## Coke Tax Suit Filed Last Week

A suit for \$10,029.86 in delinquent taxes was filed in 51st District civil court here Thursday against San Angelo oilman S. E. (Skinny) Adams.

It is believed the largest tax suit ever filed in Coke County.

The suit was entered on behalf of the State of Texas, Coke County, Common School District 28 and Road Districts 1, 2 and 3.

It alleges taxes were delinquent on Adams' Coke County oil interests for 1955, 1956 and 1959.

The San Angelo oilman has fractional interests on mineral royalties on more than 7,000 acres of Coke County property, records show.

The plaintiff's original petition states that Adams owes \$2,231.98 in state taxes, \$2,693.13 in county taxes, \$2,243.75 to the school district and \$509.06 to the road districts.

Adams has an abstract office in San Angelo as well as oil and insurance interests there.

The suit was filed by the San Angelo firm of Johnson and Tupper, tax attorneys, who are retained by Coke County to represent the county in tax cases.

## Last Rites Held Here Monday for Mr. Wrinkle, 85

Funeral services were conducted Monday for Robert E. Lee Wrinkle, 85, long time resident and retired farmer. Mr. Wrinkle died in the Bronte hospital Sunday morning at 7:18 a. m. after a short illness.

Mr. Wrinkle was born in Missouri May 2, 1875 and was married September 11, 1895 to Mary Cordelia Dennis in San Saba. She preceeded him in death in 1941.

A former Baptist Deacon, Mr. Wrinkle helped to organize the Cedar Bluff Baptist Church in Callahan County.

A resident of Bronte since 1920, he was living in the home of a son, George, at the time of his death. He also had lived in the home of another son, Bill, until about a year ago.

Rev. R. W. Blackmon, pastor, and Rev. C. L. Carroll of Colorado City conducted the funeral services which were held at the Kickapoo Baptist Church at 2:00 p. m. Monday. Interment was in the Fairview Cemetery here under the direction of Clift Funeral Home.

Most of the pallbearers were his grandsons and included Bob and Wilburn Wrinkle and Charles Sims, all of Bronte, Billy Charles Wrinkle of Rankin, Dwain Wrinkle of Liberal, Kansas, Loy Wrinkle of Clyde, D. T. Wrinkle of Eastland and Ray Wrinkle of Muleshoe.

Survivors include five sons, Tipton Wrinkle of Cross Plains, and Arthur, George, Elbert and Bill Wrinkle, all of Bronte; 14 grandchildren; 31 great grandchildren and 2 great great grandchildren.

## Winters Takes 3

Three Winters girls teams defeated the Bronte girls in basketball games played in Winters Monday night.

The A game ended in a 64-29 victory for Winters with Lou A-walt scoring 43 points for the winners. Carolyn Glenn racked up 17 points for the hometown girls.

Sue Blackmon scored 7 points for Bronte in another defeat, 43-17.

The eighth grade girls game was taken by Winters with a closer score, 29-20.

### ALEXANDER SERVICES

Funeral services were held Sunday in Lockhart for Jesse Alexander, 59, brother of Monroe Alexander. Mr. Alexander was a retired farmer and died suddenly Saturday morning. Attending the services from here were Mr. and Mrs. Monroe Alexander and Mr. and Mrs. Eddie Alexander.

## Churches to Have Christmas Programs

Several of the local churches have planned special Christmas programs for this Sunday evening.

First Baptist Church will present a Christmas cantata entitled "Christmas Music for Mixed Voices" at the regular Sunday evening services. Wendell Gideon is the choir director and is in charge of the arrangements for the program. There will be several local soloists and also will feature three vocalists from Abilene.

## Cold Weather, Rain, Snow for This Area

Beautiful large snowflakes filled the air in this area Tuesday afternoon to continue the past ten days of inclement weather. Some snow also fell last Friday. The sun came out for brief periods Friday and Sunday, following almost a week of rainy weather which left about three inches of moisture here, but most of this week has been cloudy and cold.

Most of the snow which fell Tuesday melted as it hit the ground, and by the middle of Wednesday morning it was all melted. Temperatures in the Bronte area

have been going down to almost freezing each night and rising to about 40 during the day.

The rain has been of great value to Coke County livestock men, and the damage in this area has been light. To the north of here, beyond Blackwell, it was a different story, however. Heavy damage from ice practically wrecked public utilities in the Sweetwater area last week. Damage was also heavy in the Alpine and Marfa area of West Texas.

This week the North and East are suffering extensive damage from ice and heavy snow fall.

Skies seemed to be clearing at press time Wednesday although the forecast called for continued cloudy and cold weather with more scattered showers for this section of the state.

## Enterprise Will Publish Christmas Edition Next Week

The Christmas greetings edition of The Enterprise will be published next week. An effort will be made to contact all business persons in Bronte to see if they want to run greetings ads directed to their customers and friends.

Anyone who wishes to run one of the greeting ads may have a representative of the paper call on him by calling the Enterprise office.

In addition to the greeting ads, the paper next week will feature many letters to Santa Claus from youngsters of this area. Children of the first and second grades in Bronte School have written their letters at school and any other children who want to write a letter may send it or bring it to The Enterprise office.

Everyone is also invited to call The Enterprise, 473-2001 concerning their holiday visitors or holiday trips.

## Boy Scout Drive Total Is \$282.50

Bill Thomas, who was chairman of this year's drive for funds for the Boy Scouts, said last week that the total amount raised by workers was \$282.50.

Thomas said that the amount was not as much as he would liked for it to have been, but he added he appreciated the work and contributions of everyone who participated in the campaign.

"I want to tell everyone who helped with the drive, those who contributed and those who helped with the kickoff breakfast that I appreciate everything they did to bring the Boy Scout campaign to a successful conclusion," Thomas said.

## School to Dismiss Friday Afternoon For Christmas

Bronte school will dismiss for the Christmas holidays at 2:30 p. m. Friday, December 23, and will resume classes January 3 (Tuesday).

On the afternoon of the 23rd at 12:30, a program will be presented in the auditorium. The band will present several numbers and different students will give narrations, poems and vocal selections.

Following the program in the auditorium, the elementary grades will go to their individual rooms for their class Christmas parties.

Mr. Phillips was treated and released with minor injuries.

Mrs. Phillips is a patient in the Clinic Hospital in San Angelo and underwent surgery Monday morning to set a broken leg. She is reported to be resting well and recovery seems to be satisfactory.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I've saw several items in the papers here lately that's got me worried and mighty uneasy. A feller named Joseph Campobasso that's a member of the State Board fer licensing barbers in Massachusetts has warned the folks in that state that it's \$100

fine or 90 days in jail fer a mother to cut her kid's hair on account of her not having a license.

Then a feller in Washington that had spent \$600 on his new car in the first 90 days painted a big lemon on the car. The dealer went to court and the Judge made the feller take it off.

In Georgia the Attorney General has ruled that a feller don't have to have a fishing license to fish in his own pond, but the piece said it was expected that the Georgia Supreme Court would overrule the Attorney General in the matter.

It looks like to me, Mister Editor, that in a few more year a feller won't have no personal liberty in this country. It's agin the

idea of modern Government fer a man to do anything anymore without some sort of tax on it. The next step is to make a feller git a license to dig fish bait, to catch fish in his own pond, and I predict he'll finally have to git a license to cook his own fish in his own skillet.

We was talking about this matter in town Saturday and my neighbor allowed as how the only way a feller could keep from running afoul of all the rules, regulations, and taxes was to stay in bed all day. And another feller said if he kept this up long enough they'll put a tax on sleeping more'n six hours.

It's gitting a heap later than we think in this business of perfecting our personal freedom. Fer instant, I'll bet ole Thomas Jefferson and George Washington never had a haircut except at home and I was 16 year old afore I ever saw inside a barber shop.

I blame a heap of this stuff on the legal profession. About three-fourths of all our lawmakers is lawyers and they go in strong fer more laws and the more complicated they make 'em the better they like 'em. I was reading not long ago where a jury setting on a case in Boston, after hearing the lawyers fer the defense and prosecution argue fer four hours, and after being in deliberation six hours, sent out and ask the Judge who the defendant in the case was. The first time you can git around to it, Mister Editor, I think it would be a public service fer you to write a editorial on the subject.

Yours truly,  
Uncle Huie

THEY WORK HARDER BECAUSE THEY RIDE EASIER!

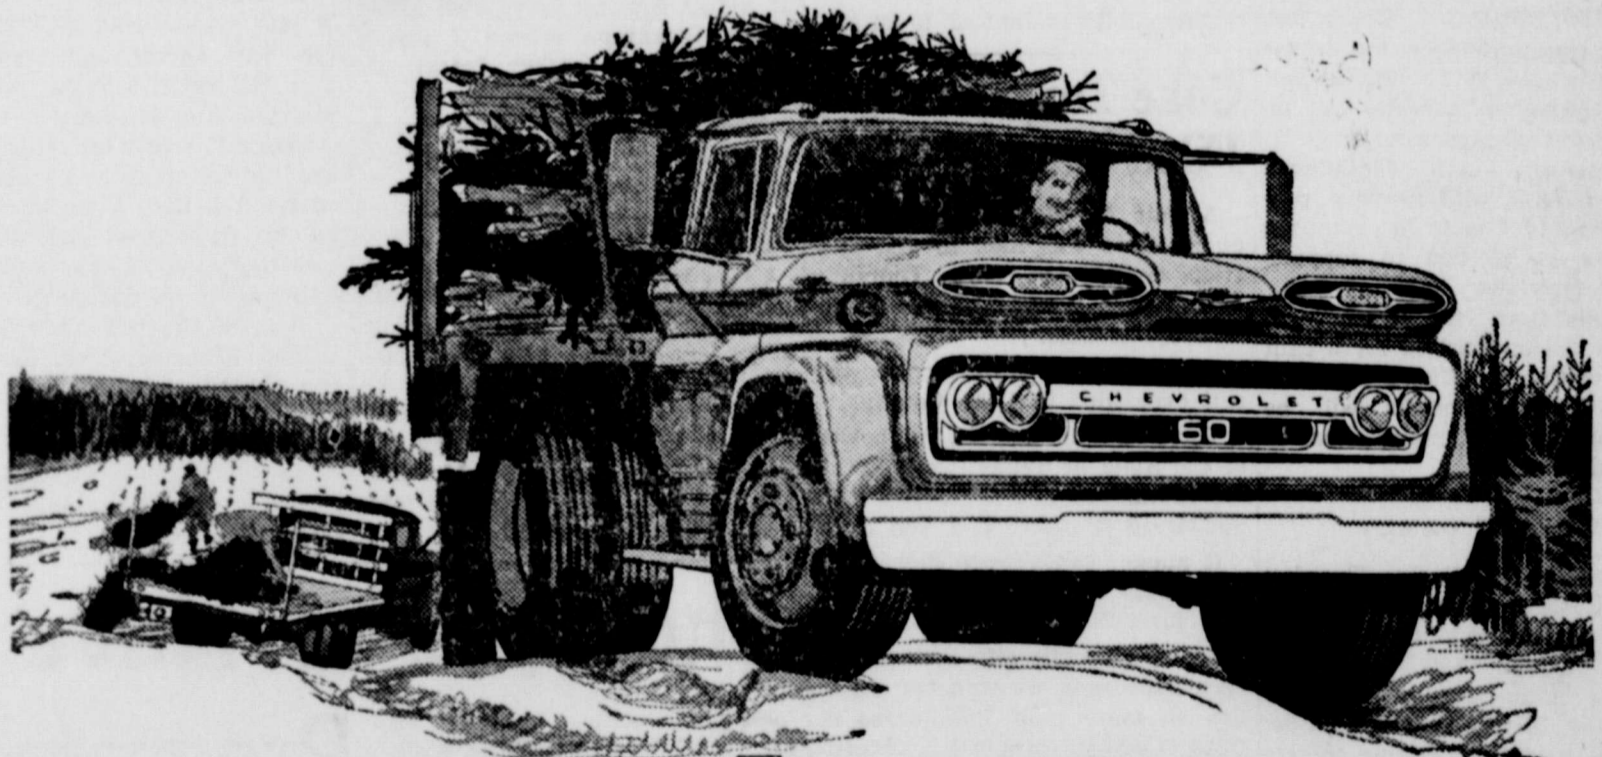

Because they ride easier they last longer, too. They take better care of payloads and they make a long day's work a lot more pleasant for the driver. All that—primarily because of Independent Front Suspension (I.F.S.). If you think it's stretching a point to attribute that many advantages to a suspension system, you haven't driven a new Chevy with I.F.S. Take the wheel and feel its road-leveling ride, its almost total absence of shimmy and wheel fight, its ease of steering even in the big rigs. Spend hours behind the wheel and you're not nearly as tired. You're not and neither is the truck. That independent suspension soaks up the worst shock and vibration—the kind that can twist sheet metal and loosen joints and increase your maintenance costs. That's why Chevy trucks keep on working and saving for extra thousands of miles.

# Progressive Business and Civic-Minded People of San Angelo and Vicinity

This department has been worked up largely as a reflection of public opinion. No person has written about themselves or their business. All articles have been compiled by a representative of The Bronte Enterprise as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens of San Angelo who helped make this department possible is sincerely appreciated.

## JESSE YOUNG AND LONNIE L. BUCK

Jesse Young and Lonnie L. Buck of the Jesse Young Garage, located at 215 South Oakes, are two of those progressive business men who have always done their bit to maintain the prestige of the city of San Angelo as the leading trading center for this section of the state. They have always worked for the development of the city, and their many services are worthy of sincere appreciation.

Their well earned success as business men is easily understood, knowing as the people do their widespread reputation for the honesty which characterizes all of their business dealings. And it is a combination of technical knowledge, and mechanical skill which have elevated Mr. Young and Mr. Buck to positions of leadership in the automotive repair and maintenance business.

They are completely aware of their civic responsibilities, and are wide awake to the many opportunities for service, and are always ready and willing to lend their support to any project which promises to benefit the community as a whole.

We compliment Jesse Young and Lonnie Leonard Buck on their accomplishments, and wish them continued success.

## C. M. YATES

Logically a man who has earned the reputation of being one of San Angelo's more dependable quality used car dealers, would in so doing, have earned the friendship and good will of a great many people throughout this entire district. A man who justly deserves this distinction is—modest, efficient, friendly C. M. Yates, of the C C And C Motors, located at 118 North Main, who numbers many of our readers as some of his best customers.

Mr. Yates is the type of man who would be an asset to any community, not only because the successful conduct of his business plays a definite part in the general civic scheme, but because the ultimate measure of his value to the city and district lies in the fact that he is untiringly zealous and remarkably successful in the promotion of civic progress.

It would be difficult to estimate the actual dollars-and-cents value of such a man to his community. We congratulate the people of San Angelo for numbering among their more progressive citizens such a man as C. M. Yates, and we also express the wish that he will enjoy many more years of success.

## C. E. MATSON

One of the more dependable real estate men of San Angelo, and one whose success can partly be attributed to a deep insight as to the direction in which the city will develop is C. E. Matson, whose agency is located at 20 West Beauregard. He also has a sound basic knowledge of real estate values, and has turned that knowledge to the advantage of the people with whom he does business. And his aggressive methods coupled with his sound and practical ideas have made the service he has rendered to the people more valuable, and materially contributed to his well earned success.

Mr. Matson is the sole representative in this area for Water-Boy, and underground irrigation system especially suited for football stadiums such as the recent installation at Sweetwater, requiring no maintenance, and resulting in a substantial savings in the cost of operations.

It is because of the activities of such progressive business men that year after year, San Angelo continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to C. E. Matson for the part he is playing in the onward progress of the city.

## C. A. DOUG FAIRBANKS

The men in a community who work for the best interests of the community, usually are leaders in whatever they attempt. This is especially true of real estate men because they are generally among the first to be called on to help with all worthy civic projects. Such a man is C. A. Doug Fairbanks, one of the city's better known and more dependable realtors, whose agency is located at 1005 South Oakes. He stands at all times prepared to assist his city, and is always ready, if necessary, to take off his coat and work for its best interests.

It is men such as Mr. Fairbanks who have had the vision to realize the possibilities of San Angelo and the surrounding territory, and have given of their time and energy to make that vision come true, who have won the respect and good will of their fellow citizens.

We take pleasure in paying this brief tribute to Doug Fairbanks for being a far-sighted business man who is firmly established in the forefront of the business and commercial life of his city.

## ARNOLD SCHNEEMAN SR. AND JR.

Performing an out-standing service for the people of San Angelo and the surrounding territory, Arnold Schneeman Sr. and Jr., of the H. Schneeman Insurance Agency, located at 13½ West Twohig, have achieved enviable reputations for their progressive policies of business administration. Their constant study of insurance problems in relation to the protection of the people both need and can afford, have been important factors in their well-earned success.

The Schneeman's are men of ideas, and they are as practical as they are progressive in putting those ideas to beneficial use in furthering the service they render to the public. Their sound business judgment and unwavering honesty are characteristics which place them in the front rank of the business leaders of their city. Yet, they are unassuming and modest in their personal contact with the people; always ready to listen to their ideas and desires.

We are glad to play tribute to progressive citizens of this type, for it is such men as Mr. Schneeman his son Arnold who have caused San Angelo to become recognized as the leading trading center for this section of West Texas.

## GUY C. GARY

We wish in this edition to pay tribute to Guy C. Gary of The Lamplighter Lounge, located at 3302 Mertz Road, and Dot's Little Lounge, 502 South Chadbourne, for his many services to the city of San Angelo, and his splendid record of achievements in the business life of the city.

Mr. Gary probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him.

San Angelo is fortunate in being able to number, among its more progressive business men, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider Guy Gary an asset to the community, and a progressive business man of whom his city may be proud.

## SAM J. FULLER

Having a well-earned reputation for honesty, dependable judgment, and a complete knowledge of the oil property investment business far above the average. Sam J. Fuller, whose office is located in the McBurnett Building, merits a brief tribute in this San Angelo review.

Without assumption or seeking public acclaim he has, for years, filled his place in the community as one of its solid citizens, performing his duties of citizenship quietly, yet efficiently. As a leading and progressive business man Mr. Fuller holds a high position in the esteem of the public generally.

It is not only as a practical executive, whose sound judgment and far-sighted planning have brought such fine things to himself, but it is because of his inspiring optimism and loyal friendship that Sam Fuller is held in such high regard by the people of this district. We gladly praise the individual record of this dependable San Angelo oil property counselor.

## WADE H. BEESLEY

It is fitting in this review of progressive San Angelo business men that we acquaint our readers with the man to be credited with having maintained the West Texas Packing Company, located at 1202 East 28th, in the enviable position it holds in the business life of this area. That personality is Wade H. Beesley, whose genius for organization and for converting new ideas into actual deeds has played a vital part in the distinctive reputation which this reliable firm now enjoys throughout this entire district.

Mr. Beesley has found time, in addition to his business interests to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that this district owes much to the many benefits which Wade Beesley and the West Texas Packing Company have rendered to the people.

## NOLAN C. MESECKE

In singling out some of the more dependable business men of San Angelo, we would be censured should we fail to include Nolan C. Mesecke, of the Nolan C. Mesecke Feed Yard, located at 801 North Archer. He is a man who has never spared himself in his participation in both the business and commercial activities of the city.

Mr. Mesecke has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements along these lines.

Nolan Mesecke deserves a great deal of credit for the honest and successful manner in which he has conducted his business affairs. He is a friendly and likeable personality, whose sincere desire to be of service has gained him a host of friends and acquaintances in and around San Angelo who would, if given the opportunity join us in wishing him many more years of continued success.

## WADE ROSSER

In compiling this review of progressive San Angelo business men, we have endeavored to select those citizens, who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in the various fields of activities. Such a man is Wade Rosser, agent for El Paso Dixie Petroleum Products, located at 317 North Farr, who is well known and has many friends and business associates throughout this entire district.

Mr. Rosser's main interests have not been solely confined to his own business and private affairs, but have also included his contributions, in one form or another, to those projects of a civic nature which come within the scope of his activities.

Wade Rosser is a man of wide experience whose exploits in the business and commercial life of San Angelo and vicinity merits more than a passing attention, and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

## GEORGE E. BEARD

Every progressive and successful business man in San Angelo contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is George E. Beard of the B & W Engineering and Manufacturing Company, located at 410 Upton, who is well known and has many friends and business associates throughout this entire district.

The prominent part that the B & W Engineering & Manufacturing Company is playing in the business and commercial life of San Angelo and vicinity mirrors the progressiveness and ability of such men as he. Moreover, Mr. Beard has also at all times been steadfast in his devotion to the city and the surrounding country, and on many occasions, has lent his support to the successful promotion of meritorious civic projects.

San Angelo and this district are fortunate to have such a man as George Beard in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying tribute to one of the city's more progressive business men.

## K. L. "TOMMY" THOMPSON

One of the more progressive business men of San Angelo, and a man who deserves the respect and good will of a great many residents of the city is capable, friendly, K. L. "Tommy" Thompson of Thompson's Garage, located at 1421 South Oakes, whose wide knowledge and long experience in the automotive repair and maintenance business, with special emphasis on automatic transmissions, has raised him into a position of prominence in his line.

It is because of this that Thompson's Garage has earned a reputation of reliability — second to none.

Mr. Thompson is also civic-minded and has always been ready and willing to contribute his time and energy to any plan which promises to benefit this entire district. And the people of San Angelo may regard with particular satisfaction the many services which he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to "Tommy" Thompson as a progressive business man of whom we may well be proud. His devotion to the city has been constant and his achievements well merited. We wish for him further success.

## WILLIAM LOYD WYNNE

Recognized as an authority on all building contracting problems, William Loyd Wynne, well known and completely reliable building contractor, whose office is located at 2508 Rice Avenue, has turned his knowledge to the advantage of the people of San Angelo and vicinity. More than that, Mr. Wynne is a man who has always been vitally interested in the civic betterment and progress of the city, and has backed up his interest by lending assistance, in one form or another, to the successful promotion of many things which have benefitted the community as a whole. San Angelo owes much to such men for their part in making the city the business center of this area.

He has always been alert to the many opportunities for service, and more than ready to recognize and accept his share of civic responsibilities.

Because of these things, Loyd Wynne has become accepted as a progressive business man who is an asset to both the business and civic life of the city, and we trust he will continue to serve the people of San Angelo and the surrounding area in his present capacity for many years.

## MARVIN L. EVANS

Marvin L. Evans, the manager of the Friendly Loan Service Incorporated, located at 123 West Twohig, has won the universal respect and good will of the people of San Angelo and the surrounding country for the progressive manner in which he has kept this reliable firm in the business life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Evans is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment whose opinions and advice are sought after and listened to with respect.

We compliment Marvin Evans for the successful management of the Friendly Loan Service, and for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.
