Seniors Graduate Tuesday

THREE AT A TIME—Three Bronte Boy Scouts are shown here as they took the pledge which makes them Eagle Scouts. From left, Randy Barbee, Garland Richards and Tipton Masterson, are the Bronte troop's newest Eagles. The highest award in scouting was presented to them at an Eagle Court of Honor held last Thursday at noon in the sanctuary of First Methodist Church. The Eagles are the sons of Mr. and Mrs. C. B. Barbee, Mr. and Mrs. Conda Richards and the Rev.

and Mrs. A. S. Masterson. Other awards presented included: second class to Davy Crockett, Mark Murtishaw, Leroy Zuniga and Willie Zuniga; first class to Jonathon Masterson and Gene Glenn; Star to Steve Clark.

AD-LIB-BEN

Boy we pulled a good one last week when we got a correction line in this column in a paragraph about B. D. Franklin instead of Gene Walker. Sorry about that.

Mr. and Mrs. Gilbert Basquez must be awfully proud parents this week. Daughter Mary Lou is salutatorian of the 1967 senior class and son Joe is valedictorian of the eighth grade class.

Seldom does a double honor like this come to one family. Not only do the Basquez children make good grades, they are at the forefront in other school activities. Mary Lou is treasurer of her class this year. Joe was president of his class this year, and was a stellar player on the junior high football team.

The entire family is an asset to the community. They are active in St. James Catholic Church and Gilbert is a member of the Bronte Housing Authority.

While in this congratulating mood, we want to extend our best to every member of both the senior class and the eighth grade class. Both classes are filled with fine young people who deserve our applause.

An interesting sidelight on the Class of '67 was shared with us this week by Mrs. LaRue Broussard. It took that class exactly four years to get out of high school, their eighth grade graduation date being May 30, 1963.

The Bickering family wasn't getting along too well. It was 3 a.m. when he tiptoed in the front door. His wife, opening the bedroom door, remarked, "So home is the best place after all."

"Not so sure about that," said George, "but it's the only place I could find open."

It's about all over except the ceremonies for the fourteen members of the 1967 senior class of Bronte High School. Baccalaureate and commencement exercises are scheduled for Sunday and Tuesday, with final exams, and other winding up activities continuing through the remainder of this week.

E. H. Danner of San Angelo, president of the General Telephone Company, will be the commencement speaker next Tuesday night, May 30. He will be introduced by Supt. C. B. Barbee. The commencement will begin at 8 p.m. in the school auditorium.

Bill Green will play the processional and recessional; Cecil

Cox, Church of Christ minister, will give the invocation. Honor students, Gary Stroebel and Mary Lou Basquez, will give the valedictory and salutatory addresses. Edward Broussard will play a trumpet solo.

High School principal James L. Golson will present awards to the graduating students and diplomas will be presented by Barbee and school trustee president, C. O. Richards. The Rev. Wayne N. Stout, pastor of Central Baptist Church, will give the benediction.

Baccalaureate Service

The Rev. Harry Morris, pastor of First Baptist Church, will be the baccalaureate speaker in a service for the senior class Sunday night, May 28, at 8 p.m., also in the school auditorium.

The Rev. Austin Masterson, pastor of First Methodist Church, will give the invocation. Bill Green will play for the processional and recessional; Noah Pruitt Jr. will lead a congregational song; Janet Lee, accompanied by Green, will sing a solo.

Mrs. Frances Glenn Eubanks will read the scripture and Cecil Cox will give the benediction. Mr. Morris will be introduced by Principal Golson.

Members of this year's graduating class are Gary Don Allen, Mary Lou Basquez, Edward Broussard, Wayne Carlton, Donald Cooper, Sid Eubanks, Frances Glenn Eubanks, Charles McGuire, Martha Mills, Brenda Scott, Lillian Strickland, Gary Stroebel, Gayl Wells and Jack White.

Ushers for both programs are Linda Cumbie, Lisa Morrow, Davis Corley and Merritt Scott.

Senior Trip

Following their graduation on Tuesday night, the seniors will leave Wednesday morning for a week's trip to Colorado Springs, Colo., and other points in that area. They will return to Bronte Tuesday afternoon, June 6.

Broussard Wins Sousa Award

Edward Broussard was named winner of the annual John Philip Sousa award at last week's band concert. The award is given each year to the outstanding senior band student.

Broussard is the son of Mrs. LaRue Broussard and has been a member of the Bronte Longhorn band the past six years. Earlier this year he was elected "Band Beau" by fellow band members. He has been offered a band scholarship and plans to attend Cisco Junior College.

Other band awards announced by the band director, Russell Fuller, during the concert include:

Outstanding members of the senior band: Broussard, Kathy Brown and Phyllis Morris; outstanding members of the junior band: Diane Arrott, Valerie Hubbard and Norma Thompson; outstanding member of the tonette band: Kit Carlton.

Students selected to serve during the 1968-69 school term with the band are: Dorothy Ruth Martin, drum major and band captain; Lana Low, head twirler; Norma Pruitt and Sallie Richards, twirlers; Bob Wells, first lieutenant and Paula Landers, second lieutenant.

Mayor Optimistic After Hearing On Closing Of Santa Fe Depot

"I am optimistic about our chances of retaining the depot here," was the reaction of Mayor Royce Lee after completion of a Railroad Commission hearing to consider Santa Fe's request that the Bronte depot be closed. Information and testimony was gathered when the hearing was held Wednesday in Bronte city hall. The session took up most of the day.

Included among the visitors who were here for the hearing were Mr. Shofner, who was filling in for chief examiner Mr. Boulden, who was also present; Mrs. Davis of San Antonio, who served as recorder; Mr. Gibson, Mr. Mills and Mr. Spears, all representing Santa Fe; and Mr. Voss, a union representative. (The Enterprise was unable to get the persons' first names).

Persons giving testimony on Bronte's side of the question were Clyde Lee, D. K. Glenn, E. F. Glenn, Matthew Caperton, Royce Fancher, Marvin Bryant, C. B. Barbee and Mayor Lee. A number of other business men were in and out during the hearing, but had to return to their business.

TUESDAY IS A HOLIDAY

Most Bronte business firms will close Tuesday, May 30, in observance of Memorial Day. The holiday is one set aside by business men for observance each year.

Service stations and restaurants have indicated they will remain open to take care of travelers as well as local customers.

Included in the closing will be the city hall, post office and First National Bank.

The Enterprise will be printed at its regular time on Wednesday, but in view of the Tuesday closing, advertisers and news contributors are requested to get their copy in Monday.

Mrs. Bryan Yarbrough, chairman of the Coke County Historical Survey Committee, made a special Memorial Day request of all county residents. She said "why not clean your cemetery lots and one for someone whose people have been gone a long time, before Memorial Day, May 30?"

BLOOD NEEDED

Blood donors are needed to replace blood being used in Houston for Calvin Pope, husband of Mrs. Dean (Beaver) Pope. Pope is critically ill in a Houston hospital and donors are needed to replace the blood which he has used.

Anyone who wishes to donate blood may find out details by contacting Mrs. Pope, her mother, Mrs. Pat Beaver, or the Rev. Wayne N. Stout, pastor of Central Baptist Church.

The blood may be given at the West Texas Blood Bank, located in Shannon Hospital in San Angelo.

- A Matter Of Historical Significance -

Now the history of the Class of Seven - and Sixty, of the High School of the City of Bronte, County of Coke, State of Texas, is in this wise:

IN the beginning, in the five - and - fiftieth year of our Lord, in the 9th month, there entered into this land of Learning, forty seekers of knowledge.

And it came to pass, as they did enter this land, that they were received with wild welcomes and rejoicings by those whom it was decreed should henceforth lead them up the slippery by - ways of knowledge.

Mrs. Nell Flores was the first. And as they dwelt long in the land, they fell in with the customs of the inhabitants thereof, and their strangeness wore away, and they each became as one among the rest. And the number of the forty was this: Roy Baker, James Belcher, Larry Burkett, Wayne Carlton, Dale Early, Sid Eubanks, Bernardo Fuentez, Irving Garcia, Roberta Gutierrez, Harry Hoot, em, William Lenorr, Charles McGuire, Andy Merrill, Raul Montez, Bentura Saldana, James Smith, Benjamin Jones, Audon Pena, Marcus Sanchez, Joe Flores, Maria Louisa Basquez, Barbara Bridges, Cindy Bryan, Louisa Garcia, Frances Glenn, Margarita Gutierrez, Beth Hageman, Kay Mayben, Ann Holder, Manuela Minjarez, Martha Mills, Lillian Strickland, Kathaleen Riely, Elvira Pena, Dora Lopez, Margarita Sanchez, Helen Sanchez, Adelfa Martinez, Wanda Hill, Jackie Garrett.

Now, the class was so prospered that one of the number, being Andy Merrill, was so gifted of the gods as to possess an enormous mental capacity. Wherefore, during nap breaks he wouldst read to the number — and the second grade — out of encyclopedias.

And it came to pass, in the same year, that the class did move into the new elementary building and were much excited over its beauty.

Now it came to pass at the beginning of the second year that we were greeted by our worthy tutor Miss Vera. But being a class of considerable education now, we were forced to seek new boundaries and commenced to roam about the room. Wherefore, Miss Vera was forced to restrain some by tying them into their chairs with string. But lo, a few wise ones foresaw the use of paper scissors to break their bonds.

Now it came to pass at the beginning of the third year that we were met by Mrs. Lori Phillips who also hoped to expand our minds. And she was a pillar of strenght to us; we learned to follow her example of oral hygiene after every meal. The same year two adventures, being Charles McGuire and Mike Terry, tore down the cement wall surrounding the play ground in the pursuit of gold. But lo, it was futile — a fourth grader had started the rumor of the false gold bonanza.

Now it came to pass at the beginning of the fourth year, that Nannie Marie Pearson did greet our number. But it was a year of sorrow. Our chocolate milk breaks were no longer a daily ritual therefore many of the number cried.

Now it came to pass at the beginning of the fifth year, that the year of sorrow was past and a new activity began. Houses and forts, strong enough to withstand an army, began to appear along the creek bank. Families were united — girls against boys — and war filled the playgrounds and classroom. But that year one came to unite the number, being Gary Stroebel, and peace did prevail.

Now it came to pass at the beginning of the sixth year, that

Mrs. J. T. Henry was blessed with the number. We were "kings of the playground" and ruled wisely. However, we were greatly distured by the fact that the fifth grade girls were acting as cheerleaders during football season, instead of as players as was the custom.

Now it came to pass at the beginning of the seventh year, that our knowledge of the finer arts came to pass. Through the capable tutorage of one John Hartsell, we gained experience in the fine art of Joga and learned techniques of motion pictures through Bobby Bingham's fine films. The number was expanded this year by the acquisition of Karon Mackey, Brenda Scott, Gary Cole, Edward Broussard and Jack White.

Now it came to pass at the beginning of the eighth year, that we were met by Mr. James "Liberace" Golson. This year we learned to ice skate on the creek — but not without falling through the thin ice several times each day during the cold of winter. We graduated 18 in number and were sorrowed to leave such a place of happiness, but we must push on to greater heights. Our grade school years were past.

And it came to pass in the beginning of our 9th year that we were greeted by Miss Judith Smith, a professor of much wisdom; and she spoke unto us saying: "Go, gather ye in a body, and organize yourselves into a class, that ye may gain strength,

and that your courage may wax hot." And as she spoke unto them, so was it done, and they chose their wisest ones to be their leaders, and called themselves, with much pride. The Class of Sixty - Seven.

Now it came to pass, soon after they entered the Land, that they were one and all seized with a strange infirmity, which did cause them to act with much fierceness and strangeness of manner, and to grapple and wrestle with their fellows in much rage and seeming ferocity. Wise men were called to look upon them, who did examine them with much care and pains, and did finally pronounce the infirmity in the male "football" and the female "basketball", and did assure the frightened leaders that the malady while it needs must be contagious, and likewise sometimes fatal, was yet a necessary evil, and one that even the wise men knew not the way to cure. So with many anxious fears, and dire forebodings, did the instructors allow the disease to run its natural course, and lo, none was killed, and few were seriously injured, whereat there was great rejoicing throughtout the land.

And it came to pass, after some months, that their eyes were turned toward graduation, but many, with one consent, began to make excuse.

The first said, "I must needs toil at home. Therefore I cannot graduate."

Another said, "I am poor in health. Therefore I cannot graduate."

A third said, "I am dull and cannot learn. I pray thee have me excused."

And still another said, "I am going to be married, and therefore I NEED not graduate."

So thus this class decreased in numbers until the whole number at the end of the 9th year was 19.

Now it came to pass at the beginning of the 10th year that a new band of youths did come up from the adjoining territory, and the class of '67, in the new dignity of their promotion, remembered the days of their own greenness and as Sophomores of their day had done unto them, even so did no mercy unto their sufferings, and no heed unto their lamentations, until all were bruised and full of sorrow.

A now discovery was also made known unto the number; That being the whereabouts of "frog-hair" — which our Biology professor Mr. Low did instruct us.

Now it came to pass at the beginning of the 11th year that it was decreed to build a new high school. With much rejoicing did the student body and faculty vacate the old, beloved high school and take refuge in the elementary building. This great movement also presented the setting for much merriment and pranks. Foremost, being the ringing of

a fire - bell in the old high school when all bells had been disconnected by several months. However, a mass vacation of study hall out to the front lawn occurred — complete with the closing of all windows and shutting of all doors. This beautiful stunt — which even Merlin the Magician would have had trouble pulling off — was arranged by three capable juniors, Charles McGuire, Sid Eubanks, and Gary Allen.

And it came to pass, at the end of 3 years that Judith Smith, the professor who had thus far traveled in our lead, did go from this country to far distant places, and there was much grief and sorrow in the land. For verily, she had made herself dearly beloved by the Class of '67.

Now it so happened that there dwelth in an adjoining territory, Bill Green, a man of much learning and good repute, who, hearing of the departure from the post of Judith Smith, removed from his field of labor, and dwelt for a time in the Land of Learning, that the travels of the Class of '67 might continue for many days.

And it came to pass that the Class of '67 found favor in the eyes of this wise and worthy stranger, and success looked fair before them, and they were much glad.

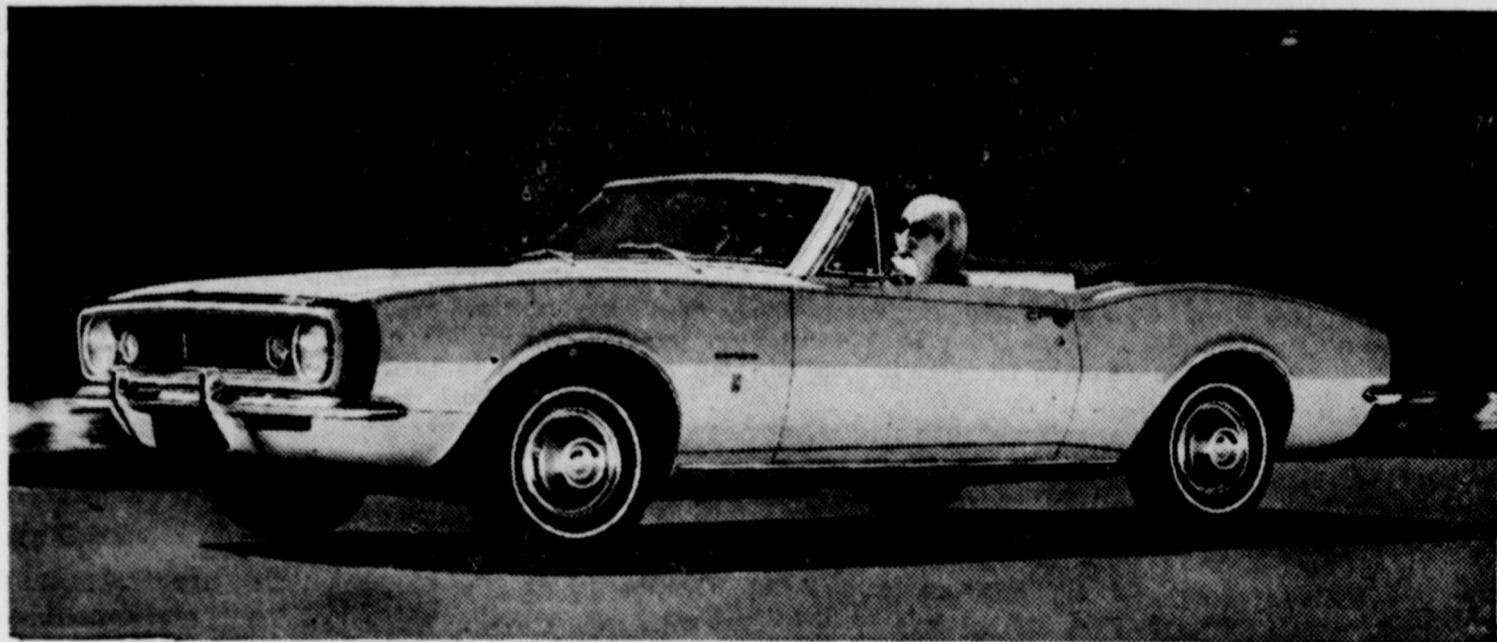

Now this, the 12th year in the history of this great and wonder-

Interesting Future Ahead For '67 Seniors

The prosperous city of Bronte lay garlanded and expectant beneath the June sunshine of the year 2000. Crowds of gaily dressed people were gathering in the stadium of the spacious high school grounds. This stadium by the way, was the pride not only of the school, but of the entire community, for it had been completed at the cost of thousands of dollars and was the scene of many important out-door gatherings. Today its seats were rapidly filling with hundreds who wanted to have a part in the reunion of the various classes.

"A fine class — the class of 1967," asserted gray-haired old Mr. Conda Richards. "As fine a class as the school ever sent out. I was president of the School Board when they graduated and we were certainly proud of them."

"Are most of the members here?" asked his companion. "I'm told they are expecting a large representation," answered Mr. Richards.

He spoke truly, for there were many large representatives. For instance, there was Frances Glenn, the famous lady wrestler explaining her lightning-fast choke hold to Gayl Wells. Gayl had just returned from the Olm-

pics, where she had coached her girls' volleyball team to a world championship.

Charles McGuire, the dashing stock car driver, was there, along with Sid Eubanks, the wealthy muffler designer for General Motors. Martha Mills, an a-go-go dancer at a discotheque on Sunset Strip in California was explaining a new dance to Mary Lou Basquez, the noted Karate expert. Donal Cooper, the history-making diplomat, was busy informing his class mates of the present world situation.

Sitting apart from the others were the intellectuals of the Class of '67. Gary Stroebel, the famed chemist who won this year's Nobel Prize for finding a cure for the dread disease Senioritis, which has infected graduating classes for years, was there. Wayne Carlton, the English professor from the University of Texas was conversing with Gary Allen, the well-known evangelist, who interrupted his campaign against alcohol, sex, and reckless driving to attend the gathering.

But, to the intense disappointment of all those in attendance, there were those individuals who were unable to be present because

of their demanding schedules: Jack White was in welding school, still trying to fill holes he had burned when he started; Brenda Scott was not able to attend because of her duties as a safe-cracker; Lillian Strickland was involved in her bookmaking business at the Kentucky Derby (we always said she'd never leave her horses); and even now Edward Broussard, the calm, cool, clear-thinking astronaut, is streaking toward an uninhabited planet, which he will claim (we hope) for the United States.

Congratulations to the Class of '67 on the brilliant success each of its members is about to achieve and on its famous future.

Mrs. Thelma Gentry has been transferred from Baptist Memorial Hospital in San Angelo to Merrills Nursing Home in Winters. She is reported improving.

There is a reward at the top of ...

THE CLIMB

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Even when you know the proper way to climb with skis and the way up becomes easier, it still exerts you. However, the way is made even less of an effort when you think of the rewarding ride down.

The reward of an eternal life with God is easier still because it is a gift.

"For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."

Attend church... learn more of this wonderful gift.

Lucky Heirs Willed Many Fine Gifts By '67 Seniors

Esteemed Company of Witnesses:

The Senior Class has felt for some time that its end was near; we have felt that school was beginning to disagree with us and that the members of the faculty had conspired to accomplish the death of the most astonishingly brilliant class the walls of Bronte High and the teachers thereof have ever frowned upon. The bitter doses of lessons we have taken with daily regularity, have hastened rather than prolonged our class graduation, and we know with sorrowful certainty that the hour of our departure is near at hand. Therefore, being so soon to pass from these scenes of educational activity; being in full possession of alert minds and memories that put the most extensive encyclopedia to shame. Having faculties keenly sharpened by many contests with flinty instructors, we would publish to you upon this funereal occasion, the last will and testament of the Senior Class of 1967.

We do hereby appoint and charge Mary Lou, the lawful custodian of the class funds, to faithfully attend to looking up the numerous bill we owe and to settle all accounts of the departing class from the exhausted pennies of an already depleted treasury. No money are we taking with us from this expensive institution of education, neither shall we leave any debts behind us.

To the members of our beloved faculty, who look upon our demise with smiles of joy, we bequeath the satisfaction which comes from duties well performed, and a peaceful rest from the weary task of making our graduation come true. We also leave them a large amount of sympathy for their depressing attempts to pound knowledge into our brains. In addition we bequeath them our regrets that their work with us was so barren of results — we leave them, but we don't leave them much.

To the Junior Class, as our rightful and worthy successors, we leave:

- a. Our seats. Occupy them, but do not try to fill them.
- b. Our senior dignity. May they uphold it with becoming seriousness, endeavoring to overcome their usual hair-brained ideas.
- c. Our tendency to make a little knowledge go a long way in the classroom; also our ability to throw faculty members off the trail when they imagined we were bluffing.
- d. Our abundant and reverberating class spirit and pep, with the right to terrorize the town and make nights hideous with soulful class songs and soulless class yells. Do your best to keep things stirred up, remembering that a little noise goes a long way.
- e. Our honored positions as models for the school — models of wit, wisdom, charm of manner, excellence of behavior, physical development, and intellectual expansion. May heaven help you to stand up under this strain!

To the Junior Girls, the girls of the Senior Class will their tact, charm, and shy modest ways.

To the Junior Boys, the boys of the Senior Class will their ability to brag, stand out at the height of conceit, and know more than any other book.

To Curtis, Sid leaves his Midas mufflers and female harem.

To Bob Bell, Mary Lou leaves her Bexal Blood Building pills and her weight lifting equipment.

To David Gentry, Gary Allen leaves his driving ability and his ability to leave the girls alone.

To Lisa, Gayl, founder of the Bosom Buddy Club, leaves her ability to organize.

To Keith Morris, Gary Stroebel leaves his Summer Blond, to be used once a week.

To Su Lynn, Frances passes her trench mouth.

To Bruce, Jack leaves his attractions for the ladies, his hypnotic powers, and all of his deep dark lonely parking places. Along with these prize possessions he would like to leave a box of Tony Home Permanent.

To Sherrilyn, Martha leaves her ability to catch a man — remember they are cheaper by the dozen. Also her ability to fake passes for her friends by simply signing, "J L G by M M."

To Mason, Wayne leaves his ability to talk slowly and distinctly, and his natural charms and techniques for attracting girls.

To Robert, Gary Stroebel leaves his Fat - man steering wheel off his Model T.

To Doug McCutchen, Sid leaves an old wad of chewing gum, all Doug has to do is find which desk it is under.

To Brian, Charles deaves several inches of his waistline.

To Dorothy Ruth, Mary Lou bequeaths her dominate personality and talkative ways to the quietest, most timid girl in the Junior Class.

To Merritt, Donal bequeaths his ability to disagree completely with everything said in the class-

room.

To Kreta, Brenda, wills her book, "10 Easy Ways to Pass Your Driving Test."

To Don, Gary Don wills his ability to find a parking place.

To Doak, Lillian leaves her book, "Beginning Voice Lessons," and sheet music to "Your Cheating Heart."

To Jerry, Jack leaves all worn out erasers, compasses, chalk-dust and broken rules used in a futile attempt to master Algebra I.

To Linda, Lillian leaves her red hair and height and her ability to love 'em and leave 'em.

To Charles, Donal leaves his diploma in the liar's club.

To Victor, Edward leaves all crime books, joke books, and other literature which has long been a source of distraction from such grinding subjects as English IV.

To Anne, Frances leaves her ability to "Paddle her own canoe", Frances has selected some one to paddle hers for her.

To Johnny, Charles leaves his muscle bound physique, especially his legs.

To David Glenn, Gary Allen leaves his ability to get along with Freshman girls.

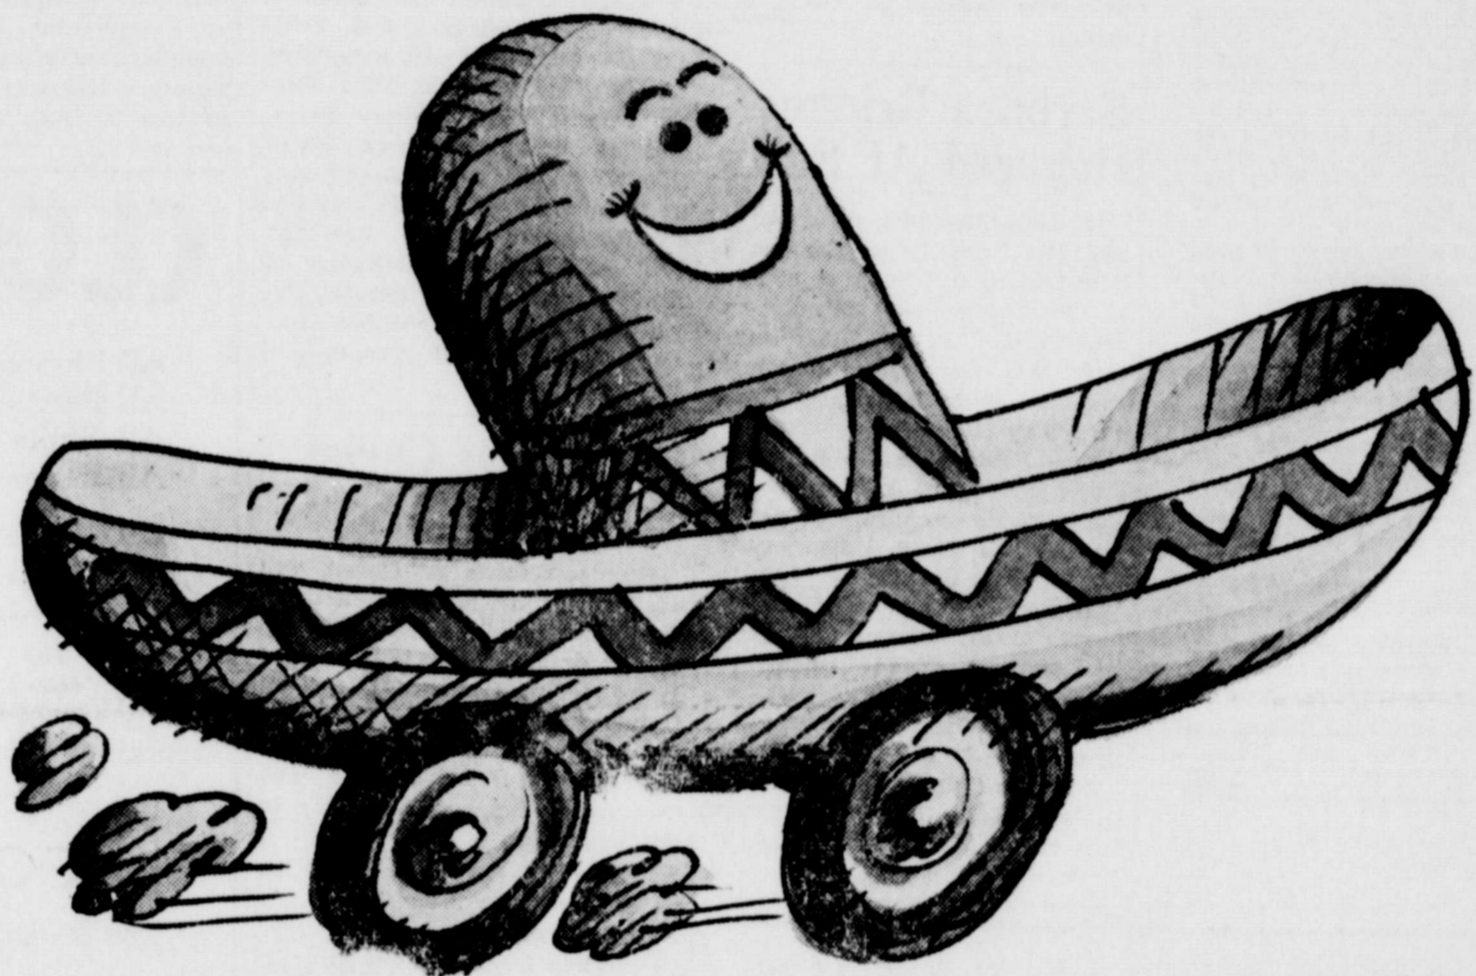

To Davis, Wayne wills his fantastic speed, hurdle running ability and above all his dribbling ability on the basketball court.

To Marvin, Edward leaves his long 15 triple A feet, and musical ability.

To Bob Wells, Brenda leaves her brown corduroy "advertising" pants, with reinforced seams, so he won't be sent home to change, again.

Farm Bureau Pushing Exports

Texas Agricultural Service Company, affiliated with Texas Farm Bureau, is helping establish European markets for Texas products. They report the shipment of 36,142 sacks of Rio Grande Valley onions, which arrived in Rotterdam May 4.

Quoting a teletype message received on delivery "all customers satisfied with merchandise, all want more onions and ask for new offer." As Farm Bureau makes these initial sales of various commodities, it is building relationships with buyers which will spread to other commodities.

Due to the explosive situation developing in the Middle East, many of the buyers in Europe seem to be interested in developing more direct sources of supplies from Texas.

Farm Bureau members are helping promote agriculture and imports and officials feel the market in Europe will increase with the quality of Texas products.

Congratulations

We Are Proud Of Your Achievements

Martha Ellen Mills

You're an outstanding group of young people and we are proud of the many accomplishments which have been credited to you while you were attending Bronte High School. You have brought home many honors to our school and town, a result of your excellence of performance in academic and athletic competition. Bronte High School, as schools go, is small; yet it has a curriculum to equip you to further your education or to go directly into the competitive world of business. These have been years when you accumulated knowledge, much of which you will never forget. Also, during this time, you have learned to live and cooperate with your fellows—to get along in the world. Whatever your next step, the past 12 years of your life have been good preparation.

Now - - The SKY
Is NOT The Limit

The cliché, "The sky's the limit," is no longer true. It's out-dated. The knowledge and technical know-how of the 20th century have carried man beyond this limit—and the gate is still open for young people of today to achieve things now unknown. The accomplishments of man and the increase in knowledge during the past 50 years are staggering to the mind when compared to all former years of civilization. But this is only a beginning, and the impossible and unthought of today will be the reality of tomorrow. You can help make it come true.

nesses before time to give testimony.

Mayor Lee said he was well pleased with the local turnout, and felt that the representatives of the Railroad Commission were impressed with what they heard from local witnesses.

Lee said one thing was accomplished for sure and that was the removal of the word "demolish" from the application, concerning the depot building. In its place the application was changed to read "make disposition of." The mayor added that it would probably be 45 to 60 days before a decision is made.

Mr. and Mrs. W. D. McDonald were in Dallas Monday where she underwent a medical checkup following spinal surgery which she had several months ago. She received a good report.

SENIOR HISTORY —

Continued from Page 2

ful Class of '67 has been one of much hard labor, and but little resting by the wayside; for preparations have been making ready for them to take their final departure from the Land.

Also added to their number were 2 travelers, Donal Cooper and Gayl Wells, so that the whole number at the end of this 12 years is 14, which are these: Gary Allen, Edward Broussard, Mary Lou Basquez, Wayne Carlton, Donal Cooper, Sid Eubanks, Frances Glenn, Charles McGuire, Martha Mills, Brenda Scott, Lillian Strickland, Gary Stroebel, Gayl Wells, and Jack White.

So it has come to pass that of the 40 entered this land in five - and - fifty, only 14 will depart, for verily, verily, I say unto you, that broad is the gate, and wide is the way that leadeth

to education and many there be that go in thereat; but straight is the gate and few there be that find it.

Twelve years hath the Class of '67 sojourned in the Land, and gathered in large portions of the fruits from the Tree of Knowledge. But it is written, "In the day when ye shall have eaten of all these fruits, ye shall surely be driven from the land!" Now, I say unto you, they must depart thence, to go each a separate way, to lands they know not of, to do, they know not what.

And now may the blessings that ever attend the noble and good and true, follow and abide with us, each and all, now and forever. Amen.

Mrs. Dovie Kirkland of Lubbock, Mrs. Vera Thomas and Mrs. Helen Kirkland spent the weekend in San Antonio with Mrs. Ollie G. Hogue.
