Bronte Businesses Burglarized; Small Amounts of Cash Taken

Two business place in Bronte were burglarized Sunday night and a third place had the lock forced off its front door.

L. L. Webb's Chevron Service Station was entered after the intruders twisted the lock off the front door. Approximately \$15.00 in silver was taken from the cash

register, and another \$20.00 was taken from a cigarette machine. Merchandise, such as new tires, batteries, etc., were not bothered, Webb said.

City Cafe was entered after the burglars knocked out enough of the window glass so they could reach in and turn the lock. Some money was taken from the juke box and cigarette machine, but amount was not reported.

The burglars pried off the outside lock at O. L. Pittman's Humble Station but were unable to enter because of an inside lock which held the door shut.

BUDGET SET BY CITY FOR COMING YEAR

The 1959-60 budget for the City of Bronte was set at a special hearing Monday afternoon. The city expects to have a total expenditure of \$37,464.07, and estimated receipts amount to \$41,435.57, leaving a surplus of \$3,971.50.

Most of the money handled by the city comes from the waterworks fund. Estimated receipts for that account amounted to \$25,062.08, while estimated expenses from this fund were \$23,075.96.

City officials expected receipts in the general fund, which come mostly from taxes, to total \$16,373.49, while estimated expenses amounted to \$14,388.11. Some \$3,000 has been set aside in the above expenditures for construction of drainage facilities across highway 277 when work starts on repaving it from Bronte to the Tom Green County line. Another \$1,000 has been set aside to take care of the city's portion of curbing on each side of the new highway in the south part of Bronte.

Largest expenditure in the waterworks fund is the monthly payments to the Upper Colorado River Authority for installments on Bronte's pipeline from Oak Creek to town. This amounts to \$700 per month or \$8400 per year.

The tax money expected to come in is at the rate of \$1.00 per hundred valuation, and placing the city's valuation at \$1,102,257.00.

COUNCIL TO VISIT EDEN

Mayor J. A. Stephenson and members of the Bronte city council have scheduled a trip to Eden either Friday or Saturday. Purpose of the visit is to confer with officials of that city and inspect the sewer system now under construction.

The City Council has discussed the matter of a sewer system for Bronte during its last few meetings and is presently making a study trying to determine if plans can be worked out for a sewer system here.

Blackwell Wins Over Hobbs, 40-31

By Mrs. Charles Ragsdale

Blackwell's six-man football team won handily over Hobbs in a District 4-B game last Friday night. Score on the game, which was played on the Blackwell gridiron, was 40-31.

Larry Estes led the Blackwell Scoring with two touchdowns. Albert Sneed had one, while Wayne King had two plus two conversions. Michael Kinard tallied once and kicked one extra point.

Herman Adams, Etheridge and Mike Soto accounted for Hobbs' scores.

Hobbs 6-12-6-7-31
Blackwell 13-8-13-6-40
Blackwell will play at McCauley Sept. 25.

Longhorns Go to Santa Anna Friday for Non-District Game Bronte Downs Wylie, 15-0

By DON SPILLER

Bronte Longhorns were able to keep their perfect season record intact Friday night when they downed the Wylie Bulldogs 15-0. The contest was played on the Wylie Field.

First Quarter

Wylie's Ronnie Beyer kicked off to Eddie Spiller, who ran it back to the Bronte 43. Dee Arrott picked up 4 and Benny Corley in two carries made 9 to give Bronte a 1st down on Wylie's 43. Arrott lost 2 and Corley made 5, but a penalty was called on Bronte. Arrott picked up 3 and Corley, 2, but it was not enough yardage, and the ball went over to the Bulldogs on their 35. The Beyer boys in three plays picked up 13 yards, giving Wylie a 1st on the 48. R. Beyer then made a long run to the 28 where he was intercepted by Spiller. Kenneth Beyer fumbled but Wylie recovered; Ronnie Green made 5, K. Beyer 2 and R. Beyer 4, for a 1st down on the 18 yard line. Green fumbled the ball on

the next play and Bronte recovered on their own 15 yard line.

Corley made 3, then Mickey Black carried for no gain. On the next play Corley quick kicked to the 49.

K. Beyer made 3 and R. Beyer gained 20, but the ball was returned and Wylie was penalized 5 yards. R. Beyer passed to K. Beyer for 4, and K. Beyer made 2, but that was not sufficient for the down. K. Beyer punted to the Bronte 22.

Mickey Black made a long run to the 49, but it was called back to the 22 on a penalty against Bronte. Arrott went to the 30 on the next play as the first quarter ended.

Second Quarter

Running from the 30, Corley made a 1st down on the 36. Corley carried for 9, then Arrott ran the ball to the Bulldog 46 for a 1st. Black carried for no gain, then Corley made 7. Arrott carried, but Wylie was penalized 5 to give Bronte a 1st down on the 34. Arrott carried again, and once more Wylie drew a penalty of 15 yards, which gave Bronte another 1st on the 18. On the next play Corley drew first blood of the game, going from the 18 for a touchdown. Lanny Denman went in to kick the extra point and it was good. Score: Bronte 7, Wylie 0.

Corley's kick was downed by R. Beyer on the 22. Green picked up 4, then he fumbled on the next play but recovered and made a yard. Green picked up 4 more and R. Beyer kicked to the Bronte 44. The Longhorns fumbled the ball and Wylie recovered with a yard loss. R. Beyer tried 2 passes, but they went incomplete, so he then kicked to the 19, where Arrott was waiting to run the ball back to the 34.

Corley made 6 on the next try, and then when he carried next time, Bronte was penalized 5 yards. The next play was a sensational 30 yard pass from Arrott to End Neal Black, who went the rest of the way to cross the double

PROMOTION DAY SUNDAY

Sunday is Church School promotion day at the First Methodist Church in Bronte. Rev. Bob Grimes, pastor, said Wednesday that a record crowd is expected for the Sunday program.

A promotion day program will be conducted during the Sunday School hour and a recognition and dedication for teachers an officers will be held during the worship hour at 11 o'clock.

Grimes extended a special invitation to everyone to attend the Sunday services.

ROPING SATURDAY NIGHT

A roping is scheduled in the Bronte arena for Saturday night at 7:30. At least two expert ropers are expected and a few jackpot contests are on the program. Admission to the spectators section is free and the public is invited to attend.

Winston Modgling was here from Collins, Mississippi for a visit last week in the home of his parents, Mr. and Mrs. B. E. Modgling. His daughter, Linda Modgling, of San Angelo visited with them Saturday.

The Bronte Longhorns are all set to take on Class A Santa Anna Friday night. The local lads are hoping to keep their perfect season record intact as they tangle with the Mountaineers.

Santa Anna lost their game last week to Menard, 44-8, while the Longhorns won over Wylie 15-0. Last Friday's game was the third defeat of the season for Santa Anna.

Chili Supper Before Game

School officials received word from Santa Anna this week that the Epsilon Sigma Alpha Sorority there is sponsoring a chili supper before the game at the Ward Cafeterium. Chili, home made pie and coffee will be served for 75c. Bronte persons attending the game are invited to eat their supper there before the game.

na, but the two previous losses were to Class AA schools. They opened the season against Comanche and lost 35-6, and week before last were mauled by the Albany Lions, 51-0.

Bronte lost the services of Lanny Denman for a couple of weeks when he was injured in the game last Friday night with Wylie. He is recovering from a bruised kidney and was released from the Bronte Hospital the first of the week. Kenneth McCutchen also received a foot injury, but nothing serious resulted. However, it is not expected that he will play Friday night, so that no chance will be taken on further injury.

Coach Bob Howard said this week that Bronte "could beat Santa Anna." The coach said, however, that he was not too sure about it because some of the Longhorn squad had not been "putting out this week" as they should. Howard said present plans are to make several changes in the starting lineup.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

A feller in town was telling me yesterday he's got a teen age-grandson that claims to be in a "shook up" condition most of the time. This feller says he can spot the symptoms of the disease in his grandson real easy, but he ain't got no idea what causes it. The boy told him that teen agers usually gits shook up following a "delightful disaster."

I don't know what's going to happen to this country with such booby-hatch talk going on amongst our young'uns. When taxes and inflation finally git em in the next generation, I reckon they'll call it a "splendid panic" or "comfortable starvation."

If delightful disasters can git a feller shook up, some of the news items lately has been mostly of the shook up variety.

Fer instant, I see where a New York columnist says the Army now owns 8,000 miles of rope, enough to stretch across the country twict. They bought it during the last war and now they can't use it and they can't sell it. If that feller will dig a little deeper he'll probably find about 80,000 miles of red tape tied around the rope. And he'll probably uncover a couple influential politicians that's in the rope business.

It ain't been too long ago that I saw where one Government agency bought 50 million pounds of some sort of surplus material fer 87 cent a pound and sold it to the Army fer 35 cent a pound. I reckon the War Department was mighty glad to git it wholesale like that. The fact that the taxpayers lost 41 million dollars on the deal don't worry them fellers.

And some beaureaucrat, talking on the radio the other day about a new tax plan, said the "new income tax would apply the increase to what the taxpayer had left over after paying the current tax." The best I can make out of that kind of talk, Mister Editor, is that they've got your shirts and pants and now they're going after what's left, which is mostly your underwear.

But things could be worse, Mister Editor. I see where the U. S. Department of Agriculture says a good wife is worth \$69,000 to a rancher or farmer. The piece didn't deduct nothing fer depreciation or upkeep and I ain't starting no argument with my old lady on the subject. And a piece here says the Retail Clothiers Associa-

tion is "featurng jet blues, atomic greys, rocket browns and cosmic greens" fer men's clothes this winter. It was mighty thoughtful of 'em not to include "calamity black."

Yours truly,
Uncle Huie

Why we built two cars for 1960 . . . as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

NOW... '60 CHEVROLET TRUCKS

WITH REVOLUTIONARY
TORSION-SPRING
SUSPENSION
THAT GIVES ASTONISHING NEW
SHOCKPROOF
ACTION !!!!!

Chevy's done the next best thing to paving every road in America!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

Brawnier bulldozer build!

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s.

More models than ever!

New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride!

Anything less is an old-fashioned truck!

stripe. Arrott's pass to Mickey Black was good for 2 extra points and the score was: Bronte 15, Wylie 0.

Corley's kick-off toe worked well and the ball went into the end zone, so Wylie took over on their own 20 yard line. Ten plays remained before the half, and the two Beyers boys and Green moved the ball to the 33 yard line, making 3 first downs. However, time ran out and half time activities got underway.

Third Quarter

Corley kicked off and K. Beyers made 5. Then he and R. Beyer both failed to gain, which brought up a punting situation. The punt to the 45 was killed by the Bulldogs. Corley made five, followed by Arrott, who picked up a 1st down on the 29. Corley added five more, Arrott lost 4 and Corley added another. Corley's pass was incomplete, so the ball went over.

Green made four; R. Beyer made 3; and Green made it a 1st down on the 38. In two more carries, Green added 7, followed by 5 for R. Beyer, making another 1st on the 50. He then made 4 and Green got 7 for another 1st down on the 39. Beyer and Green made 3 yards in 2 tries. Wylie drew a 5 yard penalty and R. Beyer's pass fell incomplete. His next play, a pass, was no good and the ball went over to the Longhorns on the 40. Corley got off for 4 before the whistle sounded the end of the third quarter.

Fourth Quarter

Arrott started the 4th period off with a 7 yard carry to the 48. Corley added 5 and Arrott got 3 more. The next play was a beautifully executed run by Corley for 29 yards. Four plays later however, the Longhorns had failed to make their 10 yards and the ball went over at the 15 to the Bulldogs.

Mickey Black stopped R. Beyers after he got loose for a 23 yard gain and a 1st down. K. Beyers made 5 and then tried again to add 23 yards and a 1st on the 34. Olivas came in from the secondary to pull him down. Only 9 yards could be mustered by the Bulldogs on the next four plays, so Bronte took over on the 25.

Arrott made 17 followed by two tries by Corley, good for 7 more. Corley then booted the ball 50 yards down field and Wylie took over.

Two plays gave the Bullogs a first down, then they lost 5 on an off sides penalty. R. Beyer made 5, but his next play, a pass, fell incomplete. R. and K. Beyer were able to make two first downs on the next three plays, but K. Beyer was stopped cold for no gain on the last play before the gun sounded the end of the game.

Mr. and Mrs. M. C. Ritchey of Tahoka visited Mr. and Mrs. Otis Mayben last weekend.
