

2784 PAY POLL TAX HERE UP TO NOON TODAY

Up to shortly before noon today (Tuesday) 2,784 citizens of McCulloch county had qualified as voters by paying their county and state poll tax at Tax Collector Hubert K. Adkins' office, and the next two days should witness an eleventh-hour rush on the part of those who would qualify as voters. At the least, McCulloch county poll tax payers should this year run well over 3,000, especially as the following figures include neither over nor under:

McCulloch Co. Wolf Club Calls For Dues To Continue Campaign

H. P. Jordan, secretary of the McCulloch County Wolf Club is issuing an urgent call to all members and subscribers to pay their year's assessment, and as well, any back dues, at once, in order that the campaign against wolves and other predatory animals may be continued throughout this year. Mr. Jordan points out that the Commissioner's Court has voted to continue their support of the club in its efforts, and if every member will pay his dues, McCulloch county will be virtually rid of wolves, wild cats, etc., this year.

Mr. Jordan is in receipt of a letter from C. R. Landon, Predatory Animal Inspector, who writes from San Antonio under date of January 23rd, as follows: "I am planning to send you a trapper the first of March. I am not entirely certain just which man will be available to work in your county, but you may rest assured that you will be furnished one competent to meet the situation which exists in your county."

Inasmuch as 230 wolves have been caught and paid for, and untold benefits have resulted to sheep, goat and poultry raisers, Mr. Jordan asks everyone interested or benefited by the work, to join in and assist in continuing it through the coming year.

THE STATE TUBERCULOSIS SANATORIUM—SIX HUNDRED PATIENTS TREATED YEARLY

The State Tuberculosis Sanatorium, located sixteen miles north of San Angelo, Texas, was established by the Texas Legislature in 1911 and opened in 1912.

Its purpose is the treating of incipient and moderately advanced cases of consumption and teaching the best methods of prevention and cure of the disease.

Six hundred patients are treated annually in this institution, which is owned and maintained by the State of Texas.

A complete description of how patients are treated, kind of food served, social customs and regulations of the State Tuberculosis Sanatorium will appear in the Brady Standard Magazine Section February 1st.

A compliment was handed the editor recently. He was told that The Brady Standard was getting better every way. We appreciate these little compliments, as we try mightily hard to earn them. During all this year we want to make The Brady Standard better and better. You can help us by asking some friend to subscribe to it or by phoning in a news item.

Traffic and Parking Regulations Will Be Enforced by Police

Chief of Police Henry Miller is giving attention to the enforcing of Traffic and Parking regulations in Brady, since taking over the office, and numbers of autoists have been warned to slow down to the speed limit of 15 miles per hour while driving on Brady streets. The matter of proper parking of cars is also receiving attention. Cars are not permitted to park within 15 feet of street corners, and in order that none may plead ignorance of this regulation, the curbs have been plainly lettered "Space Reserved." It is also forbidden to park within twenty feet on either side of fire plugs, and the curbing at the fire plugs is also marked as "Space Reserved." Then, in order that cars may be parked at the proper angle of 45 degrees, and with the right front wheel within 18 inches of the curb, lines have been painted at this angle on the sidewalk, and which plainly indicate the angle and the distance apart at which cars may be properly parked.

Proper parking is essential in order to avoid congestion and interference of cars on busy days, and proper parking can be made a habit just as readily as improper parking. There is nothing so annoying as to find one's car blocked simply because someone else has driven in behind and improperly park a car. By observing the letterings and lines drawn on sidewalks and gutters about the business section, no motorist can go far wrong in the matter of proper parking.

BUCK BAILEY COACHES CHAMPION LEGION GRID ELEVEN IN CALIFORNIA

The following article, reprinted from the San Angelo Standard, concerning "Buck" Bailey, star backstop on the Brady base ball team in 1922, will be read with interest by his many friends here:

En route by automobile to his home in Eldorado, A. B. (Buck) Bailey, coach of the 1923 championship American Legion football team in California, was in San Angelo Tuesday. The Selma American Legion eleven of which Bailey was mentor and full-back as well, won eleven out of twelve games played.

Victor M. (Choc) Kelly, famous Texas A. & M. football star of a number of years ago, who coached the Selma American Legion team in 1922, is considering acceptance of an offer to coach the University of Oregon squad in 1924. If Kelly goes to Oregon, Bailey will be assistant coach there. Kelly is now selling automobiles in Fresno.

Motoring from Los Angeles to San Angelo in seven days over the southern route, Bailey arrived in San Angelo Monday evening in his Ford coupe, and stopped at the Landon. He intends to spend the remainder of the winter on the Schleicher county ranch of his father, A. K. Bailey, and will probably play professional baseball during the summer, returning to the Pacific coast in the fall.

Bailey was a catcher in the West Texas League for a short time a couple of years ago. He is a better football player than a diamond performer. He played football with the Texas Aggies in 1916, with Abilene Christian College at Abilene in 1920 and with Bethany College at Bethany, West Virginia, in 1921.

BALLINGER COMMITTEE APPEALS TO PARENTS TO HOLD CHILDREN IN CHECK

Ballinger, Texas, Jan. 23.—A committee was appointed at a laymen's mass meeting held here last night to draft an appeal to the parents and guardians of this city urging them to hold a tighter rein over children as a part of the campaign to improve moral conditions here. The committee is composed of Dr. Alvin Swindell, C. R. Stephens and the Rev. R. B. Twitty. Many laymen attended the meeting, men from all walks of life being present, and plans discussed for checking the low morals prevalent throughout the country at this time.

Petting parties and familiarity between the youth of the country was charged with being responsible for the immorality which exists. Training in the home, it was agreed, was the only solution of the problem.

YOUNG FOLKS, LISTEN:

"I have never had time—not even five minutes—to be tempted to do anything against the moral law, the civil law, or any law whatever. If I were to hazard a guess as to what young people should do to avoid temptation, it would be to get a job and work at it so hard that temptation would not exist for them."

Mason Approves Brady Electric Railway Project

Mason, Texas, Jan. 23.—Much interest is being manifested here over the proposed electric line extending from Brady to San Antonio, which is now under consideration.

This move is being pushed by the Brady chamber of commerce, with the co-operation of civic organizations of the intermediate points along the proposed route.

If the plan materializes the line from Brady will extend through Mason, Fredericksburg, Welfare and Boerne on to San Antonio.

J. W. WHITE GETS \$30,000 TO \$35,000 FOR 600 HEREFORD STEERS

Six hundred three and four-year-old Hereford steers have been sold by J. W. White of Mason to Ernest Bauer of Broughton, Kan., for around \$30,000 to \$35,000, it was reported in San Angelo Tuesday by J. Walter Mann of the Mann Commission Company, of this city, who made the deal. The cattle will be delivered at Brady in the spring for shipment to Kansas. Live stock in Mason, Menard and adjoining counties are wintering well, with weeds and grass farther advanced than in most sections of West Texas, Mr. Mann reported.—San Angelo Standard.

"FARMER JIM" CANDIDATE FOR GOVERNOR; WOULD SAVE STATE \$15,000,000

Temple, Texas, Jan. 19.—James E. Ferguson late today announced to be a candidate for Democratic Governor of Texas.

In making the announcement Ferguson said that if his name was lost off the ticket on account of his impeachment in 1917 or for any other reason his wife's name would be offered.

The action of impeachment in 1917 was invalid, Ferguson claims, because he had already resigned from the Governorship when the verdict was returned. He declared his announcement for office was prompted by a desire for vindication and because the people needed his services.

If elected Ferguson promises to reduce biennial appropriations by \$15,000,000; to free the prison system of debt; reduce taxes, to continue aid to rural schools. The main plank in his platform is to be the anti-mask law which will compel secret societies to file a list of members with properly constituted authorities. He added that he would veto all liquor legislation, pro or anti.

Relative to reducing rentals the candidate contends that the reduction of taxes will justify the landlords in reducing rents. He also recommended a law reducing the legal rate of interest and prescribing more stringent penalties for its violation.

GRASS-HOPPER, HAIL AND WORM SALE—Every SUIT in the house reduced \$10.00. Get one before they are all gone. KIRK'S, Nuf Sed.

NOTICE TO POLL TAX PAYERS.

Public notice is hereby given directing attention to the state law providing that every qualified voter who fails to pay his poll tax on or before January 31st, shall be forced to work same out on the public road. The law further states that no one shall be allowed to evade working on the public road by paying after January 31st.

Company Expects To Mine Silver in San Saba County

San Saba, Texas, Jan. 23.—Mineral leases have just been closed on lands amounting to 4,000 acres, in the Colony community, about 10 miles southeast of San Saba, and actual operations have begun toward developing what is believed to be a rich silver deposit in this section.

The company operating is composed of J. H. Smith, J. E. Cowart, L. B. Patrick, W. Abraham, W. D. Cowan, W. C. Hamlett, J. H. Starr, J. W. McKown, E. M. Moore.

It is said that mines rich in silver and gold were worked in this county in the early days and geologists and prospectors are frequent visitors to San Saba county.

DENTON EDITOR ENTERS RACE FOR STATE OFFICE EDWARDS, CANDIDATE

Announcement of his candidacy for the office of Lieutenant Governor of Texas at the forthcoming Democratic primary election was made Monday afternoon by Will C. Edwards of Denton, a well-known Texas newspaper publisher and at present a member of the Thirty-Eighth Legislature.

The only other candidate for this office who has announced to date is I. W. Culp of Temple, an attorney and also a member of the Thirty-Eighth Legislature.

Will C. Edwards has been connected with the Denton Record-Chronicle for the last quarter of a century. Since 1909 he has been owner of the paper. He has lived in Denton for forty-one years—practically all of his life. At one time or another he has served as president of the Texas Press Association, the Texas Daily Press League, and is now president of the Denton Chamber of Commerce. He was also a member of the last State Democratic Executive Committee.

Mr. Edwards has been considering the question of his candidacy for more than a week, but did not definitely make up his mind to get into the race until Monday.

The people of Denton are at present organizing a campaign to boost the candidacy of Mr. Edwards. Due to his long residence in the state and to his long period of service as a newspaper man and a public servant in various capacities, Mr. Edwards is generally regarded as being one of the most widely acquainted men in Texas.—Clifton Record.

"GUILTY FLEE WHEN NO MAN PURSUETH."
SAYS OWNER OF COW

Hot Springs, Ark., Jan. 23. —"The guilty flee when no man pursueth," declared Lige Dodd, farmer of Ouachita Township, here Tuesday. Dodd's cow had been off in her milking and investigation revealed fresh footprints in the vicinity of the cow barn each morning. Dodd switched a particularly disagreeable mule to the stall, transferring the cow to the mule's stall in the barn. The cow milked well the next morning, and Dodd reported to the officers that he found a battered tin pail and a torn hat recovered from the stall occupied by the mule, which they might use to connect with the visitor who had been milking his cow.

ROCHELLE WINS IN COUNTY BASKET BALL TOURNAMENT

PLAY THREE GAMES AND SHOW WONDERFUL FORM—TO DISTRICT MEET AT BROWNWOOD FEBRUARY 8 AND 9TH. LOHN GIRLS WIN.

The basket ball tournament held in Dutton City Park last Friday and Saturday developed some of the classiest contests ever witnessed in Brady. Each team was out for the honors, and for snappy playing, speed and dexterity, few contests can outrival basket ball. In the preliminaries Friday, Voca, Melvin, Rochelle and Lohn were winners. In the finals Saturday Rochelle defeated Voca by a score of 17 to 13, and also defeated Fairview by a large score. Melvin conceded first place to Rochelle, and will play Lohn next Saturday for second place. As a result of winning the county basket ball championship, the Rochelle team qualified as McCulloch county representative at the district meeting, which will be held at Brownwood Friday and Saturday, February 8 and 9th.

Rochelle Boys in Basket Ball Meet Play and Win Three

(Contributed)

In the tournament held at Brady on January 25 and 26th, the Rochelle boys played three games and, of course, won three.

The first game was between Rochelle and Calf Creek. It was played Friday afternoon with Mr. Boyd Commander as referee. The Calf Creek boys have a real good team, and are real good sports. They went into the game to play ball and did their best. It was a good, snappy game throughout, and a host of "rooters" supported each team. The Rochelle boys got right into the old easy game and kept the others busy following the ball up. There were only two personal fouls called on Rochelle team and five on Calf Creek team. The final score was 21 to 6 in favor of Rochelle.

Rochelle vs. Voca.

This game was called Saturday morning by Captain Shelton of Brownwood. It was a game that created quite a bit of interest, both towns having many supporters. Voca tried to be determined to win, but all the while they surely knew they would have to let Rochelle have first place. Really, the Voca boys made the game a little too rough from the beginning. They seemed to want to show by their roughness the name "Wildcat," but they found it did not win the game. There were eight personal fouls on Voca and two on Rochelle. The smooth team work of the latter team won admiration of all those present. Rochelle won by a score of 17 to 13.

Rochelle vs. Fairview.

The last game played Saturday afternoon was between Rochelle and Fairview, which ended by a score of 42 to 0 in Rochelle's favor.

County Teachers Association Will Meet at Hotel Brady Saturday

The McCulloch County Teachers association will meet next Saturday in monthly session at Hotel Brady, at which time a most interesting program is to be had. Dean Taylor of Howard Payne college has promised to come and address the meeting, and probably the Howard Payne quartet or a musical number furnished by that college will feature the program. The trustees of all schools are especially invited to attend the meeting which will be called at 10:30 a. m. by J. B. Matlock, president of the association.

President Matlock states that some very important business will be taken up by the teachers, and he urges a full attendance upon the occasion.

Music Recital.

Mrs. J. B. Smith and Miss Mackye Lee Neel announce their pupils in recital in piano and expression on next Friday evening, February 1st, at the high school auditorium, beginning at 7:15 o'clock. The public is cordially invited.

Church Reception.

The Ladies of the Bible Study club will give a reception at the Methodist church Friday afternoon, February 1st, at 3:00 o'clock. A short program will be had, and then a social hour.

To the ladies of all the different churches is extended an invitation to be present.

In the various girls' contests, Lohn emerged victor in the finals, winning over Waldrup by a score of 12 to 10. While the girls basket ball events are not part of the interscholastic tournament, nevertheless, in order to stimulate interest among the girls in basket ball, a large silver loving cup was offered the winning team, and this the Lohn girls very proudly carried off. Mrs. Annie Cottle Bell, teacher at Fairview, was largely instrumental in having the silver loving cup offered as prize to the winning county girls' team, and as a result of the offer, much interest has been stimulated among the girls' teams of the county.

Preliminary Contests.

Quite a large crowd was out Friday to witness the preliminary contests, and the various events proved both interesting and exciting. The following were the scores in the preliminaries:

| | |
|-------------|----|
| Voca | 28 |
| Pear Valley | 3 |
| Dodge | 7 |
| Melvin | 8 |
| Calf Creek | 6 |
| Rochelle | 21 |
| Brady | 4 |
| Lohn | 5 |

Girls' Preliminaries.

But two preliminary contests were had among the girls' teams, which resulted as follows:

| | |
|----------|----|
| Waldrup | 11 |
| Rochelle | 10 |
| Lohn | 23 |
| Fairview | 4 |

Saturday Finals.

Voca and Rochelle, probably the two strongest teams in the county, were paired in the finals, and played Saturday morning. Both teams were in the pink of condition, and the game waxed hot and furious, with Rochelle claiming a little the advantage all the way through. Further advantage was given Rochelle by reason of some eight fouls on the part of Voca, as against two on the part of Rochelle. As indicating how hard-fought the game was the first half ended 6 to 7 in Rochelle's favor. The second half ended 17 to 13 in Rochelle's favor. Red Cates of Rochelle was the outstanding player and star basket shooter of the game.

Other Contests.

On account of the disqualifying of one of the Melvin players, the Melvin-Dodge game was played over on Saturday, Melvin again winning, this time by a score of 10 to 8.

Rochelle defeated Fairview in the finals by a large score, and Melvin defeated Lohn. Melvin and Lohn are scheduled to play Saturday of this week for second place.

Girls' Finals.

In the finals among the girls' teams, Melvin lost to Waldrup by a score of 10 to 2. Waldrup thereupon took on Lohn to decide the championship of the girls' teams, and this game was most spectacular and fiercely contested, and was a thrilling contest throughout. At the end of the first half, Waldrup had the lead with 8 scores to Lohn's 5. In the last half, Lohn tied the score and it was not until just a few minutes before time was called that Lohn put the ball in the basket for the winning score, 12 to 10.

BRADY, TEXAS, Jan. 29, 1924.

HONEST INJUN

The action of the commissioners court in warning the citizenship that failure to pay poll tax before February 1st will carry with it the penalty of being forced to work on the public road, carries with it interesting possibilities. We presume the lady delinquents will be employed in doing fancy (road) work.

YOUR POLL TAX.

Your poll tax—don't let it go unpaid!

And remember, there remain but two days, Wednesday and Thursday, in which to pay your poll tax and qualify as a voter the coming year.

And, to cap the climax, bear in mind that the commissioner's court has passed an order that all citizens of McCulloch county, who possess all the qualifications of voters, but who fail to pay their poll tax before February 1st, shall be forced to work the same out on the public road. After midnight Thursday, there will be no come-back. You will not be permitted to pay your poll tax after February 1st just to escape working the same out on the public roads—that's the State law, and there will be no getting around it.

The foregoing are some good reasons for becoming a qualified voter today, tomorrow or Thursday—the eleventh hour—if you have not already done so. But the greatest inducement for paying your poll tax lies in the fact that you thereby qualify as a full-fledged American citizen.

Pay your poll tax, and be qualified to exercise your right of franchise. Go to the polls at every election and vote as your conscience dictates. If you, and every other citizen of these United States will do that; will think clearly and vote cleanly, then there will be a constantly lessening of the dissatisfaction with the manner of operation of government and with the conduct of our public servants.

The voice of the people is all-powerful, if it be but raised at the right time. No public servant will stray far from the path of righteousness if he knows the people are watching his every action and are demanding of him service such as will promote their best interest and the best interests of the country, as a whole.

So we repeat, pay your poll tax! You can best serve your country, your community, your family and yourself as a fully qualified voter.

A good newspaper reporter in Washington would end the mystery of the missing Washington booze list. He would hunt a city directory.—Peoria Transcript.

OUR GOOD LUCK.

State Treasury Warrant No. 35544, signed by the Comptroller and State Treasurer, has been returned to the Democrat-Voice office unpaid because of "No Funds." Come to Texas.—Coleman Democrat-Voice.

We never realized how lucky we were until we looked at our State Treasury Warrant, also returned marked "No Funds," and noted that it was numbered 35,501. Since the State Treasurer has issued a call to pay all warrants up to and including No. 10,500, we are now within 25,001 of getting our money, and at least 43 numbers better off than the Coleman editor.

A LETTER TO DAD.

I am writing this to you though you have been dead thirty years.

I feel that I must say some things to you—things I didn't know when I was a boy in your home and things I was too stupid to say.

It is only now, after passing through the long, hard school of years, only now, when my own hair is gray, that I understand how you felt.

I must have been a bitter trial to you. I believed my own petty wisdom and I know how ridiculous it was compared to that calm, ripe, wholesome wisdom of yours.

Most of all, I want to confess my worst sin against you. It was the feeling which I had that you "did not understand." When I look back over it now, I know that you did understand. You understood me better than I did myself. Your wisdom flowed around mine like the ocean around an island.

And how patient you were with me—how full of long suffering and kindness!

And how pathetic it now comes home to me, were your efforts to get close to me; to win my confidence; to be my pal!

I wouldn't let you. I couldn't. What was it that held me aloof? I didn't know. But it was tragic—that wall that rises between a boy and his father, and their frantic efforts to see through it and climb over.

I wish you were here now, across the table from me, just for an hour, so that I could tell you how there is no wall any more; I understand now, dad, and God, how I love you and wish I could go back and be your boy again!

I know how I could make you happy every day. I know how you felt. It took a good many years for this prodigal son—to come to himself. I have come. I see it all now.

I know what a rich and priceless thing, and one least understood, is that mighty love and tenderness and craving to help which a father feels toward his boy. For I love a boy of my own, now.

And it is he that makes me want to go back to you and ask you to hear me, dad, and believe me.—Exchange.

\$500,000 FOR IMAGINATION.

H. G. Wells has received more than \$500,000 in royalties from his "Outlines of History," according to gossip among book publishers. In other words, he has been paid half a million dollars for having imagination enough to sense that history, supposedly a dry subject, could be popularized. No living writer could make as much from the sale of a work of fiction in book form alone.

There are plenty of opportunities. The problem is to distinguish them when they are right under our noses.—Fort Worth Star-Telegram.

ALIASES AND INCOGNITOS.

The story that Henry Ford, while in to look over the White House recently, signed a Washington hotel register as "A Henry," prompts a reader to query whether Mrs. Ford would attempt incognito by signing as "A Lizzie."

Edsel, of course, would be "A Flivver."—Fort Worth Star-Telegram.

FATHER OF MRS. W. F. ROBERTS, JR., OF LOHN DIES AT HOME IN LULING, TEXAS

The many friends of Mrs. W. F. Roberts, Jr., of Lohn, will sympathize with her in the death of her father, which occurred at his home in Luling, Texas, at the advanced age of 84 years. Deceased was one of the pioneer, as well as beloved citizens of that section. The following report of his death was sent to the state press from Luling under date of January 22nd:

"Wilson Bell, 84, one of the pioneer citizens of Luling, died at his home this afternoon after an illness of several months. He is survived by six sons and six daughters, besides his wife. They are: Gus, Bell of Lawton, Oklahoma; Walter Bell of Waco; C. F. Bell and Fenton Bell of Luling; Guy Bell of Austin; J. E. Bell of Fredericksburg; Mrs. Smith, of Austin; Mrs. W. F. Roberts, Jr., of Lohn; Miss Lula Bell of Luling; Mrs. Chas. H. Ward, of Luling; and Misses Zonia and Mattie Bell, who teach school at Marfa and Waco respectively. The funeral will be held at the city cemetery, conducted by the I. O. O. F. lodge.

We your committee, appointed to draft resolutions of respect on the death of our brother, W. R. Rice, beg to submit the following:

Whereas it has pleased the Grand Architect of the Universe to call from labor here below our beloved brother, W. R. Rice, to Refreshment in the Celestial Lodge above, where the Supreme Grand Master of the Universe presides, and

Whereas, he was a charter member of this Lodge, and in paying our last respects to him, we hope to meet him in the Grand Lodge above, in "that house not made with hands eternal in the heavens."

Resolved, therefore, that we extend to his bereaved family our fraternal and heartfelt sympathy in their hour of sorrow.

Resolved, that in his death, the country has lost a good citizen, the family a kind and loving companion, and this Lodge a respected and beloved brother.

Resolved further, that a page in the Secretary's book be set aside for these resolutions, that a copy be furnished to the local press for publication and that a copy be mailed to the family.

Respectfully submitted,
BOYD COMMANDER,
O. L. McSHAN,
B. A. HALLUM,
Committee.

A Genuine Investment for 1924

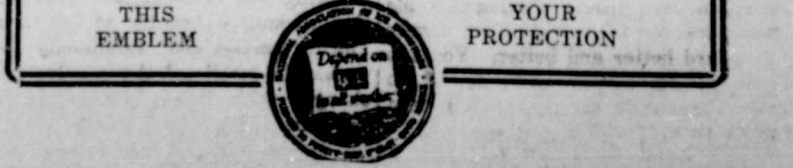

Suppose unprotected food freezes—or a sudden turn for warmer causes spoilage? In dollars and cents, would you have saved money if that food had been protected by some low-cost ice?

Local housewives who have taken us at our word regarding the savings from ice-protected food are now confirmed users of ice every day in the year.

They know—as you should prove—that ice is always one of the soundest of household investments—more than paying for itself in Winter, Spring, Summer or Fall.

LOCAL BRIEFS.

W. H. (Bill) Miller, who spent several months here recuperating from an attack of malaria, is now located at Temple, where he is with the Wm. Cameron & Co., Inc., lumber dealers, and orders his Standard forwarded to that place.

W. B. Taylor has again taken charge of the former City Cafe, now operated as the American Cafe, and which is located just west of the southwest corner of the square. Mr. Taylor will conduct a neat and attractive place, and has a first-class cook, assuring the best of service and complete satisfaction to customers.

M. P. (Bully) Wegner, who has been looking over the United States considerably since leaving Brady, ranging from the summerland of California, and the winterland of Canada, to the Somerville of Texas, is getting nearer back home. A brief note from him last week advised us to change his Brady Standard from Somerville to Temple, where he is at present located.

The City has just completed the building of two more gutters at street intersections, this time on Blackburn at South First street. Otto Kinman was in charge of the concrete work. The improvement enables crossing Blackburn with ease and dispatch, and is a noteworthy change for the better from the rough and washed-out gutter heretofore marking this intersection.

Mr. and Mrs. Wm. D. Cargill are receiving congratulations upon the arrival of a fine son on Friday night, January 25th. Mrs. Cargill and the little newcomer are at the local sanitarium, where they are reported doing splendidly. The pride and joy of the parents is shared equally by Master Billie Cargill, who is looking forward to the time when he can share toys with his new brother.

Geo. C. Parker was here from Placid Saturday and reported his 12-year old son as now improving nicely from a spell of typhoid, which he contracted some fifteen days ago. Mr. Parker's older son had typhoid around Christmas time, but is now gaining weight and has apparently recovered from the effects of the illness. Mr. Parker stated that his brother, Joe Parker and family, Saturday loaded out their household effects for shipment to Gaines county, on the border, where they will take up their residence this year.

Mr. and Mrs. W. M. Bauhof left Monday night on a ten-day's marketing trip, during which they will visit St. Louis, Chicago and other market centers, and where Mrs. Bauhof will personally select her new Spring and Early Summer lines of millinery and ladies' ready-to-wear. Mrs. Bauhof stated that she would make special effort to secure only the very choicest and most popular selections, and she expects to offer to her patrons a most exclusive and charming array of the new Season's offerings. During the past season Mrs. Bauhof has carefully studied the needs and tastes of her patrons, and in her selections this year, she will be guided accordingly, and her stock will include such variety as is certain to meet the approval of the most discriminating buyer.

PERSONAL MENTION

Mrs. Maurice Cohen of San Antonio, was a guest of her parents, Mr. and Mrs. L. Brook, the past week.

W. C. Kiehne came over Monday from Menard to pay taxes on his Brady property and incidentally to look after his local interests.

Karl Steffins, who is in charge of the Mayhew Produce Co. branch house at Richland Springs temporarily, came over Sunday for a visit with his family.

Bob Harward spent Monday in Brady renewing acquaintances, while here in the interest of the Willard Storage Battery Co., for which he is now traveling representative.

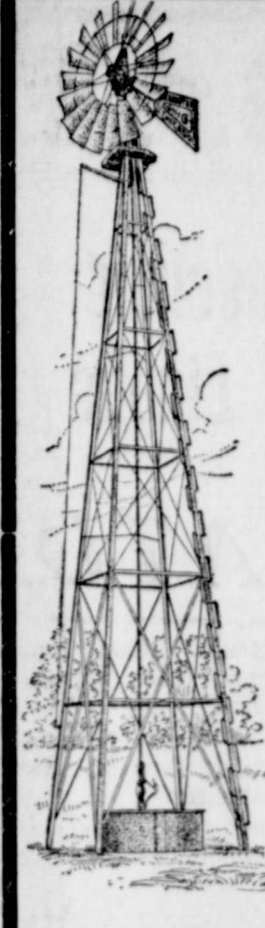

H. S. Epsy was greeting his many old-time Brady friends Saturday. Accompanying him here from Eldorado were Messrs. Tom and Sam Jones, and mother, Mrs. John I. Jones, who have been guests of relatives.

Mrs. Ike Rainbolt, son and little daughter, who have been spending several weeks with her mother, Mrs. C. C. Johanson, have returned to their home in Dallas. Mrs. Johanson accompanied them and will make her home in Dallas with them.

How We Spend Your Money
in building Studebaker cars
Why people buy 150,000 yearly

IT is true that we spend lavishly on Studebaker cars. But it's all to your advantage. It is by that spending that we give you the greatest value in the fine-car field. We offer prices no one matches on any comparable cars. That lavish spending led people last year to pay \$200,000,000 for Studebaker cars. And that volume brings our prices down to where they are.

\$50,000,000 in plants

Studebaker assets are \$90,000,000. In modern plants and equipment we have \$50,000,000. Seventy per cent of that amount was spent in the past seven years. So it represents the last word in equipment.

\$8,000,000 in drop forge plants, so every vital part is made to Studebaker standards.

\$10,000,000 in body plants, so Studebaker ideals may be shown in every body.

All that is staked in a permanent way on satisfying fine-car buyers better than our rivals.

What extras cost

Lack of vibration is a famous Studebaker feature. We get that by machining crank shafts as they were in Liberty Airplane Motors. That extra cost is over \$600,000 yearly.

Matchless endurance is another famous feature. One Studebaker Six, still in active use, has run 475,000 miles since 1918. We get that through costly steels. On some we pay 15% bonus to makers to get formulas exact.

Beauty of finish is another supremacy. But that finish requires many operations, including 15 coats of paint and varnish.

Our real leather cushions cost \$25 per car over imitation leather.

Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under \$5,600 in

America. The Light-Six more than any competitive car within \$1,000 of its price.

In closed cars we offer wondrous luxury. The lining is Chase Mohair, made from the fine fleece of Angora goats. Velour would cost about one-third that, saving up to \$100 a car.

Note those bumpers, that steel trunk, those extra disc wheels with cord tires on some models. Note that extra courtesy light. Think what they would cost if you bought them.

The cost of care

The unvarying standards in Studebaker cars are fixed by a department

Then we pay extra for continuous service. Last year, 13,000 men in our factories got anniversary checks—total \$1,300,000. After five years of service those checks amount to 10% of their wages.

We spend \$2,000,000 yearly on our co-operative work for men.

Every year we give factory employees one week's vacation with pay. That cost us \$225,000 last year.

We sell them stock on attractive terms. We retire old employees on pensions.

All this to keep men happy, to foster morale, and to keep men with us when they develop efficiency.

Not extravagant

Do such things seem extravagant? They are not. All those extra dollars save more dollars for our buyers.

They result in the cars you see, in the prices and values we offer. Nothing else in the field can compare.

Those values have resulted in a demand for 150,000 cars per year. That volume cuts our costs in two, as compared with limited production.

The cause of over-prices—under-values—is not lavish expenditure.

It is

Limited production, Heavy overhead, Out-of-date machinery, Antiquated methods, Non-economical plants, Transient labor, Discontented workers.

We've eliminated those things. We've done it at what seems to you a heavy cost per car. But each of those extra dollars saves \$5, we believe. Note what values and what prices have resulted. Note the amazing demand—the overwhelming demand—it has brought for Studebaker cars.

Don't Buy Blindly

Studebaker is today the leader in the fine-car field.

It has made this concern the largest builder of quality cars in the world.

You can find nothing in cars at \$1,000 or over to compare with Studebaker values. Studebaker sales have almost trebled in the past three years. The growing demand is the sensation of Motordom.

For 72 years the name Studebaker has stood for quality and class. But never so much as today.

Then don't buy a car at \$1,000 or over without learning what we offer.

of Methods and Standards. It is enormously expensive.

Our constant improvements are due to ceaseless research. 125 experts devote their time to the study of betterments. They make 500,000 tests per year.

That reliability is due to 12,000 inspections of the material and workmanship in each Studebaker car before it leaves the factory. This requires 1,000 inspectors.

Being generous with men

We pay maximum wages—at least as much as anyone else will pay.

Cureton Recalls Days of Driving Great Cattle Herd to Pacific 1870

Austin, Jan. 16.—The spirit of the old West breathed into the capitol when William Cureton, father of Chief Justice C. M. Cureton of the State Supreme Court, came to visit his son. Stories of the great cattle herds that found their way over the trails to the north and even as far as California in the seventies were among the bits of Western history which Mr. Cureton related to his friends.

One of the greatest herds that ever went to the Pacific Coast from Texas was that of 1,400 head and more which started from McLennan county, twenty-two miles west of Waco on June 1, 1870, according to Mr. Cureton. He was then a young man, but accompanied the great herd as one of the leaders.

The cattle were on the road seven months, reaching California shortly before Christmas, 1870. Bought for \$10 a head in greenbacks, which were then worth about 70 cents on the dollar, they were sold to the Miller and Lux ranches of California for \$30 a head in gold.

Mr. Cureton told of the long nights and days on the road, of brushes with fighting Indians, and the constant vigilance against the depredations of even wilder animals who attempted to prey on the cattle, in the long trek westward.

Guided by Stars.

There were no roads, no fences, no trails in those days on the way westward, and the cattlemen kept their directions by "Job's Coffin," the great dipper, and other heavenly guide posts. One of the quaint methods of keeping to the path mapped out, was to point the wagon tongue in the right direction when the horses were unhitched for the night.

"We had to have the help of the cattle themselves," said Mr. Cureton. "It does not take a cattlemann long to find out that some among the herd are natural leaders. These soon torge to the front and lead the remainder. When we wanted to move the herd we started the leaders off and the rest followed."

GREEN BROTHERS PURCHASE SMITH BARBER SHOP—ROOMING HOUSE

Messrs. O. E. and Forest Green, who purchased the Smith Bros. barber shop on the south side some three or four weeks ago, have taken charge, and will personally look after the wants of friends and patrons. Ray Smith will continue to have charge of one of the chairs, and the place will be continued as an up-to-the-minute three-chair shop. O. E. Green and family have moved here from Pontotoc, while Forest and family come here from Voca. They are both estimable folks and have received a cordial welcome to Brady citizenship.

Incidentally, the Messrs. Green have also leased the Ramsay rooming house, which they will operate in first-class fashion, and they invite a visit from out-of-town folks stopping in Brady over night.

Pear Valley Demonstration Club.
Pear Valley, Texas, Jan. 25, 1924.
Editor Brady Standard:
The Pear Valley Home Demonstration club met again on Thursday, January 24, with good attendance and five new members enrolled.
The subject for this lesson was "decorative stitches" which proved a

very interesting lesson. We had Miss Smith and County Nurse, Miss Bertha Barth, with us. The latter gave us a talk on hygiene and distributed some helpful literature.
The club meets again February 14, at the Woodman Hall where Miss Smith will teach us to make different kinds of sandwiches and pack properly balanced lunches.

Presents the Following Program for This Week and Next:

| | | | | | |
|---|--|--|--|---|---|
| <p>Wednesday, January 30 KENNETH HARLAN —IN— "APRIL SHOWERS" 7 REEL DRAMA A charming story of happy sweethearts and the troubles that come into their lives. There are heart throbs and thrills, smiles and a few tears. A story of temperamental lovers and a society girl who almost came between them. "April Showers" is a charming romance of Irish tenement life in New York. A well-balanced cast of players contribute to the success of this Forman production. Kenneth Harlan and Colleen Moore play the leading roles. Don't miss it.</p> | <p>Thursday, January 31 MAY McAVOY —IN— "TOP OF NEW YORK" 6 REEL DRAMA The story of a girl who restored a man's faith in humanity. Come and see a phase of life in the great American metropolis to which you have probably never given a thought heretofore. Come and get close to the hearts of thousands to whom the flat roof of a tenement building is the open country, as shown in "The Top of New York." May McAvoy is perfectly cast as the star. The gripping drama of a little girl with a great heart. Also "FOX NEWS," current events.</p> | <p>Friday, February 1 WESLEY BARRY —IN— "PENROD" 8 REEL DRAMA The picture that makes the old world young. Marshall Neilan present "Penrod" with "Freckles" Barry. Booth Tarkington's famous stories, in 8 reels. Remember the joy of these Penrod episodes, "The Pageant of the Table Round," "The Evils of Drink," "School," "Soaring," "The Giltillion," "The Big Show," "The New Star," and all the others you raved over in Booth Tarkington's stories. Now see them all in one big feature—the best yet.</p> | <p>Saturday, February 2 ROY STEWART —IN— "THE LOVE BRAND" 5 REEL WESTERN DRAMA The picturesque romance of life in the great open country of lower California. The vast ranches—thousands of cattle, sun-swept plains—the last great frontier, without creed or law. See Roy Stewart in his latest picture, "The Love Brand," a thrilling and picturesque romance of the colorful southwest. Also "Leather Pushers."</p> | <p>Monday, February 4 TOM MIX —IN— "EYES OF THE FOREST" 5 REEL DRAMA It is a romantic story of that picturesque body of daring men, the forest air patrol, of whom little is ever heard. Outside of the fact that it shows Tom Mix in an entirely new role, an army aviator, the picture has the significance of portraying in fiction, the actual colorful, thrilling lives of the rangers. "Eyes of the Forest" tells a Mix love story that is typical of the actor. Between Tony, his wonderful horse, and an airplane, Tom manages to perform some feats of daring that, it is said, out-Mix anything he has attempted heretofore.</p> | <p>Tuesday, February 5 THOMAS MEIGHAN —IN— "OUR LEADING CITIZEN" 7 REEL DRAMA A great story written especially for the star by America's most famous humorist, George Ade's story. The good luck star as a big lovable ne'er-do-well who turned main street upside-down—more fun than the circus. A warm slice of real life flavored with romance and spice. A land-slide of laughter with Theodore Roberts and Lois Wilson in the supporting cast. Also "FOX NEWS," current events.</p> |
