School books at Neer's.
New fall goods arriving daily for Warren-Fooshee & Company.
Call at the millinery parlors of Mrs. W. H. Garrett and see the latest creations in millinery.
The report of the First National Bank shows the deposits to be \$82,656.46. According to population, this means more money per capita than any county in Eastern New Mexico.
Inspector J. P. Stone returned last night from Amarillo. Mr. Stone was on the hunt for some horses that had been run out without inspection. There is a heavy penalty for this offense and someone will get into trouble.
The attention of our readers is called to the statement of the First National Bank. This statement is conclusive evidence of the good financial condition, not only of this bank but of our citizens. A good bank statement is the best evidence of the prosperity of a community.
D. W. Pinkston has again assumed charge of the Portales hotel. Mr. Pinkston's reputation as a landlord is so well known that he needs no introduction. He has thoroughly cleaned and renovated the place and put it in first-class condition and from now on you can get good service, good cuisine and good treatment.
Northern New Mexico Fair and Fall Festival, Las Vegas, N. M. Sept. 26 to 29 1905. We sell tickets one fare for the round trip, Sept. 25th and 26th good to return Oct. 1st 1905. B. F. PEARMAN, Agent.
Cured of Lame Back After 15 Years of Suffering.
"I had been troubled with lame back for fifteen years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gilman, Ind. This liniment is also written out an equal for sprains and bruises. It is for sale by Pearce & Dobbs.
Prof. E. A. Herod, who is now visiting Portales, informs us that Prof. J. P. Evans who conducted the Roosevelt county institute at this place last summer, has been elected Assistant Principal of the Woods County High School located at Helena, O. T. Prof. Evans made many friends during his brief stay in Portales and all are glad to learn of his merited success. The editor of the Times knows something of the adverse circumstances under which Prof. Evans received his education, also of his honorable and gentle manner of conduct through all these vicissitudes.
Jones & Morrison have purchased the old Llewellyn lumber yard property and moved their grain, coal and feed yard thereto. This is one of the oldest established firms in the city and they enjoy a large and lucrative business. They have, by square dealings and courteous treatment to all, made a vast number of friends, who will continue their patronage in the new location. In the lately purchased premises they have more room and better accommodations and will be better prepared than ever to serve their trade. In fact it was to secure quarters less cramped that the purchase was made. Call on them in their new home.
A Remedy Without a Peer.
"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote, of Edma, Mo. For any disorder of the stomach, biliousness or constipation, these Tablets are without a peer. For sale by Pearce & Dobbs.
Prof. E. A. Herod, of the chair of mathematics in the Alva, Oklahoma, normal, during his recent visit to Portales visited our teachers' normal, and in speaking of it said: "I was not intending to stop at Portales but I met Prof. MacArthur, of Albuquerque, and he appeared to be so impressed with the Portales normal that I decided to stop and visit it, and I want to say right here, that I never visited a normal that so impressed me as did yours. You had an instructor that is amply qualified to teach in any college in the land, he is broad, liberal, and intellectually the peer of any school superintendent I have ever met. To find such a man in as small a place as Portales dumfounded me. I go back to Alva with a profound sense of the ability of New Mexico to educate her children in a fitting manner." The people of Portales fully appreciate the compliments paid by Prof. MacArthur, Prof. Herod and others, and doubly so because they realize that the praise bestowed upon our teachers and schools is well deserved.
Attacked by a Mob
and beaten in a labor riot until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at Pearce & Dobbs drug store.

A toot through the sheep horn, Bro. farmer wake up to your interests and quit growling about money crops you have a better thing at hand better also than artesian water, that of the skimming station erected at Portales. Will you rally to your interests or will you work against it? Go and talk to Mr. Goreline, he offers everything that is fair. Will you one and all help to carry the great enterprise on, or will you help to pull it down? You can take 10 or 15 cows and make from \$30 to \$50 a month. Consider the matter today. Don't say you can't make a living here any more but cheer up. Uncle Sam has give us a home and is with us, God our father above is with us and we see his hand in all this country. New Mexico is determined to come to the front. Second to none I am of the opinion that it will take its place among the leading states in the near future. Back to the skimming. Some of you brother farmers are going to say you live too far to patronize the skimming station but you can throw in together and pay one man in every settlement to bring in the milk and thus make good money and then by reserving it every month we can live inside of our moons and make a good living. Do help my brother help, in so doing you can help yourselves. Wake up farmers and undertake you will surely make.
M. M. BOUNDS.
Cause of Insomnia.
Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by Pearce & Dobbs.
M. E. Church South.
Sunday school at ten o'clock. We are very anxious to have all the children of our school attend this Sunday. Preaching both morning and at night. Subjects, "Pauls Greatest Exhortation" and "Farewell Scenes." As this is my last Sunday in Portales let us all pray that God may give us precious services.
J. H. MESSER, Pastor.
Chamberlain's Cough Remedy Aids Nature.
Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the systems to a healthy condition. Sold by Pearce & Dobbs.
Epworth League.
Following Jesus in prayer.
Matt. 6, 5-6.

Prayer.
Reading of lesson by leader, Ora Kuykendall.
Song.
Following Jesus in prayer when alone, Georgia Stewart.
Following Jesus in prayer in the family group, Cora Smith.
Song.
Following Jesus in prayer in public worship, Mr. Jones.
Select reading, Dona Culbertson.
Song.
Close with League benediction.
Floyd Jottings.
A fine rain this week for this part of the country.
Uncle Bob Turner had the misfortune to have his thumb and one finger dislocated. Dr. Montgomery put them back in position and he is doing very well.
Miss Eva Wallace was thrown from a wagon the other day and considerably hurt about the head but is getting along very well.
Mote Turner on his to the breaks made a misstep and dislocated his ankle, but went on to the breaks and through assistance of others returned last Monday with a load of wool.
Harve Newman and Earl Johnston have gone to the cut off to work awhile.
W. G. Bussey has gone to Lubbock county, Texas after his mother.
Mr. A. J. Walker had an operation performed by Dr. Montgomery last week on something like a tumor growing on his back.
The Baptist closed their meeting last Sunday with baptizing at Depuys tank.
A \$7,000.00 Fire.
The general merchandise store of Guy Gamble, at Texico, burned down Friday morning. Mr. Gamble carried about \$7,000.00 worth of goods and was insured in the sum of \$2,500.00.
Are You Engaged?
Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their discussions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia complicated with a torpid fever until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Pearce & Dobbs sells and guarantees them at 50c a bottle.

Notice to Shippers.
Beginning Saturday, August 26th and continuing thereafter on every Monday and Saturday up to and including December 23rd, 1905, we will run regular stock trains for Kansas City, St. Joseph and Chicago markets on the following schedule:
Leave Portales 8:40 a. m. Mon Sat.
Huroford 10:30 a. m. "
" Canyon 12 noon "
" Amarillo 2:00 p. m. "
" Washburn 2:40 p. m. "
" Panhandle 3:30 p. m. "
" Pampa 4:50 p. m. "
" Miami 5:50 p. m. "
" Canadian 7:00 p. m. "
" Higgins 8:30 p. m. "
" Shattuck 9:15 p. m. "
" Gage 9:40 p. m. "
Arrive Woodward 11:00 p. m. "
" Wellington 8:00 a. m. Tues Sun.
On arrival at Wellington or Emporia shipments that cannot make destination within the 28 hour limit will be unloaded for the required feed, water and rest as provided for by U. S. Government regulations. They will be reloaded in St. Joseph and reach Kansas City and St. Joseph markets on the following day.
These trains are intended to take care of the small shipments which would otherwise have to be handled on special freight trains, but on account of the necessity of gathering these shipments all along the line we cannot guarantee the above schedule at all times.
We will continue to handle trainload shipments, with proper notice, on any day of the week as suits the shipper.
Shippers will file orders for cars at least three days before date on which they intend to load, and longer notice should be given whenever possible.
A. L. CONRAD,
Traffic Manager.
Holland's for September.
The September number of Holland's Magazine, published in Dallas, Texas, has made its appearance, and is even an improvement on the August number—which is saying a good deal. The cover design is a simple but remarkably beautiful one—just a bunch of golden-rod in its natural colors. Handsomely lithographed on heavy white paper, the effect is most pleasing.
One of the leading articles of the month is "Tarpon Fishing on the Texas coast," by P. P. Holland, publisher of Holland's Magazine and Farm and Ranch. Mr. Holland is a true sportsman and his description of a popular sport will be read with interest.
The September issue of Holland's Magazine is primarily a fiction number however. A strong racing story, "Love in the Home Stretch," is contributed by Lorena M. Page. Will Harding makes, in a well told tale, "The Deserter," by Leone C. Gale, which is offset by the humor of "The Indian Idol," by Mary E. Killiee. Ralph T. Yates tells of a summer resort episode in "The Perspicacity of Maud," and Milford W. Foshy has an exceedingly clever tale of a strike leader. James O. Fagan contributes a stirring railroad story, "Freight Brakeman No. 13," while among the stories for young people are some excellent ones by Louisa Beck Ellis, Patricia Peiham and Elizabeth C. Buckham. Jake H. Harrison has an exquisite little poem, "To Edith," which is happily illustrated, and there are some other good ones by Mima Helen Rosinhouse, Harry Van Demark and others.
Among the special articles for the month are "Training Trick Horses," by Walter B. Whitman; "A Boy's Tale," dealing with the rise of the Rothschilds, by Ernest Chester; "Baby Talk," by Hester Grey; "Flowers, Their place and power," by Win. Lomas, and Mrs. Buchanan furnishes another installment of "Among the Wild Flowers."
Additional space is given to fashions this month, and the departments devoted to the fancy work table and to the kitchen are full of useful hints and helps to the busy housewife.
Nearly every story and article is aptly illustrated. Had the publishers of Holland's are making good, their promises to issue the best magazine ever published in the South.

FEVER STILL DEFEATING SCIENCE MASTERS

Status of Yellow Jack at Week's Beginning.

New Orleans, Sept. 5.—Official report to 6 p. m., Monday:

New cases

Total to date

Deaths

Total deaths

New food

Cases under treatment

Discharged

The increased number of new cases reported yesterday is due in large part to more physicians filing reports of fever cases.

The arrest of Dr. Berge, on a charge of failing to report cases believed to have had its effect on others who were only reporting severe cases, with the result that not only all cases of yellow fever were reported, but many cases which were distinctly not yellow fever were put on the suspicious list.

Of the deaths only one was up town and the deceased was the only native on the list.

Brady, the medical inspector of the State Board, reported that many country physicians were not reporting mild cases of yellow fever.

Following are the reports:

Patterson—Nine cases; one death on Waveland plantation.

Lake Providence—Three cases; one death.

St. Bernard Parish—One case near slaughter house.

Jefferson Parish—Kenner, three cases; two deaths.

Hanson City—Four cases.

McDonoughville—Three cases.

Clark Centre—Two deaths.

Terre Bonne Parish—Moise settlement, five cases.

Belle Grove—Four cases.

Ardaye—One case.

Crescent Farm—Four cases.

Bayou Terre Bonne—One case.

St. Charles Parish—St. Rose, seven cases.

Pecan Grove—Two cases.

Prospect Plantation—One case.

La Place—St. John, seven new cases since last report.

Amelia—Eight new cases.

Boeuf—Two new cases.

Gulfport—Five cases.

Mississippi City—Two new cases.

Vicksburg—Two cases.

The Way of the Transgressor.

Galveston: W. F. Wilchow, a distributing clerk at the postoffice, was arrested Sunday midnight by Postoffice Inspector C. B. Anderson of Houston, charged with secreting and embezzling letters containing money and articles of value.

For several months letters have been missing and the authorities have had several inspectors working on the case.

Inspector Anderson mailed three decoy letters from Houston, two of which contained money. The one without money was distributed and delivered but the other two failed to reach their destination.

Suspicion rested on Wilchow and when arrested the two letters were found in his possession. There are 132 counts against him and the officers are still working on the case.

American Electricians Invade Mexico.

City of Mexico: The Mexican-American Power Company, a Philadelphia concern, with an authorized capital stock of \$10,000,000 gold, operating under a New Jersey charter, has been organized and is preparing to utilize the water power of three rivers in the State of Mexico, near Toluca, and will send electrical power into this city, estimated at 90,000-horse power. It is expected part of the new plant will be in operation this year.

Prominent Hunt Counted Dead.

Greenville: Mr. John D. Spurlock died Friday night at his home in Jacobia, north of here. He was one of the oldest and most prominent men in Hunt County, coming from Tennessee in 1860. He was in the Confederate army during the entire war, and has been a leading citizen ever since. The funeral was had Saturday afternoon, and burial in the family lot on the homestead at Jacobia.

Getting Ready for Business.

Tulsa, I. T.: St. Louis brewing interests, in anticipation of early statehood, are making their first steps in a campaign for business in Indian Territory, a company headed by two of the leading brewers of the Missouri town having purchased ground and machinery for a monster ice plant here. Work on the plant will commence this week and in three months it will be in operation. The capacity will be fifty tons a day.

Youngest Professional Organist.

The youngest professional organist in the world is Kathleen Mills, who presides over the great organ in the Catholic church at Ongar, Essex, England. The regular organist falling ill, Little Miss Mills took her place and played for several Sundays with such skill on the instrument that all the people were astonished when they found that a child of 11 years was presiding over the keys and stops.

Returned to Horse.

A few months ago the town of Tunbridge Wells, England, adopted a motor omnibus service for its streets. Now it has sold the motor omnibuses and returned to horse vehicles.

An Odd Scientific Reward.

One of the odd rewards offered by the French Academy of Science is that of \$20,000, established by Pierre Guzman, for the discoverer of means of communication with another planet.

TERRIFIC STORM ON SUPERIOR.

Many Craft Driven to Destruction and Many Drowned.

Duluth, Minn.: Eighteen or twenty lives were lost and property valued at half a million dollars was destroyed in the furious storm which swept over Lake Superior Saturday and Sunday.

The gale was the most destructive to lake shipping that has been experienced in many years. Besides the wreck of the steel steamer Sevonia, which broke in two on San Island reef, seven of the crew losing their lives; it is now believed that two more ships were lost with the entire crews.

It is definitely learned that the sunken schooner near Outer Island was the Pretoria, the largest sailing ship on fresh water. Five of her crew of ten were drowned by the capsizing of the yawl, in which the crew took refuge when the boat began to founder. The five survivors were rescued by the Aeroic efforts of John Irvine, keeper of the Outer Island light, and his assistants.

The storm reached the proportions of a hurricane at times and the stanchest new steel vessels were forced to run for shelter in a more or less battered condition. The new steel steamer Stackhouse arrived at the Soo on her first trip with her hatch cover so badly sprung that water poured continually into hold. One of the crew was washed overboard.

LAST CHICKASAW LEGISLATURE.

Indians Getting Ready for Tribal Dis-solution.

Ardmore, I. T.: The Chickasaw Legislature convened at Tishomingo Monday for the last time before the dissolution of the tribal government. The legislature organized by electing Martin Cheadle president of the Senate and W. T. Ward of Tishomingo, clerk. Former Speaker of the House C. H. Brown was elected to the same position. The governor's message will probably be read Tuesday. It is stated that he recommends the abolishment of the tribal tax and the removal of restrictions on the alienated lands of the Nation. The deed controversy with the Interior Department will also be reviewed by Governor Johnston.

It is unlikely that the financial affairs of the Nation will be investigated or the conduct of indicted officials inquired into. Leading members express the utmost confidence and believe them getting of wrongdoing.

Money in Hay Crops.

Hillsboro: J. B. Payne, a progressive farmer, living about seven miles from here, has presented by his experience an excellent object lesson on the profits of raising hay in this county. From a meadow of twelve acres he has cut this season 1,000 bales of hay, worth at least 30c per bale, amounting to \$25 per acre. He also cut 1,000 bales of Hurrah grass stubble from twenty-five acres of oat stubble, worth 20c per bale, amounting to \$8 per bale.

Died for Others.

Bayfield, Wis.: Eleven of the crew of the Sevonia were drowned by the wreck of the steel steamer on Sand Island reef on Lake Superior late Friday night. Eleven others were rescued, including four women. Seven of the dead offered their lives as a sacrifice for the rest of the twenty on board of the ill-fated ship. Of those for whom they gave their lives, four are dead. The rest reached the shore after a night of buffeting by waves in an open boat.

Woman Accidentally Killed.

Huntsville: An unfortunate accidental shooting took place last Sunday afternoon, in which Mrs. Nancy Bean lost her life. She and her brother-in-law, Phil Bean, were near their home shooting at squirrels when the gun was accidentally discharged taking effect in the woman's head, blowing off the whole top and causing instant death. At a preliminary trial Phil Bean was discharged.

Panic stricken at the flash of flames when a lighted match was thrown into some gasoline on the bottom of the launch Ben-Hur Saturday night at the St. Clair Flats, Detroit, a number of passengers jumped overboard. Four of them were drowned.

The number of persons injured by the bomb explosion on the marine parade at Barcelona, Spain, Sunday afternoon is now fixed at sixty. Only two women were killed. The police have failed to locate the culprits.

Reports from the Japanese army through Chinese sources report the soldiers as being gratified that peace has been arranged, but many of the higher officials, including the staff, express a desire to continue the war.

Phil Barrett, a well known character of Ardmore died Sunday at South McAlester. Deceased was addicted to the drug habit which led to his death. He was at one time considered the fastest stenographer in the Southwest.

Henry S. Williams, aged 66 years, is dead at Dallas. Deceased was a Confederate Veteran and had been living in Dallas for the past three years. He was a member of R. E. Lee Camp of Confederate Veterans at Fort Worth.

George C. Miller, a former board of trade operator of Chicago, who wounded his divorced wife and her husband, Louis B. Hill, died of a bullet wound which he inflicted himself when the police came to arrest him.

FEVER'S AFTER EFFECTS

Did Not Disappear Until the Blood Was Renewed by Dr. Williams' Pink Pills.

Typical fever is sometimes called nervous fever. During the course of the fever the nerves are always profoundly disturbed, and when it is over they are left so sensitive that the patient has to be guarded against all excitement. In the tonic treatment then demanded, regard must be paid not only to building up flesh but also to strengthening the nerves. A remedy that will do both, make sound flesh to repair waste and give new vigor to feeble nerves, is the most convenient and economical. Such a remedy is Dr. Williams' Pink Pills for Pale People.

One proof of this is the experience of Mr. Charles Worth, of East Vassaboro, Maine. He says: "I had a severe attack of typhoid fever late in the fall which left me very weak and debilitated. My heart palpitated, my breathing became difficult after the least exertion and there was numbness in both hands. I suffered in that way for fully six months. As I did not grow out of it, did not in fact see the slightest improvement at any time passed, I decided to use Dr. Williams' Pink Pills as I knew of some cures they had effected in cases like mine."

"Almost as soon as I began taking them I could see decided improvement and after keeping on with them for several weeks I was completely well. I consider Dr. Williams' Pink Pills a most valuable remedy, and I am in the habit of recommending them to others afflicted as I was."

When the nerves ache and tremble it means that they are starving. The only way to feed them is through the blood, and the best food is Dr. Williams' Pink Pills. They are absolutely guaranteed to be free from opiates or other harmful drugs. They are sold by all druggists, or may be obtained directly from the Dr. Williams Medicine Co., Schenectady, N. Y.

Rules for Preserving.

In making preserves the following are excellent rules to observe: First, the fruit must be gathered dry; second, it must be carefully stirred with wooden spoon to prevent burning; third, it must be slowly boiled before adding sugar and quickly boiled after, and, fourth, it must be put in well-dried pots and kept in a dry, airy place.

Greatest Postal Business.

The English receive the greatest number of letters—namely, 61,342 annually for every 1000 inhabitants. The average in every 1000 in Switzerland is 27,298; Germany, 27,457; France, 21,064; Holland, 15,046; Belgium, 14,811; Sweden and Norway, 12,947; Austria-Hungary, 12,307; and Italy, 5887. The country best supplied with post-offices is Switzerland, with one for every 916 inhabitants.

Mrs. Potter's Earnings.

In her bankruptcy examination in London, the other day, Mrs. Brown Potter testified that her average earnings on the stage for several years had been for \$40,000 to \$45,000 a year. In Australia she made \$45,000 in 1897, her most successful season. Since the closing of the Savoy theater she had been playing a temporary engagement at \$20 a week.

Sure Cure at Last.

Monticello, Miss., Sept. 4 (Special)—Lawrence County is almost daily in receipt of fresh evidence that a sure cure for all Kidney Troubles has at last been found, and that cure is Dodd's Kidney Pills.

Among those who have reason to bless the Great American Kidney Remedy is Mrs. L. E. Baggett of this place. Mrs. Baggett had dropsy. Dodd's Kidney Pills cured her.

"I was troubled with my kidneys," Mrs. Baggett says in recommending Dodd's Kidney Pills to her friends, "my urine would hardly pass. The Doctors said I had dropsy. I have taken Dodd's Kidney Pills as directed and am now a well woman."

Dodd's Kidney Pills cure the kidneys. Cured Kidneys strain all the impurities out of the blood. That means pure blood and a sound, energetic body. Dodd's Kidney pills are the greatest tonic the world has ever known.

Housewives to Blame.

Miss Anna Barrows, in a recent lecture at Chautauqua, gives another reason why girls should study domestic science. She says in the matter of pure food it is the ignorance of the consumer rather than the duplicity of the producer that is to blame for the trouble we are having, and hence advises women to study for themselves so they will know when an article is pure.

Every housekeeper should know that if they will buy DeLance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 8-ounce packages, and the price is the same, 10 cents. Then again because DeLance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in DeLance. He knows that DeLance Starch has printed on every package in large letters and figures "16 ozs." Demand DeLance and save much time and money and the annoyance of the iron sticking. DeLance never sticks.

The men who lives lives that entitle them to glowing obituaries seldom attract enough attention to get the obituary.

An Odd Coincidence.

Captain N. M. Brooks, superintendent of foreign mails in the postoffice department of the government, was born on the same day as President McKinley. They were each the seventh child of their parents, entered the army together at the age of 18, and were mustered out of the service on the same day. On the 31st of July Captain Brooks will have seen thirty-three years of continuous service in the postoffice department.

Poising of the Paris Black Cat.

Soon the Chat Noir will disappear from the memories of Paris; at least, in its old associations. As a hotel it has ceased to exist. Many managers have tried to make it pay without depriving it entirely of its traditions, but since falls nobody has been able to hit the public fancy in such measure as to command success. The palace is now being entirely transformed and will next appeal to the public as an old curiosity shop.—London Globe.

Woman Lumber Dealer.

Miss W. S. Pratt, of Atlanta, Ga., is said to be the only woman south of Chicago in the lumber trade. When the firm by whom she was employed went out of business, without losing a day hunting a position, she opened an office and began operations. Today she is head of a firm handling 100 cars of lumber monthly.

"It Knocks the Itch."

It may not cure all your ills, but it does cure one of the worst. It cures any form of itch ever known—no matter what it's called, where the sensation is "itch," it knocks it. Eczema, ringworms are cured by one box. It's guaranteed, and it's name is Hunt's Cure.

An Automobile Trap.

A photographic police trap for the apprehension of scoffing automobilists has been invented in England. By the pressing of a button a photograph is made of any passing car with the time and date. A pair of these instruments, with synchronized timing arrangements used at each end of a measured piece of ground, would, it is believed, give absolutely accurate data as to the speed of automobiles.

YELLOW CRUST ON BABY

Would Crack Open and Scab Causing Terrible Itching—Cured by Cuticura.

"Our baby had a yellow crust on his head which I could not keep away. When I thought I had succeeded in getting his head clear, it would start again by the crown of his head, crack and scale, and cause terrible itching. I then got Cuticura Soap and Ointment, washing the scalp with the soap and then applying the Ointment. A few treatments made a complete cure. I have advised a number of mothers to use Cuticura, when I have been asked about the same ailment of their babies. Mrs. John Boyce, Pine Bush, N. Y."

Outing Mosquito Veils.

Mosquito veils for outings in the woods are made of common mosquito netting in pink or blue preferably, and if desired may be edged with ribbons of the same color, but many simply put a drawing string through the bottom and tie about the neck, the veil usually being fastened over a large hat.

Captain Had a "Hunch."

Bishop Leighton Coleman, of the Episcopal diocese of Delaware, and Rev. Dr. Wyllys Rede last week made a hurried trip to New York, where they administered the rite of confirmation to a steamship captain in the cabin of his vessel thirty minutes before he sailed for Europe. There was no time for church ceremony. The bishop declined to give the name of either the captain or steamship.

Humble Swedish Royalty.

The so-called humble origin of the Swedish royal family has received a share of attention lately from people who seem unaware that Bernadotte's present-day representatives are allied by descent and marriage to several of the older reigning houses of Europe. Prince Gustavus Adolphus, now the Duke of Connohng's son-in-law, is a great grandson of the German emperor, William I, and his ancestors also include King Gustavus III of Sweden, of the previous royal line, King George II of England, Grand Dukes of Baden,

THE DEAF WIFE

Shapes the Destiny of Men—The Influence of a Healthy Woman Cannot Be Overestimated.

Seven-eighths of the men in this world marry a woman because she is beautiful in their eyes because she has the qualities which inspire admiration, respect and love.

There is a beauty in health which is more attractive to men than mere regularity of feature. The influence of women glorious in the possession of perfect physical health upon men and upon the civilization of the world could never be measured. Because of them men have attained the very heights of ambition; because of them even thrones have been established and destroyed.

What a disappointment, then, to see a beautiful young wife's beauty fading away before a year passes over her head! A sickly, half-dead-and-alive woman, especially when she is the mother of a family, is a damper to all joyousness in the home, and a drag upon her husband.

The cost of a wife's constant illness is a constant drain upon the funds of a household, and so often all the doctoring does no good.

If a woman finds her energies are flagging, and that everything tires her, dark shadows appear under her eyes, her sleep is disturbed by horrible dreams; if she has backache, headaches, beating-down pains, nervousness, whites, irregularities, or despondency, she should take means to build her system up at once by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

This great remedy for women has done more in the way of restoring health to the women of America than all other medicines put together. It is the safeguard of woman's health.

Following we publish, by request, a letter from a young wife.

Mrs. Beasie Ainsley of 611 South 10th Street, Tacoma, Wash., writes:

Mrs. Bessie Ainsley

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every woman who is in poor health and ailing.

Its benefits begin when its use begins. It gives strength and vigor from the start, and surely makes sick women well and robust.

Remember Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of woman's ills. This fact is attested by the thousands of letters from grateful women which are on file in the Pinkham laboratory. Merit alone can produce such results.

Women should remember that a cure for all female diseases actually exists, and that cure is Lydia E. Pinkham's Vegetable Compound. Take no substitute.

If you have symptoms you don't understand write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

WINCHESTER

RIFLE AND PISTOL CARTRIDGES

Winchester Rifle and Pistol Cartridges of all calibers are loaded by machinery which sizes the shells, supplies the exact quantity of powder, and seats the bullets properly. By using first-class materials and this up-to-date system of loading, the reputation of Winchester Cartridges for accuracy, reliability and excellence is maintained. Ask for them.

THEY SHOOT WHERE YOU HOLD

W. L. DOUGLAS

*3.50 & *3.00 SHOES FOR MEN

W. L. Douglas \$4.00 Gilt Edge Line cannot be equaled at any price.

W. L. Douglas \$3.50 shoes have by their excellent style, easy fitting, and superior wearing qualities, sold the largest sale of any \$3.50 shoes in the world. They are just as good as those that cost you \$5.00 to \$7.00—the only difference is the price. I could take you into my factory at Brockton, Mass., the largest in the world under one roof making men's fine shoes, and show you the care with which every pair of Douglas shoes is made, you would realize why W. L. Douglas \$3.50 shoes are the best shoes produced in the world.

If I could show you the difference between the shoes made in my factory and those of other makes, you would understand why Douglas \$3.50 shoes cost more to make, why they hold their shape, fit better, wear longer, and are of greater intrinsic value than any other \$3.50 shoes on the market to-day.

W. L. Douglas \$3.50 Made Shoes for Men, \$2.50, \$2.00, Boys' School & Dress Shoes, \$2.50, \$2.00, \$1.75, \$1.50

CAUTION—Beware of cheap imitations. W. L. Douglas shoes, take no substitute. None genuine without his name and price stamped on bottom.

W. L. Douglas, a shoe dealer in every town where W. L. Douglas Shoes are not sold. Full line of samples sent free for inspection upon request. Foot Only Express order will not wear heavy.

Write for Illustrated Catalog of Fall Styles.

W. L. DOUGLAS, Brockton, Mass.

Beautiful Your Walls and Ceilings!

Alabastine

THE SANITARY WALL COATING

A Rock Cement in white tint. Does not rub or scale. Destroys disease germs and vermin. No washing of walls after once applied. Any one can brush it on with a brush and water. Other finishes, bearing fanciful names and mixed with either hot or cold water, do not have the cementing property of Alabastine. They are stuck on glue, or other animal matter, which rots, feeding disease germs, and making scaling and spalling walls, ceilings, etc. Such finishes must be washed off every year—expensive, filthy work. Buy Alabastine only in five pound packages, properly labeled. Tint card, pretty wall and ceiling design. "Hints on Decorating" and our artists' services in making color plans, free.

Ewers, Dean, Pharmacy Department, Department of Medicine member of Southern Association of Medical Colleges; meets interchangeably with other first-class Colleges. For further information address:

EDWARD H. CARY, M. D., DEAN, Linn Bldg., Dallas, Texas.

AGRICULTURE

Hogs at the Fairs.

It can not be denied that exhibits of swine at the small and large fairs of the country have done a great deal of good in teaching farmers the types of the various pure breeds of swine and in stimulating them to attempt the improvement of their home herd and fully develop the pigs by adequate feeding and good care, such as is given to show animals by the professional exhibitor and his assistants. It is no less true that the exhibit of most of the state fairs are growing unwieldy and less instructive to visitors than would be the case were 50 or 60 per cent of the animals excluded from the exhibition. Breeders evidently bring far more hogs to the fair than they have any intention of showing, and indeed many men show but three or four hogs out of an entry of perhaps ten to twenty head. This, we think, is correct, but we may be a little off as to exact figures. The principle is at least correct, in that many of the hogs entered are not brought forward for competition, but are merely brought to the fair with the hope of finding a purchaser. This is all right for the breeder and it has a good deal for the prospective buyer in a few instances, but it is not for the general good of the visitor, who wants the best possible chance to see the best hogs and compare them, so that he may learn correct lessons as to best types and improvements that are being made from year to year in the various breeds of swine.

Times are changing. The time was when the number of head of swine at a show was taken as the criterion of success. The management came to the conclusion that "where a great many breeders and a vast number of swine came together there surely would be the best possible aggregate of all right for the breeder and it has a good deal for the prospective buyer in a few instances, but it is not for the general good of the visitor, who wants the best possible chance to see the best hogs and compare them, so that he may learn correct lessons as to best types and improvements that are being made from year to year in the various breeds of swine.

London's Empty "Villas."

A suburban building boom in London has collapsed and thousands of "villas" stand empty in the outer circle of the metropolis. Builders over-estimated the effect of new street car lines.

No Kissing in Japan.

Japanese mothers and children never kiss one another, and it is said the fact that the women of Japan use cosmetics to such a degree is probably partly responsible for the fact that there is no kissing.

Duped Prince Regent.

The Prince Regent of Bavaria has been duped by an enterprising Munich painter (the brother of a well known actress), who induced him to sit for his portrait by telling him that the Russian navy department had asked him to paint it for the cruiser Munchen. When it was finished it proved to be so poor that thirty-one local artists petitioned the prince regent not to allow it to be forwarded. Investigation of the matter proved that the artist had never received a commission from Prussia.

Miss Anthony Wore Bloomers.

Once upon a time, as far back as the '50s, Susan B. Anthony wore bloomers but she declared it "mental crucifixion" and gave it up. She is very fond of pretty clothes, but only buys one new dress annually and never wears flannels or furs. Her silk petticoats are marvels of prettiness and she is most dainty in all her dress accessories.

Talented Captain Graham.

It is not perhaps generally known that Captain Henry Graham, whose engagement to Miss Ethel Barrymore author of the amusing and well known "Baby's Baedeker," "Ruthless Rhymes" and "Perverted Proverbs," written under the nom de plume of Colonel D. Streamer. Captain Graham, who is an Englishman, is a member of the Coldstream Guards, from which his pseudonym is derived. Many of Captain Graham's proverbs, such as "Uneasy lies the tooth that wears a crown," and "Still daughters run cheap," have long ago become common property.

Japs in San Francisco.

Statistics gathered in San Francisco in regard to the Japanese engaged in business show that they have entered into lively competition with Americans in a large number of occupations, which the Chinese do not invade. There are eighty-five Japanese hotels in San Francisco, sixty restaurants, sixteen intelligence offices, nine shooting galleries, eleven billiard rooms and seventy-five house cleaning offices. These are all licensed and there is a large number of unlicensed cobbler, butchers, janitors, porters and domestic servants.

Get Your Money's Worth.

Don't be beguiled into paying good money for poor medicine. Get the best there is. It's a chill cure you're looking for Cheatham's Chill Tonic is the best. It's been the best for twenty years. It makes cures while others make promises. One bottle guaranteed to cure any one case.

The trouble with tombstone inscriptions is that they come too late to flatter us.

It is true that them an who invented the gold brick is dead, but a new purchaser is born every minute.

Here is Relief for Women.

Mother Gray, a nurse in New York, discovered a pleasant herb remedy for women's ills, called AUSTRALIAN LEAF. It is the only certain monthly regulator. Cures female weaknesses, Backache, Kidney and Urinary troubles. At all Drug stores or by mail 50 cts. Sample mailed FREE. Address, The Mother Gray Co., LeRoy, N. Y.

If we could see into the future, blindness would soon be considered a blessing.

Hundreds of dealers say the extra quality and superior quality of Defiance Starch is fast taking place of all other brands. Often they say they can't sell any other starch.

Fortune's wheel won't turn for you unless you put your shoulder to it.

The dilapidated farm is a discouragement to all the people that live on it. A farmer should keep up a show of prosperity whether he is prosperous or not. This will indirectly aid him in being prosperous.

The water table in the soil must receive the early attention of the farmer. It should never be near the surface after the ground has thawed out in the spring.

There is some crop that will grow on almost every kind of land.

SENATOR SULLIVAN

Says He Has Found Doan's Kidney Pills Invaluable in Treating Sick Kidneys.

Hon. Timothy D. Sullivan of New York, Member of Congress from the Eighth New York District, and one of the Democratic leaders of New York State, strongly recommends Doan's Kidney Pills.

Senator Sullivan writes: "It is a pleasure to endorse a remedy like Doan's Kidney Pills, having found them of greatest value in eliminating the distress caused by sick kidneys, and in restoring those organs to a condition of health. My experience with your valuable remedy was equally as gratifying as that of several of my friends."

Yours truly,
(Signed) TIMOTHY D. SULLIVAN.

25 ounces for 25c

It is false economy to risk your family's health by using a cheap baking powder. Give them good things made with K C, the baking powder of known quality and purity.

Jaques Mfg. Co. Chicago

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless; Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food; Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrup, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians Addressed to Charles H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Rosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Wm. I. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. Channing H. Cook, of St. Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative, I consider it the peer of anything that I ever prescribed."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Plantation Chill Cure is Guaranteed

BY H. B. RYTHOR.

Received an annual claim matter August 10, 1905, at the post office at Portales, N. Mex., under the Act of Congress of March 3, 1879.

Issued Saturday of Each Week.

SUBSCRIPTION \$1.00 PER YEAR.

PUMP IRRIGATION.

In the rivers valley of the territory, during the last few years, there has been a steady and growing development of irrigation by pumping. The latest example of the extension of this method comes from Colfax county and the Springer Stockman thus talks about it:

"We had a demonstration of a pumping plant being erected by W. M. Mills for his orchard ranch use, as his eight mile ditch was destroyed by the floods last year. The pump was set on the bank of the Cimarron, the engine and boiler on wheels. The water was very rolley, caused by recent rains. The concern was in charge of Robert Embree. It is a Byron-Jackson whirlpool centrifugal pump. The engine and boiler was an upright of about ten horse power.

"The pump was set about twelve feet above the water in the stream making the suction lift twelve feet, the pipe running up six feet above, so that the whole raise of water was eighteen feet. The machine carried the pump right along in nice motion, quite smoothly, and quite a large stream, which should irrigate quite a large quantity of land in a day. A barrel was put under the flow which was filled in three seconds; it was estimated from that that the flow was about 800 gallons a minute. Then the pipe was extended, and the water flowed out of a six foot extension making the whole elevation of the water fully twenty-four feet.

"The pump was considered a success after this trial and the next day was taken to Mr. Mills' orchard ranch in the Canadian river canyon, where it will be operated permanently by pumping into a ditch two or three miles long, which will irrigate the ranch.

"This plan of irrigation should do more to develop the resources of this arid country than any other ever introduced. This country has plenty of underflow of water; in fact any ranchman can develop water enough to irrigate quite a body of land, if raised to cover the ground. The cost of this plant is less than \$500. A less expensive plant could be used for a small body of land. The expense of operating it is very moderate, and any ranchman could operate this class of machine."—Roswell Record.

There appears to be a well defined sentiment in this school district to the effect that bonds should be voted and a good substantial building erected of either stone or brick, which will be adequate to the necessities of the steadily increasing demand. There is no question but what every permanent improvement adds to the material welfare of the community and also tends to disabuse the minds of strangers that our country and inhabitants are but transient and temporary. Good schools and good school buildings are always a lasting and permanent inducement to settlement and Roosevelt county and school district No. 1 should not be behind the times in this particular. If you are in favor of voting bonds for this purpose give your name to C. M. Dobbs at Pearce & Dobbs drug store.

Like Finding Money.

Finding health is like finding money — so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs; but after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption coughs and colds." Greatest sale of any cough or lung medicine in the world. At Pearce & Dobbs; 50c and \$1.00 guaranteed. Trial bottle free.

...milk to the creamer... milk he receives about \$3.50 per head each month, or \$56.00 for the sixteen. Thus Mr. Baker has and income of \$56.00 per month added to his other resources, without any extra expense, and only a very small outlay of labor. There is scarcely a farmer within ten miles of Portales who could derive a revenue from this source of at least from \$15.00 to \$20.00 per month if he would make the effort. Patronize the skimming station and build up your cash income.

Gayle Talbot has again assumed charge of the Artesia Advocate. He has spent the summer at other work, but being a good newspaper man just naturally had to get back into harness. No really good newspaper man ever permanently retires from the business until his subscription to life expires.—Roswell Record.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Claiborne county, Ala. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture but the druggist sent me a bottle Chamberlain's Colic, Cholera and Diarrhoea Remedy instead saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the first place. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by Pearce & Dobbs.

Those of our readers who, in addition to their home paper, want a NATIONAL news and family journal, are advised to subscribe for the ST. LOUIS GLOBE-DEMOCRAT, which is published in the solid central city of the Union and stands at the very front among the few REALLY GREAT newspapers of the world. The DAILY GLOBE-DEMOCRAT has no equal or rival in all the West and ought to be in the hands of every reader of any daily paper. The WEEKLY GLOBE-DEMOCRAT, issued in semi-weekly sections, a BIG SEMI-WEEKLY AT ONE DOLLAR PER YEAR, is indispensable to the farmer, the merchant or the professional man who desires to keep thoroughly posted but who has not the time to read a large daily paper, while its great variety of well-selected reading matter makes it invaluable to every member of the family. See advertisements elsewhere in this issue and write to the Globe Printing Company, St. Louis, Mo., for FREE SAMPLE COPY.

Get off Cheap.

He may well think he has got off cheap, who after having contracted constipation or indigestion is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at Pearce & Dobbs drug store; guaranteed.

The Best Papers.

The papers you want are the papers that will suit your entire family best. A combination that will answer their wish (rentment) in this paper and the Fort Worth Semi-Weekly Record. The Record is a general newspaper of the best type. Ably edited, splendidly illustrated, it carries a news service which is the best that knowledge and experience can suggest. Special features of "The Record" appeal to the housewife, the farmer, the stock raiser and the artisan.

The colored comic pictures printed in the Friday issue are a rare treat for the young folks. Its market news alone is worth the money. You will surely be a constant reader of the Record once you try it, and the favorable clubbing offer made below is an opportunity not to be missed: Semi-Weekly Record 1 year, \$1.00. The Times 1 year, \$1.00. Both papers 1 year, \$1.75.

Portales Weather for August. Rainfall 2.33 inches. Average maximum 92, average minimum 62, night and day average for the month 77. Hottest day 98, 99.

Marlin 32-40 FOR BIG GAME HIGH POWER SMOKELESS. Like Finding Money. Finding health is like finding money — so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs; but after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption coughs and colds." Greatest sale of any cough or lung medicine in the world. At Pearce & Dobbs; 50c and \$1.00 guaranteed. Trial bottle free.

Official Matter. To all whom it may concern: In accordance with chapter 31, acts of the 36th Legislature Assembly of New Mexico, notice is hereby given that the Cattle Sanitary Board of New Mexico, at a meeting held at Las Vegas, New Mexico, on August 10, 1905, did determine from evidence and facts placed before it, that range or scabbs exist among some cattle ranging and grazing within that district of country, and upon the lands and pastures used for ranging and grazing—new cattle described as follows: All of that portion of the Territory of New Mexico lying within the boundaries of Roosevelt county, and which is defined as an infected district, are hereby ordered and directed to dip all of said cattle which they may own or which are under their control on or before the 4th day following the last publication of this notice.

Notice is hereby further given that said Cattle Sanitary Board at its said meeting held on the 10th day of August, 1905, prescribed the following regulations for dipping, which shall be strictly complied with and observed in dipping and treating the cattle hereby required to be dipped and treated, viz: Lime and Nicotine used under the formula issued by the department of agriculture; also any of the tobacco and sulphur or other dips approved by said department, as set forth in circular letter dated July 26, 1905, which letter is as follows: Albuquerque, New Mexico, July 26th, 1905.

To inspectors and employees: The following list of dips are recommended by the Bureau of Animal Industry. The stock owner is authorized to make the selection from the list, and Bureau employees can not discriminate in this matter. Animals must remain in the swim between two and three minutes. Nicotine Dips. (N. & S.) Crown nicotine solution, M'f'd. by Tobacco Trading and Warehouse Co., Louisville, Kentucky. To-Bak-line Nicotine solution, and Seab-Cura, M'f'd. by Detroit Nicotine Co., Detroit, Michigan. Derby Nicotine solution, M'f'd. by Atlanta Refining Co., Cleveland, Ohio. Label should contain "Derby Nicotine Solution."

Tobacco Extracts. (Tob. & S.) Laidlaw & Mackill's Tobacco Extract and Laidlaw & Mackill's Nicotine Tobacco Powder—"Thistle Brand" (Containing 4 per cent nicotine) M'f'd. at Richmond, Virginia. Henderson's Tobacco Extract, M'f'd. at Henderson, Kentucky. Black Leaf, M'f'd. by Kentucky Product Co., Louisville, Kentucky. Burch's Tobacco Extract, M'f'd. by F. S. Burch & Co. Inc., Chicago, Ill. Label should contain—"Burch's Tobacco Extract." (Signed) LOUIS METSKER, Inspector in charge.

All dipping to be done under the immediate supervision of an Inspector of the Department of Agriculture. Exposed animals to be dipped once; diseased animals twice with an interval of ten days between the first and second dippings. And during the continuation of said infected districts it shall be unlawful for any cattle belonging to or under the control of any person, firm or corporation within said infected district, to be removed therefrom, except for the purpose of being dipped and then only by written permission of a properly authorized agent of this Board. Provided, however, that cattle which have been properly dipped and certified to by an inspector of the Department of Agriculture, shall be entitled to free and unrestricted movement. The Cattle Sanitary Board of New Mexico. WILL C. BARNES, Secretary. Date of last publication this notice, September 9, 1905.

Consent Notice. Department of the Interior, United States Land Office, Roswell, New Mexico, June 29, 1905. A sufficient consent affidavit having been filed in this office by John W. Maxwell contestant, against homestead entry No. 4084, made April 27, 1903, for the southeast quarter of section 21, Township 28, Range 35 East, by Joseph A. McCoy Contestee, in which it is alleged that the said Joseph A. McCoy has wholly abandoned said tract; that he has changed his residence therefrom for more than six months since making said entry and next prior to filing of said affidavit, that said tract is not settled upon and cultivated by said party as is required by law, and that said alleged absence from the said land was not due to his employment in the Army, Navy or Marine corps of the United States in time of war, said parties are hereby notified to appear and offer evidence touching said allegation at 10 o'clock a. m. on August 29, 1905 before W. P. Lindsey, U. S. Commissioner at his office in Portales, Roosevelt county, New Mexico, (and that final hearing will be held at 10 o'clock a. m. on September 12, 1905 before the Register and Receiver at the United States Land Office in Roswell, New Mexico.

Tired Nervous. When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power. The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery. Feed the nerves with Dr. Miles' Nerve, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.
