**BAILEY AS ON TORPEDOED SHIP**

Gene Bailey, 1202 W. Ninth street, is in receipt of a letter from the U. S. Army, and now stationed at Camp Wolters, N. Y.

Gene Bailey is a son of George Bailey, who was born at Seranton but was killed in action during the war against Germany. He is about 19 years old and has been in the service for a short while. A brother, also named Gene Bailey, is also a marine.

Excerpts from Bailey's letter to his parents are as follows:

"I am glad to see that the report in the Press says that we were torpedoes. I was on the ship when she hit—11:30 and I was the only one to see her sink. They make a luminous trail and look like a comet. I was going to hit right in the middle of her but I couldn't move until she missed the stern. Just as I started to jump, I saw the ship was coming. The ship was in the air and I nearly got on my face and a pistol I was carrying had not been seen. I got up and ran to the deck and they were shouting 'Ship Torpedoed.' I nearly had to go overboard. We only got away in a few minutes. Only got clear of the sink-

Walter Milton Crosby died late Sunday afternoon at his home in Putnam after an illness of several months. He was an oil man and was born in Mississippi, February 28, 1881. He came to Texas with his parents, W. T. and Florence Crosby, when a small boy.

Deceased was married to Miss Minnie McKeever on November 11, 1896. She, with their two daughters, Mrs. Fred Golsom of Putnam and Louise Pearl Crosby of Ft. Worth are the immediate survivors. Others are two brothers, Charles of Santa Paula, Calif., and J. T. of Sherman, Tex.; four sisters, Mrs. Emma Bartos, Ft. Worth; Mrs. Pat Cates, Strawn; Mrs. Ina Wells, Washington, D. C., and Mrs. Willie Culwell, San Antonio.

## M'CANLIES CAR PLUNGED OVER 40-FOOT BANK

Mr. and Mrs. S. H. McCannlies and daughter, Bette Sue McCannlies and sons, Jim and Johnny McCannlies arrived home Saturday from Deming, N. M., where they attended the funeral of their son and brother, Guy Edwin McCannlies, 28, who was killed in an auto wreck at Deming on Tuesday, May 5.

The funeral was held Friday morning at the Methodist church in Deming, with interment in the Deming cemetery. A wife and two children also survive the former Cisco man.

The Silver City Daily Press of May 6 carried the following account of Mr. McCannlies' death:

"Guy E. McCannlies, 28, Deming truck driver for Mark Terry, contractor, was killed almost instantaneously about 5:30 yesterday when his vehicle and trailer plunged over the 40-foot bank into the big ditch at the foot of Market street.

"The truck came off the edge of the Gila road just at the hill on the side of town, out of control, and threaded the heavy downtown traffic without striking any other vehicle. Apparently the unfortunate driver made no effort to jump out. The truck body and cab were smashed flat when the heavy load of old lumber and large poles piled up at the bottom of the ditch.

"The truck and trailer apparently had broken down or stalled at the top of the hill last Saturday and had been pulled to the side of the road. The accident occurred shortly after the driver had resumed his journey to Deming."

## YOUTH PLAYS POLICE

A 17-year-old youth was arrested here Saturday night on the charge of impersonating a military officer, and lodged in Cisco jail by local officers.

The U. S. secret service department at Dallas was notified, who in turn notified F. B. I. in Abilene, who sent a man over Sunday to interview the youth, Justice W. E. Brown has released the youth on bond for a misdemeanor charge pending filing of more serious charges by the secret service department.

The youth, who comes of a well-known Eastland family of good character, and who himself had a clean character so far as criminal acts are concerned, has been working recently in Greenville. He had a certificate made out granting himself military police powers, signed by Capt. Kelley of the 45th division of Greenville. He also possessed an M. P. badge.

When the F. B. I. officer from Abilene interviewed the youth, he gave the story that he had purchased the paper and badge for \$10, but in later questioning he admitted he found the blank and badge on the floor while working in a cafe in Abilene before going to Greenville. It came out that Capt. Kelley was formerly stationed at Camp Barkeley and was never at Greenville. The youth filled out the blank commission, it was brought out, according to Justice Brown here.

He had "raided" a local place and had given a receipt for money collected.

It was this handwriting in the receipt, according to Justice Brown, that confirmed the suspicion that the signature of Kelley was forged.

## R. E. M'CORD DIED MONDAY, PLEASANT HILL

R. E. McCord, former resident of Cisco, died at his home in Pleasant Hill community Monday morning about 9:30 o'clock. Deceased lacked a few months of being 88 years of age and with the exception of about ten years in Cisco, had resided since early manhood on the farm where he died.

He was a member of the Baptist church and regarded by all who knew him as a most exemplary man, said W. J. Poe of Cisco, a former neighbor, this morning. Survivors include the wife, three sons and two daughters.

Funeral was held from the late home this afternoon, with interment in the Pleasant Hill cemetery. The funeral services were conducted by Rev. A. C. Hardin of Post, Tex., son-in-law of deceased. The Green funeral home was in charge of the body.

## ANDERSON ACCEPTS U.S. NAVAL JOB

Calhoun Anderson of Fort Worth left today for San Francisco, to accept a commission as U. S. naval reserve officer. He was accompanied as far as Marfa by his mother, Mrs. J. T. Anderson and his aunt, Mrs. W. J. Foxworth, for a brief visit with his sister, Mrs. Paul Vogt.

Mr. Anderson is leaving a lucrative partnership in the successful legal firm of Connor & James, Fort Worth, to do his best for his country in this time of strife and need. He was born in Cisco and grew to young manhood here. He was an outstanding student in his public school life and graduated with the 1928 high school class.

He entered Southern Methodist university and received his B. A. degree four years later. He then pursued the study of law at the same university, and obtained his law degree there.

## LION LADIES NIGHT EVENT LAGUNA HOTEL

Rev. L. W. Seymour will be toastmaster. He will be introduced by President O. L. Stamey, and will preside during the program.

## SGT. ROBINSON SENDS CABLE TO HIS MOTHER

Mr. and Mrs. Earl Robinson received a welcome cablegram from their son, Sgt. Howard Robinson, on Mother's Day, in which the Ciscoan said he was in excellent health.

Sergeant Robinson, a member of the U. S. marines, is or was located on Midway Island and, from time to time, stories have been circulated in Cisco that he had been seriously wounded and that he had probably lost his eyesight. How these stories got started is unknown, but Robinson's many local friends may rest assured that he is in good physical shape at present. And, judging from one paragraph in a letter received by his mother, he is also in good spirits. The excerpt was about as follows:

"Don't worry about this island, or us personally. We are in good shape physically and expect to hold on until h—1 freezes over."

Robinson is about 29 years of age, was born in Cisco and is a graduate of Cisco high school. He joined the marines about two years ago and has not been home since his induction. He is a nephew of Mrs. Bill Maybaw and was formerly employed by the West Texas Utilities company.

GOOD RIDDANCE

Bon voyage to nearly 1,000 guests who have been enjoying the hospitality of this country, generally against their will and ours too, for many months. And it is our "au revoir." In most cases Americans hope never to see them again. They are mainly diplomats and other foreign officials who have represented their countries in the United States and Latin-America, and with whose governments this country is now at war, actually or technically.

Among them are the insolent agents from Japan who were smiling and bowing in the State Department at Washington at the very moment when their government was bombing Pearl Harbor and raining death on 3,000 Americans.

Uncle Sam has been maintaining most of them in luxurious hotels at Asheville, N. C. and White Sulphur Springs, W. Va., at government expense, until they could be exchanged for Americans stranded abroad. Here is a situation where Americans get a break. We benefit both ways from the swap. And it is natural to feel a sense of cleansing as those alien enemies leave our shores.

They will not sail in the dark, subject to attack by lurking submarines, as so many of our own people have had to do. Forty floodlights will illumine their path by night. And it would be wicked to wish them bad luck on the way over.

SPORTSMANSHIP

Suppose you don't get as much sugar in your coffee as you would like; what if? Everything considered, you're probably lucky to have any sugar at all, or any coffee. Or any tea. Or chocolate. Taking the world as a whole, today far more people lack such things than have them.

Suppose your transportation is interfered with. Suppose you have to do more walking than you're accustomed to. Suppose you or your son or your father must go into the army. Suppose your familiar world seems in process of being turned upside down.

All this is troublesome and some of it is very hard to bear, for a nation accustomed to ease, luxury and security. But in moments of mental clarity, when resentment vanishes and sportsmanship appears, the natural American spirit rises up and says: "Who are we, to expect freedom from the travails of the rest of mankind?"

Normal Americans may go even farther, and admit that perhaps in the past they have had more than their share of the good life which all people seek. And they may conclude, in the scriptural words that "to whom much hath been given, of him shall much be required." This is not pious but sportsmanship.

Heroes are appearing now so plentiful that it's coming to be the style, and ordinary fellows are ashamed to be afraid of anything.

THE BIG FIGHT

There is unusual romance in that "Battle of the Coral Sea." The name itself is pure poetry, and the whole region of the East Indies, with their riches and beauty, is famed for adventure.

There is drama, too, of rare quality, in that running sea fight that lasted for nearly a week, covering enormous distances and woven of many separate engagements, whose telling will be memorable. There is the keen suspense in which the shaken continent of Australia was held breathless, while the whole world tensely awaited the outcome. On that battle might depend the fate of modern civilization.

As the details come in and the results are appraised, both sides in this universal war know better where they stand and what the future prospects are. Early reports indicated a considerable victory for the Free Nations. But the Slave Nations still have great endurance and striking power. Japan risks everything. The winning of the war requires full mastery of the seas. There may have to be

another victory of the Allies, and another and another, until the piratical wreckers and would-be world conquerors are driven back to their home bases. But a good start has been made in that big task.

NEW ZEALAND

If you want to see real war effort, look at New Zealand. With a population of only 1,600,000, she has 310,000 men in uniform, to say nothing of women in various defense activities. That is as if this country had 25,000,000 men in army, navy, air force and home guard. Taxation, too, in New Zealand is up where it hurts, in many cases amounting to 87 1/2 per cent. Evidently we have scarcely begun to feel this war.

Still, if it becomes necessary, we can do as well, or better.

The Kansas City judge who makes a prisoner take off his U. S. uniform before sentencing him "has something." That uniform must command respect.

TRAGIC DEFEATS

One of the hardest things for the United Nations to bear, in connection with that long, hard struggle for supremacy in Burma, has been the Burmans' defection to the Japanese. They did not join the Japs in a military way, but their sympathy and cooperation made the Japanese conquest much easier. The British and Chinese, with Burman help, or even neutrality, might have beaten the invaders. Now it will take an immense effort to regain that area, with its access to China and the direct communication between China and India that it could afford.

India apparently will make no such mistake. It understands and fears the Japanese. Yet India is divided against itself and not prepared to make any energetic defense against invasion.

It has been seen over and over again, in the recent British campaigns against Japanese aggression, that defeats resulting from lack of fighting power at strategic points bring losses far beyond their seeming importance. Britain, while doing an admirable job in Europe, which obviously has been more important, has nevertheless failed terribly in the Orient. So has the United States. And it is not going to be any pleasant romp, winning back those lost areas.

### L. Saunders Circle With Mrs. Fewell

Letha Saunders circle of the First Baptist women's missionary society met at 9:15 today in the home of Mrs. W. W. Fewell with Mrs. B. B. Hurst presiding. The meeting was opened with prayer by Mrs. W. W. Fewell, which was followed by a brief business session during which routine matters were transacted. The hostess taught an interesting Bible lesson. The circle decided to have an all day session for the next meeting. At that time they will finish the afghan which is to be donated to a hospital. Each member will be asked to bring her lunch in a paper-bag and 5 cents with which to purchase a drink. All members will be urged to attend the all-day session. The meeting was closed with prayer.

Those present were Mrs. B. B. Hurst, Mrs. Chas. Clark, Mrs. Lester Weathers and Mrs. W. W. Fewell.

Officer: "What's the big idea? What are you men doing climbing and crawling through the bushes?" Private: "Well, sir, we camouflaged the gun before lunch, and now we can't find it."

FOR BALMY DAYS—Julie Bishop displays a two-piece dress of navy blue with yellow polka dots. Sleeves and turned-down collar are of white and yellow. Buttons also are of yellow.

Old Lady (to little boy smoking cigarette): "You'd better stop that, otherwise you will never become President." Little Boy: "Aw, that's all right, lady, I'm a Republican anyway!"

As he was drilling a batch of recruits the sergeant saw that one of them was marching out of step. Going up to the man as they marched, he said sarcastically: "Do you know, they are all out of step except you?" "Well," was the retort, "you tell 'em you're in charge."

## LIONS CONVENTION ATTENDED BY CISCOANS

The highlight of the Lions convention of District 2-E at Breckenridge Sunday and Monday was the election of Charles F. Williams of Fort Worth for district governor for the year 1942-43, against two other strong candidates whose friends contested the election hotly. Lion Williams was a candidate last year, but lost to the present incumbent, A. B. Lee, of Decatur, by one vote.

Another bright point in the program was the talk of Edward H. Paine, vice-president of Lions International and judge of the supreme court of Illinois. Mr. Paine will become president at the end of the fiscal year in July, displacing George Jordan of Dallas, who

## From where I sit...

by Joe Marsh

RUMMAGING through my desk the other day, I came across some snapshots of friends of mine made back in 1933.

If you don't think time flies ... if you don't think this world ever changes ... you ought to look at the women's hats and dresses in those pictures taken 9 years ago! Wow!

It gave me quite a start ... and then it set me to thinking ... and remember! Lots of things sure happened in Washington ... the turning point of the depression ... and the coming of Repeal.

I remember the re-legalization of beer. It came before Repeal, when Congress amended the old Volstead Act to allow legal sale of "32" beer.

What talk and arguments they had in those days! One argument I remember well ... was that beer would do a lot to help bring back prosperity. I wondered at the time whether that argument could be proved.

Joe Marsh

I thought about that again, the other day. I decided to check up and find out.

Well, I found out plenty. I found out that legal beer has paid more than 3 billion dollars in taxes since 1933. It has made more than a million new jobs.

According to one of the reports I've seen, beer has put more than 15 billion dollars into general business circulation. Goodness me, that's a lot of money.

Beer is sold today in every state in the Union. Every state benefits from beer's jobs and taxes. And I guess there's no denying that beer did do its share in bringing back better times.

I'm glad it did, too, because beer is such a pleasant, appetizing beverage. And it stands for moderation and moderate people ... it's not likely to get you in trouble.

# WORKING FOR VICTORY BEHIND PRISON WALLS

Inmates of the Atlanta Federal Penitentiary are demonstrating their desire to help Uncle Sam's war effort with a vengeance—a vengeance directed toward the enemies of their country. The Atlanta penitentiary, like all other Federal prisons, has been turning out a variety of materials for the Army and Navy since the defense program got under way a year and a half ago. A year ago, the workers in the Atlanta prison willingly agreed to increase their work-week from 36 to 46 hours, and as a result, have more than doubled their production, winning commendation by U. S. Attorney General Francis Biddle.

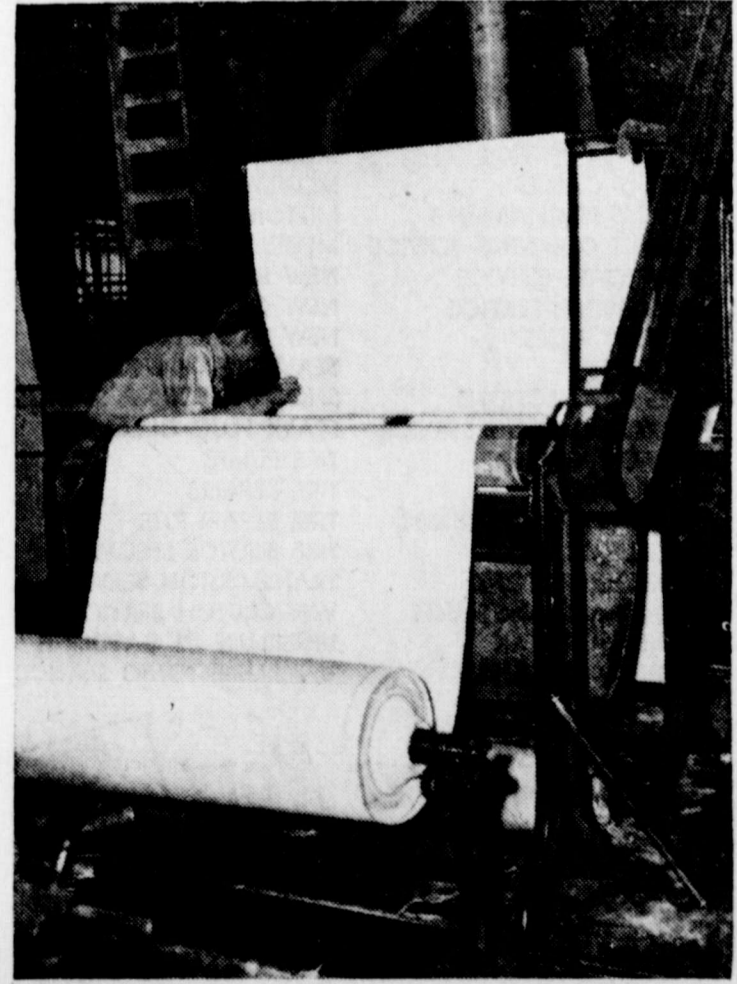

Paid a small sum for their labors on a piecework basis, they specialize in the manufacture of canvas goods. Among the 70 different articles they turn out for the armed forces are such items as tents, cots, water tanks, shoes, shell covers, etc. When war struck the U. S., it gave impetus to their efforts. During one month alone they turned out nearly 1,000,000 pounds of goods. These pictures, among the few ever permitted to be made inside a federal penitentiary, show prisoners who are paying their debt to society, and at the same time playing their part in the national war effort.

PATRIOTS MAP: PROUD HOME STATES OF 200 AMERICAN HEROES DECORATED SINCE PEARL HARBOR—Six months ago many people unwittingly cheered Hitler by declaring "American boys are growing soft." Those were the days when "Defense" was a big word. The map of the United States meanwhile has a new significance. Since December 7 more than 200 soldiers of the United States Army from all parts of the country have been decorated for valor, conspicuous gallantry in action and distinguished service. For instance, Florida boasts among her heroic sons one who was awarded the Congressional Medal of Honor; another, the Distinguished Service Cross, and still another, the Silver Star, and four won the Distinguished Flying Cross. The list is not complete because the home addresses of many of these brave men are not yet available, and those heroes living in Alaska, Hawaii and the Philippines are not included. Awards since April 25 are not indicated.

MRS. CANTRELL LAID TO REST HERE SUNDAY

Funeral services were held at the First Christian church Sunday afternoon for Mrs. Frances Ann Cantrell who passed away last Friday morning in the home of her daughter, Mrs. A. G. Whittington, in Houston. Rev. J. H. Wright officiated in the service. Interment was made in Oakwood cemetery. Active pallbearers were W. A. McCall, R. W. Mancill, Wm. Reagan, Fred Grist, F. E. Shepard and J. J. Collins. Honorary pall bearers were all former friends of the family. Among musical numbers at the funeral services was the "Lord's Prayer" sung by Guy Kemper, son of Mr. and Mrs. W. O. Kemper of Abilene, accompanied by Mrs. Troy Powell at the piano.

Deceased was born in Boone county, Ark., in 1874, and was married to G. Cantrell when 18 years of age; three children were born to this union. Upon being left a widow with three small children, she came to Texas and reared her family at Ranger, Texas.

Mrs. Cantrell spent several years in the home of her son-in-law, G. H. Judia, following the death of her daughter, Mrs. Judia, assisting in the rearing of her four grand-children; she remained here until about 17 years ago when she went to Abilene to make her home with her grand-daughter, Mrs. W. O. Kemper.

At an early age she joined the Christian church and was a member of the First Christian church, Cisco, at the time of her death.

Out-of-town relatives and friends attending the last rites were: Mrs. A. G. Whittington, Houston; Miss Marie Judia, Dallas; Mr. and Mrs. W. O. Kemper, Guy Kemper, Mr. and Mrs. Roy Kemper, Mr. and Mrs. V. Fox, Mr. and Mrs. C. L. Langford, Mr. and Mrs. J. M. Hooks, Mr. and Mrs. A. J. Hoover, Abilene; Samuel

COUNTY COURT RELEASES SECURITY FUND

The commissioners court has approved the application of the Commercial State bank, county de-

pository, and released United States treasury bills, due Jan. 7, 1942, part of No. 12950, value \$20,000, pledged to indemnify Eastland county funds on deposit in said bank. It was the opinion of the court that after the release of the above securities there will still be pledged a sufficient amount to indemnify the county for any losses that might occur.

Therefore, it was the order of the court that the county trustees and the First National bank, Dallas, be directed to release the above mentioned securities.

War Material Shortage Limits Telephone Service

You probably have heard about certain government restrictions on telephone service and equipment now in effect. We should like to tell you a little more about these restrictions—why they are necessary, and what they will mean to you.

The reason for them is simple and complete. They are to save materials which are needed to fight the war.

What will they mean to you, the telephone user? If you have a telephone now, they mean no change except that in many Texas cities affected by war growth you may have to have other parties on your line. And, in all cases, you can't get an extension telephone in your home if you haven't one already.

For people who have no telephones and want them, or for present users who move to new locations, we shall supply at least party-line service wherever there are now enough lines and switchboards. But in general, where new construction of this type would be

necessary, we shall not be able to provide service. This will mean inconvenience and perhaps hardship to a few people now. As time goes on it will probably mean inconvenience and hardship to more people, but we need your help and sympathetic understanding in this important step to save the maximum of materials for the war.

Beside the great savings in materials already made by substitution and wartime engineering, the new restrictions will mean that more lead, iron, steel, zinc, copper, and rubber used in telephone equipment will now go into arms.

In spite of all this, and while telephone service may not be available to all who want it, we believe we can keep the service up to a high standard. At any rate, we shall do our level best. These difficulties are something that neither the government nor the telephone companies can help. They are part of the price of protecting liberty.

Except for those cases where the need for telephone service has been recognized by the War Production Board as necessary for defense or public health, welfare or security, SOUTHWESTERN BELL TELEPHONE CO.
