Dimmitt Bobcats to Open Football Season In Clash With Olton Mustangs

The 1943 Bobcat football team will open its season on the local gridiron next Friday afternoon, September 10, at 4:00 o'clock, with the Mustangs of the Olton High schools. These schools have been rivals in athletics for several years with the Mustangs holding supremacy in football, while the Bobcats have dominated in basketball. This year the Bobcats are going to try to break this jinx. Local fans will remember that the 1938 Bobcat team which defeated teams of this area in rapid succession suffered a 12-0 defeat at the hands of the Mustangs.

This year's team will boast five regulars of last season in Captain Bill Birdwell, quarterback; Co-captain Raymond Mobley, right halfback; Kenneth Jackson, left end; John Curtis, right end; and Ray Aldridge, left tackle. Others who lettered last season and who are expected to report are: Bill Madron, left guard; Marvin Perry, right guard; Jim Dyer, right tackle; Glenn Godfrey, right end; Thomas E. Harrison, right halfback; and Troy Stewart, left halfback. Other squadmen from last season include: Les Ashcraft, quarterback; Charles Henry Howell, guard; and Billy Carthel, end. A. Bagwell, whose only football experience was spring training, looks like a natural at the pivot position. Freshmen who will be at this year include: Bill Huckabay, Bascom Nelson, Jr., Elbert Smith, Andrew Behrends, Frances Jackson, Maderith Jackson, Joe Harrison, Charles Clark, Charles Dyer, Earl Greathouse, John Cryer and Jack Brannon. Billie T. Ayers and J. E. Harmon, both newcomers, complete the roster.

A complete schedule of nine games have been scheduled as follows:
September 10—Olton (here)
September 17—Dalhart (there)
September 24—Dumas (there)
October 1—Friona (here)
October 8—Hereford (here)
October 15—Tulia (here)
October 29—Springlake (there)
November 5—Springlake (here)
November 12—Friona (there)
* Conference games.

Sports Cited For Value In Physical Fitness Program

"The elementary and secondary school Physical Fitness Club program of the Health and Emergency Medical Service, Texas Civilian Defense, organized and sponsored by the University of Interscholastic League is recognized throughout the Nation as one of the best of all state plans for sponsoring physical fitness activities in the schools," Dr. George W. Cox, State Chairman on Health and Emergency Medical Service, recently declared in Austin.

This program is organized on a voluntary basis, and is three-fold in its scope. First, it includes dental and health examinations; second, participation in the school's required physical fitness activities, and third, participation in organized games.

Such a program will make a valuable contribution to national fitness in that it will develop in the individual organic power, neuromuscular skills and endurance. In the first year over 200 clubs have been organized in Texas public schools with approximately 12,000 boys and girls participating. Nearly 400 boys and girls qualified the first year for the individual physical fitness certificate award.

With the beginning of the 1943-44 school term the University Interscholastic League will again actively promote the physical fitness club program in the schools throughout the state. The aim for the year will be to have one or more clubs in every school and to qualify thousands of boys and girls for the Texas Victory Physical Fitness Certificate.

WAR RATION BOOK NO. 3 VALID SEPTEMBER 12

War Ration Book 3 will become valid September 12 and the brown stamps in the book will be used by consumers to purchase rationed meats, fats and oils and rationed dairy products starting on that date. The brown stamps in Book 3 will go into use as stamps in current Ration Book 2 run out.

New Low In Tire Shortage Forseen By Rubber Director

Following is a letter received by the local War Price and Rationing Board from the office of W. M. Jeffers, Rubber Director, and signed by Mr. Jeffers:

"Here are the true facts on the tire situation in America today: In spite all statements and rumors to the contrary, the Nation's Stockpile of new and usable tires is dwindling rapidly and the lowest point in history is going to develop between now and the end of September.

"The very few experimental synthetic tires now being made and scheduled to be made during the next few months are just a drop in the bucket compared with the need. I can see no immediate relief. America's newly developed supply of synthetic rubber must be diverted first to hundreds of military needs. America's rubber factories must consecrate their facilities on the manufacture of the most vital war products first.

For these reasons, even under the most optimistic conditions, we shouldn't expect to get many tires even for essential civilian driving until late this year or mid-1944. Only those drivers whose work is most essential to the winning of the war can count on new replacement tires for at least the next twelve months.

"There is a solution to this problem. It is to conserve the largest stockpile of rubber in America today—the tires on America's cars. This can be done by careful driving, by obeying speed limits, by exercising sensible tire care, and by recapping when necessary.

"You owe it to your country not to let any of your tires become worn beyond the recapping point. Save the carcass! Once it is gone, for most drivers, it cannot be replaced. It is your patriotic duty, and one of the most vital things you can do to help keep America's vital transportation rolling."

Cull Irish Potatoes Being Used For Hog And Cattle Feed

With the price of cull Irish potatoes around 20c per 100 lbs. many farmers in Castro county are feeding them and county agent May gave the following information about the value of potatoes for feed. It takes about 400 to 450 lbs. of potatoes to equal 100 pounds of grain, stated in another way 100 lbs. of potatoes are worth about 22 to 25 per cent as much as 100 lbs. of grain. For hogs, potatoes, fed after cooking, have a somewhat higher value.

In feeding potatoes to cattle they should be chopped and fed gradually to them until they become accustomed to eating them. They should not be fed as the sole feed but only as a portion of food eaten by a cow. Unless the potatoes are chopped, when fed to cattle, there is a danger of choking which must be closely watched.

In feeding potatoes to hogs they should be cooked and fed in the proportion not greater than 4 parts of potatoes to 1 part of grain. It is best to add a small amount of salt to the water in which the potatoes are cooked for hogs, to increase the palatability. The potatoes should be cooked thoroughly, and in the water in which they are cooked should be discarded, as it is not palatable. Cooked potatoes mixed with grain make a feed that most hogs like. Raw potatoes generally produce poor results when fed to hogs.

Potatoes are rich in starch but very low in protein. If stock are to do well on potatoes they must have protein to mix with them, or other feeds.

Proclamation

RECOGNIZING THE FACT that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this third war loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and sons who are under fire on a dozen fronts all over the world. It is my earnest hope that every American will realize that in this Third War Loan he has an opportunity to express his loyalty and under the guidance of his conscience, the extent to which he will "back the attack."

The American people started well the first and second War Loan drives and in fact even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask for more sacrifice, for more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington, this twenty-sixth day of July, in the year of our Lord nineteen hundred and forty-three, and of the Independence of the United States of America the one hundred and sixty-eighth.

By The President — FRANKLIN D. ROOSEVELT
CORDELL HULL Secretary of State

Estimated Ten Cars of Scrap to Be Shipped From Castro Co. Salvage Drive

The ever increasing pile of scrap at the railroad siding in east Dimmitt is mute evidence of the thorough job of salvaging being done by the mobile collection unit of the Amarillo Air field, under the direction of Lieut. Joseph F. Skowronek.

In a statement to a representative of the News-Lieut. Skowronek declared that the total collection of scrap in Castro county would probably exceed 600,000 pounds, or estimated 10 car loads. Six cars have been spotted at the loading site three of which have already been loaded.

In expressing his appreciation for the fine cooperation in the scrap drive, by the citizens of the county, Lieut. Skowronek stated that as a result of the team work between the civilians of the county and the Mobile Collection Unit Castro County would far exceed other counties, visited by the salvage unit, in the donation of scrap.

All residents of Dimmitt are urged to accumulate all scrap metal on their premises, that they wish to donate to the scrap drive, and to notify county judge Cunningham or some member of the salvage unit so that it will not be overlooked in the city-wide salvage drive.

County Fair Committees Named At Meeting Fri.

Service Men Entertained

Mr. and Mrs. R. V. McMahon entertained a number of service men and local residents with a chicken and ice cream supper in their home Wednesday night. Those present for the delightful occasion were: S-Sgt. Jack Stella, Robert P. Thomason, Pfc. Jessie B. James, Pfc. Michael Mixa, Pfc. Charley Ritter, Pvt. Sidney J. Simonson, Bernice Broadstreet, Jo Ella Broadstreet, Dorothy Stork, Rosemary Guggemos, Fern Winkler and son, Phyllis Youts, Hazel, Nell and Janette McMahon, and Mr. and Mrs. R. V. McMahon. Following the bounteous meal the group spent the evening in conversation and enjoying radio entertainment.

MITCHELL — ROGERS

Miss Bobbie Mitchell of Dimmitt and Mr. Charles Rogers of Vernon were united in marriage Sunday in Clovis, N.M., at the home of the officiating minister. The charming bride is the daughter of Mrs. Robert Calhoun of Dimmitt and has a host of friends and admirers in this community.

Mr. and Mrs. Rogers are making their home in Dimmitt, and have employment in The Hotel Coffee Shop.

Dimmitt Man Gets Good Conduct Medal

Lubbock Army Air Field, Aug. 30—The Good Conduct Medal has been presented to Sgt. Jack J. Curtis of Dimmitt by Colonel Ralph E. Holmes, commanding officer of this twin-engine air field. The medal is presented to soldiers who have served a year in time of war with a rating of excellent as to conduct and efficiency on their jobs.

CLASS ENTERTAINED

The Sunshine Class of the Methodist Sunday School was delightfully entertained in the home of their teacher, Mrs. Joe Gollehon, Tuesday night. A picnic supper was enjoyed followed by a hay ride. Members of the class to enjoy the evening were: Ann Sherry, Betty Ann Sherrill, Lois Rae Barnette, Zelma and Thelma Hershey, Flossie Lay, Cleta Fay and Margie Newton, Ruth Drake, Wanda Ruth Gollehon, Joe Harrison, Bascom Nelson, Jr., Jackie Brannon, Orrin Howe, Junior Fulfer.

Sgt. Kitten Smith of Chesapeake Bay, W. Va., is here for a visit with her parents, Mr. and Mrs. Ray Smith.

Assembly Of God Church And Sunday School Organized Here

As a result of the revival meeting conducted here for the past few weeks under the auspices of the Assembly of God, a local assembly of God church has been organized. Mrs. M.D. Nixon will serve as pastor of the newly organized church. She will be assisted by the following organization personnel: Mr. Bob Hembree, Sunday School Superintendent; Jean Adams, Secretary; Mrs. Nixon Helton and Mrs. Bob Hembree will be the Sunday School teachers. Services of the church are being held in the Presbyterian Church building. According to a statement by Mrs. Nixon, Sunday School classes were begun Sunday with twenty-five members present. The following schedule of services will be observed:

The date for the 1943 Castro County Fair was officially designated as September 24 at a meeting of officials of the Fair Association in the Ramey Harman Implement Co. office Friday afternoon. Mr. E.F. Harman, President of the Association, presided at the meeting and appointed the following Committees:

Arrangements — Jack Gregory, Clarence Beardon, Elmer Youts, D. Neumayer and P.L. Cunningham.

Program and entertainment — F. J. (Stub) Jones, T.E. Harrison, Choc Lay, Bob McLean, Deroy Cates, Dirty Newton, Ray Cowsett and Lee Welch.

The following superintendents of the various departments of the Fair were announced this week:

Livestock Division General Superintendent.— Bill Hochstein, Nazareth

Jersey cattle — J.R. Davis, Hart. Milking shorthorns — Morgan Dennis, Dimmitt.

Swine — Orris Seale, Dimmitt. Agriculture — L.A. Hudson. Hereford cattle — George Burch, Cleo.

Sheep — Barber Eubanks, Dimmitt.

In announcing the selection of the departmental superintendents M.U. May, county agent, declared, "The majority of these men have worked with the fair for several years and have been instrumental in its success. These are the men who do the hard work toward making arrangements for the fair and if you happen in on fair day you will see them working."

Indications are that the county fair this year will be the most successful since the organization of the fair association, as interest in the fair has increased with each passing year, and the trend toward producing better livestock has been exemplified by Castro County breeders in their recent purchases of quality foundation stock.

Included in arrangements for the fair were plans for a parade and rodeo to be conducted on fair day. Although program details have not been announced plans call for a day of elaborate entertainment.

Mrs. G. B. Duncan and son, Robert, and daughter, Mrs. J. C. Cummings, and little daughter, Ann, went to Albuquerque, N. M., last week-end and were accompanied home by Mr. Duncan who had been visiting his brother, Henry Duncan, and family at Dove Creek, Colo.

Buster Byrnes and Ray Lily left Wednesday of last week, following their induction into the Marine corps, for the Marine training station at San Diego, Calif.

Methodist Church

We closed the revival meeting at Friona last Sunday night. We had a good meeting with a number of conversions and additions to the church. Attendance and interest was good throughout the meeting. We missed being in our own church Sunday, but we were glad that the laymen conducted services anyway. Those present report a good service.

So far as we know we will be present every Sunday until annual Conference which meets at Lubbock November 9. We extend to everyone a cordial welcome to all of our services. Sunday School, 10 A. M.; Preaching at 11:00 A. M. and 9:00 P. M.; MYF both Senior and Intermediate at 8:15 P. M.; W. S. of C. S. Monday at 4:00 P. M. Choir Practice and Prayer-meeting Wednesday at 8:00 P. M.

The Board of Christian Education will meet next Monday night at 9:00 o'clock.

The Sacrament of the Lord's Supper will be administered at the close of the 10:00 A. M. service next Sunday.

Sayings:

The slave has but one master; the ambitious man, as many as there are people likely to be useful to him.

It is easier to be wise for others than for one's-self.

A fool always finds a bigger fool to praise him.

The people of Texas really had one slipped over them when a bill was put through almost doubling the salary of an Austin Bureau-crut. Statesmen at Austin, who are so free with criticism of everything that Washington does, seem suddenly to have become stricken with writer's cramp and vocal paralysis when it comes to discussing this outrage right in their own front yard. Don't be shy, gentlemen; speak up and justify hiking a salary from \$4,600 to \$7,500 a year... if you can't justify it. If you can't, don't you think you owe an apology to the taxpayers and that you should tell us what you propose to do about it? A lot of under paid school teachers, the elderly whose pensions have been reduced and overburdened taxpayers in general are waiting and, gentlemen, the folks are really getting sore.

The Casa de Palmas (house of Palms) in McAllen, in the lower Rio Grande Valley, is as beautiful a hotel as the soft spanish name suggests... with a lawn of carpet grass and a patio and portico, amid a setting of tall palms, Pappas and banana trees. After luncheon in this manana land, your columnist followed the custom of the region and took a siesta... (no, Theodore, that's not a drink; it's a nap).

Opposite the Casa de Palmas is a semi-tropical park and just beyond this is the chamber of commerce building, the second largest in the state owned by a C. of C. states the manager and my good friend, Paul Vickers. The auditorium seats 600, and frequent programs given for the entertainment of tourists.

My grandpa never traveled very extensively but he knew of course about the different sections of the country and he predicted that, some day, a tunnel would be built across the continent and a man could enter it in New York city at 9 A.M. and propelled by pneumatic pressure, arrive in San Francisco at 6:15 A.M.—two hours and forty-five minutes before he started.

My country, may she ever be right; but, right or wrong, my country.

This Month's STAR RECIPE

By BETTY BARCLAY

Another month calls for another "Star" recipe — this time for a crunchy cookie that fits equally well into the midnight snack, the worker's lunch pail and the children's school lunch.

Are you out of cinnamon? Too bad! It's the war. But the footnote of the recipe solves this problem.

Crunchies

- 1/4 cup dark corn syrup
- 1/2 cup evaporated milk
- 2 tablespoons sugar
- 1/4 teaspoon cinnamon
- 3 cups Post Toasties

Combine syrup and milk. Add sugar and cinnamon. Add to cereal, mixing lightly but thoroughly. Drop from teaspoon on greased baking sheet 2 inches apart. Flatten with back of spoon in thin lacy discs. Bake in slow oven (325° F.) 15 minutes. To keep cookies from sticking, hold pan over flame for a few seconds while removing from pan. Makes 2 1/2 dozen cookies.

Peanut Butter Crunchies. Omit cinnamon in above recipe; mix 2 tablespoons peanut butter with syrup and milk mixture.

NEWS from YOUR COUNTY AGRICULTURAL AGENT FOR FOOD VICTORY
TEXAS A. & M. COLLEGE EXTENSION SERVICE

Another visit was made to the Amarillo Experiment Station last week by Edwin Ramey, Raymond Annen, Joe Schwaller and myself. This trip was just as interesting at the first for their grass seeding work is showing up fine. Their grazing experiments showed cattle on sudan and native pasture have been making the best gains. The station is now working on buffalo, blue gramma, crested wheat, African loves grass, and Michaels grass principally. The station's heavy seedings of buffalo in 1941 have now made perfect sod and shows that cultivated land can be put back to grass if the right method is followed.

Joe Schwaller of Nazareth has had a lot of experience in feeding potatoes to hogs and cattle. Mr. Schwaller says they make better hog feed than cattle feed and are better feed for hogs if cooked. The best way Mr. Schwaller has found to feed the hogs is to cook them up and mix

with grain and feed them as a slop feed. He has found they make good feed this way and the hogs like them. He has made a large potato masher to mash the potatoes for the hogs after he has cooked them.

Don't forget to cull your hens. Hens that are not laying won't pay the feed bill with the present high prices of feed. Cull those hens that have shriveled combs and are moulting now. They won't make profitable producers.

Another Castro County Fair is scheduled for the 24th of this month. Castro County farmers have always backed this Fair 100% and have made many sacrifices to make the Fair successful. It was the farmers who started the Fair under the direction of W. W. Branscum of the Big Square community. Everyone has learned to look forward to the good Fair and we know the farmers will do even a better job this year.

What You Buy With WAR BONDS

Every shipyard in our country is setting amazing records in the construction of a merchant marine so essential to the transport of supplies and men to the seven seas. The overall cost of these hundreds of ships now building runs into millions of dollars.

Many of them are called "Victory" ships and you are contributing to this victory by your purchase of War Bonds . . . at least ten percent of your income, every payday. We'll need these ships after the war, too, when Peace comes.
