# THE COKE COUNTY RUSTLER.

VOL. 10. ROBERT LEE, COKE COUNTY, TEXAS. AUG. 23 1900 NO 9

St. Chadbourne, Texas.

Dear RUSTLER:

The weather is threatening rain; rain would be alright for the grass but would be a hurt to cotton, as cotton is too rank now. People are getting uneasy about Boll worms and Sharpshooters.

Our country is full of prospectors looking for homes in our beloved Coke.

Some of our Coke Co. people have gone to Jones Co. to look at that County, but we are not much afraid of losing our good people.

Mr. Hasty and Mr. Stevens have gone to Jones.

R. O. Allen and Mr. Sneed, of Comanche Co., are in our community looking for a place among us.

Some of our neighbors say they would sell out but land seems to be on the rise.

Mark Allen is offering his preemption and 40 acres of school land for \$1600. Mr. Allens place is well improved.

Mr. Edd, this part of Coke Co. is coming to the front we expect to have the best school here this term that we have ever had. We have employed two teachers, have 77 scholastic scholars. Will build an addition to our school house.

We have S. S. every sabbath in the year. Preaching every Sunday.

Our Baptist brethren closed a good meeting here the second Sunday. They had five additions to the church. Some reclaimed and several re-consecrated themselves to the Lord.

Our Methodist brethren are now going on with their camp-meeting here at Rock Springs; there was quite a good interest manifested last night among the un-saved. Bro. Clark expects help from Ballinger this week; the meeting will run over the 4th. Sunday.

Rev. M. S. Smith, Presbyterian preacher at Ballinger, who has been preaching for us the 4th Sunday of each month will preach at Paint Rock after this, and Malcolm Black will preach for the Ft. Chadbourne Presbyterian church.

Dr. Frank Moore has moved up to the New Hope neighborhood.

Cotton is beginning to open. If the worms don't ruin the crop we will soon be a busy people.

Mr. Ellis Fair is back among us you see they will come back.

Success to the RUSTLER and Coke Co.

## AN INFAMOUS LIE.

A treacherous man, who has been known to have been in the company of the late President McKinley, and with the intent of securing the nomination of southern people, started the story in Texas that Mr. McKinley was President of our country. It is a complete lie. The Ward is of New England extraction, of the blood line, and not one drop of negro blood in his veins. He will give \$1000 reward for information that will lead to the detection of the man who started this story. WARD & CO., Chicago, The Great Mail Order House.

Coke County.

Is the place for the home-seeker to pull up his reins and stop.

Land suitable to make small and medium sized farms and ranches can be had here at from \$1.00 to \$4.00 per acre.

Improved farms and ranches can be purchased at from 2 to \$6. per acre.

Town lots in Robert Lee or Broute can be purchased at from 15. to \$100. according to location, etc.

The Colorado river runs diagonally through the County from North-West to South East. Other streams north of the Colorado, are Booser, Big Silver, Little Silver, Yellow Wolf, Mean-box, Mountain, Meebach Indian, Cow, Turkey, Double-barrell, and the three Kickapoo. All of these streams have living water in them almost all the time and have people living in their valleys, who have made a success in home-building.

South of the Colorado River are found Grape, Pecan, Palut, Salt, Wild Cat, Buffalo Live Oak and Mule creeks, on each of which can be found prosperous ranchmen and stock-farmers, many of whom have made fairly good fortunes in Coke.

Coke has a number of farmers who have successfully battled against the ill-famed blight that "this County is no good for strangers." Many have made a

good living and paid for their land, besides year by year, buying land adjacent.

Any person desiring further information can address the undersigned, who pledges immediate reply, and will furnish any information concerning the country desired.

The tripping feet—the sparkling eye—the graceful movement—being not alone to the budding maiden. These graces are the right—aye duty of every woman until the hair whitens—and regal dignity replaces them.

The mother who guards her strength has so much more to devote to the care and education of her dear ones. She should be a comfort—a cheer—always.

Yet how many feel that they have the strength to properly balance the home? The world is listless, weary and morbid. Its blood moves sluggishly and is full of impurities. It needs a kindling, invigorating tonic to set it afire—it needs Pe-ru-na.

### THE ONE MEDICINE

In the world which women may rely upon positively. Pe-ru-na is good for everyone, but particularly for women. The various weaknesses which afflict their delicate organism spring from inflammation or catarrh of the mucous lining, and Pe-ru-na is a specific for catarrh in any organ of the body. Any congestion of a mucous membrane simply means catarrh of the organ affected. This is why Pe-ru-na cures all sorts of troubles where other remedies fail. If there is a catarrhal affection the matter with you anywhere Pe-ru-na will cure you.

**The Anarchist.**  
I am the red  
Anarchist: I sit in the dark and plot;  
I keep the world in dread!  
What  
Is the end I hope to gain?  
Nay, ask me not!  
Where a king is slain  
Another rises—where  
A czar lies dead they crown a new  
czar! Ere  
The murdered shah is cold  
A new shah comes to hold  
The scepter! Still  
I hurl the bomb  
And stab and shoot and kill,  
And come,  
At last,  
To where  
The blade is keen and bare  
Or the noose is knotted fast!  
I  
Am the anarchist! He that is high  
I hate!  
He that is great  
I would rob of breath!  
Envy is my creed; my trade  
Is death!  
My hands are crimson and my blade  
Is red!  
I laugh at the doom  
That same men dread;  
I sit in the gloom  
And plot! I sulk in the dark and spy  
From ambush! Where  
Oppression is or virtues flourish, there,  
As cowards strike, so I  
Strike down and care  
Not what shall follow—good or ill—  
I only kill  
No reason why!

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative strength that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

### The Wanderer.

Oh prodigal where are you wander-  
ing to night,  
Away from your duty away from  
the light,  
Away from the cause you en-  
listed in  
And out in the highways of  
doubt and sin;  
You've wand' red away from the  
mansions of love,  
You've ceased to give tribute to  
the Savior above;  
I fear you'll be shipwrecked on  
the ocean of life,  
No help to your brother, no part  
in the strife.

Remember the blessing you re-  
ceived at the cross,  
There was joy in Heaven, o'er  
the soul that was lost;  
The noble resolve you promised  
to God,  
To take up his cross and follow  
his word:  
And now poor wanderer you  
slight his dear name,  
And throw off his yoke to put  
him to shame  
And go back to the world your  
conscience to sear,  
While earnestly the christian for  
you are in prayer

Oh! prodigal return to your  
work and to God,  
Take up his dear cross and fol-  
low his word  
And the light of your life will  
reflect against sin  
And great are the victories you  
surely will win.  
In the army now marching to  
the Heavenly shore,  
Of troubles and trials to suffer  
no more,  
And the seeds that you sow in  
this army of right  
will germinate flowers of beauty  
so bright.

Frank Denton.

### Nanhattie.

Mr. Editor:—  
We've been listen-  
ing at so much good preaching  
this week that we know but little  
outside of meeting talk.  
Elders Cumble, of Bronte, Reed  
of Silver and Bullock of Lee, have  
been with us. Several profes-  
sions. Four approved for bap-  
tism. The church revived. Some  
made happy. Sinners warned,  
and God honored.  
It was a big fight but our Cap-  
tain gained the victory.  
Brother Cumble goes home to-  
day. He has resigned and is no  
longer pastor of Cedar Hill, but  
be assured that it is not on the  
account of any dissatisfaction.  
J. I. WESTFALL.

## FIELD, RANCH, GARDEN.

The yam crop will be fine. Turnip sowing soon begins. First bales are being received at numerous points. Two carloads of onions were shipped from McKinney to San Antonio. Bears are killing stock in the neighborhood of Grafton, N. M. The grain and corn crop around Nocoma is the finest known in years. Dudley Bennett of Cuero shipped a carload of fine hogs to Houston. Two fine heifers belonging to Hart Phillips of Big Springs, were killed by lightning a few days ago. A. P. Robertson of Colorado recently finished branding 1500 calves at Odessa. He says cattle are in splendid fix. Luther Carrington, living five miles north of Henrietta, threshed in one day 805 bushels of wheat off twenty acres. Geo. Gayroe of Hinde, Crockett county, recently bought from J. H. Knowles five Hereford bulls for \$150. Dr. W. K. Lewis of Colorado reports that that section of the country is nearer free from ticks than ever before. Six carloads of broom corn were shipped from Terrell to St. Louis. It brought \$100 per ton, eight tons to the car. Jim Taylor of Tom Green county, has bought the E. S. Franks ranch and 100 cattle in Val Verde county for \$23,000. The C. W. Fullilove ranch in Nolan county, containing 171-2 sections, has been purchased by L. H. Sansom of Alvarado, for \$3800. One hundred steam threshers, it is estimated, are at work in Denton county now, and are separating grain from the chaff at the rate of 100,000 bushels a day. Commissioners Tippett and Hynds from the northern part of Hunt county say the boll worm is doing great havoc in cotton. Some places will only raise a bale to six or eight acres. J. J. Harrison of Clarendon recently visited his ranch in Motley county and he states that the feed crops are the best ever seen in that section, corn averaging 40 bushels to the acre. On August 1 W. E. Chaney rounded up and branded 200 Whiteface calves, and in the afternoon a roping contest was indulged in by the boys. Bert Weir winning first money. Time, 57 seconds. The Manitoba (Canadian) government crop reports shows that 348,819 acres of wheat have been destroyed, and the remaining acreage is 4,467,289. It is estimated to yield 71-2 bushels to the acre, or 10,938,000 bushels. This is about half of last year's crop. People in the rice district are delighted with the recent heavy rains. From Angleton comes the news that the prospects for the rice crop are now very fine. All of those engaged in the business are delighted with their prospects. W. M. Farmer, the man who made Pecca valley celery famous, had bad luck with his plants this year, and was compelled to ship in about 100,000 of the little yellow sprigs from Michigan. This quantity will plant about six acres of land. R. D. Kidd, living in the edge of Bells, has three acres in grapes. He has sold 4000 pounds from the three acres and has made 150 gallons of wine. He sold his wine at \$1.25 a gallon, which makes \$375.00 for the wine, and at 2c per pound his grapes brought \$120, making in all \$495.00. Guy H. Herbert is shipping weekly from Hondo hundreds of pounds of Maiden Blush and Pawaukee apples, damson plums, Crawford and other varieties of peaches, and other fruits to Captain mining camps. The unusual wet season which has prevailed in Brazoria county has been a blessing to cane growers, but has worked much damage to cotton planters. From all sections of the county come glowing reports as to the condition of the cane crop. Reports from Gonzalez state that the boll weevil is causing alarm in that county. Investigation shows the pest in nearly every field. The weevils are in patches yet, but their appearance does not permit of question.

# PRESIDENT'S PERIL

## Alleged Anarchists Placed Under Detention at New York.

### WAS PLANNED IN CITY OF NAPLES

#### The Secret Service Department Was Keeping a Sharp Lookout for This Group of Persons.

New York, Aug. 20.—The Evening World prints the following relative to the news received from Washington Saturday of the detention at the barge office in this city by secret service agents of Notable Maresca and Michil Weida, supposed anarchists who arrived on the Kaiser Wilhelm on the 11th. These two men are understood to have come to this country as conspirators, whose object it is alleged was the assassination of President McKinley. The Evening World says: "Instead of two, a high government official informed the Evening World Saturday that there were fourteen anarchists under arrest at the detention prison of the bureau of immigration. They are all charged with being in a conspiracy to assassinate President McKinley and have been taken singly and in pairs from incoming liners within the last ten days. "United States secret agents learn that an anarchist circle in Naples had cast lots to see who would be the assassin. Eleven Italians and three Austrians were selected. Closely followed they sailed from different ports. Their object was to strike individual blows at the president at the same time. That would make success sure. "As fast as the men arrived secret service agents disguised as emigrants went among them and they were arrested. Maresca and Weida, caught Saturday, were two of fourteen. "The conspiracy was made on a night early in August. By working with the Italian police the secret service agents got wind of a great meeting of the circle in Naples. The men selected for the work in this country were quickly notified what they were to do, and separated, going singly or in pairs to different ports in Europe. Some went to France, others to Germany, while still others crossed the channel to England. Step by step they were followed to the gang plank of steamers. "The fourteen are now detained by the immigration authorities and are either at the barge office at the Battery or the detention quarters at quarantine. "So far as known the plan for the assassination of the president was for each man to proceed to Washington at once on a certain day. They were to surround the president and await an opportunity to strike. The blow was to be by a pistol and knife. One of the number, it was certain, would be successful. The question of escape was not considered, the men being willing to sacrifice their lives for their principles. The two men who did not meet their fellow-anarchists were Maresca and Weida. Chief Wilkie of the secret service division of the treasury department had his agents at the pier when the steamer docked. The two men did not come in the steerage, as did the others. Maresca came as steward in the steerage and Weida as a coal passer. "As far as known no one saw Weida come aboard and he was not discovered until six hours after the vessel sailed. When found he was secreted as a stowaway. He was put to work in the hold with the coal passers and kept busy until the boat reached quarantine. "The Kaiser Wilhelm II. touched Gibraltar Aug. 5 and then sailed for New York. "On Wednesday morning last the steamer sighted the Sandy Hook light, came up to quarantine and was there boarded by secret service men. "First Officer Lanz took the detective forward where they could see the crew. Purser Meyer remembered recording the name of Maresca at Naples, and Maresca was identified by Myer when the former was brought out for identification. Maresca professed to be unable to understand English. "After looking Maresca over, W. H. Hazen, in charge of the secret service bureau of this city, said: "I think that is the man." "Caleb Powers has issued an address to the public relative to his opinion of his trial.

# POWERS CONVICTED.

## The Jury Adjudges Him Guilty and Gives Him Life Imprisonment.

Georgetown, Ky., Aug. 20.—"We the jury, find the defendant guilty, and fix his punishment at confinement in the penitentiary for the rest of his natural life." This was the wording of the verdict in the case of ex-Secretary of state Caleb Powers, charged with being an accessory before the fact of the murder of William Goebel. The jury retired at 1:32 o'clock Saturday and returned its verdict at 2:25, having been out only fifty-three minutes. Juror Craig stated afterward that the verdict could have been returned even sooner but considerable time was taken up in reading the instructions. "The vote of a life sentence was unanimous. When the jury retired the belief was general that the jury would fail to agree, and in this opinion the defendant himself was firmly convinced. "When the verdict of guilty was returned, Powers, for the first time during the weary six weeks of trial, betrayed his feelings. Under all the trying incidents of the trial he had maintained a changeless expression, the same whether things were going favorably or against him. The verdict of guilty, however apparently staggered him. He was sitting near the door of the juryroom, and when the jurors knocked on the door summoning the sheriff, his face took on an anxious look that was noticeable, but did not seem to be particularly apprehensive. When the twelve men filed into the room and took their seats as Clerk Penn called the roll of jurors, the prisoner did not appear to be more excited than the vast throng of spectators, who craned their necks to catch the first intimation of the verdict. "Have you made a verdict, gentlemen?" inquired the court. "We have," the jurors assented, and at the same time Mr. Stone, the foreman, passed the verdict up to the clerk, who read it aloud. Powers always pale grew ghastly as soon as the verdict was read, and his face betokened great mental anguish. This was only for a few seconds, however, and then, somewhat regaining his composure, he turned to the Misses Daingerfield, who had been in conversation with him, and said: "I was not expecting that. The verdict is unjust." Powers remained in the courtroom for some time after the verdict was rendered, in conference with his attorneys, who will at once move for a new trial, and failing in that, will take an appeal. "When the jurymen entered the jury room Juror Stone, the oldest man on the panel, was elected foreman. Juror Porter, the only Republican on the jury, was the first to speak, and said: "Gentlemen, I am a Republican, and I have said that I did not believe Goebel's murder was the result of a conspiracy. I did not think Caleb Powers could be guilty, but I have heard the evidence and I am convinced he is." Others also made talks, and it is said that one of the men intimated that he thought the death penalty ought to be inflicted. However, when a ballot was taken all the jurors voted for life imprisonment. "The jury which sat in the case was composed of eight Democrats, three anti-Goebel Democrats and one Republican. Commonwealth's Attorney Franklin, who closed the case for the state, began the final argument in the case at 9:30 o'clock. He promised in advance not to deal in personal vilification and abuse, which had characterized the speeches of some of the attorneys. "Replying to the charge of the defense that the evidence had failed to connect Powers with Youtsey, Franklin approached the prisoner and with dramatic gestures and manner, said: "The crime of the murder of Goebel is but little less in degree than your crime to Youtsey. You gave him that key; under your influence Youtsey went. All the while that you were conspiring with Youtsey to have Goebel killed you were conspiring to cover up your own guilt and to let that fall upon Youtsey." "Mrs. Powers Prostrated. "Barbourville, Ky., Aug. 20.—Caleb Powers' mother has been prostrated ever since she heard of her son's conviction. Mrs. Powers said her son had at all times proclaimed his innocence to her, and she relied upon his word. Powers' father is an old man, a farmer of moderate means. It is said he has about exhausted his financial resources in his son's behalf.

# PEKIN POSSESSED

## The Allies Have Entered the Celestial Capital City.

### THE ENTRY MADE WEDNESDAY.

#### The Advancing Forces Met With Stubborn Resistance, but Rejoiced to Find the Legation Safe.

Washington, Aug. 18.—The allied armies have captured and entered Peking in the face of obstinate resistance, and the members of the foreign legation are safe. Official confirmation of the fall of the Chinese capital came to the United States government last night in the shape of two cablegrams, one from Admiral Remy and the other from Consul Fowler at Che Foo. Admiral Remy's dispatch is as follows: "Taku, Aug. 17, 1 a. m.—Bureau of Navigation, Washington: Just received telegram from Tien Tsin, dated Aug. 16, 10 p. m.: 'Peking was captured on Aug. 15. Foreign legations are safe. Details follow shortly.' "REMEY." "That from Consul Fowler is contained in the following: "Che Foo, Aug. 17.—(Received Aug. 17, 7:55 p. m.)—Secretary of State, Washington: Japanese admiral reports allies attacked Peking, east, on Aug. 15; obstinate resistance. Evening Japanese entered capital with other forces. Immediately surrounded legations. Inmates safe. Japanese loss over 100; Chinese 300. FOWLER." Previous information which has been received here showed that the allied army took possession on Aug. 12 of Tung Chow, twelve miles from Peking. After a halt of three days for rest and preparation the army attacked the capital. The officials here knew the stronghold of the boxers was in the Chinese city and that if the allies were to attempt to force their way through it into the Tartar city, in which the legation compounds are located, it might mean a great loss of life and possibly defeat. It was also known that the imperial troops, which have sided with the boxers, were many of them, in or near the Chinese city, and that much of the artillery and rifle firing which had been poured into the legations has been from the walls separating the two cities. These facts evidently were communicated to Gen. Chaffee and the other commanders of the allies. Realizing these obstacles, it appears that the allies decided to attack the city by the east gate. There are four entrances to the city on the east, two leading to the Chinese city and two to the Tartar city. Just which one of these was selected as the attacking point Consul Fowler's dispatch does not disclose. Contrary to press reports of Thursday, Consul Fowler's dispatch shows that the attack on the city met with strong resistance. The Japanese force engaged with the advance numbered 10,900 men. "Bloody Battle. "Moorehead, Ky., Aug. 18.—The Adkins and Howards had a bloody battle in Elliott county Thursday night, in which one of the Howards was shot dead and another was shot through the lungs and is expected to die. "Fitzsimmons and Sharkey will fight at Coney Island on the night of the 25th. "Laid to Rest. "New York, Aug. 18.—Services at the funeral of the late C. P. Huntington at the Fifth avenue residence Friday were marked with simplicity. They were conducted by Rev. A. Woodruff, Halsey of the Presbyterian board of missions in the drawing-room. The pall bearers were D. O. Mills, Edward King, Frederick P. Olcott, Edwin Hawley, Chas. H. Tweed, Martin Erdmann, R. P. Schwerin and C. Adolph Low. Interment was at Woodlawn cemetery. "Hottest of the Year. "Little Rock, Ark., Aug. 18.—Friday was the hottest day of the year in this vicinity, but no prostrations are reported here. At Pine Bluff there were three, as follows: Wm. Dawson of Carlinville, Ill., dropped dead shortly after supper; Sterling Usery, a planter at Redfield, fell unconscious in the street, and Fred Maher, collector, was overcome in the street and may die. The thermometer there reached the 100 mark.

# EVENTS OF EVERYWHERE.

There are about 250 flowing artesian wells in and about Roswell, N. M. Maj. A. A. Whitney of the sixth infantry died at Manila. The Dakota elevator at Buffalo, N. Y., burned. Loss, \$500,000. Carl Laufs, the well-known playwright, died at Cassel, Germany. The pressed glassware factories at Pittsburg, Pa. have resumed work. A supposed insane girl sent poisoned flowers to the Chinese minister at Paris. William Steinitz, the noted chess-player, died at Manhattan State hospital, New York. Chief Wilkie is satisfied there is nothing in the story that the anarchists have drawn lots to kill President McKinley. Thomas C. McRae of Prescott was renominated at Arkadelphia by the Democrats of the third congressional district of Arkansas. The City of Seattle arrived at Port Townsend, Wash., bringing considerable gold from Skaguay. Senator Mason of Illinois was a passenger. About 200 telegrams and cable messages from all parts of the world were received by Mrs. C. P. Huntington. At her request none will be made public. President Zelaya was formally proclaimed the intention of the Nicaraguan government to take part in the pan-American exposition at Buffalo. President San Clements of Colombia has resigned, according to a Bogota dispatch. The vice president will serve out the four years remaining of the term. The Hamburg-American line steamer Deutschland made the trip from New York to Plymouth, Eng., in 5 days, 11 hours and 45 minutes, which beats the record. According to a dispatch to the London Daily Express from Lorenzo Marquez, it is reported there that Gen. Dewet has succeeded in joining hands with Commandant Delarey. Parejta, the well-known bandit, was killed about twenty miles from Santiago by a corporal of the rural guard. This outlaw, who was a Cuban mulatto, had been terrorizing the country for several years. He was a thoroughly desperate character and committed many murders. The postmaster general issued an order directing an investigation as to the cost of construction, operation and utility of all pneumatic tube systems for transmission of mails. There is an appropriation of \$10,000 for the investigation, which will be conducted in a few cities. The official report of the Colombian commander in the recent battle at Panama says the rebel casualties were 600 and those of the government 100. The commander intimates that the consuls favored the rebels, and that their intervention was dangerous and pernicious. The Italian colony in Berlin held a special service in memory of the late King Humbert at Beethoven hall. Count Lans di Busca, the Italian ambassador, was present. Messages of sympathy were telegraphed to King Pan-American exposition at Buffalo, queen dowager. An indignation meeting was held at Hamburg, Germany, by the dock laborers who went on strike about a month ago, and have since been locked out, to protest against Emperor William's characterization of them as "fellows without honor and without a fatherland." President Benjamin Norton of the Toledo, St. Louis and Western, denied the stories that are being sent out that the Clover Leaf is now the property of the Missouri, Kansas and Texas and the Chicago and Erie. A dense fog, a moment's drowsiness of a telegraph operator, and a mistake in orders caused two trains on the Grand Rapids and Indiana railway to collide. Seven deaths resulted and about twelve injuries. The fog hid everything from sight. The Berlin Catholic paper, Germania, says it learns that altogether ten out of fifty missionaries in the Vicariate of Southwest Pe Chi Li have been murdered and that 300 converts have suffered the same fate. The London foreign office has a telegram from Sir Nicolas O'Connor, the British ambassador at Constantinople, announcing that the British vice consul at Van, while traveling near Elk, was fired on by Kurds and his dragoon was wounded.

# LITTLE OPPOSITION

Manifested to the Indorsement of Democratic Ticket.

## BUT SOME ARE DISSATISFIED

And Will Hold Another Convention at New York City and Will Place a Ticket in the Field.

Indianapolis, Ind., Aug. 17.—The Liberty Congress of the American League of Anti-Imperialists Thursday emphatically indorsed the candidacy of Wm. J. Bryan for president. The resolutions to that effect were read to the convention by Col. Charles R. Godman of Massachusetts, who moved their adoption, after stating that the entire committee of twenty-five had indorsed them. The convention, however, did not adopt the platform as submitted by the resolutions committee, without a prolonged and heated debate. Thomas M. Osborne of Auburn, N. Y., leader of the "third ticket" movement, offered an amendment to strike out indorsement of Bryan and his amendment was vigorously supported by several delegates, but when the previous question was ordered less than a score voted against the Bryan indorsement. The vote was viva voce, and its exact result will never be known, but this sentiment of the convention was clearly shown as being in favor of the indorsement of Bryan as the most effective manner of checking the alleged imperialistic policy of the administration.

The most vigorous opponents of the Bryan pronouncement in the platform were also admitted as delegates to the Anti-Imperialist Congress. They were ably led by Thos. M. Osborne and advocated the nomination of a third ticket on the theory that their followers, while opposed to President McKinley were not prepared to accept Mr. Bryan on the Kansas City platform.

Col. Charles R. Godnow and Edwin Burritt Smith were the chief supporters of the platform as reported, claiming that all political questions were now subordinated to the one question of imperialism, and that all opposed to the present administration should unite to overthrow it in the most effective and available manner possible.

The speakers who opposed the Bryan plank in the platform were received with jeers and cries of "Time" from the delegates, and Chairman Zeisler at times had difficulty in obtaining a hearing for them.

After the adoption of the resolutions indorsing Bryan, the representatives of the third party movement met and selected Thos. M. Osborne of Auburn, N. Y., for permanent chairman and Everett V. Abbott of New York for permanent secretary.

A motion was made and carried that a convention be held in New York City, Sept. 5, for the purpose of nominating a ticket.

It is said that the third party men offered the presidential nomination to Moorfield Storey of Massachusetts, but that Mr. Storey declined the honor. Wm. I. Palmer of Colorado was reported to be their choice for vice president. The leaders of the movement said that they expected a large representation at their convention in New York on Sept. 5 and that the candidates for president and vice president would then surely be nominated.

Secretary Mize of the Liberty Congress received a letter from Wm. Lloyd Garrison of Boston, pledging the writer's support to Bryan.

Louis R. Ehrlich of Colorado presided at the public meeting Thursday night. The large crowd present manifested much enthusiasm at the introduction of Chas. A. Towne. He said in part: "As I view this crisis, it is nothing short of a duty to come to the rescue of the imperiled institutions of the republic. It was the deliberate purpose of the founders of this republic that it should be a nation lacking those powers whereby it could perpetrate an injustice. And because we oppose the perpetration of an injustice upon the brown man in the Philippines, they call us little Americans."

To be Held at Saratoga.

Saratoga, N. Y., Aug. 17.—The Democratic state committee voted to hold the state convention of the party here Sept. 11.

### INGALLS DEAD.

The Noted Kansan Departs This Life at East Las Vegas, N. M.

Las Vegas, N. M., Aug. 17.—Former United States Senator John J. Ingalls died at East Las Vegas, N. M., at 2:25 a. m. Thursday, surrounded by his wife and two sons, Ellsworth and Sheffield. The funeral will be held in Atchison, Kan.

Senator Ingalls' illness dates from March, 1899, when at Washington his throat began troubling him. He was treated by several specialists without relief, and on their advice returned with his family to Atchison.

The remains of Senator Ingalls were started for Atchison, Kan., his late home, Thursday afternoon, accompanied by Mrs. Ingalls and her youngest son, Sheffield.

Senator Ingalls leaves a widow and six children.

John J. Ingalls was born in Middleton, Mass., sixty-seven years ago. He graduated at Williams college in 1855 with high honors, and removed to Kansas three years later. He held offices prior to the civil war, and was major, lieutenant colonel and judge advocate of Kansas volunteers during the great struggle from 1861 to 1865. He was elected as a Republican to the United States senate in 1873, and twice thereafter.

### Must First Deliver Them Up.

Washington, Aug. 17.—At the close of a day of intense anxiety the department of state Thursday night made public the latest correspondence between the United States government and China, dispelling all doubt and uncertainty as to the American policy in the present critical juncture. The urgent, almost pathetic appeal of Li Hung Chang, submitted early in the day, that the victorious march of the allies stop at Tung Chow and that the military commanders in the field be instructed to arrange an armistice at that point, was met with a response that Gen. Chaffee had already been given complete instructions empowering him to carry out an arrangement in concert with other commanders for the delivery of the ministers and the persons under their protection to the relief column, not at Tung Chow, as had been suggested, but at Pekin.

At the same time the authorities gave out the latest dispatch from Minister Conger, received through the Chinese minister, Mr. Wu.

The American reply was sent to the Chinese minister, who cabled it to Li Hung Chang.

The United States declined even to consider the proposition of Li Hung Chang for a halt and an armistice at Tung Chow. Even the supreme appeal of the venerable Chinese statesman that the Chinese empire would be shaken by an advance of the allies beyond Tung Chow was not heeded.

This second order, already sent to Gen. Chaffee, specifically states that if the Chinese authorities are willing to deliver the legation "to relief column at Pekin," then Gen. Chaffee is authorized to make and carry out an arrangement in concert with other commanders without awaiting the slow processes of a reference to Washington. Whether this arrangement is to be an armistice, a truce or some other device of military science, is for him to decide at Pekin. The latest dispatch from Minister Conger was almost a categorical answer to the inquiries of the state department. That the situation is desperate is shown by his statement that one of the attacks upon the legation occurred the night before the dispatch was sent.

### Alleged to be Ineligible.

Chicago, Ill., Aug. 17.—A special to the Record from Lincoln says:

A sensation has been caused by the discovery that Wharton Barker, middle-of-the-road candidate for president on the Populist ticket, is ineligible for the office to which he aspires. It is said that while superintending some improvements in Russia some years ago Mr. Barker was made Lord of St. Wenchelas by the czar. Before accepting the title he did not ask congress to grant him the privilege, and he is therefore said to be ineligible, because he forfeited his citizenship by accepting the honor without permission of the United States authorities. If this proves true, Mr. Barker must step down and out. Ignatius Donnelly would succeed him as candidate for president, some one else being chosen as candidate for vice president.

Eugene Van Buren, colored, was drowned at Fort Worth, Tex.

### PEDAQQQUE PERCENTAGES.

The White Teachers Average Seventy Five, the Colored Forty-Five.

Austin, Tex., Aug. 20.—The summer normal board of examiners has just finished its work of grading the examination papers of all the applicants for certificates in the 116 normals in the state this summer. There were thirty-two colored normals and seventy-five white that took the examination. Nine colored normals refused to take any examination for the one reason that white were sent in charge of the questions. They were precisely the same questions as were used at all other normals for certificates of all grades. Three hundred and sixty-five of these were successful and 446 failed to make the grades required by law. Forty-five per cent of the negroes therefore received certificates. Two thousand one hundred and eighty-three white persons applied for certificates, of which number 1600 were successful and 583 were failures; 73 per cent, therefore, of the whites received certificates. To negroes were granted 301 certificates of the second grade, sixty first grade, no permanent primary certificates and two permanent certificates. To the whites were granted 935 certificates of the second grade, 606 of the first grade, 31 permanent primary and 28 permanent certificates.

Among the colored normals the largest number of applicants for certificates was 44 at Marlin, closely followed by 42 at Mexia and 41 at Caldwell. The smallest number of applicants among the colored normals was two at Prairie View, the next lowest being ten at Bonham. The largest number of applicants among the white normals was 77 at Belton, closely followed by 64 at Georgetown and 58 at Cleburne and 59 at San Antonio. The smallest number of applicants among the whites is three at Myrtle Springs and the next lowest was seven at Cooper and seven at Sherwood. The total attendance at these normals was about 5000. The average number taking the examination at the various normals is twenty-nine.

### Lost His Life.

Cleburne, Tex., Aug. 20.—On Saturday Will Johnson, aged 18 years, was accidentally killed at the St. Louis-Murphy mining shaft about three miles east of the city limits. The particulars, as told by Mr. St. Louis, the owner of the shaft, are about as follows: Will Johnson and three other boys went to the shaft while the workmen were temporarily absent and agreed in turn to let each other down with the windlass hoist. Johnson went down first, and in a very few minutes started to be drawn up. The others asked to do, but when about half way up the unfortunate boy fell out and was killed. Mr. St. Louis arrived about this time and went down into the shaft himself and brought up the body.

### Lightning's Work.

Hallville, Tex., Aug. 20.—On Saturday the residence of Mr. Lon Morgan, a farmer living four miles southwest of here, was discovered to be on fire, but it was put out with very little damage. The family had not fully recovered from their fright when Mr. Morgan's son, aged about 4 years, who was playing near the house, was struck and instantly killed by lightning, almost every bone in his body being broken. The little fellow's sister was knocked down and badly shocked.

### Many Excursionists.

Galveston, Tex., Aug. 20.—Sunday was the banner excursion day of the season in Galveston, there being 3621 visitors here, exclusive of the crowds from Houston and other nearby towns. The Santa Fe had a special train from points on the Lampasas branch, two special trains from Belton, Temple and points south. The Katy had a special from Waco and points south, and the Houston and Texas Central the same. The Southern Pacific had two special trains.

### Fight and Fatality.

Paris, Tex., Aug. 20.—At a negro picnic four miles southeast of town Saturday evening a fight took place, in which a number were engaged. Clyde Gray was stabbed in the back with a pocket-knife, the blade breaking off in the flesh. While a number of women were returning from the picnic the wagon ran off the side of a bridge. The wife of Levi Parker sustained a fractured skull, and several other women were hurt more or less.

### BOLD SWINDLE.

Two Telegraph Operators Secure a Large Sum From a Bank.

San Antonio, Tex., Aug. 18.—The Uvalde national bank was made the victim of an audacious swindle by which two telegraph operators secured \$4500 cash and made their escape into Mexico. A man walked into the office of the bank and stated he wanted to draw \$4500 on J. Woods & Sons, bankers, of San Antonio. The Uvalde bank of course wired the San Antonio bank for confirmation of the man's claim and his request for the heavy draft. Just beyond the town of Uvalde another telegraph operator had tapped the Western Union wire and was waiting for the message from the Uvalde bank. He caught the message and after a short lapse of time he wired back over the signature of J. Woods & Sons that it was all right and to let him have the money.

The man got the money and then with his confederate fled to Mexico. The break in the wires was promptly replaced and the watter did not come to light until J Woods & Sons opened their mail Friday morning.

### Slain in a Saloon.

Houston, Tex., Aug. 18.—Friday evening Arthur Smith was stabbed to death in a saloon on Texas avenue, between Main and Travis streets. V. A. Oden was soon after placed under arrest by Special Officer E. C. Power. Jhon Seurich, who was behind the bar at the time, stated that Oden came to the bar and wanted to get a glass of beer on credit. Oden latter took out the money and after drinking went to the cashier to pay for it. Smith, who was there, it is alleged, offered to lend Oden a nickel. Oden and Smith had some words, followed by a collision, in which Smith was stabbed twice in the back and died just after he had walked out of the bar-room. Witness testified that Oden cursed Smith and drew a knife on him and Smith struck him with a billiard ball and fled around the tables and was stabbed twice by Oden. Recently Oden came here from a point on the Central railroad. He has a wife and child. Smith was in the saloon business. He came here from Dallas five or six years ago, where he was employed two years or more. He came originally from Knoxville, Tenn. He was about 30 years of age. Oden is in jail charged with murder.

### Mrs. Kingsbury Released.

Waco, Tex., Aug. 18.—Mrs. Eva Kingsbury, the widow of Myron C. Kingsbury, was before Judge Sam R. Scott on a writ of habeas corpus, on a charge of murder in connection with the horror occurring on the 30th ultimo, in which her husband, Myron C. Kingsbury, and her brother, Duncan McLennan Jr., were butchered. Mrs. Kingsbury, pale, and her pallor enhanced by the sombre dress she wore, appeared in the courtroom attended by her lawyers and friends. In addition to the inquest testimony Policeman Moore, Justice Earle and one or two other witnesses deposed to facts occurring subsequent to the murder. After going over the testimony and hearing the arguments. Judge Scott ordered that Mrs. Kingsbury be discharged.

### Large Attendance.

Corsicana, Tex., Aug. 18.—The attendance on the second day of the Central Texas Negro Fair association was much better than it was the first, and the races being the principal feature, though there were other good ones. The exercises were opened with prayer by Rev. Wilkins of the Baptist church, and then the rival candidates for queen of the carnival read their essays.

### Lunch Counter Stabbing.

Texarkana, Tex., Aug. 18.—Dick Steel, a mechanic, living here for the past twenty years, was stabbed by a stranger while eating lunch at midnight Thursday night. The knife entered the body near the shoulder, making a gash six inches long and one and a half inches deep. The wound, while very painful, is not regarded as dangerous. The stranger, who said his home was in Richmond, Ark., was locked up.

### Fatal Fall.

El Paso, Tex., Aug. 18.—Charles Whitehead fell from a second-story window late Thursday night and received injuries from which he died at noon Friday. One arm and leg were broken by the fall, but death was the result of internal injuries.

### MOB FOILED.

As the Prisoner Was Taken for Safe Keeping to Marshall.

Longview, Tex., Aug. 17.—A mob was organized Wednesday night to lynch John Dickson, the negro charged with attempting to assault a young white girl here a few nights ago but the mob was foiled.

Sheriff Howard learning of the plan spirited the negro away, and when the mob called at the jail a number of them were shown through the building here a few nights ago. But the mob there.

Members of the mob began to gather about 9 o'clock. Noiseless figures began moving to and fro. The only word uttered was "Howdy." When this word fell on the ear the dusky forms would meet and whisper conversations would take place. The objective point seemed to be under the tall heavy foliage of the trees in the courthouse yard, and not an articulate word could be heard. If pedestrians were met and the "Howdy" omitted they were given a wide berth. Under these trees were about 100 men. A committee was sent to the jail near by to investigate the rumor that the negro had been spirited away. The committee was met by the jailer, who invited it to search the jail, when it did to its satisfaction, convincing themselves that John Dickson was not in the jail. The chagrin and indignation were terrific and but for the counsel of cooler heads some other negroes who had been circulating evil reports in order to turn public opinion would have been lynched.

Some of the mob were partly disguised. By some means Sheriff Howard had learned of the plans and just about dusk was seen going through back streets to the jail and in a roundabout way drove rapidly toward Marshall. The livery stable keeper was seen and acknowledged that the sheriff had got his best and swiftest team.

Marshall, Tex., Aug. 18.—The negro, John Dickson, who is charged with attempting to assault a young lady at Longview last Monday night, was conveyed to the county jail here Thursday night by Sheriff John Howard of Gregg county.

### Labors Finished.

Austin, Tex., Aug. 17.—The state board of summer normal examiners, which has been in session for thirty days, finished its labors Thursday and the members departed for their respective homes.

The papers of 3050 applicants were examined and graded. The percentage of those passing has not been figured as yet, but it is expected that the general average will exceed the former number passing, which was about 49 per cent of those taking the examination.

The total applicants would have been increased by 500 had approximately that number of negroes not walked out and refused to take the examinations because of Superintendent Kendall's action in appointing special examiners at several colored normals. In connection with these withdrawals Superintendent Kendall is in receipt of a very sensible letter from the conductor of the colored normal at Edna. He says, in effect, that when an examiner was appointed over his normal those in attendance attempted to walk out, but he refused to allow it, telling them that such a move would convict them of improper designs in the examinations.

### Populist Encampment.

Comanche, Tex., Aug. 17.—The Populist encampment closed Wednesday night, after two days of public speaking. Wednesday morning, beginning at 10:30, ex-Congressman M. W. Howard of Alabama spoke about two hours. He was introduced by State Chairman H. F. Jones.

In the afternoon Clarence Nugent, Populist nominee for lieutenant governor, spoke. He asserted that Judge T. L. Nugent was elected governor in 1894, and that Jerome C. Kearby was elected governor in 1896, but that they had both been counted out. Wednesday night Col. Felter of Illinois spoke.

### Probable Headquarters.

San Antonio, Tex., Aug. 17.—Chairman James B. Wells of the Democratic state executive committee declined for the present to make public plans for the fall campaign except to say that the campaign will be opened briskly at a later day. San Antonio will probably get the headquarters, with Hon. Jeff McLemore installed as secretary of the committee.

George Murray was found dead in a section house at Kennedale, Tarrant county, Texas.
