38 Works of Art Shown at Exhibit

Thirty-eight art works were shown at the Coke County Art Exhibit held Tuesday in Bronte City Hall. Officials were pleased with the turnout, since it was the first exhibition of its kind held in the county. It was held as a forerunner of Gov. John Connally's Third Annual State Citation Art Exhibition to be held in Austin Feb. 1.

Mrs. Harold Keller of Silver won the blue and red ribbons in the Merit Division of the contest and Royce G. Phillips of Bronte won the white ribbon in the contest. Mrs. Keller's blue ribbon entry was an oil painting of a Coke County pasture scene. Her red ribbon winner was a still life oil painting "Books." Phillips oil painting was "The Bend in the River."

Debbie Hines, 17, of Silver, won the only award given in the Scholarship division, a blue ribbon, for her pastel painting of a "dog in a basket."

The exhibit was being well visited at noon Tuesday. Coffee and cookies were served during the day. The event was photographed Tuesday by KCTV, San Angelo.

Mrs. Royce Lee and Mrs. D. K. Glenn of Bronte were in charge of the local contest. Mrs. Cumbie Ivey Jr. of Robert Lee is a member of a committee for the district contest, which will be held Jan. 16 in San Angelo. They were assisted by Mmes. Austin Masterson, Noah Pruitt Jr. and Otis Smith.

Judge for the local contest was Franklin Walker, prominent artist and art critic, of San Angelo. He judged the entries Monday. Walker said the exhibit was good but that he was disappointed at the small number of entries in the scholarship division for "much unknown talent is discovered among the school children." He will also judge the Tom Green County Show.

Walker has a studio in San Angelo where he teaches art classes and has taught art four years at the YMCA there. He received a bachelor's degree from the California School of Fine Arts and a Masters degree from the Conservatory of Arts in Milano, Italy. He moved to San Angelo in 1957 from Austin, but came to Texas after World War II, in which he served six years. Also a musician, Walker sang many years in opera and radio. He said he has been painting since childhood.

He was followed by Richards with 11, Larry Corley 6, David Glenn 5, Doug McCutchen 4, Wayne Carlton 2, and Davis Corley 1. Randle and Biefeldt were high for Mason with 15 and 14, respectively.

Score by quarters:

Bronte	7	10	12	13-42

Bronte's second game with Sterling City was a pushover, and the Longhorns won, 75-57. Richards couldn't miss and sank a total of 31 points for high scorer honors. L. Corley had 14, Lee 10, D. Corley 8, Carlton 4, McCutchen 3, Glenn 3, and Charles Masterson 2. For Sterling City, Longoria had 19 and Sedillo had 14.

Foodwise, 1966 Off to Good Start

The year 1966, foodwise, will get off to a bountiful start.

Eleven foods are designated especially plentiful for the month of January. Pecans are featured. Others include grapes, grapefruit, apples, red tart cherries, oranges and orange products for mighty delicious fruit eating, reports the Texas Agricultural Extension Service.

The U. S. Department of Agriculture also reports plentiful stocks of such vegetables as onions, potatoes, sweet potatoes, cabbage and split peas.

The 1965 pecan estimate has been moved up to 263.8 million pounds, better than 90 million pounds more than 1964. Farm sales of native pecans in mid-December were running about four to six cents a pound less than for the same period during 1964, so add special flavor to your favorite dishes with pecans.

California's record grape crop, totaling around 3.9 million tons, will be sending large quantities into local markets this January. Emperors are expected to be in best supply.

Production of potatoes is up 25 per cent over the 1964 fall crop — creating the largest on record. And USDA's Consumer and Marketing Service reports heavy shipments of sweet potatoes arriving at local markets.

For some of the best eating this January—and at reasonable cost—enjoy and use plentiful foods.

New Cleaning Equipment

Here are some new developments in cleaning equipment.

One new development is the introduction of the cordless vacuum cleaner. The cost of the new cordless cleaners is \$50 or more over the conventional cord types.

People in the cleaning equipment field have expressed some reservations about the new cordless types. Running time is less than an hour, and it takes up to 17 hours to recharge. Many are speculating about how practical the new models will be.

The other new development is the built-in vacuum cleaning system. This system has a permanently installed heavy duty vacuum unit located in a remote place. Tubing or wiring from this unit to outlets at various places in the living quarters allow connecting just a hose and light weight attachment for cleaning.

The advantages and disadvantages of these systems were reviewed in the July 1964 issue of Consumer Reports. The units tested were more consistent than tank cleaners; however, for rug cleaning, neither the central system nor the tank cleaners were as satisfactory as good uprights.

"I must say that I have enjoyed serving the people of this precinct as your justice of the peace. The job has not always been pleasant, but for the most part, it has been a real pleasure. The people of this precinct have been very cooperative and helpful to me in carrying out the duties of this office, and I sincerely appreciate every courtesy you have shown me.

"My intention in filling the justice of the peace office has been always to judge each case on the evidence presented and not on personal likes or dislikes. I have done my very best to treat everyone fairly, equally and impartially when they come before justice court.

"If you feel that I am deserving of another term and re-elect me to this office, I will continue to give it my very best effort and do a good job for you. I will sincerely appreciate your support and your vote in the Democratic Primary, May 7, 1966."

FRANK COALSON

Frank Coalson Announces for County Judge

I would appreciate the opportunity to serve the people of Coke County as their Judge. I believe that my educational background and many years of experience in dealing with the public qualify me for this position.

I was born and reared in Coke County and have spent approximately one-half of my life here. I feel, therefore, that I am acquainted with the needs, the problems, and the existing conditions of this county. Practically all my teaching experience has been in the field of administration in three schools: Sweetwater, Wylie, and Robert Lee. I received my B. A. degree in sociology from Abilene Christian College, where I worked my way through school. I hold a master's degree from Hardin-Simmons University with a major in the field of administrative education. I have also done graduate work at Texas Tech and the University of Chicago.

While I was Superintendent of the Wylie Schools, adjacent to Abilene, I had rather wide experience with juvenile problems, since the Abilene Boys' Ranch was located in my school district. Here I worked closely with the Juvenile Officer and the Juvenile Court. I have taught classes in government for many years in the public schools and have taught courses in sociology during two summers at Hardin-Simmons University.

The extra responsibilities attached to the office of Judge in Coke County demand the serious attention of every voter. In addition to the regular duties as Judge, he serves as ex officio County School Superintendent; also he is head juvenile officer of the county.

New and growing interests in the immediate future of Coke County require a progressive leadership which I shall endeavor to maintain. If the people elect me as their County Judge, I shall execute the duties as honestly and efficiently as I know how. I am going to make a sincere effort to contact every voter in the county.

WTCC Officials To Meet with RL

(From Robert Lee Observer)

A group of officials of the West Texas Chamber of Commerce will be in Robert Lee Thursday for a meeting with local businessmen. The meeting will be held in the conference room of the city hall at 1 p.m.

Heading the WTCC visitors will be John Ben Sheppard of Odessa, secretary-treasurer of the organization and former attorney general of Texas. Beeman Fisher, another WTCC officer; Royce Lee, mayor of Bronte and a WTCC director, along with representatives of surrounding towns will complete the group. Lee will preside at the meeting.

Purpose of the meeting is to present advantages of membership in the West Texas Chamber of Commerce. The visitors will present a short program in behalf of their or-

ganization with the hope that Robert Lee will affiliate with the regional chamber.

At the present time Robert Lee State Bank, headed by Gerald C. Allen, is the only local firm represented with WTCC.

A letter from Sheppard to Mayor Robert Vaughan expressed the hope that a representative group of business men would be present for the meeting to hear the advantages of joining the WTCC.

Sheppard emphasized that the meeting would last only about 30 to 45 minutes, including visiting time.

Mrs. Charlie Knierim returned Dec. 27 from a holiday visit with her daughter, Mrs. Frank Pohl and family at Matador; her granddaughter, Mrs. Howard Limmer and family in Slaton; and with her brother, E. B. Chestnut and family in Floydada.
