit.

D. M. Blackwelder, of Litchfield, Ill., says in the Litchfield News: "I am perfectly willing, in fact glad to testify to the value of Prickly Ash Bitters as a medicine for the kidneys, stomach and bowels. I have used it whenever I needed anything of the kind for the last fifteen years and it has always given satisfaction."

BRADY MARKET.

DON'T KNOW THEY HAVE APPENDICITIS.

Many Brady people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. Central Drug Store states if these people will try A SINGLE DOSE of simple buck-thorn bark, glycerine, etc., as compounded in Adler-i-ka, the remedy which became famous by curing appendicitis, they will be surprised at the QUICK benefits.

Entertain Royally.

Mr. and Mrs. H. L. Winstead and Mr. D. H. Campbell entertained a number of their friends and the young folks of the Cow Gap community in royal manner Saturday night with a dance at the home of Mr. Campbell. There were some thirty or forty in attendance. Included in the guests was a party of Brady young folks, all of whom enjoyed the splendid music and open-hearted hospitality to the fullest extent. During the evening ice cream and cake were served to the guests, both of which were delicious.

While these pleasant entertainments are quite frequent in the Gap, the one last Saturday night is universally declared the best and most successful in some time, and all are looking forward to another such pleasant event in the near future.
