DALLAS COUNTY PEOPLE BOOST FLOYD COUNTY

Betty Squib and wife, Salley Jackson, wife and daughter, Gaskins Miller and wife, all of Carrollton, Dallas County, Texas, spent a much enjoyable visit here last week with their old friends and neighbors, Mr. and Mrs. O. J. Huggins of this city. They came here from a three weeks' visit to cool Colorado. They all declare they much more enjoyed their visit here than in Colorado. They came hoisting Dallas county but left boosting Floyd county. O. J. spent most of his time telling them of this county and our wonderful advantages, which are apparent without the telling. These good people could not get enough sleep, declaring they had not had a good night's sleep since the hot nights and days of Dallas county came on them in March, together with the chiggers, ticks and boll weevils, so when night came in this extra fine climate in Floyd county they all rested and said it was fine to live here. They regretted to leave and so did Mr. and Mrs. Huggins hate to see

them depart for their former home of many and various drawbacks and unpleasant surroundings. However, as a word of consolation to these friends left behind, we would recall the fact that they have become inoculated, and will doubtless drift back to the Plains next summer, when they will come to stay. They all do. Can't help it. Once these Dallas county folks drink of our pure Plains water, and breathe our pure air they can't get away from it. They all come back.

EASTERN STAR WILL HOLD REGULAR MEETING

Friday evening, September 12th, will be regular meeting of the Eastern Star. All members are requested to be present, and visitors cordially invited.

Mrs. W. N. Brown,
Worthy Matron

George Meriwether and family and C. R. McCollum and wife left Tuesday for California where they will spend some six or eight months.

TWO DRUG STORE CHANGES RECENTLY

Since last issue we learn of two drug store changes in Lockney. The first to change hands was the Lockney Drug Company, composed of I. N. and V. N. Dillard, who sold to Mr. Mack Sellers of DeLeon. Mr. Sellers is an experienced druggist, and will move to Lockney and make his home. He bought while here the Hugh Earthman residence in West Lockney. The Lockney Drug change took place one day last week.

Tuesday the Duke Drug Store changed hands, Mr. Tom Stewart buying same. Mr. Duke we understand will move to Amarillo and engage in the drug business. Mr. Stewart is well and favorably known in Lockney, having been previously connected with both drug concerns in Lockney. He has been employed at the Duke store for several months.

Mr. Duke has been a citizen of Lockney near two years and has made many friends, both in a business and social way who will regret to see him leave this community.

Mr. Estes Woodburn, former owner of the Lockney Drug concern will remain with Mr. Sellers, as will Mr. Ross Mickey. Mr. Sellers will not move here until a few weeks later.

NOTICE OF MOTHERS' CLUB MEETING

Friday, September 12th, will be the regular meeting of the Mothers' Club. The meeting will be held at the school building at 3:30 o'clock. All members are requested to be present as we wish to discuss and outline the year's work.

Mrs. Ben F. Smith, President.

BOYS AND GIRLS CLUB ENCAMPMENT A BIG SUCCESS

The Boys and Girls Clubs of Floyd county held their first encampment at Boggy Springs last week, August 28 and 29. The location of Boggy Springs is near the Lewis farm. There were 32 boys in attendance well distributed in the county, representing the following schools: Floydada, Lockney, Meteor, Lone Star, Sandhill, Harmony, Starkey, Center and Fairview. There were four farmers present, two of them each day. There were twenty or more girls present, with two mothers.

Prof. J. E. Sparks, superintendent of the Floydada schools, and G. L. Crawford, County Agent of Dickens county, were present and assisted in the work.

Miss Jocie York was assisted by Mrs. Parks.

E. C. Nelson, Jr. of Floydada, gave the boys and girls an interesting talk the first day on his experiences in France, and the ideals of the Boys and Girls Club work.

Lantern slides, "With Pershing in France," and the "Grand Canyon," as well as singing, words thrown on the screen featured the program for Thursday night. Foot races and relay races for the boys was the feature of Thursday's program. Eight prizes donated by the merchants were awarded.

Seed selection demonstration on Friday morning was quiet interesting and beneficial. Each boy selected one head of good kaffir and maize which was judged by G. M. Tate of Meteor and Mr. Latham of Fairview. Three good watches were given to the three boys selecting the best heads. The first prize was awarded to Herman Miller, of Starkey; second John Greer of Sandhill; third, Fay Maxey, Center.

The encampment was a grand success, well attended, and much interest manifested. It will prove of lasting benefit to our boys and girls. Mr. W. H. Darrow, our county agent, and Miss Jocie York, Economic Demonstrator are doing grand work in this county in Club work. Their work will reflect upon the future farmers and housewives of this county. The Beacon considers this home demonstration work the most constructive ever undertaken in this or any other county. This is the first year for the work in this county, and so successful has it been we have reason to believe that it will be made permanent.

Miss Mooney has accepted a position with Page Dry Goods Company and will be pleased to see her friends there. Miss Mooney was head sales lady for a store in Lampasas, Texas, for several years.

LOCKNEY TEACHERS ATTEND TEACHERS' INSTITUTE

Lockney teachers left Monday morning for Canyon where they attended this week a five days session of the Panhandle Teachers Institute. Those leaving were: Prof. A. L. Foster, Superintendent; Prof. J. K. Greer, Principal; Mrs. Greer, Misses Ethel Wells, Ruth Evans, Thelma McLean, Danna Lancaster, Annie Embre, Trowbridge, Martha Brotherton and Grace Clark.

The Panhandle District Institute is the first of its kind ever held in this section, and we understand that it has been a success in every particular.

The school will open Monday, September 8th, with an able corps of teachers. Every preparation has been made for the opening, and for a successful school year. Both teachers, pupils and patrons are enthusiastic as to the opening and success of the term.

ANNOUNCEMENT TO CANNING AND POULTRY CLUB MEMBERS

Every boy or girl competing for prizes County or State Fair in either Canning or Poultry Club must submit to the judges his or her complete record book and history of garden or poultry kept according to instructions that have been given repeatedly.

The boys and girls have record books, the history booklet, especially designed and made of Club colors, can be gotten by sending fifteen cents with full address to me. But until you get booklets be writing your stories. Get your parents to make corrections and write story again and again. Then when you get booklet copy story into it, carry to fair and be in line for all prizes, and for prizes for best history.

Jocie L. York,
Home Dem Agent.

DELEON BUSINESS MAN COMES TO LOCKNEY

One of the recent business changes in Lockney recently is that of the Dillards, who have sold their drug store to one of DeLeon's most successful and worthy citizens. Mr. Mack Sellers comes to us highly recommended as a business man and a citizen, a capable druggist, being a registered pharmacist. It is not the pleasure of the writer to know Mr. Sellers personally, but others who are reliable inform us that Mr. Sellers possesses all the qualities that go to make up a progressive business man and citizen. He will move to Lockney in the near future, having purchased a home in our midst. The Beacon takes this opportunity of extending to Mr. Sellers and family a hearty welcome to our town, and bespeak for him a profitable business engagement at this place.

LOCKNEY'S NEW DRUG FIRM PLEASING TO THE PUBLIC

In entering business in Lockney as proprietor of the Duke Drug Store, Mr. Tom Stewart will carry with him the good will and best wishes of a score of people of this section. There is no man in the community that has more personal friends than Mr. Stewart, nor one that stands higher as a man and citizen than he. He has been a resident of Lockney for a number of years, and has been connected with both of our drug concerns at various times. In entering the business for himself he carries with him the experience of year's study and a thorough knowledge of the business which will add to the sum total of his success. In addition to his experience he possesses the qualifications to make friends with the people, is straightforward in all his dealings. The Beacon takes pleasure in welcoming Tom Stewart to the business circles of our city, and bespeak for him a pleasant and profitable business engagement.

Prof. Lawrence Hill, formerly superintendent of Lockney Public School, was here several days last week, the guest of Will McGehee and other friends. Prof. Hill spent one year in California after leaving Lockney, taking a special course in the University of that state. He taught one year since returning to Texas. He goes to Commerce, Texas, the coming school term to teach in one of our State schools. His many friends in Lockney was glad to see him again, and wish him abundant success in this new field of labor.

NEW HARDWARE FIRM FOR LOCKNEY

A partner ship has been formed in Lockney between Norton Baker and C. L. Cowart, who will install a complete and up to the minute stock of shelf hardware. The stock will be put in the furniture store of Mr. Baker's, and the building will contain both hardware and furniture.

Mr. Baker is now in the markets buying the new stock of hardware, and Mr. Cowart has gone to work and is in charge of the furniture department in Mr. Baker's absence. The new firm will handle both hardware and furniture.

Mr. Cowart, the new member of the firm, is well known to the people of this section, having owned and operated the Red Cross drug store until about 18 months ago, when he sold to Mr. Will Duke, buying and moving to a farm near town. He now returns to town and will again devote his time to business. He was at one time connected with the Lockney State Bank, and has a large acquaintance through out Floyd county and adjoining counties. Charley Cowart enjoys the confidence and good will of everyone and in his new business efforts he will enjoy a nice business from the start. The other member of the firm, Norton Baker, is a hustler, and a success in every undertaking he has engaged in in Lockney.

OFF TO MARKETS TO BUY FURNITURE

Norton Baker left on day this week for the larger cities in search of furniture. Before leaving he called at the Beacon office and stated to the writer that he goes to buy furniture wherever he can find same, and can get a showing for delivery. He will also buy his new stock of shelf hardware while gone.

TO OUR PATRONS

We have sold our drug business to Mr. T. H. Stewart, and will leave Lockney to engage in the drug business in other fields. In leaving Lockney it is with many regrets, as our stay among you has been most pleasant. We will carry with us continued best wishes for the good people of the Lockney country.

In this connection we wish to thank you for the very liberal patronage awarded us since coming to Lockney and engaging in the drug business, and ask a continuation of same for our successor. We feel on hesitancy in recommending Mr. Stewart as worthy of your confidence and business.

Again thanking you, and wishing one and all future health, happiness and prosperity, we are,

Respectfully
Will Duke.

Before the war it was the cost of high living, now it is the high cost of living.

The Amarillo Daily News issued last Sunday a harvest edition which was creditable in every respect. It contained 70 pages, and was full of interesting reading matter and illustrations of the wonderful possibilities of the Panhandle and Plains Country.

The two banks of Lockney now have combined deposits of \$900,000 and better. Like less than \$1000,000 of having a million dollars on deposit. This is a splendid showing for the banks of Lockney, and in face of the fact that not much more than half of the wheat crop has been marketed, and with other crops to be marketed later on, will give this section more money than has been in circulation in this country in its history.

President Wilson will make a swing around the country in the interest of the League of Nations. He will make thirty-six speeches in the principal cities of America. He is going before the people with the League of Nations matter, and it is our opinion that his course in these matters will meet with unqualified endorsement. The Republicans are still holding up the ratification of the League of Nations treaty for party reasons and it now becomes necessary to take these matters to the people, and let them tell those Republican politicians where to head in.

Jess Adams, Editor of the Plainview News, in company with Mr. Unger, a prominent citizen of Hale county's capital, were appreciative visitors at the Beacon office Monday afternoon. Mr. Unger had some private business in Lockney and Jess came along to see Floyd county's metropolis, and learn something of our big wheat crop boom. At least that was his statement, but it struck us as peculiar that he should drop in the first of the month, which leads one to believe that by so doing he avoided the usual annoyance of the bill collector. Be that as it may, we enjoyed the visit of these two Plainview citizens immensely, and trust they may find it convenient to drop in at another time.

Another Southern State has had its

race riot, that of Tennessee. At Knoxville a few days ago a negro murdered a white woman, and the citizens undertook to lynch him, when a race war took place of serious proportions. Thus one by one the Southern states are having their race troubles, and a solution is found in every case. There is no party, creed or religion when it comes to meting out swift justice to the criminal negro murder or rape fiend. When American blood runs hot as an outcome of these negro outrages, a cyclone starts and does not subside until vengeance has been taken. The negro hasn't sense enough to stay in his place when once under the influence of the regentate white man who seeks to break down the barrier placed by destiny between the whites and the blacks.

Atticus Webb, head of the Anti-Saloon League in Texas, avers that the liquor interest is at the bottom of the Bailey movement in Texas. He quotes correspondence to show that the dethroned national liquor interest are undertaking to drag the dead carcass of the saloon back into Texas public affairs, and have selected the once champion in Texas political affairs to put the deal across. Of course Mr. Bailey denies the charge that the liquor interest is behind him in these matters, but there is evidence that he is either ignorant of their designs or else he is stalling for the national saloon interest in Texas. It is just as impossible for the liquor interest to gain foothold in America as it is to accomplish the impossible, nevertheless, it will pay to throw on the searchlight once in a while and show up the liquor crowd and their methods.

Dallas has been selected for State headquarters for the Bailey party movement. Judge Greenwood of Dallas is head of a committee which will undertake to organize the State in every precinct. The statement was made at Dallas last Saturday in their committee meeting that a ticket from Governor to constable would be placed in the field next year. The Bailey people have some sound planks in their platform, but some that are so rotten that it is destined to sink the entire craft beneath the olitical waters in Texas. Their position on prohibition is enough to defeat any movement of this sort, let alone their avowed opposition to President Wilson and the League of Nations. At any rate we are promised some lively political times in Texas next year. Bailey is some fighter, and has a following in Texas large enough to make a noise.

Food stuffs of all kinds are on the downward scale as a result of the government's activities against the high cost of living. Hogs and cattle have taken a drop, and on the Chicago market hogs have reached the downward mark of \$14.50 early last week. Cattle have declined in price also, as has corn and other feed stuff. Everyone will welcome a downward tendency in the high cost of living. It is bound to come down, and the quicker it comes tumbling better satisfied will people become.

Jess Adams of the Plainview News complains that too many editors of the Panhandle are panning him about his new drink, "Al-fal-fa Tea." We haven't blurted a word Jess. We are open to conviction and when you produce the promised exhilarating stuff, at one Panhandle Press meet at Amarillo next April, we'll be found in the class that will try anything once. While we didn't just exactly come from Missouri, yet we are open to conviction on most things.—Clarendon News.

We have learned from private sources recently that this "alfalfa tea" Jess has been raving about is nothing less than a stall. Its information that it's a "white mule" Jess has been astride of these many months. Keep this under your hat, and when we see him at the Press Meeting at Amarillo we will make him produce the original goods.

The Pacific Railroad strike has been called off. The government, through Mr. Hines of the Railroad Administration, told organized labor if they did not return to their work of railroading he would operate the trains regardless of their interference. This was a mild suggestion that he would use the nation's armed force if necessary to operate the roads controlled by the government. Had the railroad employees won the strike and received additional wages added to their already well paid service they would have had to turn around and paid it out in the high cost of living. If wages of railroad employees are raised the freight rates would have to be raised accordingly, hence Mr. Jones would have paid the freight eventually. Higher freight rates are added to the cost of our shoes our clothing, our groceries, etc. It is our opinion that the wage question and the high cost of labor is the foundation of high prices for all our living. There was no necessity for the increase in railroad employee's salaries. As a rule the railroad men are the highest paid in the nation, and still they are striking and agitating strikes. It is human nature exerting itself and the riding of a high-horse through the land. The more a man gets the more he wants.

A few years ago in Nashville, Tenn., Senator Carmack, a champion of prohibition, and a prominent figure in Tennessee politics, was murdered, killed as the laws construed the act, by one Robin Cooper. A few days ago the papers announced that Mr. Cooper had been found dead in a creek near his home, doubtless the victim of murder and robbery. Thus has the murder of one man met death by the hands of another murderer, a fulfillment of the old law, an eye for an eye, and a tooth for a tooth. One was a political crime, the other just a common ever-day murder for money. A brief history of the Carmack murder follows: "The Carmack tragedy, one of the most notable in the history of Tennessee, grew out of the Carmack-Patterson race for Governor in 1908, in which Colonel D. B. Cooper, father of Robin J. Cooper, was one of Patterson's closest advisors. In the fatal encounter which occurred on an uptown street of Nashville Nov. 9, 1908, the son fired the shot which ended Carmack's life, and in the shooting was himself wounded. Father and son were convicted of murder in the second degree in the lower court, but on the appeal of the case to the Supreme Court the verdict was reversed as to the son, the Judges standing 3 to 2. The verdict as to Colonel Cooper was sustained 3 to 2, but before leaving the capital the father was pardoned by Governor Patterson. The case against Robin C. Cooper when it came up again in the Davidson county Criminal Court was dropped."

A printer's time cost in Chicago is \$2.48 an hour, and that is what they figure the cost of work on.—Canadian Record.

It costs more to turn out a job in Chicago than in Canadian and Lockney, hence we can underprint these concerns when given an opportunity to bid on the work. The trouble with local people they come to their home printer and ask prices on 250 to 500 letterheads and envelopes, and expect the same rate in prices as they can get in Dallas, San Antonio, Chicago or St. Louis. If they would have us to print them work in 2000 to 5000 lots we would invariably undersell them. Recently one of our merchants ordered some letterheads on 16 pound bond from Dallas and Paid \$6.50 per thousand. We only charge 5.50 for the same work, hence the local man lost \$1.00 per thousand plus the freight on his order as difference between our prices and the mail order concern. There is another side of this sending away for home printing. Some merchants are fighting the mail order business and are raising all kinds of sand if a farmer orders a wheel barrow away from home, yet will order from a hundred to two

hundred dollars worth of printing without giving the local printer even a chance to bid for the work. The Beacon puts all on notice that we will compare prices and class of work with any mail order house in the land. If you don't have your stuff printed at home its because you want to send your money away and thus encourage your own patrons to order their supplies away. Play the game fair.

JESS SAYS FOR US TO QUIT GROUCHING

Our splendid friend, Jess Adams of the Plainview News, came back at us last week in reviewing our editorial in which we charged that Plainview comes down to Floyd county and gets its inspirations for advertising. Jess is one of the best fellows we ever knew, a prince among men, and we believe as honest as he can be. Geo. Washington never saw the day when he had anything on Jess Adams at to truth and veracity. With all Jess' admirable qualities he is not clear of vision in his charge that we are jealous of Plainview and are continuously knocking Plainview and Hale county. We have never meant to knock anybody's town or county, we just wanted you Plainviewites to put on the slow peddle when it comes to taking credit for Floyd county's resources. Of course Jess denies that this is the case, while we are just as positive that this has been resorted to in the past. We might mention, for illustration, a certain pumpkin raised in Floyd county east of Lockney, a few years ago, which appeared at Hale county's affair, labeled Hale county product. We caught you with the goods on you in this pumpkin advertising.

Our recent grievance, if you can call it a grievance, is a statement appearing in your paper of so many cars of wheat shipped from Hale County. We believe it was 300 that you claim to have shipped to date but failed to say where it was raised. This challenge of Plainview to claim all of the grain as her own and her failure to show where it was grown is what has brought on this discussion. We do not think we have departed from the "spirit of the Plains" when we stand for our rights down here in Floyd county and resent the idea of being an appendix to Hale county for advertising purposes. There has always

Lockney Auto Co.

been a friendly relation existing between Lockney and Plainview, and we see no reason why this friendly interest should not remain as steadfast in the future as in the past. It is not our purpose to come in as a disturbing element in these friendly matters, but just to put you Plainview boosters on notice that all the territory east of Plainview does not belong to Plainview territory, and that all wheat shipped over the Lockney-Floydada branch of the Santa Fe does not belong to you folks for advertising purposes. As to Jess' claims that "Hale county is the best county on the Plains, everything considered," we have no criticism to bring against our friend for thinking so well of his county. We once heard of a man who made the statement in rebuke of adverse

criticism, that if he lived in hell he would boost for that country. That's what we call genuine boosting such as is uniformly seen in Hale county. Finally, Jess advises us to come to Plainview and get stowed on that alfalfa tea of his that we may love our neighbor as ourself. He says: He (speaking of us) should drink a bottle or two of Hale county's delicate "Alf-alf-a" which would cause him to love everybody." That's just the point in the argument. If Plainview editors would quit drinking this alfalfa tea, so-called, they would quit seeing wheat cars double and then some. Governor Will P. Hobby, in an address at El Paso one day last week, boldly announced in favor of intervention in Mexico. He spoke at a

THE CITY GROCERY

Belle of Wichita FLOUR

It is announced that West Texas is going to again make a bid for the establishment of an A. & M. College. The attempt to put one at Abilene by Jim Ferguson proved a water haul, and West Texas still wants one. In the past two years state schools have been put at Stephenville, Alpine, Kingville and Arlington. It is hardly that other schools will be established soon inasmuch as so many have recently been created. Still there is no telling what the legislature may or may not do.—Memphis Herald.

As you say there is no telling what a legislature will do next. One thing we know they did do was to knock West Texas out of an A. & M. College altogether. In the same legislature that created the schools at Alpine, Kingsville, Stephenville, and Arlington a West Texas A. & M. College was granted and because of the work of one man, the governor, the institution was killed outright. The other schools were created through trades with West Texas members of the legislature, on the basis "You vote for my school and I will vote for yours." West Texas did the voting alright, but that was as near a West Texas Agricultural College she ever got. Those fellows that traded with us double-crossed us when the matter came up to kill the West Texas A. & M. College. The Beacon never endorsed killing the West Texas A. & M. College although it was opposed to its location at Abilene under the circumstances surrounding the matter. What the Legislature ought to have done was to have the back-bone to have appointed a new locating committee and gone ahead with the institution. In this respect we have never thought Governor Hobby measured up to the full standard of friendship for the West. West Texas got worked to a queen's taste in that A. & M. matter, and this is one thing that has made us a strong advocate of a division of Texas. Leave it to us and we would carve her in two or three parts, and let North and East Texas build all the schools they want to, with their own money.

Northern negro agitators are very indignant over the treatment of Shillady, Secretary of the "Association for the Advancement of the Negro Race," received at Austin a few weeks ago at the hands of the county judge and constable of that city. The Association has issued the following from their Washington headquarters: "It is unnecessary for the National Association for the Advancement of Colored People to make the statement to the press to the contrary that it intends to do everything in its power to punish the offenders, and make the country ring with the knowledge of the conditions in the capital city of Texas." was a statement today issued by the association referred to commenting upon the assault upon John R. Shillady, the secretary, in Austin recently." It will be our advice to these Washington negro lovers to learn something of the whereabouts of the Mason-Dixon Line, and be sure they start their agitation on the North side. The solid South will not permit any further interference in their affairs as far as their treatment of the negro is concerned. We are and have always been a law unto ourselves when it comes to handling the race question. We know the negro, and know where he belongs, and the negro, if left alone by these northern agitators, will keep his place. The great scheme underlying the Association for the Advancement of the Colored Race is social equality. This has been the dream of the ignorant as well as the educated negro for years in America. Their part in the world war as American subjects have turned them back toward social equality agitation. They have applied to President Wilson and Congress for equal rights politically and socially, and have asked that these matters be incorporated in the League of Nation treaty. President Wilson nor Congress if they were mind to do so, can not change the status between the negroes and whites. You can't legislate them socially equal, the lines of demarcation has been established by the Almighty Himself, and no human agency can tear them down.

Truman Ellard Shot

August 9th while traveling with Mr. and Mrs. R. M. Ellard, enroute from Plainview to the Ranger oil fields, a 22-caliber bullet came into the car, striking Truman, 15-year old son of Mr. Ellard, in the lower muscle of the neck and lodging near the base of the first rib.

The investigation as to where the shot came from is still under way and no further information will be given out at this time.

He was taken to a sanitarium in Abilene where he was for a week.

He came home Monday and is now recovering from his wound.—Plainview News.

Get a Hand Grenade; It's Rarest Souvenir of Great World War

Hammering the Hun line until it bent and broke, bearing the Kaiser and his clans down to inglorious defeat, the American soldiers used one weapon in greater numbers than any other. It was a weapon they had never used before, one that had been obsolete for centuries—the hand-grenade—but when the brave lads from the U. S. A. sent the old "eggs," as they were called, spinning into dugout and pill box, the only Boches remaining on the ground were those ready to be buried.

Grenades were known to have been used five centuries ago. In 1427, at the siege of the Fortress of Casarpione on the River Po in Italy, the defenders used a primitive grenade made of a glass bottle filled with powder. For a time, grenades were made out of heavy paper, then out of glass and then out of metal. With the close of the eighteenth century, the grenade began to be discarded and little use had been made of it until the Russo-Japanese war in 1904.

It remained for the Great World War to see the grenade developed into its present efficiency. The grenades used by the American doughboys were as carefully manufactured as their rifles. But the end of hostilities found a limited supply on hand and these were turned over to the Savings Division of the Treasury Department, the explosives extracted and they have been made over into savings banks.

Thus a weapon of war has been transformed into a "weapon of peace." Instead of being used to battle the Hun, it is now being used in the fight against the High Cost of Living and the arch-enemy, Thriftlessness. Any boy or girl can secure a grenade by purchasing a \$5 War Savings Stamp any adult by investing in three or more War Savings Stamps, but they must have been bought after July 15, 1919. These hand grenades will be distributed through local banks and by a few merchants.

If you want a grenade, get busy. Make arrangements with your bank, immediately. Only a limited number of these rare and unique souvenirs of the World War could be secured and when they are gone there will be no chance of obtaining one. You don't have to wait until the grenade is received to begin saving. Do that now. Then when the grenade arrives you will have that much of a start toward ward owning it. Ask your banker about it today.

Buy War Savings Stamps regularly. After you get your grenade, keep on buying. Don't let your "weapon of peace" remain idle.

PLAINVIEW ITEMS

(From the Herald)

The people of Lubbock county have previously announced a fair for the district for September 18, 19 and 20. The fair has been canceled, owing to inability to secure suitable buildings for housing it.

The tent meeting which has been conducted by the Holiness Association was closed Tuesday night. Reverend Kendall, who has been doing the haspreachig, has gone to Whitfield to conduct a meeting. The big tent has been moved out there. The Whitfield meeting will begin tonight.

An election held Saturday in Ochiltree County to determine whether or not the county seat should be removed to Perrytown or remain at Ochiltree, resulted in a vote of 290 for moving to Perrytown and 53 for remaining at Ochiltree. Perrytown is a new town six miles north of Ochiltree, and is on the North Texas & Santa Fe Railroad, which is building from Shattuck, Oklahoma through Lipscomb, Ochiltree and into Hansford county.

SAFETY IN A SINKING FUND

If you have a mortgage on your property, of course you want to meet it when due.

If you have personal obligations for the meeting of which your friends have endorsed your paper, honor demands that they be met promptly.

The best way to create a Sinking Fund to meet these obligations is to establish a savings account at this bank.

And the best feature of this kind of savings is that it cultivates a habit of saving, which will prove your most valuable asset.

See us and let us co-operate with you.

CHRISTIAN PROTRACTED MEETING CLOSED LAST SUNDAY

The protracted meeting at the College, conducted by Elder Charley Nichol, closed last Sunday night, after two weeks service. Brother Nichols left after Sunday night's services for Plainview where he took the train for his home at Denton, Texas, where he will visit his family

a few days before going to Tennessee to hold three meetings.

The meeting here this year was largely attended and splendid interest manifested. This was the second engagement with the church here for Brother Nichol. He has a host of friends and admirers in Lockney who will always be glad to see him come this way.

baquet given in his honor, and there was present the Mexican Counsel to the United States and other Mexican men of affairs. Governor Hobby, speaking of Mexico, said: "Our glorious victory in the great war has made the world safe for democracy, now we must have intervention in Mexico and a League of Nations to assure that safety to every place else in the world. The lives and property of American citizens should be protected in Mexico and all over the world. I glory that our Nation had its big share in bringing victory for the allied cause and that the men who wear this uniform did so much to increase the respect for our flag in foreign lands. Now is the time for us to demand that proper respect be paid American citizens all over the world." We endorse this American sentiment as expressed by our governor. We all feel and know that the time has arrived, nay, has been delayed too long, when American rights in Mexi-

co should be protected. The Mexican revolution situation started in 1910, nine years ago. Matters have gone from bad to worse from month to month, with first one party in power and another. Each new party has failed to protect American rights on this and the other side of the border. America crossed the seas to guarantee human liberties, then why does she not protect them on this side? The Beacon does not approve of war as a rule, but recognizing the fact that at times it can not be avoided, and its prosecution is for the advancement of Christian civilization. It seems to be America's destiny to intervene in Mexico, and restore law and order and place the feet of those Latin people up to the solid rock of Christian civilization. First give them the sword, and afterwards the Bible has been the universal rule of all ages where progress has been made towards the high plane of civilization.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE BARGAIN

—AND ITS WELL WORTH
YOUR WHILE!

Through special arrangements with the manufacturers, and during this Bargain Week only, a beautiful, useful and substantial set of Cooking Ware will be given with every Majestic Range sold. This ware is good ware (not cheap ware)—it's worth a lot to you. Come and see for yourself.

AND REMEMBER—

The price of the Majestic Range this week will not be increased, and there will hardly be a great reduction for years to come, if ever, but there may be an increase soon.

TWO NEW AND IMPORTANT FEATURES

THE WONDERFUL UNSEEN RIVETING

Yes, its rivet-tight, just like the old Majestic, but the rivets clinch inside of nicked parts, leaving nickle smooth as glass, and there are no big bulky bolt-heads on the inside. And remember, rivets hold tight; bolts with only one or two threads holding are bound to work loose and cause no end of trouble. The Majestic is smooth inside and outside—it's a striking beauty—more than skin deep.

Great Majestic Range Bargain Week

SPECIAL DEMONSTRATION AND
BARGAIN SALE OF

Majestic Ranges

At Our Store—One Week Only

September 8th to 13th

TO BE TRULY ECONOMICAL THERE SHOULD
BE A MAJESTIC IN YOUR KITCHEN

Economy is not merely spending the least money—buying a range at too low a price is indeed false economy. The First cost is not the only cost—the little additional first cost of a Majestic is nothing compared with its economy of fuel, durability and satisfactory service. Nearly a million Majestic Ranges, now economically, scientifically and satisfactorily serving millions and millions of people, civilians and soldiers, is proof positive of their superiority over all others.

There is only one best. The public has judged. The Majestic is recognized as the standard of all ranges. The construction, material, workmanship and beauty of this wonderful range is unequalled, and it embodies important features possessed by no other range.

YOUR OPPORTUNITY IS HERE—

At our store—during our Majestic Range Week. It's your chance to get acquainted with real facts about ranges. We assure you it will be worth your while to investigate.

OH JOY! TOP NEEDS NO BLACKING

A smooth, highly polished cooking top, burnished blue, not only adds to the beauty of the Majestic, but absolutely eliminates the work, dirt and worry of trying to keep the range looking nice—just an occasional thin coat of paraffine retains its beautiful velvet blue color.

If you haven't a MAJESTIC, avail yourself of the opportunity to get acquainted with this wonderful range—know the inside of ranges.

LOCKNEY.

TEXAS

Mrs. Harmon returned Saturday from Amarillo and Canadian on a few days visit.

Watt Griffith left last Saturday with a car of hogs for Fort Worth.

Mrs. L. D. Covington returned last Saturday after a six weeks visit to her old home in Georgia.

Judge H. C. Randolph was here from Plainview Tuesday, on business.

CAR SHORTAGE HINDERS MARKETING OF GRAIN

There has been a car shortage for several days in Lockney which is hindering the shipment of grain. The shortage is brought about by reason the ships being unable to handle the grain at Galveston, and a block in railroads at Fort Worth and other points. Several days last week there were seen as many as fifty wagons at the elevators at one time waiting to unload grain. There has been little grain marketed this week by reason of the fact there has been no cars to be had. As fast as cars are received farmers are notified, and the wheat pours in in a solid stream.

There is no promise by railroad officials of an immediate change in the situation.

Miss Sara Millar left last Saturday for Sterling, Colorado, where she goes to accept a position in the public schools of that city. Miss Millar taught several successful school terms in Lockney, having been connected with the school last year in charge of the primary department. It is with reluctance that the patrons gave her up this year. She has had special training in primary work having graduated in a Chicago Kindergarten school. She goes into her new field of labor with the best wishes of numerous friends, as well as the patrons of Lockney Public school, all of whom join the Beacon in best wishes for a most pleasant and profitable school year.

Mr. John Vance remembered the Beacon office Tuesday with two nice water melons grown on his irrigated farm west of town. The melons were delicious and came in nicely on the two hot afternoon occasions this week. Mr. Vance has our thanks for his remembrance. He and wife received a message this week from their son, stating that he would be home in a few days. George has been in a hospital in Boston since June. He saw service in France. The Beacon congratulated them on the safe return of their boy.

The Methodist protracted meeting is still in progress under the tabernacle in the church yard. Rev. H. Bascom Watts, pastor, is doing the preaching, with Prof. Spindler leading the singing. Brother Watts is doing some fine preaching and is having large crowds at night. Considerable interest is manifested in the meeting. Services will extend over Sunday.

Elder Liff Sanders arrived with his family this week from Lubbock, and will be in charge as minister for the Christian church at the College for the next year. He will preach at the College next Sunday at 11 and at night, and will fill the pulpit for the church regularly each Sunday. He is occupying the George Meriwether home on East Locust Street.

Judge John W. Howard was here this week for two days, checking up with the Lockney State Bank as depository for the school funds.

ROAD BOND ELECTION WAS NOT HELD MONDAY

The road bond election to have been held in all voting precincts of Floyd County Monday of this week, was not held. No boxes were forwarded to election managers.

After the return of Judge Howard last mid-week from a conference in Austin with the Attorney General's Department and the Highway Commission, the court came to the decision that it would be unwise to issue the bonds even though the measure carried, and accordingly election supplies were not forwarded to election managers, and the cost of holding the election thus saved to the county.

That the construction of dirt roads by the issuance of bonds under the two-thirds majority or "Chapter 2, Title 18, Law" would be considered legal in the eyes of the attorney general's department and the State Highway Commission, is the opinion of Judge Howard following his return from Austin. Both are countenancing work of this kind in West Texas, he said, and referred to Fisher county where a \$600,000 bond issue was expended in this manner and \$170,000 State and Federal aid granted.—Hesperian.

A. T. Plyler, with Dr. Scholl of Chicago, foot expert, filled two days' engagement here this week, with Baker Brothers.

Next Sunday evening at 8:30 at residence of L. B. Hooten, in the Lone Star community, Rev. F. W. Denny, of Venus, Texas, will hold religious services. Rev. Denny is of the Hard-shell Baptist faith, of the same belief as the church worshipping at Lakeview. Everybody invited to be present.

Dr. Andrews of Floydada was here Tuesday on business.

WEEKLY CLUB LETTER TO BOYS

(By W. H. Darrow, County Agt.)
Visiting with club boys and inspecting some of their pigs have convinced me that many of the members who are raising gilts and male hogs are making the mistake of fattening them instead of conditioning them, that is, putting them in ideal shape for breeding purposes. No greater mistake can be made in raising hogs than to get a sow or male fat, because the pigs from such crosses are apt to be flabby and weak rather than virile and strong in addition, a fat sow usually makes a poor mother because she is very liable to crush some of the pigs in their early days.

Some members have the mistaken idea that it is necessary for them to put a whole lot of weight on their gilt or male or sow in order to win a prize, but such is far from the case. Take a gilt, for example, she will be judged almost entirely as to her fitness to raise pigs, that is, her bone and frame and general form and condition will be the factors that will decide whether she is a prize winner or not. The pounds she has gained will be considered also, but that will not count for nearly as much as her condition. The cost of whatever gain she has made will count nearly twice as much in awarding the prizes as will the amount of that gain. The same holds with the male. If you bring in a gilt or male or sow in fat condition you will have a very slight chance of winning.

For those who have such pigs as mentioned above, continue giving a growing feed, like green stuff, pasturage, milk, slop, soaked oats or barley, or shorts. Don't feed a great deal of maize or corn chops or any such fattening feed. This does not mean to shut the pig off from any corn or maize at all, but simply to be careful not to feed very much of it. Make such feed one quarter or less of the entire amount. Ground or soaked oats or barley make an excellent growing feed for swine, and one or the other of them is plentiful in nearly every neighborhood now. Try it out for your own satisfaction. Continue this feeding until the Fair, always guarding against the production of fat. Feed all that the pig will clean up at all times, but feed the right kind of grain.

To the members who are in the fattening division of the contest and who are producing a meat hog, pure and simple, let me advise you that the time is at hand when you should begin to gradually increase the amount of fattening feeds until, by the tenth or fifteenth of September, you have your hog eating maize or corn almost entirely. This does not mean that the above mentioned grains are to be fed alone, but that with plenty of milk or slop or green stuff, such feeds complete the ration. If you have followed my instructions throughout the summer as to building a frame of bone and muscle with milk or slop and green stuff and pasture and shorts and bran, you will have at this time a hog with the length and breadth that will easily develop into a heavy body after a few weeks of heavy feeding, and the time is here for that heavy feeding. Start increasing the maize and corn slowly until the pig is thoroughly used to it, and then crowd him just as fast as you can.

In closing let me repeat that I don't want any breeding hogs fattened into meat hogs, for that is poor

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways!

Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your

taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or two packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

W. F. SCHENCK RESIGNS AS ASST. ATTORNEY GENERAL

W. F. Schenck and family have recently returned to Lubbock to make their home. Mr. Schenck accepted the position of Assistant Attorney General and made Austin his home since about the first of the year. He however, retained his residence property in Lubbock.

After staying in Austin until a few weeks ago, Judge Schenck decided to hand in his resignation to become effective the first of September this year. The reason given for the resignation, in words spoken by Mrs. Schenck to the effect "that the Judge decided that he preferred his law practice and is home in Lubbock to that of a position in the State Capitol."

Judge Schenck is now in Austin, and will probably remain there until the date of the effective resignation. —Lubbock Avalanche.

POST OFFICE BUILDING IN COURSE OF CONSTRUCTION

This week work commenced on the new postoffice building which will be constructed on the C. R. Naler lot, directly adjoining the Western Windmill Co., building on South Cedar street. This building we understand, was to have been completed by the first of October, but as it will require about sixty days to build it, occupation may not be affected on this date. At its completion, we understand, the postoffice will be installed immediately. —Lubbock Avalanche.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrial conditions. Send for testimonials, free.

The Cleveland Tractor

HAS ARRIVED

This the tractor that helped win the war and it will help you win the battles against the high cost of production.

This is the one machine that takes the place of the mule.

It will break, list, relist, disc, drill and cultivate. It will drive a mower, binder, header or thresher.

Mud and sand are the same to it as hard ground. Rain or shine the "CLETRAC" will do its work and do it well; do more of it and at less cost for running expense than any tractor made.

Come in and see it and have us to give you a demonstration on your own farm.

The "CLETRAC" is the cheapest tractor made, measured by results.

We Vouch for Them

Of all the tires that are made,—why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense

facilities,—they employ many exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here—a tire for every need.

Branch Will Maintain Schedule

The Floydada-Plainview mixed train will from now on arrive in Plainview on schedule time, making connection with both morning passenger trains.

An order has been made which went into effect yesterday morning, which says the train must leave Floydada on schedule time each morning, and in addition to passengers will carry only perishable freight and live stock, and do no switching at Lockney. The afternoon train will leave Plainview promptly at 1 o'clock and arrive at Lockney and Floydada on schedule.

An extra, or "turn around" crew and train will be put on the branch which will do all switching at Floydada, Lockney and the several switches on the branch, and will handle all non-perishable freight.—Plainview News.

In a certain town not a thousand miles from Shattuck, a government inspector went into a store to buy a pair of shoes. The merchant asked \$12.00 for the shoes, the inspector paid it and called for the bill showing the cost of the shoes. It is needless to say that the merchant went to jail for profiteering. A butcher, it is claimed, who was selling meat at 50 cents a pound was treated in like manner.—Shattuck Monitor.

STATE FAIR POULTRY SHOW TO EXHIBIT 6,000 BIRDS

PLENTY OF POULTRY INFORMATION FOR ALL AT VICTORY FAIR AT DALLAS

The Poultry Show will be greatly enlarged and improved at the Victory Fair in October. \$2,500.00 in cash premiums will be awarded. This includes numerous specials offered by the Texas Barred Rock Club. Two thousand new steel coops, sufficient to accommodate 6,000 birds, have just been purchased by Walter Burton, of Arlington, the Superintendent of the Poultry Department. These have been made necessary by the large number of entries already received. All coops will be modern and sanitary.

A new feature will be the complete educational department provided through the cooperation of the Extension Department, Texas A. & M. College. Prof. Kazmeier will be in charge. The care of poultry and other barnyard fowls will be outlined in detail. Oats sprouters, methods of proper feeding, hatching, incubators, their timing and temperature, the layout and arrangement of poultry houses, methods of getting rid of mites, lice, and other vermin, and many other vitally important subjects to poultrymen, will be explained by experts. No charge will be made for this information. It will be free to all, and will be found of great value not only to amateurs but also to experienced poultrymen.

The annual meeting of the Texas Barred Rock Club will be held at the Victory Fair. It will be a perfect Poultry Paradise.

Miss Lillian Hazel, Extension Department A. & M. College, Boys and Girls Club work, advises 1,000 birds will be entered from the boys and girls alone.

The judges for the contests will be E. C. Branch, Lee's Summit, Mo., who judged the recent state poultry show; James Tucker, Royal Oak, Mich., and G. D. McClaskey, Kansas City.

SPECIAL AGRICULTURAL PREMIUMS AT VICTORY FAIR

HUNDREDS OF DOLLARS OFFERED BY ENTERPRISING CONCERNS.

Special cash premiums aggregating \$300.00 are offered for the best agricultural displays by the Texas Land & Mortgage Company, Ltd., of Dallas, divided as follows:

For the best county exhibits, first premium \$75.00; second \$50.00; third \$40.00; fourth \$35.00.

For the best and most diversified exhibit of corn, cotton, small grains, and any other farm products from one individual farm of 80 acres, or less in Texas, crop of 1919, first premium \$30.00; second \$20.00. For best display from farm over 80 acres, first \$30.00; second \$20.00.

The Dallas Cotton Exchange offers \$500.00 for the best bale of cotton grown in Texas in 1919, grades from middling to good middling to be considered as follows: 1 1/2 inch staple \$250.00; 1 1/4 to 1 1/2 inch staple \$150.00; 1 1/8 inch staple \$100.00. Bales intended for this contest should be shipped to Shippers' Express & Warehouse Company, Dallas, Texas, to arrive not later than Oct. 4, 1919. Notice of shipment should be sent to N. W. Nolley, Secretary Dallas Cotton Exchange, Dallas, Texas.

These special premiums are all in addition to the \$10,000.00 appropriated by the State Fair at Dallas—\$5,000.00 for county displays and \$5,000.00 for individual farm displays.

Now is the time to prepare samples for these contests.

MUSIC, MIRTH, MAGIC AMONG VICTORY FAIR AMUSEMENTS

NO EXPENSE BEING SPARED TO SECURE HIGH GRADE ATTRACTIONS.

The spirit of Victory, in its highest sense, will prevail at the Victory Fair this fall.

Mirth, music, magic will reign. Regardless of individual taste, all will find something to amuse, to thrill, to instruct, to awe, and to startle at the Victory Fair at Dallas.

Military bands will be there to soothe or sway with their charming strains. There will be exhibitions of skill and digital dexterity to jar you out of your lassitude. Marvelous stunts appearing to deliberately defy the laws of nature, will startle you. One of the world's greatest Magicians will appear—and disappear. \$1,000.00 is offered to any one who can find him. There will be legerdemain, illusions, mysticism that will baffle even the most perspicacious.

Headliners, only, attractions of highest grade, are being booked. Many of these are world-renowned artists, who are under contract to originate entirely new acts, new songs, new musical selections, new presentations of different character for the Victory Fair.

Daring auto drivers will compete for new laurels in high speed contests. The latest, most intricate terpsichorean attractions will be presented by illustrious fancy dancers in shimmering attire. There will be pyrotechnical, spectacular, scenic, productions, which for gorgeousness will eclipse anything ever shown before. Vaudeville stars will twinkle. Music of all instruments, and voices in many harmonious combinations will delight the ear and charm the mind with their beautiful interpretations of classical, standard, popular and jazz selections.

NEGROES DEMAND RACE EQUALITY IN LEAGUE PACT

Washington, Aug. 28.—Asking for an amendment to the peace treaty, a delegation of negroes, speaking for the National Equal Rights League, told the Senate Foreign Relations Committee today that serious trouble might be expected unless better treatment was accorded negroes in the United States.

"The black man has given notice," said A. Whaley, New York negro, "that what he had suffered in the past will not be endured in the future. He means business now. There can be no compromise."

William Monroe Trotter of Boston, secretary of the League, voicing a similar opinion, said "the oppression" of the negro in America was reaching a point where no one could be sure "that our land will be a land of peace."

Neither witness was questioned as to what he had in mind by these declarations. Only five of the seventeen committee members, all of them Republicans, attended the meeting.
