Oak Creek Lake to Get New Boat Ramp

A public boat ramp at Oak Creek Lake is one of three recently approved for West Texas by the Texas Highway Commission. Funds for construction of the ramps come from a surplus in boat registration fees.

The other two ramps will be built on Llano Grand Lake and Lake Leon.

AD-LIB-BEN

Congratulations are in order this week to Mr and Mrs. C. R. Smith for all the work they have done getting their new store ready to open Friday. They have put out almost super human effort since the disastrous fire getting things back in order in their factory and store. They have a very fine new store and would like for you to come by and see them this week-end.

Congratulations are in order, too, to Rex Harris. He saved a girl's life at the swimming pool Monday afternoon. Rex is an excellent swimmer and has been thoroughly trained in life saving. The time and effort he has spent learning certainly paid off this time.

We owe an apology to Jess Percifull. Last week we beat him out of a couple of hundred dollars reporting the sale of three bulls. They went for \$350, \$350 and \$300 to total \$1,000 instead of the \$800 we gave him. We're sorry.

If you want to be noticed by the boss you should take more than the expected interest in your job. This is done by working early and working late. The hands on the clock are purely incidental, and coffee breaks are a waste of time. Do not become involved in bull sessions. Come back for an evening or two each week. A few weeks of this and the day will come when the boss calls you into his office and says: "Been watching you for some time — just what the hell are you up to?"

married in Bronte in 1912 by the Rev. A. E. Turney. The ceremony took place in the home of the bride's parents, Mrs. S. A. Kiker and the late Mr. Kiker.

The couple has four children: Mrs. Leonard (Winnie Dean) Jagt of Lodi, N. J., Winston Modgling of Tyler, Elmer Modgling of Weatherford and Bobbie Modgling of Washington D. C. They also have five grandchildren and two great grandchildren.

Mr. Modgling was Magnolia agent in the Bronte area for 35 years prior to his retirement several years ago.

The open house will be held from 3 to 6 p.m. Sunday with the couple's children serving as hosts for the event. All their friends are invited to attend.

All Star Little Leaguers Set 2 Games This Week

Nolan Butler, local Little League Manager, announced this week that a Little League All-Star team has been selected from Bronte, Robert Lee and Norton. The All Stars will play an All Star team from Ballinger Thursday night at the local ball park.

A return game between the two teams will be played Saturday night at Ballinger.

Butler said that the Little Leaguers here are going to have to purchase new uniforms before next season. He said any merchant who would like to sponsor a suit should see him.

BELLS MOVE AROUND

Two recent address changes on the Enterprise mailing list show that Sgt. Richard Bell has moved from the Panama Canal Zone to Dallas, and that H. H. Bell has moved from Morgan, Tex., to Kuwait, Arabian Gulf. The men are sons of Mrs. J. D. Reeves and brothers of A. E. Bell, Jr., both of Bronte. Richard Bell recently spent some time here visiting relatives and friends.

Bids on City Hall to Be Opened

Nine sets of plans for Bronte's new city hall have been picked up from the architect's office, and a number of bids are expected to be ready when they are publicly opened and read today (Thursday) at 3 p.m.

Doyce C. Maddox, San Angelo

architect, is in charge of the plans for the new structure. The contract will not be let today, inasmuch as the bonds for financing the structure are not ready, and the law forbids the contract's being let before the money is on hand.

The new city hall for Bronte became a sure thing when city voters on July 14 approved an \$18,000 bond issue to build the structure. The approval of the bonds was better than three to one.

The new building will be located on city owned lots immediately north of Bronte's new post office building, on Washington Street. It will be 80 feet wide by 27 feet deep, and will be divided into two wings with space for parking two fire trucks in between the wings.

Included in the structure will be office space for law enforcement officers, city secretary, and justice of the peace; also two holdover jail cells, a meeting room, rest rooms and a small kitchen.

The city council plans to start work on the city hall just as soon as possible, as soon as the money is available from the sale of the bonds.

New C. R. Smith Dry Goods To Have Opening Saturday

A completely new C. R. Smith Dry Goods store will open here Friday morning. The new store, located in the Price building formerly occupied by Pruitt's Store, replaces the one destroyed by fire on May 1.

The Smiths moved into the Price building the next week after the fire and re-opened their sportswear factory, and have been busy since that time remodeling the front part of the building to house the dry goods store. The factory is located in the rear of the 50-foot-wide structure.

All their friends and customers are invited to visit the new store this weekend. Their ad issuing the invitation appears on another page of this week's Enterprise. They did not list any specials in the ad, but said that some real bargains will be offered during their opening.

They emphasized that every item of merchandise in the store is brand new. Some of the lines to be featured include Tri-Sheen lingerie, the Lampel line of ladies knit sportswear, Hanes men's wear, Best Form foundation garments and Dotty Dan children's wear. One of their main lines is their own Joni-Lyn line of blouses, skirts, pedal pushers and bermuda shorts. Approximately 1,000 items of the Joni-Lyn lines will be on display Friday.

All the partitions in the new store are made of mahogany paneling. The building has been completely repainted inside and outside, and new fixtures have been installed. The remodeling work was done by Smith and his son, Johnny.

Youth Club to Make Trip to Sonora Caverns

Members of the Longhorn Youth Club will take a trip Saturday to Sonora Caverns, located a few miles west of Sonora. Mrs. Lionel Perry, sponsor of the club, said the caravan of youngsters and their chaperones will leave from the Youth Club at 8 a.m.

Members of the club who wish to make the trip are requested to contact Mrs. Perry not later than Thursday (today). Her telephone number is 473-2182.

Young people should take 50¢ for admission to the caverns, a sack lunch and any spending money they wish to take.

Adults who will go and take their cars are also asked to contact Mrs. Perry today.

Mrs. D. M. Ott Dies Wednesday

Funeral arrangements were pending at press time Wednesday for Mrs. D. M. (Minnie) Ott. Mrs. Ott, 93, died at 7 a. m. Wednesday, Aug. 8, in the Christoval Nursing Home. She had been in ill health for a long time.

A member of the family said the services will probably be held today (Thursday). Clift Funeral Home is in charge.

Mrs. Ott was the former Minnie Hudson, born Nov. 5, 1868, in Alabama. She was married to Lloyd Duncan at Mt. Calm, in Hill County, Texas. He died in 1901 and she was later married to D. M. Ott at Mt. Calm.

She moved to Bronte in 1915, 47 years ago. She was a member of the Baptist Church.

Survivors include a daughter, Mrs. R. S. (Una) Walton of Bronte; two sons, Clint Duncan of Bronte and J. C. Duncan of Mt. Calm; a stepson, B. C. Ott of San Angelo; and a sister, Mrs. A. J. Nelson of Houston.

Mr. and Mrs. Lester Ash left Monday for Denver, Colorado to visit their son until early in September.

New Fire Truck Delivered to City

Bronte's new fire truck was delivered last Thursday afternoon and local firemen enjoyed quite a bit of practice learning how to use the new equipment.

They ran a considerable amount of water through the pump of the truck and said it "sure work fine"

Only casualty was when they were making some adjustments on the pump of the old truck and applied too much pressure to a primer jar. The jar blew up and some of the broken glass struck George Eubanks in the chest. He received a bad cut and was hospitalized from Friday until Tuesday. Eubanks is up and around town now.

Firemen say they still need lots of contributions to pay for the new truck. The city had to borrow some \$3,700 to pay off the difference between the truck cost and the amount on hand.

Girl Revived After Almost Drowning In Bronte Pool

A Wingate girl can consider herself mighty lucky after being revived from near drowning Monday afternoon at the Bronte swimming pool.

The girl, Linda Brewer, was pulled from the water by life-guard, Rex Harris, who then gave her mouth to mouth artificial respiration until she began breathing again.

Aubrey Denman, park and pool caretaker, said Linda had completely stopped breathing when she was rescued. "Rex did a mighty fine job," Denman said. "Things looked pretty bad there for a while," he added, "but Rex kept working with her until she started breathing. We all felt better then."

Denman said that this was the first case of anybody nearly drowning in the local pool. "We've had to pull a few people out when they gave out and couldn't make it to the edge of the pool, but this is the first time anybody has come close to drowning," he said.

Rex is the son of Dr. and Mrs. John R. Harris, and has been working part time as a life guard at the pool this summer.

UNCLE HUIE from HOG CREEK says

DEAR MISTER EDITOR:

I see by the papers where our officials in Washington has approved the sale of 14 more items from the nation's stockpile. I was plum astounded to note that one of the items was 156 million pounds of castor oil.

For nigh on to 70 years, man and boy, I've had a close personal relationship with castor oil but this is the first time I've saw it quoted in pounds instead of bottles or ounces or doses. And I can understand how it might be wise to have a few bottles of it put back for an emergency, but 156 million pounds of it would take care of the situation from the beginning of time till eternity. They can't be but one answer, Mister Editor. Some feller with a heap of influence in the proper places, maybe a feller like Billie Sol Estes, has had the market cornered on castor beans and has been greasing the Government fer a good profit. I aim to write my Congressman immediate and urge a investigation.

I brung this matter up at the store Saturday and one of the fellers said I might be gitting a little hasty in writing my Congressman. He allowed as how, now that the Government has fell out with DuPont, General Motors, Standard Oil and them big fellers, it could be that we was aiming to use castor oil fer lubricating the war machine in case trouble started. But most of the fellers didn't agree. Another guy said he had noted ever since the war with Spain in 1898 that it had been a fixed policy of the Government to git mad with them big boys in time of peace and then call on 'em right quick to git out of a jam when war come.

But war or no war, Mister Editor, Standard Oil or Jimmy Hoffa, I'm agin stockpiling 156 million pounds of castor oil and I aim to let that letter go through to my Congressman. I might send it air mail.

And if you think we got castor oil trouble along the Potomac, wait till you see that piece the Department of Agriculture has sent to the tomato growers. I want to give a little of it to you in what them lawyers call "ver-batt 'em" style. "If a tomato is dropped on a hard surface, it will be damaged more than if it is dropped on foam rubber." Furthermore, states the Department of Agriculture, "a tomato dropped

two or more times was found to be more damaged than if dropped only once. And a tomato dropped too often becomes inedible." I wonder, Mister Editor, how much of the taxpayers' money it cost to make them important experiments.

About the only good news I saw all week was where some feller has invented a power pole that won't snap when hit by a car going 90 mile a hour. And that ain't perfect. Why not invent a pole that'll git out of the way?

Yours truly, Uncle Huie

What are the trends in back-to-school clothes for this fall?

News in little girls' clothes, both dresses and sportswear, is that many will carry names of famous fashion designers of adult wear. This means that they will reflect a definite awareness of current grown-up couture, according to Mrs. Fay Roe, County Home Demonstration agent.

One designer will feature a little jacket outfit which may be done in a variety of fabrics. The skirts may be swirl, flared or done with unpressed pleats while the jackets may be cut-away or squared off. Blouses may feature floppy or tailored bows, and if belts are used they will be wider than last season.

Another important trend will be the "spare" look. Slim A-line shapes, less collars, pleats and bows are features of this simple trend. And look for set-in sleeves and princess curves in both dress and sportswear lines.

After sudsing and rinsing a drip-dry jacket, stuff the sleeves with cotton hand towels. This helps them to dry into shape and also shortens drying time.

Soaking in a tub of warm soap suds is the best "household remedy" for relieving tension. To make this most effective, use the time to gently massage the tension spots in your shoulders and neck. Be sure to "work" these muscles gently so you won't break the spell of relaxation in-

duced by the warm suds.

'Tis said that new pajamas are more comfortable if laundered

before they are worn. According to Dr. Michael A. Petti, sudsing frees the fabric of chemicals which might cause skin irritation.

Pony All Stars Win 2nd Place at Coleman Tourney

Bronte's All Star Pony League team lost a heart breaker Sunday to Coleman at the winner's 2nd annual invitational tournament. The hosts rallied in the bottom of the last inning to tie up the ball game and cause it to go an extra inning and wind up with an 11-10 score in favor of Coleman.

The Bronte lads had the game cinched with a 10-5 lead as they completed their turn at bat in the top of the 7th. Some bad breaks, unfortunate calls and errors gave the Coleman boys the opportunity they needed to bring the score up to the 10-10 tie at the end of the last regular inning.

The eighth inning saw the locals put two men on base but they died there without a run. Coleman came back to score and win the first game.

Since Bronte lost the first game a second contest had to be played, as Bronte went into the finals undefeated and had previously won from the Coleman club. Coleman took the second game with a 10-4 count. The second loss gave Coleman the tourney championship, with the Bronte team taking second place.

In the first game, Terry Thetford of Robert Lee started the game pitching for the local team Andy Bundas of Wingate took over the hurling chores in the 3rd. He was replaced in the 5th by Dale Cook of Blackwell. Cook was replaced by Pistol Hood of Robert Lee in the 7th.

Bronte lads hit four home runs in the first game, two by Jim Morrow and one each by Hood and Jim Adams. Morrow's second homer was a grand slam, accounting for four runs.

Morrow pitched into the 5th inning of the second contest when Thetford again took the mound. He stayed for the remainder of

the game. Bill Puckett of Blackwell and Thetford both hit home runs in the second game.

Scores by innings in the first game:

Bronte	011 224 00-10
Coleman	044 100 51-11

Second game:

Bronte	100 100 2-4
Coleman	302 320 x-10

The Bronte All-Stars was a team made up of boys from Robert Lee, Bronte, Blackwell and Wingate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby, amended by adding thereto another Section to be designated as Section 9, which shall read as follows: "Section 9. PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

HOUSE JOINT RESOLUTION NO. 46 proposing an Amendment to the Constitution of Texas by adding to Article III a new Section to be known as Section 49-d authorizing the Texas Water Development Board to acquire and develop storage facilities in reservoirs and to dispose of such storage facilities and water upon such terms as the Legislature shall prescribe; providing for the use of funds received from the disposition of acquired storage and water; providing that any enabling Act shall not be invalid because of their anticipatory character; prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new Section thereto to be known as Section 49-d, as follows:

"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the State, which waters are held in trust for the use and benefit of the public. To this end, and with the approval of the Board of Water Engineers or its successor, the proceeds from the sale of State bonds deposited in the Texas Water Development Fund as provided in Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by general law, for the additional purposes of acquiring and developing storage facilities, for the conservation and development of water for useful purposes in and from reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, by any one or more of the following governments or governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the State; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations.

"Under such provisions as the Legislature may prescribe by general law, the Texas Water Development Board may also with the approval of the Board of Water Engineers or its successor, execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as State bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on

State bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the State's investment.

"The aggregate of the bonds authorized by said Section 49-c, plus the principal of the obligations incurred under any contracts authorized hereunder, shall not exceed the Two Hundred Million Dollars (\$200,000,000) in bonds authorized by said Section 49-c of Article III of this Constitution.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the State that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Board of Water Engineers or its successor authorizing the acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities shall be used to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities may be used for the acquisition of additional storage facilities or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be invalid because of their anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the General Election to be held the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon:

A meeting of the Bronte Longhorn Club has been called for next Thursday, Aug. 16, at 7:30 p.m. at the school. All persons in the area who are interested in football and the 1962 Longhorn team are invited to attend.

Special invitation is extended to boys of both high school and grade school age who are interested in playing football, and their fathers. All other fans are invited, also.

The meeting was called by Conda Richards, president of the club. He urged that everyone come to this first meeting of the season to get acquainted with the new coach, N. M. Curlee, and to make plans for the club's activities during the approaching football season.

"We want to show our new coach that we are behind him in the job of producing a good football team," Richards said.

County Agents News Column

By STERLING LINDSEY

James A. Gray, Extension Sheep Specialist, will be in the county next Monday and Tuesday assisting us with sheep selection work. Our work schedule has not been completed yet, but if you would like to attend one of the selection sessions, I am certain all concerned would welcome you. Or if you would like to have same assistance, we still have some time during the two days. And we could work with you at a later date if you desired to do so."

The screwworm infestations in the county have been very varied this year. Two operators say they had found their first case last week, on the other hand, three other stockmen believe they have had as many cases of screwworms as they have ever had. There possibly is some logical reason for this, but by and large it appears to have "just happened that way."

There was a difference in the amount of rainfall received earlier, not a vast difference.

The Rev. Ross Payne officiated for the single ring ceremony.

Louis Baker Jr gave the bride in marriage. She wore a dress of white taffeta with lace trim. It was in princess style with round neckline and short sleeves. Her bouquet was of white carnations on a white Bible.

Sandra Vaughan was maid of honor and Guy Stanton was the best man. Serving as ushers were William Brunson and Travis Jacobs. The maid of honor wore a dress with white lace bodice and black skirt.
