### J. P. BAZE IS DEAD

PASSED AWAY SATURDAY AFTER SHORT ILLNESS.

Was One of McCulloch County's Pioneer Citizens, Locating Here in Year 1876.

A death that came as a shock to the entire community was that of J. P. Baze, which occurred at his home on South Blackburn street at 11:44 o'clock Saturday morning after an illness of only a few days. Mr. Baze had suffered for some time with cancer of the stomach and Bright's disease, but his condition was not thought serious until about a week or ten days ago, when he was first confined to his room. He gradually grew worse until the end came peacefully Saturday morning.

Jefferson Peter Baze was born in Tennessee June 21, 1844, and was, therefore, 69 years, 6 months and 19 days old. In early life he removed to Missouri, where he spent a few years and he also spent several years in Arkansas, coming to Texas about 1870. He located in Burnet county and lived there and also in Bastrop and Llano counties before coming to this county. In 1876 Mr. Baze located at Camp San Saba on property that he has owned ever since and where he had made his home until about three years ago when he moved to Brady.

Forty-eight years ago Mr. Baze was married to Miss Elizabeth Whistenhunt. To this union fourteen children were born, ten of whom are living and who were present at the death of their father. They are: Dr. Robert Baze, Chickasha, Okla.; A. C. Baze, Brady; Dr. A. P. Baze, Mason; Garrett and Elmer Baze, Blanchard, Okla.; Dr. Walter Baze, Berry, Texas; Martin Baze, a student in State University, Austin; Mrs. H. J. Lowrey, Lubbock; Mrs. John B. Kiser, Camp San Saba and Mrs. H. P. C. Evers of this city.

Mr. Baze has ever manifested a keen interest in educational matters, making many personal sacrifices for the cause. A number of years ago when the apportionment for the school at Camp San Saba was something like \$40 per month, he, with two others, contracted the services of an excellent teacher at a monthly salary of \$100, and paid this deficit from their own private purses, and in numerous other instances made similar use of his personal means for the general welfare of his fellowmen.

He also took an active interest in the affairs of the Masonic fraternity, of which he was an honored member, having been made a Master Mason in McCulloch Lodge No. 273, at Mason thirty years ago, and had the distinction of having served in the capacity of Worshipful Master more times than any member of the order in this section of the state. About ten years ago he received the Royal Arch degrees at Llano and two years ago was exalted to the Knights Templar at Brownwood. He was rarely absent from a session of the lodge and always took an active part in the ceremonies.

In the second year of the war between the North and South he enlisted with Price's command, and served throughout the remainder of the conflict with distinction. He was also a member of the local camp of

Confederate veterans.

About fifty-four years ago he united with the Church of Christ and maintained his membership up to the time of his death, living the true Christian life, ever ready and willing to do anything for the cause of the Master. His life has been an exceptionally useful and beautiful one, and by his teachings and example has successfully reared his large family to manhood and womanhood—an enduring monument to his self-sacrificing and loving devotion to the duties of this life.

The funeral services were held Sunday afternoon at 3:30 at the Church of Christ, conducted by Eld. J. E. Black of Midlothian in the presence of a large concourse of sorrowing relatives and friends. Following this service, the Brownwood Commandery Knights Templar conducted the impressive funeral ceremonies of that fraternity, after which Brady Lodge No. 628, A. F. & A. M. took charge of the remains and conducted them to the Brady cemetery, where they were laid to rest with the beautiful Masonic ceremony.

To the sorrowing widow, sons, daughters and other relatives The Standard extends sympathy in their bereavement.

#### Movement For

There are one or more good books which have been read by the family and which are now serving no one. If such books might be gathered and placed in some convenient place where children, teachers and parents could have access to them, great might be the result.

With this thought in mind, I believe that a library of hundreds of volumes might be had in this county. It might be begun in this manner: Let all people in this county who have books which they no longer use, donate or lend them to the county for the general education of all people. It seems to me that the county school superintendent's office is the logical place for the location of such a library. Book cases might easily be provided, and the library could be conducted in the same manner as all public libraries.

Books on history, literature, mathematics, science, agriculture, dairying, poultry raising, home economics, rural economics might be collected. Of course additions from time to time either by donations or purchase would likely be made. Very old or out of date books should not be given, but any book will be accepted. E. L. WHITE.

#### NEW IMPROVEMENTS.

##### Brady Bottling Works Erecting New Building.

The Brady Bottling Works last week began the erection of a building on the lot one block east of their present stand which will, when completed, be quite a commodious and handsome home for this thriving institution. The structure will be something of a novelty for Brady in that it will be entirely of concrete construction throughout, and therefore will be fireproof, the only inflammable materials used in the building being the doors and windows.

The building will be 26x60 feet, one story in height, and will cost approximately \$2,000. Contractor C. R. Horn is this week completing the building of the forms for the walls, after which the concrete will be pour-

ed and allowed to dry thoroughly, when the forms are removed and the surface of the wall is dressed down, forming a smooth, attractive building, and one that is practically indestructible.

Special attention has been given to the matter of sanitation in the construction, the floors of the building, as well as the walls, being of concrete, and inclined in a manner that they will drain off all water and permit of being washed off thoroughly as often as found necessary, thus permitting of the highest degree of

cleanliness.

Manager Lee King of the bottling works announces that he expects to move into the new quarters about the 1st of February, and that he will be ready for business by the 1st of March. He will install considerable new and up-to-date bottling machinery prior to the opening of the coming season and will be well equipped for the handling of the increasing business of his firm.

FOR CORRECT TIME PHONE 90. H. C. Boyd, Jeweler.

**SPECIAL FEATURES.**

Lyric Opera House Has All  
Feature Attractions.

The management of the Lyric  
opera house has secured for  
presentation all this week the  
Warner's famous feature attractions  
in moving pictures, known everywhere  
as the best feature films on the market  
today. The features comprise three-  
and four-reel films, one of which  
will be presented each night during  
the week, and judging from the  
excellence of the feature reel  
presented last night, they should  
draw big crowds.

Attention is called to the program  
of features for this week as presented  
in an ad of the Lyric elsewhere in  
this paper. Among the most noteworthy  
of these exceptional pictures is the  
reproduction from Count Tolstoy's  
famous drama, "The Living Corpse,"  
which will be presented on Wednesday  
night in four parts. On Friday night  
another big feature will be shown—  
"Satan", or "A Drama of Humanity."  
This is a five-reel feature, the like of  
which has never been seen in Brady.  
Those who have seen the play agree  
that it is at once one of the most  
remarkable and intensely interesting  
features that

can be found anywhere.

The prices of admission for these  
features has been placed at 10c and 20c, and these low  
figures should appeal to all, as the  
pictures cost double the usual  
features and are the very best that  
can be obtained.

Candidates, Attention! Stop  
running long enough to talk about  
a new buggy. You'll need one in  
your campaign. We've got the best.

The Commercial National Bank  
is presenting to its customers a  
very useful book, "Practical Home

book on the treatment of diseases  
of animals and any customer can  
get one by asking for it.

**HELPLESS AS BABY**

Down in Mind Unable to Work,  
and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

**John Gibbons a Benedict.**

The following item, reprinted from the Richland Springs Eye-Witness, concerns a man well known to McCulloch county citizens, all of whom will join in extending good wishes to him and his bride in their new-found happiness.

"Dame Rumor is authority for the report that John Gibbons and Miss Jennie May Walters were recently married, but when, where or by whom we have been unable to learn. We started out to gather the particulars and were told enough to fill several issues of the Eye-Witness. Here are some of the supposed facts: John slipped off, bound for some point in New Mexico where he was to meet his bride. Upon reaching his destination he went directly to the county clerk's office after the license but was informed that there was no chance for him to secure the license until the bride appeared in person. He hurried to the hotel where the bride was supposed to be and to his consternation he was told by the clerk that she was not there. He hastened to the telegraph office and wired her to come at once. In the meantime a snow storm was raging which put a stop to travel by rail. In a few hours John received the following telegram from the

snow-cold mountain home of the bride: "Snow-bound. Will come in April, or as soon as snow melts and travel can be resumed. He was stranded in a wayside village, apparently unable to reach the home of the bride, but the Little Goddess kept busy and the marriage was finally consummated, the newly wedded couple started on their return trip to Texas, and finally reached home. The groom will erect a magnificent home on the Gibbons ranch in which to place the bride."

**Rheumatic Pains**

Every last one of them leaves. The hurting is gone almost the instant Hunt's Lightning Oil is used. The aching stops so quickly it is surprising. Hunt's Lightning Oil is especially compounded to relieve pain. For neuralgia and headaches it is a boon to humanity. For cuts, burns and bruises it acts as a healing oil, soothing the hurting parts and preventing soreness. Nothing better for chilblains. All druggists in 25c and 50c bottles.

**MORE FANCY STOCK.**

D. Harkrider Sells \$300 Hereford Bull Yearling.

D. Harkrider was here last Saturday from the Nine community delivering a Hereford bull yearling for shipment to Billy Bevans at Menard. That Mr. Harkrider raises classy stuff may well be admitted, for the animal sold for \$300, which all must agree is a fancy price. However, considering the class of the stock Mr. Harkrider raises, the price is reasonable enough at that.

Mr. Harkrider has been in the stock-raising business for the past five years, devoting his time to the highest grade of reg-

istered Hereford cattle. At present his herd comprises sixty head of registered animals. That Mr. Harkrider finds blooded stock most profitable may be judged from the fact that during the past year he has sold six yearling calves at an average of \$100, which speaks volumes for his stock in the reputation they have gained.

N. B. Embry this week began the erection of the new Methodist church at Lohn, for which place he left today. The building is to be a substantial frame, 30x40 feet, costing about \$1500 complete, and will prove quite a valuable addition to that thriving little town.

### A. W. J. Weeks Dead.

With surprise and deepest regret the citizens of Brady and McCulloch county learn of the death of A. W. J. Weeks, which occurred at his home in Corsicana last Friday afternoon at 2:00 o'clock of heart failure. The sad news was announced in a brief telegram to his daughter, Mrs. John Mayse, of this city. Mrs. Mayse left Friday night for Corsicana to attend the funeral.

Mr. Weeks was well known to the majority of the citizens of McCulloch,

ing counties, having for several years conducted restaurants here, and having attained considerable fame as a restaurant-

eur. About three years ago Weeks closed his restaurant when he was then operating the west side, and returned to Corsicana where he had a splendid business.

He visited Brady upon several occasions, and upon his recent visit here some two months ago had underwritten his return here.

The many friends of Mr. Weeks will sympathize with the bereaved ones.

## With The Candidates

### J. U. Silvers.

The many friends of J. U. Silvers are pleased to learn of his announcement for the office of Classified Assessor of Precinct 1, his line each subject to action

BRADY, TEXAS, Jan. 13, 1914

### A LIBRARY.

The Standard heartily endorses the plan presented by County Superintendent E. L. White in another column of this paper for the establishment of a circulating library. Mr. White calls attention to the fact that there are many useful and interesting books lying idle in the homes about the county that could be put to good service if

to give the citizens the best services they have ever had and to transact the affairs of the office in a manner that will reflect credit upon them as well as upon himself. His announcement is subject to the action of the Democratic primaries.

### Henry Hodges.

Those following strong solicitation agree that the part of many friends, the most judicious this week intensely interested in the office of Tax Assessor

Mr. Hodges is a self-made man having started life on the farm and having done everything that farm life demands of a man. For the past fourteen years he has been connected with some of the leading business concerns of this section, and for the past six years he has been a valued employe of the firm of Wm. Connolly & Co. During his connection with this firm his cordial manner and sincere endeavors to serve his friends and patrons have made him a favorite with all. Mr. Hodges believes the office to which he aspires one of the most important in the county and one which demands the most diligent care and attention, and in view of these facts he expects, if elected, to give his entire attention to the duties of the office. That Mr. Hodges would make a most capable officer all must agree, and he is certain to make a strong candidate in the field.

**For Justice of the Peace**  
Attention is directed to the name of Judge E. P. Lea in the announcement column of this issue of The Standard as a candidate for the office of Justice of the Peace of Precinct No. 1, subject to the action of the Democratic primaries July 25th. Mr. Lea has served in this capacity in the past, and during his incumbency filled the position with credit and without fear or favor, giving general satisfaction throughout to all. Since relinquishing the office about three years ago he has been engaged in the private practice of law and as City Attorney for the City of Brady and in this latter position has proven his ability as a lawyer and his fearlessness as a prosecutor of wrong-doers. Mr. Lea asks the careful consideration of the voters and promises, if elected, the same firm, fair treatment of all as characterized his official acts during his former occupancy of this office.

The Jones boys—Top and Virgil—have made a great success in the barber business mostly because they read The Standard—we suppose.

Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Mrs. W. F. Lackey reports the sale last year of 737 pounds of butter. Mr. Lackey is a prosperous valley farmer and herein is one of the secrets of prosperity on the farm. Mrs. Lackey says this amount of butter was sold after the family was first supplied, and from two to five family cows were milked. You may do your own figuring and count butter at 25c, 30c, or whatever you may please. Anyway, you must note a nice addition to the family exchequer.

Owing to an oversight, and which we regret very much, we failed to mention the fact at the time of the marriage of Mr. R. H. Miss Gertrude Porter of that place was the fortunate young lady to win Mr. Berquist as a life partner, and they both have our congratulations.
