Wesley Ash Gets Special Award For Work At Baseball Camp

Wesley Ash, son of Mr. and Mrs. James Ash, returned last week after attending the Big State Boys Summer Baseball Camp in Dallas since June 12. Billed as the world's finest camp in baseball for boys 8 through 19, it is located on the campus of the University of Dallas. Wesley was one of three boys

who received an award at the close of the camp. He received an honorable mention as the most valuable player. The other two boys received the sportsmanship award and most valuable player award.

While enrolled at the school the group attended a game in the Astrodome in Houston between the Astros and Los Angeles Dodgers. They also toured Six Flags Over Texas and saw some Texas League games.

States represented at the school were Tennessee, Washington, Nevada, Michigan, New Mexico and Texas. Also some boys attended from Mexico and Panama.

Wesley will be an eighth grade student in Bronte schools next fall.

First Baptist Revival To Start July 22

A revival meeting is scheduled at First Baptist Church July 22 to 31, according to an announcement made this week by the pastor, the Rev. Harry Morris. Services will be held at 7 a.m. and 7:30 p.m.

Fern Hiller, area missionary of Cleburne, will do the preaching, and Garry Bivins of San Angelo will lead the singing.

The Rev. Mr. Morris said he would like to urge everyone in this area to plan to attend the services.

AD-LIB-BEN

Those golfers are going to have to put a net or something over the holes at the local golf course. You guessed it — another Bronte duffer made a hole in one.

Monroe Alexander, this time, was the doer of the almost impossible.

On Saturday, July 2, Mr. Alexander, his son, Eddie, and son-in-law, Jim Sanker of Big Spring went out early to hit a few balls. After they teed-off and walked up toward the No. 1 hole, they started looking for Alexander's ball. They spent several minutes looking all over the place, both in and out of bounds, but the ball was nowhere to be found.

Finally, Alexander told his fellow golfers that it was probably in the hole, so he went over and looked. Sure enough, there was his ball right where he wanted it to be.

Unless we've lost count, this makes the fourth hole in one made at the Bronte course.

James Golson Named High School Principal

James L. Golson, who has been principal of Bronte Elementary School for the past five years, was elected high school principal at a Tuesday night meeting of the board of trustees. Golson succeeds Joe B. Simpson, who had served in the position for the past 11 years.

Golson came to Bronte five years ago from Reagan County School at Big Lake where he taught for five years. Prior to that he taught one year in the Fort Stockton schools.

The new high school principal is a graduate of Burkett High School in Coleman. He took his Bachelor of Arts and Master of Education degrees from Southwest Texas State College at San Marcos. He

is presently enrolled in two math courses at Angelo State College.

In addition to serving as high school principal, Simpson has served in various coaching positions

during his stay in Bronte. He also taught math.

He and his wife, Dottie, and their children, Joe and Sheri, have moved to Austin. Simpson has accepted a position as counsellor at the Job Corps Training Center at San Marcos. They plan to move there as soon as suitable housing can be secured.

Supt. C. B. Barbee said Wednesday morning that in his letter of resignation, Simpson asked the board to convey his thanks to the citizens of Bronte School District "for every help given me and my family during the last 11 years."

Barbee said that in addition to serving as principal, Golson will teach some math courses in high school.

JAMES L. GOLSON

Methodist Bible School Next Week

A vacation Bible school is scheduled for next week at First Methodist Church in Bronte. Classes will be conducted for children from kindergarten age through junior high.

Miss Joy Lynn Wilkins, director of the school, said this week that a cordial invitation is extended to all children of the area to attend the school. Appropriate study and recreation will be provided for each age group, and refreshments will be served each day to each student. The school will meet from 8:30 to 11 a.m.

Teachers of the groups are: Kindergarten, Mrs. Bill Luckett and Mrs. Martin Lee.

Grades 1-3, Mrs. Gene Halamick and Mrs. George Braswell.

Grades 4-6, Mrs. Roy Hallmark and Miss David Ann Hallmark.

Grades 7, 8, and Jr. High, Mrs. A. S. Masterson and Mrs. Elmer Hurley.

Miss Melody Holcombe will be an extra helper to serve wherever needed.

4-H Dress Revue Set For Thursday

The Coke County 4-H Club Girls Dress Revue will be held tonight, (Thursday), July 14 at 8 p.m. in the school auditorium in Robert Lee.

Skirts, shifts, skirts and blouses, and dresses will be modeled by the 4-H club members. Judging will be done Wednesday.

Awards will be presented Thursday evening at the close of the Revue. The public is invited to attend.

Mr. and Mrs. L. L. Wilkins Jr. and family and Mrs. Georgia Mae Smith of Houston spent the July 4th holiday weekend in the home of Mr. and Mrs. L. L. Wilkins.

Church of Christ Sets Youth Meet

Bronte Church of Christ will sponsor an area wide youth meeting Friday, July 15, from 4 to 8:30 p.m. The session will be held at the church, with a one hour break from 6 until 7 for supper at the Bronte County Park.

The meeting will open with registration at 4 p.m., followed by a welcome and a worship period conducted by high school students. "The Work of the Messiah" will be the topic for a talk by Don Flournoy, student from Abilene Christian College.

Following the supper a talk by Robert L. Johnson, Bible teacher at ACC, will be entitled "Response to the Messiah". This talk will be followed by a devotional period.

Cecil Cox, local minister, said that all young people in the area have a cordial invitation to attend the meeting.

Blackwell School Starts August 26

Classes will begin for students of Blackwell School Aug. 29. Teachers will meet for a regular workday Aug. 26 in preparation for the school term.

The calendar, released by Supt. Raymond Cowan, shows 175 school days for the coming year, and with holidays added to this total, classes will be dismissed next spring on May 15.

Holidays are set up for Labor Day, Thanksgiving, Christmas, teachers' meeting, and Easter.

Board of Trustees Has Full Agenda At Special Meeting

The board of trustees of Bronte Independent School District met in special session Tuesday night and took action on a number of items on the agenda.

They accepted the resignation of High School Principal Joe B. Simpson and employed James L. Golson to replace him.

In connection with the construction job now underway at the school, the board approved re-routing of water lines to dressing rooms at the rear of the old gym at a cost of \$250.

They approved the installation of a steel beam in the south wall of the new gym in an area near the east end of the wall, in order to give sufficient support to the new wall without weakening the wall of the old gym. Estimated cost was \$450.

Board members employed Grady Vest to varnish doors in the elementary building and to seal and paint the tile buildings at the football field.

Invest Bond Money

Bond money voted to build the new high school building which has not been used was reinvested, and Supt. C. B. Barbee said that by investing this money during the construction period until it is needed, the school will gain \$9,994 in interest. He said present plans are to use the interest money to buy new furniture for the new building.

The board approved retaining Harold Simpson, CPA of Austin, to serve as independent auditor for the school district.

Aug. 11 was set as the date for a public hearing of the school budget for next year. The hearing will be at 7:30 p.m. and anyone interested in attending is invited, Barbee said.

The superintendent said Wednesday that two openings now exist on the Bronte faculty: English teacher and elementary school principal.

BRONTE TEACHERS GONE TO WORKSHOP IN AUSTIN

Eight teachers in Bronte schools are in Austin this week attending Texas Small Schools Workshop, sponsored by the University of Texas. Attending are Mr. and Mrs. J. T. Henry, Mr. and Mrs. James Raughton, Mrs. James L. Golson, Mrs. Royce Fancher, Mrs. Vera Thomas and Mrs. C. B. Barbee. They will return to Bronte Friday.

Subscribe Now, Save Four Bits

The Enterprise's subscription special has been going well during the past week, with a large number of subscribers taking advantage of the 50 cents savings which is in effect this month.

Readers from out of the area, as well as those who live in the Bronte trade territory, have been sending in their orders for renewals and new subscriptions to the paper. The

50 cents saving is allowed on any type subscription (new, renewal or extension) anywhere.

Regular price of \$3.00 in Coke and adjoining counties is now \$2.50, and the regular price on orders anywhere else has been reduced from \$3.50 to \$3.00.

Persons who live in area communities may contact Enterprise

representatives for their subscriptions. They are Mrs. Herbert Holland, Brookshire; Mrs. Jack Corley or Mrs. Tom Green, Tennyson; Mrs. Rocky Thompson, Blackwell.

Only two weeks remain during which the Enterprise will be on special, and the offer will not be repeated until next year, the publisher said.

Several people have been by the office lately asking about the gasoline tax refund form (federal). Normally, this form is mailed direct to operators eligible for a refund on their gasoline used in their farm or ranch operations.

We received word Friday that the form will not be used any longer. Instead, eligible operators will make application when they file their income tax return for the first full year after 1965. Any refund an operator has coming should be claimed as credit when he or she files his or her 1966 income tax refund next spring.

Several people have wondered why they have not received their form. This change in claim procedure does away with the form.

We received a report last week concerning Coke County's record on market cattle testing for brucellosis. To date, Coke County has had 87 head of cattle tested for brucellosis when they were marketed. All the animals checked were found to be negative for brucellosis. We hope the county record remains as good in the future. Every three years, according to present law, we must spot check 25% of the county to retain our modified-certified brucellosis free rating. We may be called on for spot checking later this year or early in 1967. Our three years is about up.

Mohair producers are urged to attend a July 16 meeting at Junction, Texas.

The Mohair promotion Council of America will hold the meeting. It begins at 10 a.m. Its purpose is to obtain a producer's opinion on whether the council should seek a check-off from the incentive payments on mohair.

Funds from the check-off would be used in promotional activities for mohair, just as the wool check-off is used in the promotion of wool and lamb.

C. A. Dishman, chairman of the program and planning committee of the council, is in charge of the meeting.

A free bar-b-que lunch will be served by Junction civic leaders. All mohair producers will find it worthwhile to attend the meeting.

Researchers at Texas A&M University's Livestock and Forage Center are making something of an improvement on crossbred cattle.

Instead of breeding a crossbred cow back to one of the parent breeds, the cow is mated to a bull of a third breed. For example, a cow that is one-half Hereford and one-half Brahman, is bred to a Charolais, Charbray, Brown Swiss, Red poll, or Santa Gertrudis bull.

The results have been outstanding. According to Walter Kruse, animal husbandman at the A&M station, average weaning weight of straight bred calves at the McGregor station for the last 11 years is 392 pounds.

Average 180 day weaning weight of three-breed cross calves is 460 pounds, says Kruse. Calves from the standard, first cross, (F1) mothers averaged 420 pounds at weaning time.

Reason for the increase in weaning weights, says Kruse, is the boost in hybrid vigor brought in by the bull of the third breed. Breeding first-cross mothers back to a bull of one of the parent breeds means the calves are approaching a pure breed again, thus losing much of the hybrid vigor.

Mayor Attends WTCC Meeting

Royce Lee, W.T.C.C. director from Bronte attended an Action Forum for Directors of District IX of the West Texas Chamber of Commerce Wednesday, July 13 at 10 a.m. in the Board Room of the First National Bank in Eldorado.

Lee was one of 17 business and community leaders who evaluated plans for the development of the Growth Potentials of West Texas. These plans were developed by experts in many fields during a recent series of nine brainstorming sessions which covered agriculture, ranching, water resources, tourist and industrial development, education, petroleum & chemicals and public affairs.

W. R. Cusenbary of Sonora, district vice-president, presided. John Ben Sheppard, West Texas Chamber of Commerce president of Odessa outlined West Texas growth potentials.

A discussion of methods to attain these goals through local community action and the West Texas Chamber of Commerce was led by R. W. Hardy of Abilene, vice president of the organization.

FB Queen Contest Will Be August 2

Coke County Farm Bureau is making plans for its annual Queen and Talent Contest, it was announced this week by local officers.

The contests will be held Aug. 2 in Robert Lee School auditorium. In addition to the queen and talent divisions, this year's contest will feature a "Discussion Meet."

There will be three age divisions in the Queen contest, made up of girls 9-12, 13-15 and 16-22. Eligible girls must be single and a member of a Farm Bureau family.

The Talent Find contest will feature talent of all ages, but only a person from 17-22 will be eligible to compete in district and state contests.

The Discussion Meet consists of a discussion on an assigned topic, and may be entered by persons 17-25, either married or single.

Those interested in the Queen Contest should contact Mrs. Garland Davis, chairman, or Mrs. C. E. Arrott, secretary.

Use Boiling Water Bath for Pickles

Pickles made now from garden-fresh produce promise taste treats when cold weather comes this winter.

Pick the top quality vegetable and fruits for pickles and relishes. Preserve the taste, color and texture or freshness with the best possible pickling method.

Heat process all pickle products with the boiling water bath.

Pickles require heat treatment to destroy organisms that cause spoilage. Another reason is to halt the action of enzymes that may affect the flavor, texture and color. This adequate heating is best achieved by processing the filled jars of pickles in a boiling water bath.

There is always danger of spoilage organisms entering the food when it is transferred from kettle to jar. This is true even when you are extremely careful, and it is the reason open-kettle canning is not recommended.

You are invited to request a free copy of the USDA bulletin "Making Pickles and Relishes at Home," Home and Gardens Bulletin No. 92 from my office. You may call, write, or drop by the office for your copy.

Scope of RL Dam Told By Engineer

Although final plans will not be complete for another month and a half, some idea of the scope of the Colorado River Municipal Water District lake project at Robert Lee may be had from the progress report of S. W. Freese, Fort Worth, consulting engineer, to the district's directors.

Actual construction costs will run to \$24,939,000, according to Freese, to which will be added another \$3,056,900 for contingencies. Approximately \$5,000,000 more will be required in interest during construction, financing and other costs. While this adds up to something over 32 million dollars, the district will be realizing some \$3,000,000 in interest during construction.

Freese broke down his construction estimates this way: site clearance (oilwell mounds, highway and utility line relocation and damages) \$3,549,100, construction of dam \$8,201,700, pipelines \$10,967,100, pump stations \$2,021,600, diversion works and water rights \$200,000.

The dam will be 22,000 feet long, will rise to a maximum height of 111 feet above the channel (with a clay cut-off core 45 feet below), will contain 10,500,000 cubic yards of wetted and rolled earth. It also will be protected by 74,000 cubic yards gravel blanket and 196,000 yards of rock riprap. Maximum depth of water will be 81 feet and average depth 32.7 feet. Surface area of the lake will be 14,950 acres.

Content of the lake when full will be 488,760 acre feet (159.3 billion gallons). This, with the 204,000 acre-foot Lake J. B. Thomas, is calculated to supply 78.73 billion gallons anticipated demand by 1990. Before then, the district will be looking for other sources to meet anticipated needs of 99.65 billion gallons by the year 2000.

Sometime in 1968, contract is due to be let for construction of 45-inch diameter pipeline from the new lake to either Powell or Moss Creek Lake southeast of Big Spring, and on to a junction south of Big Spring. From that point, a 39-inch line would be run to the Martin County well field, with a 30-inch line as far as the Bush station north of Midland to parallel existing 27-inch and 33-inch pipelines.

The demands estimated are based on population projections. Freese said that whereas the member cities, plus Midland which now has a 60-year contract with the district for water, now have a combined population of 201,120, this figure is expected to edge to 210,000 by 1970, to 267,300 in 1980, to 340,000 in 1990 and 433,000 in the year 2000. He computed growth at 2.12 per cent per annum, whereas from 1940-65 it figured 6.44 per cent per year.

He figured that sale of water to oil companies for repressuring would peak at 4,237,000,000 gallons in 1970 and diminish to 3,315,000,000 in 1990. The district should be able

Nancy Wilson Honored At Shower; Friends Are Invited to Wedding

Miss Nancy Wilson of Oklahoma City was honored at a seated bridal shower last Friday afternoon in the Fellowship Hall of First Methodist Church.

The serving table was laid with a white lace cloth over blue and a shaded arrangement of artificial blue flowers were the centerpiece. Cake squares, pineapple sherbet punch, pecans and mints were served by Miss Ida Lee Parker and Mrs. Jim Morrow.

Mrs. LaRue Broussard gave selected readings. Miss Janet Lee played background music at the piano during the refreshment hour. Miss Bennie Carol Oglesby was at the guest register.

Hostesses were Mmes. Broussard, A. E. Bell, Jr., Clint Low, Jr., Louis Galloway, E. G. Collins, Douglas Ditmore, Marvin Bryant, Ben Oglesby and Mrs. Charlie Phillips of San Angelo.

Miss Wilson is the bride-elect of Dean Maas of Wingate. Her friends are invited to the wedding which will be Saturday, July 16, at 8 p.m. in First Methodist Church.

MRS. MOORE HOSTESS FOR BRONTE HD CLUB

Bronte H.D. club met Wednesday, July 6, with Mrs. Zell Moore. Mrs. J. C. Boatright, president, presided. The hostess read "Bits of Wisdom" for the opening exercise.

Roll call was answered with "the time I was scared the most."

Mrs. Fay C. Roe, home demonstration agent, gave the program on buying foundation garments. The floating prize was brought by Mrs. C. E. Arrott and drawn by Mrs. J. F. Hughes.

Refreshments were served to Mmes. Roe, Boatright, Arrott, Hughes, Truman Parker, Homer Phillips and Charles Ragsdale.

The next meeting will be July 20 at the Arrott cabin for purse making. There will be a covered dish luncheon.

The C. E. Brutons attended the semi-annual White Auto Fall Market Sunday and Monday. The meeting was held in the Statler Hilton Hotel in Dallas. Mr. and Mrs. Bruton returned Monday night.

The Rev. A. S. Masterson, Steve Badley and Miss Linda Henry are in Kerrville this week where they are serving as counsellors at the 7th and 8th grade assembly at Mount Wesley, Methodist encampment.

to finance the project on a sound basis, he figured. This year gross revenues of \$2,670,100 are expected to yield \$1,882,600 for debt service. By 1970 these figures will be \$4,246,800 and \$3,149,100; by 1990 they will be \$5,905,700 and \$3,935,500; by 2000 the revenues should gross \$7,185,000, leaving \$5,155,600 for debt service and indentured funds.

BLACKWELL MAN'S GRANDSON WRITES HIM FROM VIETNAM

O. B. Freeman of Blackwell recently had a letter from his grandson, William W. Ogan, in Vietnam. In the letter, he told his grandfather of having been awarded the Bronze Star for working with the Vietnamese on a special mission.

Ogan's chief complaint, according to the letter, is the rain which falls almost every day. He said the extremely heavy rainfall makes it difficult to keep anything dry.

His letter was ended up on the note that he would be glad to get back to the USA.

Mrs. Joe Weddle and sons, Jay, John and Jim of Odessa visited last Thursday with her parents, Mr. and Mrs. Perry Vest.
