THE WALLS CAME TUMBLING DOWN—Coke County's old courthouse is being dismantled after standing since 1891. The removal job is being done by McGuire Bros. of Bronte. The new Coke County courthouse can be seen in the background. All the county offices were moved into the new building a few weeks ago. McGuire Bros. expect to complete the job this week.

AD-LIB-BEN

It's been a little rushed around this place today and there was no time to write a column. Our dog picked up a morsel of something which made her deathly ill Wednesday night. This is commonly known as dog poisoning. We'd appreciate it very much if dog poisoners will pick on us some time besides Wednesday night. When you sit up half the night pouring grease down a dog, and then have to make frequent trips to see about it on Thursday morning, there's not much time for putting out a paper.

Back to the subject, tho. We have a little article giving advice to a would-be newspaper columnist. We thought it was quite amusing, and, incidentally, there's more than a little truth in it. We swiped this article out of the Post Dispatch of Post, Texas.

I've just received a letter from a local youngster who says he'd like to be a newspaper columnist and asks for advice on how to go about becoming one.

I don't feel I'm competent to give advice he needs, but I can pass on to him that given me a few years ago by an older and much more successful columnist. Here's what he had to say:

"Next to being boss in your home the easiest deal in the world is writing a newspaper column.

"First of all, I think it's a lot more important what not to write about. The first requirement for being a successful columnist is the same as that for a successful bank robber. You've got to keep out of jail!

"Suppose you stroll down Bremer Avenue and you see somebody turn around to get a second look at a blonde and fall flat on his face after tripping over a hump in the sidewalk. If you write about the guy falling for this blonde you'll end up in a hospital.

"You go to a baseball game, as I did recently, and you think you detect a striking resemblance between the umpire and a picture

Moore Twins Place Second In State 4-H Safety Contest

June and Jean Moore placed second in the state contest on "Farm and Home Safety" held at College Station this week. The local girls gave a demonstration on artificial respiration as their part on the program. They competed with 13 other teams who entered the same contest.

METHODIST SCHOOL TO START MONDAY

The Vacation Church School at the First Methodist Church will be held next week, starting Monday, June 18. The morning hours are from 8:30 to 11 o'clock.

The school will run five days, Monday through Friday, as planned before. Teachers and officers will note this schedule.

Four groups, kindergarten, primary, junior and intermediate, will be provided for. Children and young people from the other churches of the community are cordially invited to attend the Methodist school.

Tidwell's Brother Receives Grant to Lecture in Greece

T. E. Tidwell received a clipping from a San Diego, Calif., paper recently which tells the story about his younger brother, James N. Tidwell, who has been selected to lecture at the University of Athens this summer.

The brother of the local man was reared at Miles and will be remembered here by many as a boy preacher. He began his work as a Baptist minister when he was 11 years old. He left this area in 1922 and has been an English professor at San Diego State College for the past five years.

The story from the San Diego paper follows:

James N. Tidwell, professor of English at San Diego State College, has received a Fulbright ex-

change grant to lecture at the University of Athens. Their father, Foy L. Moore, upon being questioned about the girls' "act," said they used their own ingenuity in arranging dialogue for the demonstration. In addition to giving facts about when and how artificial respiration should be applied, their problem was also to make the presentation interesting.

Both girls received an \$18 pen and pencil set and a medal for winning second place in Texas.

This is the second time the twins have brought home top honors from contests at College Station. Showing their versatility, they entered the "Share the Fun" competition last year and were awarded blue ribbons for their duet. They are much in demand as entertainers and have appeared on several radio and TV programs.

Their mother, Mrs. Moore, accompanied them to College Station, as did Mrs. Fay C. Roe, Coke HD agent.

County Audit in This Paper

The annual audit of finances of Coke County for 1955 is being started in this week's paper. Due to the length of the report, it will be continued over into next week's paper. Because the report is being run in two parts, readers are asked to save this first part, so they can look over the entire audit when the remainder of it is printed.

Coke County Commissioners authorized the report to be run in both the Bronte Enterprise and the Robert Lee Observer in order for people over the entire county to be informed about the condition of the county business.

The county did a big business last year. Receipts for 1955 amounted to \$1,002,579.41. Quite a sizeable amount of this figure was accounted for by bond issues, but tax money is also a big item.

Only two funds were overdrawn at the end of last year and they were in the red only about \$13,000.

Youth Program to Begin Here Next Friday Night

"Youth for Christ" is the theme of a youth program which is being sponsored by the young people of the First Baptist Church in Bronte. The first of the programs will be held Friday night, June 22.

The program, which is being designed to operate on a city-wide basis, is the largest attempt to be made locally to give youth something to do on weekends.

The first program will include a 46-minute film, entitled "Hid-

den Treasure." It is a technicolor production and is a Moody Institute of Science film. Rev. Douglas Brown, pastor of the church, said the film shows how science and the Bible can be correlated so as not to present conflicting views.

The first program will last about one and a half hours and, besides the film, will include special musical numbers, a sing song and an amateur program.

Equally interesting programs are planned for each Friday night at the local church, providing the youth of this area are sufficiently interested in them.

Rev. Brown said every young person in the community is invited to come and take part in the programs. "This program is not meant just for members of the Baptist Church," he pointed out. "We are just sponsoring it and we want young folks from every church to come and enjoy the fun we're going to have."

Scouts to Leave Sunday Morning For Camp Fawcett

All boys who are planning to make the trip to Camp Fawcett for the Boy Scout encampment must be at the school house at 8:30 a.m. Sunday, D. K. Glenn said Wednesday.

Boys who make the trip will be required to have a medical check-up and must have \$12.50 to take care of expenses during the week they will be gone. Other equipment which will be needed on the trip, includes fishing gear, enough clothes for one week, toilet articles, cot, bedding, and a pup tent. All boys who have a copy should bring their official Boy Scout handbook.

Plans are for Luther McOutchen and J. W. Teague to take the boys to camp. Other fathers of Scouts and interested men will take turns spending time at the camp. It is planned for two local men to be there for each two-day period.

Scoutmaster Oscar Dorsey, who is away at school, plans to be home the latter part of next week to stay at the camp a few days.

TO HAVE SURGERY

Word has been received here that Mrs. Lark Rogers, who is in John Sealy Hospital at Galveston, will undergo major surgery today (Friday).

BLACKWELL BIBLE SCHOOL

The Methodist Bible School at Blackwell will start Monday, June 18 through June 22. A program next Sunday night will conclude the program. All children of the community are invited to attend.

New Bath House Being Constructed At Football Field

A new bath house is under construction at the Bronte School football field. The structure is being built of tile and will be 16 by 36 feet. It will house two rest rooms for the public and two showers for participants in athletic events.

Clayborn Webb and Monroe Alexander, both employed by the school, are doing the work on the new structure. They have been assisted by J. T. Henry and J. I. Adair.

School officials said the new conveniences will add a great deal to the athletic plant at the local stadium. Expansion of the seating capacity to about 1,100 persons, with the addition of section from the old Lakeview stadium, will add greatly to comfort of spectators, they said.

Carolyn Kemp to Be On Bible Class Program

Carolyn Kemp of Bronte will be featured as soloist at a special Father's Day program of the Business Men's Bible Class of San Angelo. The program which is heard over radio station KGKL at 9:45 each Sunday, is broadcast from the ballroom of the Cactus Hotel, meeting place for the class.

Carolyn, who is the daughter of Mr. and Mrs. Cecil Kemp, appeared on another radio program over the same station last Saturday.

POSTMASTER HONORED

Mrs. Hollis Stevens, Bronte postmaster, was honored at a banquet Tuesday night which was held at the conclusion of the state convention of the Texas Branch, National League of Postmasters.

The affair, which was held at the Roosevelt hotel in Waco, honored Mrs. Stevens for being the youngest postmaster present, both in years and period of service.

Mrs. Stevens and her mother, Mrs. O. R. McQueen, attended the annual convention. A picture of Mrs. Stevens, Postmaster and Mrs. Cloy L. Allen of Wingate and two post officials appeared in Tuesday's Abilene Reporter-News. It was made at the convention.

SOCIETY

Mrs. A. S. Whatley, Editor

The Bronte Enterprise

June 15, 1956

what's what by whatley

Things have not been as quiet at our house this week as they had been for the past two. We made a weekend trip to Oessa last Saturday to visit a brother and wife, and then over to Crane on Sunday to see the daughter and husband, bringing the little son home after his two weeks visit there.

Things had certainly undergone a change at home during his absence as our daughter in Germany had sent me a cuckoo clock and it had arrived while he was gone.

Engagement Announced

CORINE FEIL

Mr. and Mrs. W. H. Feil of Tennyson are announcing the engagement and approaching marriage of their daughter, Corine, to Mr. Leon McCarty of San Angelo. He is the son of Mr. and Mrs. Floyd McCarty. The wedding rites will be solemnized at the Tennyson Baptist Church at 8:30 p.m. on June 21.

Miss Feil is a 1956 graduate of Bronte high school. She was salutatorian of her graduating class and is now employed by Ragsdale Appliance Co. in San Angelo. Mr. McCarty, who formerly lived at Tennyson and attended Bronte Schools, is employed by M-System grocery stores.

Two minutes before time for it to cuckoo, he runs and watches until it has gone through all the "coo-cooing" and the little man comes out and plays the music. It is quite fascinating and we all love it. I'll admit that the first few night we had it, I could have wrung the bird's head off when it awakened me every hour on the hour with this noise. I felt that I was the one who was going cuckoo. But now I sleep thru it.

From the daughter in Germany, I got a very interesting letter the other day and I keep having people to come in and ask me when I am going to run some more happenings from her. So this part I think you will enjoy:

I can't remember what I wrote you last, but I'll start with Friday a week ago. Billy was off, so we took the children for a drive. We saw lots of pretty country, but the most impressive to me was the city of Mainz (which is pronounced like "my"-mynz). It is right on the Mainz River and about 80 per cent of it was bombed during the war and not as much has been rebuilt as most places. It was the first time I had seen so many bombed places, and it was the saddest thing I've ever seen—it just makes you want to cry, when you thought of the people that were in the buildings and what a complete waste of property and human lives the war was.

Another thing I've forgotten to mention to you is the black tombstones. We see a lot of them, and we saw one cemetery that had hardly anything else besides the black ones, and they have their engraving done in gold. It is really quite pretty.

On Sunday we took another trip to Heidelberg, which is one of the most famous cities in Germany,

and it is beautiful. The city is divided by a river, and part is on one side, and part on the other, and we went through the most fabulous castle you can imagine. It was on a hill and the grounds were immense and lovely. We went into the wine cellar, and there was a wine keg or barrel that was as high as a house; in fact it had stairs over it. After looking the city over, we went out into the country and had a picnic lunch. The area where we live has many places that specialize in health baths, so naturally they have many hotels and parks and lovely little eating places.

I am going to give you a very different recipe this week and I hope that it will solve some of your worries in trying to get your family to eat carrots. Carrots is a dish that so many people turn their noses up at even the mention. Even Mr. "O" did when I told him what I was going to run. But give them all a chance at this and see what they think of it. I truly loved them fixed in this manner. It is called:

Buttered Carrots and Raisins
1 Can diced carrots.
Drain off the liquid.
Add 3/4 cup uncooked raisins to the liquid and cook 10 minutes.
While they are cooking—
Add 1/2 stick oleo to the carrots and

LARGE GROUP ATTENDS GRAY FAMILY REUNION

By Mrs. Charles Ragsdale

The children of the late Mr. and Mrs. Henry Gray held their reunion at Oak Creek Lake last week. Eight of the nine children were present. They were Mr. and Mrs. L. D. Gray, Sr., Mr. and Mrs. H. A. Gray and Mr. and Mrs. Delos Alsop, all of Deming, N. M.; Mr. and Mrs. J. W. Thompson of Goldsmith, Mr. and Mrs. Joe Smith of San Angelo, Mr. and Mrs. Noble Whitaker of San Diego, Calif., Mr. and Mrs. D. O. Gray and Gay of Houston, and Mr. and Mrs. Paul Kelly and family of Ft. Worth.

Grandchildren present were Mr. and Mrs. Jack Grammer of Cut-

off, La., Mr. and Mrs. Bobby Joe Smith and children of San Angelo, Mr. and Mrs. Byron Holly and children of Sweetwater, Mr. and Mrs. Leonard Story and children of San Antonio, Mr. and Mrs. W. C. Jones and children, Mr. and Mrs. Charles Mathew and children and Mr. and Mrs. Freddie Dayton, all of Odessa, and Mr. and Mrs. Murrell Wilson and sons of Colorado City.

Other relatives and friends attended included: Mr. and Mrs. Leonard Snow and family of El Paso, Mr. and Mrs. Melvin Slaton, Buster Hildridge and Mr. and Mrs. Black, all of Sweetwater, Mr. and Mrs. Ronald Walton of Bronte, Mr. and Mrs. George Abbott of San Angelo, Mr. and Mrs. Charles Davis of Sweetwater.

A large number of friends from Blackwell visited them. A fish fry was held during the reunion, with fish being brought from the Gulf of Mexico and from California. The reunion will be an annual affair.

Rev. and Mrs. W. C. Craig and D. K. Glenn attended a District Set Up Meeting for the new year of the Methodist Church. It was held last Thursday in San Angelo.

3 tablespoons lemon juice.
When the raisins are done add to the other mixture and heat together slowly for approximately 5 minutes.

The recipe called for the canned but I prefer the fresh carrots. Follow the above recipe but cook them for 10 minutes in pressure cooker or in stew pan until well done. Then drain the liquid and proceed as for the canned.

Mr. and Mrs. Tom Green attended funeral services in Abilene Wednesday for Charlie Blanks, long time acquaintance of the Greens.

Visiting here from Hobbs, N. M., over the weekend were Mr. and Mrs. A. E. Rodgers and their son and his wife, Mr. and Mrs. Stanley Rodgers. They visited the former's sister, Mrs. M. A. Scott, and other relatives.

Lt. Gov. Ramsey Campaigns For Re-Election

San Augustine, Tex., June 7—Soil and water conservation and greater protection for Texas families through good services and stability in government are the major issues on which Lt. Gov. Ben Ramsey will campaign for reelection this summer.

Ramsey, who is touring the state preparatory to officially opening campaign, said, "Soil is the storehouse of agriculture and industry. Water is the key to both.

"People throughout Texas have made great strides in soil and water saving practices in the past 10 years." He added, "The state must give full assistance to equitable plans for conservation at the local level if we are to maintain a sound economy and reach our true potential."

On plans for protection of Texas families, Ramsey said the government must effect rigid rules of conduct and exacting controls over blind forces of influence. Ramsey cited the need for (1) strict curbs on lobbying; (2) stiff narcotic penalties, with life imprisonment or death penalty for the second conviction on charge of selling to minors; (3) eliminating loan sharks, and (4) an unceasing watch to assure families their insurance policies are sound.

Ramsey, who spearheaded the move to rid the insurance industry of "parasites" and eliminate fraudulent investment schemes, said the results have been tremendous.

"Time and experience," Ramsey said, "will determine whether the barricades in our new laws are high enough and solid enough to keep ruthless speculators from preying upon the public. The scavengers will be back at the next session of the Legislature in attempt to gain back their lost special privileges.

"My ambition," Ramsey said, "is to wage the fight through to complete assurance of full protection to the public in all phases of government."

Ramsey, a life-long resident of San Augustine, lives at his farm home three miles from town, with his wife, the former Florine Hankla, and their two daughters, Rita Rhea, six years of age, and Ann, three years.

LEGAL ADVERTISEMENT NOTICE TO CONTRACTORS

Sealed proposals addressed to the Honorable Jeff Dean, County Judge, Coke County Texas will be received until 2:00 P. M. July 2, 1956, for furnishing all necessary materials, machinery, equipment, superintendence and labor for the construction of two (2) outdoor swimming pools, bath houses and filter plants complete, including plumbing and electrical work and the necessary piping and equipment for a complete water recirculation and purification system according to plans and specifications. Also the following: A concrete block Community Building in Robert Lee, a concrete block Caretakers House in Bronte, complete with all mechanical and electrical work; sidewalks, fences, four (4) tennis courts, a baseball field, and fifteen (15) picnic tables and bar-b-que pits.

Bidders must submit a cashier's or certified check issued by a bank satisfactory to the Owner, or a proposal bond from a reliable surety company payable without recourse to the order of Jeff Dean, County Judge of Coke County, Texas, in the amount of not less than five percent (5%) of the largest bid submitted as a guarantee that the bidder will enter into a contract and execute bond and guarantee in forms provided within ten (10) days after written notice of award of contract to him. Bids without the required check or bond will not be considered.

All lump sum prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities and make the award to the concern they feel most qualified and suited at that time to install their project.

Information for bidders, proposal forms, specifications, and plans are on file at the office of W. W. Greif & Associates, 1713 - 25th Street, Snyder, Texas, and at the County Courthouse in Robert Lee, Texas.

Copies of the Plans and Specifications may be secured from W. W. Greif & Associates in Snyder, Texas, upon deposit of \$25.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned to the Contractor on submission of a bona fide bid on the work, with such plans and specifications; or upon returning the plans and specifications immediately after examination of same, and advising the Engineer that bid will not be submitted; otherwise, the deposit will be forfeited.

Thursday and Friday, June 7 and 8 on the Campus of San Angelo College was attended by Danell Dixon, Mary Beth Schooler, Mrs. W. J. Humphries, and I.

Records and Recreation were the subjects taught. Swimming periods marked the highlights of the girls program. Meals were served at Sittons.

Sixty-nine girls, leaders and H. D. agents attended.

Mary Beth was elected chairman of the District 7 Camp for 1957. This is the first time a chairman has been elected to serve the following year. Congratulations Mary Beth!

I am still enjoying the nice cool court house office. The only thing that wrong is that I can't find time to help Joyce get our files and bulletins redone. Surely is a temptation to put aside all hot weather driving and stay in the office! We are enjoying all your nice visits as you go through the new court house. Have seen old friends and have met lots of new people too.

VACATION BOUND?

If you are planning a two weeks cruise on the Riviera, a sightseeing trip to the mountain or maybe just a weekend spin to a nearby lake, or better still a picnic supper in the back yard, summer attire is uppermost in your mind, if you're a woman.

With the trend established toward the pretty feminine look for summer activities, you can be outfitted for any occasion right here in our own town.

Designers have been hard at

work for several years making wearing apparel attractive for the small fry's down to all the grey-haired grandmothers, from our farm product called cotton. A look through the racks of our two popular ready-to-wear stores here reveals a wide variety of vacation wear which probably would make choosing difficult.

If it's the usual run of house work in store for you for the summer months, their attractive line of shorts, including the Bermuda style and pedal pushers, with all the novelty blouses that make a set complete, will not only make work more enjoyable, but you have the feeling of being comfortable and more attractive.

The summer climaxes a season always with cool summer frocks made from batiste, nylon, dotted swiss and the ever wearing cotton prints and broadcloth. Three stores in our fair city are always

ready to serve you with these materials on their shelves.

If your vacation spot is to be in sunny Florida or a few afternoons of swimming in some nearby pool, a colorful bathing suit is a must in your wardrobe. Also the beautiful striped beach towels along with the big bags which make the trips more convenient. Make your selections from one of several places here that carry a nice line.

And of course, June highlights the use of lace and pretty undies for the brides. The bridal gown itself may not be found on the racks of our stores but all the beautiful things that make up the bride's trousseau can be found at amazingly low prices.

Fat at forty, slim at sixty or even the well trimmed teenagers, before buying elsewhere, take a look at the local stores as you can find the popular brands of clothes here that are found in other places.

Also while shopping for the summer months ahead, don't forget Father's Day is Sunday, June 17. Dad loves cool thing as well as "classy" togs for vacations.

is missing. You start the car and
strip the gears. Better not say
anything because maybe your
wife visited the garage while you
were out.

"When there's an election, it's
most important not to write about
any of the candidates. If you can't
say anything good about 'em just
keep still because the guy you
scribble about may be the win-
ner and you will be the low man
on the totem pole from there on
out.

"Be careful about suggesting
Sunday motor trips for your read-
ers. I once mapped out an all-day
tour along the Mississippi and the
following week learned that all
along the route two bridges were
out. It could have meant that 50
per cent of my readers went down
the drain.

"Never brag about places you've
been. If you've stayed at the May-
flower Hotel in Washington keep
quiet about it. Some clerk may
read over your column and they'll
know where to look for those miss-
ing towels.

"Don't boast about your opera-
tions. If you've had some of your
parts removed and start telling
about it, readers will only shake
their heads and say, 'I always
knew something was missing some
place.'

"Be slow to write about your
fishing trips unless you read up on
the fish and game laws. Those
bass you tell your readers about
will cost you plenty if the article
appears in the paper at the wrong
time.

"Beware of printing recipes in
your column. I once printed a
recipe for a bride's cake and for-
got to put in the sugar. I didn't
think a bride's cake would need
much sweetening anyhow but
some of my readers thought dif-
ferently.

"If you go to the neighboring
city any afternoon and see some
of your neighbors shopping out of
town, better keep quiet about it.
If you report them they'll certainly
tell on you. Mum's the word!

Don't ever brag about how much
chicken you eat when you go to
a church chicken supper. I was
guilty of that some five years ago
and I've been trying to eat my
words and eat my chicken and live
up to my reputation ever since.

"Don't ever scribble anything
about gardens unless you have a
strong back and a weak mind. I
once made the mistake of putting
some advice about gardening in
my column and the next day I
found myself in the back yard at
it because my wife read what I
wrote and she decided I ought to
practice what I preached.

"Be careful what you write on
the subject of health. If you brag
too much on how healthy you are
the army may get you.

"Those are a few of the topics
it's best to stay away from if you
want to be a successful scribbler.
To be a great writer and have a
good income one more thing is
quite essential. Find some girl
with plenty of money and a good
job and you'll have a good chance
to make a go of it."
