

Crowd Expected At Barbecue

TO NEW RESTING PLACE — The parsonage which has housed pastors of First Baptist Church and their families for many years was moved to a new site Monday. It was sold to Mrs. Minnie B. West and is now located on State Street in the north part of Bronte. Final action was expected Wednesday

night by the congregatoin of the church in making plans for a new parsonage, which is to be located on the site formerly occupied by the old one. It is expected that announcement can be made next week about the final decision on the new building.

Enrollment 13% Over Last Year

Enrollment in Bronte Schools on the first day of school this year showed an increase of more than 13 per cent, compared to the same day last year. A total of 308 pupils signed up for classes compared to 271 at the same time last year, an increase of 37 youngsters.

Supt. C. B. Barbee said Tuesday afternoon that he was well pleased with the increase, and that he is certain additional students will sign up in the next few days.

Enrollment in high school was 111, while at the start of the 1966

school term, 89 were enrolled. This is an increase of 22. Elementary school showed an increase of 15, increasing from 182 last year to 197 this year.

Figures released Tuesday showed the following count by grades:

First grade, 24; second, 21; third, 27; fourth, 34; fifth, 23; sixth, 19; seventh, 25; eighth, 24; ninth, 28; tenth, 35; eleventh, 20; twelfth, 28.

Supt. Barbee also pointed out that the first day enrollment shows a six percent increase over the average enrollment all during the 1966-67 school term.

The faculty this year remains the same as last year with three exceptions: Darrell Windhaus, former Spanish teacher, resigned and was replaced by Charles D. Taylor; Keith D. Noe, who will teach science, and Tommy Walter, who will teach social sciences and physical education, are additions to last year's staff of teachers.

AD-LIB-BEN

Monday is the big day! The day of Bronte's annual Labor Day Barbecue, when everybody is invited to come and eat, enjoy visiting and listen to a program, which promises to be good.

We have thought for many years that this traditional Labor Day celebration is the best thing that happens in the town all year long. It gives persons from every walk of life in the community a chance to meet and mingle with others.

We have school activities, club activities, church activities and others, but this is the only one that is of interest to just about everybody in town.

Let's keep it alive.

A dog poisoner is on the loose in town, according to James Ash, whose dog was poisoned the first of the week. We hate to see this sort of thing get started here in town. Of course it is against the law to throw poison on another person's property, but the primary deterrent to this sort of behavior should be the knowledge that a child might possibly pick up the object in which the poison has been placed. The usual huge crowd is expected when Bronte will have its annual Labor Day Barbecue celebration. The affair will be held in Bronte County Park. Following the big feed, a short program will be presented.

Bronte Jaycees are in charge of arrangements for feeding the crowd, and the town's four ministers are in charge of providing the program.

Martin Lee, Jaycee president, said serving will start at 6:30 p.m. and will continue until everybody has been fed. The program will follow. Lee said the Bronte Evening Lions Club will assist with serving.

Bronte merchants are the principal contributors to expenses of

Choir To Rehearse

A rehearsal session of the Community youth choir is set for Thursday at 7 p.m. at First Methodist Church. They will prepare numbers to sing for the Labor Day program at the park. All youth of the community are invited to be a part of the choir, which is directed by Tommy Walter and Garry Bivins.

Bronte Recreation Center Now Open; Everyone Invited

Bronte Recreation Center is now open and ready for business. The new firm opened Monday in the building formerly owned by the late Jack D. Ivey and now by Martin Lee. It is on North Highway 277.

Larry Reding of San Angelo is owner of the center. He said he will conduct a place where women, couples and teen age girls will feel welcome. No gambling or alcoholic beverages will be allowed, he said.

In addition to pool tables, Reding has pin ball machines, a juke box and soft drinks. His building is air conditioned.

Reding said later on, if there is enough interest, he will promote pool league play among the young people of the town.

He issued an invitation to everyone in the area to come by and get acquainted.

the Labor Day event. They sponsor it each year for all citizens as a token of appreciation for business during the past year. The barbecue has been held each Labor Day for about 10 years and

Commission Okays Santa Fe Request To Close Depot

A communication received this week from the Texas Railroad Commission states that the request by Santa Fe to close its depot in Bronte has been approved.

The approval is based on testimony taken May 24 at a commission hearing in the city hall here. The notice also indicates that the Railroad Commission is also approving Santa Fe's request for permission to dispose of its depot building here.

The notice said further that freight customers of the railroad may call either the agent at San Angelo or Maryneal to make arrangements for freight service.

A big delegations of Bronte citizens was led by Mayor Royce Lee in testifying at the May hearing in an effort to get the railroad's request disapproved.

CITY TO CLOSE FOR LABOR DAY

Most Bronte business firms will be closed Monday in observance of Labor Day. Some stations and cafes will remain open to take care of highway travelers, as well as local customers.

Lammers Grocery and Station and Spencers Grocery and Station will be open, the owners reported Wednesday morning. Both Sims Food and McDonald Food stores will be closed.

Dr. John R. Harris said his clinic would be closed, but Bronte Hospital will be open as usual.

Also to close are First National Bank, the U. S. post office and the city hall.

Holiday for School Students

Monday will also be a holiday for students in Bronte Schools. Classes will resume at the usual time Tuesday morning.

has become a tradition for the community.

Included on the menu are barbecue, beans, green salad, pickles, onions, bread, tea and coffee. Women of the community are requested to bring pies and cakes for dessert.

Lee said he believes that everything is in readiness for the barbecue. He said the Jaycees have been working hard making arrangements and they are hopeful that everyone in the area has a good time.

Merchants and others who had donated to the barbecue up to press time Wednesday were:

Program Shaping Up

The Rev. Austin Masterson announced that the Bronte Youth Choir will be one of the features on the program. This singing group has received invitations to sing in several surrounding communities and is becoming quite well known. Between 40 and 50 young people are usually included when the group performs.

The Rev. Wayne N. Stout will be master of ceremonies for the program. Charles Taylor, Bronte School Spanish teacher, who is well known for his pantomime routine, will also perform. Some fiddlers are also expected to be present.

Masterson said possibly other numbers will be included, but the committee has agreed that the program should not be too long.

Arrott To Head Longhorn Club

The Bronte Longhorn Club had an organizational meeting Tuesday night in the school science room. J. B. Arrott was elected president of the booster organization; Clark Glenn was named vice president, and Marvin Bryant was re-elected secretary-treasurer.

Officials of the group said they are in need of more members. A membership in the club is \$5.00 for the season. Money raised by memberships is used to pay extra expenses of the Bronte Longhorns. Main item for which this money is used is filming games.

The filming will begin this week when the cameras will start to buzz at the scrimmage with Merkel.

The Longhorn Club will meet again next Tuesday at 7:30 p.m.

Longhorns Look Great

The Bronte Longhorns will take on another Class A team Friday night when they travel to Merkel for a second pre-season scrimmage.

The boys looked good last Friday night when they took on Class A Santa Anna at Stephenson Field andran the Mountaineers all over the field.

The non-regulation contest saw the local lads cross the goal line five times to their opponents' once. The Mountaineers found the going tough when they tried to get through Bronte's big line, and the aggressive Longhorns were able several times to get through the Santa Anna first line defenders into the backfield before ball carriers could get out of the area.

The scrimmage with the Merkel lads will begin at 6 p.m., so fans will have to leave here not

later than 5 in order to be on hand for the first play.

The Longhorns roster for this year follows:

Keith McCutchen, qb; David Glenn, qb; Randy Barbee, tb-e; Manfred Thompson, fb; Charles Masterson, wb; Danny Cooper, qb; Joe Basquez, tb; Steve Williams, wb; Nicky Arrott, tb; Tony Barrett, fb; Wesley Ash, fb; Douglas McCutchen, tb; Mason Glenn, fb; Ronald Cooper, fb.

Also, Don Hageman, c; Jake Golson, c; Danny Parker, c; James Vaughn, g; Dana Sowell, g; Victor Brock, g; David Bell, g; Bob Bell, t; David Gentry, g; Keith Morris, t; Brian Richards, t; David Scott, t; Garland Richards, t; Otis Rolls, t; Jim Arrott, e; Willie Zuniga, e; Davis Corley, e; Merritt Scott, g.

Head Coach Cecil Toliver is

being assisted this year by new Coach Tommy Walter. Captains of the 1967 Longhorns are Doug McCutchen, David Glenn and Davis Corley. Managers are Jesse English and Gary Reilly. Statistician is Keith D. Noe.

Longhorn Band

The Longhorn Band will be under direction of Russell Lee Fuller. Drum major will be Dorothy Ruth Martin; twirlers will be Lana Low, Norma Pruitt and Sallie Richards; cheerleaders are Lisa Morrow, Kreta Kiker, Lynn Wells, Melodie Holcombe and Cynthia Robinson.

This entire crew will be in full operation on Sept. 8 when the Longhorns meet Bangs, their first 1967 opponent. First home game will be Sept. 15, when the Robert Lee Steers will invade Stephenson Field.

Labeled for PROTECTION

Some medicines may be taken internally; others are for external use only; therefore labels caution us as to their proper use. These precautions are for our own protection and good. All things in life are not so clearly marked as to their proper use. The Bible is our source and guide, our label. Thy word is a lamp unto my feet, and a light unto my path. Psalm 119, 105

ATTEND CHURCH, STUDY GOD'S WORD

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coke Golf Tournament Postponed Till October

The annual Coke County Golf Tournament which is held each year to benefit the March of Dimes has been called off Labor Day. Held in Bronte this year, the tournament was originally announced to be held Monday, but the fact that many golfers will be out of town caused the postponement.

Clyde Lee of Bronte, tournament director, said he would announce a date some time in October for the tourney which each year raises a sizeable sum for the MOD.

Last year the revolving trophy went to the victorious Robert Lee duffers.

INFORMATION NEEDED ON COLLEGE STUDENTS

The Bronte Enterprise would like to publish information about every Bronte student who is going to attend college this fall. The only way this can be accomplished is for everyone to call or write us about their college student. The Enterprise would like to know the college which they will attend, classification, major subject if known and any other information which might be pertinent. We don't want to miss one.

The Enterprise is also always interested in news concerning servicemen of this area, where they are stationed, etc.

By VERN SANFORD

AS IT LOOKS FROM HERE

By OMAR BURLESON
Congressman, 17 District, Texas

WASHINGTON, D. C. — Too often the Congress rushes in with "crash" programs in an attempt to solve problems after they have reached the crisis stage.

America has been undergoing changes more severe than occurred when it entered into the industrial age. The leap forward in scientific development and social evolution since the end of World War II have had staggering effect. With all the factors involved, one result, if not a cause itself, has been the influx of urban settlement. A brief 25 years ago Texas, for instance, was approximately 75 percent rural and small towns. Today, the reverse is true. The same is true generally all over the United States. It is obvious this accounts for some of the social, political and economic upheaval which has resulted.

People are not likely to be happy in the big cities standing on one another's shoulders. The problems of crime, traffic, wretched housing, health and education are not likely to be solved under such conditions. Billions of Federal dollars are being spent on sort of a scotch-tape, baling wire and twine string approach, but it is already proved the patch can not stand the strain.

Riding along a city street, looking at the teeming thousands living on their front steps, in the alleys and on sidewalks, one wonders why these people would not seek some wide open spaces, but it is what they know and the way they want to live.

There are others, however, who, for economic reasons, are being driven from the farms and rural areas to the larger centers of population, seeking opportunity to make a living.

Probably no incentive would be large enough to bring some of them back to the farms and the country, but there is a need for

jobs in many of our small towns and those from farms who need to supplement the family income. constructing quarters for housing business. It provides for a stepped up depreciation of two-thirds of the normal life of machinery, equipment and buildings. It proposed to allow 125 percent deduction for wages paid to newly hired low income workers for a period of three years. It also permits what is known as a carry-back for three years and a carry-over for ten years for all credits and deductions.

To guard against unfair treatment of communities in other parts of the Country, the incentives are applied to a new operation so as not to induce a business already in operation to leave one community to go to another. The idea also propose safeguards against coming into an area in competition with local business, but, rather, to engage in an enterprise not competitive and one which furnish jobs for people not employed. The proposal also carries a provision for training for new jobs.

These proposals are not viewed as simply benefiting a rural population. Rather, they should be viewed as a major effort to revitalize rural communities, with the residual benefit to our national economy. One of the most beneficial features of such effort is the fact that only people with roots in a community will have a pride and a dedication toward making that community what it should be. The rural people, in their independence, have been one of the greatest factors in making our Nation great. People's interest in their local institutions — their churches, their schools, their concern for the welfare of their neighbor, recreation and cultural improvement — is the foundation of good government and good living.

AUSTIN, Tex — Texas Department of Public Safety has issued a grim warning that 45 people will die in state traffic accidents during the Labor Day weekend.

DPS will make an all-out effort to curb wrecks and to stop reckless and illegal driving on the highways, says Col. Homer Garrison Jr., veteran director of the law enforcement agency.

Approximately 150 uniformed officers from other services will supplement the regular highway patrol force for the long holiday period — Friday, September 1 through Monday, September 4.

In addition, a coordinated effort involving several state agencies and private organizations will be directed toward holding down the fatality and injury list.

Texas Safety Association will conduct a public information program stressing the need for courtesy and caution on the road and urging drivers to remain alert. TSA Vice-President W. F. Leonard will coordinate efforts of 12,000 Junior Chamber of Commerce members operating 200 rest stops which will serve free coffee to tired drivers.

DPS plans to carry on its educational program via newspapers, radio and television and will distribute maps showing highway construction sites.

A fleet of 35 or 40 cars to assist stranded motorists over the state will be operated by Texas Council of Safety Supervisors and Texas Motor Transportation Association. Purpose of the "holiday road patrol" is to relieve highway patrolmen for enforcement work.

"There is always the possibility that the estimate of 45 deaths for this period can be proved to be too high, but only if all drivers put forth every effort toward avoiding traffic accidents," Col. Garrison said.

Meanwhile, DPS has announced radar sets will be placed in every patrol district over the state to aid in enforcing highway speed laws. Sets capable of accurate reading on vehicles at distances up to 1,500 feet will be carried in patrol cars.

Speeding figured in 41 per cent of last year's fatal accidents and 29 per cent of non-fatal accidents.

SMITH IS RUNNING — Lt. Gov. Preston Smith broke open the 1968 political season by telling reporters he will run for governor next year regardless of whether Gov. John Connally plans to try for a fourth term.

"I want to make it clear once and for all that I am running," Smith said. "I have absolutely no idea what Governor Connally will do, and it doesn't make one iota of difference."

However, the Lieutenant Governor insisted that he would not make a formal announcement of his candidacy, complete with definition of issues, until Connally returns around Labor Day from his African Safari.

House Speaker Ben Barnes has indicated he will run for lieutenant governor if Connally seeks a fourth term.

Former Atty. Gen. Waggoner Carr also expressed some interest in the lieutenant governor race. But he emphasized that he had not made a definite decision.

Another prospective candidate for lieutenant governor is State Sen. Murray Watson of Waco.

ELECTION LAW CHANGES TOLD — Secretary of State John Hill has provided Texas election officials details of all changes in state election laws enacted by the 60th Legislature.

Major changes include:
— Voters may mark ballots with "x" or check marks rather than scratching names of candidates they oppose.

— Counties may use electronic voting machines on approval of the secretary of state.

— Those who have not yet met state voting residence requirements may vote for president and vice-president.

— Those who have moved from county to county within six months before an election can vote for statewide officials.

— Some city election dates will be changed from the first Tuesday in April to the first Saturday in April.

— Election officials will get a pay raise from \$1 to \$1.25 an hour.

— Voters in bond elections will be required to sign affidavits they own property and to identify it.

— Write-in votes will be outlawed in primaries except for party offices, like county chairman.

— Only opposed candidates will have to file campaign expense statements.

— Voters again must register between October 1 and January 31. All voters must sign up (including citizens over 60 in cities of less than 10,000 population).

FREE TUITION EXPANDED Under a new law in effect this fall, free tuition and fees in state junior and senior colleges and universities will be available to 5,000 to 10,000 young Texans

from families with incomes of \$4,800 a year or less.

Students must have finished in the upper 25 per cent of their high school classes or score in the top 20 per cent on a standardized admission exam; must be under 25 years of age; and must have lived in the state at least 12 months before registration date. Only freshman students are eligible this year.

WARNING SOUNDED ON PAPER DRESSES

Public Health Service official has cautioned people who wear paper clothing that they risk burning themselves if they wear it near an open flame after it has been laundered, dry cleaned or worn in a soaking rain.

Anyone wearing this type of garment should discard it once it becomes soiled.

Manufacturers themselves acknowledge that many dresses and other garments lose whatever flame retardant finish they have after washing.

Did you know the death rate for motorcycle accidents, in relation to the number of motorcycles in this country, is twice as high as the comparable rate for automobiles and other motor vehicles.

Clothing designers call 1967 the year "anything goes" in women's fashions. The mood runs from mod to mad and back to conservative, and even the designers can't agree on hem lengths for fall. Some show short skirts; some show long.

But one thing everyone agrees on is the "total look" in attire. Each detail of the outfit is planned to produce a becoming total picture.

One should keep the "total look" in mind when planning a fall wardrobe. And, most important is careful selection of accessories.

Accessories prove costly if good for only one or two wearings. Good leather bags, gloves and shoes are a mark of a well-dressed person and are considered investments which outlast and look good longer than the cheaper ones.

Choose accessories simple in line and neat in workmanship. A few pieces of costume jewelry of real semi-precious stones cost no more than a lot of imitation items and are in better taste.

Designers recommend subdued accessories with bright-colored garments; simply designed hats, shoe and bag with print and plaids; a touch of color to relieve the monotone with all-black ensembles.

The width and height of a hat should balance with face and figure proportions. Horizontal and curving lines round and broaden face and figure; vertical lines lengthen and slenderize; and diagonal lines help diminish poor features, such as a square chin.

The smart shopper buys accessories suited for the places she goes. But the best rule of thumb is the old cliché — when in doubt, leave it out.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife De-

partment, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

LETTERS TO THE EDITOR

To all our friends,

I guess you could call this a letter of thanks to the friends of Allen, Pat, Cindy, Cathy and Connie Bryan. Without the "well, good luck and have a safe trip" saying, I doubt whether or not we could have made it up to Alaska and have had a good year. All we can say is "thank you" and remember you in our prayers.

We plan to return to Bronte next summer but as of now our plans are not definite. All we can do is hope and pray we will return.

We deeply appreciate the letters we receive off and on and also the Bronte Enterprise. The paper keeps us informed of what is happening. As long as we keep receiving letters and the paper we don't feel as homesick. So please keep writing your enjoyable letters to us. Again we say thank you and we wish you all good luck.

Sincerely,

Cathy Bryan

(Editor's Note: Cathy is the daughter of Mr. and Mrs. Allen Bryan who live in Anchorage, Alaska, where he is engaged in oil field work. She is the granddaughter of Mr. and Mrs. G. D. Luckett of Bronte.)

Mr. and Mrs. Charles Ragsdale received a Christmas card this week. No, it was not for Christmas 1967, but for 1966. The card must have been lost somewhere between here and Wichita Falls, where it was postmarked last December. A Christmas card in August must have been a pleasant surprise.
