The Only Publication Devoted to Serving Dimmitt and Castro County

Volume XVI

Dimmitt, Castro County, Texas, Thursday, August 14, 1941

Number 18

PAUL ZIMMERMAN SAYS—

Hello, Neighbor

Have you heard the one about the Scotchman who had been promised a new hat for a present?

Before it was bought the donor called and asked, "Would you rather have a felt hat or a straw hat, MacPherson?"

"Well," said MacPherson, "I think I'll take a straw one. Maybe it'll be a mouthful for the cow when it's worn out."

All joking aside, we would like to see the Boys' Work Shop Project put over in Dimmitt. Boys could be taught to be carpenters, auto mechanics, and tractor mechanics—to say nothing of handyman ability about the farm. Besides the training for the boys, it should prove an asset to Dimmitt School and the County as a whole.

We would like to call to the attention of all our neighbors in Castro County the series of ads The News have been carrying for some time (and in this issue) by the Texas Mid-Continent Oil and Gas Association. Did you know that 36 per cent of all the Nation's oil was supplied by Texas last year? That we now have over half of the Nation's oil reserves? It is a true statement made by the Association that "You and every American live more comfortably and safely today because of Texas petroleum."

Clearance Bearden and Joe Thompson have been stressing Ford service department saving for the last three weeks, and again advertise that service in The News this week. You neighbors who have Ford cars should especially be the ones to take advantage of this service.

Bob Boling has been trying to get away on a vacation. We have not been able to find out where he plans on spending his spare time... it must be a secret.

Carl Kemp sure has some pretty Frigidaire electric ice boxes on display at the Dimmitt Motor Co. and he thinks enough of them to advertise them, too!

We have a pig's obituary in The News this week—and can't say as we have ever seen that before. But that was a dear loss to the FFA boys. Not only was the pig valued at \$100 or more, but old Stylish Score was of blue blood and the boys had expected to win ribbons at the Tri-State Fair.

The News found out recently that their gas line between the meter and the building had been leaking ever since moving into the present building. When we look at the West Texas Gas Co. ad in this issue and think of all the gas paid for that went into the ground (our fault, of course), we can't help but hope the size of the gas ads in coming months will be a little larger.

We are going to visit J. M. Hyden, otonitrist, in Amarillo some of these times. He has been "putting his sign" in this newspaper for some time.

Stub Jones was away a few days recently. All we could get out

See HELLO, NEIGHBOR—Page 4

Poor, Pretty, Pittiful Little Registered Pig---

(A Pig's Obituary)
The first chapter of the Future Farmers of America, Dimmitt Chapter, hog enterprise ended with the passing of Stylish Score, the FFA herd boar. August 7th he contracted an unexpected case of hog cholera and on the 10th at 12:00 o'clock midnight he breathed his last.
Every Future Farmer in the Dimmitt chapter mourns his going because about one-half of the boys owned shares in him. The other boys felt that in this boar they owned something that was as good as money could buy. And, too, several of the boys were dreaming of the blue ribbon that he was going to take for them at the Tri-State Fair this fall.

The boys now regret that they did not vaccinate the boar with the double treatment which would have made him immune from cholera for life. That is the only safe and sure policy to follow in any hog country, for cholera is no respecter of herds or individuals when once it is introduced into the community.

However, the FFA boys are not going to quit upon losing this fine individual hog. It is probable that they shall begin at once to replace this boar. The question with them is, where can we find another half so good?

Stylish, as the boys knew him, was a grandson of High Score, twice World's Grand Champion. He was also a great grandson of Peter Pan, another World's Grand Champion.

The FFA boys have one consolation—that is: Stylish left several sons and daughters that will carry on after him. You will see them in the show ring this fall bidding for the blues and reds.

FFA BOYS LEAVE ON TOUR FRIDAY

Friday, August 15, is the date set for the Annual Future Farmer tour. This year they are to go through New Mexico and up into Colorado.

The caravan is to consist of two pickups, a trailer and one car. Provisions and bedding will be carried and enough to last five days.

The FFA boys plan to visit such places of interest as Santa Fe, Red River Pass, Cimarron Canyon and a number of the dams and Indian reservations.

The boys have made this trip every year but this year it is to be longer and better than ever before. They will have traveled about one thousand miles when they return.

CARLOS REYNOLDS UP

Carlos Reynolds, who has been in the Veterans Hospital in Amarillo for several weeks, is up and about in Dimmitt this week. He reports he is feeling fairly well, and expects to be back to his normal strength before long. About his "Better Buddies" column, Carlos stated: "The Army Buddies are in maneuvers over most of the U. S. A. at this time and for that reason the column has not appeared this week and last."

Setting the Stage for the General and His Boys

Major General Samuel T. Lawton in command at Camp Forrest, Tullahoma, Tennessee, greets the cast of Mobile Unit A of the Citizens Committee for the Army and Navy, Inc. before curtain time. Performances for the 28,000 men at Camp Forrest were given from the built-in stage on one of the Citizens Committee's specially constructed motor vans.

In a letter to Lawrence Phillips, executive director of the Citizens Committee, Major General Lawton expressed the appreciation of himself and the boys for the highly enjoyable entertainment, adding, "I feel the performances were a contributing factor in the maintenance of the high morale of this camp." Under the direction of Harry Deimar there are

six mobile units, touring army camps, and naval and air stations throughout the country. Reading from left to right are: Ruth Clayton, Stephen Richards, Collette Lyons, Margie Margo, General Lawton, Erma Margo, Lew Parker, Ginger Harmon, Major Head, Ken Nichols, manager (on stage).

CASTRO GIVES 560 POUNDS OF OLD ALUMINUM

Judge Posey Cunningham reports that 560 pounds of scrap aluminum was gathered at Dimmitt for Castro County and shipped by truck to collection headquarters at the Armstrong storage company in Amarillo. The aluminum cage is still in the center of the street on the square at Dimmitt, and has many items of aluminum in it at present.

Unusual thing about the method of collecting the old aluminum was that the wire cage placed in the middle of the street was not of too strong construction, but was not molested in any manner. On the other hand, local residents report, in the past efforts to put Christmas trees or other items in the middle of the street have never proved successful. It appears the public had a high respect for the purpose of the wire box.

"The old aluminum was hauled gratis," Judge Cunningham said, "through courtesy of Clearance Bearden and Castro County Grain Company, who generously provided the truck to haul it to collection center in Amarillo."

NEW CORRESPONDENT FOR THE NEWS AT BIG SQUARE

Miss Christine Davis at Big Square community reported to The News she would be unable to write news from Big Square any longer and was turning over her duties to Mrs. E. E. Worm.

In this week's issue of The News Mrs. E. E. Worm has written the Big Square News, and people living in that section are urged to turn in their news to Mrs. Worm.

TWO MEN JAILED

It was reported that two men were put in jail this week on charges of speeding and being intoxicated.

MEETING AT HART

A revival meeting is being planned for next week, beginning Friday, August 16. Rev. J. L. Mayhew of Hart will officiate. Rev. R. L. Kirk of Munday will do the preaching for the Methodist meeting.

4-H GIRLS RETURN TODAY

Several 4-H Club girls are to return today from an encampment at Ceta Glen held yesterday and today. They were to break camp at 1:30 today, Miss Mary C. Couch reported.

Mrs. C. C. Reynolds is visiting in Lubbock with her son and daughter, Mrs. C. B. Harris and R. C. Reynolds, and their families.

Last Day Today For Puddin' Head

Judy Canova, the Bob Burns of the feminine cinema world, will appear at the local Rio Theatre for the last time tonight.

Raymond Donnell, manager of the show, announced this picture held over a day, and stated the schedule of shows for the remainder of the month was changed to the extent that the shows slated for Sunday and Monday will also be shown on Tuesday—making them three-day pictures.

Speak at District 2 FBF Meeting

W. R. TILSON, Director Presided over Farm Bureau Meet

J. WALTER HAMMOND, Pres. Texas Farm Bureau Federation

E. R. ALEXANDER, Manager Texas Farm Bureau Federation

A good many Castro County farmers were at the meeting of the Texas Farm Bureau Federation district meeting held in the Lubbock Hotel last Friday.

"Farmers of this area may well thank the Farm Bureau for the great increase in prices of cotton and wheat above last year," W. R. Tilson, Terry County farmer and a director of the Bureau stated before the meeting.

"Without the strength of the Farm Bureau members in 41 states and the leadership of Ed-

ward A. O'Neal, president of the American Farm Bureau Federation, J. Walter Hammond, president of the Texas Farm Bureau, and other state leaders testifying before congressional committees, the 85 percent parity loans for cotton and wheat would not have been provided. Congress was made to realize that farmers deserve better prices."

Tilson further advises that the present market price of cotton has been influenced above the 14 cent loan value due to speculation, in-

creased domestic consumption, and reports that stocks of government loan cotton would be withheld from the market.

On the program were J. Walter Hammond and E. R. Alexander (pictured above), and district Farm Bureau leaders.

District 2 is composed of the following counties: Bailey, Briscoe, Castro, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, Kent, Lamb, Lubbock, Lynn, Motley, Farmer, Swisher, Terry, and Yoakum.

Almost \$400,000 In Wheat Loan Money Is Paid to Castro Farmers

Lions Club Work Shop Committee Seeks Quick Reply

The proposed Work Shop which would give mechanical training to Castro County youths between the ages 17 and 25 is being advocated by the Lions Club committee of which Judge Posey Cunningham is chairman.

The committee has tendered its help to the Dimmitt School Board and the School Board has referred the matter to a committee for study.

The Work Shop Project is beyond doubt worth working for, as a civic betterment program. Now more than ever before in the history of the U. S. A. the need for mechanically trained young men is being stressed. Every week the U. S. Government is calling for mechanically trained men and men skilled in every trade. School Board, City, and County—as well as its citizens—are hard hit, but this matter deserves consideration of all three.

The Work Shop program must become a reality by September 1, if Dimmitt should get the project. The FFA boys and their instructor J. L. South, have funds which they wish to donate to the project if the program can be started. Schools elsewhere, it is reported, have provided temporary buildings with plans outlined for expansion later. Other schools have virtually paid for the building out of funds received for butchering of animals in connection with the work shop project.

Approximately 450,000 Bushels of Wheat Under Loan

Nearly \$400,000 already have been received by Castro County wheat farmers who have tendered wheat as collateral for a loan from Commodity Credit Corporation, Lowell Sharbutt, Secretary of the Castro County A. C. A. announced this week.

Approximately 450,000 bushels of wheat have been approved by the Castro County Committee under the 1941 wheat loan program. This is the first year that farmers have been able to receive as much as 85 percent of parity prices under the loan program.

Producers in securing a loan on eligible wheat sign a note to Commodity Credit Corporation which matures April 30, 1942. The wheat is the only collateral required for the loan.

Wheat loan notes may be redeemed at any time prior to April 30, 1942, by paying the face amount of the note plus interest at 3 percent. This course might be desired should the price of wheat advance above the loan value.

Closing Date of Dimmitt Stores Not Yet Settled

A committee from the Dimmitt Lions Club were circulating a petition this week in an effort to establish a 7:00 o'clock closing date for local stores—purpose of which is obvious. Up until press time there was not an unanimous signature, and discussion has not been completed as to whether the stores desiring a definite closing hour will participate in the plan without 100 percent cooperation.

The public may expect a probable 7:00 o'clock closing time beginning Monday of next week if business decide on closing without 100 percent participation. Circular will be distributed announcing the closing provided the closing hour is decided upon favorably.

Local FFA Club Entertains Boys From Alabama

Last Monday morning a group of lively Alabamians with their FFA adviser, Mr. Avery, passed through Dimmitt and took time to go rabbit hunting.

The boys came in unexpectedly but they soon contacted several of the Dimmitt Future Farmers and the local adviser, Mr. South. Several cars and pickups were secured and took the Alabama FFA boys for a trip over the community.

The chapter was glad the boys came this way and was delighted to show them around. Adviser South stated, in doing so the local boys learned something of the manners and customs of their Far East friends. They talked of projects, contests, school, football.

OUT OF HARM'S WAY!

NAZARETH JUMBO

Dr. Jane Francis of Fort Smith, Arkansas, visited her parents, Mr. and Mrs. Frank Brockman last week.
Sr. Generosa, also from Fort Smith, visited her parents, Mr. and Mrs. Frank Huseman, last week.
Rev. N. F. Wagner, Mrs. Joe Birkenfeld, Mrs. Wm. Hochstein and Rosemary and Ed Wagner made a trip to Denver last week to attend the D. C. C. W. regional convention.

North Edge

Mr. and Mrs. Dave Shepard and Virgie were in Amarillo last Thursday.
Mr. and Mrs. Doc Hance left Friday for their home near Savoy, Texas, after working through the harvest season here.

Harry Brown of Walnut spent the weekend in the George and Frank Shepard home.
Raymond Walker and Miss Virgie Shepard motored to Amarillo Monday.

Mr. and Mrs. Paul Howell were in Amarillo Monday.
Mrs. C. A. Hance and Sandra and Mrs. Percy Shepard, Ollene and Thelma, visited Sunday afternoon with Mrs. Paul Howell.

Mr. and Mrs. C. J. Cox and Mr. and Mrs. George Shepard and Jerry visited Thursday night in the Frank Shepard home.
Mr. and Mrs. Raymond Hance, Jerry Beth and Linda Ray, visited friends in Tulla over the week-end.

Mr. and Mrs. C. J. Cox visited Sunday in the home of his brother, William Cox.
Winifred Shepard of Walnut is spending a few days this week with his grandparents, Mr. and Mrs. Frank Shepard.

Mrs. John Ballenger and Mrs. Dave Shepard visited Tuesday afternoon with Mrs. Percy Shepard.
Mr. and Mrs. George Shepard and Jerry motored to Amarillo Friday.

Mrs. Raymond Hance, Jerry Beth and Linda Ray, visited Wednesday morning with Mrs. Percy Shepard.
Mrs. Henry Howell and children spent Friday in the home of Mrs. Paul Howell.

Flagg

(By Mrs. Sid Shepley)
Misses Frances and Elene Ivey and Marguerite Cox, Alvin Frazier, Newt Dunn and Billy Brooks Sinclair attended singing in Amarillo Sunday.

Martha McCraw of Plainview, Sue and Ollie Ann Sheffy of Dimmitt, Myrtle Lee Scarborough and June Thompson visited Dorothy Sheffy Sunday.
Mrs. L. B. Ginn was called to the bedside of her sister, who is seriously ill at Rotan Monday.

The Baptist meeting closed Sunday at the baptizing. There were four conversions and three added to the church.
Miss Joan Hawkins became the bride of Lloyd Hamer of Melrose, New Mexico, Friday evening, Aug. 8. They will make their home at Melrose.

Mr. and Mrs. J. W. Hawkins and Wilda, Mrs. Cordye Birdwell and Norville and Mr. and Mrs. Lloyd Hamer spent Sunday in the Bud Birdwell home in Dimmitt.
Mr. and Mrs. Grady McNabb and children visited relatives in Brownfield from Thursday to last Monday.
Mr. and Mrs. Lean Winders just returned from Chapam and other points in New Mexico.

HART

(By Mrs. J. J. Newsom)
Mr. and Mrs. I. M. Stewart of Peacock spent a few days the first of the week in the home of their daughter, Mrs. J. J. Newsom.

Rev. and Mrs. Petrolas have returned to their home in Lubbock after a few days at services at the Baptist Church.
Mrs. Earl Hacker was a business visitor in Plainview Tuesday. The Boosters of the Baptist revival will have a party in the home of Mrs. Earl Hacker Saturday afternoon, August 16, at 3:00 p. m. All children are invited. Don't forget the date.

Mr. and Mrs. Joy Boston have moved in the Frank Brown house. Mr. and Mrs. W. A. Hawkins will occupy their residence. We welcome the Hawkins family in our midst. They formerly lived at Hart.
Mrs. Mike Thomas and daughter, Jackie, have returned home from a visit with friends and relatives in Post.

J. C. Jackson left the latter part of the week for California, where he will make his home.
Miss Dorothy Jo Wright has returned from a visit with friends in New Mexico.

Soil erosion has cut the useful life of more than 20 percent of the water supply reservoirs of the U. S. A. to less than 50 years, says H. H. Bennett, chief of the Soil Conservation Service. Another 25 percent will be lost in 50 to 100 years.

Don't cry over sour milk—use it for cottage cheese.

Big Square

(By Mrs. E. E. Worm)
Mrs. Anthony and daughter were visitors in Lubbock last Tuesday. They said they came through a heavy rain near Littlefield as they came home.

Mrs. Glenn Siler's brother, Loyall Lust, and family, spent Saturday night with her.
Mr. and Mrs. Glenn Scott's little daughter is on the sick list the last few days.

Miss Gloria Scott visited in the home of C. W. Anthony last Sunday afternoon, August 10, at 3:00 p. m. All children are invited. Don't forget the date.

Miss Dorothy Van Doorn was a guest last Saturday night and Sunday of Bobbie Ivy.
Mrs. John Davis has been pretty sick the last two days.

Mrs. Ralph Harvey is leaving for a visit with her mother in a few days. She will be gone several days.

Several of the farmers in this community are harvesting their Johnson grass.
Mrs. C. A. Hance and Sandra and Mrs. Percy Shepard, Ollene and Thelma, visited Sunday afternoon with Mrs. Paul Howell.

OUR DISTRICT PROGRAM

This is another article in a series being printed about the district wind erosion and soil conservation program being carried out by the farmers of this district.

Problem Area No. 6—Shallow, or very shallow, moderately heavy or moderately sandy soils—Approximately 10 percent, or 57,344 acres, of the soils of the district are placed in this group. The soils of this group consist of all shallow or very shallow soils, except rough, broken or stony land found in the district.

These soils range in color from brown to light gray. The caliche, or soft chalky material, is found close to the surface. In general, the development of these soils is considered immature and of shallow depth. The soils occur generally along drainages and on slopes around intermittent lakes.

The infiltration rate is slow and runoff from rainfall on these soils is high. The soils are susceptible to both wind and water erosion. Owing to the shallow depth and rolling topography, these soils are usually recognized as being best suited to pasture. If the soils remain in native vegetation, which is properly protected, erosion can be controlled.

Problem Area No. 8—Heavy clay soils found in intermittent lakes—This group of soils comprises approximately 2 percent, or 11,469 acres, of the soils in the district. These soils occupy small depressed areas or intermittent lakebeds, which are scattered over the entire district.

Due to poor drainage of these soils, they are generally recognized as being best suited to pasture. If the watersheds surrounding these soils are adequately controlled, the cover of grass is greatly increased.

Problem Area No. 1—Alluvial soils, undifferentiated—These soils of this group range from sandy to moderately heavy, and from shallow to moderately deep in development. They are found in small areas in the district and are considered of little importance. These soils comprise only 0.8 percent, or approximately 4,587 acres, of the soils of the district.

THIS WEEK IN DEFENSE

President Roosevelt placed airplane fuels under export control, limiting to points in the Western Hemisphere, the British Empire and unoccupied territories of countries resisting aggression. Secretary Hull said his press conference any move of Japan into Thailand would be a matter of concern to the United States.

Treasury Secretary Morgenthau announced the lend-lease administration has ordered 10,000,000 yards of cotton gree goods to make uniforms for Chinese soldiers.

THE STATE DEPARTMENT announced extension of the trade agreement between the U. S. S. R. and the United States until Aug. 6, 1942, to insure "continuance during the emergency period of our established commercial relations with the Soviet Union on the basis of the 1937 commercial agreement."

RUSSIA The Office of Production Management announced that the U. S. S. R. will pay cash for all materials bought, the department said.

SILK Some of the soils are very productive, and, where found in large enough areas, are well suited to cultivation. In general, these soils are found in such small areas and broken with stream channels that they are recognized as being best suited to pasture. The native vegetation consists of a heavy growth of short grasses, with various amounts of other grasses, weeds, and brush plants.

Problem Area No. 9—Rough, broken, and stony land—Only 0.6 percent, or approximately 3,411 acres, of this class is found in the district. This class of land is found largely in small areas along Tule Creek, in the east central part of the district.

Owing to the rough, broken, and steep slopes on which this group of soils occurs, it is recognized as being a flood-contributing source. Water erosion has been serious on these soils.

This group is recognized as being suitable for pasture only, with the possibility of wildlife development over the entire area as of supplemental value.

SUMMARY OF SOIL GROUPS

Table with 4 columns: Problem Area, Description, Approximate Percent, Approximate Area. Lists soil types like 2-Deep, moderately heavy soils and 1-Alluvial soils.

Distinctive Crocheted Tablecloth in Heirloom Pattern

REMINISCENT of the past is the classic pinwheel design in crochet. It is here used in an exquisite cloth for a modern table. You can make this cloth yourself, crocheting each whirligig separately in mercerized cotton.

Time, Food and Money By Using a Modern Gas Range

West Texas Gas Co.

WHEAT GROWERS HAVE UNTIL NOV. 30 TO SIGN FOR ALLOTMENT

November 30, 1941, is the closing date for accepting requests at the AAA office for 1942 new grower wheat allotments.

Farmers who have not planted any wheat during 1939, 1940 and 1941, but desire to plant wheat in 1942, are considered new growers.

Requests for new grower allotments should be filed in the county AAA office as soon as practicable. Since no applications may be filed after the closing date.

Writing rules to enable motorists to carry paying passengers to and from work.

POWER The Bureau of Labor Statistics reported retail food prices increased 1.5 percent during the last two weeks of July to a level almost 16 percent above August, 1939.

LABOR SUPPLY The OPM said railroad labor and management will help meet skilled labor shortages in defense industries out of available supply of railroad workers.

SELECTIVE SERVICE The Senate passed legislation authorizing extension of service of Selectees, Guardsmen and Reserve officers from 12 months to 30 months, or of enlisted men from three to 4 1/2 years.

DEFENSE HOUSING FWA Administrator Carmody said nearly 3,000 homes for defense workers—an average of 256 houses a day—were constructed during July.

AGRICULTURE Assistant Price Administrator Galbraith, speaking during the annual Farm & Home Week, said "Farmers must be the natural leaders in the fight against inflation. If they take the leadership, then stability is assured."

LEGAL NOTICES

NOTICE OF FILING ACCOUNT—ESTATES The State of Texas—To the Sheriff or any Constable of Castro County—GREETING: YOU ARE HEREBY COMMANDED to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Castro, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof.

NOTICE OF FILING ACCOUNT—ESTATES OF DECEASED The State of Texas—To all Persons interested in the Estate of August Brockman, deceased: Henry Hoelting, administrator, has filed in the County Court of Castro County, his final account and application for discharge which will be heard at the next term of said Court, commencing the fourth Monday in August, A. D. 1941, being the 25th day of August, 1941, at the Court House thereof, in the City of Dimmitt, Texas, at which time all persons interested in said Estate may appear and contest said account, should they see proper to do so.

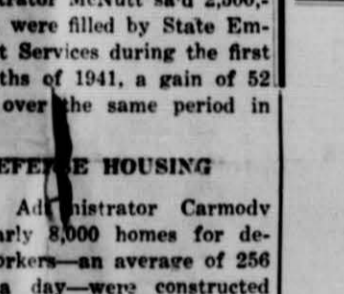

HEREIN FAIL NOT. But have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same. Given under my hand and the seal of said Court, at Dimmitt, Texas, July 30, A. D. 1941. JACK GREGORY, Clerk County Court, Castro County, Texas.

CITATION BY PUBLICATION OF FINAL ACCOUNT OF FINAL ACCOUNT THE STATE OF TEXAS, To the Sheriff or any Constable of Castro County, Greeting: In the matter of the Estate of Roger Hay, and Mrs. Lydia Hay, deceased, E. Hay, Administrator in the above Estate, having filed in Our County Court his Final Account of the condition of the Estate of said Roger Hay, and Mrs. Lydia Hay, both deceased, numbered 300 on the Probate Docket of Castro County, together with an application to be discharged from said Administration of said Estate; You Are Herby Comanded, that by publication of this writ for ten days, to be published on Aug. 14, 1941, in a newspaper printed in the County of Castro, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper to do so, on Monday, the 25th day of August, 1941, at the Court House of said County, in Dimmitt, Texas, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the town of Dimmitt, Texas, this 12th day of August, A. D. 1941. JACK GREGORY, Clerk County Court, Castro County, Texas.

A TRUE COPY, I CERTIFY. GARLAND BROWN, Sheriff of Castro County, Texas. By O. A. RICE, Deputy Sheriff.

A News Want Ad Buys, Sells or Rents

for MODERN living In the early days, medicine show quacks sold crude oil for a dollar a bottle as a cure for all human ills. Today hundreds of essentials for modern living are made from oil. It supplies heat for the home. It provides power for the Nation's machinery and transportation. It lubricates the gears of industry. It furnishes fuel for your car. It has shortened distances to make our Nation one big community.

America is safer today because of petroleum. The oilman's initiative and enterprise have made available to the United States the world's largest supply of petroleum. In all this, Texas plays a leading part. Last year we supplied 36 per cent of all the Nation's oil, and now have over half of the Nation's oil reserves. You and every American live more comfortably and safely today because of Texas petroleum.

Dishes the Whole Family Will Like

By Katharine Fisher
Director, Good Housekeeping Institute

Does your family quibble at eating foods that are "good for them"? You'll have less trouble getting in the daily quota of milk, fruit, eggs, etc., with their vitamins, minerals, and other health-giving factors, if you will serve desserts that include these things, for there is no reason why a dessert should not be soundly nutritious without losing a bit of tempting deliciousness. Here are some we know your family will approve.

KATHARINE FISHER
Director of Good Housekeeping Institute

All recipes tested by Good Housekeeping Institute. Use Institute-approved measuring cups and spoons. Measure level.

Molasses Rice Pudding

1/2 cup washed rice
2 1/2 cups bottled milk
1/2 cup molasses
1/2 cup evaporated milk
1/2 cup water
2 eggs, separated
1/2 tsp. salt
1/2 cup molasses
1/2 cup cinnamon
1/2 cup granulated sugar

Cook rice in milk in double boiler for 1 hr., stirring occasionally. Beat egg yolks, add salt, molasses, and cinnamon. Add hot rice mixture gradually, while stirring; return to double boiler, and cook 2 min. Cool slightly. Beat egg whites stiff, add sugar slowly, while continuing to beat; then fold into pudding. Chill. Serves 6.

MENU SUGGESTION: Serve for dinner, with Swiss steak, buttered green beans, sweet potatoes, romaine salad, and rolls.

Fresh-Fruit Scallop

3 c. raspberries, blackberries, pitted red cherries, or sliced peaches
1/2 c. brown sugar, firmly packed
1/2 c. milk

Place 1 c. fruit in a 1 1/2-qt. casserole; sprinkle with 1/2 of sugar and 1/2 of crumbs. Dot with 1 tsp. butter. Repeat, making 3 layers in all and having crumbs on top. Pour milk over all, and bake in moderately hot oven of 375° F. for 45 min. Serve with top milk or cream. Serves 4 to 6. Packaging space cake is excellent for this dish.

Pineapple Custard

2 c. bottled milk, or 1 c. evaporated milk and 1 c. water
3 eggs, beaten
1/2 c. granulated sugar
1/2 tsp. vanilla extract
1 1/2-oz. can lengthwise pineapple segments

Scald milk. Combine eggs, sugar, and salt. Gradually stir in milk; cook over hot, not boiling, water, stirring constantly, for about 7 min., or until mixture coats spoon. Remove from heat; chill. Add vanilla. Serve over chilled pineapple. Serves 6. Sliced oranges, bananas, or pitted cooked peaches may be substituted for the pineapple segments.

Chocolate Crumb Pudding

1/2 c. butter or margarine
1/2 c. brown sugar, firmly packed
2 c. scalded milk
2 c. milk
2 eggs, beaten
2 c. soft bread cubes or crumbs
1 tsp. vanilla extract
1/2 tsp. salt
1/2 box pkg. semi-sweet chocolate

Melt butter in a skillet; add sugar, and heat, stirring, until melted. Add to scalded milk, stirring until dissolved. Add cold milk, then slowly add to eggs. Add crumbs, vanilla, and chocolate, which has been cut along acrop. Pour into a 1 1/2-qt. casserole; set in a pan of warm water, and bake in moderate oven of 350° F. for 1 1/2 hrs., or until a silver knife inserted in center comes out clean. Serve warm, with or without cream. Serves 6.

Chocolate Crumb Pudding

Melt butter in a skillet; add sugar, and heat, stirring, until melted. Add to scalded milk, stirring until dissolved. Add cold milk, then slowly add to eggs. Add crumbs, vanilla, and chocolate, which has been cut along acrop. Home Demonstration Notes

MIDWAY CLUB

Midway Home Demonstration Club met last Friday afternoon with Mrs. Barber Eubanks.

Miss Hazel Merritt and Mrs. Howard Scoggins took the club to A. & M. College in story form. When their talks were finished the club women all felt like they had really taken the trip, the club reporter said.

The club decided that Miss Hazel Merritt would be the one to send to the Texas Home Demonstration Association convention at Beaumont, Texas.

Miss Couch prepared and served a bean salad and cheese sandwiches that could be used as meat substitutes.

Next meeting of the club will be held at the home of Mrs. Colin Walton September 15.

Refreshments of cake and ice cream were served to the following: Mmes. Hudson, Maye, Ted Cox, Carroll Gladman, Gollibon, Cowser, Misses Hazel Merritt, Mary Couch and the hostess.

NORTH EDGE CLUB

What foods qualify as meat substitutes?

Miss Mary C. Couch gave a demonstration on meat substitutes at the North Edge Club meeting recently. She prepared two dishes that were substitutes for meat at the North Edge Club meeting held in the home of Mrs. William Howell Thursday, August 7.

Mrs. Dave Shepard gave a very interesting talk about Council report.

Mrs. C. W. George gave her report on her visit to the A. & M. Short Course. She told some very interesting things of interest to all. There were 14 members present and three visitors. A delicious refreshment course was served to those present.

Members of the Midway H. D. Club attending the Short Course held at the Methodist Church last Monday were Mmes. Barber Eubanks, Raye Cowser, Milton Lisle, Alta Gladman, Laban Galloway, Howard Scoggins and Miss Hazel Merritt.

Miss Merritt and Mrs. Scoggins were among the principal speakers at the Short Course.

The next meeting will be held with Mrs. Cox August 21.—Club Reporter.

FLOYD REYNOLDS IS WORKING IN LUBBOCK AT THE PRESENT, BUT HAS NOT MOVED THERE PERMANENTLY, RELATIVES STATE.

Locals

Mrs. Otho Allen of Phillips was a guest in the home of her brother, Swain Burkett, and Mrs. Burkett over the week-end. Mrs. Allen was the former Miss Zada Burkett.

Mrs. Ella Ballenger of Amarillo is a guest in the Dave Shepard home and is also visiting with other friends here.

Kenneth Turner and mother, Mrs. J. R. Turner, and John Turner visited Sunday and Monday with relatives in Cisco.

Mr. and Mrs. Ward Golden had as their guests over the week-end Mr. and Mrs. Owen Johnson and children of Pampa. Mrs. Golden and Mrs. Johnson are sisters.

Mr. and Mrs. W. H. Conner of Hollis, Oklahoma, visited the first part of the week in the home of their daughter, Mrs. F. H. Konmore, Hovt, who had been visiting his grandparents, returned to his home.

Mr. and Mrs. C. E. Nixon and children and Mrs. Artemas Garrett are vacationing at Colorado Springs, Colo., and other points of interest. They plan to return home Friday.

Mr. and Mrs. Dan Boothe and Judy spent Sunday in Floydada with Mr. and Mrs. Buster Boothe.

Tom Bice, H. C. Webb, Ozro Stephens and Harold and J. P. Schooler left Thursday morning for a few days fishing trip near Menard.

ACTS AS DEAN OF MEN

Rev. Melvin Rankin, local pastor of the Methodist Church, went to the Methodist encampment grounds near Canyon Tuesday to act as Dean of Men at an encampment for Methodist young people. He is expected home today.

JULYRICAL

By Ogden Nash
(Reprinted from
August Cosmopolitan Magazine)

Hold your breath! Here comes July. Like a rocket in the sky. Sunburst, cloudburst, lightning, hail, Riding madly on its tail. Watch it sparkle! Hear it whiz! The most spectacular month there is. Lock up the office, snatch your hat, Turn off the milkman and the cat. Old office, old milkman, old cat, goodbye I'm going outdoors, here comes July!

NEIGHBOR HELLO

(Continued from page one)

of him was that he had been playing golf. Stub, was it professional or amateur?

Mr. Hill has been at the M-System Grocery this week during the absence of Claud Mixon, who said two weeks ago he planned to visit Colorado State.

Harvest Queen Mill & Elevator Company is another firm who has seen to it that its name is consistently put before the Castro County public each month. Boys, you know how to get ahead!

The point we want to reiterate about advertising in The News or any newspaper for that matter, is that putting the name of the firm consistently before the public pays dividends in cold cash. We believe that!

Her father—"So, my daughter we consented to marry you! Young man, you're the second happiest man in the world!"

Jellies That "Jell"

By Frances Lee Barton

IT'S jelly time again. Millions of housewives are making jams and jellies of different flavors as berries and fruits are in season — stocking those tasties that make winter meals so appetizing.

Follow the throng but be sure that your jellies "jell." A recipe like the following assures success to the new jelly maker, or the older one who has tried before and been disappointed:

Red Currant Mint Jelly
5 cups (2 1/2 lbs.) juice; 3/4 cup (3 oz.) spearmint leaves and stems, packed; 7 cups (3 lbs.) sugar; 1/2 bottle fruit pectin.

To prepare juice, crush about 4 pounds fully ripe red currants. Wash spearmint and chop. Add 1 pint and 1 cup water to crushed currants; bring to a boil and simmer, covered, 10 minutes. Place in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and hold hard 1/2 minute. Remove from fire, skim, pour quickly into hot jelly at once. Measure about 11 glasses (6 fluid ounces each).
