CALF CREEK NEWS.

New Girl Arrives at Bill Awalt's—J. H. Williams' Home Completed.
Calf Creek, Texas, Nov. 9.
Editor Brady Standard:
We are having some real damp, cloudy weather. It is sure bad on cotton picking. Would like to have some pretty weather so the folks could get their cotton picked out so they could start the children to school.
Mr. and Mrs. Bill Awalt are the proud parents of a baby girl at their home. Made her arrival the fifth.
Little Edward Walker has been on the sick list for several weeks but is reported to be some better at this writing.
Mrs. Jim Bradshaw was a pleasant visitor at the Awalt home Sunday.
Mrs. Mollie Barnett visited at the J. H. Williams home Sunday.
Mr. and Mrs. Ross Cavin visited at the E. L. Bridge home Sunday.
Quite a few folks gathered at the church house Sunday afternoon and had Sunday school. We are going to try to have Sunday school every Sunday and everybody come and bring someone with you.
Mr. E. L. Bridge and daughter, Bernice, spent the day at the J. H. Williams home Sunday.
Mr. and Mrs. J. H. Williams expect to move in their new home this week. They will have the nicest home in this part of the county. I am sure they will like it.
Miss Eula Barnette spent the day with Frances Kolb Sunday.
As news is scarce will do better next time.

EAST SWEDEN NEWS.

LOST CREEK ECHOES.

Fewer Farmers, Less Land in Cultivation—Ye. Overproduction.
Voca, Texas, Nov. 8.
Editor Brady Standard:
This seems to be turkey week here as nearly every farmer is selling turkeys. They are bringing a good price and they are all fine and fat. The smallest bunches are bringing not less than one hundred dollars. Some will sell as much as three hundred worth of birds. The turkey industry will bring several thousand dollars into this part of the county.
Here is the ideal place for turkey raising, and from present indications, there will be some turkeys in this part next year.
And then, Mr. Bill Weevil and Mr. Grass Hopper will have to hide out. I guess then there will be a cry of over-production.
The call for several years has been "back from the city to the farm," but my advice to them is, if they can make a living in the city, to stay there.
I am told that thousands of acres in Texas has lain idle this year for the want of men to cultivate them. And with labor scarce and high, the few farmers that have done the best they could without much hired help have made an over production. Yes, have glutted the markets, especially the cotton market.
And I am told by a man who has been visiting in Oklahoma that corn was not sold for over twenty-five cents there this year. Over-production! Instead of more farmers, we need fewer farmers.
The cry is now reduce your cotton acreage next year.
I think we will raise hogs and turkeys in this part next year and I hope no cotton at all.

Catarhal Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Halls' Catarrh Medicine acts thru the blood on the mucous surfaces of the system.
We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Halls' Catarrh Medicine. Circulars free. All Druggists. 75c.

WALDRIP WORDS.

Fire Destroys Postoffice Sunday—Waldrip Booming.
Waldrip, Texas, Nov. 8.
Editor Brady Standard:
After several months absence, I am back again. This little place is very busy and is improving every day. In the past two months there has been two grocery stores and a garage gone up here.
H. F. Holland has moved in town and will open his store in a few days.
Albert Briscoe Ethel Looney, from Brownwood, were guests at the Briscoe home from Friday night until Sunday evening.
Our school opened the 25th of October with about forty pupils. We feel fortunate in getting our teachers, who are J. E. Lincoln, principal; Lois Bratton, intermediate, and Amy Guye, primary.
Everyone is invited to attend the box supper here Friday night. Be sure and bring a well-filled box.
Dr. Ragsdale of Brownwood visited us in our Sunday school Sunday and also in our prayermeeting, and made a splendid talk at prayer meeting, which everyone seemed to have enjoyed.
Mr. and Mrs. Ben Hickey and family are now back on their farm near here, and are doing fine.
Mrs. Mary Winstead and her little daughter, Frances, have been visiting here for the past month.
The postoffice burned last night at this place. It is not known how it was caught.

A GOOD FRIEND
A good friend stands by you when in need. Brady people tell how Doan's Kidney Pills have stood the test. A. H. Conner, carpenter, of Brady, endorsed Doan's four years ago and again confirms the story. Could you ask for more convincing testimony?
"My back hurt me pretty bad and it seemed that the pains were mostly over my left kidney," says Mr. Conner. "My kidneys were very congested and the secretions passed in passage and contained sediment. One box of Doan's Kidney Pills relieved the trouble with my back and regulated my kidneys."
(Statement given April 29, 1915.)
On May 16, 1919 Mr. Conner said: "I still recommend Doan's Kidney Pills as highly as I did when I previously endorsed them. I think Doan's are a fine kidney remedy and I find occasional use of them keep my kidneys in good shape."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conner had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Your Tire Bills

YOU can save the price of from four to seven inner tubes this year.

Put this money in your pocket by fitting out with Lee Puncture-Proof Tires—extra heavy, finely made tires, road-proofed with the three patent disc-layers, a distinctive Lee feature, absolutely unpuncturable yet pliant and "frictionless."

Your saving in tubes alone will bring down the cost of Lee Puncture-Proofs to about that of ordinary tires.

Put Lee Puncture-Proofs on your car.

Know, in advance, exactly what your tire and tube bills will be for the next twelve months.

In addition—you save time, temper and the annoyance of changing tires on the road.

Five Hundred Club
Members and guests of the Five Hundred club met in enjoyable session last Friday afternoon at the home of Mrs. G. C. Kirk, three tables of "500" furnishing the afternoon's diversion. Members in attendance included Mesdames C. D. Allen, J. S. Anderson, Ed Campbell, Thad O. Day, John Wall, C. T. White, G. R. White, Dick Winters. Guests were Mesdames Burt T. Wiley, Wiley Walker, M. C. Wolfe, Herbert L. Wood.

Club prize for high score fell to Mrs. Anderson, and guest prize to Mrs. Wolfe.

A salad course was served by the hostess.

The next meeting of the club will be held this afternoon with Mrs. Campbell.

Bridge Club.
Mrs. G. V. Gansel entertained pleasantly on Tuesday afternoon, the occasion being the regular weekly meeting of the Bridge club. Three tables were set for "bridge" which was enjoyed by the following members present: Mesdames W. D. Crothers, Ed

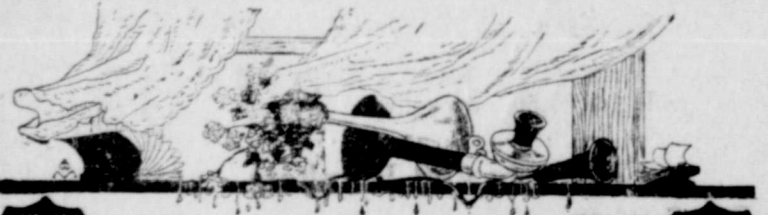

Campbell, Bailey Jones, G. R. White, Herbert L. Wood, Sam McCollum, John Wall; Miss Sarah Johanson. Honored as guests were Mesdames Dick Winters, M. C. Wolfe, W. W. Collins of Kansas City.

In the series of games, Mrs. McCollum received high score and club prize, while guest prize was awarded Mrs. Wolfe.

The hostess served a salad course. Mrs. Wood entertains for the club on next Tuesday afternoon.

Birthday Party.

Little Miss Charlotte Stowe observed her 6th birthday anniversary last Saturday afternoon in delightful fashion, when she was given a birthday party by her grandmother, Mrs. N. G. Lyle, Sr. Quite a number of her little friends gathered and helped make merry upon the occasion, various childish games being played. Chocolate and cake were served the members of the party and helped make the occasion one long to be remembered. Many gifts were left by the guests for the little hostess with best wishes for many returns of the joyous occasion.

The "High Cost of Breakage"

The telephone is a sturdy little instrument, but do not allow it to be handled carelessly, Mr. and Mrs. Subscriber—like any other machinery, it will break or get out of order when abused or improperly used.

A desk telephone knocked over; a vase upset on desk or table; a wall telephone collided with—the result may easily be a broken mouthpiece, a broken receiver shell, a wet receiver cord or desk stand cord or other damage—then your service is interfered with until replacements can be made.

The replacement of damaged instrument parts is expensive in these days of high prices—and adds to the cost of telephone service. For our mutual benefit, Mr. and Mrs. Subscriber, please help us to keep such damage and breakage down to the minimum.

MCCULLOCH COUNTY CLUB ORGANIZED FOR STUDENTS ATTENDING C. I. A., DENTON
(Contributed)
On November 2nd, the McCulloch county girls attending the College of Industrial Arts met and organized the McCulloch County Club. The aim of the organization, in addition to having a good time, is to make the girls better acquainted with each other, and to arouse an interest in C. I. A. among other girls of the county who may be considering attending college. McCulloch county is especially well represented at the College of Industrial Arts this year, with a total of sixteen girls.

Parent-Teachers Association.
The following is the program for the next meeting of the Parent-Teachers association, which will be held at the Brady high school at 3:30 o'clock, Friday, November 19th. Patrons and citizens interested in the Brady schools are extended a cordial invitation to be present.
1. Opening Exercises; Roll Call; Reading of Minutes.
2. Address, or Reading of Paper; Subject.
3. "The Value of Play"—Mrs. W. B. Anderson.
4. Play Ground Equipment for the Home—Mrs. Jim Maan.
5. Play Ground Equipment for the Schools—Miss Cunningham.
6. Questions for general discussion, led by Mrs. F. A. Knox.

Latta-Jeter.
A wedding of interest to Brady and McCulloch county citizens is that of Mr. Oscar Latta and Miss May Jeter, which occurred at Junction on October 26th. Mr. Latta was for a number of years a resident of Brady, and for a time was deputy sheriff. He has been located in Kimble county for the past five or six years, and has served several terms as sheriff of that county. The Junction Eagle gives the following account of the wedding:
"A wedding of interest to the many friends of the contracting parties, was solemnized in Sonora Friday afternoon, October 29th, 1920, when Rev. S. C. Dunn, of this place, united in marriage Miss May Jeter, daughter of Mr. and Mrs. L. H. Jeter, of this city, and Oscar Latta, also of this place.
"The bride was reared in Kimble county, and has a host of friends who wish her a long and happy life.
"The groom has been sheriff of Kimble county for a number of years, making one of the best officers the county has ever had, and has many friends here.
"The Eagle joins their many friends in wishing them a long and happy life."

Where Depew Got Off.
The late Joseph Choate was Ambassador to the Court of St. James, and Chauncey M. Depew was still active in the affairs of the New York Central Railroad, a distinguished Englishman at a dinner one night in London turned to Mr. Choate and said:
"I see that a Senator Depew has lately been the guest of the King at Buckingham Palace. I also see him quoted frequently in our newspapers. I judge he is somewhat prominent in public affairs in your own country, and I am curious to know more about his social position at home. Pardon me for asking, but would you mind telling me to just what station in life he may properly be assigned in America?"
"The Grand Central Station," instantly answered Choate.
"Oh, I see," he said at length.
"What we call in England the great middle class."

ARMISTICE DAY GENERALLY OBSERVED IN BRADY BUSINESS HOUSES CLOSE
The wheels of industry were brought to a standstill yesterday, when practically every business house in Brady closed for the day in observance of the second anniversary of the signing of the armistice with the Central powers of Europe. Messrs. C. D. Allen and J. A. Holton, who circulated a list requesting the closing of all places of business in observance of the occasion, reported almost universal acquiescence in the plan.
No program of any manner of celebration whatever marked the occasion, the only demonstration being the firing of anvils, a number of patriotically inclined citizens contributing the funds for the purchase of powder and fuses.

SHERIFF RETURNS WITH BOY WANTED FOR MURDER IN BROWNWOOD

Sheriff R. B. Pugh came in Friday from the Wichita county oil fields, bringing with him Willie Carter, the 16-year-old boy wanted here in connection with the murder of J. N. Weatherby, which occurred on the night of October 18th, last.

Willie Carter was captured at Burkburnett by a deputy placed at that point by Sheriff Pugh—a man who knew the Carter boy, and also the man, George H. Scott, wanted for the same crime, and who is still at large. Sheriff Pugh, in a general way, had a hunch that the fugitives wanted for the Weatherby crime would likely head for the North Texas oil fields, and he very wisely located a man there to pick them up in case they came that way.

When arrested, the Carter boy was found to be in pretty bad shape physically. He was considerably worn and drawn from the hard usage of hiding by day and traveling by night. Even when he reached Brownwood Friday, after four days of rest in the Wichita county jail, the boy still showed the hard effects of the grueling conditions he underwent in trying to make a successful escape.

Sheriff Pugh was notified by wire last Sunday of the boy's capture. He left immediately for Burkburnett, arriving there Monday. He remained in the oil field territory three days, endeavoring, with the help of Wichita County officers, to locate some trace of George Scott, the man in the crime. He was unsuccessful, he says, even in getting the slightest trace of him.

When the sheriff was notified here of the Carter boy's capture, it immediately leaked out that the boy had been caught. Brownwood press dispatches were sent to the outside daily papers to that effect, and the officers believe their failure to capture Scott immediately following the capture of the boy was due to the fact that he was warned through these dispatches that the officers were hot on the trail.

In speaking of his trip to Burkburnett and his interviews there with the boy, Sheriff Pugh says that Carter refused to disclose to him any information of value; in fact, he says, the boy adopted a very close-mouth attitude, and it required no little urging to get him to say anything about the crime with which he is charged, or about his flight from Brownwood on the eventful night of the murder. He told the sheriff that in leaving Brownwood he went to Coleman, walking most of the way, and there caught a train, and by a circuitous route finally got to Burkburnett.

When arrested the boy was ragged and penniless. He stated that he had stopped at several places to pick cotton, but had not remained longer than a day at any one place. The fact that the boy was without funds when arrested seems to show that there had been no division of the spoils that are supposed to have been taken from Weatherby when he was killed.

Among the articles of value missing from Weatherby's person was a \$2500 diamond ring. Supposing Scott and the boy to have committed the murder, it is apparent from the boy's destitute condition that the diamond ring had not been sold up to the time of the boy's arrest, or that Scott had kept all the funds.

The Carter boy underwent a grueling third-degree examination in the district attorney's office at the courthouse Friday. Present at this examination was District Attorney Early, County Attorney Wilson, and Judge T. C. Wilkinson, who is employed in the case by the relatives of the murdered man.

The boy was kept under a rigid examination for the better part of the day, and while the officers refuse to state what he related or that he made a confession, it is the general understanding that the boy talked freely and told his story in a way that it is credited by the officers as being the truth.

It is believed, and no doubt it is so, that the three men conducting the inquisition have a complete account of the murder of J. N. Weatherby. It is believed there is no detail of that night's ghastly work which they have not extorted from this boy, who is worn out from the hardship of an exhausting flight, and frightened by the consequences of a foul crime. It is believed that the boy has made a full confession, that he told of the causes that led to Weatherby's murder, and has furnished all information, if any he had, which may connect any others besides the man, George H. Scott, with the crime.

Whether or not the boy's story has furnished the officers with any information that may assist them in apprehending Carter, cannot be guessed at, but it is believed the boy has told enough to permit the officers to eliminate certain localities in their man-

BUZZARD TRAP SNARES 225 BIRDS IN FIRST WEEK

A record of 225 buzzards captured in a trap built by him on the Lewis Brook ranch, 9 miles east of Brady, was hung up by W. H. Caldwell, who is employed with Jamie Brook in operating the ranch. Not only this, but in the three weeks that the trap has been in operation a total of over 400 birds have met their doom as a result of the device. At one time the buzzards enjoyed the protection of the state laws, because they were considered the scavengers of the air, and therefore a benefit to the country. In recent years, however, it has been asserted that the buzzard is one of the causes for the spread of charbon. Also it is a proven fact that these monsters of the air will kill pigs, young calves and lambs, several losses of this sort having occurred on the Brook ranch.

In designing the buzzard trap, Caldwell used 6-ft. high poultry netting, enclosing and covering a space 15 ft. square. The opening to the trap was made 18 inches high and 14 inches wide, and was made four foot long running towards the center of the trap, the opening tapering down to about 12 inches. A cage for the bait was placed in the center, and when food or a carcass is placed in this cage, the trap is ready for business. After entering the converging opening and getting inside the trap, the birds become confused and are unable to find their way out.

While the trap has rendered highly efficient service the past three weeks, its usefulness is not yet ended, and stray buzzards continue to meet their doom in the simple device.

BRADY HIGH SUFFERS DEFEAT SATURDAY AT HANDS CHEROKEE TEAM

The football team of Cherokee Junior college came to Brady last Saturday and administered defeat to the local Brady High school eleven by a score of 28 to 0. At that, the game was an interesting exhibition, and the Brady bunch showed up better and stronger than in any former game.

In the first quarter of the game, Brady all but made a score, Captain Royston Taylor by means of a "V" formation, going through the Cherokee line and making a 60 yard run before being downed. Dare, full back on the visiting team, proved an all-star player, bucking the Brady line like a steam engine and registering repeated gains.

The visitors rang up their tallies with four touchdowns, and four goal kicks. Throughout the game they showed up heavier and stronger by reason of longer experience than the locals.

Accompanying the visitors here were President Nixon of the college, Prof. Allison and Coach Sermons.

THREE COMPLETIONS IN COOPER SHALLOW FIELD MADE NEAR MERCURY

Mercury, Texas, Nov. 5.—Considerable activity is in evidence in the Cooper shallow oil field two miles west of here. A. W. Cooper of Fort Worth has just completed two new shallow wells on the White ranch during the week, his Nos. 5 and 6.

The King Eight No. 2 Oil Company has also completed a shallow well on the White lands, this being the first well here for this company. The well is producing from the sand at 365 feet and is an extension to the proven field of about a quarter of a mile, it being this distance north of the proven area.

Construction on the Abner Davis refining plant here is to begin at once as the equipment for the plant has already been unloaded. This plant will be constructed on the unit plan. The first unit will be of 100 barrels daily capacity, just sufficient to handle the output of the shallow pool.

Pipe is also enroute to Mercury for a pipe line from the field to the refining plant at Mercury.—Fort Worth Star-Telegram, November 6, 1920.

Consolation.

The big rookie, scared nearly out of his wits, had gone to the hospital for some trifling ailment, and was driving the orderly mad by a battery of nervous questions.

"What's that for?" he finally asked, pointing to the letters, M. D., U. S. A., on his blanket.

"Oh, that?" said the orderly carelessly. "That don't mean nothing much. It just means, 'Many die; you shall also.'"—American Legion Weekly.

John P. Sheridan.

In the death last Friday night of John P. Sheridan, Brady loses one of her oldest, most prominent and most highly esteemed citizens. Born near Lafayette, Ind., May 28, 1847, Mr. Sheridan became a citizen of Texas in 1874. He located in McCulloch county in 1879, and engaged for a number of years in ranching in the Pear Valley community. In the early '90's he came to Brady to make his home, and eventually disposed of all his holdings at Pear Valley. During his long residence here, he was one of the foremost and progressive citizens, taking active interest in the advancement and development of the county and city. For a number of years he served as county commissioner, with a splendid record. He also served as mayor of Brady for two years, voluntarily retiring from office about five years ago. He was a stockholder and director in the Brady National bank, and was vice-president of that institution at the time of death. In all things Mr. Sheridan was a forward-looking citizen and his inspiration and advice have served to spur his friends and neighbors on to greater things.

Left to mourn his passing are his widow, and six children, viz: Mrs. F. M. Newman and Mrs. J. G. McCall of Brady, Mrs. Will Harris of Indianapolis, Ind., Mrs. Ed Malloy of Ferris, Mrs. E. A. Baze of Melvin and Paul Sheridan of Burnet. All members of the family were present for the funeral Saturday, except Mrs. Malloy, who was unable to come on account of sickness, and Paul Sheridan, who had just returned to Burnet from a visit at his father's bedside, and who arrived here too late for the last sad rites.

RAIN AND NORTHER FOR WEDNESDAY BRING REAL TOUGH WINTER WEATHER

A real touch of winter was brought to this section Wednesday when a cold rain, following a big drop in the mercury, began falling about noon. The rain fell in hard dashes for an hour or two, something like three-fourths of an inch being recorded in Brady. The chilling atmosphere during the afternoon gave promise of a frost Wednesday night, which, however, failed to materialize. The moisture and cold was sufficient to make the

roads heavy, and will incidentally put a stop to cotton picking for several days.
