COVERED WITH OIL — The one tank shown here was full of oil and running over after the Karl Hohlitzelle No. 1-B D. K. Glenn came in last Friday. Clyde and Royce Lee, local employees

of Hohlitzelle, and some oil field service personnel look over the situation at the right of the tank. The hole from which the pay came is at the extreme left of the picture.

which was brought in last weekend. The above photo was made Saturday morning during the rain and is a little bit fuzzy.

Prolific Production Indicated In I-B Glenn

What appears to be a prolific producer is being completed this week 1½ miles east of Bronte. The new well, a re-entry operation, is the Karl Hohlitzelle of Dallas No. 1-B D. K. Glenn.

Longhorn Club Meeting Called

Bronte Longhorn Club will have a meeting at 8 p.m. Thursday in Bronte County Park. All members and prospective members, and especially parents of football players, are urged to attend.

Royce Lee, president of the club, said a couple of films of last year's games will be shown and business concerning the coming football season will be discussed. New officers will be elected.

Lee urged everyone who is interested in the Longhorn football team to "bring your check book and come." He added, "we might even have some refreshments!"

BAND REHEARSALS

Russell Fuller, Bronte School band director, started his 1966-67 Longhorn band members to work Wednesday afternoon, and two more sessions are planned for Thursday and Friday, at 2 p.m.

Mr. and Mrs. Cecil Kemp and Mr. and Mrs. Royce Fancher left Saturday for a few days vacation in New Mexico and Colorado.

The official potential was begun Wednesday afternoon, and Royce Lee reported that the well flowed 9½ barrels during the first hour of testing.

Originally drilled by J. D. Wraether Jr. of Dallas as the No. 1 I. M. Cumbie, the test was abandoned Sept. 8, 1955, after drilling to 5,660 feet.

Current production is coming from the Palo Pinto formation, some 1,000 feet above the total depth of the hole.

Location of the producer is 3,000 feet west of the southeast corner of 427-1A-H&TC, thence 467 feet south to location in W. A. Kemp No. 2. Elevation of the site is 1,856 feet.

The well is in the vicinity of the one-well Bronte Northeast Field. The field was opened with the completion of Hohlitzelle No. 1 Noah Pruitt, also a re-entry operation. It was completed March 23 on pump for 46.15 barrels of 45 gravity oil, plus 40 per cent water. Perforations were made at 4,412-17 feet.

1 Inch Falls Here

Most rain gauges totaled right at one inch for the moisture which fell here last weekend. The rain started Saturday morning and fell intermittently through the day, and the final shower came after noon on Sunday.

Farmers and ranchmen said the rain would do a lot of good for both field crops and pastures.

1966 Football Schedule Announced for 'Horns

Fans will have an opportunity to see the Bronte Longhorns in a scrimmage the next two Friday nights, Aug. 26 and Sept. 2, and then on Sept. 9, the local team will square off against Bangs in the season opener.

Coaches Cecil Toliver and James Raughton got their first glimpse of the 1966 squad Monday morning when 25 boys came out for the opening practice session. They said a few more prospective players are expected before the season starts, and they hope to have a squad of about 30.

Toliver said the boys looked good in the opening session, and he is

optimistic about having a first class team this year.

BOARD OKAYS 66-67 BUDGET

Bronte School's board of trustees delved into finances of the school when it met last Thursday night and amended the 1965-66 budget and approved the 1966-67 budget.

Amendment of the budget for the school year which ends Aug. 31, was necessary because of the expenditure of \$8,551 more than was called for during the current school year. The biggest part of this amount was used as follows: \$2,000 payment on a new school bus, \$3,000 for five year insurance premium on old gymnasium building, and \$1,000 for band instruments, and the balance was included in the \$8774 for ESEA Title I, preschool program this summer.

The original 1965-66 budget, as approved last summer called for expenses of \$534,412, while the amount actually spent is \$542,963. The figure is unusually large this year because of the construction project now underway.

The 1965-66 budget called for \$180,654 in available money for operation of the school during the past school term. This amount totaled \$298,447, however, making the school's income some \$27,000 more

Santa Fe Plans To Close Depot; To Have Hearing

The Santa Fe Railway Co. plans to close its depot at Bronte. Announcement of the plans was made Wednesday morning by local station agent, J. F. Haynes.

Haynes said a hearing will be held before closing of the depot can be effected. He said he has been busy most of this month working up papers which will be used to substantiate the company's claim that the Bronte depot is no longer needed. The company discontinued passenger service several years ago and the local station handles only freight shipments.

Haynes said date for the hearing will be announced as soon as it is determined.

Music For Labor Day

A musical program will be featured at Bronte's 1966 Labor Day barbecue, it was announced by Austin Masterson, chairman of the program committee. The other three ministers in Bronte, Cecil Cox, Harry Morris and Wayne N. Stout, make up the committee. The affair will be held at the local county park.

Masterson said the group has decided that, other than the invocation and a short welcome by Mayor Royce Lee, the program will consist of musical talent from local and out of town entertainers.

"We felt the crowd would enjoy this sort of program more than speeches," Masterson said.

Bronte Jaycees, the two Lions Clubs and Volunteer Firemen will assist in carrying out the job of feeding the big crowd which is expected and other duties connected with the celebration.

The Labor Day Barbecue is sponsored, for the most part, by Bronte merchants. More and more individuals and organizations are seeing the value of having the big community-wide get together each year, however, and are contributing toward the cost of the food served.

The annual celebration has grown from a rather small beginning several years ago to the point where about 1,000 persons are expected for this year's feed and program.

Work Order Here On Kickapoo Dam

A work order authorizing preliminary work on the proposed dam between Bronte and the Colorado River has been received and the study of the site can proceed as soon as all easements are secured.

D. K. Glenn, president of the Kickapoo Water Control and Improvement District, said Wednesday that completion of easement arrangements will make it possible to begin core drilling and other work necessary to determine if the proposed site is a suitable place for location of a dam and lake. The dam would be located on property of Mrs. Annie Wilkins.

A federal grant of \$10,780 for use in the study has been approved by the Department of Housing and Urban Renewal.

The engineering work will be under the direction of Jake Oliver of Austin, and Trinity Testing Laboratories of Austin will be in charge of doing the actual work, including core drilling, soil analysis, etc.

The project is being considered primarily as a source of municipal water supply for Bronte, with secondary consideration being given for its use for recreation purposes. The city and the WCID are both interested in the matter.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 12, reading as follows:

"Section 12. The Legislature may by law provide for the creation, establishment, maintenance and operation of

Airport Authorities composed of one or more counties, with power to issue general obligation bonds, revenue bonds, either or both of them, for the purchase, acquisition by the exercise of the power of eminent domain or otherwise, construction, reconstruction, repair or renovation of any airport or airports, landing fields and runways, airport buildings, hangars, facilities, equipment, fixtures, and any and all property, real or personal, necessary to operate, equip and maintain an airport; shall provide for the option by the governing body of the city or cities whose airport facilities are served by certificated airlines and whose facility or some interest therein, is proposed to be or has been acquired by the Authority, to either appoint or elect a Board of Directors of said Authority; if the Directors are appointed such appointment shall be made by the County Commissioners Court after consultation with and consent of the governing body or bodies of such city or cities, and if the Board of Directors is elected they shall be elected by the qualified taxpayers of the county which chooses to elect the Directors to represent that county, such Directors shall serve without compensation for a term fixed by the Legislature not to exceed six (6) years, and shall be selected on the basis of the proportionate population of each county based upon the last preceding Federal Census, and shall be a resident or residents of such county; provide that no county shall have less than one (1) member on the Board of Directors; provide for the holding of an election in each county proposing the creation of an Authority to be called by the Commissioners Court or Commissioners Courts, as the case may be, upon petition of five per cent (5%) of the qualified taxpayers within the county or counties, said elections to be held on the same day if more than one county is included, provided that no more than one (1) such election may be called in a county until after the expiration of one (1) year; in the event such an election has failed, and thereafter only upon a petition of ten per cent (10%) of the qualified taxpayers being presented to the Commissioners Court or Commissioners Courts of the county or counties in which such an election has failed, and in the event that two or more counties vote on the proposition of the creation of an Authority therein, the proposition shall not be deemed to carry unless the majority of the qualified taxpayers in each county voting

LETTERS TO THE EDITOR

Dear Editor:

My late father, Dr. J. H. Herndon, practiced medicine in the Miles area for 40 years. His territory included parts of Runnels, Tom Green, Concho and Coke Counties. He was a well-loved person with a marvelous sense of humor, and was definitely an unforgettable character. Wherever I go, I see people who tell me extremely interesting anecdotes about my father.

There has been no "monument" erected in memory of my dad, so I intend writing a book about him. I can assure you that it will be interesting to read. Also it will contain the names of the 5,000 babies he delivered during those long years of medical practice. I will appreciate it very much if you will print

this letter in the next issue of your paper, with a plea for people to write down their favorite anecdotes and interesting tales concerning my father, and mail them to me. Or, if they had rather tell them to me in person, they may write or call me, and I shall gladly go to them for the information.

Thank you very much, and thanks a million to all the people who knew and loved my father for I'm sure I shall be hearing from all of them promptly.

Sincerely yours,
Gertrude Herndon Grosshans

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2, Article VI, Constitution of the State of Texas, be amended by deleting the following language:

"Any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces."

The text of this Section is shown below, with a broken line through the sentence which is to be deleted:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like man-

Sec. 2. The only purpose of the amendment proposed in this Resolution is to make the aforesaid deletion. The adoption of this amendment shall not be deemed to have the effect of readopting the remainder of the Section, and if any other amendment to this Section, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this amendment shall not be construed as nullifying the change made by such other amendment.

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handi-

capped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

"This subsection does not prohibit state agencies au-

thorized to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law."

In other action at the meeting the board:

*Officially approved the employment of William Elton Green as high school English teacher. Supt. C. B. Barbee said that Green is in town this week and is in the process of moving into the rent house belonging to Mr. and Mrs. Linton Crow.

*Discussed the band bleachers at the football field and are now working on a solution for getting them replaced by school starting time.

*Read a letter from Sen. John Tower relating to relation of the minimum wage law to school employees.

*Approved the cost of installation of water and gas lines to dressing rooms and band hall in the old gym

building, now being remodeled. *Agreed to participate in the Title I section of the Elementary and Secondary Education Act of 1965. *Agreed to reactivate the employment of Marvin Corley as a school building custodian.

*Agreed not to have a board-school employee barbecue this year because of the building program in progress.

Superintendent Barbee said attendance auditors checked the school's records last week and made an adjustment of only one-tenth of one per cent in average daily attendance. Barbee said this extremely low figure indicates that teachers and principals did an excellent job last year in keeping up with attendance of pupils.
