Help Urgently Needed To Save Coke R. Cross

Some contributions came in after the Coke County Red Cross appeal was made last week, but more must be contributed soon if the county is to keep its chapter.

First National Bank gave \$20; L. T. Youngblood, \$10; A. S. Masterson \$5 and E. C. Seay, \$5 for a total of \$40 this week.

H. O. Whitt, who has been in charge of the local chapter said last week that there has not been a fund drive in the county in several years, and that the organization, on the local level, is out of funds.

Demo Committee Has Drawing For Ballot Positions

Coke County Democratic Executive Committee met Monday to conduct a drawing for candidates' places on the ballots to be used in the May 4 Democratic Primary, and to transact other party business. The meeting was held in the courthouse at Robert Lee.

Precinct delegates present for the meeting included County Chairman D. K. Glenn; Mrs. Cumbe Ivey Jr., secretary; Noah Pruitt Sr., Horace Bloodworth and David King. Sam Gaston, another precinct delegate, was not present.

Royce Lee of Bronte presented and was granted a request that he be allowed to represent Ben Barnes, candidate for lieutenant governor, in the drawing for ballot places.

It was voted to include three referendum propositions on the ballot: sale of liquor by the drink; parimutuel horse race betting; and milk price setting by a Texas Dairy Commission.

A resolution was passed urging the re-nomination and re-election of President Lyndon B. Johnson and Vice President Hubert H. Humphrey.

It was announced that precinct conventions will be held in Bronte and Robert Lee at 2 p.m. on May 4 (election day) at the polling places. At that time, delegates will be elected to the county convention. Precinct 1 will be allowed eight delegates to the county convention, precinct 2 may have nine. The county convention will be held Saturday, May 11, one week following the Democratic Primary. State convention delegates will be elected then.

The county committee also decided to have published in the Bronte Enterprise and the Robert Lee Observer an article outlining voting procedures since changes were made by the last session of the legislature.

IDA LEE PARKER IN H.S.U. FRATERNITY

Ida Lee Parker of Bronte is pledging Sigma Alpha Iota, professional music fraternity for women, at Hardin Simmons University in Abilene. Initiation date is March 30. Miss Parker, daughter of Mr. and Mrs. Truman Parker, is a junior music education major, with a piano principal, at the Abilene school. She is a 1965 graduate of Bronte High School and attended Angelo State College for two years.

In addition to the hardship cases that come to the chapter, the American Red Cross is the only means of contacting service men when an emergency leave is needed because of illness or death in the family. The local chapter is required to bear the expense of such activities. No other county can handle these claims. In counties without a local Red Cross chapter, persons wishing to contact servicemen in an emergency must work through their senator or representative, and often this is time consuming.

Everyone is urged to make a donation soon. It can be given to H. O. Whitt or A. S. Masterson, or mailed to them in Bronte.

Tidwell Buys Out Hurlin Lee Station

James Arnold Tidwell has bought out Hurlin Lee's Humble Service Station here and took over operation of the business Monday.

Tidwell is a Bronte native and graduate of Bronte High School. He has been employed by Lone Star Producing Co. for several years, and said he will continue in his job at the Lone Star plant in the Fort Chadbourne Field.

Tidwell told *The Enterprise* that he will continue to offer Enco products to his customers, and will give first class service to take care of all automobile and truck needs. Atlas tires, batteries and other products will continue to be sold at the station.

Tidwell said he will appreciate the patronage of everyone in this area.

He said Brady Mills will continue as a full time employee of the business.

Tidwell is married to the former Brenda Corley and the family makes their home in Bronte.

Last Rites Held For Mrs. Warner

Last rites were held Friday for Mrs. Ida Warner, 84, long time Bronte resident. Services were held in Central Baptist Church with the Rev. Wayne N. Stout, pastor, officiating. Burial was in Fairview Cemetery under direction of Williams Funeral Home.

Mrs. Warner, who had lived many years with her daughter, Mrs. Truman Parker, died about 8:30 p.m. last Wednesday in Merrill Nursing Home at Winters. She had been a patient about five days.

Mrs. Warner was born Nov. 23, 1883, in Georgia. She came to Coke County in 1905 and was married to John Warner July 6, 1913, at Bronte. Mr. Warner died in 1944. Mrs. Warner was a member of Central Baptist Church.

Survivors include one daughter, Mrs. Truman Parker of Bronte; one brother, Arthur Patton of Menard; three sisters, Mrs. Vera McCarty, Mrs. Georgia Ellsworth and Mrs. Evvie Whitley, all of San Angelo; and two grandchildren, Ida Lee and Jerry Parker of Bronte.

Nephews were pallbearers.

HEART DRIVE DOES WELL

Bronte's part of the county Heart Fund Drive was conducted last Thursday evening, with local nurses making the canvass of the city. Mrs. H. C. Murtishaw was chairman of the campaign. She reported that a total of \$234.32 was turned in.

Making the drive were Mrs. Murtishaw, Mrs. Frances Freeman, Mrs. J. I. Murtishaw, Mrs. Brady Mills, Mrs. Bobby Vaughn and Mrs. Vernon Glenn.

Mrs. Murtishaw extended her thanks to all the nurses who took part in the drive, as well as to citizens who contributed. She said the campaign will remain open for about two more weeks and anyone who wants to contribute may do so.

The amount contributed here plus \$517 raised in Robert Lee brings the county total to \$801.32.

Board Re-Hires Bronte Teachers

All teachers in Bronte School, with the exception of two, were given two-year contracts by the board of trustees at a meeting last Thursday night. The two, who handed in resignations before the meeting, were Bill Green, high school English teacher, and Russell Fuller, band director and music teacher.

Contracts of Supt. C. B. Barbee, Prins. James L. Golson and James

1 INCH RAIN SOAKS AREA

Folks around Bronte are not nearly so elated as they have been on occasions during the past when a good one inch rain fell. That's the amount that was received Tuesday night in most places around here.

Following Tuesday's almost summer like weather, a front moved into the area about dark and winds and rain came during the night.

One inch, even, was reported in Bronte. Apparently the rainfall was lighter to the south, as Mrs. W. H. Thomas of Tennyson reported .5 inch and Joe Rawlings, who ranches southwest of town had .7.

Waymon Percifull, northwest of town, had 1 inch, as did Rupert Robbins at Hayrick. C. O. Richards reported 1.1 on the Wylie Ranch northeast of Bronte.

A report from Elmer Jordan of Blackwell said he had 2 inches on a place he has northwest of Blackwell.

Robert Lee had 1.5 inches; Sango reported 2.2 and an even 2 inches fell in the Edith community in western Coke County.

Cloudy skies and cooler temperatures were on tap for Bronte area resident Wednesday.

M. Raughton, and Coach Cecil Toliver were extended at earlier meetings of the board.

Included in the group rehired and the position now held were: Mrs. C. B. Barbee, first grade; Mrs. George Thomas, second grade; Mrs. Royce Fancher, homemaking; Mrs. James L. Golson, third grade; J. T. Henry, vocational agriculture; Mrs. J. T. Henry, sixth grade; Miss Linda Jones, commercial subjects and English; Mrs. Jerry Lawhon, fourth grade; Clint A. Low Jr., math; Keith D. Noe, science; Mrs. James M. Raughton, fifth grade; Charles H. Taylor, Spanish and English; Tommy Walter, English, social sciences and coach.

Barbee said the board decided to issue two-year contracts instead of the customary one-year contracts as a vote of confidence to the teachers. He said the trustees felt the additional year on the contracts would make the positions more attractive and give teachers more job security.

The superintendent added, however, that it would be a board policy not to issue more than a one-year contract to any new teachers who are employed. He said new teachers will have a one-year "probation" period before they will be eligible for the two-year job guarantee.

Present plans call for extending the contracts one year at a time, Barbee explained.

Reason given for the two resignations were that Green wants to attend the University of Texas and do graduate work and Fuller is seeking a better position.

Superintendent Barbee said the school is looking for personnel to fill the two vacancies. He added that he had heard no talk of other resignations.

Longhorns Place 2 On All District Basketball Team

In spite of winning the district and advancing to the regional championship, the Bronte Longhorns were able to place only two members on the all-district team. One honorable mention was voted Bronte.

The lady Longhorns were held in even less esteem by their opponents' coaches, as they placed not a one on the all-district, but received one honorable mention for forward and one for guard.

Davis Corley received the most votes of any player in the district to take the No. 1 slot. David Glenn was the other Longhorn to make the mythical team. Doug McCutchen received the honorable mention.

The two honorable mentions received by the girls went to Norma Pruitt, forward, and Jolene Vaughn, guard.

The complete girls team follows:

Guards: Deryl Dunagan and Sharon Schattel, both of Forsan; and Charlotte Foster, Sterling City. Honorable mention: Jolene Vaughn, Bronte, Silvia Juarez, Water Valley; Sharon Currington, Sterling City; Sherry Millican, Water Valley.

Forwards: Sally Munn, Water Valley.

Simpson Brothers To Get Soil Conservation Award

Marvin A. and William M. Simpson, who operate as Simpson Bros., have been named Coke County's Outstanding Soil Conservationists for the year.

A presentation of the plaque denoting the honor will be made as soon as arrangements can be made, it was announced this week by the Coke County Soil Conservation District.

Simpson Brothers became cooperators with the Coke County Soil Conservation District in the early part of 1961. Since that time they have done an outstanding job in applying soil and water conservation measures on more than 5,000 acres of land.

At the time of their signing up with the district, they also signed a Great Plains Contract for cost share in order to speed up their complete conservation program.

The first year they root plowed and seeded to grasses 1624 acres. They also cross fenced two pastures; constructed three concrete reservoirs for stock water,

built two diversion structures above cropland fields for control of outside water and terraced 118 acres of cultivated land.

All pastures were rested for a full growing season and thereafter properly grazed to further improve the growth of grasses.

Since then they have completed a conservation plan on an additional 1900 acres. Major practices included have been root plowing brush, range seeding, stock water development, cross fencing and rotation-deferred grazing on both places.

W. E. Jacoby, Coke County soil conservationist said, "Range conditions were poor at the time the Simpsons began their conservation program. It has now progressed to high fair and good condition."

Another way of stating the progress, Jacoby said, is that the range production has gone from an estimated 10 percent of potential to above 40 per cent. This rise in the production of their acreage has allowed an increase

of stocking numbers by threefold, through the use of a planned system for resting pastures and rotation of grazing. Sufficient cover is maintained on the land for adequate protection and to grow additional grass as moisture becomes available, Jacoby said.

Simpson Bros. have a perfect record of having completed the number of units of conservation practices planned. Their conservation practices include the following:

Deferred grazing, 5160 acres; proper grazing use, 5160 acres; brush control (root plowing), 2641 acres; range seeding, 2641 acres; concrete storage reservoirs, 9; level terraces on cropland, 35,000 feet; cross fencing on rangeland, 18,480 feet.

Also, they have grassed waterways on 13 acres; applied conservation cropping system, 118 acres; contour farming, 118 acres; made proper use of crop residue, 118 acres; installed pipeline for livestock water, 1200 feet.

Barnes Organization Set Up In County

Active work has begun in Coke County to assist House Speaker Ben Barnes of DeLeon in his bid for the office of lieutenant governor.

Royce Lee of Bronte has been named county coordinator and Mrs. Cumbie Ivey Jr. of Robert Lee has been named chairman for women's activities. The two will direct Barnes campaign in this county. Ben Oglesby was named to handle publicity for the candidate.

Lee said that campaign material, such as bumper stickers, cards, brochures, etc., have been ordered and will be available at Ivey Motor Co. in Robert Lee and The Bronte Enterprise in Bronte.

Lee said that anyone who wishes to contribute to the campaign expense should see him or Mrs. Ivey.

Barnes announced his candidacy for lieutenant governor several months ago. He began his political career when he was 22 years old, in 1960, when he was elected state representative for the 64th district. He has held the

position since that time. In 1965, at the age of 26, he was elected by his colleagues as Speaker of the House, the youngest in the state's history. He was re-elected to the position in 1967, the fourth man in history to hold the Speaker's position for two successive terms.

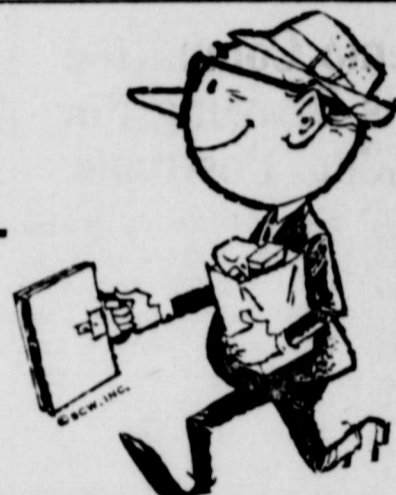

He attended Tarleton State College and Texas Christian University before transferring to the University of Texas. He studied business administration and law. Barnes is married to the former Martha Morgan, also of DeLeon, and they have two children, Greg, 9, and Amy, 5. The Barnes are members of the Methodist Church.

Plans are in the making to conduct a Cancer Crusade in Coke County. Tentative date for the drive has been set for April 11.

Cecil Cox, Bronte Church of Christ minister, is county chairman for the drive.

Cox asked that everyone in the county be thinking about how much he can give to this Crusade, stating, "There are very few families that have not been touched with this deadly disease. The final victory over cancer must come through research, and your dollars are the only source of funds to carry on this work."

More details of the drive will be announced later.

LETTERS TO THE EDITOR

Bronte Enterprise,
Dear Sir,

This is a letter I wrote to Rev. Shaw commending him on his courage. I happen to be a dove and I have a feeling we have more doves than hawks if they had the courage to speak out. I think it is a sin of omission if you don't show which side you are on. I am hoping you can find space to include it in your paper, so I am thanking you in advance.
Respectfully,
E. C. Seay

Rev. Rodney Shaw
Bethesda, Maryland
Dear Bro. Shaw,

Having read your address at McMurry College Feb. 22, I want to say God bless you for the courage to speak out against what I consider to be the dirtiest of all wars. I have been a member of the Methodist Church for 48 years and I have never read a more brilliant article. I believe in the Golden Rule and the Ten Commandments which say "thou shalt not kill."

It just doesn't fit into my way of thinking to go 10,000 miles to jump into a war and get our best boys killed by the thousands just to fatten the bank roll of money-mad war hogs. We dissenters are accused of not being behind our boys, but on the contrary, we are the only ones that are trying to save their lives. The Hawks just want to push them out there in their places to be shot at and shot down while they sit back and smoke their cigars and fatten their bank rolls.

War has never done anything but breed crime and corruption, destruction and hate. It has never brought peace and never will. We are supposed to get some consolation out of the fact that we kill more of them than they do of us but in my book that just makes us bigger murderers than they are. Don't misunderstand me I wouldn't call one of our boys a murderer. Ninety per cent of them are forced into it. They wouldn't be in there if it wasn't for the draft. That dirty draft law is the product of the war hog created so they could have more wars to make more money which the Bible says is the root of all evil. If you will take the profit out, there wouldn't be any wars.

Bro. Shaw, I am sure you are a busy man and I must apologize for interrupting but I did want you to know how I love you for your courage. May God bless you is my sincerest prayer.

Sincerely,
E. C. Seay

Dear Mr. Seay,

Mr. Shaw might have been speaking for you and some others, but here's one Methodist for whom he was not speaking. The Editor.

Mr. and Mrs. C. W. Gilmore of Stanton spent Sunday with Mr. and Mrs. J. F. Hughes. The ladies are sisters.

Bronte Team 5th In Sheep Judging

A livestock judging team from Bronte High School took fifth place in the sheep judging division last Saturday in a contest held at Angelo State College.

Members of the team were Johnny Brown, David Scott, James Vaughn, and Otto Sonnenberg, alternate.

J. T. Henry, vocational agriculture teacher, said his team will compete in a contest in Sweetwater this Saturday.

Eldorado was top winner among the 36 teams at San Angelo.

Track Team 5th In Eldorado Meet

Bronte High School's track team took fifth place in a meet last Saturday at Eldorado. The team gathered up 28 points during the day.

David Glenn won second place in pole vault; Davis Corley was second in broad jump; Bryan Richards was third in shot put; Doug McCutchen was fourth in discus and fifth in shot put.

Coach Cecil Toliver has 13 boys out for high school track this year. In addition to the ones named above, the team is composed Manfred Thompson, Marvin Thompson, Donny Thompson, Dana Sowell, Randy Barbee, Monico Flores, Nicky Arrott, Jim Bob Arrott, and Willie Zuniga.

The team will enter the San Angelo Relays this weekend. Preliminaries will be held Friday and finals will be held Saturday.

TELL YOUR CONGRESSMAN

If you are sick and tired of the monopolistic practices of big business and can see where these practices are leading our country, write your congressman your beliefs. He'll be interested to know that somebody is aware of the fact that our country's future depends on the continuation of free enterprise. Tell him that our anti-trust laws should be strengthened and rigidly enforced; tell him to help reduce the hordes of bureaucrats feeding at the public trough and dreaming up new schemes to socialize the United States.

Liven dull corners of your living room with color and lighting. A simple answer is a good-sized plant with light coming through it. Or use tall furniture or low pieces with decorative wall treatments to give height for a functional corner.

Did you know that the wire hangers your drycleaner uses to return your clothes are only meant to be temporary? These hangers are not shaped correctly for clothes to be hung on them for long periods. Garments left on them often droop and lose their shape or fall completely off. Hang on hangers which have been constructed with the shape of the garment in mind. Padded hangers for coats and suits, pants holders for trousers, etc.

More motor vehicle accidents occur in the last half of the year.

Want a different party treat? Consider hot spiced soup, hot soup punch or "soup on the rocks." Heat serving dishes for hot soup. Chill those for jellied soup.

Chicken is a bargain. Its cost has dropped 11 percent in the last 10 years, one reason for the 24 percent increase in consumption during the same period.

Do you find your refrigerator short on space when it comes time to store all left-overs and ingredients? Put some order in your shelf arrangements, that will help. The vegetable bin holds a lot more than vegetables, if its organized. Use foil pans — the kind that frozen cakes come in. Thoroughly cleaned and dried, these foil pans make wonderful little compartments for the lemons, green peppers, loose carrots. Once organized, you find room for storing everything from soda pop to leftovers — right among the vegetables.

VISITORS FROM LAOS

Mr. and Mrs. Kenneth Fletcher of Ballinger were Sunday guests of Mr. and Mrs. J. W. Martin and Dorothy Ruth. The Fetters returned home last week after spending 26 months in Vientiane and Pakse, Laos, where he is an employee of the U. S. government.

Prior to the tour in Laos, Fletcher worked in Vietnam, India and Korea. The couple will return to Laos in May.

COMPLETES ARMY COURSE

Sp 4 Edward B. Jennings, 24, son of Mr. and Mrs. Treat Jennings of Norton, completed a non-commissioned officer course last month at the Fourth Army Noncommissioned Officer Academy at Fort Hood, Texas.

During the course, he received instruction in the basic principles of leadership, instructor training, drill and ceremony, preventive maintenance, weapons, map reading and general military subjects.

TOUR OF DAM SET MARCH 31

Two announcements of interest to Robert Lee area residents came out of last Thursday's meeting of directors of the Colorado River Municipal Water District. One was that an open house for the public to tour the dam will be held Sunday, March 31, and the other was that the contractor expects to begin closure of the dam in September.

A report from Clement Bros., contractor for the giant project said that work was 62 per cent completed and that this figure indicates it will be possible to begin closing up the dam for impounding water by September of 1968.

Roland Scherer, contractor for building oil well mounds, reported that his work is on schedule. He said the dirt work has been completed on one mound and construction will start soon on the second. Completion of this work is scheduled for Aug. 1.

It was announced that CRMWD will receive bids on April 9 for construction of a 2,500 acre-foot channel reservoir and channel dam in Mitchell County. General Manager O. H. Ivie of the CRMWD said this project will cost an estimated \$750,000. Funds are available to finance it from revenue bonds which were sold in 1966, Ivie said.

Ivie announced that 1:30 p.m. has been set as the time to begin the March 31 tours of the dam. He said the public is invited to inspect the project.

County Agents News Column

Coke County R4-H club members will wind up the show business for a while with the county and store area gilt and boar shows this Saturday, March 23. The local group, with entries from Tom Green, Runnels, San Saba, Concho and Glasscock counties, will compete for county and store area prizes.

The county shows, to be held at the San Angelo Show Grounds, will begin at 10 a.m. The store area contest will follow the completion of the county groups.

Coke County entries in the program this year are Sharon Mc. Cutchen, Rance Brunson, Jerry Parker and Joy Cervenka of Bronte, and Steve Rives of Robert Lee. Audrey Dee Walker, of Robert Lee, owns the boar.

Sheep biting lice seem to be more common than usual this year. If you have noticed more biting, rubbing or scratching than usual among your sheep, this could be the reason. Several severe infestations have been found around Rocksprings.

Heavily infested sheep will have a ragged appearance and snags in their wool. In addition to reducing wool grade, the interference in feeding can cause reduced growth.

A number of products have given control of lice and other external parasites of sheep. Co-Rad, DDT, Delnov, Diazinon, Tindane and Malathion can be used. Spraying or dusting at shearing time usually works best.

We still want to plug using commercial fertilizers. Coke County is about as wet as it has ever been, I imagine. This should be a year in which added plant food would give added yields. Forage crops for grazing or hay particularly should respond to a fertilizer treatment.

Now or when you put fertilizer on your lawn would be a good time to treat for white grubs also. I imagine they will increase in number this year.

Aldrin, dieldrin, Chlordane or heptachlor have given good control of white grubs. Spread the insecticide on your lawn and water the fertilizer and insecticide both at the same time.

Rose pruning time is here — at least on the bush roses. Hold off on the climbing roses until after the first spring flush of flowers.

A USDA survey shows more boll weevils have gone into hibernation this winter than last in Texas. The State will be surveyed again this spring to see how many of the weevils were able to survive the winter.

TWO BRONTE STUDENTS GRADUATE AT A S C

Two Bronte students were among the forty-eight who completed work toward bachelor's degrees at Angelo State College at the close of the fall semester in January. Dr. Hugh E. Meredith, dean of the college, has announced. They are LaJan Kiker, who will receive a BBA in business education; and Jan Wilkins Phillips who will receive a BS degree in elementary education. Both are graduates of Bronte high school. Miss Kiker is the daughter of Mr. and Mrs. Norman R. Kiker and Mrs. Phillips is the daughter of Mr. and Mrs. Joe George Wilkins, all of Bronte.

Degrees will be conferred at the college's spring commencement June 1, along with those for students who satisfy degree requirements during the spring semester, Dean Meredith said.

TOPS CLUB MEETING

Regular meeting of the Wingate Gator TOPS club was held Monday in the Humble Recreation Hall. Mrs. Alpheus Hill weighed each member and their weights were recorded by Mrs. Wayne Owens. Members made preparations for a banquet scheduled for Tuesday night in the recreation hall in honor of the Winters Club. Mrs. Owens was named Queen for the week.

Others present were Mmes. James Williams, E. F. Albro, Joe Bryan, Bill Hamilton, George Cave and Richard Beck.

Mrs. Yarbrough Attends Meeting

Mrs. Bryan Yarbrough of Robert Lee represented the Coke County Historical Survey Committee at the second official Texas Small Museum Institute held in Fort Worth, March 15 and 16.

The institute was sponsored by the Texas State Historical Survey Committee, the state agency designated to maintain liaison with museums throughout Texas.

The institute covered all phases of museum development and operation as based on the needs of small museums. Topics included financing, exhibits, collections, housing, acquisition, classification, cataloging, filing, preparation of objects, rotating displays, gift shops and staff.

Members of the Coke County Historical Survey Committee were glad to have Mrs. Yarbrough attend the meeting, since there has been considerable discussion about starting a museum here.

Public Invited To See New Home

The public is invited to attend an open house at the new home of Mr. and Mrs. Marvin A. Simpson, Sunday from 2 to 5 p.m.

The new home is located northwest of Robert Lee overlooking the basin of Robert Lee Reservoir. The home is built of native stone, ranch style with a Spanish flair. It has a living room, den and dining area, office, four bedrooms, three bathrooms, a powder room and utility room. A circular driveway enters a porte-cochere at the front entrance.
