

about  
Dimmitt  
and  
Castro  
county

by bascom nelson

We went bowling last week-end at a nearby town. As usual we were all thumbs and were able to roll ball after ball down the lane without disturbing a single pin.

About half way through the first game things had failed to improve and we were thinking unkind things about anyone who would invent such a waste of time anyway. Then into the lane next to ours came a young chap who would probably be a first grader next year. With a great heave and a grunt he picked a ball out of the holding chute and with further grunting shoved it out into the alley in the general direction of the pins.

The kid got a strike. That is, he knocked all the pins down—a feat we had been trying to accomplish, but without any success. We tried not to notice, since we convinced ourselves it was just luck.

But we would have hated to play against that little chap, because with just one strike he would have made more than we did in twenty attempts.

We learned one thing though—when bowling you throw the ball underhanded, and not like a baseball.

The newspaper staff did a bit of painting and fixing up on the front of the building last week and built a night drop into the front door. This is for the convenience of those who bring their ad copy by at night or for news items to be left when we are not open. It is also suitable for anyone wanting to leave old dollar bills, jewelry, watches or contributions to the Old Printer's Home.

There are several items about schools and education in general in this week's issue of the News. These articles are in sharp contrast to other parts of the nation. While Little Rock schools still forced integration and New York smolder under the infamy of en-schools kick out the one percent "incorrigible" element, Texans are going about improving their schools and trying to find ways of making them more available to everyone.

Probably never before have our schools become so important. We are literally changing from a nation of laboring people and making mental training a prerequisite to virtually all jobs. We once heard a college professor maintain that people must have frontiers to remain virile and strong, and that today we have passed from the frontier of Daniel Boone and Kit Carson to the frontier of science, which for the nation as a whole is as magnetic a challenge as all the wildernesses of the world ever were to mankind.

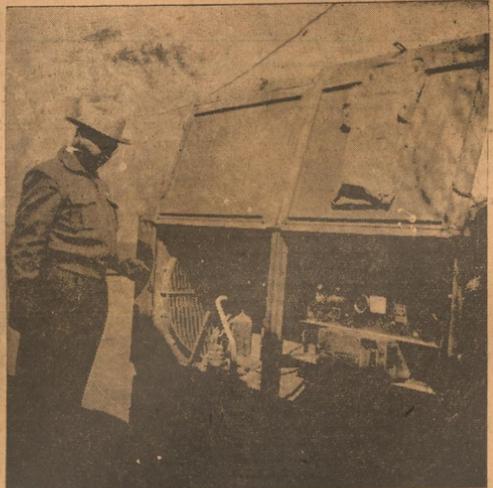

Science, and the teachings of science, are just as provocative to man's curiosity as the other side of any mountain. It is for this reason that we are coming increasingly more cognizant of our schools. This is a situation that has been growing for years and was by no means brought about by missile development, atomic energy or anything else.

A scientific frontier is beset by a few, naturally, just like the frontiers of cowboy and Indian days, and the individual stakes are just as high.

This is one background to the reason the Dimmitt JayCeos are endeavoring to set up a scholarship fund for county youths. With our colleges and universities turning out graduates in present proportions (350,000 degrees conferred in 1955) it will be necessary for a person to have some college work to stay in the running.

Every field is turning to the college graduate as automation and mechanization remove the need for unskilled hands.

Someday there may be as much money spent on our schools as our national government—that's how important they're becoming.

**HOME-MADE ELECTRICITY**—Frank Latimer, Castro County Hospital manager, checks the oil on the engine that turns the generator, that lights the bulbs, that shows people what they are doing when a power failure occurs at the Hospital. Although it is a rare occurrence, Dimmitt had a power failure several weeks ago. A plane ran into a power line north of town and it became necessary to use the generator. Two surgeries were performed by light produced by this system. It was originally purchased as insurance against a tornado or other disaster knocking out Dimmitt power lines. It was purchased surplus (Government cost: \$10,000—Hospital's cost: \$150) and wired in by local electricians. It cost a total of about \$500 by the time it was tuned-up, wired-in and functioning. It has enough power to furnish the normal requirements of one-third of Dimmitt. It may also be placed on wheels so it can be moved to any area in the country which might suffer a disastrous tornado. It is not expected to be used much, since a fair-weather power failure almost never happens in this area.

## Mickey Pelley and Myrna Finch Named to Girls' All-District Team

Forward Mickey Pelley and guard Myrna Finch of the Dimmitt Bobbies were chosen on the all-district girls' basketball team according to information released by Conference 1-AA officials this week.

Honorable mention went to guards Sandra Thompson and Ed Dena Bozner from Dimmitt.

The District 1-AA Basketball Committee met in Canyon on the evening of February 26 and selected an all-district basketball team from the participating schools. It was agreed that the names would not be released until all teams had been eliminated.

District 1-AA is composed of Dimmitt, Tulia, Muleshoe, Canyon, Dalhart and Olan High Schools. Dimmitt won the district championship this year, but was defeated in the bi-district play-offs by Abernathy.

Girls on the all district team other than from Dimmitt were: Forwards, Gwen Williams, Muleshoe; Linda Line, Dalhart; Fern Ramsey, Tulia; Mary Holt, Muleshoe; and Joy Rose, Canyon. Guards are: Bobby King, Muleshoe; Twila Haught, Tulia; Ruthie Hutton, Dalhart; Carolyn Ganton, Canyon, and Charla Granberry, Olan.

Other than the Dimmitt girls on the honorable mention team were forwards Mary Puckett, Muleshoe; Beverly Bryant, Dalhart; Joyce Nicholas, Olan; Marsha Smith, Tulia; Doris Childers, Muleshoe; Traverne Gilham, Canyon; and Wynona Yarbrough, Canyon. Guards are: Vickie Culwell, Tulia; Latrelle Stewart, Olan; Sandra Briscoe, Muleshoe; Anita Ayers, Dalhart; Marilyn Winn, Canyon; and Faythe Love, Tulia.

## Dimmitt Junior Chamber of Commerce Planning On College Loan Fund for Deserving County Students

Dimmitt Junior Chamber of Commerce voted Thursday to go ahead with their plans to set up a permanent scholarship fund for Castro County college students.

The 100 per cent endorsement by members of the JayCeos meant the policy-making committee could go to work and make plans for carrying out the scholarship proposal.

According to an explanation made during the past two weeks by education committee members Calvin Lippard and Bill Reisdorff, the plan would include graduates of all three Castro County high schools. Awarding of the scholarships would be on a basis of need and ability.

Financing will be on a contribution basis, with yearly drives to meet commitments to students. The proposed scholarship at present is \$1,000 per year, although this figure is subject to drastic revision, as is the entire plan itself.

The JayCeos are entering the scholarship field in the hope that eventually the program will be self-supporting. The plan is not a scholarship in the strictest sense

of the word, since the student will be asked to pay back, free of interest, the funds used to finance his way through college.

While the plan may work in any number of ways before a final decision is reached, the purpose is to insure needy students a college education they could otherwise not attain. They will be asked to eventually repay the money, and if the program develops as the JayCeos hope it will be one of the few such community-sponsored programs in the nation.

"One thing we approve about what we have done so far, is that the student pay back into the fund out," said JayCee president Dr. James E. Wohlgenuth. "This way the student can never feel he owes his education to anyone other than himself, and that anywhere he goes he will know that his education and what he has made possible by the people of his home county."

"We want everyone to know about this," he said, "because it must be a community or county project since the JayCeos couldn't support such a program by themselves. We will have to have help and for the first time in our his-

tory in Dimmitt we will find it necessary to ask for contributions. Less than a dollar from each adult in Dimmitt would send some boy or girl to college for a year."

Low wages in college towns, coupled with spiraling inflation, and job scarcity have made it virtually impossible for unskilled college students to pay their own way and finish in four or five years.

Any student who took advantage of the JayCee scholarship would be expected to work and pay part of his expenses so long as it did not interfere with his college work.

While every plan made by the JayCeos thus far may be changed, listed below are a series of questions and answers about the program the JayCeos have developed:

Q: What is the purpose of the Scholarship Fund?  
A: To provide funds for the college education of a student who could not otherwise attend.  
Q: What is the amount of the proposed scholarships?  
A: \$1,000 annually per scholarship granted.  
Q: What area will eligible applicants (Continued on Page 7)

## Dimmitt Produce Company Buys New Equipment

Dimmitt Produce Company Board of Directors last week approved a measure involving extensive additions of new equipment to their vegetable packing plant in North Dimmitt.

Based on an expected increase in Castro County vegetable production, the new equipment will involve enlarging present packing facilities and the addition of another carrot processing conveyor belt. Also included in the expansion program is a mixed vegetable processing machine, permitting the simultaneous packing of some twenty to thirty varieties of vegetables for shipment.

This new equipment is expected to increase the productivity of the plant about 40 percent. This will mean that some nine carloads of vegetables can be shipped in a working day.

The first carrots to be planted for the 1958 season have already sprouted and processing of county vegetables is expected to begin in late July. Pacific Fruit and Produce Company, leasers of the plant, may begin operations considerably earlier than that, processing carrots shipped in from the west coast until the local vegetables are ready if conditions permit.

Builders of the equipment to be installed between now and June 1 is Food Machinery and Chemical Corporation of McAllen, Texas.

Processing of vegetables in Castro County is expected to take from around July 1 until the end of the year. Plantings are staggered so new crops will become ready as harvesting progresses.

**Enjoyed Fishing Trip**  
Messrs. Jack Gregory and Raymond Neumayer are enjoying a fishing trip on the California Delta.

**BIG TURKEY**—Miss Mary Helen Maples shows the dressed turkey with which she won a first prize at the recent San Antonio Livestock Show. She entered the same Broadwhite which had won her a first place in the local County Junior Fat Stock and project Show in January. Her sister, Glenn Ann, won fifth on her turkey, a Broadbreasted Bronze. One of their Broadwhites won fourth in the National Dressed Turkey Show at St. Louis and was also the only Texas turkey to place. Glenn Ann and Mary Helen are the daughters of Mr. and Mrs. Maples. The two girls have dominated area turkey shows for the past several years with their entries.

## Athletic Banquet Set March 29th

Dimmitt High School's annual athletic banquet will be held Saturday night, March 29th in the Grade School Cafeteria.

Principal speaker for the evening will be Joe Kerbel, line coach of the Texas Tech Red Raiders. Master of Ceremonies will be F. M. Nelson.

Kearns Grain Company, through their manager, Mr. Odell Arnold, will again sponsor the banquet.

Attending will be members of last year's football, boys basketball and girls basketball teams and their parents.

Other high points of the program will include announcing the football and basketball queens and their presentation, and the most valuable basketball and football players as selected by their teammates.

According to football coach J. D. Covington, the Dimmitt-Lockney bi-district football game movie will be shown if it arrives in time. Several colleges have requested the film and are presently using it to study the abilities of individual players on the two teams.

Mothers of the school athletes are handling details of the banquet.

**Sheriff's Posse to Meet**  
Castro County Sheriff's Posse will have a family night supper Saturday night March 15th at the Fair ground. All members are urged to be present. Members should bring enough food for their family and guests. Drinks will be furnished. If members or ex-members have any of their equipment they wish to sell they are asked to send or bring it to the meeting so new members will have it available. Plans have been made to ride in the Lubbock parade on Wednesday, March 19th.

## Mary Sue Burt Wins First Place Here In County Senior Spelling Bee

Miss Mary Sue Burt, 13-year-old daughter of Mr. and Mrs. C. M. Burt of Nazareth knew how to spell "initiative," so she is now Castro County's representative in the Regional Spelling Bee in Amarillo on April 26.

Sponsored by the Amarillo Daily Globe-News, the Regional Bee will give Miss Burt a chance to spell down other county winners of this area.

## Hospital News

Patients in Castro County Hospital late Wednesday:  
Joe Norris,  
Rita Herrera,  
Mrs. Ernestine Townsley, Surgical,  
Faye Annen, Medical,  
Mrs. Lottie Wells, Surgical,  
Mrs. Rachel Hunter, Medical,  
Mrs. Ben Smithson, Medical,  
Daniel Frierson, Medical,  
Debbie Underwood, Medical,  
Angelita Barretera and baby boy born March 11th.

Mr. Jim Strohmeier, Medical  
Patients dismissed from Hospital since last week:  
Raul Bustillos, Med., March 10th,  
Eddie Adams, Med., March 7th,  
Mrs. Opha Burks and baby boy, March 7th.

Robert Gollehon, Sur., March 8th,  
Mrs. Billie Jackson, Med., March 8th,  
Mrs. Betty Henkins and baby girl, March 8th.

Bill McCleskey, Surgical, March 8th,  
Allan Webb, Surgical, March 9th,  
Henry Grindstaff, Sur., March 9th,  
Mrs. Elida Campos, Med., March 10th,  
Henry Stalcup, Medical, March 10th,  
Mrs. Marcana Gonzales and baby girl, March 11th.

Andrea Rodriguez, Sur., March 11th,  
Ralph Eequibel, Sur., March 12th.

## Two Elevator Buildings Planned For Construction Here This Spring

Two new concrete elevators will be added to Dimmitt's skyline this spring.

Already under construction by Roberts Construction Company of Sabetha, Kansas, is a 290,000 bushel concrete elevator for Castro County Grain Company at the

firm's location in East Dimmitt.

Work will begin soon on a new Bruegel and Sons Elevator Company addition in North Dimmitt. It will more than double the firm's storage capacity—making a total of some 1,150,000 bushels in capacity. The new concrete elevator will hold 640,000 bushels and will be constructed by Chalmers & Barton Construction Company of Hutchinson, Kansas.

Both are scheduled to be ready in time for wheat harvest. The Castro County Grain elevator replaces two metal buildings recently lost through fire. The firm is also building a sheet-metal storage building at present.

The Bruegel & Sons elevator was constructed two years ago and has been managed by J. R. Brown. The new elevator will be just north of the present structure on the railroad tracks.

## Last Rites Held for J. M. Coke Monday

Funeral services for John Marable (Pete) Coke, 48, were held Monday at 2 p.m. in the First Methodist Church, conducted by Rev. Darris Egger.

Mr. Coke died Sunday at 4:10 a.m. in Amherst Hospital. He had been a resident of Castro County for the past 20 years. Born June 9, 1909 in Clarksville, Tennessee, Mr. Coke was a member of the Methodist Church.

Burial was Tuesday in Rose Hill Memorial Park at Cleburne under direction of Dennis Funeral Home.

He is survived by his wife, Maurine; three daughters, Mary Louise, 18, Gwendolyn Elizabeth, 14, Barbara Nell, 9; three brothers, Wyatt P. of Cleburne, J. L. of Dimmitt, and S. M. of Yakima, Washington; one sister, Mrs. Jewell Gossitt of Dimmitt and thirteen neices and nephews.

## Davis Infant Rites Held Here Sunday

Funeral services for Diana Davis, infant daughter of Mr. and Mrs. Lloyd Davis of Hart were held at 3 p.m. Sunday at Dennis Funeral Home Chapel.

The infant died Saturday in Plainview Medical Center at the age of one day. Interment was in Hart Cemetery.

Services were conducted by Rev. Murlie Rogers, pastor of the Sunnyside Baptist Church, assisted by Rev. Jack Johnson, pastor of the Hart Baptist Church.

## Plains Motor Co. Formal Opening Here Saturday

Harold Stephens (above) is manager and co-owner of Plains Motor Company, whose formal opening will be held Saturday. The firm was known formerly as Castro Motor Company under ownership of Clarence and Ray Bearden until several months ago.

Plains Motor Company is the Ford agency for Castro County. Door prizes will be awarded persons attending the Grand Opening Saturday and registration will be from 10 a.m. until 4 p.m.

Stephens was secretary of the local Dimmitt National Farm Loan Association for about ten years before assuming his new duties.

Prizes were awarded by Dimmitt firms. Highest was \$15 from Pinner Insurance Agency to Miss Burt for her first place senior division. Other donors were Dimmitt Motor Company, Plains Motor Company, Woodell Insurance Agency, Taylor-Harrison Insurance Agency, First State Bank, Cowen Insurance Agency, and City Drug Store.

The county spelling bee was held Friday in the District Court Room. Prizes for the best boy spellers were available, but there were none entered.

Hart schools had no entrants in the contest.

Junior Division winners may go to the Amarillo Regional Spelling Bee banquet, but will not participate.

(Continued on Page 7)

# New County School Study Plan Invites Honest Criticisms and Suggestions

What about our educational system? That is the question posed to the Castro County Hale-Aikin Committee for studying our public schools.

It is usually easy to find someone who is only too willing to point out the weaknesses of a small-town school system. Criticisms are a dime a dozen—but, then, many of them are well deserved criticisms.

The Castro County Hale-Aikin Committee wants "any criticisms in good faith that anyone might have and also a solution." Much of their study will come from school records and interviews with teachers but the public is paying the school bill and the public is the recipient of all this education and deserves a voice.

This committee may well be a guiding force in future school organizations over the state. By using volunteer workers, the state can learn things about its system of public schools that would cost thousands of dollars if carried out by full time investigators.

Some of the questions being asked the general public about schools in Dimmitt, Hart and Nazareth are:

- What subjects should be added or what courses should be strengthened in Texas public schools? What should be dropped or given less emphasis?
- Does an examination of the elementary school programs in your county show that the following areas are taught adequately? Reading, spelling, speaking, writing, arithmetic, science, geography, history, health, physical education, music, arts and crafts.
- What should be done in your county to insure that every child has adequate educational opportunities?
- In your opinion, would a longer period of time in school result in a better instructional program? What are your suggestions?
- What do you recommend be done by the State and the local districts to insure effective guidance for every pupil?
- What can be done at the State and district level to insure that vocational instruction is meeting the present needs?

- What do you believe should be done by the State and local districts to meet the needs of the gifted child?
- Are the handicapped children in your county now provided for adequately? If not, what should be done?
- Do all the schools of your county have available an adequate library for elementary and high school pupils?
- Do all the schools provide and use laboratories for every subject requiring laboratory instruction?
- Are educational films, film strips and tape recordings used by the schools in your county?
- What is the need in your county for adults education programs?
- What steps should be taken to achieve better utilization of teacher personnel?
- Is the overloading of teachers in your county a problem? Please explain.
- Are there realistic ways in which the salary of the teacher may be related to teaching performance? If so, how?
- Regardless of state salary schedule minimum and maximum pro-

visions, in your opinion, what minimum and maximum salary figures do you believe would cause young persons in your community to enter college with the specific objective of making a career of teaching? Minimum \$..... Maximum \$.....

- Will the school districts in your county be able to provide the additional classrooms needed between now and 1963? If so, how do you suggest they be financed?
- Should the State assume the total costs of vocational education, school lunch aid, and financial assistance to federally affected areas? And if so, what kind of program should it finance in each of these areas?

Each of these questions are pertinent to any county in the state, regardless of the school system. They are asked in honesty and call for an honest and well-considered answer—and not just gripes. Any person in the county who feels he can answer partially or entirely any of the foregoing answers about one of the three school systems in this county may contact

one of the members of the following committees:

**FINANCE COMMITTEE:** John M. Slavik, chairman; Leonard Wilhelm, Roy Pyeatt, R. S. Vestal and Elmer Youts.

**TEACHER SUPPLY COMMITTEE:** Mrs. Charles Martin, chairman; Mrs. W. E. Beecher, Mrs. Leo Wittkowski, Mrs. Inez Robinson, D. C. Lawrence, and Mrs. Dave Bostick.

**CONSTRUCTION:** Charley Hays, chairman; Milton Sharpe, Leo Dobmeier, John LeMay, Mrs. Bob Bennett, Miss Hazel Merritt, and Leo Schwaller.

**PROGRAM:** S. T. Newman, chairman; Mrs. Jim Hays, Mrs. Woodrow Killingsworth, Mrs. R. A. Moran, Rev. Darris Egger, Mrs. Ed Brockman, Bill Reisdorff, Mrs. M. P. Richardson, Rev. Lyman Wood, J. W. Westcott and Mrs. Ed Harris.

The Steering Committee is made up of the chairman of each committee and the permanent chairman, M. E. Cleavinger, vice-chairman, M. E. Vestal and secretary Mrs. Bob Estes.

Any citizen of Castro County is invited to submit, in writing, the answers to any of the questions appearing in this article or the answers to any questions they may feel are faced by the three school districts in the county. They should be presented to a member of one of the committees.

Never before has the State of Texas offered such an opportunity for its citizens to evaluate the school systems where such criticisms can do some good.

Every adult in the county has heard some criticism of each of the schools at one time or another, viz: Too much or too little emphasis on sports; no foreign languages; types of buildings; teacher qualities and others. Now these ideas can be presented at the local level and may eventually be considered in future school actions.

The Hale-Aikin Committee is just one indication of the steps which education administrators in the State of Texas are taking to improve the quality of the schools. Already Texas is second only to Arizona in the United States in the percentage of teachers holding col-

lege degrees (Texas 96 per cent, Arizona 97.5 per cent, vs. South Dakota with 1 per cent and North Dakota with 10 per cent). However, Texas spends less to educate its pupils. In 1956-57 Texas spent \$225 per pupil against a national average of \$295. (New York spent \$473 per pupil during this period).

Although this does not indicate that Texas students receive a poorer quality of education, it does mean there is a tendency to trying to get too much for too little.

Some reasons for forming the Hale-Aikin Committee:

The number of school-age children in Texas is growing at the rate of almost one-half million each five years.

To instruct this increasing scholastic population, the number of teachers has increased from 50,000 in 1948-49 to 78,000 during the current school year. By 1962 the teacher total will soar to 93,285.

Housing for these additional children will require expenditure of more than \$127 million a year by local school districts for construction of classrooms during the next six years.

Average salary in 1956-57 of all instructional personnel in Texas—including classroom teachers, principals, and supervisors—was \$4,000. The national average was \$4,330. Class room teachers averaged \$3,842 while industry workers averaged \$4,445.

Another discouraging trend: In 1950-51, Texas colleges and universities had 7,275 graduates prepared to teach. By 1956-57 this number had declined to 5,096, and only half of them showed up in the classrooms last fall. Also there are some 11,000 teachers due to retire shortly, with not enough to meet the growing demand much less fill the retirement vacuum.

These problems are just as real for Castro County as for the rest of the state. While the schools have been able to find enough teachers, it is quite possible that the growing statewide shortage will soon reach into Castro County resulting in more crowded classrooms and lowering of standards—unless some solutions are found.

What these committees will find is not known—but it is a forward step in the right direction.

**A & M Experts Give  
 Fertilizer Efficiency**

The real cost of any fertilizer  
 is measured in terms of the per  
 unit cost of plant nutrients applied  
 to the soil. So, before farmers  
 buy a fertilizer, they should look  
 at the grade analysis and see if  
 the same quantity of plant nutri-  
 ents can be obtained cheaper in a  
 higher analysis fertilizer, advises  
 Bill Bennett, extension soil chemist.

The grade analysis can give a  
 farmer this information because it  
 tells how much nitrogen, phos-  
 phorus and potassium each bag  
 of mixed fertilizer contains, he  
 adds. For example, a hundred  
 pound bag of 5-10-5 contains five  
 pounds of nitrogen, 10 pounds of  
 phosphoric oxide and five pounds  
 of potash. A hundred pound bag  
 of 10-20-10 contains 10 pounds  
 of nitrogen, 20 of phosphorus and  
 10 of potash.

These low grades of fertilizer  
 contain the same ratio of nutrients,  
 points out Bennett, but the latter  
 contains twice as much in each  
 100 pound sack. So, even, though  
 the 10-20-10 costs more per ton,  
 it is normally cheaper in the long  
 run because of the quantity of  
 plant nutrients which is obtained.

The cost per unit of plant nutri-  
 ents is not the only way high  
 analysis fertilizers are usually  
 cheaper than low analysis fertiliz-  
 ers. When one sack of 10-20-10  
 can substitute for two sacks of  
 5-10-5, transportation costs are  
 reduced. Not only would transpor-  
 tation costs be lower, but applica-  
 tion costs would be less since less

fertilizer is needed to supply the  
 same quantity of plant nutrients.  
 So, low analysis fertilizers cost  
 less per ton, but high analysis  
 fertilizers are usually cheaper in  
 the long run because the cost per  
 unit of plant nutrients is lower,  
 concluded Bennett.

Plaintiff alleges that she is en-  
 titled to the title and the possession  
 of said property, claiming under  
 the ten and the twenty-five year  
 Statutes of Limitations, and Plain-  
 tiff further prays that the court  
 cast on the title to the property  
 above described by Defendants be  
 removed and said title vested in  
 the Plaintiff, as is more fully  
 shown by Plaintiff's Petition  
 file in this suit.

If this citation is not served with-  
 in ninety days after the date of  
 its issuance, it shall be returned  
 unserved.

The officer executing this writ  
 shall promptly serve the same ac-  
 cording to the requirements of law,  
 and the mandates thereof, and  
 make due return as the law directs.  
 ISSUED and given under my  
 hand and the seal of said court at  
 Dimmitt, Texas this 12th day  
 of March, A. D. 1958.  
 MRS. NEVA HASTINGS  
 Clerk, District Court of  
 Castro County, Texas.

## LIVESTOCK MARKET REPORT

Around 5,500 cattle and calves  
 sold at the Amarillo livestock  
 Auction this week which required  
 three days of selling to complete  
 the clearance. This is about the  
 same number which sold last week  
 but 3,200 head larger than a year  
 ago. Most of the supply was com-  
 prised of stocker classes however  
 on Tuesday a liberal volume of  
 feeder steers were offered. Some  
 30 loads of cows sold but the num-  
 ber of bulls remained meager.  
 Quality of the stocker and feeder  
 run on Monday was mostly Me-  
 dium and low Good but on Tuesday  
 Good and Choice predominated.  
 Trading was fairly active although  
 the demand did not measure up to  
 recent weeks. Prices as a rule  
 were on a strong to higher basis  
 but some late sales of Choice stock-  
 er steers and heifers along with  
 stock calves were weak to 50c  
 lower than the high time. When  
 compared with last week; Slaughter  
 yearlings are 50c higher. Cows  
 and bulls are 25 to mostly 50c  
 higher. Feeder steers moved at  
 fully steady to 25c higher levels  
 while stock steers, heifers and  
 stock calves were strong to 25c  
 higher, instances 50c up on Me-  
 dium and low Good kinds.

**NEWS FROM SUNNYSIDE**

By Wanda Rogers  
All the children of Mr. and Mrs. Glenn McGath enjoyed being home last Sunday.  
Mr. Fred Ott, mother of Mr. Milton Ott, died in Plainview Wednesday morning after a long illness. She lived in the community from 1909 to 1920. She was 89 years of age. Funeral services were conducted Friday at the First Methodist Church in Plainview with burial in the Earth Cemetery.  
Mr. and Mrs. Roy Lilley accompanied Mr. and Mrs. Tex Conard to Amarillo Tuesday for Mr. Conard's medical check-up.  
Word was received Wednesday that Mr. and Mrs. Billie King of Dumas became the parents of a baby girl Sunday morning.  
The advanced dress-making course was conducted by Mrs. Cecil Curtis at her home Wednesday afternoon. Mrs. Murlie Rogers, Mrs. Roy Phelan, Mrs. Marlin Power,

and Mrs. C. J. Johnson attended. Mr. and Mrs. Howard Bridges and Mr. Alonzo Ferguson went to Weatherford Thursday to attend the funeral services of Mr. Ralph Dent's mother.  
A lullaby shower honoring Mrs. Eddie Curtis was given at the community building Thursday afternoon. Eleven guests were registered. Hostesses for the occasion were: Mrs. Ray Axtell, Mrs. E. R. Sadler, Mrs. Alton Louder, Mrs. J. E. Shirey, Mrs. C. J. Johnson, Mrs. R. V. Bills, Mrs. Odell James and Mrs. Jerry James.  
Due to the muddy roads only a few attended the community meeting Friday night. Mr. Steve Taylor from Dimmitt spoke on the proposed hospital planned for Dimmitt. Coffee and cookies were served. Several from the community visited with Mr. Milburn Haydon in the Littlefield Hospital this

Word was received this week that Mr. R. V. Bills is improving in the Excelsior Springs Hospital in Missouri. He hopes to be home Wednesday.  
Others on the sick list this week were Myles Sadler, Mrs. Raymond Lilley and Mrs. Jack Ogletree.  
The week of Prayer Program for Home Missions was observed at the church each morning this week. Mrs. Earl Phelan, prayer chairman had charge of the programs. Average attendance for the week was nine.  
Mr. and Mrs. Dale Widner visited this week with their parents in Melrose, New Mexico.  
Mr. and Mrs. Ezell Sadler and boys visited relatives in Abilene over the week end.  
Mr. and Mrs. Eldon Lilley and girls returned Friday from Corpus Christi where they were temporarily staying.  
Mr. and Mrs. Gale Sadler from Lubbock were week end guests of Mr. and Mrs. E. R. Sadler and Myles.  
Funeral services were conducted Sunday afternoon in the Dennis Chapel at Dimmitt for the infant daughter of Mr. and Mrs. Lloyd Davis of Hart. The baby was born in the Plainview Hospital Friday. Bro. Murlie Rogers conducted the services. The Davis' are former residents of the Sunnyside Community.  
Snow Monday and rain the rest of the week added another 2 inches to make a total of 4.20 inch moisture since January 1st.  
Mr. B. W. Jackson of Couthbert, Texas visited this week with his nephew, Mr. Rex Jenkins and family.  
Mr. and Mrs. Dwayne Louder and Lance and Mrs. Lowell Westmoreland visited Mr. and Mrs. Houston Bartlett in Morton Saturday and Sunday.  
Mr. and Mrs. Weldon Bradley, Molley, Lee, and Ometa visited West Texas State College in Canyon Sunday afternoon. Ometa secured a room in Randall Hall Dormitory for the fall term.  
Mrs. Golda Roberts visited in

the Alton Louder home Sunday evening.  
Mr. and Mrs. Dent Bradley and family of Dimmitt visited in the Weldon Bradley home Sunday evening.  
Mr. and Mrs. Bob Ott, Peggy and Don of Dimmitt visited in the Alton Louder home Sunday.  
Barbara and Sharon Lott of Portales, New Mexico visited with Yvonne Louder Sunday.  
Mr. and Mrs. R. D. Ravell and family from Lakeview visited with Bro. and Mrs. Murlie Rogers and Butch Sunday evening.  
Ninety attended Sunday School with 72 attending Training Union Sunday. Immediately after the evening service a baptismal service was held. Molley Bradley was baptized.  
On business in Dimmitt  
H. F. Axtell of Ignacio, Colorado is here on a business trip this week.

Mr. and Mrs. O. B. Winkle and son Gary, and Mrs. Willie Waggoner returned home Sunday from a visit with their daughter, Mrs. W. E. Weathers and family, and son Eddie Wayne Winkle at Wichita, Kansas. Eddie Wayne is a member of the Bill Plains, Kansas high school team.  
Graduate home from Lubbock  
Myrtle Trimble is now at home after graduating from Jessie Lee's Hair Design Institute in Lubbock. Mrs. Trimble and Myrtle returned home Saturday from a trip to Austin where Myrtle took the State Board of Cosmetology examinations.  
Visitors from Lubbock  
Mrs. Jim Foushee and daughter, Lori Lynne and Mrs. Herbert Burnham of Lubbock visited relatives in Dimmitt Saturday and attended the wedding of Sandra Hance and David Honea Saturday evening.

Walter Rogers' WASHINGTON NEWSLETTER

H. R. 8002  
 These initials and numerals do not mean a great deal to many of you, but they represent probably the first hotly contested bill that has come before the present Congress. Although only two days were consumed in the debate and passage of the bill, every moment of this time was taken up with heated argument. The bill, in its original form, proposed to limit the power of Congress to appropriate more money during one year than could be expended during that year. This sounds very good on its face and would certainly appeal to everyone if such practice could save money. If it were possible to conduct the government's business on that basis to the best interests of all, I do not think there would have been one vote against the measure when it came up in the House. However, there is a keen division of opinion on the subject. The proponents of the measure argue that by adopting this procedure, it would make it impossible for the several agencies of the government to carry over appropriated but unspent funds from year to year. They further contend that this would enable the Congress to channel unspent funds into other projects and require less demand upon the taxpayers for additional sums. Certainly we would all agree that the bill should be passed if this was the case.

On the other hand, it was argued that the adoption of this bill would measurably curtail the freedom of movement on the Department of Defense, so necessary in fighting the missile-development-coldwar now in progress. It was argued that the adoption of the measure would void the contracting authority of the government in matters that could not be concluded within one year; that the development and production of many items in our armament program, such as jet planes of all types, many types of guns and equipment, atomic items, and especially missiles and associated items, could not be manufactured and delivered within a twelve months' period and, therefore, these long-lead time items had to be the objects of firm contracts. In this connection it was contended that the only way such contracts could be firm would be for the appropriation of the money at the time the contract was made, so that the department having the responsibility of carrying out the contract would see to it that the cost would be held within the limits and would not be coming back to Congress for more money that was estimated but not appropriated.

Several amendments were offered and one was adopted which actually constituted a substitute for the bill. It placed in Congress certain powers of limiting the amount of expenditures of the several departments each year which is, of course, very good. Whether or not the amendment went far enough to effect measurable savings is difficult to determine. I felt that the bill should be returned to the Committee for some additional study on this phase, and then returned to the House for approval. However, the House did not choose to give further study to the measure in this particular and wanted to either pass or refuse the bill as amended. Under the circumstances I voted for the measure, because I think it will afford an opportunity to explore an area where by some savings can be effected. However, very close vigilance should be maintained in the application of this law so that immediate corrective steps can be taken in the event the stepped up missile program is even slightly jeopardized.

Other Controversial Issues  
 Congress is now moving into that period of each session when the hotly contested issues begin to come to the Floor. Up until now all of the work has been progressing in the several committees, perfecting the particular bills to be debated. One of these will be the Alaskan Statehood Bill. Efforts are being made at the present time to push this through at an early date. The Hawaiian Bill is still in committee, but it is understood the Alaskan Bill will not be brought before the Congress until the committee passes favorably upon the Hawaiian Bill and recommends its passage. There is little question that the Hawaiian Bill will be approved by the committee, because the Alaskan Bill was approved last year, and I believe that only six of us voted against it. There will probably be a few more votes in committee against the Hawaiian Bill, but it will pass out of the committee with a good margin.

The Reciprocal Trade Bill, which I have mentioned several times in these newsletters, will probably

be the hottest issue before the House this session. This bitter controversy could be avoided if the Administration would take some corrective steps under its present powers to protect many businesses and industries in this country, including the oil business in this country at its lowest ebb in many years.

The Foreign Aid Bill is another issue that will meet with heated debate. There is little chance of avoiding a head-on collision, insofar as this bill is concerned, because of the deep feeling of both the proponents and opponents.

Top Award For Understatement  
 The highest award for a masterpiece of understatement goes to Secretary of Agriculture Ezra Taft Benson for a remark he made in a recent news conference and which I quote: "If our critics say we are doing too much for the farmer, I don't agree."

I am sure this is one statement on which Benson and the farmers fully agree.

WALTER ROGERS  
 Member of Congress  
 18th District of Texas

Dinner Set In Tulia for Andy Rogers

A district-wide Appreciation Dinner and program for State Senator Andy Rogers will be held March 31 at Tulia.

The announcement of the affair, which is for the entire citizenship of the 30th Senatorial District, was made by Joe Cowen, Mayor of Dimmitt and a member of the State Democratic Executive committee.

The dinner will be held at the Tulia High School cafeteria and the program will be held at the High School Auditorium. Dinner is set for 7:30 p.m. with the program following immediately.

Because of the seating capacity in the cafeteria, tickets to the dinner will be limited, but there will be no limit to the number who may wish to hear the program.

John Stapleton, District Attorney who lives at Floydada, will be Master of Ceremonies and Jimmy Willson, Jr., Mayor of Floydada, is in charge of arrangements and the program.

Rogers, who lives at Childress, has served the district for the past one and a half terms. The district is composed of 15 West Texas counties in the upper South Plains and Lower Panhandle area.

Rogers has not announced for re-election.

"This is not a political meeting but is a gesture of appreciation for the fine job our Senator has done in our District," Willson said.

New daughter is born

Born to Mr. and Mrs. Billie King at Dumas a little daughter, Bettie Jean, on March 2. Weight 8 lbs, 9 ozs. Mr. and Mrs. King are former residents of the Sunny-side Community.

PONTIAC SWEEPS NASCAR SAFETY HIGHWAY PASSING TESTS!

DAYTONA BEACH, FLA.

Pontiac again proves it is AMERICA'S NUMBER 1 ROAD CAR in the year's toughest test of SAFETY, HANDLING AND PERFORMANCE!

HOUSEWIFE VICKI WOOD AND HER '58 PONTIAC taught men drivers a lesson in winning the 50 m.p.h. safe passing event. The elated Mrs. Wood reported, "... our new Pontiac handled and performed like a dream ... so smooth and easy I couldn't believe it".

Winner of the 30 m.p.h. passing event and high over-all winner of the safety tests with his standard 4-door Pontiac Catalina, magazine auto expert Jim McMichael cracked, "I could have told them before the tests started—this '58 Pontiac is in a class by itself".

EVENTS WERE JOINTLY SPONSORED BY PURE OIL COMPANY AND THE FLORIDA STATE HIGHWAY PATROL.

Chances are you'll never be up against the precise and exacting demands that NASCAR puts on test cars and drivers

But you can put Pontiac through your own everyday driving paces and learn why test drivers call Pontiac America's Number 1 Road Car.

You'll discover that the industry's hottest team of engineers has created a car so advanced in basic design that it brings with it a totally new kind of driving.

Give the nod to its Tempest 395 V-8 with power trimmed precisely to your wish. Corner it, park it, maneuver it to

the point of abuse and you marvel at your absolute command in every type of driving situation.

Come in—drive and safety-test America's Number 1 Road Car. You'll discover it's by far the biggest money's worth on the market!

### Texas Sesame Growers Group To Meet in Dimmitt on Monday

Texas Sesame Growers, Inc. will hold a special meeting Monday at the Castro County Court House in Dimmitt. Purpose of the meeting will be to help farmers plan their 1958 sesame crops, Robert L. Parker, executive vice-president of the organization, reported this week.

The meeting will be at 7:30 with county agent Marvin Simms in charge. Both Parker and Clyde Black, head of the new High Plains Sesame Headquarters in Muleshoe, will be on hand to discuss the sesame program. Growers from Castro and neighboring counties are invited to attend.

"The outstanding performances of sesame during 1957, despite bad weather, and low prices of other crops has resulted in more farmers interested this year than at any other time since the start of the sesame production program five years ago," Parker said.

He said that the average price of No. 1 quality seed from the High Plains in 1957 was \$10.41 per hundred, the highest price on record. And he pointed out that sesame shocked in October and crushed in January still graded No. 1 quality.

"High Plains farmers averaged \$80 per acre gross for their sesame crop, and some individuals grossed as much as \$120 per acre," Parker stated. "Many Plains farmers cleared more money on sesame last year than on cotton."

Improved machinery and harvest methods developed by farmers have greatly reduced labor costs, and further simplified the crop. Much of the High Plains sesame last year was harvested by custom operators.

Tonnage of sesame produced in Texas jumped to seven million pounds in 1957, more than double the 1956 production, and 15 times bigger than the first commercial crop grown in 1953. The Texas High Plains produced six and one-half million pounds of the total crop.

Texas Sesame Growers, Inc., a farmers corporation, has its headquarters in Paris, Texas and a High Plains Headquarters in Muleshoe.

All farmers interested are invited to attend the special sesame meeting in Dimmitt, Parker announced. A documentary color film showing how the crop is produced, harvested and marketed will

be shown and refreshments will be served.

Dimmitt Wheat Growers, Inc., are the local dealers for Texas Sesame Growers, Inc., and will have seed available for planting and also will receive sesame in the fall.

### Spelling Bee . . .

(Continued from Page 1)  
Should Miss Burt become the High Plains Champion, she will be sent to the National Spelling Bee in Washington, D. C. about June 4-9 by the Amarillo Daily Globe-News.

Pronouncer for both junior and senior bees was Mr. Loyd Farr of the Speech Department of West Texas State College in Canyon.

### "Sunday's Child" Set For P-TA Meeting

"Sunday's Child," a one-act romantic comedy, will be presented before the Parent-Teachers Association beginning at 8 p.m. Monday night, March 17th in Dimmitt High School Auditorium.

"Sunday's Child," is Dimmitt High School's entry into District competition among area drama departments in the annual Inter-scholastic League presentations. The play will be presented at Tullia on March 18th at 6 p.m.

The play is set in August of 1916 in a small town in Oklahoma in the Methodist parsonage of Rev. Paul Wells.

In the cast are:  
Rev. Paul Wells Morris Westberry  
Ruth Wells Ann Smith  
Debbie Jo Beecher  
Betsy Wells Charlotte McElroy  
Zach Wall Gary Wyatt  
Windy Cary Johnson

Student directors are Carol Cowser and Joy Walker, and music is by Marilyn Hendrix. Staging, costume and make-up are by Jeannette Aldredge. It is directed by Dimmitt High School drama director James W. Bates.

The P-TA meeting was originally set for Tuesday night, March 18th, but was later changed to March 17th.

### Scholarship . . .

(Continued from Page 1)  
cants be chosen from?

Ans: Students from Dimmitt High School, Hart High School, and Nazareth High school, all of which are located in Castro County.

Q: How will students be selected?  
Ans: (a) By application, (b) competitive examination (c) need.  
Q: How will the scholarship Fund be financed?

Ans: Through contributions from individuals, business firms, memorial funds, social and service organizations.

Q: How will the Scholarship Fund be administered?

Ans: By the establishment of a Trust Fund in the First State Bank of Dimmitt, Texas and administered by three Trustees appointed by the Dimmitt JayCees and approved by the Officers of the First State Bank.

Q: Will the funds of the Scholarship Trust be used for any other purpose?

Ans: No.

Q: Will the Scholarship be limited to any particular school?

Ans: No—The amount of the Scholarship is based upon costs of attend a State supported school but may be applied towards attendance at any accredited school.  
Q: Will another scholarship affect eligibility for the Castro County Scholarship?

Ans: No—Any scholarship that can be used in conjunction with this one is permissible.  
Q: Will the Scholarship be considered as a loan?

Ans: Yes—the student is morally obligated to repay, without interest, all of the amount. The repayment proceeds would be used to make scholarship available to other students.

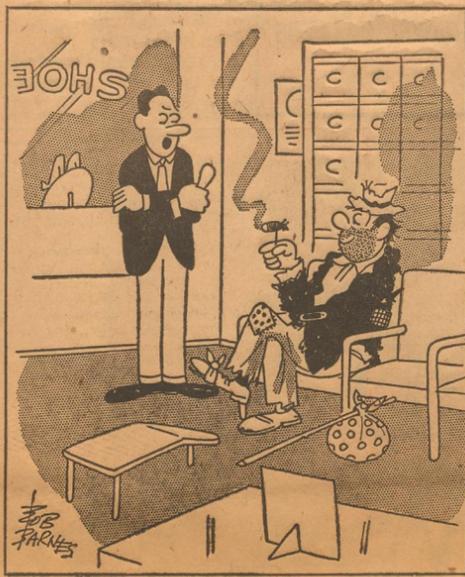

Q: Is there any residence requirement for qualification to receive this Scholarship?

Ans: Yes—the family of the applicant must reside within the school district of Dimmitt, Nazareth, or Hart or be legally transferred into one of these districts. Also the family of the applicant must reside within one of the three school districts at the time of applicants entrance into college. Further, to be eligible, the applicant must have attended school in one of these three school districts at least three semesters immediately preceding the granting of the Scholarship.

Q: What type of examination will be used to determine the recipient of the Scholarships?

Ans: Suggested an objective, college entrance examination, administered by and scored by qualified college personnel.

**Attended Boy Scout Meeting**  
Mr. and Mrs. R. D. Rogers and family attended the Boy Scout Exposition in the Municipal Auditorium at Lubbock, Saturday.

**Home from Hospital**  
Mrs. Charles Vandiver is convalescing after undergoing surgery on her throat in a Plainview hospital.

**ARNEY NEWS**

Mr. and Mrs. Leo Witkowski, and family, attended Castro Counties spelling elimination contest Friday afternoon in Dimmitt. Mr. and Mrs. Ed Morris are new residents in the community. He is employed by Jim Doon. Mr. and Mrs. S. A. Hodges, Jr. visited her mother, Mrs. Lee Sudduth in Bovina Sunday.

Carolee Hancock is spending a few days in the home of her parents, Mr. and Mrs. C. R. Hancock. Carolee has been staying in Roswell, New Mexico the past few months helping to care for her aunt, Betty Ragsdale, who is seriously ill.

Visiting in the home of Mrs. Odie Collins Sunday afternoon and evening, were her brother-in-law, Mr. and Mrs. John Jennings and grandson, John Charles of Canyon. Mrs. Rein Joske of Tulsa and Mrs. Loretta Dorris and Janie.

Millard Currie, of Amarillo, is being sent to Columbus, Indiana by his Company, the Plains Machinery Company of Amarillo, for a week of schooling for heavy machinery maintenance.

There are three other men from down state going to the school also, and they were to have left Amarillo Monday morning in a company plane.

Bro. Hollis Payne and Jo Boyd were guests of Mrs. C. H. Cox and Donnie Sunday, Mr. and Mrs. Steve Cole and Jr., and Charles Cole here afternoon callers.

Mrs. Richmond Hales, and children, and Mrs. Floyd Tomlinson of Canyon, spent last Wednesday with Mrs. Gwen McFarland. Mr. and Mrs. Charles Burks have named their new son, Bobby Greg.

Mr. and Mrs. C. D. Zachry were guests Sunday at a dinner for members of the Zachry family, in the home of Mr. and Mrs. Stanley Cox in Canyon. Sue Ann Currie, of Amarillo, a sixth grader at Horace Mann school, in Amarillo, won first place in the spelling elimination contest at that school last week. She is eligible to enter the interscholastic spelling contest on March 28. Sue Ann is the granddaughter of Mr. and Mrs. A. M. Currie.

Mrs. Charley Moore and daughter, Melody Zee, of Dallas, are spending a few weeks with her parents, Mr. and Mrs. C. R. Hancock.

Virgil Henson of Dimmitt, met with the farmers in the Arney Community Thursday night, March 6, and discussed with them the Great Plains Soil Conservation program.

There was a good turn out despite the muddy roads. There were approximately fifty one present. The Arney Club women served supper to the soil conservation

members and their guests.

The menu for the supper was baked ham, brown beans, potato salad, vegetable salad dish, coconut pie, hot rolls, coffee and coca.

Guests in the home of Mrs. Maude McFarland for Sunday dinner were, Mrs. Chloe Cathey, Mrs. Lozetta Kennimer and Lolly, Mrs. J. C. Gardner, Kenneth Jr., David and Elaine, of Dimmitt, and Mr. and Mrs. Harry Edmonds, Mrs. W. E. McFarland and Rebecca Martinez.

Mr. and Mrs. Albert Schaenberger, and children, visited Sunday in the home of Mr. and Mrs. Lawrence Acker, in Nazareth.

Mrs. Leo Witkowski took her car and assisted in taking the junior and senior girls from the home

economics classes of Nazareth, to Canyon's Home Economics Department open house in Canyon Monday.

Funeral services were held in Goldthwaite last Thursday, for Jim White, who succumbed to a heart attack at his home, in Goldthwaite. Old timers in the community will remember Mr. White as he lived in the Arney Community many years, before returning with his family to his old home, in Central Texas about twenty years ago.

He was a brother of Mrs. Jock Morris, a long time resident of the community, and who now lives in Amarillo, and an uncle of Mrs. Gwen McFarland.

The Arney Club met Wednesday March 5 at the Arney school house

for their regular meeting and to clean the school building.

Mrs. Clyde Hancock resigned as president of the club and Mrs. Murle McFarland was elected to serve in her place.

Mrs. Elbert Schoenenberger and Mrs. Burnus D. Fortner are the clubs newest members.

At the next meeting, on March 19, the club will start making mosaic tile.

Wes Allen, son of Mr. and Mrs. Chas. Cole, is doing fine and the cast is to be put on his leg some time this week, and his parents can bring him home. One of his legs was broken when he fell on a cement step March 2 and he is in traction. He is two years of age.

### Students Enter Amarillo Science Fair

Some 16 exhibits from the Dimmitt Science Fair of last week were entered in the Amarillo Fair March 13.

Among the blue ribbon winners in these four divisions: physical, physiological, biological, and mathematical. Donna Wooddell showed the ingredients that she used in making lipstick. Ronald Fortner displayed a model house that employs a transparent roof and mirrors to transfer light and solar heat into the house. In the mathematics group Cason Smith's geometry classes showed rigid and adjustable plane figures made of wood. Charlotte McElroy's poster gave the solution of the quadratic formula which is required in the DHS Algebra II. Charleen Vaughan's biological exhibit showed the extraction of coloring matter from foods and fabrics. Susan Youts is the Individual Group showed "What You See under the Microscope." She displayed glass slides, water algae, shrimp eggs, and mosquito larvae. Mrs. Riley's fourth grade in the Intermediate Group used diagrams to show the bee and its activities in securing and making honey. Among entries in the Physiological Division was Larry Houghtaling's drawings to show "What Makes the Moon's Face Change." Drawings charted the various positions of the earth, sun, and moon. Yellow crayon showed the lighted side of the moon and black showed the eclipse side. Miss Doran's first grade displayed shells of seas and lakes. Harley Wilke showed a large number of "Shells from the South Seas," with appropriate labels.

winners in the Amarillo Science Fair will be eligible to compete in the National Fair this spring.

### A Enters "Top of Texas" Livestock Show

Members of the Dimmitt livestock judging team entered the livestock judging contest at Pampa, Tuesday, March 11.

The three members of the team won 14th place among the 46 teams entered. Jerry Cluck was tenth high individual of the contest. The two other judges were Zay Gilbreath and Glenn Odom. Glenn Odom was third high individual in the Sheep Division. They were trained by their agriculture instructor, J. O. Seale.

The team had to judge three divisions of livestock, cattle, sheep, and swine. Ben Holcomb went as alternate. They attended a banquet afterward at which the awards were presented.

### Band Recommends Six To Tri State Festival

The Bobcat Band met last Friday to choose six members to be recommended to the Tri State Music Festival.

This annual festival is nationally known and its participants are outstanding musicians. Phillips University of Enid, Oklahoma, sponsors the event, which will be held May 1-4. DHS students elected by the band members are Ann Smith, Charlotte McElroy, Gary Simms, Charlotte Hestand, Ed Dowdy, and Jonalyn Alldredge. Players chosen from this group will play in the bands at the Festival.

### Supt. R. S. Vestal Attends Administrators Convention

Traveling with other Plains educators, R. S. Vestal, Dimmitt superintendent of schools, went to San Francisco last week end to attend the annual convention of the American Association of School Administrators.

Speakers for the sessions which extended through Wednesday were outstanding educators from universities like Oregon, Kentucky, Nevada, and Harvard. In sectional meetings Mr. Vestal will hear discussions on special topics dealing with administrative problems and on trends in education.

### Roaring 20's to Bellowing 58's

Hang on to your hats everybody: The times may be roaring again—just as they did in the 1920's.

Many people including the sociologists generally agree this may be so. The girls and women are wearing hats that looked like inverted flower pots. Their dresses are designed to make the men create their own imagination about the girls figure.

Is this 1928? The roaring 20's? No, it is 1958, the bellowing 50's. There are many other parallels. Now the teenagers spend hours on a greasy garage floor trying to improve the performance of a Mercedes or Thunderbird. Then, the young men explored the wonders of the Stutz Bearcat or a Chrysler 66 roadster with its gummy get away.

Today, its rock-and-roll and wild haired kids bounce around a dance floor so far apart you can hardly believe they know each other. Then the dance of the day was the Charleston, or sometimes the black bottom which was just as wild as the rock-and-roll, if not wilder.

In the roaring 20's people talked about buying a superhydrodyne radio. In the bellowing 50's the talk is of "hi-fi" and color TV.

The young men wore bright blazer jackets in the '20's. Now the stripes are muted and they call it "Ivy League."

Then everybody who could afford one bought a raccoon coat, wore and sang, "Collegiate . . . collegiate, yes we are collegiate." Today a leather jacket with chromium plated studs will do and the teenagers sing the same fever, "Wake Up, Little Susy."

"Hot diggity dawg" or "23 skidoo," those young men said. The modern teenager of the bellowing 50's says, "cool, man . . . real cool."

Today on television a lad, from the southern hills, wails of his devotion to "Peggy Sue." Thirty years ago it was radio. The girl was "Charmaine."

And when the 20's roared, thirsty folks stepped up to a door with a peephole and said, "Benny sent me." Then were allowed into a speakeasy that served throat-clawing gin and headless beer. Today you can get the same thing—plus vodka in a joint called a key club.

But the roaring 20's and the bellowing 50's are not for youth alone. They belong to everybody. (Adapted from the Fort Worth Star Telegram.)

### OUR SENIORS

She is known for her smile and her wit. This is one reason that November 15, 1940, will always be a memorable date to Mr. and Mrs. W. C. (Cason) Smith, for it was on this day at Lamesa that Virginia Ann was born.

Ann's pastime is reading and rehearsing plays. She is a member of the casts of the one act contest play and the senior play. Her subjects are hand, algebra II, speech, English IV, and civics, and her organizations are FTA, FHA, and the Lyres Club. Among her favorites are food, shrimp and color yellow. Ann plans to attend West Texas State College.

### 18 year farm loans

Low rate interest.

### Pinner Insurance

Dimmitt, Texas

### FTA ENTERS STATE CONVENTION

Seven members of the Dimmitt Future Teachers of America attended the state convention at Denton on March 6, 7, and 8. They were seniors Marilyn Howell and Barbara Kitchens; juniors Marilyn Campbell; sophomores, Zetha Ivey, Janie McDermitt, Karen Gray, and Pat Norris. The sponsors were Mr. Newman and Mr. and Mrs. Travis Campbell.

On Friday morning at 9:00 they went to the student union building at the North Texas State College where Mr. Newman registered the club. They were dismissed until 2:30. At 2:30 they attended the First Session which was a general assembly. John McFarland, superintendent of Amarillo Public Schools, was the main speaker at this session. They were then dismissed to go to the district meetings to discuss ways to improve the District IX clubs. Saturday morning at 9:00 they went to the main auditorium and listened to the Mr. and Miss FTA speeches. At 10:30 they attended different work shops. The workshop that the majority of the Dimmitt group attended was the Mr. and Miss FTA contests.

### TARDY?

Ring! Go get a tardy slip, that is a very common expression around Dimmitt High School. There are about ten pupils tardy each day. At the end of the year that adds up to quite a few slips that have been made out. Most of the time the excuses "won't hold water." These are some of the tardy excuses that could possibly be excused: flat tire, ran out of gas, clock wrong, bus late, and restroom.

These excuses wouldn't get you anywhere: just late, didn't notice the time, overslept, eating, visiting relatives, carelessness, the bell rang before I got here, and attending to a traffic ticket. These excuses all have been used at one time in DHS.

So try to get up earlier; get to class. It's not hard to be on time.

Visited in Austin, Going fishing Mr. and Mrs. Sam Gilbreath visited their son, John in Austin last week end. They plan to do some fishing in the Gulf near Brownsville before returning home.

## NEWS FROM BETHEL

Well, what do you know! A few days ago, I was driving home from town and, after rubbing my eyes a couple of times, I decided I was really seeing STEAM rising from the surface of all the plowed ground I passed. Sorta reminded me of England . . . 'course I've never been to England, but it looked like some of the "picture shows" I have seen supposedly filmed in England.

The only traveling I've done abroad was on "a broad horse,"

### TV Interference

and that was when I was a kid . . . I've decided I don't care too much for horses now days, they don't have any "handle-bars" to hold on to.

So much for Steam, England, and horses . . . let's get down to the happenings on this way.

The other night the phone started ringing in the middle of the night . . . it was Col. Jack Howell calling his folks, Mr. and Mrs. Moss Howell, to announce he had just become the father of a BOY! When questioned, he couldn't say just what his youngster weighed yet, the nurse had just told him

it was a boy and very calmly (?) he just strolled over to the phone to call. Later, it was found that young Master Gaines Herbert Howell weighed in at 6lbs. and 7ozs. and was born at 12:45 a.m. on March 8th.

Incidentally, the new Father wasn't the only one in a state of shock. Mr. Gaines Neill hasn't quite recovered from hearing he had a name-sake.

Mr. and Mrs. Gaines Neill were in Hereford, Sunday, visiting Mrs. Jack Howell and looking over the Namesake.

While talking with Mrs. Fred Bruegel the other night, I heard a terrible crash, after recovering from the jolt, she informed me it was just her son, Mike, opening a closet door . . . oh, no one was injured. Mike jumped aside just in time. Guess he had opened that door before.

After awhile, when we could talk again, she told me that the Rebekahs were giving a 42 and Bridge party March 21st. The public is invited. The charge is 50c per person. They are trying to raise some money so that they can do a little "fixing-up" in the Lodge Hall. It sounds like it might be a lot of fun . . . the Bridge and 42, that is.

Also found out that Sandy Bruegel was among those in the Style Show Monday night—the one the JayCee-Ettes sponsored.

Mr. and Mrs. J. C. Williams were Sunday dinner guests of Mrs. E. R. Rothwell.

Mr. and Mrs. Ben Fowler and family spent the week end with her mother, Mrs. Bryan Strong, in Silvertown, Texas.

The Bethel H. D. Club will meet Wednesday, March 19th, at the Community Building instead of

with Mrs. Carl Bruegel, as previously planned.

Mr. and Mrs. Embry Finley of Happy, were Sunday dinner guests of their daughter and family, the Jack Flynt's.

Mr. and Mrs. Houston Lust and family called on Mr. and Mrs. Jack Flynt and family, Sunday afternoon.

Mr. and Mrs. E. G. Underwood were in Littlefield Sunday visiting Mrs. Underwood's parents, Mr. and Mrs. J. W. Brown.

Mr. and Mrs. Ira Brown were Sunday dinner guests of Mr. and Mrs. Earl Lust. During the afternoon, they all went to Plainview to visit with Mr. Brown's mother, Mrs. Susan Brown, who is still in the hospital there, they also visited in the home of Mr. Charles Dean.

Rev. and Mrs. Darris Egger, Rev. Woodrow Williams, Mr. and Mrs. Roy Haber, and Mrs. James Bradford and Kent had dinner with Earl Lusts, Friday.

Sharon-Flynt spent Friday night with Linda Kay Cameron.

Mrs. Charles Gibson was on the sick list last week, but is feeling much better at this time. However, Mrs. George Bagwell has quite a cold and is very hoarse . . . sorta hindered our telephone conversation. Mrs. Bagwell says, however, that she doesn't feel too badly, she just misses her voice.

Mr. and Mrs. George Sides and son are in Lubbock for a couple of days. They are visiting with his parents, Mr. and Mrs. P. H. Sides.

Mrs. Edd McLeRoy, Mrs. Darris Egger, Mrs. Patterson and Mrs. Morris were luncheon guests of Mrs. George Bagwell, Monday.

Mrs. Jack Howell and new son, Gaines Herbert, are spending a while with her parents, Mr. and Mrs. Carl Lee of Summerfield.

Mr. Moss Howell and Mr. Gaines Neill were in Lubbock, Tuesday, on business.

Mr. and Mrs. Oran Howell and

daughter spent the week end with Mrs. Howell's parents, Mr. and Mrs. Guy Ellis, of Abernathy.

Rev. and Mrs. Darris Egger were Saturday dinner guests in the George Bagwell home.

Mr. Ira Brown was in Plainview Monday, visiting with his mother, Mrs. Susan Brown, who is in the Plainview Hospital and Clinic.

Mr. and Mrs. Ivan Earl Sinclair of Abilene, Texas, spent the week end visiting with their parents, Mr. and Mrs. Bryan Sinclair and Mr. and Mrs. W. E. Thompson.

Mr. and Mrs. Ivan Earl Sinclair and Mr. and Mrs. Bryan Sinclair were Sunday dinner guests of Mr. and Mrs. W. E. Thompson.

Mrs. B. E. Sinclair was among those attending the wedding of Miss Sandra Hance and David Honea, Saturday evening.

Mr. and Mrs. Milton Bagwell and sons are visiting relatives and friends of Mrs. Bagwell in and around Enid, Oklahoma, this week.

Mr. and Mrs. Seaborn Teague of Lubbock visited with her parents, Mr. and Mrs. J. A. Bagwell, and her brother and family, the Ivor Bagwells, Sunday.

Mr. and Mrs. Ivor Bagwell took their daughter, Miss Nelda Bagwell, and her friend, Miss Jo Ann Huvel of Phoenix, Arizona, back to Baylor University, Waco, Monday. Miss Bagwell and Miss Huvel, both students at Baylor U., had been visiting with the Bagwells. After visiting in Waco a few days, the Ivor Bagwells returned home late Thursday.

Mrs. B. E. Sinclair attended the Hardin-Simmons Cowboy Band Concert at the High School auditorium, Tuesday afternoon.

Mr. and Mrs. Ivor Bagwell and Mr. and Mrs. Morgan Dennis were in Hereford, Tuesday evening, to hear the concert by the Hardin-Simmons Cowboy Band. Edgar Dennis, son of the Morgan Dennis, plays a trumpet in the band and is also the featured Whip artist for the band.

Mr. and Mrs. Willis A. Hawkins, Jr. and family of Hart were Sunday supper guests of the Jack Flynts.

We are very happy to report that little Miss Debbie Underwood is doing very well. She's still in the Castro County Hospital, however, if she keeps improving as rapidly as she has been, she'll be discharged sooner than expected.

### JayCee-Ettes Met Here Tuesday

The Dimmitt Jaycee-Ettes met Tuesday, March 11, in the home of Mrs. Dorothy Mayfield. After the business meeting, coffee and cake was served to the following: Kathy Thomas, Nell Brooks, Jackie Clark, Mary L. Smithson, Eva McCleskey, Courtenay Armstrong, Bonnie DuLaney, Ina Cleavinger, Joanis Robertson, Oma Blundell, and the hostess, Dorothy Mayfield, and one visitor, Ginger Wallace.

Visiting in Seymour  
Mrs. George Webb is visiting her sisters in Seymour this week.

### Miss Raneal Ivey is 'Outstanding' Student

Miss Raneal Ivey, Dimmitt, has been selected one of 12 for "outstanding leadership" at Wayland Baptist College.

Miss Ivey, daughter of Mr. and Mrs. E. L. Ivey, Box 95, Dimmitt, received the "Spinning Wheels" award for her participation in campus activities.

She is a senior representative to the Student Government Association Senate, Wayland's student legislative body. Before accepting the senatorial position, she served as president of Matador Hall, secretary of the Ikaws, women's service organization, and senior class treasurer. A student assistant in the Bible department, she plans to enter church secretarial work and is majoring in business administration.

Other students who received the honor are: Mary K. Allen, Duncan, Oklahoma; George Arthur, Sacramento, California; Ben Bagwell, St. Augustine, Florida; Wayne Cristow, Muleshoe; Beverly Bush, Cuero; and Ken Bush, Cuero.

Also Clyde Cain, Canadian; David Cartwright, Pampa; John Embery, Amarillo; Carita Jarrett, Albuquerque, N.M.; and Darel Walsler, Lytle.

### New Cokes On Sale Here Friday

Beginning Friday, Plainview Coca-Cola Bottling Company will put their new "king-size" bottle on sale in the Dimmitt area. The large bottle has been issued in other parts of the nation but this is the first time for Dimmitt stores to depart from the traditional smaller bottle. The small 6½-ounce Coke bottle has been standard since 1915. Reason for the change was given this week by Plainview Bottling Company manager Howard Billingsley, who said "Only ten years ago most soft drinks were sold in drug stores, restaurants, ball parks, offices, and factories. Today all that has changed. Now people are drinking more soft drinks at home than anywhere else. And the trend is growing. Take home sales, for example, have increased every year since 1948. Five years ago, 40 per cent of the soft drinks were consumed at home, now it's over fifty per cent.

## SOIL CONSERVATION DISTRICT NEWS

### OUR SOIL ★ OUR STRENGTH

The Kress Nursery in Plainview, Arizona Cypress and Red Cedar potted trees ordered through the Soil Conservation District are ready. They would prefer that you come to the nursery in Plainview, to pick them up. It is located south on the Olton road in Plainview. The deadline for ordering trees is April 1. The SCS office in Dimmitt will gladly assist anyone interested in a farmstead windbreak and order the trees for you. This appears to be an excellent year to get a wind break started; so come by the SCS office before April 1 and get your order in.

### Great Plains Conservation Program

A meeting was held recently at the Arney community center to discuss the Great Plains Conservation Program. About thirty-five adults were present. Virgil Henson of the SCS led a discussion on the program. We are particularly interested now in getting dryland farmers participating in the program. Several of the people at

Arney were dryland farmers and are interested in the program. Anyone who has a dryland or grassland place and interested in the Great Plains Conservation Program should contact the SCS office in Dimmitt.

## FEDERAL LAND BANK REDUCES INTEREST RATE

Those who bring their old copy of at night or for news items to be left when we are not open. It is also suitable for anyone wanting to leave old dollar bills, jewelry, watches or contributions to the Old Printer's Home.

There are several items about schools and education in general in this week's issue of the News. These articles are in sharp contrast to other parts of the nation. While Little Rock schools still forced integration and New York smoulder under the infamy of en-schools kick out the one percent "incorrigible" element, Texans are going about improving their schools and trying to find ways of making them more available to everyone.

Probably never before have our schools become so important. We are literally changing from a nation of laboring people and making mental training a prerequisite to virtually all jobs. We once heard a college professor maintain that people must have frontiers to remain virile and strong, and that today we have passed from the frontier of Daniel Boone and Kit Carson to the frontier of science, which for the nation as a whole is as magnetic a challenge as all the wildernesses of the world ever were to mankind.

Science, and the teachings of

### Bobby Bradley Member of Top ACC Judging Team

Bobby Bradley, Abilene Christian College freshman from Dimmitt, is a member of the Houston Fat Stock Show February 28. Bradley, majoring in animal husbandry, scored 637 out of a possible 700 to take runner-up honors for high scoring individual in the contest. He was second to a team mate, Jerryce Rowland of Hereford. Bradley took top honors in the hog judging class, 3rd. in the calf division; and 3rd. in overall judging. There were 10 classes.

This was the second large contest in which the ACC junior team has placed high. They took fourth place in the Fort Worth Stock Show held in January.

Bradley, a 1957 graduate of Dimmitt High, is the son of Mr. and Mrs. Jack Bradley of Dimmitt. At ACC he is a member of the Aggie Club.

**ACC FRESHMEN TAKE LIVESTOCK JUDGING HONORS**—These three ACC freshmen agriculture students and livestock judging coach, Dewey Davis, brought back second place honors in the junior division of the Houston Fat

Stock Show. From left to right are Alfred Newhold, Colo.; Jerryce Rowland, Hereford; Davis and Bobby Bradley, Dimmitt. (Abilene Reporter-Times photo.)

## NEWS FROM FLAGG

Darlyna Morris of Earth spent last Thursday night with Karen Dutton.

Mr. and Mrs. Wamon Foster and girls of Hart visited the Rayphard Smithsons last Tuesday.

Mr. and Mrs. Jbe Smith were in Plainview last Monday morning.

Mr. and Mrs. Tom Lewis visited in the Clyde R. Davis home Sunday afternoon.

Mr. and Mrs. Alvin Frazier and Cara Nell were in Plainview Monday of this week. They visited with Mrs. Frazier's brother and family.

### Senator Lyndon Johnson's WASHINGTON NEWSLETTER

What is happening to farmers is shown clearly by the report made this week on cash farm income last year. The story told by the figures is not a cheerful one.

**Net cash income of American farmers in 1957 was down to \$11.5 billion. That is 4 per cent below the figure for 1956. It is the lowest for any year since 1942.**

What happened? Cash income went down and production costs went up. There was a drop of \$350 million in cash receipts from sales of farm products. And there was a \$600 million increase in production costs.

Prices received by farmers have gone down 20 per cent since 1951. Farm operating costs have gone up 15 per cent during the same period.

Much of the present slump in business can be traced to our depressed farm situation—just as the 'thirties had its roots in a long-continued unsolved agricultural crisis.

With 21,000,000 Americans living on farms, high industrial wages and booming business cannot last very long when the farmers are in a depression.

So many farmers have been put out of business by the policies of the present Administration that the unemployment problem has been greatly aggravated. When the small farmer or the farm worker is forced off the land, he goes to town looking for a job. That is one reason we now have about five million people who want jobs and can't get them.

Much of the talk about subsidizing farmers ignores a number of important facts. The truth is that a very strong case can be made for the theory that farmers have been and still are subsidizing the rest of the country.

Food absorbs a smaller proportion of the consumer's spendable dollar in this country than anywhere else in the world. Eight minutes of American labor will purchase a quart of milk, for example. In France it requires 16 minutes. In Russia it requires 42

minutes. Our farmers hold the soil in trust for posterity—for the feeding of future generations. That being true, we will never solve the farm problem by eliminating farmers. We can solve it only by taking necessary steps to insure that farmers receive their fair share of the national income.

That is the basic need. All Americans have a stake in how the need is met.

**Returned from Dallas**  
Mr. and Mrs. Roy Meacham and son have returned home from a business trip to Dallas. A recent house guest in the Meacham home was Mrs. J. B. Brown of Lubbock, a sister of Mrs. Meacham.

### Garden Club Hears Of Japanese Flower Arranging

"We owe much to the Japanese people for teaching us the art of flower arrangement. They have learned to do much with a few things. They see the beauty in rocks, branches of fruit trees and a few flowers. The three basic lines of the Japanese art of arrangement are called "Heaven," the highest line, "Man," the medium and "Earth," the low line. The helpers or fill-ins are called meadow and mountains," Mrs. Eugene Morton told the Garden Club members Tuesday afternoon in the home of Mrs. Ann Singer. Mrs. Morton demonstrated with four very unusual arrangements made of wood and manzanita branches, moss from trees in California and one Spring arrangement of plum and Iris blossoms.

The club discussed sponsoring a summer theatre, under the direction of Mr. James Bates. Delegates to the annual convention to be held in Fort Worth April 23-24 are Mrs. W. H. Curtis

and Mrs. Eugene Morton. Everyone is invited to attend the short course to be held in Union building at Texas Tech, Lubbock, March 26.

The tea table was laid with a fine linen embroidered cloth with appointments in silver and china. The centerpiece was "Spring Arrangement" of a pink rabbit with white carnations in a line and colored Easter eggs at the base.

Mrs. Goodwin Miller and Mrs. Roy Meacham, co-hostesses, served coffee and small pink cakes to mesdames George Bradford, R. S. Vestal, Homer Newton, Joe Benson, W. H. Curtis, Gene Gray, R. D. Rogers, Nolan Froehner, Margaret Boren, Sid Sheffy, Eugene Morton, one guest, Mrs. Morris, and the hostess, Mrs. Singer.

Sign in front of a beauty salon: "Don't whistle at any good looking babe leaving here—she may be your grandmother." Another said: "We make colts out of old 45's."
