## Two Bronte Boy Scouts Given Eagle Rank at Courts of Honor

Two Bronte boys have recently been given the Eagle Scout award. Eddie Glenn was presented the award at a meeting of the Bronte PTA on May 7, while Royce Lee received his award June 7 at a meeting of the Bronte Lions Club.

Royce is the son of Mr. and Mrs. Royce Lee and Eddie is the son of Mr. and Mrs. D. K. Glenn. Both boys are members of the First Methodist Church in Bronte.

Royce, who will be a freshman in Bronte High School next year, started Scout work in the Cub Scout program when he was 8 years old. When he was 11, he

began his work as a Boy Scout, and has advanced rapidly to the Eagle rank.

Included in his 21 merit badges are awards in the following fields: firemanship, athletics, pioneering, camping, cooking, home repairs, citizenship in the home, citizenship in the nation, citizenship in the community, rowing, canoeing, life-saving, nature, soil and water conservation, first aid, scholarship, personal fitness, public health, music and safety.

In addition to the merit badges, Royce has received the lifesaving and mile swim awards. He is a Patrol Leader and a Den Chief in the Bronte troop.

Eddie, 17 year old 1962 graduate of Bronte High, plans to attend Sul Ross College at Alpine this fall, where he hopes to continue his scout work. A member of a secret organization, the Order of the Arrow, he has attended two scout jamborees, one in 1957 at Valley Forge, Pa. and the other in 1960 at Colorado Springs, Colo.

He joined the Cub Scouts at the age of nine and went into the Boy Scouts at 11, then became an explorer at 15. He has served as patrol leader, senior patrol leader and assistant scout master.

Among Eddie's 22 merit badges are the following: citizenship in the home, nation and community, soil and water conservation, cooking, hiking, personal fitness, public health, swimming, life saving, first aid, signalling, fishing, canoeing, bird study, nature, camping and home repairs.

## Walls Are Up on New Catholic Church Here

The walls are up and steel beams and wooden supports are in place on the new Catholic Church in Bronte. Brick facing on the front of the building was completed this week on the \$23,500 structure.

Pastor of the church, the Very Rev. Bernard J. Binversie, said the construction job will be finished the latter part of August or early September. The church will replace the St. Isidore Mission and will be named St. James Catholic Church.

The building, 50 by 70 feet in dimension, will house a sanctuary seating 300 persons, a private chapel, and four room living quarters for a priest.

## AD-LIB-BEN

There are three more days left in Bronte's current Clean-Up Week. Looks as though there are quite a few of us still have some work to do in this matter of cleaning up around our places, both at home and in business places. This is the time to get the job done, as the city will furnish transportation for hauling off the junk you want to get rid of. Let's all turn to and support this drive, and do our part toward making Bronte a cleaner and safer place.

Five young ladies who will head up the Longhorn cheering section next fall are working to make money to go to S. M. U., Dallas to a cheer leaders school. They made some money on a car wash held recently but still need more to attend the school. They say they are available for odd jobs, such as house work, baby sitting etc., and of course, would accept cash donations. Anyone who will give the girls a job or help them should contact Johnnie Sims, Janice Hester, Peggy Corley, Tricia Andrews or Janet Caperton.

Ulmer S. Bird, well known merchant and stock farmer of Sanco, this week announced that he has purchased The Robert Lee Observer from John H. King. We welcome Mr. Bird to the newspaper field in Coke County and pledge our honest efforts to continue the pleasant relations which have existed many years between The Observer and The Enterprise.

At the same time, we wish the Kings the best of luck in their new job as publishers of the Slatomite at Slaton in Lubbock County.

## Investment Counselor Says Bond Best Way to Finance City Hall

Bronte city councilmen met with Jack Brown, San Angelo investment counselor, Monday to discuss ways and means of setting up financing for the proposed next city hall.

Brown reviewed the city's financial obligations, and told members of the council that the financial setup is in good shape, especially when consideration is taken of the great number of improvements the city has made in the last few years.

Brown also told councilmen that the best way to finance the proposed city hall would be to vote a bond issue. The city dads had been hopeful that it would not be necessary to vote bonds, as they already have plans made which will take care of the payment of the debt which will be incurred.

Coke County has agreed to rent office space for a justice of the peace and a deputy sheriff, as well as the two jail cells which are proposed for the building, at a rate not exceeding \$100 per month. This \$100 rental plus the rent which is being paid for the present city hall will make the payments on the new building, the council members said.

Brown said it would not be necessary to call a bond vote if the city wanted to issue time warrants to finance the city hall. However, he pointed out that the interest rate would be considerably higher, and probably bids for the

construction would be higher, since the warrants must be made out to the builder, and he in turn sells them.

Brown emphasized that if the city does call an election to vote construction bonds, that a tax increase would not be necessary,

since the city already has the agreement with Coke County. He told councilmen, "This is about the nicest arrangement I ever saw to build without a tax increase." The city already has \$2,300 in a building fund set aside for the building.

The proposed new hall would be located on lots adjacent to the new post office on Washington Street. It would contain a foyer for persons having business with the city, four offices, a meeting room, a two-cell holdover jail, a small kitchen, rest rooms, and parking space for two fire trucks.

An architect's drawing of the building is on display at the present city hall and the public is invited to come by and inspect it.

ACC FAVORITE — Deanie Allen, daughter of Mr. and Mrs. James W. Allen, was named class favorite of the freshman class this past year at Abilene Christian College. Deanie was featured in the college yearbook. A 1962 graduate of Bronte high school, she was active in all school activities.

## Mob Present for Big Fish Kill at Oak Creek Lake

Hundreds of people and an estimated 150 boats were on hand last Saturday for the fish kill at Oak Creek Lake. The lake was poisoned with rotenone which paralyzes the fish's gills but does not make them inedible. Thousands of pounds of fish were picked up by the crowd, and many thousands of additional pounds were left on the lake to rot.

The biggest crowd was on hand Saturday, but a great number of people were present Sunday and Monday to pick up the fish as they came to the top of the lake.

The operation was carried out by personnel of the Texas Fish and Game Commission. It was decided to kill the fish in the lake after a sampling of its fish population showed that approximately 97 per cent were rough fish.

The lake will be restocked with a half million desirable fish, and in several months fishing should be greatly improved, said Walter Stapp, lakekeeper.

Just about every kind of boat and other kinds of floating apparatus were at the lake last weekend. One fisherman came in one of the new combination auto-boats, which drive like an automobile on the road and may be driven off into the water and operated like a boat.

B. D. Mackey, Bronte water superintendent, said Wednesday that the large number of dead fish at the lake may give an unpleasant odor to the local water supply. He added that the water will be treated so it will be safe for drinking, however.

## Clean-Up Week Nearly Over

Only three more days remain in Bronte's Clean-Up week. Residents of the city are requested to clean up around their property this week, in a united effort to make the town look better and to do

away with fire hazards.

The week was designated by the Bronte city council to run from June 18 to 23.

The city has made arrangements for a truck to pick up trash that needs to be hauled off. Residents are asked to stack their trash in alleys or other places accessible to a truck.

Anyone who wishes to burn off vacant lots should contact Fire Chief Bill Luckett. He announced last week that the fire truck would be available to stand by to protect nearby structures.

Members of the council urged the cooperation of every resident of the city in making the Clean-Up Week a success. "With everybody's help this can be a big improvement to the town" one councilman said.

## Increased Noted in Bronte Phones

The number of telephones on the Bronte exchange now in use is 6.5 per cent higher than when directories were published a year ago. The new 1962 directories show the local exchange with 356 telephones, while the 1961 directories listed 334.

The new directories include telephone numbers for Blackwell, Bronte, Forsan, Robert Lee and Sterling City.

MASQUERADE WINNERS — Winners at last Friday's masquerade ball sponsored by the Longhorn Youth Club were, left to right: Ellis Freeman, fanciest dressed boy; David Wayne Davis, kookiest dressed boy;

Marla Rees, kookiest dressed girl; Nancy Wilson, fanciest dressed girl. The ball was held at the Legion Hall under the sponsorship of Mrs. Lionel Perry.

## Bids Received on 2 Kickapoo Dams

The Coke County Kickapoo Water Control and Improvement District is receiving bids until June 26 on two more structures on the Kickapoo Creeks watershed. The two structures are known as Sites 3 and 6 and are located on the property of Edward Rawlings and Mrs. Edna Butner, respectively. The dam on Site 6 will back water up on to the property of Mrs. Irene Morrow and the late Tad Richards.

A total of six dams are to be constructed in the vicinity as a flood control project, under the supervision of the Soil Conservation Service and the U. S. Department of Agriculture.

## TWICE AS MUCH COOLING

With the patented features of Paramount Coolers

Yes! This famous Paramount 5000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

— Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.

— Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.

— Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.

— Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

The preacher come by our session Saturday, and reported that things was really popping at his church these days. It all started, he allowed with a important announcement made at a meeting of the Ping-Pong committee two weeks ago.

It was announced that the church down the road aways was remodeling their steeple and the word was out that this church steeple was going to be about two foot higher'n any in the country. One member of the Committee said he couldn't recollect when his church didn't have the highest steeple for miles around. They wasn't but one answer, he said and that was to build a new church.

Well sir, said the Parson, this piece of shocking news really threwed the Committee into a dither. He told the fellers he'd been trying to talk his congregation into building a new church fer years, had told 'em how they needed more space to carry on the Lord's work. But nothing he ever said, claimed the Parson, stirred up his folks like this announcement.

First off, the Committee was in a all-out campaign to build a new church. They was banging their fists on the pews and allowing as how they'd show that other church a thing or two. The Parson told the fellers it was a thrill to see his folks taking to the Lord's work with such fire.

A meeting of the whole congregation was called fer the next night and things is now gitting in high gear, he said. The wimmen folks is going to put on a chicken noodle supper twict a week. They decided on this on account of it not taking much chicken and they got plenty of well water. The men folks is going to raffle off a white-face heifer. The Parson said this might look a little bad at the first, on account of the church being agin gambling, but it was decided that when the church steeple was at stake, the Lord would fergive 'em.

Well, that was about the size of it, allowed the Parson. He said his folks was really set on gitting the new church with the nigh steeple. Who knows, he said, but what some of the members themselves might even make a contribution.

The good Parson excused hisself a little early, said he was chairman of the Measuring Committee and they had to slip down the road

and put the tape on that other steeple.

Yours truly,  
Uncle Huie

### SIX BRONTE STUDENTS TO ATTEND BAND SCHOOL

ABILENE —Six Bronte students have registered for the annual big summer band and twirling school of McMurry College to be held July 15 through July 27 according to Dr. Raymond T. Bynum, director of the school and head of the McMurry band.

Bronte students are Lynda Taylor, LaJan Kiker, Jan Wilkins, Marla Lou Rees, Elaine Collins and Patricia Robinson.

Students will live on the McMurry campus during the two weeks and social activities and sports are being arranged during the off hours and evenings. Students may live off the campus if it is more convenient for them.

Classes will be offered in individual instruments, conducting, marching and twirling, stage band, theory and concert band performance.

Last year more than 500 students from over 75 cities in West Texas enrolled for the two-week school. Students included both junior and senior high-schoolers, both beginners and advanced students. Full information and registration blanks are available upon request from Bynum's office on the McMurry Campus.

Gwen Kirkland is spending the week in Fort Stockton with Mr. and Mrs. Carroll Robbins and family.

### Carol Ann Sherrod and A. D. (Bub) Burson Wed In Saturday Ceremony

Miss Carol Ann Sherrod became the bride of A. D. (Bub) Burson in a ceremony at 7:30 p.m., Saturday, June 16. The double ring vows were read by the Rev. R. W. Blackmon, pastor of Sunset Baptist Church in Lamesa, in the First Baptist Church in Bronte.

The bride is the daughter of Mr. and Mrs. Allen Sherrod of Bronte. Mr. Burson is the son of Mr. and Mrs. A. L. Burson of Robert Lee.

Organ music was provided by Mrs. Willie Hoover of Ballinger. She also accompanied Miss Vicki Wojtek of Robert Lee who sang "Whither Thou Goest" and "Wedding Prayer."

Given in marriage by her father, the bride wore a dress of white lace over satin, fashioned with a high neckline, short sleeves, short skirt with a ruffled bustle. She carried a bouquet of white glame-lia.

Bridal attendants were Mrs. Jerry McCutchen of Odessa as matron of honor, and Mrs. Warren Beaver, sister of the bridegroom, of Kerrville. They wore sheath dresses of blue taffeta and carried white bouquets.

Miss Paula Jane Landers, dressed in pink, was the candlelighter. Jerry Burson of Robert Lee was best man for his brother. Gene Sherrod of Bronte, brother of the

# CLEAN UP! Week

## Only 3 Days Left

The Bronte City Council has set this week as Clean-Up Week. They have asked the cooperation of every resident of the town in making the campaign a success. We want to add our endorsement to their request and urge that you clean up around your home and place of business.

This Clean-Up Week, if carried through to a successful conclusion, will greatly improve the looks of the city as well as making it safer from the danger of fire. Another consideration is that your place will be more pleasant to work in and live in if you do your part to make Bronte a cleaner town.

Please do your part. Let's clean it up.
