Cisco Schools and College to Open Monday

BIG YEAR IS IN PROSPECT FOR LOCAL SYSTEM

Cisco public schools and Cisco Junior College will officially open for the 1941-42 year Monday morning, with a banner year in prospect for the schools and the college, both from the standpoint of enrollment and scholarship.

Some 1,700 students are expected to attend the Cisco schools this year, including about 500 transfers from rural schools, Supt. R. N. Cluck has announced, and H. R. Garrett, junior college registrar, has indicated that enrollment there will be decidedly above that of last year.

Registration in the ward schools and grammar school will begin tomorrow morning at 9 o'clock. High school registration has been held during the past week, while a large number of students are expected to register there during the next few days.

Registration at the junior college will be tomorrow and Tuesday, with classes opening Wednesday morning.

Ward and grammar school pupils must bring report cards and book cards, and new students in those schools must bring cards from the school which they attended last year. Registration and classification will be held in those schools Monday and classwork will begin Tuesday.

In high school, an assembly will be held at 9 a. m. Monday for the purpose of giving general instructions pertaining to the coming year, to be followed by issuance of books and meetings of the home rooms.

LOCAL BOY IS AWARDED HIGH SCOUT HONOR

Bill Collins, local Boy Scout, attained an honor achieved by few scouts Friday night when he was awarded the Bronze Palm badge at the court of honor held at the big scout camp at Ranger.

Scoutmaster S. E. Hittson, Troop 101, said this was the first time a Cisco scout has advanced above the rank of Eagle in many years.

Jimmy Laird was awarded his Life badge. Lloyd Harrison came up for his Star badge, and Yancey McCrea received his Second Class badge at the court of honor.

Several Troop 101 scouts were awarded merit badges.

Others from the troop attending the Ranger meeting Friday night were Joe Philpott, Jackie Miller and Marion Paschall.

From Troop 49, S. M. Ledford, scoutmaster, took Joe Tom Poe, Homer Lee Hensley, Eddie Jackson, Bill Morrison, Burkett Bensen, O. W. Fork, Bobby Poe, Jack Surles and Robert Shaw.

Ford and Bensen were awarded the rank of Star, Morrison, Surles and Shaw were awarded the rank of First Class, and Bobby Poe, Second Class.

Nearly all the boys came up for merit badge awards.

Troop 49 did well at the camp, taking first place in camping and first aid contests and third in scout pace.

Cisco Baptists Will Attend Workers' Meet

The Baptist Workers' Conference will convene at the Carbon Baptist Church on Tuesday, beginning at 10 a. m. The Rev. Judson Prince of the Cisco-First Baptist church, said Friday.

Baptist workers from Stephens, Eastland and Shackelford counties will attend the conference. About five cars are expected to attend from the Cisco church.

HIGHWAY 80 BE REBUILT FROM 3 MI. WEST CISCO TO THE CALLAHAN CO. LINE

Rebuilding of Highway 80 from three miles west of Cisco to the Callahan county line, a distance of six miles, has been authorized and work will begin as soon as the right-of-way has been secured and contracts let, D. L. Hogan, Eastland county senior resident engineer for the Texas Highway department, said Saturday.

The program of road construction calls for an expenditure of \$188,000 on the six-mile stretch, he said.

E. P. Crawford and Chamber of Commerce Secretary Warwick were in Brownwood Wednesday, where they conferred with Leo Ehlinger, division engineer for the highway department, concerning the project.

The work is part of several projects, totaling almost \$1,000,000 which will be done on Highway 80 in West Texas. The highway is a designated military road, this being the principal reason for the modernization steps.

Cisco chamber of commerce officials pointed out that Highway 80 is one of the most traveled roads in the nation and the rough, narrow and crooked condition of the road west of Cisco constitutes a big bottleneck for its traffic, and the improved road will likely keep much of this traffic from being diverted to other routes.

Work on the highway as far as the Callahan county line calls for widening of the overpass west of Cisco, revision of the grade line and elimination of many of the dangerous curves and widening of the road.

Also included in the vast Highway 80 projects is \$149,000 from Baird to three miles east.

Contracts will be let as soon as the right-of-way has been obtained and work will begin immediately thereafter.

PEANUT CROP GOOD; PRICES UP THIS YEAR

W. B. Starr, prominent peanut grower and stock farmer of the Dan Horn community has reported that rain has been general over the peanut-growing district and that crops are promising a good yield.

He also reported that the price of peanuts would be much higher this year than last, having been set at \$84 per ton, or about \$1.34 per bushel as compared with the price of about 96¢ last year.

SPECIAL MUSIC.

Special music will be supplied at First Methodist church at the morning hour of worship today by Miss Wilda Drago and a group of her former pupils. A violin number will be given as a prelude by the following young ladies, Misses Gloria Graham, Rose Ann Wood, Nancy Seabury, Merle Dean Merle, Glenna Johnson, Clara June Kimbell, Alma Williamson and Rosemary Bruce. The same group will also present a number for the offertory. Besides these two violin numbers a selected song will be given immediately preceding the sermon.

CISCO COLLEGE FALL FLYING QUOTA GIVEN

Official notice that a quota of ten students has been awarded by the C. A. A. for Cisco Junior College's fall Civilian Pilot Training class, was received Saturday by R. N. Cluck, president of the college.

"We only asked for a quota of ten instead of twenty which we received last year, because we have found that we could do a better job of giving good training to ten than by having twenty as we had last year," Cluck said.

The class will begin shortly after the opening of school next week and all wishing to take the training, whether in college or not, may phone Mr. Cluck at 241.

The marines are seeking young men between the ages of 17 and 30 years with no dependents, who are in good health and have a moderate education.

R. I. COLLIER RESIGNS AS BANDMASTER

R. I. Collier has resigned as band director for Cisco High School to join the Corpus Christi school system, Supt. R. N. Cluck announced Saturday.

Collier's new job offers wider opportunities and an increase in salary, it was disclosed.

Succeeding him will be Leonard King, band director for Spaulding high school for the past two years, Cluck stated. King's band received a rating of first place in the Abilene contest last school year.

The new Cisco director will come here with a good background for music. He served as director of the McMurry band for two years while attending that college. His father has been director of the Coleman band for many years, and he has two brothers who are also band directors.

L. E. OUSLEY HEADS CHURCH OF CHRIST NOW

Rev. L. H. Ousley arrived this week from Ballinger and has assumed his new duties as pastor of the Church of Christ, succeeding Rev. D. Lee Hukel. Mr. and Mrs. Ousley and small son are now domiciled at 1106 W. Seventh street.

This will be Mr. Ousley's eighth year in the ministry and he comes highly recommended as a fine man and interesting speaker. He graduated from Trinity university in 1928 and in 1935 took special work at the widely known Freed-Hardeman college at Henderson, Tenn.

"My hobby is that of making friends," said the minister, "and I expect to work at it here in Cisco. The first step, of course, is to get acquainted."

CISCO PASTORS WILL MEET AT NINE MONDAY

A meeting of the Ministerial Association of Cisco will be held Monday morning at 9 o'clock in the study of the First Baptist church, J. R. Wright, secretary, said Saturday.

The purpose of the meeting is to elect officers and to plan the chapel schedule for the school year. All Cisco ministers were urged to attend.

PAUL DENNISON, WHO ESCAPED PEN IN 1927, IS IN CISCO JAIL WAITING RETURN TO HUNTSVILLE

TEXAS, OKLA. GOVERNORS IN CONFERENCE

Paul Dennison, escaped convict, is being held in the city jail pending arrival this week of Bud Russell, penitentiary agent, to take him back to Huntsville.

Officers said Dennison was convicted on a felony indictment in the district court of Eastland county in March, 1927.

After serving about eight months of his sentence of 15 years, he escaped from the pen and has been at liberty since.

Chief of Police Perdue had been apprised of Dennison's escape and, thinking he would probably return to this section, requested the police force to be on the look-out for him. Chief Perdue, knowing that Cecil Lamb had been acquainted with Dennison for years, asked him to watch out for the man.

On August 30 Mr. Lamb recognized Dennison while near the J. C. Penney store and notified the police department, the arrest following.

Dennison made no resistance. Lamb said, but refused to give the officers his prison number or other information. Chief Perdue then had Dennison fingerprinted, which he forwarded to Huntsville for comparison with prison records.

ATOKA, Okla., Sept. 6.—The chief executives of Oklahoma and Texas went to the C. B. Goddard Ranch near Ardmore Saturday for a discussion of the Interstate Oil compact and of projects in the Red River basin upon which the states have already agreed.

Governor Stephenson of Texas and Governor Phillips of Oklahoma had an informal talk Friday night in a cabin on Stringtown state ranch near here.

Upon Stephenson's first visit outside Texas since he took office, Senator Rudolf A. Weinst of Seguin became acting governor of Texas.

Stevenson stopped in Denison, Texas, for a brief talk with newspaper men. He had a highway patrol escort. When he crossed the state line he boarded an Oklahoma patrol car which took him to Stringtown, where he spent the night as Phillips' guest.

In Stephenson's party were J. C. Hunter of Abilene, W. A. Moncrief of Ft. Worth and A. M. Howsley of Albany, Texas.

Four U. S. Fliers on Way to Britain Die

GLASGOW, Scotland, Sept. 6.—Four American aviators lost their lives and seven others were rescued and brought to a Scottish port after the ship carrying them was torpedoed in mid-Atlantic, authorities revealed Saturday.

All 11 Americans were described as fully trained pilots who were enroute to Britain to join the RAF.

Some of them are commercial airmen while others received military training at RAF centers in the United States and Canada.

Texas Solon to Join Canadian Air Force

AUTIN, Sept. 6.—Duncan S. Hughes of Georgetown, a member of the Texas House, plans to leave in a few days for Canada to join the Royal Canadian Air Force, it was announced.

His enlistment will prevent his being present at the special session of the legislature called for Tuesday.

Eastland Musicians Will Play, Sing at First Baptist Tonight

A girl trio and violin quartet from Eastland will sing and play at the regular evening worship hour at the First Baptist church this evening at 8 p. m.

The public is cordially invited to hear them.

300 PAY TRAFFIC FINES

M. L. Perdue, chief of police, estimated Saturday morning that the number of traffic violators who have paid fines in city court is about 300 since July 3.

Very few local people have been given traffic tickets and all violators have behaved very well when arraigned for traffic offenses, he said.

"We appreciate the cooperation which has been extended by local citizens. The police department is urging that this cooperation be continued, because danger of traffic accidents will increase next week with the opening of school," the chief said.

SPEED SOUGHT IN CONFERENCE ON TAX BILL

WASHINGTON, Sept. 6.—Jubilant over the senate's 67 to 5 approval of the record \$3,583,900,000 tax bill late Friday, administration lieutenants strove Saturday to hurry the adjustments of differences between that measure and similar legislation passed by the house.

The bill, which would bring an estimated 4,911,000 additional persons under the income tax structure and thus raise an extra \$363,000,000 of revenue, was rushed through the senate in only three days.

Both proponents and opponents said the measure was only a step toward paying the nation's huge defense bills. The house ways and means committee has estimated that all federal expenditures would exceed \$22,000,000,000 during the next fiscal year, which begins July 1.

Estimated Yield.

Existing taxes, plus the senate-approved levies, are estimated by treasury experts to yield about \$13,500,000,000 during the next calendar year. Chairman George, Georgia, of the senate finance committee says total federal income would approach \$15,000,000,000, however.

GERMANS ARE DRIVEN FROM RAILWAY ZONE

Desperate Russian counterattacks in defense of Leningrad have pushed the German besiegers out of a vital railway zone in the approaches to the city in a great battle which is in progress, official Soviet accounts stated Saturday.

The army newspaper Red Star made the claim without stating the exact location. Mention of the railway was no clue, for Leningrad is a hub of radiating lines, which the Germans claim to have cut. The Germans only Friday, however, said they were shelling the railroad between Leningrad and Schluesselburg, 25 miles east of Leningrad, and this route might well be the key to the defense of the entire area between Lake Ladoga and the Gulf of Finland.

RELATIONS U. S. - BERLIN IN VERY BAD WAY

HYDE PARK, N. Y., Sept. 6.—A presidential secretary announced tonight that President Roosevelt would make a radio address "of major importance" to the nation and the world from the white house at 8 p. m. (CST) Monday.

Germany and the United States appear tonight to have entered the stage of "shooting events."

This is evident from statements of both Berlin and Washington as repercussions of the encounter between the U. S. Destroyer Greer and a Nazi submarine, off Iceland, widened.

The Greer incident shared attention with tense fighting on the Russo-German front, marked by fierce Soviet counter - attacks at a dozen points and the stepping up of Nazi air offensive in an attempt to crush the Leningrad defenses.

These German charges raised the question of future relations between Berlin and Washington.

It was indicated plainly in Washington that the orders for American warships to hunt and "eliminate" the submarine which fired at the Greer are in effect.

Inasmuch as there is no way for the submarine to be identified, the orders seem to be to make certain that any U-boats in American searching area can expect U. S. attack.

TODAY'S PRAYER

In the name of the Lord Jesus we bow in Thy holy presence, O God, to thank Thee for all Thy goodness and mercy to us as a family and as a household, and to ask Thy forgiveness for all wherein we have sinned and grieved Thy holy spirit. We pray for grace and guidance that we may so walk as to please Thee. Grant us Thy protecting care to shield us from accident and danger. And above all, we pray that, thus walking in Thy fear and love, we may know the joy of Thy salvation.

DO YOU REMEMBER?

(From Files of Daily News, January, 1928.)

Two important meetings of farmers of the Cisco Country were held Saturday afternoon—rather one meeting of farmers assembled for two purposes. The first meeting was of the members of the Cisco Cooperative Marketing association for the purpose of forming a pool to ship livestock to market. The second for the purpose of forming a pool to purchase fertilizer. The meeting was held at the chamber of commerce.

The marketing association made up three cars of livestock, which will be shipped out Tuesday, January 17. Two of the cars will be composed of hogs and one of cattle. However, the second car of hogs was not complete, as R. L. Poe, who is getting up the shipment, stated that there will be room in the car for a few more hogs. Those who have not been seen, and who would like to get in on this shipment, are advised to see Mr. Poe without delay.

At the conclusion of the meeting of the members of the Livestock association, those interested in buying fertilizers held a meeting and about two-thirds of a car was contracted for at the meeting, though the order was not placed, as it was stated that others not present would join the pool.

These farmers will order acid phosphate and nitrate of soda which will be compounded on their farms. E. A. Miller, of the Texas Farm Bureau, federation, was present and gave prices on these fertilizers if ordered through that organization. Another familiar figure, R. H. Bush, former county agent of Eastland county, was greeting old friends in the

meeting, and County Agent Patterson was also present.

The order was not placed Saturday, but a committee was named to do so, consisting of W. B. Starr, W. J. Poe, E. K. Wenge, J. C. Patterson and E. H. Varnell. This committee was submitted prices furnished by Mr. Miller of the Farm Bureau, and other fertilizer companies, and it was stated that the pool would be completed at an early date, in time for the fertilizer to reach here by February 15.

The two meetings were largely attended, there being 33 farmers present, the major portion being for the purpose of listing their livestock in the next shipment. Farmers here were as follows:

G. W. Ricks, V. E. Ramsey, Henry Stroebel, Otto Stephen, Oscar Schaefer, J. D. Speegle, J. C. Thurman, O. J. Weiser, Paul Weiser, Ed Townsend, E. R. McCracken, Roy Williams, J. R. Bacon, Wm. Eifert, G. L. Huestis, John Hilscher, A. Z. Myrick, W. J. Poe, Van Parmer, G. Pilcher, J. T. Poe, shippers, and Oscar Penn, Frank Penn, Ross Penn, O. G. Phillips, B. B. Poe, R. L. Poe, C. F. Altom, W. B. Starr, E. K. Wenge, Otto Wende, O. G. Reich and Will Joe Starr, non-shippers.

The Eastland County Council of Boy Scouts of America held its second annual meeting at Eastland Monday night. A chicken barbecue was served in the Eastland Country club house to fourteen people—thirteen directors and Scout Executive G. N. Quirl. As a result of the Scout work accomplished during 1927, there are twelve active troops in Eastland county, comprising 216 Scouts. Four of these troops are in Cisco. Mr. Quirl was re-elected for the county. Mr. Quirl resides in Eastland and has proved a most capable Scout official. The following officers were elected and committee chairmen named:

Alex. Clark, president, Eastland. L. A. Carter, vice president. W. W. Housewright, treasurer, Ranger. Joseph M. Weaver, national councilman, Eastland. Prof. S. E. Singleton, Lone Scout division, Carbon. Rev. H. B. Johnson, Scout commissioner, Ranger. John W. Thurman, leadership and training committee, Ranger. Walter Harwell, troop organization, Ranger. S. M. Sellers, civic service committee, Rising Star. Charles G. Gray, finance committee, Cisco. Joseph M. Perkins, camping committee, Eastland. E. P. Crawford, court of honor committee, Cisco. T. C. Williams, reading committee, Cisco. Walter I. Clark, publicity committee, Eastland.

Edwin Lee, sales manager for the Lee Model farm, is demonstrating that there is money in poultry in the Cisco Country. Notwithstanding the fact that the Lee farm is operated independently, eggs and trivers from the model farm find a ready sale at top prices. And the demand is greater than the supply, for this gentleman says he could sell double the amount of his products. "We are gathering two cases of eggs per day," he told the Newsmen this morning, "and our entire product is taken by local people at \$13 per case. We could sell twice as many right here in Cisco if we could supply them. These eggs are all infertile and guaranteed fresh," he said. In addition to the eggs gathered on the Lee Model farm, a large quantity of fryers are mar-

keted. Mr. Lee said he sold 54 dozen fryers last week on the Ft. Worth wholesale market at 30 cents per pound. "The fryers we are marketing," he said, "are the baby chicks we purchased late in the fall. The first sold were from the first we bought. We continued buying baby chicks at intervals, and will have fryers for the market at all times. As the earlier ones are ready for sale, others are coming on, and by this means we keep a flock of fryers maturing and getting large enough for table use. The fryers are all milk fed, and find a ready market."

Judge Walter Hayden, of the Humble company, sent a cablegram to Dr. E. L. Graham at his London address last Saturday, it was learned this morning. Judge Hayden stated that his cable contained a brief account of the First National bank robbery, manhunt, shooting of Bedford and Carmichael and the former's death, as well as capture of the bandits. The message was sent at a reduced rate, similar to a night letter by telegraph and contained about 35 words, Judge Hayden said. It was stated at the Western Union office here, which company transmitted the cablegram, that the message carried a special rate of 15 cents per word—just half of the regular rate, which is 31 cents per word. The cost of the Hayden cablegram to Dr. Graham was \$4.96, the Western Union manager stated, but said that an even cheaper rate than this could be had on week-end letters of 20 words, which could be transmitted for \$1.80. Judge Hayden stated that the cablegram was likely delivered to Dr. Graham Sunday or Monday, and that he expected a reply as soon as mail could reach here.

Mr. and Mrs. John Snoddy had as their guests during the holidays their daughters, Mrs. E. A. Merritt of Brownwood, and Mrs. Ida Foster of Eastland. Mr. and Mrs. John R. Merritt of Brownwood visited relatives here Christmas. Miss Maurine Bailey of Dan Horn spent the week-end with Nadine Speagle. Ernest Brown and family of Colorado, Tex., were guests in the Roy Williams home Monday and Tuesday. Mrs. Dan Fleming, who has been confined to her room for several weeks with rheumatism, is reported better—Scranton Letter.

That the spectacular bank robbery staged here December 23 was given the widest circulation is indicated by a clipping from the Boston Daily Advertiser, sent to Mrs. John Kleiner of this city by a woman friend living at Cape Cod, Mass. The story of the raid on the First National bank appeared in the Boston Advertiser of December 24—the next day after the hold-up, and bears a Cisco date line. The clipping is a very accurate condensed account of the robbery.

Mr. and Mrs. Jonah C. Eppler, former Cisco people, now living in San Antonio, are visiting in Cisco, guests of the former's mother, Mrs. H. G. Eppler. The many friends of Mr. Eppler are giving him a cordial greeting, as it has been some time since he visited his boyhood home. They stopped over while enroute home from a visit to relatives in Haskell.

Jimmie Caldwell, former Cisco boy, but now living at Amarillo, was a business visitor to Cisco Thursday. Mr. Caldwell is representing the Dorsey Printing Co. of Dallas. While here he was meeting many of the friends of his boyhood, all of whom hailed him as "Jimmie." He is the owner of

the original Cisco townsite, only it was not called Cisco at that time, but Red Gap. He came into the possession of this plot of land by inheritance, as his parents formerly owned the land where Red Gap stood.

The Lobo Queens, crack cagers of Cisco high school, journeyed to Brownwood Wednesday where they played the Daniel Baker girls' basketball team in that city last night. The Queens took the game by the nice lead of 45 to 15, in a play that was replete with thrills, according to Miss Walker, the efficient coach of the Queens. Doris Bates, forward, was high point player for the Queens, with Edith Qualls, center, and Maynette Holmes proving stars.

Mrs. D. Ball is now able to be up, after having been confined for several days on account of illness. Misses Hattie and Lydia Wende are entertaining tonight at their new home on the Rising Star highway, honoring Mrs. G. A. Obenhouse and daughters.

Dr. and Mrs. Allen Shackelford or Ranger were guests of Mr. and Mrs. Joe Shackelford Sunday.

A. J. Olson leaves today for Tulsa, after a visit in Cisco with his family.

Miss Sue Neely returned Sunday after having spent the past week in Austin with relatives.

Mr. and Mrs. P. N. Price of 613 W. Ninth street, are the parents of a baby boy.

Mrs. W. D. Casey of the Davis Mountains spent a part of the holidays here, the guest of Mrs. H. G. Eppler. She departed Monday night for her ranch near Taylor.

Mrs. S. E. Funderburk has as her guests here two sons and daughter, Mr. and Mrs. C. L. Funderburk and Dick Funderburk, all of Brownwood.

Mr. and Mrs. B. D. Floria have moved to the Dick Funderburk residence on J avenue and Twelfth street.

Mr. and Mrs. Siliman Evans and son have returned to their home in Ft. Worth after spending the week-end in Cisco with relatives.

Mr. and Mrs. Bennett Lucas of Nashville, Tenn., have returned to their home after a week's visit with the latter's father, Robert Porter.

Mrs. Coe McLeary was an Eastland visitor Wednesday afternoon. Mrs. William Reagan left this morning for Dallas, where she will attend the meeting of the State Federation board.

Mrs. L. H. McCrea is visiting in Ft. Worth this week with relatives.

Little Miss Melvina Heyser and J. V. Heyser, Jr. returned Tuesday night after a week's visit with their grandmother, Mrs. J. A. Heyser, near Putnam.

Mrs. Bob Gilman is entertaining with bridge this afternoon at the Green Lantern tea room.

Personal service is the key factor in shaping the operating policy of our company. Every employee is trained to feel as much concern for the welfare and satisfaction of the customer as the management.

Industrial Arts Club Luncheon Held Thursday
Beginning the fall activities of the Women's Federated clubs, a patriotic luncheon was held at 1 o'clock Thursday by the First Industrial Arts club, in the home of Mrs. R. E. Grantham. The luncheon appointments and all decorations carried a patriotic theme. Mrs. O. L. Stamey requested Mrs. Leslie W. Seymour to give the invocation. The guests were seated at small tables while partaking of the sumptuous meal. Plate favors were "V for Victory" insignias.

Immediately following luncheon, Mrs. F. A. McMillen arose and said the group would be favored with a patriotic program directed by Mrs. O. L. Stamey, which would include a number of things that all Americans as true patriots should resolve to do.

The first included love of our country, appreciation of its true grandeur as the cradle of liberty, the author of freedom, the leader among nations. Miss Marian Jacobs sang "America, We Thank You."

The second included belief in the Constitution and the principles included. A voice was then heard repeating the Constitution. The voice was that of Mrs. O. L. Stamey, who was hidden from view of the group by a curtain.

To study the lives of great men and serve our country loyally, its people, institutions, in any way that may be nearest me, were the third and fourth.

To revere the Stars and Stripes not merely as an idle sentiment, but with a glowing heart which impels right conduct, was the fifth. Four boy scouts, Homer Lee Hensley, Robert Shaw, Joe Tom Poe and Jack Surles, were then introduced by Mrs. E. L. Jackson. The boys led the group in repeating The Pledge to the flag and in giving the salute to the flag. Miss Jacobs sang "The Sons of America."

The sixth point was the American, assisted by a number of girls, opened each package and displayed them to the assembly, after which they were placed on the long tables for closer inspection. Approximately 100 guests were in attendance.

can's duty in politics, voting to the best of one's knowledge, exerting the right influence, despising anarchy, being an enemy to graft, dishonesty and selfishness, opposing tyranny and injustice.

The last was devoting a portion of one's time to upbuilding the good, and giving assistance of right, democracy and justice to humanity whether it is in my country or other countries whose fundamental principles of government and whose ideals are the same as those of our own country. Miss Jacobs then sang "There'll Always Be an England."

After the program the incoming president, Mrs. H. A. Bible, was presented, who gave a brief address in an impressive manner, mentioning several objectives for the club during the coming year. Those present were Mesdames O. L. Stamey, H. A. Bible, E. J. Poe, M. F. Underwood, Rex Moore, Joe Clements, Guy Brogdon, J. B. Pratt, A. P. Clayton, W. W. Wallace, M. D. Paschall, N. A. Brown, A. J. Olson, R. S. Cope, L. J. Leech, F. A. McMillen, R. E. Grantham, B. E. Morehart, Leslie W. Seymour, E. L. Jackson and John Jones, Jr.

Miss Poe Is Honored With Buffet Supper

Miss Lurline Poe, bride-elect of Al Strasser of Dallas, was honored Thursday night at a buffet supper given by Miss Alice Estil Spencer in her home, 510 W. Eighth street. After the meal was served from the attractively appointed dining table, the guests returned to the living room, where the remainder of the time was spent in gay conversation. Miss Poe was presented with a lovely piece of silver by the hostess.

The invited guest list included Misses Lurline Poe, Mary Louise Clark, Lucille Clark, Leola Isenhower, Louise Statham, Betty Lou Powell, Dorothy Jean Walker, Misses Roy Burnam, Clifton Stiles and Don Dillingham.
