J. B. Morrow Killed In Pickup Accident

Jacob Bruce Morrow, 52, well known Bronte ranchman, died at 12:30 a.m. Saturday in Shannon Hospital from injuries received in a collision between two pickup trucks about 4:30 p.m. Friday. The accident occurred about seven miles north of San Angelo on Highway 277.

Also killed in the accident was W. Ralph Bradford, 47, of San Angelo.

Funeral services for Mr. Morrow were held Sunday in First Methodist Church in Bronte, with the

pastor, the Rev. Austin S. Master-son, officiating. Assisting him was the Rev. Wayne N. Stout, pastor of Central Baptist Church. The Bronte Youth Choir formed the choir. Burial was in Fort Chadbourne Cemetery, with Williams Funeral Home in charge of arrangements.

Morrow was born Feb. 4, 1915, at Robert Lee, the son of Mrs. Irene Morrow and the late J. J. Morrow of Bronte. He was married to Edna Wilburn Dec. 27, 1943, in San Angelo. She died in 1963. He was a member of the Methodist Church and Bronte Masonic Lodge and Eastern Star Chapter. He served as a member of Bronte School board of trustees from 1955 to 1961 and again from 1963 to 1967.

Survivors include a son, Jim; three daughters, Laura, Lisa and Mary Jane; a stepdaughter, Marie Clark of Abilene; his mother, Mrs. J. J. Morrow; a sister, Mrs. Willie Woodward of Sinton; and a grand-daughter.

Pallbearers were A. E. Bell Jr., Conda Richards, W. D. McDonald, Joe Hester, Hurlin Lee, R. W. Sims, Jesse Parker and Clyde Lee. Masonic rites were conducted at the graveside.

Morrow had been to San Angelo to a cattle sale and was returning to Bronte when the accident occurred. Department of Public Safety officers reported that apparently Morrow had passed another car and lost control of his pickup on the rain-slick highway which caused it to collide with the Bradford vehicle, traveling toward San Angelo. Morrow was thrown through the windshield of his pickup and hit the vehicle driven by Bradford, officers said. Both pickups ended up on the west side of the highway, completely demolished.

Bradford, who worked at the Goodyear Testing Grounds a few miles north of the accident scene, was followed by fellow employees who knew him. The first persons to come along who could identify Morrow were Clyde Lee and Davy Crockett of Bronte. They were on their way to the Bronte-Ozona football game and recognized the Morrow pickup. Lee and Crockett knew that Morrow's daughters, Lisa and Mary Jane were only a short distance behind them on buses going to the ball game so they waited until the cheerleader bus came along and stopped it and took Lisa on in to San Angelo. Mr. and Mrs. Edward Cumbie waited for the band bus and took Mary Jane to San Angelo.

DAUGHTER HERE FROM VN

Mrs. Bernice Nickles of Saigon, Vietnam, arrived in Bronte Sunday for a two weeks visit with her mother, Mrs. J. B. Cole. Mr. Nickles is employed with an airline in Saigon.

Lammers To Open New Grocery Store

Mr. and Mrs. Vernon C. Lammers are announcing this week the opening of their new "Country Store." The new business is located across Main Street from their present location. The store will be open for business Friday morning.

Housed in the old building of the Full Gospel Church, which has been vacant for several years, the business will handle a much larger line of food items than has been possible in their present building.

Mr. and Mrs. Lammers, along with some outside help, have completely remodeled and redecorated the building. It has been repainted inside, and partitions have been arranged to accommodate a rest room and private office in the rear.

The Lammers have a 100 foot space fronting on main street, allowing plenty of room east of the building for parking.

Included among the fixtures are the usual shelving and counters, along with refrigerated boxes for dairy products and packaged meats, a freezer for frozen foods and another freezer for ice cream products.

Lammers said Tuesday that the

Bronte's population will almost double Saturday!

Some 900 persons, all employees of Ethicon in San Angelo and their families, are coming here for the firm's annual employee picnic. The large crowd will take over Bronte County Park and Pool and the Singing Winds Golf Course for the day.

Mayor Royce Lee said the selection of Bronte's park as the site for the picnic "makes us

mightily proud of our facilities." He issued a proclamation this week proclaiming Saturday as "Ethicon Day" in Bronte.

Bob Becker, who is chairman of the event, told The Enterprise this week: "We have reviewed many possible sites in the San Angelo area for our picnic and we feel the Bronte Park has more to offer us than any place we've seen."

Beck was loud in his praise of the facilities Bronte has to offer. He said some of his group want to play golf, some want to swim, some want to fish in the lake and some want to use the playground equipment and tennis courts provided.

The chairman said some softball games will be conducted at the diamond in the park area, and a treasure hunt for the kids will be set up in the area east of the ball park. Trophies and prizes will be awarded winners of various contests.

The Ethicon delegation will come to Bronte in private cars, arriving here between 10 and 10:30 a.m. They will stay until 5:30 or 6, Becker said. A catered picnic lunch will be served from 1 to 2:30.

Some 100 persons in the group have signed up to take a tour of the Bronte School. Supt. C. B. Barbee said the school will furnish buses to transport those

Sanco Services For J. B. Cole

Funeral services were held at 2 p.m. Friday at Sanco for John Burt Cole, 80, of Bronte. Burial followed in Sanco cemetery under direction of Williams Funeral Home. Services were conducted in the Baptist Church by the Rev. Harry Morris of Bronte and the Rev. H. L. Bloodworth of Silver.

Mr. Cole died Wednesday at 7:30 p.m. in Bronte Hospital where he had been a patient several days. He had been in ill health for several years.

Mr. Cole was born Jan. 14, 1887 in Minden, La. He came to West Texas in 1889, and was married Dec. 31, 1911, at Sanco to Miss Ollie Goss. He was a member of First Baptist Church of Bronte.

Mr. Cole engaged in farming in the Sanco area until his retirement. In his later years he took up painting and a large number of his art works have been exhibited over the state, particularly in West Texas.

Mr. and Mrs. Cole moved to San Marcos after his retirement, but bought a home in Bronte and moved back to Coke County in 1965.

Survivors include his wife; two daughters, Mrs. Bernice Nickles of Saigon, Vietnam, and Mrs. Nelly Longwood of San Antonio; two brothers, George Cole of Boerne and Bill Cole of Pasadena, Tex.; eight grandchildren and six great grandchildren.

Pallbearers were C. E. Bruton and Homer Cornelius of Bronte; Ulmer Bird and B. D. Gartman of Sanco; Frank C. Dickey and J. W. Service of Robert Lee.

Lions, Faculty Plan Fall Festival

Bronte Evening Lions Club and the faculty of Bronte School are planning a fall festival for Saturday evening, Nov. 4, to be held at the school.

A spokesman for the Lions Club said more details will be released later but that they are planning a "big evening of entertainment with plenty to eat."

Longhorns Idle Friday

The mighty Longhorns will step out of the limelight this weekend as they do not have a game scheduled, and let some of the other Class B teams in the area have the glory.

Longhorn stock went up this week after the thorough licking they gave the Ozona Lions last Friday in all phases of the game. Coach Cecil Toliver reported that his charges still hold the No. 1 Class B spot in Texas this week, but their playing strength went up from 108.4 to 110.3.

Toliver was high in his praise

of last week's performance. "Some of those boys played the best football game they've played in their lives," he said. He especially mentioned Davis Corley, Don Hageman and David Gentry for their good work.

Last Week's Results

Bronte 33, Ozona 6; Wall 14, Forsan 12; Jayton 15, Rochester 8; Rotan 24, Roby 8; Trent 34, Hamlin 0.

This Week's Schedule

Grandfalls at Forsan; Hermleigh at O'Donnell; Roby at Central Catholic (Sat.); Trent at Wall.

AD-LIB-BEN

The visit Saturday of some 900 San Angeloans who are employees of Ethicon and their families is something we should all be proud of. Seldom does a little town like Bronte have an opportunity to host a group like this one.

The fact that Ethicon selected our park for its annual picnic should make us prouder than we already are of our beautiful county park, pool, ball field, golf course and other facilities. It should make us feel that all the work and money which has gone into this community project were well spent.

Of course, local citizens have known for a long time that we have one of the nicest parks in the state, but it's a real pleasure to know that a group, such as our visitors from Ethicon, is going to enjoy it.

We would like to urge every citizen of the city to take advantage of any opportunity to make our guests welcome and to make their day here a pleasant one, long to be remembered.

Some 500 copies of this issue of The Enterprise will be distributed among the Ethicon people before they arrive Saturday. We want them to know that the "Welcome" which is printed on here means just exactly what it says.

In all probability, there will be visiting newspapermen as well as TV coverage of this event. All this will do Bronte no harm.

Wonder which is harder: getting a daughter off your hands, or getting a son-in-law on his feet?

Some speeches remind you of a wheel. The longer the spoke the greater the tire.

"That neighbor of yours is quite a gossip, isn't she?" said the first lady.

"I'd rather not say," replied the second, "but I did notice when she came back from her vacation this summer, her tongue was terribly sunburned."

Bronte Ranchman Top Donor For Roundup

C. H. Wylie, Bronte ranchman and "Father of the Roundup for Crippled Children", was the top donor when the West Texas Rehabilitation Center in Abilene held its annual sale of donated livestock.

Mr. Wylie gave 71 head of registered Angus calves, which sold for a total of \$9,436.37.

The 350 cattle and one goat in the sale brought \$47,585.05. The goat was a most profitable donation for the center, as it sold 31 times for a total of \$1,620. The last buyer gave it back to the center for its sheep and goat sale.

Shorthorns To Play Forsan Thursday

The Shorthorns, junior high football team, will travel to Forsan Thursday for a game with the juniors there. Kickoff time is 7 p.m.

Coach Cecil Toliver said the junior high lads are "plenty salty" and fans should attend the game if they would like to see some real football.

A junior high pep rally will be held this morning at 11:45 in preparation for the game.

Mr. and Mrs. Ronald Hooper of Waco were in Bronte last week-end visiting their parents, Mr. and Mrs. G. M. Hooper and Mr. and Mrs. Dwain Pruitt. Hooper is a student at Baylor University.

Clubs Celebrating National 4-H Week

A four-leaf clover is the symbol of good luck to many people, but to some 76,000 Texas 4-H Club members it is part of the emblem of their organization and a lot more.

The roots of 4-H go deep in Texas. Boys and girls for more than 60 years have been proud members of the organization. As

CRMWD to Appeal Damages Award

Latest word received here from lawyers of the Colorado River Municipal Water District is that they plan to appeal the award of nearly \$1 million made last week for 18 tracts of land which will be covered with water when the Robert Lee Dam is completed.

The suit which was styled CRMWD versus Helen Harris Wilcoxson et al, was heard last week by a board of commissioners appointed by County Judge W. W. Thetford.

Included in the awards made by the board was \$764,515 for surfaces and damages to the remainder of the land including minerals and water rights owned by Mrs. Wilcoxson; \$142,718.80 to Mrs. Patricia Steph and Mrs. Gwin L. Tucker for damages to half interest in minerals and half interest in water rights; and \$9,452.15 to Mrs. Sadie Gwin Blackburn for one-quarter interest in minerals.

Either side has the right to appeal the commissioners' decision, and the case would then be decided by Coke County Court.

has been the case for many years, they will join with some two and a quarter million members and 23 million former members in the nation in the observance of National 4-H Club Week, Sept. 30-Oct. 7.

During the week, Texas members will be out to tell of the past year's achievements and their plans for the year ahead. For boys and girls between the ages of 9 and 19, 4-H offers opportunities to develop good character and leadership. Learning to work together and accept responsibility along with exploring career opportunities and learning skills are all a part of the Texas 4-H Club program.

In Texas and across the nation, 4-H Club work is directed in the counties by the county Extension agents with assistance from both adult and junior 4-H leaders. In Texas, more than 13,000 volunteer adult leaders work with the members of more than 2,500 local 4-H clubs "To Make the Best Better." Statewide the 4-H program is guided by Texas A&M University, the state's land-grant university. Nationally, the U. S. Department of Agriculture administers the program as the youth phase of the Cooperative Extension Service.

Mrs. Fay C. Roe and Sterling Lindsey, Coke County extension agents, invite youth and their parents, who are interested in knowing more about 4-H projects and activities, to visit their office in the court house in Robert Lee for detailed information.

ATTEND WORKSHOP

Six representatives of Coke County Texas State Teachers Association attended a workshop in Brownwood Thursday evening, Sept. 21.

The meeting began with a dinner at 5 p.m. Miss Miller, vice president of the T.S.T.A., was the keynote speaker.

Afterward, workshops were held for officers of different sections. Representing Coke County were the following teachers:

Mrs. Laura Hereford, president; William T. Green, vice president; Mrs. Helen Anderson, secretary; Miss Linda Jones, treasurer; Mrs. Naomi Lee Powell, membership; Mrs. Virginia Walling, public relations.

SCS Supervisor To Be Elected

An election to name a Soil Conservation District supervisor for precinct 4 will be held next Tuesday, Oct. 3, at the school house in Tennyson. The meeting will be at 8 p.m. Precinct 4 includes the Tennyson area and the area to the west.

Joe Rawlings is present supervisor and his term is expiring. The election will be convention style with nominations being made from the floor.

Slides showing methods of range brush control will also be shown at the meeting.

Diversity Club Program Given On Birth Defects

Mrs. Herman Baker of San Angelo spoke on "New Hope for the Brain Damaged Child" when the Diversity Club met last Thursday in the home of her mother, Mrs. W. H. Dismore. Highlight of Mrs. Baker's talk was when she told of their personal experience in taking their child to the Institute for the Achievement of Human Potential, a therapy center in San Antonio. She told of the findings of that institute on "Who is Brain Injured", "Why is he brain injured", "What can be done about brain injury" and "The benefits of the Therapeutic Procedures."

Mrs. Baker went on to tell how their way of life was necessarily changed by the program they followed and the rewards to the entire family as they witnessed the daily improvements of the child as a result of their combined efforts.

Home made ice cream and cookies were served to Mrs. Baker and members Mmes. Clifford Clark, D. K. Glenn, J. T. Henry, Cecil Kemp, H. M. Kirkland, R. C. Lasswell, O. R. McQueen, Charles Ragsdale, Otis Smith and George Thomas.

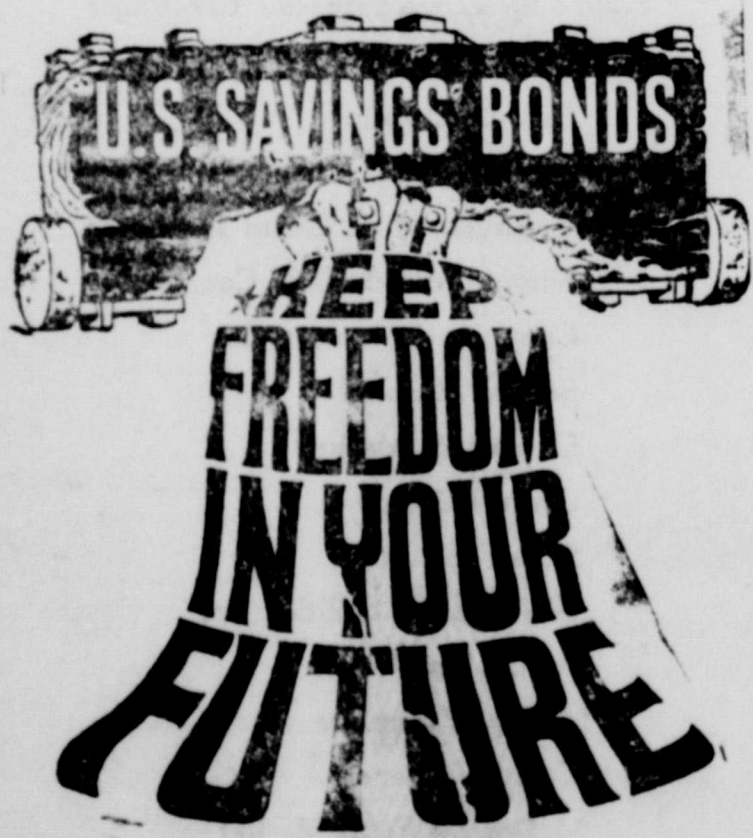

The next meeting will be Oct. 5 in the home of Mrs. Vetal Flores when Mrs. O. R. McQueen will present the program on "Homemaking."

Longhorns Look Great; Down Ozona Lions, 33-6

Staying true to 1967 season form, the Bronte Longhorns got off to a slow start Friday night when they invaded the home grounds of the Ozona Lions. Starting with the second quarter, however, it was a different story, and the Longhorns powered their way to an impressive 33-6 victory before the final whistle blew.

Ozona got on the scoreboard first when Quarterback Randel Clepper went through the middle of the Longhorn line for a touchdown. The Longhorns got the feel of things early in the second quarter and Doug McCutchen made a long 42 yard run to get his team on the scoreboard. The second tally came on a pass play from Quarterback David Glenn to End Davis Corley. Another fine pass play, also in the second period from Glenn to McCutchen made the third counter for the Longhorns before the half. In the third stanza Wingback Charles Masterson took a short toss from Glenn and outran his Lion pursuers for another tally. The final counter came in the fourth quarter when Glenn hit McCutchen with another pass play which covered 59 yards.

First Quarter

Rodney Pagan kicked off for the Lions to start the ball game. It went to Randy Barbee who was

stopped cold on the 20. The Longhorns couldn't go, even though McCutchen made 6 and Corley caught a pass for 13 more. A recovered fumble and a penalty caused the locals to have to punt on 4th down.

The Lions started out with a bang and with Beto Vargas, Pagan and Clepper doing the leg work, they moved up to Bronte's 6 yard line with a 1st down. Pagan went for 2, Clepper made 2 more, and on the next play Clepper kept the ball again and crossed the double stripe. A conversion kick try failed. Score 6-0.

Pagan completed his kicking chores for the night when he booted the ball to Barbee again. Barbee was down on the 37. McCutchen carried twice and an incomplete pass brought up 4th and 7. Corley punted to Pagan who was down on the 36, but a clipping penalty moved it on up to the 46. Vargas got a nice 9 yards and Fleet Coates made 6 for a 1st on Bronte's 39. Beto Diaz picked up 5, then Clepper tossed a pass which was completed inside the 10, but a fumble was recovered by Barbee for Bronte.

Once again the Longhorns bogged down and Corley booted them out of the hole on their own 46.

The Lions then had to punt and Bronte took over on their own 19. Masterson gained 9 yards before the quarter ended.

Second Quarter

Masterson made another yard for a 1st on the 29. McCutchen picked up 8 and Masterson went for 4, but a holding penalty moved the Longhorns back to a 2nd and 17 situation. The next play was when McCutchen took the ball and made his first long run of the evening. Try for points failed. Score: 6-6.

McCutchen kicked to Diaz who made a beautiful return from near his goal line to the 44. Pagan was the big gun on the first series of downs as the Lions gained a 1st on the Bronte 44. Clepper got in a good gainer which moved the ball to Bronte's 19, but the next play gave the Ozona lads a 15 yard penalty and two plays later an Ozona fumble was recovered by Corley.

First play for the Longhorns was a 17 yard gainer by McCutchen, then the deadly passing combination of Glenn to Corley gave the Longhorns their second TD of the night. The play netted 58 yards. McCutchen kicked an extra, and the score was 13-6.

After taking the kick the Lions tried three plays and couldn't go, so Gary Sutton punted, but it was

deflected by one of his own men and went out on the Lion 40. McCutchen tried two ground plays with little gain, so the Longhorns went to the air, as Glenn tossed to McCutchen with fine accuracy and another TD was chalked up for the Bronte lads. EP try failed and the scoreboard read 19-6.

Carlos Sanchez took McCutchen's kick and the ball went in play on the 30. Clepper dropped back to throw, but Brian Richards chased him back to the 10 yard line where he was dropped. The Lions were unable to overcome the loss and Bronte took over on the Lion 24. Another Glenn to Corley pass was completed but Corley was pulled down on the Lion 2. A holding penalty set the Longhorns back 15 yards. A Glenn to McCutchen pass was good, but not good enough for another counter, and the first half was over. Score 19-6.

Third Quarter

Ozona took the kick to start the second half and made two 1st downs in moving the ball all the way to the Bronte 21. That was the end of it, however, as the Longhorns tightened up their defense and took over on the 23. The Longhorns, also, bogged down on the next series of downs and Corley punted to the Ozona 36. Two plays later Corley recovered a fumble on the Lion 33.

McCutchen went for 7 yards, then a pitchout went to Masterson and he headed toward the goal line flag on the left side, outdistancing his pursuers to cross the double stripe. Try for points failed. Score: 25-6.

The next three series of downs ended with punts, giving Bronte the ball on the Longhorn 49. McCutchen made a 20 yard run, but it was called back and the locals were penalized back to their 38. The last play of the quarter saw Corley make an almost impossible catch for a 1st on the Ozona 33.

Fourth Quarter

A pass to Barbee was good for 3, but the Longhorns couldn't go any further. McCutchen tried a field goal but it fell a little short and Ozona took over on the 20.

Four plays later Masterson took their punt on the Ozona 41.

The next play was an exciting one, as Glenn hit McCutchen with another of his bombs which resulted in another Longhorn touchdown. A Glenn to Corley toss was good for two extras, and the score was 33-6.

The Lions had a 1st and 10 on the Ozona 45 after the kickoff return. They moved the ball well and were finally stopped on the Bronte 22. The local lads had to punt on 4th down and Pagan carried it from the Bronte 48 back to the 33. On the second down play, Barbee intercepted a pass on the 15, and the Longhorns kept the ball the rest of the time. The score: 33-6.

Notes on the game indicate that outstanding defensive work was turned in by Corley, Richards, McCutchen, Masterson, Morris, Gentry, Brock, Barbee, Hageman, Scott, Thompson, Vaughn, and Glenn.

Jake Henry Gets Medal for Heroism

Jake Henry, son of Mr. and Mrs. Jake Henry Sr. of Talpa, formerly of Bronte, has received two medals during the past few months while serving with the U. S. Army in Vietnam.

In March Henry was awarded the Air Medal "for meritorious achievement while participating in Aerial Flight." At that time he was rated as a specialist E-3.

In July Henry received the Army Commendation Medal for Heroism. The commendation read in part:

"For heroism in connection with military operations against a hostile force. SGP-4 Henry distinguished himself by heroism in action on 31 May 1967, while serving as a medical aidman aboard the battalion maintenance recovery aircraft of the 227th Aviation Battalion (Assault Helicopter) during an aircraft recovery mission near Bong Son, Republic of Vietnam. When the rigging crew became pinned down by enemy automatic weapons fire, Sp. Henry voluntarily exposed himself to hostile fire to assist in removing valuable equipment from the downed helicopter. Without regard for his own safety, Sp. Henry moved under intense hostile fire to administer medical aid to the crew of the downed helicopter. Specialist Henry's courageous action is in keeping with the highest traditions of the military service, and reflects great credit upon himself, his unit, and the United States Army."

Serving with the Headquarters and Headquarters Co., 227th Aviation Battalion (Assault Helicopter), Henry has since been promoted to Specialist E-5. He expects to complete his tour in Vietnam in the near future and to be home around October 18.

Choose Cleaner Carefully

Choose your vacuum cleaner with cleaning requirements in mind.

Consider the four types of vacuum cleaners on the market today. These are the upright, the canister or tank, the lightweight (stick or electric broom) and the portable or hand vacuum. Each does a specific job best.

Large areas of rugs or wall to wall carpets are best cleaned with the upright. The upright operates by a combination of suction and sweeping action. In some models, vibrators do the job. This combination of suction, sweeping action and vibrator bars actually "bears" out embedded dirt in heavy pile rugs.

Although the canister type is recommended for rugs and carpets, it operates by suction alone and is less effective as a carpet cleaner. However, many models have a carpet cleaning attachment with rotating brush in the nozzle, available at extra cost. If the canister alone is used on carpeting, spend a longer time vacuuming deep pile rugs.

For general housecleaning, the canister cleaner is recommended over the upright. Portable and versatile, the canister is easy to use on corners, stairs, bare floors, and "above the floor" cleaning chores.

Lightweight vacuum cleaners, such as the stick cleaner and the hand vac, come in handy for daily cleaning and hard-to-clean places such as car interiors and draperies. These cleaners make good second cleaners, but should not be expected to perform heavy-duty cleaning chores.

Budgets and Teenagers

Family budgets are feeling the effects of teenage spending, particularly since September school demands are now at full peak.

Authorities point out that the nation's 22.5 million teenagers spend \$11 billion of their own money annually. And, by 1970, National Education Association estimates predict this figure at more than \$21 billion.

Add to this the influence teenagers exert on family purchases and you find the young a powerful economic force.

Although teenagers are important consumers today, evidence indicates they have little skill in the business of spending. Economists state it is important that youth learn buying skills today, for tomorrow these youngsters will be more important consumers, as family heads. Sociologists say whether these youngsters spend their money wisely or foolishly in adulthood will be a

factor in determining the success or failure of their marriages.

Realizing that by 1970 about half the U. S. population will be under age 25, educators are seeking new ways to incorporate consumer education into school curricula. Many schools have integrated consumer education into mathematics, science, economics, home economics, industrial arts and even English classes.

JUST FOR THE HANG OF IT

Wire hangers used by dry cleaners to return clothes are only meant as a temporary measure. National Institute of Dry-cleaning personnel say these hangers are not shaped correctly for clothes to hang on them long. Garments often droop and lose their shape or fall completely off if not removed to hangers with the shape of the garment in mind, such as padded hangers for coats and suits and pants holders for trousers.

FOOD DEMANDS FOR 1980

U. S. Department of Agriculture food experts estimate a big increase in food production demands by 1980 if population data holds true. If U. S. population reaches 235 million and if diets change at a similar rate, 1980 farmers and ranchers, as compared to 1966 figures, must produce 8 billion pounds more red meat; 19 billion pounds more milk; 14 million tons more fruits and vegetables; and 6 billion more eggs.

LOOK, MOM, PHOSPHATES REDUCE CAVITIES

Phosphate treated cereals reduce dental decay, according to dentistry researchers. In a study of 500 school children, divided into two groups, the group receiving cereal with small amounts of sodium dihydrogen phosphate added had 20 to 40 per cent fewer cavities than the group which ate cereal without phosphate. Researchers say phosphate acts on the system rather than in direct contact with the teeth.

MEAT FLAVORS DIFFER, BUT WHY?

U. S. Department of Agriculture scientists are testing meat flavors to determine if the taste lies in lean and fat, color or texture. Studies show that most people can't identify ground samples of these meats if the fat is taken out. Further tests indicate that lamb may be the only meat whose flavor is in the fat, although this may also be true to a lesser extent with pork. The role of beef fat to flavor is much less certain, but scientists don't know as yet what other component of beef determines its taste.

COLOR INFLUENCES EGG BUYERS

Supermarket customers surveyed by a New York State Extension Service showed

a preference for aqua-colored cartons when selecting eggs. Pink ran a close second over yellow and white. The report notes that since some customers buy eggs according to the color of the carton, "color on and in egg cartons is a major problem in egg marketing."

COTTON FLOTE IN DEMAND

Cotton Flote — the improved cotton padding developed by the U. S. Department of Agriculture — is now in the enviable position of having the demand exceed the supply. A large automobile company, now using it for the backs of car seats, wants it for cushions. One manufacturer is now using the product for sound dampening and insulation in the tops of trailers; another is making it for furniture and mattresses. A potential use is in shoulder pads of men's clothing.

making the tour from and back to the park. Plans are to drive the visitors so they will be able to see some of Bronte's more beautiful homes and its churches.

Bronte Jaycees are responsible for first attracting the Ethicon employees to Bronte. Becker attended a Jaycee meeting held in the park several weeks ago, and was favorably impressed. He gave the park a thorough inspection, and decided this was the place for his firm's annual employee picnic.

He immediately started making inquiries about securing the park and said this week "the cooperation of Bronte officials and others in helping us has been fantastic." Ethicon, whose factory is located just east of San Angelo on the Bronte-Ballinger highway, is one of the largest manufacturers of surgical supplies in the United States. The plant in San Angelo

specializes in making surgical sutures, used to sew up surgical and other wounds. The plant was built mainly underground, which officials say adds to the security of the building as well as to the ease in meeting sanitation standards.

Mayor Lee urged all citizens of Bronte to do everything possible to make the Ethicon employees' visit pleasant. "We are highly honored to have these folks spend the day with us; we want them to have a good time, and we want to do everything we can to make them want to come back to see us," the mayor said.

Mr. and Mrs. Jim Morrow and Becky will move back to Bronte this week and he will take over the ranching interests of his father, J. B. Morrow, who was killed in an auto accident last week. Jim was a junior student at Texas Tech, majoring in agriculture.
