Some of these people select and buy the leather, while others are at the Heads of different departments building shoes. It is the duty of some to make Work-Shoes, others make Medium-Weight shoes, others extra Fine shees, such as the American Lady and the American Gentleman Shoes-While others are busy year in and year out making the Security School Shoes. The heads of these different factories being directly interested in this business, it stands to reason that they are doing all in their power to produce the Very Best, and by their co-opperation, they are not only producing more shoes than any other concern, by \$2 000000, but their production is the stand-

ard of quality and style, the World over, and we are proud to be the agents of a factory, the Largest in the World who have never had a Strike and who have men in their employ, who began with Them as errand boys, when quite small and are now gray headed. This goes to show the True Spirit of this most wonderful organization, - Whose out put makes that of competing on Specialty Lines, look like 15cents.
