CORLEY TAKES OFF — Benny Corley, second from left, takes off on one of his ball carrying jaunts during the Lo-

raine game last Saturday night. His number, 35, is partly blocked out by the football. Notice the Bronte lineman, to the right of Corley, tangling with a would-be tackler.

AD-LIB-BEN

We haven't written much about the Bronte Longhorns in this column during this football season. We have been real proud of the boys all season, but until the last two games were a little bit afraid they had not experienced any stiff competition. After the way they took Hermleigh and Loraine teams apart, we are now firmly convinced they really have it.

Bronte has some of the best high school backs we've ever seen. That's apparent from the record of having been scored on only five times all season. But even great backs can't consistently gain and rack up big scores without the full support of their teammates. Consequently we'd like to put in a plug for the Bronte line and all the defensive players. Those boys are hitting hard and the way they lay out that red carpet for their ball carrier is something to see.

The success of this football team is due to several factors. Of course you've got to have boys with ability, but even more you have to have boys who want to play. And then you have to have a coach for whom the players will work. And last, but by no means least, you have to have support from the fans.

It seems Bronte is fortunate in having concocted all these ingredients for this year. That's why we have a great team in 1959.

The Longhorn Club has been a powerful factor in getting support of fans this year and in providing the team with many of its needs this season. This organization has raised over \$500 for support of this team. Most of it has been spent in filming games, but money has also been spent on the football field and for little extra things the boys need. Many hours of labor have also been expended by members of the club. In case you haven't bought a membership, see one of the members of the club. The season isn't over and chances are more help will be needed.

Even the doctors don't know the answer to this one. We saw an editorial this week which deplored the apathy of the American people in having themselves and their children immunized against polio. This editorial admitted that doctors don't know what to do to make people take Salk vaccine shots. They said they had tried giving it away, and even then the

Bronte Rolls Over Loraine, 36-6, to Spoil Homecoming

The mighty Bronte Longhorns rolled on to another victory Saturday night when they defeated the Loraine Bulldogs in a Homecoming event at Loraine. Score when the final gun sounded was 36-6.

Once again the Longhorns exhibited ability to operate as a team, with the backs making good yardage consistently through the holes opened up by blockers; and once again the big Bronte line held its opponents to small gains.

First Quarter

Bronte won the toss and elected to receive. Hale kicked-off for the Bulldogs and it was taken by Reyes Olivas on the 7. He ran it back to the 38 yard line. Unable to gain in significant yardage in three plays the Longhorns punted and the ball rolled dead on the Loraine 15. On the first play Bob Rankin fumbled the ball. Bronte recovered on the 16 yard line. Dec Arrott threw to Jerry McCutchen for 5 and then Benny Corley ran 5 more, making a 1st down on the 6 yard line. On the next play Corley carried it over and Lanny Denman kicked the extra point to make the score 7-0.

Wildlife Group Meets and Names New Officers

Finnell Smith was elected president of the Coke County Game Management Association at the annual meeting and barbecue held by the group last Thursday. The meeting was held at Oak Creek Lake with Walter Stapp and a group of Blackwell area residents acting as hosts.

Other officers named for the new year include: J. O. Rudd, vice president; Sterling Lindsey, secretary-treasurer. New directors include W. C. Shamblin, James Arrott, James Phillips, Edward Rawlings and Bert Blaylock.

Floyd Modgling invited the association to meet with him at his place near Edith next year.

James Taylor, local game warden, was in charge of the program. Luke Proctor, who is with the State Fish Hatchery at San Angelo, spoke to the group and two short movies were shown. A general discussion of game laws was also held.

D. K. Glenn is the retiring president of the wildlife group. He said about 150 persons were present for the supper and program.

Corley kicked off but it went out on the 20, and was brought back to the 40 where it was kicked again. This time Corley's kick went into the end zone where Lorenzo Moreno took it and came out to the 37. The hard hitting Bronte line held for 3 downs with little gain for the Bulldogs and they kicked to the Bronte 31. It was taken there by Mickey Black, but the Bulldogs swarmed down and allowed him no run back. Corley made 4 and Arrott added 2. On the third down Corley made 9 and a 1st down. Arrott then tossed an aerial to Kenneth McCutchen for another first down on the Bulldog 19. Corley then made 4 and Arrott lost 5, but gained it back on the next play when he completed a pass to J. McCutchen for 7. This play ended the quarter.

2nd Quarter

On the first play of the 2nd period Denman tried a field goal but it fell short and the ball was brought out to the 20 where the Bulldogs took over.

Rankin and Gary Parnell made 8 in two tries, but the 3rd attempt to make the necessary 10 yards bogged down and the Bulldogs had to kick. Clovis Hale kicked the ball to the Longhorn 40.

Arrott received the punt and ran ball back to the Bulldog 32. A penalty against Loraine advanced it to the 17, and on the next play Corley went over for a TD. Arrott's pass was intended for M. Black, but it was knocked down. Score: Bronte 13, Loraine 0.

Corley had a hard time on the kickoff, with the ball going out on 2 tries. K. McCutchen tried it and had the same trouble so Loraine took it on their 42. Parnell made a 1st, and Moreno and Marcum, in three carries, picked up good yardage for another 1st on the Bronte 30. A pass failed, but three plays later Moreno and Marcum had made another 1st down on the Bronte 17. The Longhorn defense tightened up and four plays later the local lads took over on their 1.

Corley got loose on the first play of the series and ran all the way to the Bulldog 46. On an incomplete pass and one ground try the Longhorns failed to gain, and on the next play a pass try was intercepted by Vest for the Bulldogs. Loraine gained 5 on a pass but on the next attempt Marcum was caught behind the line and lost 5 yards, to end the first half.

Corley started the second half

Longhorns on Top In Season's Games

Special Events Planned for Next Two Ball Games

Special events are shaping up for the two remaining home games on the Longhorn 1959 football schedule. Bronte plays Eldorado here next Friday, Oct. 30, then goes to Trent for a contest on Nov. 6, returning home for the final game of the season against Robert Lee on Nov. 13.

A special program to honor fathers of the football players is scheduled for the Eldorado game. Among other things, the dads of the squad members will be invited to sit on the side lines of the field during the game.

A homecoming of Bronte school ex-students is on the docket for the Robert Lee game. A social hour is planned before the grid tilt. More details concerning both of these events will be carried in next week's paper.

Scout Fund Drive Started Tuesday

Bronte's annual fund drive for the Boy Scouts was kicked off Tuesday morning at a breakfast at the First Methodist Fellowship Hall. Bill Thomas, who is chairman of this year's campaign, was in charge of the meeting.

Rev. R. W. Blackmon made a short talk after breakfast had been served. He urged full and generous cooperation of everyone in the community, citing the many benefits received by boys who participate in the Scout program.

D. K. Glenn, member of the Concho Valley Council, outlined the council's budget for the coming year to give workers some idea for what the money raised would be spent.

Cards were distributed to workers and contacts were being made Tuesday and Wednesday. Thomas asked that workers contact as many of their prospects as possible by Saturday, so that the money can be turned in and a report made to the council office.

Thomas also urged everyone in the community to contribute liberally to the Scout Drive. "I feel that every dollar we invest in the boys of today will pay all of us in big dividends in the years to come," he said.

Shorthorns Tangle With Robert Lee

The Bronte junior high football team will play the seventh and eighth graders of Robert Lee tonight (Thursday). The tilt will be held on the Robert Lee gridiron.

Bronte's shorthorns lost their only game of the season thus far to Silver, but are hoping to make a comeback tonight. Kickoff is set for 7:30 and admission prices are 50 and 25 cents.

Jimmy Wells, one of the Shorthorn players, received a broken collarbone in practice this week and will not be able to play.

UNDERGOES SURGERY

Charlie Gentry was scheduled to undergo throat surgery Thursday at McCloskey Hospital in Temple. Mrs. Gentry left Wednesday to be with her husband.

The Bronte Longhorns rolled another step last week toward their goal of district champs when they defeated Loraine 36-6. The Longhorns are the only team in District 6-B which has not been defeated this season. Eldorado is tied with Bronte in district play, but the Eagles have lost one and tied one in non-district contests.

Leading Scorer

Benny Corley, top scorer for the Longhorns, moved up from fourth place to third since last week in this area. The information is compiled by the Abilene Reporter News each week. Corley has a total of 15 touchdowns and three extra points for a total of 93. He is tied with Charles Lipsey of Cisco on number of touchdowns, but Lipsey has 3 extra points and a field goal for 97 points. Larry White of Knox City is in second place. He has only 13 touchdowns but has made nine extra points for a 96 total. Corley is also probably the top kicker in this section, with a season average of better than 48 yards per kick.

Dr. Witt to Preach At Church of Christ

Dr. Paul C. Witt, minister of the Highway No. 36 Church of Christ near Abilene and head of the chemistry department at Abilene Christian College, will be guest speaker Sunday at the Bronte Church of Christ. He will speak at both the 10:50 a.m. and 7 p.m. worship services.

"Everyone is invited to be present and hear Dr. Witt," said Melvin Placke, local minister.

Minister Placke will speak for the Highway No. 36 church Sunday.

Commissioners Court

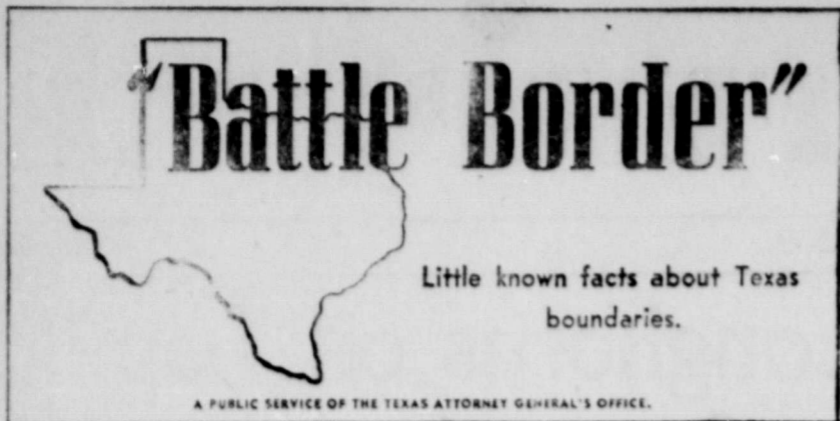

Coke County Commissioners Court has advertised for bids on a new car for use of the sheriff. Specifications are that the auto be either a 1960 model Ford Fairlane or Chevrolet Biscayne, 4-door, automatic transmission, etc. The Chevrolet now being used by the sheriff will be traded in. Bids are to be opened Nov. 2.

At a recent meeting the court voted to pay Claude Ditmore, commissioner in Precinct 4, \$75 monthly expense money for operating his own car on county business. The other three commissioners use county owned vehicles.

The sum of \$18,500 in county funds has been made available for surveys in connection with the Kickapoo water shed flood control project north of Bronte.

Since it will not be used immediately, most of the cash received from sale of recently voted \$150,000 Precinct 1 road bonds has been put on time deposit at the Robert Lee State Bank. \$35,000 of the amount will draw interest for 90 days and \$100,000 for six months.

Mr. and Mrs. James Tidwell, Mr. and Mrs. Jack Corley, Mary and Larry, visited Mr. and Mrs. Everett Hammons in Colorado City Saturday evening. They also attended the Loraine-Bronte football game.

PART III

(Editor's Note: This is the third in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up little known facts which shaped the Texas of today.)

In claiming the Rio Grande to its source in present day Southern Colorado, the Republic of Texas was faced with establishing possession.

Attorney General Will Wilson points out:

"Since possession is nine points of the law, the Texas weakness was its claim to a chunk of territory not occupied by settlers or patrolled by militia."

In the northwestern reaches of the Texas' claim was old Santa Fe.

"Lamar, President of the Republic of Texas, figured that if these people would consent to becoming Texans it would go a long way toward solving the problem of actual occupation," Wilson says.

The Attorney General is an authority on Texas history.

Out of Lamar's idea sprang the disastrous Santa Fe Expedition. The real purpose was to persuade the New Mexicans peacefully to accept and recognize the jurisdiction of the Republic of Texas.

Over 300 men, including traders and soldiers, left Brushy Creek near Austin.

"I have a goat ranch on Brushy Creek and I cherish the old camp site of Kinney's Fort about two miles east of present Round Rock," Wilson observes. The site is recorded by a marker erected by the school children of Williamson County.

They thought Santa Fe was only 500 miles away. It turned out to be 1300 miles in the long way the expedition traveled.

Three months on the trail, Indian attacks, starvation, and poor leadership put Texans in New Mexico in no condition to defend themselves from the sudden ap-

pearance of the Mexican militia. As captives they were marched 2,000 miles to Mexico City under the order "If one of them pretends to be sick or tired on the road, shoot him down and bring me his ears."

Forty Texans died on the march. Those who lived were put in the dark dungeon of Castle Perote and in other Mexican prisons with lepers and criminals.

News of the Texans' fate reached the United States in January, 1842. Enraged, the Texas Congress resolved to annex all of Chihuahua, Sonora, New Mexico, Baja and Alto California and parts of Tamaulipas, Coahuila, Durango and Sinaloa.

"They believed that if Texas was going to war with Mexico they might as well make it worth their while," Wilson explains.

"Instead of fighting over half of New Mexico they would scrap over the whole hog. It is interesting to note that President Sam Houston vetoed the measure because he feared it would be taken as a bit of legislative horseplay."

Congress, however, immediately passed over his veto.

Texans wanted war but had no money, troops, or equipment.

The failure of the Santa Fe expedition left the Republic of Texas with no possession of the disputed part of present day New Mexico and Colorado.

The next two articles will describe the sale of this territory by Texas.

TO UNDERGO SURGERY

Mr. and Mrs. J. A. Percifull left Wednesday afternoon for La Veta, Colo., to be with their grandson, Denzel Percifull, who will undergo spinal surgery Friday in a Pueblo hospital. He is the 17 year old son of Mr. and Mrs. Waymon Percifull. Mrs. Walter Phillips accompanied the Percifulls and will visit relatives in Colorado.

Bronte HD Club Has Program on Insurance

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

These pamphlets and things them State and Federal agencies fill up my box with ever day ain't so bad if you learn how to read 'em. The trick is to read the fillers, them little paragraphs they put in to make the columns come out right. I never read nothing in them Government hand outs but the fillers, and I find 'em mighty enjoyable and educating. In fact, Mister Editor, the reason I'm so well educated is on account of reading them fillers so regular fer 30 years.

Fer instant, I see here where George Washington could broad jump 23 foot. Since George's time we've had Presidents that could sidestep twict that distance without moving a muscle. And then I see in one of 'em where Government scientists is now claiming the shortest distance ain't necessarily a straight line between two points. I reckon it's gitting so's a feller don't necessarily have to be here or there, he can just be over yonder. And then there was one last week that said the Wildlife Bureau conducted some experiments and found a feller had to catch one fish per hour to honestly say "fishing was good." If I couldn't git but one fish a hour I'd call it mighty pore fishing. But you see what I'm

talking about, Mister Editor, there's some mighty fine reading in them Government fillers. If you've been throwing yours away, you better check the fillers.

Well, I see by the papers where they got at least one Judge in the country that understands the marriage situation. A Judge in Georgia had a feller in his court last week fer stealing two of his neighbor's mules. He told the Judge this feller stole his wife and he stole the mules to git even. The Judge allowed as how a wife that would run off with a neighbor wasn't worth much to start with, and he made the feller return one of the mules.

I was reading in a magazine last night where the telephone folks estimate that 50 per cent of the out-going calls in the Pentagon in Washington is personal calls. It's a safe bet that 50 per cent of the incoming calls is personal, so far as us taxpayers is concerned, it would be one and the same if they'd just take the telephone service out of the building. Or at least they could git a party line and take their turn like the rest of us.

Yours truly,
Uncle Huie

Sorosis Club Sees Slides Of England and Europe

Slides made in England and in many parts of Europe were shown at the meeting of the Sorosis Study Club members last Friday night. The slides were made by Mr. Linton Crow while he lived in the northern part of England and were shown to the group by his daughter, Mrs. Royce Lee.

The ladies met in the Fellowship Hall of First Methodist Church. In a business meeting, Mrs. Edward Cumbie was elected first vice president to replace Mrs. Garland Black, who has moved from Bronte.

The coffee were served to Meses. George Thomas, Ralph Richards, Cumbie, Royce Fancher, Clark Glenn, E. F. Glenn, John Harris, Clyde Lee, Royce Lee, W. D. McDonald, Jacob Morrow, Ben Oglesby, Sheppard and Grimes.

FHA GIRLS SAY THANKS

The FHA girls wish to express their thanks to you for making the World Clothing Week a success. We, the FHA Chapter, learned by participating in this ideal project that sharing with others less fortunate than we will help to lessen poverty, and create a better mutual understanding among peoples of different races, national origin and creeds.

We shipped 219 pounds of wearable infants', children's and adults' clothing to the Christian Children's Fund, Inc., which will distribute the clothing to 288 orphanages around the world that are in need.

Baptist Church

Layman's Day was observed Sunday at the First Baptist Church with Lester L. Vinson, pastor, speaking in the morning service and the evening service being in the charge of men of the church. The choir was made up of laymen and brief messages were presented by E. F. Glenn, Charlie Knierim and Vetal Flores. Leonard Fletcher was pianist for the musical part of the service.

Ladies of the WMU met at the church Monday to sort and pack clothing which had been contributed by various members of the church for the Children's Homes supported by Texas Baptists. Value of clothing collected exceeded \$285.00.

The WMU met for its regular weekly gathering Tuesday evening at 3:30 Rev. Vinson led in the Bible study. A business conference preceded the Bible study.

The Junior and Intermediate Girls' Auxiliary met at 3:45 Tuesday. Mrs. A. Z. Denman, auxiliaries director, discussed plans for distribution of bi-lingual Spanish-

English New Testaments.

District 16 of the Baptist General Convention of Texas in which the Runnels Baptist Association is represented, will meet in San Angelo Oct. 26 and 27, at the Immanuel Baptist Church, with Rev. Taylor Henley host pastor. Mrs. R. L. Mathis, south-wide WMU president; Dr. M. B. Carroll, president of Baptist General Convention of Texas; and Dr. Newman, president of Howard Payne College, are scheduled on the program. First Baptist Church is a participating member in these organizations.

ATTEND FHA CONVENTION

Mrs. Royce Fancher, Bronte homemaking teacher, and several girls from the local FHA Chapter attended a district FHA convention in San Angelo Saturday, Oct. 10.

Five hundred Future Homemakers of America members from 38 West Texas schools gathered at Central High School for the meeting. Installation ceremonies of district officers highlighted today's activities.

RAILROAD FEATHERBEDDING:

\$500,000,000 LOSS

TO THE NATION — INCLUDING YOU — EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

HERE'S WHAT MAKES the CORVAIR REVOLUTIONARY

Short and sweet! Engine's in the rear—where it belongs in a compact car. With more weight on rear wheels, you get extra road-gripping traction for cornering and driving on ice, mud or snow. Also, by avoiding nose-heaviness of front-engine compact cars, Corvair handles easier, brakes better, rides smoother. Styling of both 4-door models is clean and uncluttered... as fresh and functional as modern architecture.

Unipack Power Team

Engine, transmission and drive gears are neatly wrapped in one lightweight package. Takes less space, leaves you more.

UNISTRUT BODY BY FISHER

Body and frame are combined into a single rigidly constructed unit that reduces Corvair's weight, enlarges its passenger space.

Practically FLAT FLOOR

Corvair is America's only compact car with a virtually flat floor that gives you full 6-passenger comfort. For extra space, folding rear seat* converts easily to make room for 17.6 cu. ft. of cargo. *Optional at extra cost.

TRUNK'S UP FRONT

Lots of luggage space under the hood, where it's convenient for groceries, packages.

NEARLY 3 FEET SHORTER

Corvair's almost 5 inches lower, 1,300 pounds lighter, too. Its compact size makes it a joy to jockey through traffic, a pleasure to park. No need for power assists.

AIR COOLED

You never have to fuss with antifreeze. Turbo-Air 6 warms up quicker, with less wear on parts. Air-plane-type heater* goes to work almost instantly. *Optional at extra cost.

Revolutionary Rear Engine

works small miracles with mileage. It's the world's first production 6 with the ultra-smooth power of horizontally opposed pistons.

4-Wheel Independent Suspension

Springs at each wheel cushion bumps independently of each other for a ride that rivals much costlier cars.

...and the most practical thing of all is Corvair's

with a kickoff to the 2 yard line, where Parnell took the ball and ran it back to the 32. Moreno then picked up 11 yards and a first down. On the next play, Marcum's pass was intercepted by J. McCutchen. On this drive, Bronte went for 13 yards and a TD after a pass to J. McCutchen and a nice gain by Corley. Corley also ran the counter across the double stripe. Arrott threw to M. Black for the conversion, making the score 21-0.

Moreno took Corley's kick on the 13 and came out to the 36. After 4 downs the Bulldogs had to kick. Arrott took the punt on his 35 and added 10, giving Bronte a 1st an 10 to go on their 45. Bronte drew a 5 yard penalty on the 1st play and then the Longhorns started their move which carried them all the way to pay dirt.

M. Black ran for 12. Corley for 3 and Arrott for 12 and a second 1st down. Corley made 3 and Arrott 3, then Arrott passe to J. McCutchen for 6 and another 1st. A 12 yard run by Corley gave the Longhorns another 1st and put the ball on the 13. Arrott carried for no gain and Corley made 4. Then Corley threw a pass to Neil Black who went over for the touchdown. Corley's conversion pass to N. Black was no good, leaving the score at 27-0.

Corley's kickoff was taken by Parnell on the 7 and carried out to the 27. The Longhorn defense held and on the 4th down Marcum fumble and Kenneth Caulder rushed in to cover it for Bronte, as the 3rd quarter ended.

4th Quarter

Bronte took the ball on the 21. Corley's pass to McCutchen was incomplete, but then he ran for 11 yards and a 1st down. On the next play the Longhorns fumbled and the Bulldogs took over on their

15 yard line. Once again the defense held the Bulldogs for small gain, and the fourth down punt try. Hale was unable to get his kick away before the Longhorn line swamped him. Bronte took over on the Loraine 7 yard line.

On three tries Corley gained but three yards. On the fourth down, the Longhorns decided to try another field goal. This time Denman's kick was good, giving the locals 3 more points and making the score 30-0.

Corley's kick went to the 5 and Parnell brought the ball out to the 4. Loraine made a 1st down and moved the ball to the 37 before they were forced to kick. The Bulldog punt placed the ball on the Bronte 15 yard line. Olivas failed to gain and Loraine drew a 5 yard penalty. Larry Robinson then attempted a pass but the Loraine line got to him and Bronte lost 8 yards. Eddie Spiller then ran for 6. On the next play, Robinson tried for a quick kick, but it was blocked and Rankin picked it up and ran across the goal line for Loraine's only score. The tal-

ly: 30-6.

Loraine got off a short kickoff and it was covered by Don Hester on the Bronte 47. On the first play of this series of downs, Corley tucked the ball under his arm, went through holes in the Bulldog line, outran a couple of backfield defenders, and went 53 yards for the final touchdown of the game. Denman's try for extra point failed and the final whistle sounded, leaving the score 36-6.

vaccine remains in bottles on the shelf.

It was pointed out that 791 cases of paralytic polio were reported to the Department of Health during the first six months of 1959. Nine out of ten of these cases had not had three Salk vaccine shots.

Apparently since we have a vaccine for polio, we feel no fear of it nor no need to protect ourselves against it.

Actually we're just plain stupid to take such a chance.
